(2) The volume of any of the prawns that are in a container (“**contained prawns**”) must be measured by reference to the volume of the container when it is empty.

(3) For subsection (2), a prawn is not a contained prawn if any part of it protrudes above the top of the container.

(4) The volume of any of the prawns that are not contained prawns (“**uncontained prawns**”) must be measured by—

- (a) placing them in a container or containers so that no part of any of the prawns protrudes above the top of the container or containers; and
- (b) measuring the volume of each container when it is empty; and
- (c) reference to the volume of the container or containers.

(5) The total volume is worked out by adding together the volume of all of the contained and uncontained prawns.

#### **Other authorities the chief executive may issue**

**40.(1)** The chief executive may issue an authority for taking fish for trade or commerce in a commercial fishery.

**(2)** The chief executive may issue an authority for taking coral, shell grit or star sand for trade or commerce as an exclusive coral, shell grit or star sand authority allowing only the holder to take the fish in the area identified in the authority.

### *Division 4—Fishery symbols on authorities*

#### **Fishery symbols to be written on authorities**

**41.(1)** If an authority (other than a tender commercial fishing boat licence) allows a person to do something in a commercial fishery, the chief executive must write the fishery symbol for the commercial fishery on the authority.

*Example—*

If the authority allows fishing for trade or commerce in the net fishery (ocean beach), the chief executive must write 'N4' on the authority.

(2) Also, the chief executive may write a fishery symbol on a tender commercial fishing boat licence.

(3) However, the chief executive may write the fishery symbol 'L7' on an authority only if the boat identified in the authority can be used to take fish for trade or commerce under New South Wales law.<sup>6</sup>

(4) Despite subsection (1), the chief executive need not write the fishery symbol for a following commercial fishery on a crew or fisher licence under which a crew member or fisher may take fish in the fishery—

- (a) line fishery (multiple hook—Queensland Fisheries Joint Authority);
- (b) line fishery (Queensland Fisheries Joint Authority No. 1);
- (c) line fishery (Queensland Fisheries Joint Authority No. 2).

### **Restrictions on writing fishery symbols on authorities allowing the use of boats in commercial fisheries**

**42.(1)** If a licence for a primary commercial fishing boat has a fishery symbol for the line fishery (reef) on it, the chief executive may write the fishery symbol on licences for not more than the following number of its tender commercial fishing boats—

- (a) for a primary commercial fishing boat licence with the fishery symbol 'L2' on it—4;
- (b) for a primary commercial fishing boat licence with the fishery symbol 'L3' on it—1.

(2) However, the chief executive may renew a tender commercial fishing boat licence allowing the use of a boat in the line fishery (reef), if the licence was in force immediately before the commencement and has the fishery symbol 'L2' or 'L3' on it.

---

<sup>6</sup> 'C5' is a fishery symbol for the crab fishery (spanner crab—south Queensland);  
'L7' is a fishery symbol for the line fishery (south Queensland);  
'T2' is the fishery symbol for the trawl fishery (concessional zone).

(3) Also, the chief executive may issue a tender commercial fishing boat licence with the fishery symbol 'L2' or 'L3' on it, allowing the use of a boat in the line fishery (reef), but only if—

- (a) the boat is a replacement for a boat identified in another tender commercial fishing boat licence; and
- (b) the other tender commercial fishing boat licence was in force immediately before the commencement and has the fishery symbol on it.

(4) Subject to the provisions of a management plan, the chief executive must not write more than 1 of the same fishery symbol on an authority.

### **Restrictions on writing fishery symbols on authorities allowing the use of boats of certain lengths in commercial fisheries**

43.(1) The chief executive may write a fishery symbol on an authority allowing the use of a boat in a commercial fishery only if the boat is not longer than the length permitted under a fishery provision for the fishery.

(2) However, the chief executive may renew an authority allowing the use of a boat in a commercial fishery even though the boat is longer than the length permitted under a fishery provision for the fishery, if the authority—

- (a) was in force immediately before the commencement; and
- (b) has a fishery symbol for the fishery on it.

(3) Also, the chief executive may issue an authority with a fishery symbol on it allowing the use of a boat in a commercial fishery even though the boat is longer than the length stated in a fishery provision relating to the boat's use in the fishery, but only if—

- (a) the boat is a replacement for a boat identified in another authority; and
- (b) the other authority was in force immediately before the commencement and has the fishery symbol on it.

### **Things authorised by fishery symbol**

44.(1) A person acting under an authority with a fishery symbol on it may take fish only in—

- (a) the commercial fishery identified by the symbol; or
- (b) if an area is stated on the authority—the stated area.<sup>7</sup>

(2) If a fishery provision for the commercial fishery states that only particular fish may be taken, the person may take only the stated fish.

(3) Also, the person may take fish in the commercial fishery only by using fishing apparatus—

- (a) permitted by a fishery provision for the fishery; and
- (b) in accordance with a fishery provision for the fishery.

(4) If a fishery provision for the commercial fishery does not state how many of a particular type of fishing apparatus a person may use, the person may use only 1 of each type at a time.

(5) Subsection (4) applies even if more than 1 person is acting under the authority.

### **Restriction on things authorised by an authority with more than 1 fishery symbol on it**

45.(1) If an authority has more than 1 fishery symbol on it, persons acting under the authority can not take fish in more than 1 commercial fishery at a time.

(2) However, if 1 of the fishery symbols is for the crab fishery, the persons may take crabs in that fishery and fish in 1 other commercial fishery at the same time.

### **Fishery symbol does not authorise taking fish in certain Joint Authority fisheries**

46. This division does not allow a person, in a Joint Authority fishery managed under Queensland law, and acting under an authority, to take fish to which the Joint Authority fishery applies unless—

- (a) the Joint Authority endorses the authority to extend its operation to activities over which the Joint Authority has powers under the

---

<sup>7</sup> There may be other restrictions applying to the taking of fish. See, for example, the provisions about closed seasons, closed waters and regulated fish.

Act; and

- (b) taking the fish is an activity over which the Joint Authority has powers under the Act.

### **When effect of certain fishery symbols end**

**47.(1)** The effect of the fishery symbol ‘L7’ written on an authority ends if the boat identified in the authority can not be used to take fish for trade or commerce under New South Wales law.<sup>8</sup>

**(2)** In addition, the effect of a fishery symbol for any of the following commercial fisheries written on an authority ends when the authority is transferred—

- (a) line fishery (multiple hook—East Coast);
- (b) line fishery (multiple hook—Queensland Fisheries Joint Authority);
- (c) net fishery (bait No. 2).

**(3)** Further, if the effect of the fishery symbol for the net fishery (bait No. 2) written on an authority ends, the effect of a fishery symbol for the net fishery (bait No. 1) written on the authority also ends.

**(4)** Nothing in subsection (1) prevents the chief executive issuing an authority (a “**new authority**”) with a fishery symbol on it for a fishery mentioned in the subsection if—

- (a) the new authority is for a boat replacing the boat identified in an existing authority to which the subsection applies; and
- (b) the existing authority holder and the new authority holder are the same person.

---

<sup>8</sup> ‘C5’ is a fishery symbol for the crab fishery (spanner crab—south Queensland);  
‘L7’ is a fishery symbol for the line fishery (south Queensland);  
‘T2’ is the fishery symbol for the trawl fishery (concessional zone).

***Division 5—Things authorised by, and conditions of, authorities*****Aquaculture licence**

**48.(1)** An aquaculture licence holder may buy fisheries resources stated in the licence, cultivate the fisheries resources in the area stated in the licence, process and sell fisheries resources cultivated under the licence.

**(2)** The licence is subject to the following conditions, in addition to any other conditions stated on the licence—

- (a) the holder must mark the area covered by the licence in the way stated on the licence;
- (b) for aquaculture on unallocated State land—
  - (i) the holder must keep the area and posts marking it in good condition and free from waste material and debris; and
  - (ii) if the licence expires, is cancelled or surrendered—the person who held the licence immediately before it expired, was cancelled or surrendered (the “**former holder**”) must, as soon as practicable, remove and dispose of anything used for the aquaculture activity in the way the chief executive reasonably considers is satisfactory.

**(3)** Subsection (2)(b)(ii) does not apply if the former holder has applied for another aquaculture licence for the same land, unless the application is refused.

**(4)** If the former holder does not comply with subsection (2)(b)(ii), the chief executive may remove and dispose of anything used for the aquaculture activity.

**(5)** The chief executive may recover costs reasonably incurred under subsection (4) as a debt payable to the State.

**Assistant fisher licence**

**49.** An assistant fisher may use or possess commercial fishing apparatus and take fish for trade or commerce only—

- (a) if the assistant fisher may, under the *Fisheries (East Coast Trawl) Management Plan 1999* use or possess commercial

- fishing apparatus and take fish for trade or commerce; or
- (b) while acting under direction under this regulation.<sup>9</sup>

### **Buyer licence**

**50.(1)** A class A buyer may do the following—

- (a) buy fisheries resources from a person who holds an authority allowing the person to sell the fisheries resources;
- (b) sell fisheries resources;
- (c) process fisheries resources for trade or commerce, but only at a place stated in the buyer licence.

**(2)** A class B buyer may do the things mentioned in subsection (1), but only in relation to fisheries resources not intended for human consumption.

### **Carrier boat licence**

**51.** A carrier boat licence holder may use the boat identified in the licence, or allow it to be used, to carry fish taken for trade or commerce by—

- (a) a fisher; or

### **Commercial fisher licence**

**52.** A commercial fisher may do the following—

commercial fishing boat to a buyer or someone else who may buy the fish under an authority.

### **Crew licence**

**53.(1)** A commercial fisher who holds a crew licence<sup>10</sup> may engage crew members to act under the licence.

(2) A commercial fishing boat licence holder who holds a crew licence may engage crew members to work on a commercial fishing boat identified in a commercial fishing boat licence held by the holder.

(3) A crew member engaged under a crew licence, and acting under the licence, is taken to hold an assistant fisher licence.

(4) A crew member may be in control of a commercial fishing boat, but only if a commercial fisher is on the boat and the crew member is under direction.

(5) A crew licence is subject to the condition that not more than 4 crew members may be engaged under it.

### **Primary commercial fishing boat licence**

**54.(1)** A primary commercial fishing boat licence holder may use, or allow someone else to use, the boat identified in the licence (the “**primary boat**”) to take fish for trade or commerce.

(2) However, the following conditions apply to the licence—

- (a) a commercial fisher or an assistant fisher under direction must be in control of the primary boat;
- (b) the primary boat may be used in a commercial fishery only if the fishery symbol for the fishery is written on the licence.

(3) A primary commercial fishing boat licence holder may sell fish taken while using the primary boat or its tender commercial fishing boat to a buyer or the holder of another authority who may buy the fish under the authority.

---

<sup>10</sup> For restrictions on the issue of crew licences, see section 32 (Restriction on issue of crew licences).

**Storage licence**

**55.** A storage licence holder may use only the place identified in the licence, or allow it to be used, for storing fish for trade or commerce.

**Tender commercial fishing boat licence**

**56.(1)** A tender commercial fishing boat licence holder may use, or allow someone else to use, the boat identified in the licence (the “**tender boat**”) to take fish for trade or commerce.

**(2)** However, it is a condition of the licence that a commercial fisher or an assistant fisher under direction must be in control of the tender boat.

**(3)** Also, it is a condition of the licence that the tender boat may be used in a commercial fishery only if its primary commercial fishing boat may be used in the fishery and is not being used in another commercial fishery (other than the crab fishery).

**(4)** A tender commercial fishing boat licence holder may use the tender boat as a primary commercial fishing boat if—

- (a)** its primary commercial fishing boat is able to be used by the holder, but is not also being used to take fish for trade or commerce; and
- (b)** the primary commercial fishing boat licence is kept on board the tender boat while it is used as the primary commercial fishing boat.

**(5)** While a tender commercial fishing boat is used as a primary commercial fishing boat, it is taken to be the primary commercial fishing boat.

**(6)** In subsection (4)(a)—

“**take fish**” does not include merely have fishing apparatus or fish on board the primary commercial fishing boat.

**Fish habitat area permit**

**57.** A fish habitat area permit holder may perform the works or related activity stated in the permit in a fish habitat area stated in the permit.

**Authority allowing sale of fisheries resources**

**58.(1)** The holder of an authority allowing the holder to sell fisheries resources may sell them—

- (a) if the authority has a fishery symbol on it—in the way stated in a fishery provision for the commercial fishery identified by the fishery symbol; or
- (b) if the authority does not have a fishery symbol on it—in the way stated in the authority or, if no way is stated, in any way.

**(2)** This section does not limit another provision of this regulation applying to the sale of fisheries resources by the authority holder.

***Division 6—Transfer of authorities*****Authorities that are not transferable**

**59.** Each of the following authorities is not transferable—

- (a) a crew licence;
- (b) a fisher licence;

**60.** The chief executive may transfer an aquaculture licence for unallocated State land only if the chief executive is reasonably satisfied the area mentioned in the licence is free from waste material and debris.

***Division 7—Other matters about authorities*****Authority holder only needs 1 authority for an activity**

**61.** A holder of an authority allowing an activity for which another authority may be issued under this regulation or a management plan does not also need the other authority for the activity.

<sup>12</sup> Section 73(3) of the Act requires the authority holder to give written particulars to the chief executive within 21 days after the change and imposes a penalty for noncompliance.

**Fishing priority**

**64A.(1)** Commercial fishers have the right to use nets under an authority in the order in which the fishers are ready to fish with the nets.

**(2)** If 2 or more commercial fishers jointly use nets, they are taken to be 1 commercial fisher.

**(3)** A right under subsection (1)—

- (a) only applies to an area with a radius equal to the length of net the commercial fisher is using or is ready to use; and
- (b) lasts for not more than 6 hours from when the fisher is ready to fish; and
- (c) for an ocean beach fishery—only applies if the fisher holds a licence with a symbol K1, K2, K3, K4, K5, K6, K7 or K8 written on it.
