Information about this reprint

This regulation is reprinted as at 27 January 1994. The reprint—

- shows the law as amended by all amendments that commenced on or before that day
- incorporates all necessary consequential amendments, whether of punctuation, numbering or another kind.

The reprint includes a reference to the law by which each amendment was made—see List of legislation and List of annotations in Endnotes.

Minor editorial changes allowed under the provisions of the Reprints Act 1992 mentioned in the following list have also been made to—

- correct spelling consistent with current drafting practice (s 26(1))
- use standard punctuation consistent with current drafting practice (s 27)
- use expressions consistent with current drafting practice (s 29)
- insert references to schedule, appendix or body of law (s 33B)
- use aspects of format and printing style consistent with current drafting practice (s 35)
- omit provisions that are no longer required (s 40)
- make all necessary consequential amendments (s 7(1)(k)).

This page is specific to this reprint. See previous reprint for information about earlier changes made under the Reprints Act 1992. A Table of previous reprints is included in the Endnotes.

Also see Endnotes for information about—

WATER RESOURCES (RATES AND CHARGES) REGULATION 1992

[as amended by all amendments that commenced on or before 27 January 1994]

PART 1—PRELIMINARY

Short title

1. This regulation may be cited as the *Water Resources (Rates and Charges) Regulation 1992*.

Definitions

2. In this regulation—

“**channel supply**” means the supply of water from a channel constructed by the chief executive.

“**drainage rate**” means a rate prescribed under section 26.

“**ground water**” means an underground source of water.

“**ground water area**” means an area determined by the chief executive under section 11 to be a ground water area.

“**irrigation project**” means an area determined by the chief executive under section 10 to be an irrigation project.

“**localservices**” means the provision of water, sewerage or sullage disposal services or garbage removal services.

“**nominal allocation charge**” means a charge payable under section 17.

“**on-farm storage**” means any storage of water made for purposes other than merely domestic purposes.

“**QIDC business variable rate**” means the business variable rate set by the Queensland Industry Development Corporation.

“**regulated section**” of a watercourse means a part of the watercourse that

*Water Resources (Rates and Charges)
Regulation 1992*

the chief executive determines under section 6 to be a regulated section.

“re-lift area” means an area within which the channel supply to a holding cannot be effected merely by gravity, but requires water to be pumped from a channel.

“serviced land” means land—

- (a) on which there exists an improvement put to a use specified in the table to Schedule 4; and
- (b) for which the Corporation provides local services for the improvement.

“sugar mill assessment” means an assessment, made by the chief executive under section 8.8 of the Act, of the amount and made in the manner prescribed under section 25.

“surface water” means water in a watercourse other than a channel constructed by the chief executive.

“water charge” means a charge payable under Part 3.

“water harvesting” means the taking of water from a source during a period that the chief executive has notified under section 7 to be a period of unregulated flow in relation to the source.

“water year” in relation to a rate, assessment or charge, means the period specified in this regulation of not more than 1 year for which the rate, assessment or charge is made or levied.

Interpretation—eastern and western sides of Eton Irrigation Area

3. For the purposes of this regulation, land in the Eton Irrigation Area is taken to be—

- (a) if it has a nominal allocation of 3.6 ML/ha—on the western side of Eton Irrigation Area; or
- (b) if it has a nominal allocation of 2.7 ML/ha—on the eastern side of Eton Irrigation Area.

*Water Resources (Rates and Charges)
Regulation 1992*

Charges payable to the Corporation

4. A charge payable under this regulation (other than section 17) is payable to the Corporation.

Interest on outstanding debt

5. For the purposes of section 10.13(2)(e) of the Act and this regulation (other than section 18), the interest rate on an outstanding debt is 11.5%.

PART 2—PROVISIONS RELATING TO WATER SUPPLY

Regulated section of a watercourse

6.(1) The chief executive may determine a part of a watercourse to be a regulated section of the watercourse if the chief executive considers that the water supply in that part is increased from time to time as a result of works constructed or operated by the chief executive.

(2) The chief executive must note on a licence that permits water to be taken from a part of a watercourse that is a regulated section, that the part is a regulated section.

Periods of unregulated flow

7.(1) If at any time the chief executive considers that the water supply available from a source exceeds the expected demands on the water supply at that time, the chief executive may make a notification under this section.

(2) The notification—

- (a) is to be made to the persons licensed to harvest water from the source; and
- (b) is to declare a period of unregulated flow in relation to the source; and

*Water Resources (Rates and Charges)
Regulation 1992*

- (c) may specify days on which the period starts and finishes, or may declare that the period is to continue until the chief executive makes a further notification specifying the day that the period is to finish; and
- (d) may be made by public notice or any other suitable means.

(3) For the purpose of calculating a water charge payable, by a person licensed to harvest water, for an amount of water taken from a source during a period of unregulated flow, that amount—

- (a) is to be included in a determination of the amount of water taken by water harvesting; and
- (b) is not to be included in a determination of the amount of water taken made by reference to an announced allocation or nominal allocation of a holding.

(4) If, in a notification made under this section, the chief executive declares—

- (a) a period of unregulated flow in relation to a regulated section of the Condamine River North Branch; and
- (b) that, during the period, either general water harvesting or restricted water harvesting is to apply;

a person must pay the charge, for water taken during the period, that is specified in this regulation in relation to general water harvesting or restricted water harvesting (as the case may be).

Periods of unrestricted flow—Lockyer Valley Project

8.(1) If at any time the chief executive considers that the water supply available from Laidley Creek, Lockyer Creek or Redbank Creek exceeds the expected demands on the water supply at that time, the chief executive may make a notification under this section.

(2) The notification—

- (a) is to be made to the persons licensed to take water from Laidley Creek; and
- (b) is to declare a period of unrestricted flow in relation to Laidley

*Water Resources (Rates and Charges)
Regulation 1992*

Creek; and

- (c) may specify days on which the period starts and finishes, or may declare that the period is to continue until the chief executive makes a further notification specifying the day that the period is to finish; and
- (d) may be made by public notice or any other suitable means.

(3) For the purpose of calculating a water charge payable for an amount of water taken from the Creek, Lockyer Creek or Redbank Creek during a period of unrestricted flow, that amount—

- (a) is to be charged at the specified rate for taking water during a period of unrestricted flow; and
- (b) is to be included in any determination of the amount of water taken made by reference to an announced allocation or nominal allocation of a holding.

Water available from the natural flow in Pie Creek

9.(1) For the purpose of calculating a water charge payable under Schedule 1 (in relation to land in the Mary Valley Project), water is taken to be available to land from the natural flow in Pie Creek if a licence of the kind mentioned in subsection (2) has been issued in relation to the land.

(2) For the purpose of subsection (1), the licence is a licence that—

- (a) permits water to be taken from a channel regulated by the Pie Creek Diversion Scheme; and
- (b) is subject to the term that the licensee must pay a water charge for water taken from the channel on the basis that water is available from the natural flow in Pie Creek.

(3) The chief executive may issue a licence mentioned in subsection (2) if the licence relates to—

- (a) land that abuts Pie Creek; or
- (b) land to which water can be conveyed directly from Pie Creek.

*Water Resources (Rates and Charges)
Regulation 1992*

Irrigation projects

10.(1) If the chief executive—

- (a) operates, or has constructed, works outside an irrigation area; and
- (b) considers that the water supply in an area outside an irrigation area has been increased as a result of the works;

the chief executive may determine the area to be an irrigation project.

(2) The chief executive may name an irrigation project for the purposes of the Act, for example—the ‘Mary Valley Project’.

(3) The chief executive must display at an office of the Corporation, or other suitable place, in or near an irrigation project, a map showing the boundaries of the irrigation project.

(4) The chief executive may make further determinations adding an area to, or excluding an area from, an irrigation project.

(5) In determining whether an area should be added to or excluded from an irrigation project, the chief executive must have regard to the effect the works are having on the water supply in the area at the time of the determination.

(6) If the chief executive determines that an area be added to or excluded from an irrigation project, the chief executive must, by public notice or other suitable means, notify the persons licensed to take water from the area.

Ground water areas

11.(1) If the chief executive—

- (a) manages the ground water resource in an area; or
- (b) operates, or has constructed, works that the chief executive considers have—
 - (i) increased the ground water supply in an area; or
 - (ii) reduced the demand for ground water in an area;

the chief executive may determine the area to be a ground water area.

(2) The chief executive may name a ground water area for the purposes

*Water Resources (Rates and Charges)
Regulation 1992*

of the Act, for example—the ‘Horseshoe Lagoon Ground Water Area’.

(3) The chief executive must display at an office of the Corporation, or other suitable place, in or near a ground water area, a map showing the boundaries of the ground water area.

(4) The chief executive may make further determinations adding an area to, or excluding an area from, a ground water area.

(5) In determining whether an area should be added to or excluded from a ground water area, the chief executive must have regard to—

- (a) any representation made by a person affected by the determination; and
- (b) any other evidence;

as to the effect the works are having on the ground water supply, or demand for ground water, in the area at the time of the determination.

(6) If the chief executive determines that an area be added to or excluded from a ground water area, the chief executive must, by public notice or other suitable means, notify the persons licensed to take water from the area.

PART 3—WATER CHARGES

Meaning of terms

12. In this Part—

“**land**” means a holding or land for which water may be taken under a licence.

“**relevant area**”, in relation to land, means—

- (a) in the case of land in an area mentioned in Schedule 1 or 2—the area mentioned; or
- (b) in any other case—the area mentioned in Schedule 1 or 2 from which water may be taken under a licence for the land.

*Water Resources (Rates and Charges)
Regulation 1992*

Water charges for Sch 1 land

13.(1) A charge is levied on water taken from a Schedule 1 area for land.

(2) The charge is levied for the water year specified in Schedule 1 for the area.

(3) Subject to sections 14 and 16, the charge for the water is the amount specified in Schedule 1 as the charge for water from the relevant source in the relevant area.

Minimum water charge for nominal allocations granted to Sch 1 land

14.(1) A minimum water charge for a water year is levied on each nominal allocation granted to land for which water may be taken from a Schedule 1 area.

(2) The minimum charge is the higher of the following amounts—

(a) the minimum annual fixed amount specified in Schedule 1 for the area;

(b) the amount payable for—

(i) if the amount payable for the announced allocation for the land is less than the amount payable for the prescribed percentage—the announced allocation for the land; or

(ii) if the amount payable for the announced allocation for the land is not less than the amount payable for the prescribed percentage, or if there is no announced allocation—the prescribed percentage.

(3) The minimum charge is not payable if the cost of water supplied to the land is more than the minimum charge.

(4) In this section—

“prescribed percentage” means the percentage, specified in Schedule 1, of the nominal allocation granted to the land.

Water charges for Sch 2 land

15.(1) A charge is levied in relation to water that may be taken from a

*Water Resources (Rates and Charges)
Regulation 1992*

Schedule 2 area for land.

(2) The charge is levied for the water year specified in Schedule 2 for the area.

(3) Subject to section 16, the charge for the water is the amount specified in Schedule 2 as the charge for water from the relevant source in the relevant area.

Charges for water in excess of entitlements

16.(1) A charge is levied on water in excess of an entitlement under an announced allocation that is taken under an authority granted under section 10.15 of the Act.

(2) The charge may be worked out using the formula—

amount payable for water + percentage amount of nominal allocation.

(3) In the formula—

“amount payable for water” is the amount payable under this regulation (other than this section) for the water.

“percentage amount of nominal allocation” is 5% of the nominal allocation charge specified in Schedule 3 for each megalitre of water taken under the authority for the land.

Nominal allocation charges

17.(1) Before a nominal allocation is granted to a holding in an irrigation area or land in an irrigation project, the owner of the holding or land must pay to the chief executive the relevant nominal allocation charge specified in Schedule 3—

(a) in full; or

(b) by instalments under section 18.

(2) However, the owner of a holding or land is not required to pay the charge specified in Schedule 3 for the holding or land if—

(a) the owner acquires the holding or land through an auction under the *Irrigation Areas (Land Settlement) Act 1962*; and

*Water Resources (Rates and Charges)
Regulation 1992*

- (b) a nominal allocation is granted to the holding or land before the holding or land is offered for auction.

Undertaking to pay a nominal allocation charge by instalments

18.(1) An owner of a holding or land who pays the nominal allocation charge by instalments must—

- (a) pay interest on the unpaid part of the charge; and
- (b) comply with the terms agreed to by the chief executive and the owner.

(2) Interest on the unpaid part of the charge—

- (a) accrues from the day the nominal allocation is granted; and
- (b) is payable at a rate that is 1.5% above the QIDC business variable rate current on the day each instalment is payable.

PART 4—LOCAL SERVICES CHARGES

Meaning of “owner”

19. In this Part—

“**owner**” does not include the Corporation.

Charge for local services

20.(1) A charge is payable for local services provided to serviced land.

(2) The charge for a local service is the amount specified in Schedule 4 for the service.

(3) The Corporation must give written notice to an owner of serviced land specifying—

- (a) the amount of the charges payable for the owner’s land; and
- (b) the local services for which the charges are made; and

*Water Resources (Rates and Charges)
Regulation 1992*

- (c) the period to which the charge applies; and
- (d) the day by which the charges must be paid; and
- (e) the way in which payment must be made.

Owner must pay within 30 days

21.(1) The owner must pay the amount specified in the notice within 30 days after receiving the notice.

(2) Payment must be made at the place, or in the way, specified in the notice.

Notice to Corporation concerning dealings with land

22.(1) An owner who disposes of an interest in serviced land must give written notice of disposal to the Corporation within 7 days after disposal.

(2) The notice must specify—

- (a) the name and address of the person gaining the interest (the “**purchaser**”); and
- (b) the nature of the interest; and
- (c) the day on which the purchaser becomes liable to pay charges under this Part.

(3) An owner who vacates land in which the Corporation has an interest must give written notice of vacation to the Corporation within 7 days after vacation.

(4) An owner who, without reasonable excuse, does not give notice to the Corporation under subsection (1) or (3) continues to be liable for charges payable for local services to the land after the day of disposal or vacation.

(5) However, the owner ceases to be liable for charges payable for local services provided to the land after the first of the following events happens—

- (a) the Corporation receives written notice—
 - (i) in the case of land in which the Corporation has an interest—that the owner has vacated the land; and

*Water Resources (Rates and Charges)
Regulation 1992*

- (ii) in other cases—of the name and address of the purchaser of the land;
- (b) the Corporation sends a notice under section 20 addressed to the purchaser.

(6) Subsection (4) does not limit the liability of the purchaser for charges payable for local services to the land after the day on which the purchaser acquires an interest in the land.

(7) A person must not state something in a notice that the person knows is false or misleading in a material particular.

Maximum penalty—20 penalty units.

(8) If a former owner of serviced land continues, under subsection (4), to be liable for charges payable for local services to the land, the Corporation may recover the amount payable from either—

- (a) the former owner; or
- (b) the purchaser of the land.

Evidentiary provisions

23.(1) This section applies to a proceeding for the recovery of a debt under this Part.

(2) A certificate purporting to be signed by an officer of the Corporation and stating the following matters is evidence of the matters—

- (a) land described in the certificate is serviced land;
- (b) the person named in the certificate as the owner of serviced land is the owner of the land;
- (c) specified charges for a specified period were payable for local services provided to the land;
- (d) a specified amount is owing to the Corporation by the person named in the certificate.

*Water Resources (Rates and Charges)
Regulation 1992*

Collection of garbage

24.(1) This section applies if the Corporation provides a garbage removal service for serviced land.

(2) The occupier of the serviced land must ensure that—

- (a) a garbage bin used for the collection of rubbish by the Corporation is made of galvanised iron or plastic and has a capacity that is not more than—
 - (i) the maximum capacity approved by the local government for the area in which the land is situated; or
 - (ii) if the local government has not approved a maximum capacity—85 L; and
- (b) the bin is not filled beyond its capacity; and
- (c) only household garbage is put in the bin; and
- (d) wet garbage is wrapped before being put in the bin; and
- (e) if the bin must be placed for its contents to be collected—the bin is placed as nearly as possible to the corner of the house most directly in line with the entrance.

(3) The Corporation is not required to remove rubbish in a bin if the occupier does not comply with this section.

(4) If, under subsection (3), the Corporation does not remove rubbish, it does not affect the obligation of the person required to pay an annual charge for the local service to pay the full annual charge.

PART 5—OTHER CHARGES

Sugar mill assessments

25.(1) In this section—

“**assigned**” has the meaning given by the *Sugar Industry Act 1991*.

“**crushing season**” has the meaning given by the *Sugar Industry Act 1991*.

*Water Resources (Rates and Charges)
Regulation 1992*

“irrigation area” includes part of an irrigation area.

“sugar mill” has the meaning given by the *Sugar Industry Act 1991*.

(2) For the purposes of section 8.8 of the Act, this section sets out—

- (a) the assessment that may be made by the chief executive; and
- (b) the manner for making the assessment.

(3) If land within an irrigation area is assigned to a sugar mill (the **“assigned land”**), the chief executive may, in relation to each crushing season, make an assessment on the owner of the sugar mill—

- (a) at the rate specified in Schedule 5 for the irrigation area; and
- (b) on the basis of the amount of 94 net titre sugar processed at the sugar mill, from sugarcane grown on the assigned land, during the crushing season.

(4) The chief executive may make the assessment on a person by sending to the person a notice specifying—

- (a) the amount of the assessment; and
- (b) the day, not before 30 days after the date of the notice, by which the assessment is payable.

(5) A person who receives a notice sent under subsection (4) must comply with the notice.

Drainage rates

26.(1) For the purposes of section 8.7 of the Act, this section sets out—

- (a) a charge that may be levied by the chief executive; and
- (b) the basis for levying the charge.

(2) The chief executive may, in relation to each water year, levy a charge on the owner of land within an irrigation area, at the rate set out in Schedule 6 for the irrigation area.

(3) The chief executive may levy the charge on a person by sending to the person a notice specifying—

- (a) the amount of the charge; and

*Water Resources (Rates and Charges)
Regulation 1992*

(b) the day, not before 30 days after the date of the notice, by which the amount is payable.

(4) A person who receives a notice sent under subsection (3) must comply with the notice.

(5) A levy made under this section in relation to land is to be determined according to the area of the land at the date of the notice.

Drainage levy—Emerald Left Bank

27.(1) In addition to any levy made under section 26, the chief executive may, in relation to each water year, levy on an owner of a holding within the Emerald Irrigation Area who is supplied water from—

(a) the Selma Main Channel; or

(b) a subsidiary channel or pipeline of the Selma Main Channel;

a charge at the rate of \$6.00/ha of the holding.

(2) The levy may be made, and must be paid, in the manner mentioned in section 26 for drainage rates.

CHARGES—AREAS OTHER THAN MAREEBA—DIMBULAH

sections 13 and 14 of this regulation

Barker–Barambah Project

- 1.(1) In this area, the water year ends on 30 June.
- (2) The prescribed percentage of the nominal allocation is 75%.
- (3) The minimum annual fixed amount is \$161.10.
- (4) The charges for the supply of water are the charges set out in the following table—

Table

	per ML \$
1. For supply from a regulated section of a watercourse—	
(a) up to announced allocation	9.70
(b) of a further amount over announced allocation	19.40
2. For supply by water harvesting—	
(a) up to 500 ML	2.40
(b) of a further amount	nil
3. For supply from Redgate re-lift section—	
(a) up to announced allocation	21.00
(b) of a further amount	42.00

Barns Ground Water Area

- 2.(1) In this area, the water year ends on 30 June.
- (2) The prescribed percentage of the nominal allocation is 50%.
- (3) The minimum annual fixed amount is \$82.10.

SCHEDULE 1 (continued)

(4) The charges for the supply of water are the charges set out in the following table—

Table
