³ “Fundamental legislative principles” are the principles relating to legislation that underlie a parliamentary democracy based on the rule of law (*Legislative Standards Act 1992*, section 4(1)). The principles include requiring that legislation has sufficient regard to rights and liberties of individuals and the institution of Parliament.

⁴ A member of the Legislative Assembly, including any member of the Scrutiny of Legislation Committee, may give notice of a disallowance motion under the *Statutory Instruments Act 1992*, section 50.

PART 5—MINISTERIAL RESPONSE TO REPORTS BY COMMITTEES

Ministerial response to committee reports

24.(1) This section applies if a report of a committee of the Legislative Assembly (other than the Scrutiny of Legislation Committee) recommends the Government or a Minister should take particular action, or not take particular action, about an issue.

(2) The Minister who is responsible for the issue the subject of the report must provide the Legislative Assembly with a response.

(3) The response must set out—

- (a)** any recommendations to be adopted, and the way and time within which they will be carried out; and
- (b)** any recommendations not to be adopted and the reasons for not adopting them.

(4) The Minister must table the response within 3 months after the report is tabled.

(5) If a Minister cannot comply with subsection (4), the Minister must—

- (a)** within 3 months after the report is tabled, table an interim response and the Minister's reasons for not complying within 3 months; and
- (b)** within 6 months after the report is tabled, table the response.

(6) If the Legislative Assembly is not sitting, the Minister must give the response (or interim response and reasons) to the clerk of the Parliament for tabling on the next sitting day.

(7) Subsection (1) does not prevent a Minister providing a response to a recommendation in a report of the Scrutiny of Legislation Committee if it is practicable for the Minister to provide the response having regard to the nature of the recommendation and the time when the report is made.

Example—

If the committee recommends that a Bill be amended because, in the committee's opinion, it does not have sufficient regard to fundamental legislative principles and the Bill has not been passed by the Legislative Assembly, it may be practicable for the Minister to provide a response.

(8) This section does not apply to an annual report of a committee.

PART 6—GENERAL POWERS OF COMMITTEES

Power to call for persons etc.

25. A statutory committee is, by this section, authorised to call for persons, documents and other things.

Privilege against self-incrimination

26.(1) This section applies to a statutory committee, or another committee of the Legislative Assembly authorised by the Assembly or an Act to call for persons, documents and other things.

(2) If a person appearing before the committee does not—

- (a) answer a question asked by the committee; or
- (b) produce a document or thing the committee asked the person to produce to it;

the chairperson of the committee may require the person to comply with the request.

(3) However, the person need not comply with the requirement if—

- (a) the person objects to answering the question, or producing the thing, because answering the question, or producing the thing, might tend to incriminate the person; and
- (b) the person would have a claim of privilege against self-incrimination in a Supreme Court action if the person were asked the question or asked to produce the thing.

(4) If a person does not comply with a request to appear before the committee or a requirement to answer a question or produce a document, the committee may report the failure to comply to the Legislative Assembly.

(5) The Legislative Assembly may order a person to appear before a committee and answer any or particular questions, or produce any or particular documents or other things.

(6) In deciding whether to make an order under subsection (5), the Legislative Assembly must have regard to—

- (a) the public interest in having the questions answered before the committee or the documents or other things produced to the committee; and
- (b) the public interest in providing appropriate protection to individuals against self-incrimination.

(7) A person to whom an order under subsection (5) is directed must comply with the order despite subsection (3).

(8) An order may be made under subsection (5) for a class of persons, including persons who have not appeared, or been asked to appear, before a committee.

(9) Evidence may not be given in any proceeding of an answer given by a person before a committee or the fact that a person produced a document or other thing to a committee.

(10) However, subsection (9) does not apply to—

- (a) a proceeding before the Legislative Assembly or a committee of the Assembly; or
- (b) a criminal proceeding about the falsity, or the misleading, threatening or offensive nature, of the answer, document or other thing.

(2) The authorised person may inspect anything in the place relevant to the work.

(3) Nothing in subsection (1) prevents the committee from authorising all members of the committee to enter and inspect the place.

(4) However, the authorised person may enter the place only if the committee or authorised person gives reasonable written notice about the entry to the chief executive of the constructing authority for the work.

(5) On being given the notice, the chief executive must promptly make arrangements for the entry, including, for example, obtaining the consent of the following—

- (a) if the place is occupied—the occupier of the place;
- (b) if the place is not occupied—the owner of the place.

(6) The arrangements must ensure proper regard is given to safety.

(7) The authorised person may enter and inspect the place without the consent mentioned in subsection (5) if the chief executive attempted to obtain the consent, but—

⁵ Section 20(2)(a) to (i) sets out issues to which the committee may have regard in deciding whether to consider a public work.

- (a) the attempt was unsuccessful (whether because the occupier or owner refused consent or otherwise); and
- (b) the chief executive gave written notice about the entry (of at least 7 days) to the occupier or owner.

(8) In this section—

“building” includes any structure.

(3) This section applies despite any other Act.

Dealing with commercially sensitive information in private session

30.(1) This section applies if, while considering a work, it appears to the Public Works Committee that confidential information may be given to the committee in a public hearing and publication of the information at the hearing could—

- (a) have a serious effect on the commercial interests of a GOC or commercial entity; or

(b) reveal trade secrets of a GOC or commercial entity.

(2) The committee must deal with the information in private session.

(3) This section does not limit any other power of a committee to deal with an issue in private session.

Reporting commercially sensitive information to Assembly

31.(1) This section applies if the Public Works Committee considers that information obtained by the committee while considering a work could, if reported to the Legislative Assembly—

(a) have a serious effect on the commercial interests of a GOC or commercial entity; or

(b) reveal trade secrets of a GOC or commercial entity.

(2) The committee may report the information to the Legislative Assembly only if it considers it is in the public interest to report the information.

PART 8—OTHER PROVISIONS ABOUT STATUTORY COMMITTEES

Issues dealt with by previously constituted committees

32.(1) If the composition of a statutory committee changes before it finishes dealing with an issue, the newly constituted committee may continue and finish dealing with the issue as if it had dealt with the issue from the beginning.

Example—

Evidence given to the previous committee may be taken to have been given to the newly constituted committee.

(2) Subsection (1) applies even if the committees are constituted during different Parliaments.

Annual report of committee

33.(1) As soon as practicable after the end of each financial year, the chairperson of each statutory committee must table in the Legislative Assembly a report about the committee's activities during the year.

(2) The report must include—
