PART 2—EMPLOYER INSURANCE

Division 1—Policies and premium assessments

Application for policy

5. An application for a policy must be made to WorkCover in the approved form.

Policies and renewals

6.(1) On payment of the premium shown as payable in a premium notice issued by WorkCover to an employer, WorkCover must issue to the employer a policy, in the approved form, for the period of insurance stated in the notice.

(2) A policy has no force or effect until—

- (a) WorkCover receives the premium payable to WorkCover for the policy or its renewal; or
- (b) WorkCover enters into an instalment plan for the policy under section 10.⁸

Assessment of premium

7.(1) This section does not apply to a policy for household workers.

(2) WorkCover must assess premium payable under a policy for each period of insurance shown in a premium notice.

⁸ Section 10 (Payment of premium by instalments)

WorkCover Queensland Regulation 1997

(3) The following formula must be used to calculate premium—

$$\mathbf{P} = \mathbf{AP} - \mathbf{PPP} + \mathbf{PP} + \mathbf{FP}$$

(4) However, if the policy relates to government workers covered under an arrangement approved by WorkCover, WorkCover may assess premium at the rate decided by WorkCover after taking actuarial advice.

(5) For a period of insurance before 1 July 1997, an assessment of premium must be made in accordance with the provisions of the Act in force at the time of the relevant period of insurance.

(6) If, after the premium is assessed, WorkCover is satisfied that premium for the period has been overpaid, WorkCover must refund or credit the amount of overpayment to the employer to whom the premium notice is given.

(7) If, after the premium is assessed, WorkCover is satisfied that premium for the period has been underpaid, the employer to whom the premium notice is given must pay the premium as assessed.

(7A) The premium for a policy assessed under this section may be increased to take account of the following—

- (a) GST payable for the supply of the policy;
- (b) stamp duty payable under the *Stamp Act 1894* in respect of the policy.

(8) In subsection (3)—

“**P**” means the premium payable.

“**AP**” means assessed premium for the preceding period of insurance.

“**PPP**” means provisional premium for the preceding period of insurance.

“**PP**” means provisional premium for the period of insurance.

“**FP**” means further premium.

Declaration of wages

8.(1) This section does not apply to an employer who employs only household workers.

(2) Each employer, other than a self-insurer, must, on or before

31 August in each year, lodge with WorkCover a declaration of wages so WorkCover can assess the employer's premium.

(3) The declaration must be in—

- (a) the approved form; or
- (b) with WorkCover's approval—another form acceptable to WorkCover.

(4) If an employer does not comply with subsection (2), the employer must pay an additional premium under schedule 1.

(5) The additional premium payable under schedule 1 is the amount specified opposite the time after 31 August in a year when the employer complies with subsection (2).

Value of board and lodging

9.(1) This section applies if an employer provides, or is to provide, board to a worker during a period of insurance.

(2) The value of board provided is taken to be wages paid, or to be paid, by the employer to the worker.

(3) For each week the employer provides, or is to provide board, the value of board is not less than—

- (a) the weekly allowance for board provided for under the industrial instrument governing the calling in which the worker is engaged; or
- (b) if paragraph (a) does not apply—6% of QOTE.

(4) In this section—

“board” means accommodation, meals, laundry services or any other entitlement having a monetary value provided when lodging.

Payment of premium by instalments

10.(1) WorkCover may accept payment of premium by instalments under an instalment plan approved by WorkCover if WorkCover is satisfied that payment of premium by the due date would impose financial hardship on the employer.

(2) The instalment plan is subject to the following conditions—

- (a) interest at a rate specified by the board by industrial gazette notice must be added to the amount of each instalment;
- (b) interest must be calculated from the due date;
- (c) the interest rate that applies at the start of the instalment plan remains constant until the plan ends;
- (d) on acceptance of the instalment plan, the employer must, if required by WorkCover, enter into a payment arrangement acceptable to WorkCover;
- (e) if an instalment of premium is not paid on or before the due date for payment of the instalment—
 - (i) the total amount of unpaid instalments and interest on outstanding instalments to that day immediately becomes payable to WorkCover; and
 - (ii) additional premium under section 11 applies to the unpaid instalments and interest; and
 - (iii) the policy for which the premium is payable ceases to have effect; and
 - (iv) the employer contravenes section 52⁹ of the Act.

Additional premium for late payment—Act, ss 65 and 66

11.(1) This section applies if, on or before the due date, an employer does not pay—

- (a) the amount of premium payable under a premium notice; or
- (b) the amount by which a final assessment of premium by an industrial magistrate or the Industrial Court is more than the amount of assessment of premium paid under section 490(4)¹⁰ of the Act.

⁹ Section 52 (Employer's obligation to insure) of the Act

¹⁰ Section 490 (Appeal to industrial magistrate from decision on assessment) of the Act

WorkCover Queensland Regulation 1997

(2) To remove any doubt, this section does not apply if WorkCover has accepted payment of the amount under an instalment plan and instalments are paid under the plan.

(3) This section does not apply to an employer who employs only household workers.

(4) The additional premium payable under section 65 or 66 of the Act is—

- (a) if payment of the amount is made to WorkCover within 30 days after the due date—5% of the amount; or
- (b) if payment of the amount is made to WorkCover after 30 days but within 60 days of the due date—10% of the amount; or
- (c) if payment of the amount is made to WorkCover after 60 days of the due date or if no payment is made—10% of the amount plus interest at the annual rate mentioned in section 10(2)(a) for the period from the due date, or a later date decided by WorkCover, until the amount and all additional premium is paid to WorkCover.

Deemed premium

12.(1) For sections 75, 76 and 497¹¹ of the Act and section 31¹² of this regulation, deemed premium, for an employer for a period of insurance or for each year of a self-insurer's licence, is the notional premium calculated under the formula—

$$D = \frac{W \times R}{100}$$

(2) In deciding deemed premium for sections 75, 76 and 497 of the Act, the relevant period of insurance or year of the licence is the employer's last full year of insurance or full year of a licence.

(3) In subsection (1)—

“D” means deemed premium.

¹¹ Sections 75 (Issue of registration to single employer), 76 (Issue of registration to group employer) and 497 (Starting appeals) of the Act

¹² Section 31 (Annual levy and surcharge—Act, s 111)

“W” means—

- (a) the employer’s wages for the period of insurance or year of licence; or
- (b) if the employer has been insured or self-insured for less than 1 year—a reasonable estimate of the employer’s wages for the current period of insurance or year of licence.

“R” means the rate for the employer’s industry or business specified in the notice under section 58¹³ of the Act that applies to the period of insurance or year of licence.

Surcharge

13.(1) For a period of insurance before 1 July 1999, an employer must pay a surcharge for a policy unless—

- (a) the minimum premium mentioned in the industrial gazette notice under section 58 of the Act is payable for the policy; or
- (b) the premium has been assessed under section 7(4) for government workers.

(2) The amount of the surcharge for a period of insurance is the greater of—

- (a) 10% of the employer’s assessed premium for the period; or
- (b) \$5.00.

(3) However, for a period of insurance before 1 July 1997, the amount of the surcharge is the greater of—

- (a) 6.4% of the employer’s assessed premium for the period; or
- (b) \$5.00.

(4) In this section—

“employer” does not include an employer who employs only household workers.

¹³ Section 58 (Setting of premium) of the Act

Cancellation of policy on ceasing to employ workers

14.(1) This section applies if an employer wishes to cancel a policy because the employer has ceased to employ workers.

(2) This section does not apply to an employer who employs only household workers.

(3) The employer must give WorkCover—

(a) written notice that the employer—

(i) has ceased to employ workers on and from a date specified in the notice; and

(ii) wishes to cancel the policy; and

(b) written details of the employer's wages in relation to the period starting on 1 July last preceding the day on which employment of workers ceased and ending on that day.

(4) WorkCover must assess the premium payable by the employer for the period during which the employer was required by the Act to maintain a policy.

(5) If the premium paid by the employer for the period mentioned in subsection (3) is—

(a) greater than the amount of premium assessed under subsection (3)—WorkCover must refund to the employer the amount overpaid; or

(b) less than the amount of premium assessed under subsection (3)—the employer must pay WorkCover the amount of the deficit on or before the due date under a final premium notice issued for the amount of the deficit.

Documents to be kept—Act, s 469

15.(1) An employer or contractor must keep the following documents for section 469 of the Act—

(a) the time and wages book, or wages book, and the register of employees, required to be kept under the Industrial Relations Act;

(b) documents, or accurate and complete copies of documents,

WorkCover Queensland Regulation 1997

required to be kept under a law of the Commonwealth for payments made to the employer's workers or contractors for the performance of work, including, for example—

- (i) group certificates; and
 - (ii) group employer's reconciliation statements; and
 - (iii) prescribed payment system payer's reconciliation statements;
- (c) the person's profit and loss account, to the extent it relates to amounts paid for wages for workers, or to contractors.

(2) However, a document mentioned in subsection (1)(b) or (c) need not contain information an employer or contractor reasonably believes is confidential and not necessary to enable WorkCover to calculate the person's actual expenditure on wages or for contracts for the period to which the document relates.

Examples—

1. Income and profit lines.
2. Tax file numbers.

(3) An employer or contractor need not comply with subsection (1) if—

- (a) WorkCover has given the employer or contractor notice that a document need not be kept, and the notice remains in force; or
- (b) the employer or contractor was a corporation and has been wound-up.

(4) In this section—

“worker” does not include a household worker.

Division 2—Employer excess

Excess period—Act, s 69

16.(1) The excess period is calculated having regard to—

- (a) the days worked under a worker's contract of service with an employer when the injury was sustained; and

WorkCover Queensland Regulation 1997

(b) the period—

- (i) if the worker's total incapacity is ongoing—of 1 week from when the worker's entitlement to weekly payment of compensation starts; or
- (ii) if the worker's total incapacity is interrupted—of the worker's continuing incapacity because of the injury.

(2) If a worker is required to work for a stated number of days only, the excess period is up to the stated number of days, or 4 days, whichever is the lesser.

Example of excess period for subsection (1)(b)(i)—

1. A worker is employed 5 days a week (Monday to Friday). The worker sustains an injury on Tuesday and immediately stops work to attend for medical treatment. The treating doctor certifies total incapacity for work for 2 weeks. The excess period is 4 days (from Wednesday to Monday).

Example of excess period for subsection (1)(b)(ii)—

1. A worker is employed 5 days a week (Monday to Friday). The worker sustains an injury on Wednesday, attends for medical treatment that day and the treating doctor certifies total incapacity for 2 days. The initial excess period is 2 days (Thursday and Friday).

The worker returns to work on Monday and works Monday, Tuesday and Wednesday. However, the incapacity from the same injury continues and the worker obtains a subsequent medical certificate for 2 days. The balance of the excess period is 2 days (Thursday and Friday). The total excess period is 4 days.

Examples of excess period for subsection (2)—

1. A worker is employed 2 days a week (Thursday and Saturday). The worker sustains an injury on Saturday and continues to work until the end of the day. The worker attends for medical treatment the following Monday and the treating doctor certifies total incapacity for work for 10 days. The excess period is 2 days (Thursday and Saturday).

2. A worker is employed for 1 day only. The worker sustains an injury, attends for medical treatment and the treating doctor certifies total incapacity for 3 days. The excess period is 1 day.

Employer's election to insure against payment for excess period—Act, s 71

17.(1) An employer may only elect to insure against the employer's

liability to pay for the excess period for a period of insurance—

- (a) at the start of a new policy—by making written application to WorkCover on the application for a policy; or

(3) The methods that must be used in assessing the degree of permanent impairment resulting from an injury mentioned in part 1, 2, 4 or 6 are the methods stated in the AMA guide.

(4) However, not every injury a worker may sustain is mentioned in the table of injuries and, if a worker sustains permanent impairment from an injury that is not mentioned in the table of injuries (other than in part 3 or 5), the AMA guide must be used for assessing the degree of permanent impairment resulting from the injury.

(5) The table of injuries, part 3 must be read in conjunction with the ophthalmologists guide (for vision injuries) and the hearing loss tables (for hearing injuries).

(6) The methods that must be used in assessing the degree of permanent impairment resulting from an injury mentioned in the table of injuries, part 3 are the methods stated in the ophthalmologists guide or hearing loss tables.

(7) If there is an inconsistency between the table of injuries and the AMA guide, the ophthalmologists guide or the hearing loss tables, the table of injuries prevails to the extent of the inconsistency.

(8) For subsection (2), a provision of the AMA guide is a relevant provision of the guide for a part of the table of injuries if it is mentioned in the part as a relevant provision for the part.

Assessing degree of permanent impairment from multiple injuries using the table of injuries

56.(1) This section applies if a worker sustains permanent impairment from multiple injuries sustained in 1 event.

(2) The degree of permanent impairment for each injury is assessed separately and lump sum compensation is decided accordingly.

Example—

A worker sustains a fractured pelvis and a fractured wrist in the same event. The degree of permanent impairment resulting from each injury is assessed separately in the usual way under the table of injuries.

(3) However, for multiple injuries to a single limb, the degree of permanent impairment sustained by the worker in relation to the limb is assessed by using the combined values chart in the AMA guide, unless the guide specifies otherwise.

Example—

A worker sustains injuries to the worker's right wrist and right elbow and a crush injury to the worker's left hand. The degree of permanent impairment resulting from the injuries to the right arm is assessed by using the combined values chart in the AMA guide. The degree of permanent impairment resulting from the injury to the left hand is assessed in the usual way under the table of injuries.

(4) Also, if a worker sustains multiple injuries of a kind mentioned in the table of injuries, part 4 in 1 event, the degree of permanent impairment sustained by the worker in relation to the injuries is assessed by using the combined values chart in the AMA guide.

²⁸ Section 197 (Assessment of permanent impairment) of the Act

3 000 and 4 000 Hz with an audiometer complying with Australian Standard AS2586.

(6) The percentage loss of hearing is to be calculated by using the binaural tables and adjusted, if required, under the presbycusis correction table.

Calculation of WRI—Act, s 201

58.(1) For section 201²⁹ of the Act, a worker’s WRI is the percentage calculated using the following formula—

$$\frac{\text{LSPI} \times 100}{\text{MSC}}$$

(2) In this section—

“**LSPI**” means the lump sum compensation payable under the table of injuries for the degree of permanent impairment for the injury.

“**MSC**” means maximum statutory compensation under chapter 3, part 6³⁰ of the Act.

Example—

If a worker loses a thumb, the lump sum compensation payable under the table of injuries is \$29 695. The maximum statutory compensation is \$103 100. So, the worker’s WRI is $(29\,695 \times 100) \div 103\,100 = 28.8\%$.

Additional lump sum compensation for certain workers—Act, s 210

59. The additional lump sum compensation payable for certain workers is set out in schedule 3.

- (a) was provided to the worker before the worker sustained the impairment; and
- (b) would ordinarily be provided in the worker's home; and
- (c) is likely to continue to be provided in the worker's home.

(3) The method of assessing a worker's level of dependency is the method stated in the modified barthel index.

(4) In deciding the amount of the worker's entitlement to additional compensation, WorkCover must have regard to the information in the report.

(3) The amount of the caring allowance—

- (a) must be decided having regard to the number of hours of care required; and

(4) In subsection (3)(b)—

“carer pension rate” means the weekly amount of the maximum single carer pension rate payable from time to time under a Commonwealth law but does not include an amount for allowances, for example, rent assistance or family payment.

(3) For a current self-insurer or a current applicant, the calculation must be based on data as at the last day (also the “**assessment day**”) of the last financial quarter for which data is available—

- (a) 3 months before the day the application for renewal of self-insurance is lodged; or

- (a) the agreed or decided calculation; and
- (b) an amount equal to 5% of the agreed or decided central estimate.

(5) If the employer accepts payment of an amount under subsection (2)(a), no further amount is payable for the outstanding liability.

- (f) state the actuary’s confidence in the results of the calculation.

(3) The actuaries must complete the calculations and the reports within 35 days after the day the old insurer receives WorkCover’s written consent to the change in the self-insurer’s membership (the “**consent day**”).

Summary report

112.(1) The actuaries must jointly prepare a summary report that—

- (a) includes the individual actuarial reports; and

Agreement on calculation

113. The parties may agree on the calculation having regard to the summary report.

Reference to actuarial arbiter if no agreement

114. If the parties can not agree on the calculation, the party with whom the liability currently resides must refer the summary report to the actuarial arbiter for decision within 14 days after the party is given the summary report.

Arbiter's costs

115. The arbiter's costs in deciding on the calculation are to be paid by the parties in equal amounts.

Payment of amount for total or residual liability

116.(1) The amount the old insurer must pay the new insurer for the total or residual liability is the amount agreed to by them (the “**agreed amount**”) or, if there is no agreement, the amount decided by the arbiter (the “**decided amount**”).

(2) The old insurer must pay the agreed or decided amount—

- (a) within 3 months after the consent day; or
- (b) on a later day agreed to by the parties.

(3) The agreed or decided amount paid to the new insurer must be adjusted by the actuary of the old insurer to take into account—

- (a) compensation and damages payments made between the assessment day and the day the new insurer assumes liability; and

- (b) claims lodged against the employer or member between the assessment day and the day the new insurer assumes liability.

(4) If WorkCover is neither the old insurer nor the new insurer, the old insurer must advise WorkCover of the following no later than the day total or residual liability is paid—

- (b) the day the new insurer assumes liability;
- (c) details of the parties and the member leaving or becoming part of the self-insurer.

Transfer of claims information

117. The old insurer must give the new insurer claims information in relation to the liability no later than the day the agreed or decided amount is paid.

Division 3—Liability after cancellation of self-insurer’s licence

Purpose of div 3

118. This division sets out the process for the calculation of an amount for a former self-insurer’s liability for the Act, section 129.³⁸

Appointment of actuary

119. WorkCover and the former self-insurer must each appoint an actuary to calculate an amount for the liability.

Calculation

120.(1) The calculation must—

- (a) be prepared under the actuarial standard; and
- (b) apply a central estimate of the liability; and

³⁸ Section 129 (Assessing liability after cancellation) of the Act

- (c) as far as practicable, be based on the former self-insurer's claims experience; and
- (d) apply the risk free rate of return; and
- (e) include claims administration expenses of 7% of the liability; and
- (f) not include a prudential margin.

(2) The calculation must be based on data as at the last day (the “**assessment day**”) of the financial quarter immediately before the day the former self-insurer's licence is cancelled (the “**cancellation day**”).

Former self-insurer to give actuaries information

121. The former self-insurer must give the actuaries, in the form approved by WorkCover, the information necessary to enable the actuaries to complete the calculation within the time mentioned in section 122(3).

Actuarial report

122.(1) After completing the calculation, each actuary must prepare an actuarial report on the calculation the actuary made.

(2) The report must—

- (a) be prepared under the actuarial standard; and
- (b) clearly state the key assumptions made for the calculation and how the assumptions have been derived, including—
 - (i) the average amount of claims for compensation against the former self-insurer; and
 - (ii) the average amount of claims for damages against the former self-insurer; and
 - (iii) claims anticipated to have been incurred by the former self-insurer for which no formal claim has been lodged; and

 - (v) the frequency of claims for damages against the former self-insurer; and

- (vi) the net amount of the claims after allowing for future inflation (“**inflated value**”); and
- (vii) the net present value of the inflated value after allowing for income from assets set aside by the former self-insurer to pay the liability; and
- (viii) the rate of inflation used; and
- (c) state the following about the data used in the calculation—

Summary report

123.(1) The actuaries must jointly prepare a summary report that—

- (a) includes the individual actuarial reports; and
- (b) states how the individual reports agree or differ.

(2) The actuaries must give the completed summary report to WorkCover and the former self-insurer within 2 months after the cancellation day.

Agreement

124. WorkCover and the former self-insurer may agree on the calculation having regard to the summary report.

Reference to actuarial arbiter if no agreement

125. If WorkCover and the former self-insurer can not agree on the calculation, the former self-insurer must refer the summary report to the actuarial arbiter for decision within 14 days after the former self-insurer is given the summary report.

Arbiter's costs

126. The arbiter's costs in deciding on the calculation are to be paid by WorkCover and the former self-insurer in equal amounts.

Payment of amount for liability

127.(1) The amount the former self-insurer must pay WorkCover for the liability is the amount agreed to by WorkCover and the former self-insurer (the **“agreed amount”**) or, if there is no agreement, the amount decided by the arbiter (the **“decided amount”**).

(2) The agreed or decided amount paid to WorkCover must be adjusted by the former self-insurer's actuary to take into account—

- (a) compensation and damages payments made between the assessment day and the cancellation day; and
- (b) claims lodged against the former self-insurer between the assessment day and the cancellation day.

*Division 4—Actuarial arbiter***Function of actuarial arbiter**

128. The function of the actuarial arbiter is to consider the actuarial reports and the calculations of an amount for liability made under this part and decide on an amount for the liability.

Appointment of actuarial arbiter

129.(1) The actuarial arbiter is to be selected by a selection panel consisting of—

- (a) 2 individuals nominated by WorkCover; and
- (b) 2 individuals nominated by the Queensland Workers' Compensation Self-Insurers' Association.

(2) The individual selected must be a Fellow of the Institute of Actuaries or be an Accredited Member of the Institute.

(3) WorkCover must appoint the individual selected to be the arbiter for a term of not more than 3 years.

(4) The arbiter's conditions of appointment are to be set out in the contract made between WorkCover and the arbiter.

Decision of arbiter

130.(1) After considering the actuarial reports and the calculations of an amount for the liability by the actuaries, the arbiter must decide on—

- (a) the central estimate for the liability; and
- (b) an amount for the liability.

(2) An amount for the liability decided by the arbiter can not be more than the higher of the amounts calculated by the actuaries and can not be less than the lower of the amounts.

(3) The arbiter must give a written statement of the arbiter's decision and the reasons for the decision within 21 days after the summary report is referred to the arbiter.

Arbiter's decision is final

131. The arbiter's decision is final.

SCHEDULE 2

TABLE OF INJURIES

section 55

PART 1—UPPER EXTREMITY INJURIES

Division 1—Preliminary

Application of pt 1

- 1.(1)** This part deals with upper extremity injuries.
- (2)** The maximum lump sum compensation payable for an upper extremity injury is \$82 480.
- (3)** To decide a worker's entitlement from injury, division 2 shows—
 - (a)** the maximum degree of permanent impairment that may result from the injury; and
 - (b)** the maximum lump sum compensation payable for the injury; and
 - (c)** the maximum WRI.

How to use this part of the table

- 2.(1)** Division 2 lists certain upper extremity injuries.
- (2)** Injuries are stated in column 2, the maximum degree of permanent impairment resulting from the injury is stated in column 3, the maximum lump sum compensation for the injury is stated in column 4, and the maximum WRI is stated in column 5.
- (3)** The maximum degree of permanent impairment resulting from an injury is stated as a degree of permanent impairment of the upper extremity.

SCHEDULE 2 (continued)

(4) Some injuries mentioned in division 2 are marked with an asterisk (*).

(5) These injuries may result in the same degree of maximum permanent impairment as other injuries mentioned in the division, but, for historical reasons, give rise to different amounts of maximum lump sum compensation.

(6) For more information on how to use the table of injuries, see sections 55 and 56 of the regulation.

Interaction between this part and the AMA guide

3.(1) The degree of permanent impairment resulting from an injury to an upper extremity is expressed in division 2 as a degree of permanent impairment of the upper extremity.

(2) Even though an injury is not precisely described under division 2, a similar injury often will be.

(3) If the injury is more severe than a particular similar injury, but less severe than another similar injury, the degree of permanent impairment must always be more than the less severe injury, but not as much as the more severe injury.

(4) If an injury to an upper extremity results in permanent impairment and the injury is not mentioned in division 2, the degree of permanent impairment must be assessed under the AMA guide.

(5) However, the processes that may be used under the AMA guide cannot result in an injury giving rise to a greater degree of permanent impairment from the injury than that specified under division 2.

(6) The degree of permanent impairment resulting from the injury assessed under the AMA guide must be expressed as a degree of permanent impairment of the upper extremity.

(7) The degree of permanent impairment so expressed is taken to be the degree of permanent impairment of the upper extremity for this part.

(8) For section 55 of the regulation, the relevant provision of the AMA guide is chapter 3.

SCHEDULE 2 (continued)

Formulas to be used for deciding lump sum compensation for permanent impairment

4.(1) The following formula must be used to work out the amount of lump sum compensation payable for single or multiple injuries to the upper extremity—

$$\frac{\text{DPI} \times \text{MLSC}}{100}$$

(2) However, for a single injury (other than an injury involving sensory loss) to the index, ring or little finger, the following formula must be used—

$$\frac{\text{DPI} \times \text{LSC}}{\text{MDPI}}$$

(3) Also, for multiple injuries where at least 1 injury (other than sensory loss) is to the index, ring or little finger, the amount of lump sum compensation payable for the injuries is the sum of the amounts worked out for each injury under subsection (1) and (2).

(4) In this section—

“**DPI**” means the degree of permanent impairment of the upper extremity assessed by a registered person as resulting from the injury or, for multiple injuries, the injuries.

“**LSC**” means the lump sum compensation payable for the maximum degree of permanent impairment for the injury set out in column 4 of the table of injuries.

“**MDPI**” means the maximum degree of permanent impairment resulting from the injury or another relevant injury set out in column 3 of the table of injuries.

“**MLSC**” means the maximum lump sum compensation specified in section 1(2).

PART 2—LOWER EXTREMITY INJURIES*Division 1—Preliminary***Application of pt 2**

- 1.(1) This part deals with lower extremity injuries.
- (2) The maximum lump sum compensation payable for a lower extremity injury is \$77 325.
- (3) To decide a worker's entitlement from injury, division 2 shows—

SCHEDULE 2 (continued)

- (a) the maximum degree of permanent impairment that may result from the injury; and
- (b) the maximum lump sum compensation payable for the injury; and
- (c) the maximum WRI.

How to use this part of the table

2.(1) Division 2 lists certain lower extremity injuries.

(2) Injuries are stated in column 2, the maximum degree of permanent impairment resulting from the injury is stated in column 3, the maximum lump sum compensation for the injury is stated in column 4, and the maximum WRI is stated in column 5.

(3) The maximum degree of permanent impairment resulting from an injury is stated as a degree of permanent impairment of the lower extremity.

(4) Some injuries mentioned in division 2 are marked with an asterisk (*).

(5) These injuries may result in the same degree of maximum permanent impairment as other injuries mentioned in the division, but, for historical reasons, give rise to different amounts of maximum lump sum compensation.

(6) For more information on how to use the table of injuries, see sections 55 and 56 of the regulation.

Interaction between this part and the AMA guide

3.(1) The degree of permanent impairment resulting from an injury to a lower extremity is expressed in division 2 as a degree of permanent impairment of the lower extremity.

(2) Even though an injury is not precisely described under division 2, a similar injury often will be.

SCHEDULE 2 (continued)

(3) If the injury is more severe than a particular similar injury, but less severe than another similar injury, the degree of permanent impairment must always be more than the less severe injury, but not as much as the more severe injury.

(4) If an injury to a lower extremity results in permanent impairment and the injury is not mentioned in division 2, the degree of permanent impairment must be assessed under the AMA guide.

(5) However, the processes that may be used under the AMA guide cannot result in an injury giving rise to a greater degree of permanent impairment from the injury than that specified under division 2.

(6) The degree of permanent impairment resulting from the injury assessed under the AMA guide must be expressed as a degree of permanent impairment of the lower extremity.

(7) The degree of permanent impairment so expressed is taken to be the degree of permanent impairment of the lower extremity for this part.

(8) For section 55 of the regulation, the relevant provision of the AMA guide is chapter 3.

Formulas to be used for deciding lump sum compensation for permanent impairment

4.(1) The following formula must be used to work out the amount of lump sum compensation payable for single or multiple injuries to the lower extremity—

$$\frac{\text{DPI} \times \text{MLSC}}{100}$$

(2) However, for a single injury to a toe, the following formula must be used—

$$\frac{\text{DPI} \times \text{LSC}}{\text{MDPI}}$$

(3) Also, for multiple injuries where at least 1 injury (but not all injuries) is to the toes, the amount of lump sum compensation payable for the

SCHEDULE 2 (continued)

injuries is the sum of the amounts worked out for each injury under subsection (1) and (2).

(4) Also, for multiple toe injuries, the formula in subsection (2) must be used, but the value of LSC is as specified in division 2.

(5) In this section—

“**DPI**” means the degree of permanent impairment of the lower extremity assessed by a registered person as resulting from the injury or, for multiple injuries, the injuries.

“**LSC**” means the lump sum compensation payable for the maximum degree of permanent impairment for the injury set out in column 4 of the table of injuries.

“**MDPI**” means the maximum degree of permanent impairment resulting from the injury or another relevant injury set out in column 3 of the table of injuries.

“**MLSC**” means the maximum lump sum compensation specified in section 1(2).

Interaction between this part and the assessment guides

3.(1) The lump sum compensation payable for a vision or hearing injury mentioned in division 2 is the maximum lump sum compensation payable for the injury.

(2) If a vision or hearing injury results in permanent impairment of vision or hearing and the injury is not mentioned in division 2, the degree of permanent impairment resulting from the injury must be assessed under the relevant assessment guide.

(3) The degree of permanent impairment must be expressed as a degree of total vision or hearing loss—

- (a) for each eye or ear; or
- (b) if the injury is to both eyes or both ears—of both eyes or both ears.

(4) In this section—

“relevant assessment guide” means—

- (a) for a vision injury—the ophthalmologists guide; or
- (b) for a hearing injury—the hearing loss tables.

Formula to be used for deciding lump sum compensation for permanent impairment

4.(1) The following formula must be used to work out the amount of lump sum compensation payable for a vision or hearing injury—

$$\underline{\text{DPI} \times \text{LSC}}$$

SCHEDULE 2 (continued)

(2) However, for multiple injuries involving at least 1 of an injury to vision, hearing or a breast, the amount of lump sum compensation payable for the injuries is the sum of the amounts worked out for each injury under subsection (1).

(3) In this section—

“DPI” means—

- (a) for hearing loss from industrial deafness—the assessed degree of permanent impairment resulting from the injury less 5%;³⁹ and
- (b) for another injury under this part—the assessed degree of permanent impairment resulting from the injury.

“LSC” means the lump sum compensation payable under this part for the injury.

PART 4—OTHER INJURIES*Division 1—Preliminary***Application of pt 4**

1.(1) This part deals with the following injuries (“**system injuries**”)—

- (a) injuries to the musculo-skeletal system;
- (b) injuries to the nervous system;
- (c) injuries to the respiratory system;
- (d) injuries to the cardiovascular system;
- (e) injuries to the alimentary system;
- (f) injuries to the urinary or reproductive system;
- (g) injuries to the skin.

(2) The maximum lump sum compensation payable for an injury under this part is \$103 100.

(3) To decide a workers entitlement from injury, division 2 shows—

- (a) the maximum degree of permanent impairment that may result from the injury; and
- (b) the maximum lump sum compensation payable for the injury;

SCHEDULE 2 (continued)

and

- (c) the maximum WRI.

How to use this part of the table

2.(1) Division 2 lists certain system injuries.

(2) Injuries are stated in column 2, the maximum degree of permanent impairment resulting from the injury is stated in column 3, the maximum lump sum compensation for the injury is stated in column 4, and the maximum WRI is stated in column 5.

(3) The maximum degree of permanent impairment resulting from an injury is stated as a degree of permanent impairment of the whole person.

(4) Some injuries mentioned in division 2 are marked with an asterisk (*).

(5) These injuries may result in the same degree of permanent impairment as other injuries mentioned in the division, but, for historical reasons, give rise to different amounts of maximum lump sum compensation.

(6) For more information on how to use the table of injuries, see sections 55 and 56 of the regulation.

Interaction between this part and the AMA guide

3.(1) The degree of permanent impairment resulting from a system injury is expressed in division 2 as a degree of permanent impairment of the whole person.

(2) Even though an injury is not precisely described under division 2, a similar injury often will be.

(3) If the injury is more severe than a particular similar injury, but less severe than another similar injury, the degree of permanent impairment must always be more than the less severe injury, but not as much as the more severe injury.

(4) If a system injury results in permanent impairment and the injury is

SCHEDULE 2 (continued)

not mentioned in division 2, the degree of permanent impairment must be assessed under the AMA guide.

(5) However, the processes that may be used under the AMA guide cannot result in a system injury giving rise to a greater degree of permanent impairment from the injury than that specified under division 2.

(6) The degree of permanent impairment resulting from the injury assessed under the AMA guide must be expressed as a degree of permanent impairment of the whole person.

(7) The degree of permanent impairment so expressed is taken to be the degree of permanent impairment of the whole person for this part.

(8) For section 55 of the regulation, the relevant provisions of the AMA guide are—

- (a) for injuries to the cervicothoracic, thoracolumbar or lumbosacral spine—chapter 3; and
- (b) for injuries to the pelvis—chapter 3; and
- (c) for injuries to the brain and cranial nerves—chapters 4 and 9; and
- (d) for spinal cord injuries—chapters 3 and 4; and
- (e) for respiratory system injuries—chapter 5; and
- (f) for cardiovascular system injuries—chapter 6; and
- (g) for alimentary system injuries—chapter 10; and
- (h) for urinary or reproductive system injuries—chapter 11; and
- (i) for skin injuries—chapter 13.

Formulas to be used for deciding lump sum compensation for permanent impairment

4.(1) The following formula must be used to work out the amount of lump sum compensation payable for single or multiple system injuries—

$$\frac{\text{DPI} \times \text{MLSC}}{100}$$

100

- (2) However, for loss of smell, taste or speech, a cervical cord injury

SCHEDULE 2 (continued)

(with or without fracture) or complete paraplegia, the following formula must be used—

$$\frac{\mathbf{DPI} \times \mathbf{LSC}}{\mathbf{MDPI}}$$

(3) Also, for multiple injuries involving at least 1 injury that is loss of smell, taste or speech, a cervical cord injury or paraplegia, the amount of lump sum compensation payable for the injuries is the sum of the amounts worked out for each injury under subsection (1) and (2).

(4) In this section—

“**DPI**” means the degree of permanent impairment of the whole person assessed by a registered person as resulting from the injury or, for multiple injuries, the injuries.

“**LSC**” means the lump sum compensation payable for the maximum degree of permanent impairment for the injury set out in column 4 of the table of injuries.

“**MDPI**” means the maximum degree of permanent impairment resulting from the injury or another relevant injury set out in column 3 of the table of injuries.

“**MLSC**” means the maximum lump sum compensation specified in section 1(2).

⁴⁰ The actual percentage of permanent impairment resulting from the prescribed disfigurement must be assessed having regard to the severity of the prescribed disfigurement—see section 155(3) (Entitlements of worker who sustains prescribed disfigurement) of the Act.

PART 6—PSYCHIATRIC OR PSYCHOLOGICAL INJURIES

Application of pt 6

- 1.(1)** This part deals with psychiatric or psychological injuries.
- (2)** The maximum lump sum compensation payable for a psychiatric or psychological injury is \$103 100.
- (3)** However, most injuries will entitle an injured worker to a lesser amount.

SCHEDULE 2 (continued)

Interaction between this part and the AMA guide

2.(1) Permanent impairment resulting from a psychiatric or psychological injury must be assessed under the AMA guide.

(2) Permanent impairment resulting from an injury must be expressed as a degree of permanent impairment of the whole person.

(3) The degree of permanent impairment so expressed is taken to be the maximum degree of permanent impairment for this part.

(4) For section 55 of the regulation, the relevant provision of the AMA guide is chapter 14.

Formula to be used for deciding lump sum compensation for permanent impairment

3.(1) The following formula must be used to work out the amount of lump sum compensation payable for psychiatric or psychological injuries—

$$\frac{\text{DPI} \times \text{MLSC}}{100}$$

100

(2) In this section—

“**DPI**” means the degree of permanent impairment assessed by a registered person as resulting from the injury.

“**MLSC**” means the maximum lump sum compensation specified in section 1(2).
