- (a) if, immediately before section 10 takes effect, they were the liabilities of the candidate GOC then known as Bundaberg Port Authority—are assumed by the associate whose name is changed under this regulation to Bundaberg Port Authority; and

- (e) if, immediately before section 10 takes effect, they were the liabilities of the candidate GOC then known as Townsville Port Authority—are assumed by the associate whose name is changed under this regulation to Townsville Port Authority.

(2) The assumption by an associate of the liabilities of its candidate GOC is part of the consideration for the transfer of the assets of the candidate GOC to the associate.

(3) The remainder of the consideration is the creation of a debt owed by the associate to the shareholding Ministers of the GOC that the associate becomes under this regulation.

(4) The amount of the debt is the market value, at 1 July 1995, of the assets transferred to the associate, less the amount, at 1 July 1995, of the liabilities assumed by the associate.

Example of calculation of debt owed to shareholding Ministers—

If the market value of the assets vested in an associate is \$1 000 000, and the liabilities assumed by it amount to \$400 000, the shareholding Ministers are owed a debt of \$600 000.

(5) For subsection (4)—

*Government Owned Corporations (Ports)
Regulation 1995*

- (a) the market value, at 1 July 1995, of an asset transferred to an associate is, unless another valuation is decided under subsection (7), taken to be the market value specified for the asset in the asset schedule of the associate for 1 July 1995; and
- (b) the amount, at 1 July 1995, of the liabilities assumed by an associate is, unless another amount is decided under subsection (7), taken to be the amount of the liabilities listed in the balance sheet of the associate for 1 July 1995.

(6) As soon as practicable after the commencement of this section, each associate must complete the asset schedule mentioned in subsection 5(a) and the balance sheet mentioned in subsection (5)(b).

(7) The shareholding Ministers of a GOC that an associate becomes under this regulation may change the asset schedule mentioned in subsection (5)(a) or the balance sheet mentioned in subsection (5)(b) at any time before 1 November 1995 to correct the market value of an asset or the amount of a liability as at 1 July 1995.

(8) A change mentioned in subsection (7) must be taken into account for calculating the debt amount under subsection (4).
