(5) If the Beach Protection Authority is satisfied the relevant land should be protected by the surrender of part of the land, it must—

- (a) advise the applicant and the local government that a condition of the approval should be that a specified part of the relevant land be surrendered; and
- (b) give the local government written advice about the condition within 30 days of receiving the copy of the application from the applicant.

(7) To remove any doubt, the surrender requirement only applies to the part of the land in an area to which an erosion prone area plan relates.

(8) No appeal lies against the surrender requirement and no compensation is payable for the surrender.

(9) If land has been previously surrendered under this section, this section does not apply if the remaining land is subject to a further application mentioned in subsection (1).
