QUEENSLAND BUILDING SERVICES AUTHORITY REGULATION 1992

[reprinted as in force on 1 October 1992²]

Short title

1. This regulation may be cited as the *Queensland Building Services Authority Regulation 1992*³⁻⁴.

Commencement

2. This regulation commences on 1 July 1992.

Interpretation

3.(1) In this regulation—

“**community organisation**” means an organisation formed to promote the interests of a particular community or community group;

“**former Act**” means the *Builders’ Registration and Home-owners’ Protection Act 1979*;

“**major defect**”, in relation to building work, means a defect—

- (a) that could result in water penetration of a building; or
- (b) that could adversely affect the health or safety of occupants of a building; or
- (c) that adversely affects the structural adequacy of a building;

“**minor defect**”, in relation to building work, means any defect that is not a major defect;

“**multiple dwelling**” means a building comprising 2 or more residential units;

“**residential construction work endorsement**” means an endorsement on a licence signifying that the licensee may enter into contracts with

consumers to carry out residential construction work covered by the statutory insurance scheme;

“residential unit” means a part of a building designed for separate occupation as a residence.

(2) For the purpose of determining the number of storeys of a building, the lowest storey is not to be counted if it consists solely of a car park.

Definitions that apply for the purposes of the Act (s.4(1))

4.(1) For the purposes of the Act—

“exempt building work” means—

- (a) *building work in relation to a farm building or proposed farm building*¹; or
- (b) building work of a value less than \$500; or
- (c) advisory services provided without charge to members and consumers by organisations whose membership is drawn, wholly or predominantly, from the building industry; or
- (d) *design work carried out, or supervisory services provided, by an architect in the course of the architect’s professional practice*; or
- (e) *design work carried out, or supervisory services provided, by an engineer in the course of the engineer’s professional practice*; or
- (f) survey work carried out by a licensed surveyor in the course of the surveyor’s professional practice; or
- (g) *building work carried out by the Crown or an instrumentality or agency of the Crown (as distinct from building work carried out for the Crown or an instrumentality or agency of the Crown by an independent contractor)*; or
- (h) *building work carried out by a local authority (as distinct from building work carried out for a local authority by an independent contractor)*; or

¹ The italicised material in this definition is taken from the definition of the term in section 4(1) of the Act and is included for the sake of completeness.

- (i) building work (other than residential construction work)—
 - (i) undertaken by a charitable or community organisation for its own use; and
 - (ii) approved by the Authority for the purposes of this paragraph; or
- (j) building work, outside the boundaries of private property, involved in the construction, extension, repair or replacement of a water reticulation system, sewerage system or stormwater drain; or
- (k) building work involved in the construction, maintenance or repair of a road (other than work on the site of a building or proposed building); or
- (l) building work involved in the construction, maintenance or repair of a bridge (other than a bridge on land in private ownership); or
- (m) building work involved in the construction, maintenance or repair of railway tracks, signals or associated structures (other than buildings for residential purposes or storage or service facilities); or
- (n) building work involved in the construction, maintenance or repair of airport runways, taxiways and aprons; or
- (o) building work involved in the construction, maintenance or repair of harbours, wharfs and other maritime structures (other than buildings for residential purposes or storage or service facilities); or
- (p) electrical work as defined by the *Electricity Act 1976*; or
- (q) building work involved in the construction, maintenance or repair of a dam; or
- (r) building work involved in the construction, maintenance or repair of communications installations carried out on behalf of a public company or other public body engaged in radio or television broadcasting or in some other form of communications business or undertaking; or
- (s) building work involved in the erection of scaffolding; or

- (t) building work involved in installing manufacturing equipment or equipment for hoisting, conveying, transporting materials or products (including primary produce) other than fixed structures providing shelter for such installations; or
- (u) building work involved in mining; or
- (v) hanging of curtains or blinds, or laying of carpets, or of vinyl, cork or parquet flooring; or
- (w) building work consisting of monumental masonry, sculpture, or the erection or construction of statues, fountains or other works of art (other than work affecting the structure of a building); or
- (x) building work consisting of earthmoving and excavating; or
- (y) building work, of a value less than \$3 000, carried out personally by the owner of the land on which the work is carried out;

“farm building” means a building other than a home that—

- (a) is constructed on land used wholly or primarily for agricultural or pastoral purposes; and
- (b) is used or intended to be used for agricultural or pastoral purposes; and
- (c) has a completed value of not more than \$25 000;

“major domestic building work” means domestic building work of a value exceeding \$3 000;

“residential construction work” means major domestic building work—

- (a) consisting of the construction of a home or a roofed building on the site of a home (other than a home or building that is a multiple dwelling of more than 3 storeys); or
- (b) consisting of an alteration or addition to such a home or building affecting—
 - (i) its structure; or
 - (ii) its external fabric or weatherproofing; or
 - (iii) water supply, sewerage or drainage; or
 - (iv) internal fixtures;

if the work is performed by a building contractor other than as subcontractor.

Committees (s.14(2))

5.(1) A committee appointed by the Board or the Minister under section 14 of the Act is to have a constitution determined by the Board.

(2) A constitution determined by the Board under this section must—

- (a) assign a name to the committee; and
- (b) provide for the membership of the committee; and
- (c) state the purposes for which the committee is established; and
- (d) provide for the way meetings of the committee are to be convened and the frequency of meetings; and
- (e) provide for the quorum of the committee and who is to preside at its meetings; and
- (f) provide that the committee is to reach decisions by majority vote of the members voting or in some other way set out in the constitution; and
- (g) require the committee to report to the Board at intervals stated in the constitution.

Classes of licence (s.30(2))

6.(1) Licences are divided into classes in accordance with Schedule 2.

(2) Further licence classes may be established by determination of the Authority in relation to classes of building work specified in the determination.

(3) A contractor's licence or a supervisor's licence may be issued in any of the classes referred to in Schedule 2 or established by determination of the Authority.

Requirements for contractor's licence (s.31)

7.(1) An applicant (not being a company) for a contractor's licence of a particular class—

- (a) must—
 - (i) if the licence is of a class established by Schedule 2—have the qualifications and experience set out in Schedule 2 in relation to a contractor's licence of the relevant class; or
 - (ii) if the licence is of a class established by determination of the Authority—have the qualifications and experience required by the determination; and
- (b) must—
 - (i) if the licence is of a class established by Schedule 2—satisfy the financial requirements set out in Schedule 2 in relation to a contractor's licence of the relevant class; or
 - (ii) if the licence is of a class established by determination of the Authority—satisfy the financial requirements set out in the determination; and
- (c) must comply with any additional requirements laid down in the published policies of the Board.

(2) A company that applies for a contractor's licence of a particular class—

- (a) must satisfy the financial requirements set out in Schedule 2 or the Authority's determination (as the case requires) in relation to a contractor's licence of the relevant class; and
- (b) must comply with any additional requirements laid down in the published policies of the Board.

Requirements for supervisor's licence (s.32)

8. An applicant for a supervisor's licence must—

- (a) have the same qualifications and experience as are required of a natural person who applies for a contractor's licence of the corresponding class; and

- (b) comply with any additional requirements laid down in the published policies of the Board.

Application for a licence (s.33)

9.(1) An application for a licence under the Act—

- (a) must be in writing in a form approved by the Authority; and
- (b) must contain the information indicated by the form; and
- (c) must be accompanied by such documentary evidence of the applicant's identity, qualifications and experience and, in the case of an application for a contractor's licence, the applicant's financial position as the Authority may require; and
- (d) must be accompanied by a statutory declaration verifying the information contained in the application and the documents supplied by the applicant; and
- (e) must be accompanied by the application fee and the annual fee specified in Schedule 1.

(2) An applicant or, if the applicant is a company, an officer of the company must, at the request of the Authority—

- (a) attend an interview with an officer of the Authority to answer questions and provide information relevant to the application; and
- (b) provide the Authority with any further evidence it reasonably requires to decide the application.

(3) If the applicant (or the officer) fails, without reasonable excuse, to attend an interview or provide evidence required under this section, the Authority may reject the application on that ground.

Exemption from prescribed requirements (s.34)

10. The Authority may exempt an applicant from compliance with a requirement of this regulation as to the qualifications and experience required for a licence of a particular class if the Authority is satisfied, by

such evidence as it may require, that the applicant has sufficient knowledge and experience to carry out or to supervise (as the case requires) building work of the relevant class.

Renewal of licence (ss.37 and 38)

11.(1) The Authority must, in accordance with the Board's published policies, send to every licensee a licence renewal notice before the date on which the licence is due to expire.

(2) The licence renewal notice—

- (a) must state the date on which the licence renewal falls due; and
- (b) must state the annual licence fee and the time for payment.

(3) The licence fee prescribed by Schedule 1 must be paid on or before 4.30 p.m. on the last day of the month in which the licence is due to expire or at such earlier time as the renewal notice may require.

(4) For the purposes of section 38(2) of the Act, the appropriate fee for terminating a suspension imposed under that section is a fee equivalent to the licence fee prescribed by Schedule 1 plus the application fee prescribed by that Schedule.

(5) The Authority may, for any reason it considers appropriate, remit or reduce the fee payable under subsection (4).

Register (s.39(2)(d))

12. The register must contain particulars of—

- (a) the value of all residential construction work undertaken by each licensee who holds a general building or house building contractor's licence; and
- (b) the number of separate projects involving residential construction work on which the licensee has been engaged.

Owner-builder permits (s.44)

13.(1) An application for an owner-builder permit—

- (a) must be in a form approved by the Authority; and
- (b) must be accompanied by the fee prescribed by Schedule 1.

(2) The Authority may, before granting an owner-builder permit, require the applicant to provide such evidence as the Authority considers appropriate of the applicant's identity and ownership of the land on which the domestic building work is to be carried out.

(3) An owner-builder permit permits the holder of the permit, subject to any other relevant law, to carry out domestic building work (other than work related to a multiple dwelling) on land of which the holder is the owner.

(4) An applicant for an owner-builder permit to carry out building work of a value exceeding \$10 000 or, if there are 2 or more joint applicants, at least 1 of them must have completed the relevant course of instruction required by the Board's published policy on the issue of owner-builder permits unless exempted by the Authority.

(5) If the applicant mentioned in subsection (4) is a company, at least 1 director of the company must have completed the relevant course of instruction required by the Board's published policy on the issue of owner-builder permits unless exempted by the Authority.

Warnings (s.47)

14.(1) The notice to be given to a prospective purchaser of land under section 47(1) of the Act—

- (a) must state that building work detailed in the notice has been carried out under an owner-builder permit by a person named in the notice; and
- (b) must contain a warning in the following terms—

WARNING: THE BUILDING WORK TO WHICH THIS NOTICE RELATES IS NOT COVERED BY INSURANCE UNDER THE QUEENSLAND BUILDING SERVICES AUTHORITY ACT 1991; and

- (c) must comply with such other requirements as to its form or contents as the Board may impose in its published policies.

(2) The notice must be given in duplicate, and the purchaser must sign 1 copy of the notice and return it to the vendor on or before signing the contract.

Signs to be exhibited (s.52)

15. A sign that is to be exhibited under section 52 of the Act must conform with the following requirements—

- (a) it must be made of weatherproof materials;
- (b) it must have a surface area of not less than 0.5 m²;
- (c) it must be printed in letters not less than 0.05 m high and placed so as to be easily legible from the nearest street alignment.

Return of licence (s.53)

16. A licensee who is required to return a licence or licence certificate (or both) to the Authority under section 53 of the Act must do so personally or by certified mail.

Advertisements (s.54)

17. The information to be included in an advertisement under section 54 of the Act must—

- (a) if the advertisement consists of or includes written material—be included in an easily legible and reasonably prominent form; and
- (b) if the advertisement consists of or includes spoken words—be no less audible and clear than other spoken material contained in the advertisement.

Notification of nominated supervisor (s.55)

18.(1) The notice required by section 55 of the Act must be in writing and must contain the following information—

- (a) the name under which the company is licensed;
- (b) the licence number and class of licence held by the company;

- (c) the full name, address and licence number of the former nominated supervisor;
- (d) the date on which that nominated supervisor ceased to be a nominated supervisor in relation to the company;
- (e) in the case of a change of nominated supervisor—
 - (i) the full name, address and licence number of the new nominated supervisor; and
 - (ii) the date on which the new nominated supervisor began acting as nominated supervisor of the company.

(2) The notice must be signed by a director of the company or by an officer authorised by the company to give the notice.

(3) A person who ceases to be the nominated supervisor of a company must within 14 days give notice in writing to the Authority stating—

- (a) the date on which the person ceased to be the company's nominated supervisor; and
- (b) the reasons for ceasing to be the company's nominated supervisor.

Maximum penalty—10 penalty units.

Partnerships (s.56)

19.(1) An advertisement published or to be published in relation to the business carried on, or to be carried on, by a partnership under a licence must state the name under which the licensed contractor is licensed and the licensee's licence number.

(2) The information must—

- (a) if the advertisement consists of or includes written material—be included in an easily legible and reasonably prominent form; and
- (b) if the advertisement consists of or includes spoken words—be no less audible and clear than other spoken material contained in the advertisement.

Contract for major domestic building work (s.58)

20.(1) Before the licensed contractor begins residential construction work under a contract for carrying out that work, the contract must be imprinted with the licensee's licence card at the office of an appropriate authority, and a copy of the contract must be given to the authority.

(2) The appropriate authority must send a copy of the contract to the Authority.

(3) The appropriate authority is an agent of the Authority for the purposes of section 58(2) of the Act.

(4) In this section—

“appropriate authority” means—

- (a) the local authority in whose area the residential construction work is to be carried out; or
- (b) an authority designated as an appropriate authority for the purposes of this section in the published policies of the Board.

Cost escalation clauses (s.62)

21.(1) For the purposes of subsection 62(1) of the Act, the notice to be given by the building contractor to the consumer must conform with any requirements stated in the Board's published policies.

(2) For the purposes of section 62(2)(c) of the Act, a cost escalation clause must comply with the following requirements—

- (a) the clause must be limited by condition to cases of delay;
- (b) in the case of delay happening before work starts on the building site—
 - (i) the clause must be limited by condition to a delay of more than 4 weeks for which the building contractor is not responsible; and
 - (ii) the clause must provide for an increase in the contract price in accordance with the following formula—

The contract price increases by—

- (A) the amount of the costs incurred by the building contractor because of the delay; or
- (B) 0.125% of the contract price for each week, or part of a week, of the delay after 4 weeks;

whichever is the lesser;

(c) in the case of delay happening after work starts on the building site—

- (i) the clause must be limited by condition to a delay for which the consumer is responsible; and
- (ii) the clause must provide for an increase in the contract price in accordance with the following formula—

The contract price increases by—

- (A) the amount of the costs incurred by the building contractor because of the delay; or
- (B) 0.05% of the contract price for each day of the delay;

whichever is the lesser.

Progress payments (s.66)

22.(1) Section 66 of the Act applies to a contract to carry out major domestic building work where the contract is for the construction of a home, or an addition to a home, or for the construction of a swimming pool.

(2) For the purposes of section 66(2) of the Act, the notice to be given to the consumer must be in writing and must conform with any requirements of the Board's published policies.

(3) For the purposes of section 66(2) of the Act, the suggested schedule of instalments is—

- (a) if the contract is for the construction of a home or an addition to a home—

Stage of work	Maximum percentage of total price
(i) on signing the contract	5%
(ii) completion to base stage	10%
(iii) completion to frame stage	15%
(iv) completion to lockup stage	35%
(v) completion to prepaint stage	20%
(vi) practical completion	15%

(b) if the contract is for the construction of a swimming pool—

Stage of work	Maximum percentage of total price
(i) on signing contract	10%
(ii) completion of shell	45%
(iii) practical completion	45%

but, if the value of the building work is not more than \$25 000, a contractual schedule for the payment of instalments is taken to be in accordance with this section if no payment, or a payment of not more than 20% of the total price, is required before the work starts on the building site (whatever provision is made for the payment of instalments after the start of the work).

(4) For the purposes of the schedules in subsection (3)—

- (a) building work is completed to the base stage when the footings, base walls, piers, columns, concrete slab, or timber bearers, joists or flooring (as the case requires) have been completed ready for the erection of the walls; and
- (b) building work is completed to the frame stage when the building frame is completed and ready for local authority inspection; and
- (c) building work is completed to the lockup stage when the external wall cladding and roof covering is fixed, the flooring laid and the external doors and windows fixed; and

- (d) building work is completed to the prepaint stage when it has been completed except for—
 - (i) painting; and
 - (ii) final electrical fit out; and
 - (iii) laying of floor coverings; and
 - (iv) commissioning; and
 - (v) cleaning and site clearing; and
- (e) practical completion of building work is reached when the building work has been completed in accordance with the contract and all relevant statutory requirements and inspections have been satisfactorily completed.

Insurance of building work (s.68)

23.(1) Subject to subsection (2), the appropriate insurance premium to be paid by a building contractor under section 68(1) of the Act is the amount fixed by Schedule 1.

(2) If the residential construction work relates to a multiple dwelling, the appropriate insurance premium is the amount fixed by Schedule 1 multiplied by the number of residential units to which the work relates.

(3) The insurance premium must be paid to the local authority as agent for the Authority or to some other authority nominated as agent of the Authority in the published policies of the Board.

Statutory policy of insurance (s.69)

24.(1) When a consumer enters into a contract with a licensed contractor whose licence bears a residential construction work endorsement, or a person fraudulently claiming to hold such a licence, to have residential construction work carried out in Queensland, a policy of insurance in the terms set out in the Board's published policy comes into force in relation to the building work irrespective of whether the appropriate insurance premium is paid or the certificate of insurance issued.

(2) A certificate of insurance issued by the Authority under section 69(1)

of the Act must set out the terms of the policy.

Insurance information

25. The Authority must, on written application by the owner of land, or a prospective purchaser of land, accompanied by the fee fixed by Schedule 1, inform the applicant—

- (a) whether there is a policy of insurance in force under the Act in relation to building work on the land; and
- (b) if so—whether any claim has been made under the policy and the amount (if any) paid out on the claim.

Rules of the Tribunal (s.78)

26.(1) The chairperson of the Tribunal may make rules governing the administration of the Tribunal and the conduct of proceedings before the Tribunal.

(2) Rules made under this section are subordinate legislation.

Notification to Authority (s.86)

27. On the filing of an application in the Tribunal, the registrar of the Tribunal must forward a copy of the application to the Authority.

Registration and enforcement of determinations (s.91)

28.(1) The registrar of the Tribunal must, on the application of a party in whose favour a determination has been made by the Tribunal, forward a sealed copy of the determination to the Registrar of the District Court.

(2) The Registrar of the District Court must, on receipt of the sealed copy of the Tribunal's determination, register the determination in the District Court.

Non-compliance by licensee (Part 7)

29.(1) The Tribunal may, in a proceeding to which a licensee is a party, order that the licence be suspended or cancelled if the licensee fails to comply with an order of the Tribunal within the time allowed by the Tribunal.

(2) An order under this section operates, of its own force, to suspend or cancel the licence if the licensee fails to comply with the Tribunal's determination within the time allowed by the Tribunal.

Fees (s.115)

30. The fees set out in Schedule 1 are the prescribed fees for the purposes mentioned in the Schedule.

Transitional provision

31.(1) A person (not being a company) who was, immediately before the commencement of Part 3 of the Act, registered as a general builder under the former Act is taken to have the qualifications and experience required by this regulation for a general building contractor's licence or a general building supervisor's licence.

(2) A person (not being a company) who was, immediately before the commencement of Part 3 of the Act, registered as a house builder under the former Act is taken to have the qualifications and experience required by this regulation for a house building contractor's licence or a house building supervisor's licence.

(3) The Authority must—

- (a)** issue a general building contractor's licence to every person who was, immediately before the commencement of that Part, registered as a general builder under the former Act; and
- (b)** issue a house building contractor's licence to every person who was, immediately before the commencement of that Part, registered as a house builder under the former Act.

(4) A licence issued under subsection (3) takes effect as from the commencement of Part 3 of the Act.
