### *Division 1—Assignments generally*

#### **The assignment entitlement**

**136.(1)** A cane grower may hold, in accordance with this Act, an entitlement called an assignment.

(2) An assignment confers upon the holder an entitlement, subject to this Act, to deliver to a mill for payment in accordance with this Act sugarcane grown on a number of hectares situated within the boundaries of a description of land assigned to the mill.

(3) In this Act—

- (a) the number of hectares is referred to as the assignment's area; and
- (b) the description of land is referred to as the assignment's presently assigned description; and
- (c) the land is referred to as the assignment's land.

(4) The area of land within the boundaries of an assignment's presently assigned description may be the same area as, or greater than, the assignment's area but not less than the assignment's area.

(5) An assignment may be disposed of, wholly or partially by the holder by way of sale, lease, sublease, or other form of transfer in accordance with this Act.

(6) A disposal of an assignment's land does not effect a disposal of the assignment.

***Division 2—Grant by Corporation of assignment*****Corporation's general authority over assignments**

**137.(1)** The Corporation may grant, vary or cancel assignments but is not competent to exercise its power to do so except in circumstances prescribed by this Act.

**(5)** A condition may provide for an exemption from a condition.

**Grant of assignment by Corporation**

**138.(1)** The Corporation at any time may grant assignments to the extent of—

- (a) the increase in the aggregate of all assignments' areas prescribed by section 148; and
- (b) any increase in the aggregate of all assignments' areas determined by it under section 149; and
- (c) any assignment's area cancelled by it under section 147 or 151.

grant of a variation of an assignment by the allocation of further assignment area to it.

(3) The Corporation may only grant an assignment to the extent of the cancelled area referred to in subsection (1)(c)—

- (a) if that assignment's land is assigned to the same mill as the land of the assignment to which the cancelled area related; and
- (b) if the applicant—
  - (i) is not the person who held the assignment to which the cancelled area related; and
  - (ii) is the holder of an existing assignment the land of which is assigned to the mill referred to in paragraph (a); and
- (c) if the Corporation considers the grant desirable because it would enhance the economy of the existing sugarcane farm or farms relating to the applicant's existing assignment.

### **Guidelines for grant of assignment**

**139.(1)** The Corporation is to make written guidelines stating—

- (a) the manner and form of application for the grant of an assignment under section 138; and

- (a) are to provide that a prescribed proportion at least is to be offered in the first instance to holders of existing assignments for the purpose of enhancing the economy of existing sugarcane farms; and
- (b) may provide that a proportion not exceeding a prescribed maximum is to be reserved for the establishment of new sugarcane farms.

(3) The guidelines are binding on every applicant for the grant of an assignment and on the Corporation.

***Division 3—Grant and variation of assignments pursuant to authorised transactions***

**Variations to assignment entitlements**

**140.** Entitlements to assignments may be varied by means of the authorised transactions referred to in section 141, but a matter authorised by that section to be provided for does not take effect unless and until—

- (a) a local board or local boards make the order or orders necessary to give effect to the matter; and
- (b) the matter is noted on the Sugar Cane Assignment Register pursuant to the order or orders.

**Authorised transactions concerning assignments**

**141.(1)** An authorised transaction concerning assignments may provide for 1 or more of the following matters—

- (a) the transfer of an assignment from an existing holder to another person;

**(2)** An order of a local board made for the purposes of an authorised transaction only has effect upon an assignment the land of which is assigned to the mill for which the local board is constituted.

**(3)** If an authorised transaction—

- (a) provides for the cancellation of the assignment to a mill of the whole of an assignment's land and its assignment to another mill; or

(2) A local board, under section 142, may not order land to be assigned to the mill for which it is constituted unless it is satisfied—

- (a) that the holder of the assignment for which the land is so assigned, after the authorised transaction in question takes effect, will have an estate or interest in the land entitling the assignment holder to use it for the purposes of the assignment; and
- (b) that the land is situated in a location from which sugarcane grown on the land may be efficiently delivered to the mill; and
- (c) that the land may be prepared and utilised for the growing of sugarcane without undue damage to the environment.

(3) A local board under section 142 may not make any order requiring the establishment or variation of an assignment unless it is satisfied that after the authorised transaction in question takes effect the land of the assignment so established or varied will be capable of producing commercial crops of sugarcane when subjected to correct agricultural practices.

### **Local board to grant application or give reasons for refusal**

**145.(1)** Subject to subsection (2), a local board that receives an application under section 143, upon being satisfied that the provisions of this Act have been complied with, is to grant the order or orders sought.

(2) If, for the purpose of giving effect to an authorised transaction, it is necessary for orders under section 142 to be obtained from more than 1 local board—

- (a) the decision of each of the local boards whether or not to make an order sought is to be by the unanimous decision of all the local board's members; and

(2) The authorised transaction then takes effect and not beforehand.

(3) The noting by the Corporation in the register of the effect of a local board's order is taken to be an order by the Corporation giving effect to the local board's order.

**Application to Corporation for transfer of assignment to another mill**

**147.(1)** Notwithstanding any other provision of this Act an assignment holder may apply to the Corporation to give effect to the authorised transaction referred to in subsection (2).

  - (ii) will be situated in a location from which sugarcane may be efficiently delivered to the mill to which the land is assigned; and
  - (iii) will be able to be prepared and utilised for the growing of sugarcane without undue damage to the environment; and
- (b) the holder of the new assignment will have an estate or interest in the assignment's land entitling the holder to use it for the purposes of the assignment.

(5) If the Corporation grants the application it is to exercise the powers conferred upon it by section 137 to—

- (a) cancel the existing assignment and its area; and

- (b) grant the new assignment and allocate to it an area equal to the number of hectares of the area subject to cancellation under paragraph (a).

(6) The Corporation is to note the effect of its orders in the Sugar Cane Assignment Register.

(7) The Corporation is to apply the existing assignment's area cancelled under subsection (5)(a) against future increases of the aggregate of all assignments' areas determined under section 148 or 149 so as to reduce those increases by the area cancelled.

#### *Division 4—Annual increase in aggregate of assignment areas*

##### **Transitional expansion**

**148.** In each calendar year from and including 1991 to and including 1995, the Corporation is to make available, by granting assignments under section 138, assignments' areas to the extent of—

(4) When a determination is made, the Corporation is to forthwith inform the Minister by notice in writing.

### **Government project land**

**150.(1)** For the purpose of enabling the Crown or a Crown instrumentality to sell, lease or otherwise dispose of land together with an assignment, the Minister may give directions to the Corporation—

(a) requiring it to reserve to the Crown in any calendar year a proportion, to a prescribed maximum, of the increase in assignments' areas prescribed by section 148 or determined by the Corporation under section 149; and

(b) requiring it to exercise its powers under Division 2 to ensure that the persons to whom the land is disposed of will be granted an assignment or to ensure that the Crown or a Crown instrumentality will be able to dispose of an assignment to those persons together with the land.

#### **Show cause to precede cancellation or variation**

**152.(1)** Before the Corporation cancels an assignment or part of an assignment's area under section 151(b), (c) or (d), it is to give written notice to the assignment holder calling upon the holder to show cause why the cancellation should not occur.

**(2)** The notice to show cause is to allow the assignment holder at least 30 days in which to respond.

**(3)** The Corporation is to consider any written submissions made by the assignment holder and afford the assignment holder a reasonable opportunity to be heard in relation to the matter.

**(4)** If by the expiration of the period of 30 days or such greater period

allowed by the Corporation at any time, the assignment holder has not shown cause or sufficient cause why the assignment should not be cancelled or varied, the Corporation may proceed to cancel the assignment or part of the assignment's area.

### **Time for disposal may be allowed**

**153.** If the Corporation determines that an assignment or part of an assignment's area should be cancelled under section 152(4), it may instead of proceeding immediately to order the cancellation allow the assignment holder a period of time in which to dispose of the assignment or the part of the assignment's area.

### ***Division 6—Relationship between assignment holders and mill owners***

(3) If the matters provided for by an authorised transaction have effect upon the farm peak existing in relation to more than 1 assignment, and the lands of those assignments are assigned to different mills, the orders necessary to give effect to those matters are to be obtained by applications to the local boards constituted for those mills.

**170.(1)** Upon lodgement with the Corporation in accordance with the Corporation's guidelines of a notice signed by every party to an authorised transaction of an order or orders of a local board or local boards sufficient to give effect to the authorised transaction, the Corporation is to note in the Sugar Cane Assignment Register the effect of the authorised transactions in accordance with the order or orders.

(2) The authorised transaction then takes effect and not beforehand.

### **Adjustment of mill peaks**

**171.(1)** From time to time the Corporation is to adjust the mill peak of a mill so as to take into account variations in the quantity of sugarcane the owner of the mill is required to accept for the manufacture of sugar within the mill peak of the mill consequent upon variations to entitlements to farm peaks.

(2) The Corporation is to make guidelines stating the methods that it will observe in calculating the adjustments required to be made to the mill peaks of mills under subsection (1).

(3) The guidelines are binding on the Corporation.

(4) Before adjusting the mill peak of a mill the Corporation is to give notice of the proposed adjustment to the owner of the mill affording the

owner a reasonable opportunity to make written submissions and to be heard in relation to the matter.

(5) After considering any submissions that may be made by the owner of a mill, the Corporation may adjust the mill peak of the mill by notice in writing given to the owner.
