QUEENSLAND BUILDING SERVICES AUTHORITY REGULATION 1992

[as amended by all amendments that commenced on or before 7 January 2000]

Short title

1. This regulation may be cited as the *Queensland Building Services Authority Regulation 1992*.

Commencement

2. This regulation commences on 1 July 1992.

Definitions

3.(1) In this regulation—

“**ANTA**” means the Australian National Training Authority established under the ANTA Act.

“**ANTA Act**” means the *Australian National Training Authority Act 1992* (Cwlth).

“**approved assessor**” means a person endorsed by Construction Training Queensland to assess, against the draft construction standards (levels 4–6), the competency of persons to carry out the scope of work relevant to a general building or house building licence.

“**approved authority**”, for a class of licence, means—

- (a) a State college; or
- (b) a person registered as a national building and construction industry skills assessor, for the class of licence, on the national register of assessors.

“**approved managerial qualification**”, for an individual applying for a contractor’s licence, is the successful completion by the individual of—

- (a) a course of management for licensed contractors at a State college;

*Queensland Building Services Authority
Regulation 1992*

or

- (b) the course in business management for the housing industry conducted by the Housing Industry Association; or
- (c) the subjects offered by the Queensland Master Builders' Association in the following areas—
 - (i) basic estimating;
 - (ii) debt recovery;
 - (iii) commercial contract administration;
 - (iv) site supervision of domestic sites;
 - (v) accounting and bookkeeping for builders and subcontractors;
 or
- (d) a management course approved by the authority under section 4C.

“building certifier” has the meaning given under the *Building Act 1975*.¹

“commission” means the Vocational Education, Training and Employment Commission established under the VETE Act.

“community organisation” means an organisation formed to promote the interests of a particular community or community group.

“Construction Training Australia” means National Building and Construction Industry Training Council Limited (trading as Construction Training Australia), being an industry training advisory body within the meaning of the ANTA Act.²

¹ *Building Act 1975*, section 5 (Definitions)—

“building certifier” means an individual accredited as a building certifier by an accreditation body.

² The *Australian National Training Authority Act 1992* (Cwlth), section 4(1) defines “industry training advisory body” as follows—

‘**“industry training advisory body”** means an organisation or body declared by the Ministerial Council to be an industry training advisory body for the purposes of the Statement;’.

*Queensland Building Services Authority
Regulation 1992*

“Construction Training Queensland” means Construction Industry Training Council (Queensland) Inc. (using the business name Construction Training Queensland), being an industry training advisory body recognised by the commission for the VETE Act.

“draft construction standards (level 4)” means—

- (a) the document prepared by Construction Training Australia; and
- (b) designated as construction standards level 4 (third draft), (Sept 1997).

“draft construction standards (level 5)” means—

- (a) the document prepared by Construction Training Australia; and
- (b) designated as construction standards level 5 (third draft), (Sept 1997).

“draft construction standards (level 6)” means—

- (a) the document prepared by Construction Training Australia; and
- (b) designated as construction standards level 6 (third draft), (Sept 1997).

“multiple dwelling” means a building comprising 2 or more residential units.

“national competency standards” means a document—

- (a) designated as national competency standards; and
- (b) endorsed by ANTA for the Statement.

“national register of assessors” means the register of national building and construction industry skills assessors administered by—

- (a) Construction Training Australia; and
- (b) for Queensland—Construction Training Queensland.

“required competency”, for a class of licence, means the competency, assessed against relevant national competency standards, to carry out the scope of work relevant to the class of licence.

*Queensland Building Services Authority
Regulation 1992*

“required competency (general building)” means the competency, assessed against the draft construction standards (levels 4–6), to carry out the scope of work relevant to a general building licence.

“required competency (house building)” means the competency, assessed against the draft construction standards (level 4), to carry out the scope of work relevant to a house building licence

“residential unit” means a part of a building designed for separate occupation as a residence.

“State college” see section 4 of the VETE Act.³

“Statement” see section 4(1) of the ANTA Act.⁴

“VETE Act” means the *Vocational Education, Training and Employment Act 1991*.

(2) For the purpose of determining the number of storeys of a building, the lowest storey is not to be counted if it consists solely of a car park.

Work excluded from the ambit of the definition “building work”—Act, s 4(1)

3A.(1) The following work is excluded from the ambit of the definition “building work”—

- (a) anything mentioned in paragraphs (a) to (f) of the definition “building work” if it is for a farm building;
- (b) work of a value of less than \$1 000, unless the work is within the scope of schedule 2, part 7, 9, 10, 26, 27, 28 or 29;

³ *Vocational Education, Training and Employment Act 1991*, section 4—

“State college” means—

- (a) any State college or other means of technical and further education; and
- (b) any State senior college continued or established under this Act.

⁴ *Australian National Training Authority Act 1992* (Cwlth), section 4(1)—

“Statement” means the statement (a copy of which is set out in the Schedule) entitled “A National Vocational Education and Training System” agreed on by the Commonwealth and the States and published on 21 July 1992.

*Queensland Building Services Authority
Regulation 1992*

- (c) the giving of free advice by an organisation the membership of which is drawn wholly or predominantly from the building industry;
- (d) design work performed, or supervisory services provided, by an architect in the architect's professional practice;
- (e) design work performed, or supervisory services provided, by an engineer in the engineer's professional practice;
- (f) survey work performed by a licensed surveyor in the surveyor's professional practice;
- (g) work performed by the State or an instrumentality or agency of the State (as distinct from work performed for the State or an instrumentality or agency of the State by an independent contractor);
- (h) work performed by a local government (as distinct from work performed for a local government by an independent contractor);
- (i) work performed by a charitable or community organisation for its own use, if the authority agrees that the work can reasonably be excluded from the definition "building work", given the qualifications and experience of persons who will supervise the work;
- (j) the construction, extension, repair or replacement of a water reticulation system, sewerage system or stormwater drain, outside the boundaries of private property;
- (k) the construction, maintenance or repair of a road under the *Land Act 1962*;
- (l) the construction, maintenance or repair of a bridge (other than a bridge on land in private ownership);
- (m) the construction, maintenance or repair of railway tracks, signals or associated structures (unless the structures are buildings for residential purposes, or are storage or service facilities);
- (n) the construction, maintenance or repair of airport runways, taxiways and aprons;

*Queensland Building Services Authority
Regulation 1992*

- (o) the construction, maintenance or repair of harbours, wharfs and other maritime structures (unless the structures are buildings for residential purposes, or are storage or service facilities);
- (p) electrical work under the *Electricity Act 1976*;
- (q) the construction, maintenance or repair of a dam;
- (r) the construction, maintenance or repair of communications installations performed for a public company or other public body engaged in radio or television broadcasting or in some other form of communications business or undertaking;
- (s) the erection of scaffolding;
- (t) the installation of manufacturing equipment or equipment for hoisting, conveying or transporting materials or products (including primary produce), but excluding the installation of fixed structures providing shelter for the equipment;
- (u) construction work in mining;
- (v) hanging of curtains or blinds, or laying of carpets or vinyl;
- (va) until the end of 31 January 2000, the laying of cork or parquet flooring;
- (w) work consisting of monumental masonry, sculpture, or the erection or construction of statues, fountains or other works of art (other than work affecting the structure of a building);
- (x) work consisting of earthmoving and excavating;
- (y) work performed personally by the owner of the land on which the work is performed if—
 - (i) the value of the work is less than \$6 000; or
 - (ii) the work is exempt or self-assessable development under the *Standard Building Regulation 1993*;
- (z) certification work performed by a building certifier under the *Building Act 1975* in the certifier's professional practice.

(2) The authority's agreement under subsection (1)(i) cannot be given so as to exclude from the ambit of the definition "building work" work that would otherwise be residential construction work.

Licensed builder—Act, s 4(1)

3B. A person is a licensed builder under this regulation if the person is the holder of a contractor's licence for general building or house building.

Classification as farm building

4. For the definition “**farm building**” in the Act, a building is of a kind classified as a farm building if—

- (a) it is constructed on land used wholly or primarily for agricultural or pastoral purposes; and
- (b) it is used or intended to be used for agricultural or pastoral purposes; and
- (c) it has a completed value of not more than \$25 000; and
- (d) it is not a home.

Value of domestic building work

4A. For the definition “**major domestic building work**” in the Act, domestic building work of a value exceeding \$3 000 is major domestic building work.

Classification as residential construction work

4B.(1) For the definition “**residential construction work**” in the Act, building work is classified as residential construction work if the building work is—

- (a) relevant building work under subsection (2), (3) or (4); and
- (b) carried out by a building contractor; and
- (c) of a value of more than \$3 000; and
- (d) not excluded from being relevant building work under subsection (5) or (6).

(2) Building work is relevant building work if it is—

- (a) the construction of a residence; or

*Queensland Building Services Authority
Regulation 1992*

- (b) the construction of a roofed building, other than a residence, on the site of a residence or proposed residence, but only if the roofed building is for the purposes of using the residence or proposed residence for residential purposes.

Example of roofed building for paragraph (b)—

A private garage, shed, carport, toilet building or change room on the site of an existing or proposed residence.

(3) Building work is also relevant building work if—

- (a) it is building work on a residence, or on a roofed building to which subsection (2)(b) applies; and
- (b) the building work is—
 - (i) the replacement, relocation or extension of part or all of the residence or roofed building in a way affecting any roofs, ceilings, walls, internal partitions, windows, doors, floors or foundations; or
 - (ii) the construction, erection or installation of part or all of the external fabric of the residence or roofed building; or
 - (iii) the replacement or refitting of fixtures or fittings in a bathroom or kitchen of the residence or roofed building.

(4) If building work that is relevant building work under subsection (2) or (3) is carried out under a contract, relevant building work is also—

- (a) all other building work carried out under the contract on the residence or roofed building the subject of the contract; and
- (b) if the relevant building work is for a residence, building work on anything on the site of the residence, but only if the building work is for the purposes of using the residence for residential purposes; and
- (c) if the relevant building work is for a roofed building, building work on the site of the residence or proposed residence for which the roofed building is to be used, but only if the building work is for the purposes of using the residence or proposed residence for residential purposes.

*Queensland Building Services Authority
Regulation 1992*

(5) Building work is not relevant building work if it is on, or on the site of, a building or proposed building that is or forms part of any of the following—

- (a) a multiple dwelling of more than 3 storeys;
- (b) a hostel, boarding house, guest house, lodging house, hotel, motel or backpacker's accommodation;
- (c) a correctional centre, prison, reformatory, watch-house or lockup;
- (d) a hospital, nursing home or other health care building;
- (e) an orphanage or children's home;
- (f) a retirement village under the *Retirement Villages Act 1988*;
- (g) an educational institution;
- (h) group accommodation for persons with a physical or mental disability;
- (i) commercial or industrial premises, if the building or proposed building—
 - (i) also serves the commercial or industrial purpose carried on at the commercial or industrial premises; and
 - (ii) is the only residential unit in the premises.

Example of paragraph (i)—

A caretaker's flat on industrial premises constructed for a caretaker responsible for the care or security of the premises or goods on the industrial premises.

(6) Also, building work is not relevant building work if it is carried out by a building contractor for a person—

- (a) who is the holder of an owner-builder permit covering the work; or
- (b) who should have obtained an owner-builder permit to carry out the work.

*Queensland Building Services Authority
Regulation 1992*

(7) In this section—

“**residence**” means a building or part of a building designed to be used for residential purposes, whether or not it is part of commercial or industrial premises.

Approval of management courses

4C.(1) The authority may approve a management course for the purpose of the definition “approved managerial qualification”, paragraph (d) in section 3(1).

(2) The authority may approve a course only if it is satisfied an individual successfully completing the course would acquire management skills similar to those acquired by an individual successfully completing another course or the subjects mentioned in the definition.

Committees—Act, s 14(2)

5.(1) A committee appointed by the board or the Minister under section 14 of the Act is to have a constitution determined by the board.

(2) A constitution determined by the board under this section must—

- (a) assign a name to the committee; and
- (b) provide for the membership of the committee; and
- (c) state the purposes for which the committee is established; and
- (d) provide for the way meetings of the committee are to be convened and the frequency of meetings; and
- (e) provide for the quorum of the committee and who is to preside at its meetings; and
- (f) provide that the committee is to reach decisions by majority vote of the members voting or in some other way set out in the constitution; and
- (g) require the committee to report to the board at intervals stated in the constitution.

Classes of licence—Act, s 30(2)

6.(1) Licences are divided into classes in accordance with schedule 2.

(2) Further licence classes may be established by determination of the authority in relation to classes of building work specified in the determination.

(3) A contractor's licence or supervisor's licence may be issued for any class of licence.

Requirements for contractor's licence—Act, s 31

7. An individual applying for a contractor's licence must have the qualifications and experience set out in schedule 2 for the relevant class of licence.

Requirements for supervisor's licence—Act, s 32

8. An applicant for a supervisor's licence must have the same qualifications and experience as are required of an individual who applies for a contractor's licence of the corresponding class.

Application for a licence—Act, s 33

9.(1) An application for a licence under the Act—

- (a) must be in writing in a form approved by the authority; and
- (b) must contain the information indicated by the form; and
- (c) must be accompanied by—
 - (i) the documentary evidence of the applicant's identity, qualifications and experience required by the authority; and
 - (ii) if the application is for a contractor's licence—the documentary evidence required by the financial requirements stated in the board's policies; and
- (d) must be accompanied by a statutory declaration verifying the information contained in the application and the documents supplied by the applicant; and

*Queensland Building Services Authority
Regulation 1992*

- (e) must be accompanied by the application fee and the annual fee specified in schedule 1.

(1A) Subsection (1)(e) does not apply to an application—

- (a) if—
 - (i) the applicant is a company; and
 - (ii) the authority is satisfied the company's sole object is to conduct training for persons to undertake building work; or
- (b) if—
 - (i) the applicant is making an application for a supervisor's licence for the purpose of being a company's nominated supervisor; and
 - (ii) the company has not had a nominated supervisor previously; and
 - (iii) the supervisor's licence is not of a class corresponding to a contractor's licence of class 1 or 2.

(2) An applicant or, if the applicant is a company, an officer of the company must, at the request of the authority—

- (a) attend an interview with an officer of the authority to answer questions and provide information relevant to the application; and
- (b) provide the authority with any further evidence it reasonably requires to decide the application.

(3) If the applicant (or the officer) fails, without reasonable excuse, to attend an interview or provide evidence required under this section, the authority may reject the application on that ground.

Renewal of licence—Act, ss 37 and 38

11.(1) The authority must, in accordance with the board's policies, send to every licensee before the expiry day for the licensee's licence—

- (a) a licence renewal notice; and

*Queensland Building Services Authority
Regulation 1992*

(b) the forms (the “**financial requirements forms**”) the authority reasonably requires the licensee to complete about the licensee’s continued satisfaction of the relevant financial requirements stated in the board’s policies.

(2) The licence renewal notice—

- (a) must state the date on which the licence renewal falls due; and
- (b) must state the annual licence fee and the time for payment.
- (c) must state the time by which the completed financial requirements forms must be given to the authority.

(3) The licence fee prescribed by schedule 1 must be paid on or before 4.30 p.m. on the last day of the month in which the licence is due to expire or at such earlier time as the renewal notice may require.

(3A) However, the licence fee is not required to be paid if the licensee is a company and the authority is satisfied the company’s sole object is to conduct training for persons to undertake building work.

(4) For the purposes of section 38(2) of the Act, the appropriate fee for terminating a suspension imposed under that section is a fee equivalent to the licence fee prescribed by schedule 1 plus the application fee prescribed by that schedule.

(5) The authority may, for any reason it considers appropriate, remit or reduce the fee mentioned in subsection (4).

(6) The completed financial requirements forms must be given to the authority by 4.30 p.m. on the last day of the month in which the licence is due to expire.

(7) However, if the licensee pays the licence fee within the time allowed under subsection (3) but has not given the authority the completed financial requirements forms within the time allowed under subsection (6), the authority may allow the licensee a further 28 days to give the forms.

(8) Subsection (7) and this subsection expire on 30 September 2000.

Register—Act, s 39(2)(d)

12.(1) The register must contain particulars of—

*Queensland Building Services Authority
Regulation 1992*

- (a) the value of all residential construction work undertaken by each licensee who holds a general building or house building contractor's licence; and
- (b) the number of separate projects involving residential construction work in relation to which the licensee has carried out, or agreed to carry out, building work as a licensee; and
- (c) if the licensee is a company—the full name and business address of each secretary of the company.

(2) If a person mentioned in subsection (1)(c) does not have a business address, the register must instead contain particulars of the person's residential address.

Owner-builder permits—Act, s 44

13.(1) An application for an owner-builder permit—

- (a) must be in a form approved by the authority; and
- (b) must be accompanied by the fee prescribed by schedule 1.

(2) The authority may, before granting an owner-builder permit, require the applicant to provide such evidence as the authority considers appropriate of the applicant's identity and ownership of the land on which the domestic building work is to be carried out.

(3) An owner-builder permit permits the holder of the permit, subject to any other relevant law, to carry out domestic building work (other than work related to a multiple dwelling) on land of which the holder is the owner.

(4) An applicant for an owner-builder permit to carry out building work of a value exceeding \$10 000 or, if there are 2 or more joint applicants, at least 1 of them must have completed the relevant course of instruction required by the board's policies on the issue of owner-builder permits unless exempted by the authority.

(5) If the applicant mentioned in subsection (4) is a company, at least 1 director of the company must have completed the relevant course of instruction required by the board's policies on the issue of owner-builder permits unless exempted by the authority.

*Queensland Building Services Authority
Regulation 1992*

Warnings—Act, s 47

14.(1) The notice to be given to a prospective purchaser of land under section 47(1) of the Act—

- (a) must state that building work detailed in the notice has been carried out under an owner-builder permit by a person named in the notice; and
- (b) must contain a warning in the following terms—

WARNING—THE BUILDING WORK TO WHICH THIS NOTICE RELATES IS NOT COVERED BY INSURANCE UNDER THE QUEENSLAND BUILDING SERVICES AUTHORITY ACT 1991; and

- (c) must comply with such other requirements as to its form or contents as the board may impose in its policies.

(2) The notice must be given in duplicate, and the purchaser must sign 1 copy of the notice and return it to the vendor on or before signing the contract.

Signs to be exhibited—Act, s 52

15. A sign that is to be exhibited under section 52 of the Act must conform with the following requirements—

- (a) it must be made of weatherproof materials;
- (b) it must have a surface area of not less than 0.5 m²;
- (c) it must be printed in letters not less than 0.05 m high and placed so as to be easily legible from the nearest street alignment.

Return of licence—Act, s 53

16. A licensee who is required to return a licence or licence certificate (or both) to the authority under section 53 of the Act must do so personally or by certified mail.

Advertisements—Act, s 54

17. The information to be included in an advertisement under section 54 of the Act must—

- (a) if the advertisement consists of or includes written material—be included in an easily legible and reasonably prominent form; and
- (b) if the advertisement consists of or includes spoken words—be no less audible and clear than other spoken material contained in the advertisement.

Notification of nominated supervisor—Act, s 55

18.(1) The notice required by section 55 of the Act must be in writing and must contain the following information—

- (a) the name under which the company is licensed;
- (b) the licence number and class of licence held by the company;
- (c) the full name, address and licence number of the former nominated supervisor;
- (d) the date on which that nominated supervisor ceased to be a nominated supervisor in relation to the company;
- (e) in the case of a change of nominated supervisor—
 - (i) the full name, address and licence number of the new nominated supervisor; and
 - (ii) the date on which the new nominated supervisor began acting as nominated supervisor of the company.

(2) The notice must be signed by a director of the company or by an officer authorised by the company to give the notice.

(3) A person who ceases to be the nominated supervisor of a company must within 14 days give notice in writing to the authority stating—

- (a) the date on which the person ceased to be the company's nominated supervisor; and

*Queensland Building Services Authority
Regulation 1992*

- (b) the reasons for ceasing to be the company's nominated supervisor.

Maximum penalty—10 penalty units.

Partnerships—Act, s 56

19.(1) An advertisement published or to be published in relation to the business carried on, or to be carried on, by a partnership under a licence must state the name under which the licensed contractor is licensed and the licensee's licence number.

(2) The information must—

- (a) if the advertisement consists of or includes written material—be included in an easily legible and reasonably prominent form; and
- (b) if the advertisement consists of or includes spoken words—be no less audible and clear than other spoken material contained in the advertisement.

Non-application of pt 4 of Act to contracts between consumers and certain licensed contractors

19A. A licensed contractor is of a class prescribed for section 56A of the Act if the contractor—

- (a) holds a licence of 1 of the following classes—
 - (i) residential design/drafting (limited);
 - (ii) residential design/drafting;
 - (iii) building design/drafting (limited);
 - (iv) building design/drafting; and
- (b) enters into the contract mentioned in section 56A(2) of the Act in the capacity of a person who holds a licence of a class mentioned in paragraph (a).

*Queensland Building Services Authority
Regulation 1992*

Contract for major domestic building work—Act, s 58

20.(1) A copy of a contract mentioned in section 58(2)(b) of the Act or a written notice of details of a contract mentioned in section 58(2)(c) of the Act may be given to the appropriate authority as agent for the authority.

(2) The appropriate authority must send the copy or the written notice to the authority.

(3) In this section—

“appropriate authority” means—

- (a) the local government in whose area the residential construction work mentioned in section 58(2)(b) or (c) of the Act is to be carried out; or
- (b) a person designated in the board’s policies as an appropriate authority under this section.

Cost escalation clauses—Act, s 62

21.(1) For the purposes of section 62(1) of the Act, the notice to be given by the building contractor to the consumer must conform with any requirements stated in the board’s policies.

(2) For the purposes of section 62(2)(c) of the Act, a cost escalation clause must comply with the following requirements—

- (a) the clause must be limited by condition to cases of delay or be a clause mentioned in subsection (3);
- (b) in the case of delay happening before work starts on the building site—
 - (i) the clause must be limited by condition to a delay of more than 4 weeks for which the building contractor is not responsible; and
 - (ii) the clause must provide for an increase in the contract price in accordance with the following formula—

*Queensland Building Services Authority
Regulation 1992*

The contract price increases by—

- (A) the amount of the costs incurred by the building contractor because of the delay; or
- (B) 0.125% of the contract price for each week, or part of a week, of the delay after 4 weeks;

whichever is the lesser;

(c) in the case of delay happening after work starts on the building site—

- (i) the clause must be limited by condition to a delay for which the consumer is responsible; and
- (ii) the clause must provide for an increase in the contract price in accordance with the following formula—

The contract price increases by—

- (A) the amount of the costs incurred by the building contractor because of the delay; or
- (B) 0.05% of the contract price for each day of the delay;

whichever is the lesser.

(3) A cost escalation clause in a domestic building contract entered into before 1 July 2000 may provide for an increase of the contract price for labour and materials supplied under the contract on or after 1 July 2000 in accordance with the formula set out in subsections (4) and (5).

(4) The formula is that the contract price is to be adjusted for each supply of labour or materials under the contract for the full effect on the price of the supply as a result of the New Tax System changes.

(5) The adjustment must include an increase for the amount of GST payable on each supply of labour or materials made under the contract on or after 1 July 2000 and a reduction to reflect the full effect of the ending of sales tax, and the other changes to indirect taxes, as a result of the New Tax System changes.

(6) In this section—

“**GST**” has the meaning given by the *A New Tax System (Goods and Services Tax) Act 1999* (Cwlth).

*Queensland Building Services Authority
Regulation 1992*

“**New Tax System changes**” has the meaning given by the *Trade Practices Act 1974*, part 5B.

Progress payments—Act, s 66

22.(1) Section 66 of the Act applies to a contract to carry out major domestic building work where the contract is for the construction of a home, or an addition to a home, or for the construction of a swimming pool.

(2) For the purposes of section 66(2) of the Act, the notice to be given to the consumer must be in writing and must conform with any requirements of the board’s policies.

(3) For the purposes of section 66(2) of the Act, the suggested schedule of instalments is—

- (a) if the contract is for the construction of a home or an addition to a home—

Stage of work	Maximum percentage of total price
(i) on signing the contract	5%
(ii) completion to base stage	10%
(iii) completion to frame stage	15%
(iv) completion to lockup stage	35%
(v) completion to prepaint stage	20%
(vi) practical completion	15%

- (b) if the contract is for the construction of a swimming pool—

Stage of work	Maximum percentage of total price
(i) on signing contract	10%
(ii) completion of shell	45%
(iii) practical completion	45%

*Queensland Building Services Authority
Regulation 1992*

but, if the value of the building work is not more than \$25 000, a contractual schedule for the payment of instalments is taken to be in accordance with this section if no payment, or a payment of not more than 20% of the total price, is required before the work starts on the building site (whatever provision is made for the payment of instalments after the start of the work).

(4) For the purposes of the schedules in subsection (3)—

- (a) building work is completed to the base stage when the footings, base walls, piers, columns, concrete slab, or timber bearers, joists or flooring (as the case requires) have been completed ready for the erection of the walls; and
- (b) building work is completed to the frame stage when the building frame is completed and ready for building certifier inspection; and
- (c) building work is completed to the lockup stage when the external wall cladding and roof covering is fixed, the flooring laid and the external doors and windows fixed; and
- (d) building work is completed to the prepaint stage when it has been completed except for—
 - (i) painting; and
 - (ii) final electrical fit out; and
 - (iii) laying of floor coverings; and
 - (iv) commissioning; and
 - (v) cleaning and site clearing; and
- (e) practical completion of building work is reached when the building work has been completed in accordance with the contract and all relevant statutory requirements and inspections have been satisfactorily completed.

Insurance of certain building work—Act, s 68

23.(1) The insurance premium to be paid by a building contractor under section 68(1) of the Act is stated in schedule 1.

*Queensland Building Services Authority
Regulation 1992*

(2) However, no premium is payable by a person for residential construction work to be carried out by the person as a subcontractor.

(3) The insurance premium may be paid to the local government as agent for the authority or to some other person nominated as agent of the authority in the policies of the board.

Statutory policy of insurance—Act, s 69

24. The policy of insurance mentioned in section 69(2) of the Act is in the terms stated in the board's policies.

Insurance information

25. The authority must, on written application by the owner of land, or a prospective purchaser of land, accompanied by the fee fixed by schedule 1, inform the applicant—

- (a) whether there is a policy of insurance in force under the Act in relation to building work on the land; and
- (b) if so—whether any claim has been made under the policy and the amount (if any) paid out on the claim.

Notification to authority—Act, s 86

27. On the filing of an application in the tribunal, the registrar of the tribunal must forward a copy of the application to the authority.

Registrar to send copies of determination to party—Act, s 91

28. The registrar of the tribunal must, on the application of a party in whose favour a determination has been made by the tribunal, send 2 sealed copies of the determination to the party.

Noncompliance by licensee—Act, pt 7

29.(1) The tribunal may, in a proceeding to which a licensee is a party, order that the licence be suspended or cancelled if the licensee fails to comply with an order of the tribunal within the time allowed by the tribunal.

(2) An order under this section operates, of its own force, to suspend or cancel the licence if the licensee fails to comply with the tribunal's determination within the time allowed by the tribunal.

Fees

30. The fees set out in schedule 1 are the prescribed fees for the purposes mentioned in the schedule.

Screen search

30A. No fee is payable for a screen search of the particulars in the register about an individual licensee, whether requested over the counter or by telephone.

How to work out particular matters for insurance premium

31.(1) This section applies for schedule 1, item 6(b).

(2) A notional price of proposed residential construction work for a residential unit in a multiple dwelling applies if the proposed building work to be carried out under a contract—

- (a) is the construction of a multiple dwelling; or
- (b) is to be carried out on more than 1 residential unit of a multiple dwelling.

(3) The notional price of proposed residential construction work for a residential unit in a multiple dwelling to be carried out under a contract is worked out by dividing the total contract price for all residential construction work on, or on the site of, the multiple dwelling by the number of residential units for which residential construction work is to be carried out under the contract.

*Queensland Building Services Authority
Regulation 1992*

(4) If a contract for proposed building work applies to both residential construction work and other building work, the total contract price under subsection (3) is worked out by—

- (a) multiplying the total contract price for all building work under the contract by the total exclusive floor space of the residential construction work under the contract; and
- (b) then dividing by the total exclusive floor space under the contract.

(5) In this section—

“exclusive floor space” means the area of floor space, other than for car accommodation, covered by a roof and designed to be occupied exclusively by a person.

**Transfer from Insurance Fund to General Statutory Fund—Act,
s 26(4)**

32. The maximum amount that may, within any financial year, be transferred from the Insurance Fund to the General Statutory Fund for use by the authority in administering this Act, other than in administering the statutory insurance scheme, is \$5 500 000.
