Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

Revised edition indicates further material has affected existing material. For example—

[reprinted as in force on 1 June 2001]

An Act for a framework to integrate planning and development assessment so that development and its effects are managed in a way that is ecologically sustainable, and for related purposes

CHAPTER 1—PRELIMINARY

PART 1—INTRODUCTION

1.1.1 Short title

This Act may be cited as the *Integrated Planning Act 1997*.

1.1.2 Commencement

(1) This Act, other than chapter 2, part 2, division 2 and chapter 5, part 6, commences on a day to be fixed by proclamation.

(2) Chapter 2, part 2, division 2 commences on 1 January 2002.

(3) Chapter 5, part 6 commences on 31 March 2000.

PART 2—PURPOSE AND ADVANCING THE PURPOSE

The purpose of this Act is to seek to achieve ecological sustainability¹ by—

- (a) coordinating and integrating planning at the local, regional and State levels; and
- (b) managing the process by which development occurs; and
- (c) managing the effects of development on the environment (including managing the use of premises).

1.2.2 Advancing Act's purpose

(1) If, under this Act, a function or power is conferred on an entity, the entity must—

- (a) unless paragraph (b) or (c) applies—perform the function or exercise the power in a way that advances this Act's purpose; or
- (b) if the entity is an assessment manager other than a local government—in assessing and deciding a matter under this Act, have regard to this Act's purpose; or
- (c) if the entity is a referral agency other than a local government (unless the local government is acting as a referral agency under devolved or delegated powers)—in assessing and deciding a matter under this Act, have regard to this Act's purpose.

(2) Subsection (1) does not apply to code assessment under this Act.

1.2.3 What advancing this Act's purpose includes

- (ii) take account of short and long-term environmental effects of development at local, regional, State and wider levels; and

(3) In subsection (1)(b)—

CHAPTER 2—PLANNING

PART 1—LOCAL PLANNING INSTRUMENTS

Division 1—General provisions about planning schemes

2.1.1 Meaning of “planning scheme”

A “**planning scheme**” is an instrument made by a local government under division 3.⁵

5 The Minister also may make a planning scheme if the local government fails to comply with a direction under section 2.3.2.

2.1.2 Area to which planning schemes apply

A local government's planning scheme applies to the whole of the local government's area (the "**planning scheme area**").

Division 2—Key concepts for planning schemes

2.1.3 Key elements of planning schemes

(1) A local government and the Minister must be satisfied that the local government's planning scheme—

- (a) coordinates and integrates the matters (including the core matters) dealt with by the planning scheme, including any State and regional dimensions⁶ of the matters; and
- (b) identifies the desired environmental⁷ outcomes for the planning scheme area; and
- (c) includes measures that facilitate the desired environmental outcomes to be achieved; and
- (d) includes performance indicators to assess the achievement of the desired environmental outcomes; and
- (e) if the local government is prescribed under a regulation—includes a benchmark development sequence.⁸

(2) Measures facilitating the desired environmental outcomes to be achieved include the identification of relevant—

- (a) self-assessable development; and
- (b) assessable development requiring code or impact assessment.

(3) To remove any doubt, it is declared that—

- (a) a planning scheme may identify desired environmental outcomes for particular localities within the planning scheme area; and

6 State and regional dimensions of matters are explained in section 2.1.4.

7 For this Act, "environment" is defined in schedule 10 (Dictionary).

8 Other legislation also requires local governments to note certain matters on planning schemes, for example, the *Mineral Resources Act 1989*, section 319 requires a local government to note on its planning scheme the existence of certain mining tenures.

- (b) a local government may include a benchmark development sequence in its planning scheme even if the local government is not prescribed under a regulation.

2.1.4 State, regional and local dimensions of planning scheme matters

(1) A matter (including a core matter) in a planning scheme may have local, regional or State dimensions.

(2) A local dimension of a planning scheme matter is a dimension that is within the jurisdiction of local government but is not a regional or State dimension.

(3) A regional dimension of a planning scheme matter is a dimension—

- (a) about which a regional planning advisory committee report makes a recommendation; or
- (b) that can best be dealt with by the cooperation of 2 or more local governments.

(4) A State dimension of a planning scheme matter (including a matter reflected in a State planning policy) is a dimension of a State interest.

Division 3—Making, amending and consolidating planning schemes

2.1.5 Process for making or amending planning schemes

(1) The process stated in schedule 1 must be followed for making or amending a planning scheme.

- consideration of State interests and consultation stage¹⁰
- adoption stage.¹¹

9 See schedule 1, part 1.

10 See schedule 1, part 2.

11 See schedule 1, part 3.

2.1.6 Compliance with sch 1

Despite section 2.1.5, if a planning scheme is made or amended in substantial compliance with the process stated in schedule 1, the planning scheme or amendment is valid so long as any noncompliance has not—

- (a) adversely affected the awareness of the public of the existence and nature of the proposed scheme; or
- (b) restricted the opportunity of the public under schedule 1 to make properly made submissions; or
- (c) restricted the opportunity of the Minister to exercise the Minister's powers under schedule 1, sections 10, 11 and 18.

2.1.7 Effects of planning schemes and amendments

(1) A planning scheme made under this division for a planning scheme area—

- (a) becomes the planning scheme for the area; and
- (b) replaces any existing planning scheme applying to the area; and
- (c) has effect on and from—
 - (i) the day the adoption of the planning scheme is notified in the gazette; or
 - (ii) if a later day for the commencement of the planning scheme is stated in the planning scheme—the later day.

(2) If a planning scheme is amended under this division, the amendment has effect on and from—

- (a) the day the adoption of the amendment is notified in the gazette; or
- (b) if a later day for the commencement of the amendment is stated in the amendment—the later day.

2.1.8 Consolidating planning schemes

(1) A local government may prepare a consolidated planning scheme.

(2) Schedule 1 does not apply to the preparation of the consolidated planning scheme.

(3) The consolidated planning scheme is, in the absence of evidence to the contrary, taken to be the local government’s planning scheme as at the day the consolidation is, by resolution, adopted by the local government.

Division 4—Temporary local planning instruments

2.1.9 Meaning of “temporary local planning instrument”

A “**temporary local planning instrument**” is an instrument made by a local government under this division.

2.1.10 Extent of effect of temporary local planning instrument

(1) A temporary local planning instrument may suspend or otherwise affect the operation of a planning scheme for not more than 1 year, or a lesser period stated in the temporary local planning instrument, but can not amend a planning scheme.

(2) However, a temporary local planning instrument may be made only if the Minister is satisfied—

- (a) there is a significant risk of serious environmental harm, within the meaning of the *Environmental Protection Act 1994*, section 17,¹² or serious adverse cultural, economic or social conditions occurring in the planning scheme area; and
- (b) the delay involved in using the process under schedule 1 to amend the planning scheme would increase the risk.

12 *Environmental Protection Act 1994*, section 17—

“**Serious environmental harm**” is environmental harm (other than environmental nuisance)—

- (a) that causes actual or potential harm to environmental values that is irreversible, of a high impact or widespread; or

2.1.14 When temporary local planning instruments have effect

A temporary local planning instrument made under this division has effect—

- (a) on and from—
 - (i) the day the adoption of the instrument is notified in the gazette; or

13 See schedule 2, part 1.

14 See schedule 2, part 2.

- (b) the adoption of a planning scheme or an amendment of a planning scheme that specifically repeals the instrument.

(2) However, a local government must have the Minister's written approval to make a resolution under subsection (1)(a) if the temporary local planning instrument—

- (a) was made by the local government under the direction of the Minister under section 2.3.2(1)(c); or
- (b) was made by the Minister under section 2.3.3 after a failure of the local government to comply with a direction of the Minister under section 2.3.2(1)(c).

(5) The repeal takes effect—

- (a) if the resolution is made under subsection (1)(a)—on the day the resolution is notified in the gazette; or
- (b) if the resolution is made under subsection (1)(b)—on the day the resolution adopting the planning scheme is notified in the gazette.

Division 5—Planning scheme policies**2.1.16 Meaning of “planning scheme policy”**

A “**planning scheme policy**” is an instrument that supports the local dimension of a planning scheme and is made by a local government under this division.¹⁵

2.1.17 Area to which planning scheme policy applies

- adoption stage.¹⁸

2.1.20 Compliance with sch 3

Despite section 2.1.19, if a planning scheme policy is made or amended in substantial compliance with the process stated in schedule 3, the planning scheme policy or amendment is valid so long as any noncompliance has not—

Division 6—Local planning instruments generally

2.1.23 Local planning instruments have force of law

(1) A local planning instrument is a statutory instrument under the *Statutory Instruments Act 1992* and has the force of law.

(2) A local planning instrument may not prohibit development on, or the use of, premises.

(3) A planning scheme or a temporary local planning instrument can regulate a use of premises, but only—

- (a) by applying to the use a code identified in the planning scheme or temporary local planning instrument; and
- (b) if—
 - (i) the use is a natural and ordinary consequence of making a material change of use of the premises happening after the code took effect; and

*(1) At the end of the review the reviewer must prepare a report (the “**reviewer’s report**”) about the review and give the reviewer’s report to the chief executive.*

(2) The reviewer’s report must include a recommendation that the part of the planning scheme, or the planning scheme policy, or the part of the planning scheme policy, the subject of the review be amended or repealed or remain unchanged.

(3) If the recommendation is for the amendment of the part of the planning scheme, or the planning scheme policy, or the part of the planning scheme policy, the subject of the review, the reviewer’s report must also identify the amendment that should be effected.

(4) After receiving the reviewer’s report, the chief executive must give—

- (a) *a copy of the report to—*

- (i) *the person who requested the review; and*
- (ii) *each person who, during the consultation period, registered an interest in being heard or made a submission; and*
- (iii) *the local government, and any other local government and any State entity notified about the review; and*
- (b) *a statement of the actual cost of the review to the person who requested the review; and*
- (c) *to the local government the names and addresses of each person mentioned in paragraph (a)(i) or (ii), and each other local government, and each State entity mentioned in paragraph (a)(iii).*

2.2.18 Local government's actions after receiving reviewer's report

(1) *The local government must, having regard to the recommendation mentioned in section 2.2.17(2), decide to—*

- (a) *amend the local government's planning scheme; or*
- (b) *amend a planning scheme policy; or*
- (c) *make a new planning scheme policy; or*
- (d) *repeal a planning scheme policy; or*
- (e) *do nothing.*

(2) *The local government must give a copy of its decision and the reasons for its decision to—*

- (a) *the Minister; and*
- (b) *each person or entity the chief executive gave a copy of the reviewer's report.*

(3) *If the local government decides to take action under subsection (1)(a), the local government must immediately start the process for amending a planning scheme.*

(4) *However, for applying schedule 1, the amendment is taken to be an amendment for which schedule 1, section 2(2)(a) applies.*

(5) *If the local government decides to take action under subsection (1)(b) or (c), the local government must immediately start the process for amending or making a planning scheme policy.*

(6) If the local government decides to take action under subsection (1)(d), the local government must immediately start the process for repealing a planning scheme policy.

2.2.19 Minister's actions after receiving reviewer's report

(1) The Minister must consider the reviewer's report, the local government's decision and the reasons for the decision and decide to—

- (a) take action under part 3; or*
- (b) do nothing.*

(2) The Minister must give a copy of the Minister's decision and the reasons for the Minister's decision to—

- (a) the local government; and*
- (b) each other local government and each State entity to which the chief executive gave a copy of the reviewer's report.*

2.2.20 Withdrawing request for review

(1) The person who requested the review may, by written notice to the chief executive, withdraw the request at any time up to the completion of the reviewer's report.

(2) If the request is withdrawn, the person—

- (a) is liable for the costs of conducting the review up to the time the request is withdrawn; but*
- (b) is not liable for any costs under paragraph (a) exceeding the maximum cost of conducting the review set by the conditions for conducting the review.*

2.2.21 Paying reviewer and others and refunding any overpaid costs

(1) After receiving the reviewer's report, the chief executive must pay the amount received from the person requesting the review to the reviewer; the local government and each other local government and each State entity to which the chief executive gave a copy of the reviewer's report.

(2) The amount paid under subsection (1) must be paid in the proportions the chief executive considers appropriate having regard to the apportionments of the maximum cost of conducting the review set by the

conditions for conducting the review and the work actually undertaken by the entities to which the amount is to be paid.

(3) If the actual cost of conducting the review is less than the amount paid to the chief executive by the person requesting the review, the chief executive must pay the difference to the person requesting the review.

(4) To remove any doubt, it is declared that if the cost of conducting the review is more than the maximum cost of conducting the review set by the conditions for conducting the review, the person requesting the review is not liable for any additional costs.

2.2.22 Reviewers not liable for performing functions under review

The reviewer is not liable to pay an amount for an action brought against the reviewer arising from any hearing conducted, publication made or anything done in good faith or purportedly done in good faith in the performance of the reviewer's functions.

2.2.23 Reviews not to affect development applications

The following are not relevant considerations in the assessment of a development application—

- (a) that a review is about to start or has started;*
- (b) if a review has been completed—the recommendations made under the review.*

PART 3—STATE POWERS

Division 1—Preliminary

2.3.1 Procedures before exercising powers

(1) Before a power is exercised under this part, the Minister must give written notice of the proposed exercise of the power to the local government to be affected by the exercise of the power.

(2) However, notice need not be given if the power is proposed to be exercised at the local government's request.

(3) The notice must state—

- (a) the reasons for the proposed exercise of the power; and
- (b) a time within which the local government may make submissions to the Minister about the proposed exercise of the power.

(4) The Minister must consider any submissions made under subsection (3) and advise the local government that the Minister has decided—

- (a) not to exercise the power; or
- (b) to exercise the power.

(5) If the Minister decides to exercise the power, the Minister must advise the local government the reasons for deciding to exercise the power.

Division 2—Exercising State powers

2.3.2 Power of Minister to direct local government to take action about local planning instrument

(1) If the Minister is satisfied that it is necessary to give a direction to protect or give effect to a State interest, the Minister may direct a local government to—

- (a) review its planning scheme; or
- (b) make a planning scheme or amend its planning scheme; or
- (c) make or repeal a temporary local planning instrument; or
- (d) make, amend or repeal a planning scheme policy.

(2) The direction may be as general or specific as the Minister considers appropriate and must state the reasonable time by which the local government must comply with the direction.

(3) The Minister may direct a local government to prepare a consolidated planning scheme.

2.3.3 Power of Minister if local government fails to comply with direction

(1) If the local government does not comply with the Minister's direction within the reasonable time stated in the direction, the Minister may act for the local government to take the action the Minister directed the local government to take.

(2) Anything done by the Minister under subsection (1) is taken to have been done by the local government and has the same effect as it would have had if the local government had done it.

(3) An expense reasonably incurred by the Minister in taking an action under subsection (1) may be recovered from the local government as a debt owing to the State.

2.3.4 Process if Minister takes directed action

The process for the Minister to take the action the Minister directed the local government to take is the same as the process for the local government to take the action except that—

- (a) for making or amending a planning scheme, schedule 1, sections 10 and 18 do not apply; and
- (b) for a temporary local planning instrument, schedule 2, section 2 does not apply.

2.3.5 References in schedules to local government etc.

If the Minister takes the action the Minister directed the local government to take, a reference in part 1 or 2 or schedule 1, 2 or 3 to—

- (a) the local government's public office is a reference to the department's State office; and
- (b) a decision taken by resolution of the local government is a reference to a decision of the Minister; and
- (c) a local government's chief executive officer is a reference to the chief executive of the department.

PART 4—STATE PLANNING POLICIES

2.4.1 Meaning of “State planning policy”

(1) A “**State planning policy**” is an instrument, made by the Minister under this part, about matters of State interest.

(2) A State planning policy is a statutory instrument under the *Statutory Instruments Act 1992* and has the force of law.

2.4.2 Area to which State planning policies apply

A State planning policy has effect throughout the State unless the policy states otherwise.

2.4.3 Process for making or amending State planning policies

(1) The process stated in schedule 4 must be followed in making or amending a State planning policy.

(2) The process involves the following 3 stages—

- preparation stage²⁰
- consultation stage²¹
- adoption stage.²²

2.4.4 Compliance with sch 4

Despite section 2.4.3, if a State planning policy is made or amended in substantial compliance with the process stated in schedule 4, the policy or amendment is valid so long as any noncompliance has not—

- (a) adversely affected the awareness of the public of the existence and nature of the proposed policy or amendment; or
- (b) restricted the opportunity of the public under schedule 4 to make submissions on the proposed policy or amendment.

20 See schedule 4, part 1.

21 See schedule 4, part 2.

22 See schedule 4, part 3.

2.4.5 Effects of State planning policies

(1) A State planning policy made under this part—

- (a) if the policy states that it replaces an existing policy—replaces the existing policy; and
- (b) has effect on and from—
 - (i) the day the adoption of the policy is notified in the gazette; or
 - (ii) if a later day for the commencement of the policy is stated in the policy—the later day.

(2) If a State planning policy is amended under this part, the amendment has effect on and from—

- (a) the day the adoption of the amendment is notified in the gazette; or
- (b) if a later day for the commencement of the amendment is stated in the amendment—the later day.

2.4.6 Repealing State planning policies

(1) The Minister may repeal a State planning policy by publishing a notice in—

- (a) a newspaper circulating generally in the State; and
- (b) the gazette.

(2) The notice must state the following—

- (a) the name of the State planning policy being repealed;
- (b) if the policy applies only to a particular area of the State—the name of the area or other information necessary to adequately describe the area;
- (c) that the policy is repealed.

(3) The repeal takes effect on and from the day the notice is published in the gazette.

(4) The Minister must give each local government a copy of the notice.

PART 5—REGIONAL PLANNING ADVISORY COMMITTEES

Division 1—General provisions about regional planning advisory committees

2.5.1 What are regions

In this Act—

- (a) there are no fixed geographical areas of the State constituting regions;²³ and
- (b) a region may include the combined area of all or parts of 2 or more local government areas and an area not included in a local government area.

Division 2—Regional planning advisory committees

2.5.2 Establishment of committees

(1) The Minister may establish as many regional planning advisory committees as the Minister considers appropriate.

(2) A regional planning advisory committee may be established by—

- (a) creating a new group of persons; or
- (b) recognising an existing group of persons.

(3) Before establishing a regional planning advisory committee, the Minister must—

- (a) prepare draft terms of reference for the proposed committee; and
- (b) identify the proposed region and local governments likely to be affected by the advice of the proposed committee; and
- (c) consult with the local governments and interest groups the Minister considers appropriate about—

23 Regions will vary according to the issues to be dealt with.

- (i) the draft terms of reference (including the term of the committee); and
- (ii) the membership of the proposed committee; and
- (iii) the extent of their, the Commonwealth's and the State's, proposed participation in, and support for, the proposed committee.

2.5.3 Particulars about committee

(1) In establishing a regional planning advisory committee, the Minister must state—

- (a) the committee's name; and
- (b) the membership of the committee; and
- (c) the area covered by the region for which the committee is established; and
- (d) the committee's terms of reference.

(2) The membership of the regional planning advisory committee—

- (a) may be identified in general or specific terms; and
- (b) without limiting the scope of possible membership, must include representatives of appropriate local governments.

(3) However, a local government may elect not to be represented on a regional planning advisory committee.

2.5.4 Changing committee

After consulting the committee and any other entities the Minister considers appropriate, the Minister may change any aspect of the committee, including, for example, its name, region, terms of reference and membership.

2.5.5 Operation of committee

A regional planning advisory committee may gather information and opinions in the way it considers appropriate, but should operate in an open and participatory way.

2.5.6 Reports of committee

A regional planning advisory committee must report its findings under its terms of reference to the Minister and the local governments of its region.

PART 6—DESIGNATION OF LAND FOR COMMUNITY INFRASTRUCTURE

Division 1—Preliminary

2.6.1 Who may designate land

(1) A Minister (a “**designator**”) may, under this part, designate land for community infrastructure already existing on the land or that the State or another entity intends to supply on the land.²⁴

(2) A local government (also a “**designator**”) may, under this part, designate land for community infrastructure already existing on the land or that the local government or another entity intends to supply on the land.

2.6.2 Matters to be considered when designating land

Land may be designated for community infrastructure only if the designator is satisfied the community infrastructure will—

- (a) facilitate the implementation of legislation and policies about environmental protection or ecological sustainability; or
- (b) facilitate the efficient allocation of resources; or
- (c) satisfy statutory requirements or budgetary commitments of the State or local government for the supply of community infrastructure; or
- (d) satisfy the community’s expectations for the efficient and timely supply of the infrastructure.

²⁴ In this part, “Minister” includes any Minister of the Crown. See “Minister” in schedule 10 (Dictionary).

2.6.4 What designations may include

A designation may include—

- (a) requirements about works or the use of the land for the community infrastructure such as the height, shape, bulk or location of the works on the land, vehicular access to the land, vehicular and pedestrian circulation on the land, hours of operation of the use, landscaping on the land and ancillary uses of the land; and
- (b) other requirements designed to lessen the impacts of the works or the use of the land for community infrastructure, such as procedures for environmental management.

2.6.5 How IDAS applies to designated land

Development under a designation is, to the extent the development is self-assessable development or assessable development under a planning scheme, exempt development.²⁵

2.6.6 How infrastructure charges apply to designated land

If a public sector entity, that is a department or part of a department, proposes or starts development under a designation, the entity is not required to pay any infrastructure charge under chapter 5, part 1 (Infrastructure charges) for the development.

Division 2—Ministerial designation processes

2.6.7 Process for Minister to designate land

(1) The process stated in schedule 6 must be followed by a Minister to designate land unless the land is designated under section 2.6.8.

²⁵ Schedule 8 is relevant for deciding whether development on designated land is assessable, self-assessable or exempt development.

(2) The process involves 2 stages—

- consultation stage²⁶
- designation stage.²⁷

2.6.8 Minister may proceed straight to designation in certain circumstances

A Minister may designate land using the process stated in schedule 7 if the Minister is satisfied that—

- (a) either—
- (i) the coordinator-general has, under the *State Development and Public Works Organisation Act 1971*, section 29K,²⁸ prepared a report evaluating an EIS for a project that includes the community infrastructure; or
 - (ii) the process under the *Environmental Protection Act 1994*, chapter 3, part 1 has been completed for an EIS for a project that includes the community infrastructure; or
 - (iii) the impacts of the infrastructure or the construction of the infrastructure have been assessed under chapter 3; and
- (b) public consultation has already been carried out about the infrastructure under paragraph (a).

2.6.9 Compliance with sch 6 or 7

(1) Despite section 2.6.7, if a Minister makes a designation in substantial compliance with the process stated in schedule 6, the designation is valid so long as any noncompliance has not—

- (a) adversely affected the awareness of the public of the existence and nature of the proposed designation; or
- (b) restricted the opportunity of the public under schedule 6 to make submissions.

26 See schedule 6, part 1.

27 See schedule 6, part 2.

28 *State Development and Public Works Organisation Act 1971*, section 29K (Coordinator-General evaluates EIS, submissions, other material and prepares report)

(2) Despite section 2.6.8, if the Minister makes a designation in substantial compliance with the process stated in schedule 7, the designation is valid.

2.6.10 Effects of ministerial designations

A designation made under this division—

- (a) if the designation states that it replaces an existing designation—replaces the existing designation; and
- (b) has effect on and from—
 - (i) the day the designation is notified in the gazette; or
 - (ii) if a later day for the commencement of the designation is stated in the notice—the later day.

2.6.11 When local government must include designation in planning scheme

If a local government receives a notice from a Minister stating that the Minister has made a designation in or near its planning scheme area, the local government must note the designation on—

- (a) its planning scheme (if any); and
- (b) any new planning scheme it makes before the designation ceases to have effect.

Division 3—Local government designation process

2.6.12 Designation of land by local governments

(1) A local government may only designate land by including the designation as a substantive provision of its planning scheme.

(2) Subsection (1) applies whether or not the local government owns the land.

2.6.13 Designating land the local government does not own

(1) This section applies if the local government proposes to designate land it does not own.

(2) Before the start of the consultation period for making or amending a planning scheme intended to include the designation, the local government must give written notice of the proposed designation to the owner of the land.

(3) The notice must state the following—

- (a) the description of the land proposed to be designated, including a plan of the land;
- (b) the type of community infrastructure for which the designation is proposed;
- (c) the reasons for the designation;
- (d) that written submissions about any aspect of the proposed designation may be given to the local government during the consultation period.

Division 4—Other matters about designations

2.6.14 Duration of designations

(1) A designation ceases to have effect—

- (a) if the designation is made by a Minister—6 years after notice of the designation was published in the gazette (the “**designation cessation day**”); or
- (b) if the designation is made by a local government—6 years after the planning scheme or amendment that incorporated the designation took effect (also the “**designation cessation day**”).

(2) If after designating land but before the designation cessation day, a local government makes a new planning scheme and includes an existing designation as a substantive provision of the new planning scheme—

- (a) the existing designation continues to have effect until its designation cessation day under subsection (1); and
- (b) section 2.6.13 does not apply to remaking the designation in the new planning scheme.

2.6.15 When designations do not cease

(1) A designation does not cease to have effect on the designation cessation day if—

- (a) on the designation cessation day, an entity other than the State or the local government owns the designated land and construction of community infrastructure started before the designation cessation day; or
- (b) on the designation cessation day, the State or the local government owns the designated land; or
- (c) before the designation cessation day, the State or the local government gave a notice of intention to resume the designated land under the *Acquisition of Land Act 1967*, section 7;²⁹ or
- (d) before the designation cessation day, the State or the local government signed an agreement to take under the *Acquisition of Land Act 1967* or to otherwise buy the designated land; or
- (e) for a designation made by the Minister—before the designation cessation day, the Minister gave the local government written notice reconfirming the designation.

(2) However, if the State or a local government discontinues proceedings to resume designated land, whether before or after the designation cessation day, the designation ceases to have effect the day the proceedings are discontinued.

(3) To remove any doubt, it is declared that a designation of land or any notice given to an owner about a designation of land does not constitute a notice of intention to resume under of the *Acquisition of Land Act 1967*, section 7.

2.6.16 Reconfirming designation

(1) If the Minister gives a local government a written notice under section 2.6.15(1)(e) reconfirming a designation—

- (a) the local government must display the notice in a conspicuous place in the local government's public office; and
- (b) the Minister must—

²⁹ *Acquisition of Land Act 1967*, section 7 (Notice of intention to take land)

- (i) give the owner of the land a copy of the notice; and
- (ii) publish the notice in the gazette; and
- (c) the designation has effect for another 6 years after the notice is published in the gazette.

(2) When a local government receives a notice from the Minister reconfirming a designation in or near its planning scheme area, the local government must again note the designation on—

- (a) its planning scheme (if any); and
- (b) any new planning scheme it makes before the designation ceases to have effect.

(3) A reconfirmation of a designation is taken to be a designation to which sections 2.6.14 and 2.6.15 apply.

2.6.17 How designations must be shown in planning schemes

(1) If a local government designates land, or notes a designation of land by the Minister on its planning scheme, the designation or note must—

- (a) identify the land; and
- (b) state the type of community infrastructure for which the land was designated; and
- (c) state the day the designation was made; and
- (d) refer to any matters included as part of the designation under section 2.6.4; and
- (e) be shown in the planning scheme in a way that other provisions in the planning scheme applying to the land remain effective even if the designation is repealed or ceases to have effect.

(2) To remove any doubt, it is declared that—

- (a) a designation is part of a planning scheme; and
- (b) designation is not the only way community infrastructure may be identified in a planning scheme; and
- (c) the provisions of a planning scheme (other than the provision that designates land) applying to designated land remain effective even if the designation is repealed or ceases to have effect.

2.6.18 Repealing designations

(1) A Minister may repeal a designation made by the Minister by publishing a notice of repeal of the designation.

(2) A local government may repeal a designation made by the local government by publishing a notice of repeal of the designation.

(3) The notice must be published in the gazette and in a newspaper circulating generally in the area where the designated land is situated.

(4) The notice must state the following—

- (a) that the designation has been repealed;
- (b) the description of the land to which the designation applied;
- (c) the purpose of the community infrastructure for which the land was designated;
- (d) the reasons for the decision.

(5) If the repeal is made by the Minister, the Minister must give a copy of the notice to—

- (a) each local government to which a notice about the making of the designation was given; and
- (b) if the land is owned by an entity other than the State or the local government—the owner.

(6) If the repeal is made by the local government and the land is owned by an entity other than the local government, the local government must give a copy of the notice to the owner.

(7) The designation ceases to have effect on the day the notice is published in the gazette.

(8) If a local government repeals a designation or receives a notice from the Minister advising that the Minister has repealed a designation, the local government must note the repeal on its planning scheme.

2.6.19 Request to acquire designated land under hardship

(1) An owner of an interest in designated land may ask the designator to buy the interest.

(2) The designator must, within 40 business days after the request is received decide to—

- (a) grant the request; or
- (b) take other action under section 2.6.21; or
- (c) refuse the request.

(3) In making a decision under subsection (2), the designator must consider whether the owner—

- (a) must sell the interest without delay for personal reasons, including to avoid loss of income; or
- (b) has a genuine intent to develop the interest, but development approval has been, or is likely to be, refused because of the designation; or
- (c) has been unable to sell the interest at a fair market value (disregarding the designation).

(4) In this section—

“an interest in designated land” includes—

- (a) if the interest is part of a lot—all of the lot; and
- (b) if the interest is part of a lot (the **“first lot”**) and the first lot adjoins 1 or more lots used by the owner in conjunction with the first lot—all of the lots.

2.6.20 If designator grants request

If the designator decides to grant the request, the designator must, within 5 business days after deciding the request, give the owner a notice stating that the designator proposes to buy the interest.

2.6.21 Alternative action designator may take

If the designator decides not to buy the interest, the designator may, instead of taking action under section 2.6.22 and within 5 business days after deciding the request, give the owner a notice stating that the designator proposes to—

- (a) exchange the interest for property held by the designator; or
- (b) repeal the designation or remove the designation from the interest; or
- (c) investigate the removal of the designation from the interest.

2.6.22 If designator refuses request

If the designator decides to refuse the request, the designator must, within 5 business days after deciding the request, give the owner a notice advising that—

- (a) the request has been refused; and
- (b) the owner may appeal against the decision.

2.6.23 If the designator does not act under the notice

(1) This section applies if the designator gave a notice under section 2.6.20 or 2.6.21 and, within 40 business days after giving the notice, the designator has not—

- (a) signed an agreement with the owner to buy the interest or to take the interest under the *Acquisition of Land Act 1967*, section 15; or
- (b) signed an agreement with the owner to exchange the interest; or
- (c) repealed the designation or removed the designation from the interest.

(2) The designator must, within 5 business days after the end of the period mentioned in subsection (1), give the owner a notice of intention to resume the interest.

(3) The notice given under subsection (2) is taken to be a notice of intention to resume given under the *Acquisition of Land Act 1967*, section 7.

(4) However, the *Acquisition of Land Act 1967*, sections 13 and 41, do not apply to the resumption.³⁰

2.6.24 How value of interest is decided

If an interest in designated land is taken under the *Acquisition of Land Act 1967*, the effect of the designation must be disregarded in deciding the value of the interest taken.

30 *Acquisition of Land Act 1967*, sections 7 (Notice of intention to take land), 13 (Owner may require a small parcel of severed land to be taken), 15 (Taking by agreement) and 41 (Disposal of land).

2.6.25 Ministers may delegate certain administrative powers about designations

A Minister may delegate all or part of the Minister's powers under sections 2.6.20 and 2.6.22, schedule 6, sections 1, 4 and 5 and schedule 7, section 2 to the chief executive or a senior executive of any department for which the Minister has responsibility.

CHAPTER 3—INTEGRATED DEVELOPMENT ASSESSMENT SYSTEM (IDAS)

PART 1—PRELIMINARY

3.1.1 What is IDAS

“**IDAS**” is the system detailed in this chapter for integrating State and local government assessment and approval processes for development.³¹

3.1.2 Development under this Act

(1) Under this Act, all development is exempt development unless it is assessable development or self-assessable development.³²

(2) Schedule 8 may identify exempt development that a planning scheme can not make assessable or self-assessable development.

(3) To the extent a planning scheme is inconsistent with schedule 8, the planning scheme is of no effect.

(4) However, to the extent a planning scheme is inconsistent with schedule 8 because the planning scheme states development is self-assessable, but schedule 8 states the development is assessable—

31 This chapter sets out a number of ways the operation of IDAS can be adjusted to meet particular circumstances.

32 “Assessable development”, “self-assessable development” and “exempt development” are defined in schedule 10 (Dictionary).

- (a) codes in the planning scheme for the development are not applicable codes; but
- (b) the codes must be complied with.

3.1.3 Code and impact assessment for assessable development

(1) A regulation, a planning scheme or a temporary local planning instrument may require impact or code assessment, or both impact and code assessment, for assessable development.

(2) However—

- (a) if a regulation mentioned in subsection (1) requires code assessment for development, a planning scheme or temporary local planning instrument can not require impact assessment instead of code assessment for the aspect of development the code is about; and
- (b) to the extent the planning scheme or temporary local planning instrument is inconsistent with a regulation mentioned in subsection (1), the planning scheme or temporary local planning instrument is of no effect.

(3) Subsection (2) applies whether a regulation mentioned in subsection (1) was made before or after the commencement of the planning scheme or temporary local planning instrument.

(4) A regulation under this or another Act may also identify a code, or a part of a code, as a code, or a part of a code, that can not be changed under a local planning instrument or a local law.

(5) To the extent a local planning instrument or a local law is inconsistent with the scope of a code, or the part of a code, identified in the regulation, the local planning instrument or local law is of no effect.

3.1.4 When is a development permit necessary

(1) A development permit is necessary for assessable development.³³

(2) A development permit is not necessary for self-assessable development or exempt development.

³³ It is an offence to carry out assessable development without a development permit. See section 4.3.1 (Carrying out assessable development without permit).

(3) However—

- (a) self-assessable development must comply with applicable codes;³⁴ and
- (b) exempt development need not comply with codes or planning instruments.

3.1.5 Approvals under this Act

(1) A “**preliminary approval**” approves assessable development (but does not authorise assessable development to occur)—

- (a) to the extent stated in the approval; and
- (b) subject to the conditions in the approval.

(2) However, there is no requirement to get a preliminary approval for development.³⁵

(3) A “**development permit**” authorises assessable development to occur—

- (a) to the extent stated in the permit; and
- (b) subject to—
 - (i) the conditions in the permit; and
 - (ii) any preliminary approval relating to the development the permit authorises, including any conditions in the preliminary approval.

3.1.6 Preliminary approval may override local planning instrument

(1) This section applies only to an application for a material change of use—

- (a) requiring impact assessment; or
- (b) processed as if it were an application requiring impact assessment.³⁶

34 It is an offence to carry out self-assessable development in contravention of applicable technical assessment codes. See section 4.3.2 (Self-assessable development must comply with codes).

35 Preliminary approvals assist in the staging of approvals.

36 See section 6.1.28(2)(a) (IDAS must be used for processing applications).

(2) In addition to approving assessable development, a preliminary approval may also do either or both of the following—

- (a) state that any development that may take place on the land, the subject of the approval, may be either assessable (requiring code or impact assessment), self-assessable or exempt development or any combination of assessable, self-assessable or exempt development;
- (b) identify any codes applying to development on the land.

(3) To the extent that a preliminary approval doing either or both of the things mentioned in subsection (2) is contrary to a local planning instrument, the approval prevails.

(4) However, subsection (2) no longer applies to development mentioned in subsection (2)(a) when the first of the following happens—

- (a) the development approved by the preliminary approval and authorised by a later development permit is completed;
- (b) the time limit for completing the development ends.

(5) To the extent a preliminary approval is inconsistent with schedule 8, the preliminary approval is of no effect.

(6) However, to the extent a preliminary approval is inconsistent with schedule 8 because the preliminary approval states development is self-assessable, but schedule 8 states the development is assessable—

- (a) codes in the preliminary approval for the development are not applicable codes; but
- (b) the codes must be complied with.

3.1.7 Assessment manager

(1) The “**assessment manager**”, for an application, is—

- (a) if the development is wholly within a local government’s area—the local government, unless a different entity is prescribed under a regulation; or
- (b) if paragraph (a) does not apply—

- (i) the entity prescribed under a regulation;³⁷ or
- (ii) if no entity has been prescribed—the entity decided by the Minister.

(2) However, instead of making a decision under subsection (1)(b)(ii), the Minister may decide that the application, for which a decision under subsection (1)(b)(ii) would normally be made, be split into 2 or more applications.

(2A) If the entity prescribed or decided under subsection (1)(b) is a local government, the local government, in addition to its jurisdiction under the *Local Government Act 1993*, section 25, has the jurisdiction to assess and decide the application.

(3) The assessment manager administers applications.

3.1.8 Referral agencies

If an application is referred to a referral agency under part 3, the referral agency has, for assessing and deciding the application, the jurisdiction prescribed under a regulation.

3.1.9 Stages of IDAS

- (1) IDAS involves the following possible stages—
- application stage³⁸
 - information and referral stage³⁹
 - notification stage⁴⁰

37 Although a private certifier is not an assessment manager, the certifier can undertake certain functions of an assessment manager (see chapter 5, part 3).

38 See part 2.

39 See part 3.

40 See part 4.

- decision stage.⁴¹
- (2) Not all stages, or all parts of a stage, apply to all applications.⁴²

PART 2—APPLICATION STAGE

Division 1—Application process

3.2.1 Applying for development approval

- (1) Each application must be made to the assessment manager.⁴³
- (2) Each application must be made in the approved form.
- (3) The approved form—
- (a) must contain a mandatory requirements part including a requirement for—
 - (i) an accurate description of the land, the subject of the application; and
 - (ii) the written consent of the owner of the land to the making of the application; and
 - (b) may contain a supporting information part.
- (4) Each application must be accompanied by—
- (a) if the assessment manager is a local government—the fee set by resolution of the local government; or
 - (b) if the assessment manager is another public sector entity—the fee prescribed under a regulation under this or another Act.

41 See part 5.

42 An application for development approval for a domestic dwelling requiring code assessment only against the Standard Building Law, Standard Sewerage Law and Standard Water Supply Law will normally involve 2 stages of IDAS only—the application and decision stages. By contrast, an application for development approval for a factory requiring code assessment and a referral for workplace health and safety purposes involves 3 stages—the application, referral and decision stages.

43 A single application may be made for both a preliminary approval and a development permit.

(5) If an application is a development application (superseded planning scheme), the application must also identify the superseded planning scheme under which assessment is sought or development is proposed.

(6) An application complying with subsections (1), (2), (3)(a), (4) and (5) is a **“properly made application”**.

(7) The assessment manager may refuse to receive an application that is not a properly made application.

(8) If the assessment manager receives, and after consideration accepts, an application that is not a properly made application, the application is taken to be a properly made application.

(9) Subsection (8) does not apply to an application unless the application contains the written consent of the owner of any land to which the application applies.

3.2.2 Approved material change of use required for certain developments

(1) This section applies if, at the time an application is made—

- (a) a structure or works, the subject of an application, may not be used unless a development permit exists for the material change of use of premises for which the structure is, or works are, proposed; and
- (b) there is no development permit for the change of use; and
- (c) approval for the material change of use has not been applied for in the application or a separate application.

(2) The application is taken also to be for the change of use.

3.2.3 Acknowledgment notices generally

(1) The assessment manager for an application must give the applicant a notice (the **“acknowledgment notice”**) within—

- (a) if the application is other than a development application (superseded planning scheme)—10 business days after receiving the properly made application (the **“acknowledgment period”**); or

- (b) if the application is a development application (superseded planning scheme)—30 business days after receiving the properly made application (also the “**acknowledgment period**”).

(1A) Subsection (1) does not apply if—

- (a) the application requires code assessment only; and
- (b) there are no referral agencies (other than building referral agencies), or all referral agencies have stated in writing that they do not require the application to be referred to them under the information and referral stage; and
- (c) the application is not a development application (superseded planning scheme).

(2) The acknowledgment notice must state the following—

- (a) which of the following aspects of development the application seeks a development approval for—
 - (i) carrying out building work;
 - (ii) carrying out plumbing or drainage work;
 - (iii) carrying out operational work;
 - (iv) reconfiguring a lot;
 - (v) making a material change of use of premises;
 - (vi) clearing vegetation on freehold land;
- (b) the names of all referral agencies for the application;
- (c) whether an aspect of the development applied for requires code assessment, and if so, the names of all codes that appear to the assessment manager to be applicable codes for the development;
- (d) whether an aspect of the development applied for requires impact assessment, and if so, the public notification requirements;
- (e) if the assessment manager does not intend to make an information request under section 3.3.6—that the assessment manager does not intend to make an information request;
- (f) whether referral coordination is required.

3.2.5 Acknowledgment notices for applications under superseded planning schemes

(1) If an application is a development application (superseded planning scheme) in which the applicant advises that the applicant proposes to carry out development under a superseded planning scheme, the acknowledgment notice must state—

- (a) that the applicant may proceed as proposed as if the development were to be carried out under the superseded planning scheme; or
- (b) that a development permit is required for the application.

(2) If a notice is given under subsection (1)(a), section 3.2.3(2) does not apply.

(3) If an application is a development application (superseded planning scheme) in which the applicant asks the assessment manager to assess the application under the superseded planning scheme, the acknowledgment notice must state—

- (a) that the application will be assessed under the superseded planning scheme; or
- (b) that the application will be assessed under the existing planning scheme.

(4) If the applicant is given a notice under subsection (1)(a), the applicant may start the development for which the application was made as if the development were started under the superseded planning scheme.

(5) However, the applicant must start the development under subsection (4) within—

- (a) if the development is a material change in use—4 years after the applicant is given the notice under subsection (1)(a); or
- (b) if paragraph (a) does not apply—2 years after the applicant is given the notice under subsection (1)(a).

3.2.6 Acknowledgment notices if there are referral agencies or referral coordination is required

(1) If there are referral agencies for an application, the acknowledgment notice must also state—

- (a) the address of each referral agency; and

- (b) for each referral agency—whether the referral agency is a concurrence agency or an advice agency.

(2) If referral coordination is required, the acknowledgment notice must state that the applicant is required to give the chief executive—

- (a) a copy of the application; and
- (b) a copy of the acknowledgment notice; and
- (c) the fee prescribed under a regulation under this or another Act.⁴⁴

Division 2—General matters about applications

3.2.7 Additional third party advice or comment

(1) The assessment manager or a concurrence agency for an application may ask any person for advice or comment about the application at any stage.

(2) However asking for and receiving advice or comment must not extend any stage.

(3) There is no particular way advice or comment may be asked for and received and the request may be by publicly notifying the application.

(4) To remove any doubt, it is declared that public notification under subsection (3) is not notification under part 4, division 2.

3.2.8 Public scrutiny of applications

(1) The assessment manager must keep each application and any supporting material available for inspection and purchase from the time the assessment manager receives the application until—

- (aa) if the application is not a properly made application—the assessment manager decides not to accept the application; or
- (a) the application is withdrawn or lapses; or
- (b) if paragraphs (aa) and (a) do not apply—the end of the last period during which an appeal may be made against a decision on the application.

⁴⁴ See section 3.3.3 (Applicant gives material to referral agency).

(2) Subsection (1) does not apply to supporting material to the extent the assessment manager is satisfied the material contains—

- (a) sensitive security information; or
- (b) other information not reasonably necessary for a third party to access for the purpose of evaluating or considering the effects of the development.

(2A) Also, the assessment manager may remove the name, address and signature of each person who made a submission before making the submission available for inspection and purchase.

(3) In this section—

“supporting material” means—

- (a) the acknowledgment notice; and
- (b) any information request for the application; and
- (c) any material (including site plans, elevations and supporting reports) about the aspect of the application assessable against or having regard to the planning scheme that—
 - (i) is in the assessment manager’s possession when a request to inspect and purchase is made; and
 - (ii) has been given to the assessment manager at any time before a decision is made on the application.

3.2.9 Changing an application

(1) Before an application is decided, the applicant may change the application by giving the assessment manager written notice of the change.

(2) When the assessment manager receives notice of the change, the assessment manager must advise any referral agencies for the original application and the changed application of the receipt of the notice and its effect under subsection (3).

(3) The IDAS process stops on the day the notice of the change is received by the assessment manager and starts again—

- (a) from the start of the acknowledgment period, if 1 or more of the following apply—
 - (i) the application is an application that requires an acknowledgment notice to be given and the

acknowledgment notice for the original application has not been given;

- (ii) there are referral agencies for the original application, the changed application or both the original application and the changed application;
- (iii) the original application involved only code assessment but the changed application involves impact assessment; or

(b) if paragraph (a)(i), (ii) or (iii) does not apply—from the start of the information request period.

(4) However, the IDAS process does not stop if—

- (a) the change merely corrects a mistake about—
 - (i) the name or address of the applicant or owner; or
 - (ii) the address or other property details of the land to which the application applies; and
- (b) the assessment manager is satisfied the change would not adversely affect the ability of a person to assess the changed application.

(5) To remove any doubt, it is declared that this section does not apply if an applicant changes an application in response to an information request.

3.2.10 Notification stage does not apply to some changed applications

The notification stage does not apply to a changed application if—

- (a) the original application involved impact assessment; and
- (b) the notification stage for the original application had been completed when the IDAS process stopped; and
- (c) the assessment manager is satisfied the change to the application, if the notification stage were to apply to the change, would not be likely to attract a submission objecting to the thing comprising the change.

3.2.11 Withdrawing an application

(1) An application may be withdrawn by the applicant, by written notice given to the assessment manager, at any time before the application is decided.

(2) If the applicant withdraws the application the assessment manager must give all referral agencies written notice of the withdrawal.

(3) If within 1 year of withdrawing the application, the applicant makes a later application that is not substantially different in its proposals from the withdrawn application, any properly made submission about the withdrawn application is taken to be a properly made submission about the later application.

3.2.12 Applications lapse in certain circumstances

(1) An application lapses if—

- (a) the next action to be taken for the application under the IDAS process is to be taken by the applicant; and
- (b) the period mentioned in subsection (2) has elapsed since the applicant became entitled to take the action; and
- (c) the applicant has not taken the action.

(2) For subsection (1), the period mentioned is—

- (a) if the next action is complying with section 3.3.3⁴⁵—3 months; or
- (b) if the next action is complying with section 3.3.8⁴⁶—12 months; or
- (c) for taking the actions mentioned in section 3.4.4⁴⁷—20 business days; or
- (d) if the next action is complying with section 3.4.7—3 months.

(3) The period mentioned in subsection (2)(b) may be extended if the entity making the information request agrees with the applicant to extend the period.

3.2.13 Refunding fees

An assessment manager or a concurrence agency may, but need not, refund all or part of the fee paid to it to assess an application.

45 Section 3.3.3 (Applicant gives material to referral agency)

46 Section 3.3.8 (Applicant responds to any information request)

47 Section 3.4.4 (Public notice of applications to be given)

Division 3—End of application stage**3.2.15 When does application stage end**

The application stage for a properly made application ends—

- (a) if the application is an application that requires an acknowledgment notice to be given—the day the acknowledgment notice is given; or
- (b) if the application is an application that does not require an acknowledgment notice to be given—the day the application was received.

PART 3—INFORMATION AND REFERRAL STAGE***Division 1—Preliminary*****3.3.1 Purpose of information and referral stage**

The information and referral stage for an application—

- (a) gives the assessment manager, and any concurrence agencies, the opportunity to ask the applicant for further information needed to assess the application; and
- (b) gives concurrence agencies the opportunity to exercise their concurrence powers; and
- (c) gives the assessment manager the opportunity to receive advice about the application from referral agencies.

3.3.2 Referral agency responses before application is made

(1) Nothing in this Act stops a referral agency from giving a referral agency response on a matter within its jurisdiction about a development before an application for the development is made to the assessment manager.

(2) However—

- (a) a referral agency is not obliged to give a referral agency response mentioned in subsection (1) before the application is made; and
- (b) if the development is development requiring referral coordination, a statement in the referral agency response that the agency does not require a referral under section 3.3.3(3)(b)(i) is of no effect.

Division 2—Information requests

3.3.3 Applicant gives material to referral agency

(1) The applicant must give each referral agency—

- (a) a copy of the application (unless the referral agency already has a copy of the application); and
- (b) a copy of the acknowledgment notice (unless the referral agency was the entity that gave the notice or is a building referral agency); and
- (c) if the referral agency is a concurrence agency—the agency’s application fee prescribed under a regulation under this or another Act or, if the functions of the concurrence agency in relation to the application have been devolved or delegated to a local government, the fee that is, by resolution, adopted by the local government.

(2) The things mentioned in subsection (1)(a), (b) and (c) must be given to all referral agencies at about the same time.

(3) However, the applicant need not give a referral agency the things mentioned in subsection (1)(a), (b) and (c), if—

- (a) the applicant gave the assessment manager a copy of the referral agency’s response mentioned in section 3.3.2(1) with the application; and
- (b) the referral agency’s response states that—
 - (i) the agency does not require a referral under this section; or
 - (ii) the agency does not require a referral under this section if any conditions (including a time limit within which the application must be made) stated in the response are satisfied; and

- (c) the statement is not stopped from having effect under section 3.3.2(2)(b), and any conditions mentioned in paragraph (b)(ii) are satisfied.

(4) The assessment manager may, on behalf of the applicant and with the applicant's agreement, comply with subsection (1) for a fee, not more than the assessment manager's reasonable costs of complying with subsection (1).

(5) To the extent the functions of a referral agency in relation to the application have been lawfully devolved or delegated to the assessment manager, subsections (1) to (4) (other than subsection (1)(c)) do not apply.

3.3.4 Applicant advises assessment manager

(1) After complying with section 3.3.3, the applicant must give the assessment manager written notice of—

- (a) the day the applicant gave each referral agency the things mentioned in section 3.3.3(1)(a), (b) and (c); and
- (b) if referral coordination is required—the day the applicant complied with section 3.3.5(2).

(2) To the extent the functions of a referral agency in relation to the application have been lawfully devolved or delegated to the assessment manager, subsection (1)(a) does not apply.

3.3.5 Referral coordination

(1) If the application involves 3 or more concurrence agencies, the information requests require coordination (“**referral coordination**”) by the chief executive.

(2) If referral coordination is required, the applicant must give the chief executive—

- (a) a copy of the application; and
- (b) a copy of the acknowledgment notice; and
- (c) the fee prescribed under a regulation; and
- (d) written notice of the day the applicant complied with section 3.3.3(1) for each referral agency.

3.3.6 Information requests to applicant (generally)

(1) This section does not apply if referral coordination is required.

(2) The assessment manager and each concurrence agency may ask the applicant, by written request (an **“information request”**), to give further information needed to assess the application.

(3) A concurrence agency may only ask for information about a matter that is within its jurisdiction.

(4) If the assessment manager makes the request, the request must be made—

- (a) for an application requiring an acknowledgment notice to be given—within 10 business days after giving the acknowledgment notice (the **“information request period”**); and
- (b) for an application that does not require an acknowledgment notice to be given—within 10 business days after the day the application was received (also the **“information request period”**).

(4A) If a concurrence agency makes the request, the request must be made within 10 business days after the agency’s referral day (also the **“information request period”**).

(5) If an information request is made by a concurrence agency, the concurrence agency must—

- (a) give the assessment manager a copy of the request; and
- (b) advise the assessment manager of the day the request was made.

(6) The assessment manager or a concurrence agency may, by written notice given to the applicant and without the applicant’s agreement, extend the information request period by not more than 10 business days.

(7) Only 1 notice may be given under subsection (6) and it must be given before the information request period ends.

(8) The information request period may be further extended if the applicant, at any time, gives written agreement to the extension.

(9) If the information request period is extended for a concurrence agency, the concurrence agency must advise the assessment manager of the extension.

3.3.7 Information requests to applicant (referral coordination)

(1) This section applies if referral coordination is required.

(2) The chief executive may, within 20 business days after the chief executive receives the notice mentioned in section 3.3.5(2)(d) and after consulting the assessment manager and each referral agency—

- (a) by written request (also an **“information request”**) ask the applicant to give further information needed to assess the application; or
- (b) by written notice advise the applicant, the assessment manager and each referral agency that an information request will not be made under this section.

(3) The chief executive may, by written notice given to the applicant and without the applicant’s agreement, extend the information request period by not more than 10 business days.

(4) Only 1 notice may be given under subsection (3) and it must be given before the information request period ends.

(5) The information request period may be further extended if the applicant, at any time, gives written agreement to the extension.

(6) If the chief executive extends the information request period, the chief executive must advise the assessment manager and each concurrence agency of the extension.

(7) If the chief executive does not give the applicant an information request under this section and has not given a notice under subsection (2)(b), the chief executive must advise the applicant, the assessment manager and each referral agency that an information request will not be made under this section.

3.3.8 Applicant responds to any information request

(1) If the applicant receives an information request from the assessment manager or a concurrence agency (the **“requesting authority”**), the applicant must respond by giving the requesting authority—

- (a) all of the information requested; or
- (b) part of the information requested together with a notice asking the requesting authority to proceed with the assessment of the application; or

- (c) a notice—
 - (i) stating that the applicant does not intend to supply any of the information requested; and
 - (ii) asking the requesting authority to proceed with the assessment of the application.

(2) If the requesting authority is a concurrence agency, the applicant must also give a copy of the applicant's response to the assessment manager.

(3) If the applicant receives an information request from the chief executive carrying out referral coordination, the applicant must give the assessment manager and each referral agency (but not the chief executive) a written response to the information request supplying—

- (a) all of the information requested; or
- (b) part of the information requested together with a notice asking the assessment manager and each referral agency to proceed with the assessment of the application; or
- (c) a notice—
 - (i) stating that the applicant does not intend to supply any of the information requested; and
 - (ii) asking the assessment manager and each referral agency to proceed with the assessment of the application.

3.3.9 Referral agency advises assessment manager of response

Each referral agency must, after receiving the applicant's response, advise the assessment manager of the day of the applicant's response under section 3.3.8.

Division 3—Referral assistance

3.3.10 When referral assistance may be requested

(1) The applicant may make a written request to the chief executive for assistance (“**referral assistance**”) for an information request to which the applicant has not responded.

(2) The chief executive may give referral assistance if the chief executive is satisfied that—

- (a) the information request, being a concurrence agency's information request or an information request under referral coordination, is unreasonable or is inappropriate in the context of the application; or
- (b) the request is in conflict with another information request.

3.3.11 Chief executive acknowledges receipt of referral assistance request

(1) After receiving a referral assistance request, the chief executive must give a notice acknowledging receipt of the request to—

- (a) the applicant; and
- (b) if the request involves the assessment manager—the assessment manager; and
- (c) if the request involves a concurrence agency—the concurrence agency.

(2) The notice must state the day on which the request was received.

3.3.12 Chief executive may change information request

(1) If the chief executive decides to give referral assistance, the chief executive may, after consulting with the entity that made the information request, change the information request.

(2) However, the chief executive may change an information request made by a local government only if the local government agrees to the change.

(3) The chief executive must give a copy of the changed information request to the applicant and any entity whose information request has been changed.

3.3.13 Applicant may withdraw request for referral assistance

The applicant may, by written notice to the chief executive at any time, withdraw the request for referral assistance.

Division 4—Referral agency assessment**3.3.14 Referral agency assessment period**

(1) The period a referral agency has to assess the application (the “**referral agency’s assessment period**”) is—

- (a) the number of business days, starting on the day immediately after the agency’s referral day and being less than 30 business days, prescribed under a regulation; or
- (b) if there is no regulation under paragraph (a)—30 business days, starting on the day after the agency’s referral day.

(2) A referral agency’s assessment period includes the information request period.

(3) A concurrence agency may, by written notice given to the applicant and without the applicant’s agreement, extend its referral agency’s assessment period by not more than—

- (a) if a regulation under subsection (1)(a) has prescribed the referral agency’s assessment period—the number of business days, being less than 20 business days, prescribed under a regulation; or
- (b) if paragraph (a) does not apply—20 business days.

(4) A notice under subsection (3) may be given only before the referral agency’s assessment period ends.

(5) The referral agency’s assessment period may be further extended, including for the purpose of providing further information to the referral agency, if the applicant, before the period ends, gives written agreement to the extension.

(6) If the referral agency’s assessment period is extended for a concurrence agency, the agency must advise the assessment manager of the extension.

(7) If referral coordination is not required, the referral agency’s assessment period does not include—

- (a) any extension for giving an information request; or
- (b) any period in which the agency is waiting for a response to an information request.

(8) If referral coordination is required, the referral agency’s assessment period does not include—

- (a) if the chief executive gave an information request—the time between the agency’s referral day and the day the applicant responds under section 3.3.8(3); or
- (b) if the chief executive does not give an information request—the time between the agency’s referral day and the day the chief executive gives notice that an information request will not be made.

3.3.15 Referral agency assesses application

(1) Each referral agency must, within the limits of its jurisdiction, assess the application—

- (a) against the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, the referral agency; and
- (b) having regard to—
 - (i) any planning scheme in force, when the application was made, for the planning scheme area; and
 - (ii) any State planning policies not identified in the planning scheme as being appropriately reflected in the planning scheme;⁴⁸ and
 - (iii) if the land to which the application relates is designated land—its designation; and
- (c) for a concurrence agency—against any applicable concurrence agency code.

(2) Despite subsection (1) a referral agency—

- (a) may give the weight it considers appropriate to any laws, planning schemes, policies and codes, of the type mentioned in subsection (1), coming into effect after the application was made, but before the agency’s referral day; but
- (b) must disregard any planning scheme for the planning scheme area if the referral agency’s jurisdiction is limited to considering the effect of the Standard Building Regulation, Standard

48 See schedule 1, section 18(6) (Reconsidering proposed planning scheme for adverse effects on State interests).

Sewerage Law and Standard Water Supply Law on building, plumbing or drainage work.

3.3.16 Referral agency's response

(1) If a concurrence agency wants the assessment manager to include concurrence agency conditions in the development approval, or to refuse the application, the concurrence agency must give its response (a “**referral agency's response**”) to the assessment manager, and give a copy of its response to the applicant, during the referral agency's assessment period.

(2) If an advice agency wants the assessment manager to consider its advice or recommendations when assessing the application, the advice agency must give its response (also a “**referral agency's response**”) to the assessment manager, and give a copy of its response to the applicant, during the referral agency's assessment period.

(3) If a referral agency does not give a response under subsection (1), the assessment manager may decide the application as if the agency had assessed the application and had no concurrence agency requirements.

3.3.17 How a concurrence agency may change its response

(1) Despite section 3.3.16(1), a concurrence agency may, after the end of the assessment period but before the application is decided, give a response or amend its response.

(2) Subsection (1) applies only if the applicant has given written agreement to the content of the response or the amended response.

(3) If a concurrence agency gives or amends a response under subsection (1), the concurrence agency must give—

- (a) to the assessment manager—the response or the amended response and a copy of the agreement under subsection (2); and
- (b) to the applicant—a copy of the response or the amended response.

3.3.18 Concurrence agency's response powers

(1) A concurrence agency's response may, within the limits of its jurisdiction, tell the assessment manager 1 or more of the following—

- (a) the conditions that must attach to any development approval;

- (b) that any approval must be for part only of the development;
- (c) that any approval must be a preliminary approval only.

(2) Alternatively, a concurrence agency's response must, within the limits of its jurisdiction, tell the assessment manager—

- (a) it has no concurrence agency requirements; or
- (b) to refuse the application.

(3) A concurrence agency's response may also offer advice to the assessment manager about the application.

(4) A concurrence agency may only tell the assessment manager to refuse the application if the concurrence agency is satisfied that—

- (a) the development does not comply with a law, policy or code mentioned in section 3.3.15(1)(a) or (c); and
- (b) compliance with the law, policy or code can not be achieved by imposing conditions.

(5) However, to the extent a concurrence agency's jurisdiction is about assessing the effects of development on designated land—

- (a) subsection (4) does not apply; and
- (b) the concurrence agency may only tell the assessment manager to refuse the application if the concurrence agency is satisfied the development would compromise the intent of the designation and the intent of the designation could not be achieved by imposing conditions on the development approval.

(6) Subsection (2)(b) does not apply to the extent a concurrence agency's jurisdiction is about the assessment of the cost impacts of supplying infrastructure to development.

(7) If a concurrence agency's response requires an application to be refused or requires a development approval to include conditions, the response must include reasons for the refusal or inclusion.

3.3.19 Advice agency's response powers

(1) An advice agency's response may, within the limits of its jurisdiction—

49 Section 3.3.4 (Applicant advises assessment manager)

PART 4—NOTIFICATION STAGE

Division 1—Preliminary

3.4.1 Purpose of notification stage

The notification stage gives a person—

- (a) the opportunity to make submissions, including objections, that must be taken into account before an application is decided; and
- (b) the opportunity to secure the right to appeal to the court about the assessment manager's decision.

3.4.2 When notification stage applies

(1) The notification stage applies to an application if any part of the application requires impact assessment.

(2) Subsection (1) applies even if code assessment is required for another part of the application.

(3) Even if a concurrence agency advises the assessment manager it requires the application to be refused, the notification stage still applies to the application.

3.4.3 When can notification stage start

(1) If there are no concurrence agencies and the assessment manager has stated in the acknowledgment notice that the assessment manager does not intend to make an information request, the applicant may start the notification stage as soon as the acknowledgment notice is given.

(2) If no information requests have been made during the last information request period, the applicant may start the notification period as soon as the last information request period ends.

(3) If an information request has been made during the information request period, the applicant may start the notification period as soon as the applicant gives—

- (a) all information request responses to all information requests made; and
- (b) copies of the responses to the assessment manager.

Division 2—Public notification

3.4.4 Public notice of applications to be given

- (c) give a notice to the owners of all land adjoining the land.

(2) The notices must be in the approved form.

(3) If the assessment manager carries out notification on behalf of the applicant, the assessment manager may require the applicant to pay a fee, of not more than the assessment manager's reasonable costs for carrying out the notification.

(4) For subsection (1)(c), roads, land below high-water mark and the beds and banks of rivers are to be taken not to be adjoining land.

(5) In this section—

3.4.5 Notification period for applications

The “**notification period**” for the application—

- (a) must be not less than—
 - (i) if there is no referral coordination for the application—15 business days starting on the day after the last action under section 3.4.4(1) is carried out; or

3.4.7 Notice of compliance to be given to assessment manager

If the applicant carries out notification, the applicant must, after the notification period has ended, give the assessment manager written notice that the applicant has complied with the requirements of this division.⁵²

3.4.8 Circumstances when applications may be assessed and decided without certain requirements

Despite section 3.4.7, the assessment manager may assess and decide an application even if some of the requirements of this division have not been complied with, if the assessment manager is satisfied that any noncompliance has not—

- (a) adversely affected the awareness of the public of the existence and nature of the application; or
- (b) restricted the opportunity of the public to make properly made submissions.

⁵² It is an offence to give the assessment manager a notice under this section that is false or misleading (see section 4.3.7).

3.4.9 Making submissions

(1) During the notification period, any person other than a concurrence agency may make a submission to the assessment manager about the application.

(2) The properly made submission is taken to be a properly made submission for the later notification period and the submitter may, by written notice—

- (a) during the later notification period, amend the submission; or
- (b) at any time before a decision about the application is made, withdraw the submission.

(3) The submission the assessment manager accepted under section 3.4.9(3) is taken to be part of the common material for the application unless the person who made the submission withdraws the submission before a decision is made about the application.

Division 3—End of notification stage**3.4.10 When does notification stage end**

The notification stage ends—

- (a) if notification is carried out by the applicant—when the assessment manager receives written notice under section 3.4.7; or

PART 5—DECISION STAGE***Division 1—Preliminary*****3.5.1 When does decision stage start**

(1) If an acknowledgment notice or referral to a building referral agency for an application is required, the decision stage for the application starts the day after all other stages applying to the application have ended.

(2) If subsection (1) does not apply to an application, the decision stage for the application starts—

- (a) if an information request has been made about the application—the day the applicant responds to the information request;⁵³ or
- (b) if an information request has not been made about the application—the day the application was received.

(3) However, the assessment manager may start assessing the application before the start of the decision stage.

53 See section 3.3.8 (Applicant responds to any information request).

3.5.2 Assessment necessary even if concurrence agency refuses application

This part applies even if a concurrence agency advises the assessment manager the concurrence agency requires the application to be refused.

Division 2—Assessment process

- (b) subject to paragraph (a)—the common material.

(3) If the assessment manager is not a local government, the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, the assessment manager and that are relevant to the application, are taken to be applicable codes in addition to the applicable codes mentioned in subsection (2)(a).

(4) If the application is a development application (superseded planning scheme) and the applicant has been given a notice under section 3.2.5(3)(a), the assessment manager must assess and decide the application as if—

- (f) the matters prescribed under a regulation (to the extent they apply to a particular proposal).

(4) If the application is a development application (superseded planning scheme) and the applicant has been given a notice under section 3.2.5(3)(a), subsection (2)(b) does not apply and the assessment manager must assess and decide the application as if—

- (a) the application were an application to which the superseded planning scheme applied; and

(2) The assessment manager may, by written notice given to the applicant and without the applicant’s agreement, extend the decision making period by not more than 20 business days.

(3) Only 1 notice may be given under subsection (2) and it must be given before the decision making period ends.

(4) However, the decision making period may be further extended, including for the purpose of providing further information to the assessment manager, if the applicant, before the period ends, gives written agreement to the extension.

(5) If there is a concurrence agency for the application, the decision must not be made before 10 business days after the day the information and referral stage ends, unless the applicant gives the assessment manager written notice that it does not intend to take action under section 3.5.9 or 3.5.10.

3.5.8 Decision making period (changed circumstances)

Despite section 3.5.7, the decision making period starts again from its beginning—

(3) However—

- (a) if the application is for building work—the assessment manager's decision must not conflict with the *Building Act 1975*; and
- (b) for assessment against a code in a planning scheme—the assessment manager's decision must not compromise the achievement of the desired environmental outcomes for the planning scheme area.

(4) The assessment manager may refuse the application only if the assessment manager is satisfied—

- (a) the development does not comply with the applicable code; and

- (b) it objects to the extension being approved and give reasons for the objection.

(5) If the assessment manager does not receive a written notice within 20 business days after the day the request was received by the assessment manager, the assessment manager must decide the request as if the concurrence agency had no objection to the request.

(6) Despite subsection (5), if the development approval was subject to a concurrence agency condition about the currency period, the assessment manager must not approve the request unless the concurrence agency advises it has no objection to the extension being approved.

(7) If the assessment manager receives a written notice from a concurrence agency within 20 business days after the day the request was received by the assessment manager, the assessment manager must have regard to the notice when deciding the request.

(8) The assessment manager may make a decision under this section even if the development approval was granted by the court.

(9) Despite section 3.5.21, the development approval does not lapse until the assessment manager decides the request.

(10) After deciding the request, the assessment manager must give written notice of the decision to the person asking for the extension and any concurrence agency that gave the assessment manager a notice under subsection (4).

3.5.24 Request to change development approval (other than a change of a condition)

(1) If a person wants a minor change to be made to a development approval, the person must, by written notice—

- (a) advise each entity that was a concurrence agency that the person is asking for the change; and
- (b) advise each entity that was a building referral agency, for the aspect of the application the subject of the request, that the person is asking for the change; and
- (c) ask the assessment manager to make the change.

(2) The notices must be given at about the same time, and the notice to the assessment manager must include a copy of each notice given under subsection (1)(a).

(3) If the person asking for the change is not the owner of the land, the subject of the application, the request must contain the owner's consent.

(4) If the assessment manager has a form for the request, the request must be in the form and be accompanied by—

- (a) the fee for the request—
 - (i) if the assessment manager is a local government—set by a resolution of the local government; or
 - (ii) if the assessment manager is another public sector entity—the fee prescribed under a regulation under this or another Act; and
- (b) a copy of the advice given to any concurrence or building referral agency for the application.

(5) This section does not apply if the change is a change of a condition of the development approval.

3.5.25 Deciding request to change development approval (other than a change of a condition)

(1) If there was no concurrence or building referral agency, the assessment manager must approve or refuse the change within 30 business days after receiving the request.

(2) If a concurrence or building referral agency is required to be given a notice under section 3.5.24(1)(a) or (b), the assessment manager—

(a) must not approve or refuse the change until the first of the following happens—

(i) a written notice has been received under subsection (4) from each concurrence or building referral agency;

(ii) the period of 20 business days after receiving the request ends; but

(b) must approve or refuse the change within 30 business days after receiving the request.

(3) The assessment manager and the person making the request may agree to extend the period within which the assessment manager must decide the request.

(4) A concurrence or building referral agency given a notice under section 3.5.24(1)(a) or (b) must give the assessment manager a written notice advising—

(a) it has no objection to the change being made; or

(b) it objects to the change being made and give reasons for the objection.

(5) If the assessment manager does not receive a written notice within 20 business days after the day the request was received by the assessment manager, the assessment manager must decide the request as if the concurrence or building referral agency had no objection to the request.

(6) If the assessment manager receives a written notice from a concurrence or building referral agency within 20 business days after the day the request was received by the assessment manager, the assessment manager must have regard to the notice when deciding the request.

(7) The assessment manager may make a decision under this section even if the development approval was granted by the court.

(8) After deciding the request, the assessment manager must give written notice of the decision to the person asking for the change and any concurrence or building referral agency that gave the assessment manager a notice under subsection (4).

3.5.26 Request to cancel development approval

(1) The owner of the land, the subject of the application, or another person, with the owner's consent, may, by written notice ask the assessment manager to cancel the development approval.

(2) However, if there is a written arrangement between the owner and another person under which the other person proposes to buy the land, the owner must not ask the assessment manager to cancel the development approval unless the other person also gives written consent to the cancellation.

(3) Subsections (1) and (2) apply only if the request is made before development under the development approval starts.

(4) The request must be accompanied by the fee for the request—

- (a) if the assessment manager is a local government—set by a resolution of the local government; or
- (b) if the assessment manager is another public sector entity—the fee prescribed under a regulation under this or another Act.

(5) After receiving the notice and the fee, the assessment manager must cancel the approval and give notice of the cancellation to the person who applied for the cancellation and to each concurrence agency.

(6) If a monetary security has been given in relation to the approval, the security must be released if the approval is cancelled.

3.5.27 Certain approvals to be recorded on planning scheme

(1) If the development approval was given by a local government as assessment manager and the local government is satisfied the approval is inconsistent with the planning scheme, the local government must note the approval on its planning scheme.

(2) To remove any doubt, it is declared that—

- (a) the note on the planning scheme is not an amendment of the planning scheme; and
- (b) a contravention of subsection (1) does not affect the validity of the approval given.

3.5.28 Approval attaches to land

(1) The development approval attaches to the land, the subject of the application, and binds the owner, the owners successors in title and any occupier of the land.

(2) To remove any doubt, it is declared that subsection (1) applies even if later development (including reconfiguring a lot) is approved for the land (or the land as reconfigured).

Division 6—Conditions

3.5.29 Application of div 6

This division applies to each condition in a development approval whether the condition is a condition—

- (a) a concurrence agency directs an assessment manager to impose; or
- (b) decided by an assessment manager; or
- (c) attached to the approval under the direction of the Minister.

3.5.30 Conditions must be relevant or reasonable

(1) A condition must—

- (a) be relevant to, but not an unreasonable imposition on, the development or use of premises as a consequence of the development; or
- (b) be reasonably required in respect of the development or use of premises as a consequence of the development.

(2) Subsection (1) applies despite the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, an assessment manager or concurrence agency.

3.5.31 Conditions generally

(1) A condition may—

- (a) place a limit on how long a lawful use may continue or works may remain in place; or
- (b) state a development may not start until other development permits, for development on the same premises, have been given or other development on the same premises (including development not covered by the development application) has been substantially started or completed; or
- (c) require development, or an aspect of development, to be completed within a particular time and require the payment of security under an agreement under section 3.5.34⁵⁸ to support the condition.

(2) If a condition requires assessable development, or an aspect of assessable development, to be completed within a particular time and the assessable development or aspect is not completed within the time, the approval, to the extent it relates to the assessable development or aspect not completed, lapses.

3.5.32 Conditions that can not be imposed

(1) A condition must not—

- (a) be inconsistent with a condition of an earlier development approval still in effect for the development; or
- (b) require a monetary payment for the capital, operating and maintenance costs of, or works to be carried out for, community infrastructure; or
- (c) state that works required to be carried out for a development must be undertaken by an entity other than the applicant; or
- (d) require an access restriction strip.

(2) Nothing in this section stops a condition being imposed if the condition requires—

- (a) a monetary payment, or works to be carried out, to protect or maintain the safety or efficiency of State owned or State controlled transport infrastructure; or
- (b) a monetary payment for lessening the cost impacts of supplying infrastructure under section 3.5.35.

(3) In subsection (2)—

“State owned or State controlled transport infrastructure” means transport infrastructure under the *Transport Infrastructure Act 1994* that is owned or controlled by the State.⁵⁹

3.5.33 Request to change or cancel conditions

(1) This section applies if—

- (a) a person wants to change or cancel a condition; and
- (b) no assessable development would arise from the change or cancellation.

(2) The person may, by written notice to the entity that decided the condition or required the condition to be imposed on or attached to the approval, ask the entity to change or cancel the condition.

(3) If the person is not the owner of the land to which the approval attaches, the request must contain the owner’s consent.

(4) If the entity has a form for the request, the request must be in the form and be accompanied by the fee for the request—

- (a) if the entity is a local government—set by a resolution of the local government; or
- (b) if the assessment manager is another public sector entity—the fee prescribed under a regulation under this or another Act.

(5) The entity must decide the request within 20 business days after receiving the request.

(6) The entity and the person may agree to extend the period within which the entity must decide the request.

⁵⁹ Under the *Transport Infrastructure Act 1994*, schedule 3—

“transport infrastructure” includes road, rail, port and miscellaneous transport infrastructure.

(7) To the extent relevant, the entity must assess and decide the request having regard to—

- (a) the matters the entity would have regard to if the request were a development application; and
- (b) if submissions were made about the application under which the condition was originally imposed—the submissions.

(7A) Also, if a building referral agency gave advice about an aspect of the application the subject of the request, the assessment manager must have regard to the opinion of the agency about the change before deciding the request.

(8) The entity must give the person written notice of its decision.

(9) If the entity is a concurrence agency or the court, the entity must give the assessment manager written notice of any change or cancellation.

(10) The changed condition or cancellation takes effect from the day the notice is given to the person.

(11) Subsections (5) and (6) do not apply if the entity is the court.

3.5.34 Agreements

The applicant may enter into an agreement with an entity, including, for example, an assessment manager or a concurrence agency, to establish the obligations, or secure the performance, of a party to the agreement about a condition.

3.5.35 Limitations on conditions lessening cost impacts for infrastructure

(1) A condition requiring a monetary payment for lessening the cost impacts for infrastructure may be imposed only—

- (a) for development that is inconsistent with—
 - (i) the form or scale of lots, works or uses under the planning scheme, having regard to the provisions of the planning scheme about infrastructure; or
 - (ii) the timing for infrastructure under the planning scheme; and
- (b) to lessen the cost impacts for—
 - (i) State schools infrastructure; or

Integrated Planning Act 1997

- (ii) public transport infrastructure; or
 - (iii) State-controlled roads infrastructure; or
 - (iv) police or emergency services infrastructure; or
 - (v) a development infrastructure item; and
- (c) having regard to guidelines approved by the chief executive about the method of calculating cost impacts.

(1A) Also, an entity may not impose a condition mentioned in subsection (1) for infrastructure that is not the entity's infrastructure.

(2) The condition complies with section 3.5.30, to the extent—

- (a) the condition is for lessening the cost impacts for a development infrastructure item identified in an infrastructure charges plan; and
- (b) the item is necessary, but not yet available, to service the land.

(2A) If the development mentioned in subsection (1)(a) is development for residential (including rural residential) purposes, the development is inconsistent with the timing for infrastructure under the planning scheme only if—

- (a) the planning scheme includes a benchmark development sequence; and
- (b) all or part of the premises is not in the first stage for development shown in the benchmark development sequence.

(3) Subsection (2) applies even if a development infrastructure item mentioned in subsection (1)(b)(v) is also intended to service other land.

(4) However, instead of imposing the condition, the applicant and an entity may enter into a written agreement to make infrastructure mentioned in subsection (1)(b) available to service the land.

(5) For infrastructure mentioned in subsection (1)(b)(i) to (iv)—

“cost impacts” means—

- (a) the difference between—
 - (i) the present value of capital, operating and maintenance costs made necessary by the development; and
 - (ii) the present value of capital, operating and maintenance costs, if the approval had not been given; and

- (b) the reasonable administrative costs for calculating the difference under paragraph (a).

(6) For a development infrastructure item (the “**item**”)—

“**cost impacts**” means—

- (a) the difference between—
 - (i) the present value of capital costs made necessary by the development; and
 - (ii) the present value of capital costs, if the approval had not been given; and
- (b) additional interest charges, other financing costs and operating and maintenance costs, made necessary by the development, for all development infrastructure items (other than the item) and payable by the entity to which the monetary payment must be paid; and
- (c) the cost, or the anticipated cost, of amending the infrastructure charges plan because of the development; and
- (d) reasonable administrative costs for calculating the difference under paragraph (a) and the charges and costs mentioned in paragraphs (b) and (c).

3.5.36 Matters a condition lessening cost impacts for infrastructure must deal with

(1) A condition permitted under section 3.5.35 must—

- (a) identify the amount of the monetary payment; and
- (b) state the entity to which the monetary payment must be paid.

(2) An amount identified under subsection (1)(a) must not be more than—

- (a) to the extent the amount relates to the capital cost of infrastructure—the full capital cost; and
- (b) to the extent the amount relates to the operating and maintenance costs of infrastructure—the additional operating and maintenance costs for 15 years.

(3) If a development approval is subject to a condition mentioned in subsection (1), the approval must also—

- (a) for infrastructure under section 3.5.35(1)(b)(i) to (iv) that is a service—state the day by which the service is to be substantially started, having regard to the basis on which the cost impact was calculated; and
- (b) for infrastructure under section 3.5.35(1)(b)(i) to (iv) that is other than a service—state the day by which construction of the infrastructure is to be substantially started, having regard to the basis on which the cost impact was calculated; and
- (c) for a development infrastructure item necessary, but not yet available, to service the land—state the day by which the item is to be available to service the land, having regard to the basis on which the cost impact was calculated; and
- (d) for a development infrastructure item not mentioned in paragraph (c)—state the day by which construction of the item is to be substantially started, having regard to the basis on which the cost impact was calculated.

(4) The monetary payment must be paid—

- (a) for infrastructure mentioned in subsection (3)(a), (b) or (d)—at least 60 business days before the day stated under the subsection; or
- (b) for infrastructure mentioned in subsection (3)(c)—the day the development starts.

(5) Despite subsection (4), the applicant and the entity requiring the monetary payment may agree in writing to another time or for the payment to be made by instalments.

(6) The entity to which the monetary payment has been paid must repay the payment to the owner of the land—

- (a) for a payment made for infrastructure mentioned in subsection (3)(a)—if the service has not substantially started on the day stated under subsection (3)(a); or
- (b) for a payment made for infrastructure mentioned in subsection (3)(b) or (d)—if the construction of the infrastructure has not substantially started on the day stated under the subsection; or
- (c) if the development approval lapses or is cancelled.

(7) For infrastructure mentioned in subsection (3)(c), if the applicant complies with subsection (4)(b), the entity to which payment was made

must substantially start the infrastructure by the day stated in subsection (3)(c) unless the applicant and the entity agree in writing to a different day.

3.5.37 Covenants not to be inconsistent with development approvals

(1) Subsection (2) applies if a covenant under the *Land Act 1994*, section 373A(4)⁶⁰ or the *Land Title Act 1994*, section 97A(3)(a) or (b)⁶¹ is entered into in connection with a development application.

(2) The covenant is of no effect unless it is entered into as a requirement of a condition of a development approval for the application.

PART 6—MINISTERIAL IDAS POWERS

Division 1—Ministerial direction

3.6.1 When Ministerial direction may be given

The Minister may give a direction under this division about an application only if—

- (a) the assessment manager has not decided the application; and

- (a) to attach to the development approval the conditions stated in the notice;

⁶⁰ *Land Act 1994*, section 373A (Covenant by registration)

⁶¹ *Land Title Act 1994*, section 97A (Covenant by registration)

- (b) to approve part only of the development;
 - (c) to give a preliminary approval only.
- (2) The notice must state—
- (a) the nature of the State interest giving rise to the direction; and
 - (b) the reasons for the Minister’s direction.
- (3) The Minister must give a copy of the notice to the applicant.

3.6.3 Effect of direction

(1) If the Minister gives a direction, the assessment manager, in deciding the application, must comply with the direction.

(2) For an appeal under sections 4.1.27 to 4.1.29, the Minister’s direction is taken to be a concurrence agency’s response and the chief executive is taken to be a co-respondent.

Division 2—Ministerial call in powers

3.6.4 Definition for div 2

In this division—

“**Minister**” includes the Minister administering the *State Development and Public Works Organisation Act 1971*.

3.6.5 When a development application may be called in

The Minister may, under this division, call in an application—

- (a) only if the development involves a State interest; and

 - (i) the day the chief executive receives notice of an appeal against the application;
 - (ii) the end of both the applicant’s appeal period and the submitter’s appeal period for the decision on the application.

3.6.6 Notice of call in

(1) The Minister may, by written notice given to the assessment manager, call in the application and—

- (a) the Minister is the assessment manager from the time the application is called in until the Minister gives the decision notice; and
- (b) if the application is called in before the assessment manager makes a decision on the application—the Minister must continue the IDAS process from the point at which the application is called in; and
- (c) if the application is called in after the assessment manager makes a decision on the application—the IDAS process starts again from a point in the IDAS process the Minister decides, but before the start of the decision stage; and
- (d) until the Minister gives the decision notice a concurrence agency is taken to be an advice agency; and

- (e) the Minister's decision on the application is taken to be the original assessment manager's decision but a person may not appeal against the Minister's decision; and
- (f) if an appeal was made before the application was called in—the appeal is of no further effect.

(2) The entity that was the assessment manager before the application was called in (the “**original assessment manager**”) must give the Minister all reasonable assistance the Minister requires to assess and decide the application, including giving the Minister—

- (a) all material about the application the assessment manager had before the application was called in; and
- (b) any material received by the assessment manager after the application is called in.

(3) When the Minister gives the decision notice to the applicant and each submitter and referral agency, the Minister also must give a copy of the notice to the original assessment manager.

3.6.8 Process if call in decision does not deal with all aspects of the application

(1) If the Minister's decision notice does not decide all aspects of the application, the Minister must, by written notice, refer the aspects not decided back to the assessment manager.

(2) If the Minister gives a notice under subsection (1), the notice must state the point in the IDAS process from which the process must restart for the aspects of the application not decided by the Minister.

3.6.9 Report about decision

(1) If the Minister calls in an application, the Minister must, after deciding the application, prepare a report about the Minister's decision.

(5) If the assessing authority is the private certifier or the local government, the assessing authority may not delegate its power to give an enforcement notice about the demolition of a building.

(6) An enforcement notice requiring a person to stop carrying out building work may be given by fixing the notice to the premises, or the building or structure on the premises, in a way that a person entering the premises would normally see the notice.

(7) If, in relation to a development offence involving premises, the person who committed the offence is not the owner of the premises, the assessing authority may also give an enforcement notice to the owner requiring the owner to remedy the commission of the offence in the way stated in the notice.

4.3.12 Restriction affecting giving of enforcement notice

Subject to section 4.3.8, the assessing authority may give the enforcement notice only if, after considering all representations made by

the person about the show cause notice within the time stated in the notice, the authority still believes it is appropriate to give the enforcement notice.

4.3.13 Specific requirements of enforcement notice

(1) Without limiting specific requirements an enforcement notice may impose, a notice may require a person to do any of the following—

- (g) if the assessing authority reasonably believes a work is dangerous—
 - (i) to repair or rectify the work; or
 - (ii) to secure the work (whether by a system of supports or in another way); or
 - (iii) to fence off the work to protect persons.

(2) However, a person may be required to demolish or remove a work only if the assessing authority reasonably believes it is not possible and practical to take steps—

- (a) to make the work comply with a development approval or a code; or
- (b) if the work is dangerous—to remove the danger.

4.3.14 General requirements of enforcement notices

(1) An enforcement notice must—

- (a) be in writing; and
- (b) describe the nature of the alleged offence; and

(3) If an enforcement notice requires a person to refrain from doing an act, it also must state either—

(a) a period for which the requirement applies; or

(b) that the requirement applies until further notice.

(4) If an enforcement notice requires a person to do an act, it also must state a period within which the act is required to be done.

4.3.15 Compliance with enforcement notice

A person who is given an enforcement notice must comply with the notice.

Maximum penalty—1 665 penalty units.

Maximum penalty—1 665 penalty units.

4.3.17 Assessing authority may take action

(1) If a person to whom an enforcement notice is given contravenes the notice by not doing something, the assessing authority (if it is not a local government) may do the thing.⁹²

(2) Any reasonable costs or expenses incurred by an assessing authority in doing anything under subsection (1), may be recovered by the authority as a debt owing to it by the person to whom the notice was given.

Division 4—Offence proceedings in Magistrates Court

4.3.18 Proceedings for offences

(1) A person may bring a proceeding in a Magistrates Court on a complaint to prosecute another person for an offence against this part.

(2) The person may bring the proceeding whether or not any right of the person has been, or may be, infringed by, or because of, the commission of the offence.

(3) However, proceedings may only be brought by the assessing authority for an offence under—

- (a) section 4.3.1, 4.3.2 or 4.3.3 about the Standard Building Regulation; or

- (d) to do, or not to do, another act to ensure development or use of the premises complies with a development approval or a code; or
- (e) for development that has started—to apply for a development permit; or
- (f) if the court believes a work is dangerous—
 - (i) to repair or rectify the work; or
 - (ii) to secure the work.

(4) The order must state the time, or period, within which the order must be complied with.

(5) A person who contravenes the order commits an offence against this Act.

Maximum penalty—1 665 penalty units or imprisonment for 12 months.

(6) If the order states that contravention of the order is a public nuisance, an assessing authority (other than a local government) may undertake any work necessary to remove the nuisance.⁹³

⁹³ If the assessing authority is a local government it has similar powers under the *Local Government Act 1993*, section 1066 and has powers to recover its costs under sections 1067 and 1068.

(1) Subsections (2) and (3) apply in a proceeding for an offence against this Act.

(2) If it is relevant to prove a person's state of mind about a particular act or omission, it is enough to show—

- (a) the act was done or omitted to be done by a representative of the person within the scope of the representative's actual or apparent authority; and
- (b) the representative had the state of mind.

(3) An act done or omitted to be done for a person by a representative of the person within the scope of the representative's actual or apparent authority is taken to have been done or omitted to be done also by the person, unless the person proves the person could not, by the exercise of reasonable diligence, have prevented the act or omission.

(4) In this section—

“representative” means—

- (a) of a corporation—an executive officer, employee or agent of the corporation; or

CHAPTER 5—MISCELLANEOUS

PART 1—INFRASTRUCTURE CHARGES

Division 1—Preliminary

5.1.1 Meaning of “development infrastructure item”

(1) A “**development infrastructure item**” is land, capital works or land and capital works for any of the following infrastructure—

- (a) urban water cycle management infrastructure (including infrastructure for water supply, sewerage, collecting water, treating water, stream managing, disposing of waters and flood mitigation);
- (b) transport infrastructure (including roads, vehicle lay-bys, traffic control devices, dedicated public transport corridors, public parking facilities predominantly serving a local area, cycle ways, pathways and ferry terminals);
- (c) infrastructure for local community purposes.

(2) In subsection (1)—

“**capital works**”, for local community purposes, means works that ensure land is suitable for development for its intended purpose.

“**roads**” does not include State-controlled roads.

“urban water cycle management infrastructure” includes rural residential water cycle management infrastructure.

5.1.2 Meaning of “desired standard of service”

A **“desired standard of service”**, for a network of development infrastructure items, is the standard of performance stated in an infrastructure charges plan for the network.

5.1.3 Meaning of “life cycle cost”

The **“life cycle cost”**, for a network of development infrastructure items, is the amount of the capital cost of the network plus the amount representing the present value of operating and maintenance costs of the network over 30 years, or the longer period decided by the entity preparing the infrastructure charges plan.

5.1.4 Meaning of “infrastructure charges plan”

(1) An **“infrastructure charges plan”** is the part of a planning scheme that—

- (a) identifies development infrastructure items making up a network of development infrastructure items; and
- (b) states the desired standard of service for the network having regard to user benefits and environmental effects of the network; and
- (c) evaluates alternative ways of funding the items.

Example for subsection (1)(b)—

For water supply, the desired standard of service may be expressed as the minimum head of pressure available at each domestic or business service point.

(2) For development infrastructure items for which an infrastructure charge is intended, the plan must—

- (a) explain why an infrastructure charge is intended for the items; and
- (b) state the estimated proportion of the capital cost of the items to be funded by the charge; and
- (c) include a schedule stating the estimated timing for, and estimated capital cost of, the items; and

- (d) state the method or methods by which the charge must be calculated; and
- (e) state each area in which the charge applies; and
- (f) identify each type of lot, work or use, in respect of which, the charge applies; and
- (g) for each type of lot, work or use in an area stated under paragraph (e)—calculate the rate at which the charge applies using a method stated under paragraph (d); and
- (h) if the charge is payable by a person other than an applicant for a development approval—state when the charge is payable.

(3) The capital cost mentioned in subsection (2)(c) must be calculated so as to minimise the life cycle cost for the desired standard of service for the network.

(4) The infrastructure charges plan must be prepared having regard to any guidelines approved by the chief executive for preparing the plan.

(5) For an infrastructure charges plan, a planning scheme may also apply to a development infrastructure item even though the item is not within or wholly within a local government's area.

Division 2—Charging for development infrastructure items

5.1.5 Fixing infrastructure charges

(1) If a local government fixes a general charge under the *Local Government Act 1993*, section 559(2)⁹⁴ for the capital cost of a development infrastructure item (an “**infrastructure charge**”) the charge must be fixed only in the way stated in this division.

(2) A local government need not, in circumstances it considers appropriate, fix an infrastructure charge in respect of a particular lot, work or use.

(3) However, a local government must not fix an infrastructure charge to fund the capital cost of a development infrastructure item servicing a work or use of land authorised under the *Mineral Resources Act 1989*.

⁹⁴ *Local Government Act 1993*, section 559 has been renumbered as section 963(2) (Power to make and levy rates and charges).

5.1.6 Infrastructure charge must be based on plan and other matters

(1) An infrastructure charge must not be fixed for a development infrastructure item unless the item is identified in an infrastructure charges plan.

(2) For an item identified in an infrastructure charges plan, an infrastructure charge—

- (a) must be fixed in accordance with the plan; and
- (b) must not be more than the proportion of the cost of the item that reasonably can be apportioned to the premises for which the charge is fixed, taking into account the likely share of the usage of the item for the premises; and
- (c) may take into account money already spent on supplying an existing development infrastructure item to the premises.

(3) Subsection (2)(c) applies only if the money already spent on supplying the existing item has not been recovered or is not intended to be recovered in another way.

5.1.7 Fixing a charge for an item not included in plan

(1) Despite section 5.1.6, a local government may fix, but only under this section, an infrastructure charge for a development infrastructure item not identified in the infrastructure charges plan.

(2) The infrastructure charge must only be—

- (a) payable by an applicant; and
- (b) for a development infrastructure item—
 - (i) that is a part of a network for which the local government is able to levy an infrastructure charge; and
 - (ii) the provision of which the local government considers is a minor departure from the infrastructure charges plan; and
- (c) calculated—
 - (i) on the basis of the minimum life cycle cost necessary to achieve the desired standard of service for the network; and
 - (ii) having regard to any guidelines approved by the chief executive.

(3) If an infrastructure charge is fixed under this section, the local government must review and, if necessary, amend its infrastructure charges plan as soon as practicable after the charge is paid to reflect the approved development.

5.1.8 Notice of charge

If an infrastructure charge is fixed, the person who is to pay the charge must be given a written notice stating—

- (a) the amount of the charge; and
- (b) the land to which, for the purposes of recovery, the charge applies; and
- (c) the day by which the charge is payable; and
- (d) the development infrastructure item for which the charge has been fixed; and
- (e) the person to whom the charge must be paid.

5.1.9 Actions required if charge is payable by applicant

(1) This section applies if the person to whom a notice under section 5.1.8 is to be given is an applicant under a development application for development resulting in a lot, work or use in respect of which the charge mentioned in the notice applies.

(2) If the application was made to a local government, the local government must give the notice under section 5.1.8, within 5 business days after the local government gives the applicant the decision notice about the development, to the applicant.

(3) If the application was made to an assessment manager other than a local government, the local government must give the notice under section 5.1.8, within 10 business days after the local government receives a copy of the decision notice from the assessment manager.

(4) If the application was made to a private certifier, the local government must give the notice under section 5.1.8, within 10 business days after the day the local government receives a copy of the decision notice from the private certifier.

(5) If as a result of a decision of a court on the application, the local government fixes an infrastructure charge, the local government must give

the notice under section 5.1.8 within 20 business days after the local government receives a copy of the decision about the appeal.

(6) If the assessment manager gives the applicant a negotiated decision notice and the development approved by the negotiated decision notice is different from the development approved in the decision notice in a way that affects the amount of the infrastructure charge, the local government may give the applicant a new notice under section 5.1.8 to replace the original notice.

(7) For subsection (6), the new notice must be given—

- (a) if the assessment manager is the local government—within 5 business days after the negotiated decision notice is given; or
- (b) if the assessment manager is not the local government—within 10 business days after the local government receives a copy of the negotiated decision notice from the assessment manager or private certifier.

(8) The local government may, with the written agreement of the applicant, give a new notice under section 5.1.8 to replace the original notice, if the original notice was in error.

(9) If the owner of the land the subject of the application is not the applicant, the owner must also be given a copy of any notice given to the applicant under this section.

5.1.10 When charge is payable by applicant

(1) The infrastructure charge is payable—

- (a) if the notice of charge states that the development infrastructure item for which the charge is payable is necessary to service the premises for which the approval has been given before the use of the premises starts, but is not yet available to service the premises—
 - (i) for reconfiguring a lot—before works for the reconfiguration start; and
 - (ii) for building work—before the building work starts; or
- (b) if paragraph (a) does not apply—
 - (i) for reconfiguring a lot—before the approval by the local government of the plan of subdivision; and

- (ii) for building work—before the certificate of classification for the building work is issued.

(2) Despite subsection (1), if the infrastructure charge is payable for a material change of use, the charge must be paid before the change.

(3) For building work—

- (a) if a local government gave the notice under section 5.1.8—the local government need not issue a certificate of classification until the infrastructure charge has been paid; or
- (b) if a private certifier approved the building work—the private certifier must not issue a certificate of classification until the infrastructure charge has been paid.

5.1.11 When development infrastructure item must be supplied

(1) If the applicant complies with section 5.1.10, the development infrastructure item must be supplied—

- (a) if the development infrastructure item for which the charge has been paid is necessary to service the premises for which the approval has been given before the use of the premises starts, but is not yet available to service the premises—
 - (i) for reconfiguring a lot—before the works for the reconfiguration are complete; and
 - (ii) for building work—before the issue of the certificate of classification for the building; and
 - (iii) for a material change of use—within 60 business days after the start of the use or the change of the use; or
- (b) if paragraph (a) does not apply—within the time stated in the schedule to the infrastructure charges plan mentioned in section 5.1.4(2)(c).

(2) However, if it is not possible to supply the development infrastructure item within the times mentioned in subsection (1), the item must be supplied at the time agreed to in writing by the applicant and the local government.

5.1.12 Different times may be agreed on for paying the charge or supplying the development infrastructure item

Nothing in sections 5.1.10 and 5.1.11 stops the applicant and the person to whom the charge has been, or is to be, paid from agreeing in writing to—

- (a) a different time for paying a charge or paying the charge in instalments; or
- (b) a different time or times for making a development infrastructure item available to service land other than a time stated in section 5.1.11.

5.1.13 Charge may apply to items outside local government's area

The infrastructure charge applies even if the development infrastructure item servicing the lot, work or use is not within or wholly within the local government area.⁹⁵

Division 3—Miscellaneous**5.1.14 Infrastructure charges taken to be a rate**

(1) An infrastructure charge fixed by a local government is, for the purposes of recovery, taken to be a rate within the meaning of the *Local Government Act 1993*.

(2) However, if the local government and an applicant enter into a written agreement stating the charge is a debt owing to it by the applicant, subsection (1) does not apply.

5.1.15 Alternatives to paying infrastructure charges

(1) A person to whom a notice has been given under section 5.1.8 may, instead of paying the infrastructure charge, enter into a written agreement with the local government—

- (a) to do the work for which the charge was fixed; or

⁹⁵ See section 5.1.4 (Meaning of “infrastructure charges plan”).

- (b) if the development infrastructure item is land owned by the applicant—to give the land in fee simple.

(2) However, if the development infrastructure item is to be located on land owned by the person, the person—

- (a) may carry out the work to the satisfaction of the entity to which the charge would have been paid; but
- (b) must first give the entity any reasonable security the entity requires, or that may be agreed in writing between the person and the entity to secure performance of the work.

(3) For land for local community purposes, the local government may give the applicant a notice, in addition to, or instead of, the notice given under section 5.1.8, requiring the applicant to give to the local government, in fee simple, part of the land the subject of the development application.

(4) If the applicant is given a notice under subsection (3), the applicant must comply with the notice as soon as practicable.

(5) If the applicant is required to give land under subsection (3), or a combination of land under subsection (3) and an infrastructure charge, the total contribution must not be more than an area of land, or an area of land and money, representative of the amount of the charge, if only the charge had been payable.

(6) If subsection (1)(b) or (3) applies and the land is to be given to the local government for local community land, the land must be given on trust.

5.1.16 Public notice of proposed sale of certain land held in trust by local governments

(1) If a local government intends to sell land it obtained under section 5.1.15(1)(b) or 5.1.15(5), the local government must advertise its intention to sell by placing a notice of the sale in a newspaper circulating in the local government's area.

(2) The notice must contain the following—

- (a) a description of the land proposed to be sold;
- (b) the purpose for which the land was given on trust;
- (c) the reason for proposing to sell the land;
- (d) the reasonable time within which submissions must be made.

5.1.17 Local government to consider all submissions

The local government must consider all submissions in relation to the notice before making a decision about the sale.

5.1.18 Sale extinguishes the trust

If a local government complies with sections 5.1.16 and 5.1.17 and sells the land, the land is sold free of the trust.

PART 2—INFRASTRUCTURE AGREEMENTS**5.2.1 Meaning of “infrastructure agreement”**

In this part—

“infrastructure agreement” means an agreement, as amended from time to time, mentioned in any of the following sections—

- section 3.5.35⁹⁶
- section 3.5.36⁹⁷
- section 5.1.11(2)⁹⁸
- section 5.1.12⁹⁹
- section 5.1.14(2)¹⁰⁰
- section 5.1.15(1) and (2)¹⁰¹
- section 5.2.2(1).¹⁰²

96 Section 3.5.35 (Limitations on conditions lessening cost impacts for infrastructure)

97 Section 3.5.36 (Matters a condition lessening cost impacts for infrastructure must deal with)

98 Section 5.1.11 (When development infrastructure item must be supplied)

99 Section 5.1.12 (Different times may be agreed on for paying the charge or supplying the development infrastructure item)

100 Section 5.1.14 (Infrastructure charges taken to be a rate)

101 Section 5.1.15 (Alternatives to paying infrastructure charges)

102 Section 5.2.2 (Agreements may be entered into about infrastructure)

5.2.2 Agreements may be entered into about infrastructure

(1) A person may enter into a written agreement with a public sector entity about—

- (a) funding a development infrastructure item in an infrastructure charges plan other than by an infrastructure charge; or
- (b) supplying a development infrastructure item to a different standard than the standard stated for the item in an infrastructure charges plan; or
- (c) supplying a development infrastructure item not identified in an infrastructure charges plan (whether or not an infrastructure charges plan has been prepared for the planning scheme); or
- (d) supplying infrastructure other than development infrastructure items.

(2) To remove any doubt, it is declared that part 1 and chapter 3, part 5, division 6¹⁰³ do not stop a person from entering into an agreement under subsection (1) with a public sector entity.

5.2.3 Matters certain infrastructure agreements must contain

An infrastructure agreement must—

- (a) if obligations under the agreement would be affected by a change in the ownership of the land, the subject of the agreement—include a statement about how the obligations must be fulfilled if there is a change of ownership; and
- (b) if the fulfilment of obligations under the agreement depends on development entitlements that may be affected by a change to a planning instrument—include a statement about—
 - (i) the repayment of amounts paid, and reimbursement of amounts expended, under the agreement; and
 - (ii) changing or cancelling the obligations if the development entitlements are changed without the consent of the person who has to fulfil the obligations; and
- (c) include any other matter prescribed under a regulation.

103 Part 1 (Infrastructure charges) and chapter 3 (Integrated development assessment system (IDAS)), part 5 (Decision stage), division 6 (Conditions)

5.2.4 Copy of infrastructure agreements to be given to local government

If a public sector entity other than a local government is a party to an infrastructure agreement, and the local government for the area to which the agreement applies is not a party to the agreement, the public sector entity must give a copy of the agreement to the local government.

5.2.5 When infrastructure agreements bind successors in title

(1) If an owner of land to which an infrastructure agreement applies is a party to the agreement or consents to the development obligations being attached to the land, the development obligations attach to the land and bind the owner and the owner's successors in title of the land

(2) If the owner's consent under subsection (1) is given but is not endorsed on the agreement, the owner must give a copy of the document evidencing the owner's consent to the local government for the land to which the consent applies.

(3) However, if the agreement states that if the land is subdivided part of the land is to be released from the development obligations and the land is subdivided—

- (a) the part of the land is released from the development obligations; and
- (b) the development obligations are no longer binding on the owner of the part of the land.

(4) In this section—

“development obligations” means the obligations under the infrastructure agreement other than the obligations to be fulfilled by a public sector entity.

5.2.6 Exercise of discretion unaffected by infrastructure agreements

An infrastructure agreement is not invalid merely because its fulfilment depends on the exercise of a discretion by a public sector entity about an existing or future development application.

5.2.7 Infrastructure agreements prevail if inconsistent with development approval

To the extent an infrastructure agreement is inconsistent with a development approval, the agreement prevails.

PART 3—PRIVATE CERTIFICATION

5.3.1 Application of pt 3

This part applies to development under a development application only if the development requires code assessment under this Act.

5.3.2 Definition for pt 3

In this part—

“assessment manager”, for the application to which this part applies, means the person who would have been the assessment manager if a private certifier had not been engaged under this part.

5.3.3 What is a private certifier

(1) A **“private certifier”** is a person or public sector entity that carries out certification work under written contractual arrangements with clients.

(2) An individual may act as a private certifier only if the individual has the qualifications, necessary experience or accreditation prescribed under a regulation for a certifier for a stated code.

(3) A corporation or public sector entity may act as a private certifier only if—

- (a) an individual mentioned in subsection (2) is an officer or employee of the corporation or entity; and
- (b) the officer or employee carries out the certification work; and
- (c) the corporation or entity has accreditation prescribed under a regulation.

(4) A regulation for subsection (2) or (3)(c) may—

- (a) be made under this or another Act; and
- (b) prescribe different qualifications, necessary experience or accreditation for different types of development or works.

(5) To remove any doubt, it is declared that a development application is not a contractual arrangement under subsection (1).

5.3.4 Application must not be inconsistent with earlier approval

If the application the private certifier is assessing relates to an earlier development approval that has not lapsed and was given by the assessment manager, the application must not be inconsistent with the earlier approval.

5.3.5 Private certifier may decide certain development applications and inspect and certify certain works

(1) For the types of development or works for which a private certifier has the qualifications, necessary experience or accreditation, the private certifier may receive, assess and decide development applications as if the private certifier were the assessment manager.

(2) If a private certifier is engaged to assess and decide the application and this or another Act requires that the work be inspected, the private certifier must also be engaged to—

- (a) inspect that the work complies with the development permit authorising the work, any conditions of the permit and the code against which the work must be assessed; and
- (b) issue any certificate required by this or the other Act.

(3) The private certifier must, when issuing the decision notice, include in the notice details of any other code the applicant may need to comply with in relation to the work to which the application relates.

(4) However, the private certifier must not decide the application until—

- (a) all necessary development permits are effective for other assessable development related to the development; and
- (b) all necessary preliminary approvals are effective for other assessable aspects of the development; and
- (c) all necessary approvals under the Standard Water Supply Law and Standard Sewerage Law have been given for plumbing and

drainage work related to the development for premises not in a seweraged area under the Standard Sewerage Law.

Example for subsection (4)(a)—

If a proposal involves building work, a material change of use and reconfiguring a lot, a private certifier who is engaged to assess and decide the building work application must not decide that application until all necessary development permits are effective for the change of use and reconfiguring of the lot.

Example for subsection (4)(b)—

If a proposal requires assessment of building work against a planning scheme and the Standard Building Regulation, a private certifier who is engaged to assess and decide the building work application against the Standard Building Regulation must not decide that application until all necessary preliminary approvals are effective for the assessment of building work against the planning scheme.

Example for subsection (4)(c)—

If a proposal involves building, plumbing and drainage work in a non-sewered area, a private certifier who is engaged to assess and decide the building work application must not decide that application until all necessary approvals under the Standard Water Supply Law and Standard Sewerage Law are given for the plumbing and drainage work.

(5) If the private certifier receives the application before all other assessments for permits and approvals mentioned in subsection (4) are completed—

- (a) the certifier may start processing the application; and
- (b) for timings under IDAS, the application is taken not to have been received until the day all other assessments are completed.

(6) If the private certifier approves the application, the private certifier must, within 5 business days after approving the application, give to the assessment manager a copy of—

- (a) the application; and
- (b) the decision notice, or the negotiated decision notice; and
- (c) any other documents prescribed under a regulation under this or another Act.

(7) If the private certifier issues any certificate required by this or another Act, the private certifier must, within 5 business days after issuing the certificate, give a copy of the certificate to the assessment manager.

5.3.6 Private certifier may act as assessing authority in certain circumstances

(1) For chapter 4, part 3, divisions 2 and 3, a private certifier is taken to be an assessing authority in relation to the types of development or works for which the private certifier—

- (a) is qualified, has the necessary experience or is accredited; and
- (b) has been engaged to perform the functions of a private certifier under this part.

(2) If a person fails to comply with an enforcement notice given by a private certifier under subsection (1), the private certifier must give the assessment manager written notice of the failure.

5.3.8 Private certifiers must act in the public interest

(1) A private certifier must act always in the public interest when performing the functions of a private certifier.

(2) In particular, a private certifier must not do any of the following—

- (a) seek, accept or agree to accept a benefit (whether for the private certifier's benefit or another person) as a reward or inducement to act other than under this Act;
- (b) act in a way contrary to a duty under this Act or a duty of the private certifier under any other Act under which the certifier is accredited;
- (c) falsely claim that the private certifier has the qualifications, necessary experience or accreditation to be engaged as a private certifier;
- (d) act outside the scope of the private certifier's powers;
- (e) contravene a code of conduct published by an accrediting body;
- (f) act in a way, in relation to the certifier's practice, that is grossly negligent or grossly incompetent.

Maximum penalty—1 665 penalty units.

5.3.9 Engaging private certifiers

(1) If a private certifier is engaged—

- (a) the engagement must be in writing and must state the certification fee; and
- (b) the certifier must be paid the fee agreed to, even if the certifier does not approve the application or certify works because of noncompliance with any applicable codes or other valid reason for refusing approval or certification.

(2) If an applicant engages a private certifier, the private certifier must give the assessment manager, written notice of the engagement within 5 business days after the engagement.

(3) If a private certifier is engaged to assess and decide a development application and this or another Act requires that work the subject of the application be inspected or that a certificate be issued for the work, the private certifier must also be engaged to—

- (a) inspect the work to ensure it complies with, or accept certification that it complies with, the development permit authorising the work, any conditions of the permit and the code against which the work must be assessed; and
- (b) issue any certificate required under this or the other Act.

5.3.10 Private certifiers may not be engaged if there is a conflict of interest

A private certifier must not accept engagement as a private certifier for a development if the person has a conflict of interest prescribed under a regulation under this or another Act.

5.3.11 Discontinuing engagement of private certifiers

(1) This section applies if the engagement of a private certifier is discontinued for any reason, including the resignation, disqualification, bankruptcy or death of the private certifier.

(2) The applicant must give the assessment manager written notice of the discontinuance within 5 business days after the discontinuance.

(3) The engagement is taken not to have been discontinued until the applicant has given the notice discontinuing the engagement.

5.3.12 Engaging replacement private certifier for application

(1) If the private certifier was engaged for assessing the application and the application has not yet been decided and the applicant intends to proceed with the application, the applicant may—

- (a) engage a different private certifier (the “**replacement private certifier**”) for the development; or
- (b) make the application to the assessment manager.

(2) In assessing the application, the replacement private certifier or assessment manager may start the application process at any stage of IDAS the replacement private certifier or assessment manager considers appropriate to enable the replacement private certifier or assessment manager to make the appropriate decision on the application.

5.3.13 Engaging replacement private certifier to inspect work

(1) If the private certifier was engaged to inspect and certify work authorised by a development permit and the work has started, the work must not continue past the next notifiable inspection (if any) unless—

- (a) if a replacement private certifier is engaged to inspect and certify the work—the replacement private certifier certifies the work; or
- (b) if a replacement private certifier has not been engaged under paragraph (a)—the local government certifies the work.

(2) In subsection (1)—

“**next notifiable inspection**” means the next inspection of the work authorised by a development permit for which an inspector has to be notified under a planning scheme or this or any other Act.

5.3.15 Effect of transfer of functions to local government or replacement private certifier

(1) This section applies if, for work authorised by a development permit, the engagement of a private certifier is discontinued and—

- (a) a replacement private certifier is engaged to inspect and certify the work; or
- (b) if a replacement private certifier has not been engaged under paragraph (a)—the local government must inspect and certify the work.

(2) The replacement private certifier or local government is not liable for work carried out by the private certifier.

5.3.16 Liability insurance and performance bonds

(1) A regulation under this or another Act may state the type and minimum limits of liability insurance, performance bond or similar type of security a private certifier must have or give in relation to a development application or work authorised by a development permit.

(2) A person must not act as a private certifier unless the person has the insurance or has given the bond or security required under subsection (1).

Maximum penalty for subsection (2)—1 665 penalty units.

5.3.17 Documents to be kept by private certifiers

A regulation under this or another Act may prescribe the documents a private certifier must keep for audit purposes and the time for which the documents must be kept.

PART 4—COMPENSATION

5.4.1 Definition for pt 4

In this part—

“**change**”, for an interest in land, means a change to the planning scheme or any planning scheme policy affecting the land.

“**owner**”, of an interest in land, means an owner of the interest at the time a change to a planning scheme is made.

5.4.2 Compensation for reduced value of interest in land

An owner of an interest in land is entitled to be paid reasonable compensation by a local government if—

- (a) a change reduces the value of the interest; and

- (b) the owner has made a development application (superseded planning scheme) in relation to the interest and—
 - (i) has been given an acknowledgment notice under section 3.2.5.(1)(b)¹⁰⁴ stating the applicant must apply for a development permit for the development; or
 - (ii) has been given an acknowledgment notice under section 3.2.5.(3)(b) stating the application will be assessed under the existing planning scheme; and
- (c) the application is assessed having regard to the planning scheme and planning scheme policies in effect when the application was made; and
- (d) the assessment manager, or, on appeal, the court—
 - (i) refuses the application; or
 - (ii) approves the application in part or subject to conditions or both in part and subject to conditions.

5.4.3 Compensation for interest in land being changed to public purpose

An owner of an interest in land is entitled to be paid reasonable compensation by a local government if because of a change, the only purpose for which the land could be used (other than the purpose for which it was lawfully being used when the change was made) is for a public purpose.

5.4.4 Limitations on compensation under ss 5.4.2 and 5.4.3

(1) Despite sections 5.4.2 and 5.4.3, compensation is not payable if the change—

- (a) has the same effect as another statutory instrument, in respect of which compensation is not payable; or
- (b) is about a type of development that, before the coming into effect of this Act, would normally have been dealt with under a local law, including, for example, the filling or drainage of land; or

104 Section 3.2.5 (Acknowledgment notices for applications under superseded planning schemes)

- (c) is about the relationships between, the location of, or the physical characteristics of buildings, works or lots, but the yield achievable is substantially the same as it would have been before the change; or
- (d) is about a designation made under chapter 2, part 6;¹⁰⁵ or
- (e) is about the timing of development in a benchmark development sequence; or
- (f) is about the matters identified in section 5.1.4(2) for an infrastructure charges plan; or
- (g) removes or changes an item of infrastructure shown in the scheme; or
- (h) affects development that, had it happened under the superseded planning scheme—
 - (i) would have led to significant risk to persons or property from natural processes (including flooding, land slippage or erosion) and the risk could not have been reduced by conditions attached to a development approval; or
 - (ii) would have caused serious environmental harm, as defined in the *Environmental Protection Act 1994*, section 17,¹⁰⁶ and the harm could not have been reduced by conditions attached to a development approval.

(2) For subsection (1)(c), yield for residential building work is substantially the same if—

- (a) the proposed residential building has a gross floor area of not more than 2 000m²; and
- (b) the gross floor area of the proposed residential building is reduced by not more than 15%.

(3) Also, compensation is not payable—

- (a) for a matter under this part if compensation has already been paid for the matter to a previous owner of the interest in land; or
- (b) for anything done in contravention of this Act; or

105 Chapter 2 (Planning), part 6 (Designation of land for community infrastructure)

106 *Environmental Protection Act 1994*, section 17 (Serious environmental harm)

- (c) if infrastructure shown in a planning scheme is not supplied, or supplied to a different standard, or supplied at a different time than the time stated in the planning scheme.

(4) If a matter for which compensation is payable under this part is also a matter for which compensation is payable under another Act, the claim for the compensation must be made under the other Act.

(5) In this section—

“gross floor area” means the sum of the floor areas (inclusive of all walls, columns and balconies, whether roofed or not) of all stories of every building located on a site, excluding the areas (if any) used for building services, a ground floor public lobby, a public mall in a shopping centre, and areas associated with the parking, loading and manoeuvring of motor vehicles.

“yield” means—

- (a) for buildings and works—the gross floor area, or density of buildings or persons, or plot ratio, achievable for premises; and
- (b) for reconfiguration—the number of lots in a given area of land.

5.4.5 Compensation for erroneous planning and development certificates

If a person suffers financial loss because of an error or omission in a planning and development certificate, the person is entitled to be paid reasonable compensation by the local government.

5.4.6 Time limits for claiming compensation

A claim for compensation under this part must be given to the local government—

- (a) if the entitlement to claim the compensation is under section 5.4.2—within 6 months after the day the application mentioned in section 5.4.2(b) is refused or approved in part, or subject to conditions or approved both in part and subject to conditions; or
- (b) if the entitlement to claim the compensation is under section 5.4.3—within 2 years after the day the change came into effect; or

- (c) if the entitlement to claim the compensation is under section 5.4.5—at any time after the day the certificate is given.

5.4.7 Time limits for deciding and advising on claims

(1) The local government must decide each claim for compensation within 60 business days after the day the claim is made.

(2) The chief executive officer of the local government must, within 10 business days after the day the claim is decided—

- (a) give the claimant written notice of the decision; and
- (b) if the decision is to pay compensation—notify the amount of the compensation to be paid; and
- (c) advise the claimant that the decision, including any amount of compensation payable, may be appealed.

5.4.8 Deciding claims for compensation

(1) In deciding a claim for compensation under this part, the local government must—

- (a) grant all of the claim; or
- (b) grant part of the claim and reject the rest of the claim; or
- (c) refuse all of the claim.

(2) However, if the entitlement to claim the compensation is under section 5.4.3, the local government may decide the claim by—

- (a) giving a notice of intention to resume the interest in the land under the *Acquisition of Land Act 1967*, section 7;¹⁰⁷ or
- (b) in addition to making a decision under subsection (1)(b) or (c)—decide to amend the planning scheme so that use of the land for the purposes the land could have been used for under the superseded planning scheme would be consistent with the new or amended planning scheme or planning scheme policy.

107 *Acquisition of Land Act 1967*, section 7 (Notice of intention to take land)

5.4.9 Calculating reasonable compensation involving changes

(1) For compensation payable because of a change, reasonable compensation is the difference between the market values, appropriately adjusted having regard to the following matters, to the extent they are relevant—

- (a) any limitations or conditions that may reasonably have applied to the development of the land if the land had been developed under the superseded planning scheme;
- (b) any benefit accruing to the land from the change, including but not limited to the likelihood of improved amenity in the locality of the land;
- (c) if the owner owns land adjacent to the interest in land, any benefit accruing to the adjacent land because of—
 - (i) the coming into effect of the change or any other change made before the claim for compensation was made; or
 - (ii) the construction of, or improvement to, infrastructure on the adjacent land under the planning scheme or planning scheme policy (other than infrastructure funded by the owner) before the claim for compensation was made;
- (d) the effect of any other changes to the planning scheme or planning scheme policy made since the change, but before the development application (superseded planning scheme) was made;
- (e) if the application was a development application (superseded planning scheme) that is approved in part or subject to conditions—the effect of the approval on the value of the land.

(2) Despite subsection (1), if the land in respect of which compensation is claimed has, since the day of the change, become or ceased to be separate from other land, the amount of reasonable compensation must not be increased because the land has become, or ceased to be, separate from other land.

(3) In this section—

“difference between the market values” is the difference between the market value of the interest in land immediately before the change came into effect and the market value of the interest immediately after the change came into effect.

5.4.10 When compensation is payable

If compensation is payable under this part, the compensation must be paid within 30 business days after the last day an appeal could be made against the local government's decision about the payment of compensation, or if an appeal is made, within 30 business days after the day the appeal is decided.

5.4.11 Payment of compensation to be recorded on title

(1) The chief executive officer of the local government must give the registrar of titles written notice of the payment of compensation under section 5.4.2.¹⁰⁸

(2) The notice must be in the form approved by the registrar.

(3) The registrar must keep the information stated in the notice as information under the *Land Title Act 1994*, section 34.¹⁰⁹

PART 5—POWER TO PURCHASE, TAKE OR ENTER LAND FOR PLANNING PURPOSES

5.5.1 Local government may take or purchase land

(1) This section applies if—

- (a) a local government is satisfied that the taking of land would help to achieve the desired environmental outcomes stated in its planning scheme; or
- (b) at any time after a decision notice has been given for a development application, the local government is satisfied—
 - (i) the development would create a need to construct infrastructure on the land or carry drainage over the land; and

108 Section 5.4.2 (Compensation for reduced value of interest in land)

109 *Land Title Act 1994*, section 34 (Other information not part of the freehold land register)

- (ii) the applicant has taken reasonable measures to obtain the agreement of the owner of the land to actions that would facilitate the construction of the infrastructure or the carriage of the drainage, but has not been able to obtain such an agreement; and
- (iii) the action is necessary to allow the development to proceed.

(2) If the local government satisfies itself of a matter in subsection (1) and the Governor in Council approves of the taking of the land, the local government is taken to be a constructing authority under the *Acquisition of Land Act 1967* and under that Act may take land.

(3) If the local government satisfies itself of the matters in subsection (1)(b), it is immaterial that the applicant may also derive any measurable benefit from the resumption action.

(4) To avoid any doubt, it is declared that the local government's power under this section to purchase or take land as a constructing authority under the *Acquisition of Land Act 1967* includes the ability to purchase or take an easement under section 6¹¹⁰ of that Act.

5.5.2 Assessment manager's power to enter land in certain circumstances

An assessment manager or its agent may enter land at all reasonable times to undertake works if the assessment manager is satisfied that—

- (a) implementing a development approval would require the undertaking of works on land other than the land the subject of the application; and
- (b) the applicant has taken reasonable steps to obtain the agreement of the owner of the land to enable the works to proceed, but has not been able to obtain such an agreement; and
- (c) the action is necessary to implement the development approval.

5.5.3 Compensation for loss or damage

(1) Any person who incurs loss or damage because of the exercise by an assessment manager of powers under section 5.5.2 is entitled to be paid reasonable compensation by the assessment manager.

110 *Acquisition of Land Act 1967*, section 6 (Easements)

(2) A claim for the compensation must be made—

- (a) to the assessment manager in the approved form; and
- (b) within 2 years after the entitlement to compensation arose.

(3) The assessment manager must decide the claim within 40 business days after the claim is made.¹¹¹

(4) If the assessment manager decides to pay compensation, the payment must be made within 10 business days after making the decision.

(5) The assessment manager may recover from the applicant the amount of any compensation for loss or damage paid under this part that is not attributable to the assessment manager's negligence.

PART 6—PUBLIC HOUSING

5.6.1 Application of pt 6

This part applies to development for public housing.

5.6.2 Definitions for pt 6

In this part—

“chief executive” means the chief executive of the department in which the *State Housing Act 1945* is administered.

“public housing”—

- (a) means housing—
 - (i) provided by or on behalf of the State or a statutory body representing the State; and
 - (ii) for short or long term residential use; and
 - (iii) that is totally or partly subsidised by the State or a statutory body representing the State; and

¹¹¹ A person may appeal the decision under section 4.1.34 (Appeals against decisions on compensation claims).

- (b) includes services provided for residents of the housing, if the services are totally or partly subsidised by the State or a statutory body representing the State.

5.6.3 How IDAS applies to development under pt 6

Development to which this part applies is, to the extent the development is self-assessable development or assessable development under a planning scheme, exempt development.

5.6.4 Chief executive must publicly notify certain proposed development

(1) This section applies to development for public housing the chief executive considers is substantially inconsistent with the planning scheme.

(2) Before starting the development, the chief executive must—

- (a) give the local government information (including the plans or specifications) about the proposed development; and
- (b) publicly notify the proposed development.

(3) The public notification must be carried out in the same way public notification of a development application is carried out under sections 3.4.4 to 3.4.6.

(4) Even though the public notification is to be carried out in the same way as public notification under sections 3.4.4 to 3.4.6, the form of the notice to be used for the public notification under this section is the form approved by the chief executive.

(5) The chief executive must have regard to any submissions received following the public notification before deciding whether or not to proceed with the proposed development.

5.6.5 Chief executive must advise local government about all development

(4) Subsections (2) and (3) apply despite the regulation having been repealed before the commencement of this section.

Division 4—Planning scheme policies

6.1.13 Continuing effect of local planning policies

(1) Despite the repeal of the repealed Act, each local planning policy continues to have effect in the local government area for which it was made, subject to subsection (2).

(2) If a provision of a local planning policy is inconsistent with chapter 3, to the extent the provision is inconsistent, chapter 3 prevails, unless this chapter states otherwise.

6.1.14 What are transitional planning scheme policies

The provisions of local planning policies, for a local government area, that are not inconsistent with chapter 3 comprise the transitional planning scheme policies for the area.

6.1.15 Transitional planning scheme policies for local government areas

For this Act, other than this chapter, a transitional planning scheme policy for a local government area, is taken to be a planning scheme policy for the area until an IPA planning scheme is made for the area.

6.1.16 Amending transitional planning scheme policies

(1) A transitional planning scheme policy may be amended using the process for amending a planning scheme policy under schedule 3.

(2) If a transitional planning scheme policy is amended under this section, the amended transitional planning scheme policy is still a transitional planning scheme policy under this Act.

6.1.17 Amending transitional planning scheme policies for consistency with ch 3

(1) This section applies if—

- (a) a local government intends to amend a transitional planning scheme policy to make the transitional planning scheme policy more consistent with chapter 3 but does not change the intent of the policy; and
- (b) the local government, by resolution, proposes the amendment.

(2) If this section applies—

- (a) schedule 3, sections 1 to 4 and section 6,¹³⁰ do not apply for the proposed amendment; and

130 Schedule 3 (Process for making or amending planning scheme policies), sections 1 (Resolution proposing action), 2 (Public notice of proposed action), 3 (Public access to relevant documents), 4 (Consideration of all submissions) and 6 (Reporting to persons who made submissions about proposed action)

(b) without further action, the local government may adopt the proposed amendment under schedule 3, section 5.¹³¹

(3) If a transitional planning scheme policy is amended under this section, the amended transitional planning scheme policy is still a transitional planning scheme policy under this Act.

6.1.18 Repealing transitional planning scheme policies

(1) A local government may, by resolution, repeal a transitional planning scheme policy.

(2) The local government must publish a notice about the resolution at least once in a newspaper circulating generally in the local government's area advising that the transitional planning scheme policy has been repealed.

(3) The repeal takes effect the day the resolution is made.

6.1.19 Planning scheme policies may support transitional planning schemes

If a local government has a transitional planning scheme, the local government may make a planning scheme policy under this Act as if the transitional planning scheme were an IPA planning scheme.

6.1.20 Planning scheme policies for infrastructure

(1) This section applies if—

- (a) a local government has an IPA planning scheme; and
- (b) the local government prepares a planning scheme policy about infrastructure.

(2) The planning scheme policy must specify, for a development application for the reconfiguration of a lot—

131 Schedule 3 (Process for making or amending planning scheme policies), section 5 (Resolution about adopting proposed planning scheme policy or amendment)

- (a) the matters that were required to be specified in a local planning policy under section 6.2(6)(b)(i) and (ii)¹³² of the repealed Act; and
- (b) the monetary contribution to be paid to the local government instead of supplying an area of land for use as a park.

(3) However, if the local government has an infrastructure charges plan, the planning scheme policy must not deal with the same matters as the infrastructure charges plan.

(4) This section expires 5 years after it commences.

6.1.21 IPA planning schemes cancel existing planning scheme policies

If an IPA planning scheme is adopted or a transitional planning scheme is converted to an IPA planning scheme, all existing transitional planning scheme policies and planning scheme policies supporting the transitional planning scheme are cancelled from the day the adoption is notified in the gazette.

Division 5—State planning policies

6.1.22 Continuing effect of State planning policies

Each State planning policy made under the repealed Act and in force immediately before the commencement of this section continues to have effect and is taken to be a State planning policy made under this Act.

Division 6—Existing approvals and conditions

6.1.23 Continuing effect of approvals issued before commencement

(1) This section applies to—

- (a) conditions set by, and certificates of compliance or similarly endorsed certificates (“**continuing approvals**”) issued by, a local government in relation to an application mentioned in

132 Section 6.2 (Contributions towards water supply and sewerage works) of the repealed Act

section 4.1(5)¹³³ of the repealed Act and in force immediately before the commencement of this section; and

- (b) permits (also “**continuing approvals**”) issued under section 4.13(12)¹³⁴ of the repealed Act, including modifications of the permits under section 4.15¹³⁵ of the repealed Act, in force immediately before the commencement of this section; and
- (c) approvals (also “**continuing approvals**”), including modifications of the approvals under section 4.15 of the repealed Act, in force immediately before the commencement of this section and made in relation to applications made under the following sections of the repealed Act—
- section 5.1(1)¹³⁶
 - section 5.2(1)¹³⁷
 - section 5.9(1)¹³⁸
 - section 5.11(1)¹³⁹
 - section 5.12(1);¹⁴⁰ and
- (d) approvals (also “**continuing approvals**”), by whatever name called, given under a former planning scheme but not included in paragraphs (a) to (c) in force immediately before the commencement of this section; and
- (e) approvals (also “**continuing approvals**”) issued under the *Building Act 1975*, in force immediately before the commencement of this section.

133 Section 4.1 (Applications) of the repealed Act

134 Section 4.13 (Assessment of town planning consent application) of the repealed Act

135 Section 4.15 (Modification of certain applications and approvals) of the repealed Act

136 Section 5.1 (Application for subdivision etc.) of the repealed Act. Applications for the subdivision of land incorporating a lake and mentioned in section 5.10 (Subdivision incorporating a lake) are also dealt with under section 5.1 of the repealed Act.

137 Section 5.2 (Subdivisions involving works) of the repealed Act

138 Section 5.9 (Staged subdivision) of the repealed Act

139 Section 5.11 (Application for amalgamation of land) of the repealed Act

140 Section 5.12 (Application for access easement) of the repealed Act

(1A) However, a requirement in a local planning instrument for an action to be carried out to the satisfaction of a nominated person is not a continuing approval.

(2) Despite the repeal of the repealed Act, each continuing approval and any conditions attached to a continuing approval have effect as if the approval and the conditions were a development approval in the form of a preliminary approval or development permit, as the case may be.

Example for subsection (2)—

An application for a staged subdivision approval under section 5.9(1) of the repealed Act and a concurrent application under section 5.1(1) of the repealed Act for approval of the first stage of the staged subdivision would result *in—*

- (a) for the section 5.9(1) application—a preliminary approval for reconfiguration of the whole of the land; and
- (b) for the section 5.1(1) application—a development permit for reconfiguration of the land in stage 1.

(3) Subsection (2) has effect only for the period the continuing approval would have had effect if the repealed Act had not been repealed.

(4) If a continuing approval implies that a person has the right to use premises, the subject of the continuing approval, for a particular purpose (because the intended use of the premises did not also require a continuing approval) and the implied right existed, but the intended use had not started, immediately before the commencement of this section, the intended use is to be taken to be a use in existence immediately before the commencement if—

- (a) the rights (other than the implied right) under the continuing approval are exercised within the time allowed for the rights to be exercised under the repealed Act; and
- (b) the intended use is started within 5 years after the rights mentioned in paragraph (a) are exercised.

6.1.24 Certain conditions attach to land

(1) If a local government has set conditions in relation to a continuing approval, the conditions attach to the land on and from the commencement of this section and are binding on successors in title.

(2) Also, if an application to amend a former planning scheme was, or the conditions attached to the amendment were, approved under the repealed Act and conditions in relation to the amendment were attached to the land under the repealed Act—

- (a) if the approval was given before the commencement of this section—the conditions remain attached to the land on and from the commencement of this section and are binding on successors in title; and
- (b) if the approval was given on or after the commencement of this section—the conditions remain attached to the land on and from the day the approval was given and are binding on successors in title.

Division 7—Applications in progress

6.1.25 Effect of commencement on certain applications in progress

(1) If an application was made before the commencement of this section for a matter mentioned in section 6.1.23(1)(a) to (d)—

- (a) processing of the application and all matters incidental to the processing (including any appeal made in relation to a decision about the application) must proceed as if the repealed Act had not been repealed; and
- (b) any approval issued is taken to be a preliminary approval or development permit, as the case may be.

(1A) If an application was made before 30 April 1998 for a building approval under the *Building Act 1975*—

- (a) processing of the application and all matters incidental to the processing (including any appeal made in relation to a decision about the application) must proceed as if the *Building and Integrated Planning Amendment Act 1998* had not commenced; and
- (b) any approval issued is taken to be a preliminary approval or development permit, as the case may be.

(2) If a request made before the commencement of this section was for the revocation of a town planning consent, processing of the request and all matters incidental to the processing must proceed as if the repealed Act had not been repealed.

6.1.26 Effect of commencement on other applications in progress

(1) This section applies to—

- (a) applications made before the commencement of this section under section 4.3(1), section 4.6(1) or section 4.9(1)¹⁴¹ of the repealed Act; or
- (b) an equivalent application made before the commencement of this section under the *Local Government Act 1936* or the *City of Brisbane Town Planning Act 1964*; or
- (c) an application made under section 4.15¹⁴² of the repealed Act relating to the modification of—
 - (i) an application mentioned in paragraph (a) or (b); or
 - (ii) the approval of an application mentioned in paragraph (a) or (b); or
 - (iii) conditions attaching to the approval of an application mentioned in paragraph (a) or (b).

(2) An application mentioned in subsection (1) must be processed and all matters incidental to the processing (including any appeal made in relation to a decision about the application) must proceed as if the repealed Act had not been repealed.

6.1.27 Applications for compensation continue

If an application for compensation was made and has not been decided before the commencement of this section, the application must be decided as if the repealed Act had not been repealed.¹⁴³

141 Section 4.3 (Amendment of a planning scheme etc. by an applicant), 4.6 (Application for rezoning of land in stages) or 4.9 (Subsequent staged rezoning approvals) of the repealed Act

142 Section 4.15 (Modification of certain applications and approvals) of the repealed Act

143 See the *Acts Interpretation Act 1954*, section 20 for other matters that are also saved when an Act is repealed.

Division 8—Applications made or development carried out after the commencement of this division

6.1.28 IDAS must be used for processing applications

(1) To remove any doubt, it is declared that all development applications for assessable development made after the commencement of this section to which a transitional planning scheme or interim development control provision applies must be made and processed under this Act.

(2) If an application mentioned in subsection (1) were an application for the same development under the repealed Act and would have required public notification under the repealed Act—

- (a) the application must be processed as if it were a development application requiring impact assessment; and
- (b) a statement made under section 3.2.3(2)(d) on the acknowledgment notice that an aspect of the development applied for requires impact assessment is taken to mean that the application will be processed as if it were a development application requiring impact assessment.

(3) If an application mentioned in subsection (1) were an application for the same development under the repealed Act and would not have required public notification under the repealed Act—

- (a) the application must be processed as if it were a development application requiring code assessment; and
- (b) a statement made under section 3.2.3(2)(c) on any acknowledgment notice for the application that an aspect of the development applied for requires code assessment is taken to mean that the application will be processed as if it were a development application requiring code assessment; and
- (c) despite section 3.2.3(2)(c), any acknowledgment notice for the application need not refer to codes.

6.1.29 Assessing applications (other than against the Standard Building Regulation)

(1) This section applies only for the part of the assessing aspects of development applications to which a transitional planning scheme or interim development control provision applies.

(2) Sections 3.5.4 and 3.5.5¹⁴⁴ do not apply for assessing the application.

(3) Instead, the following matters, to the extent the matters are relevant to the application, apply for assessing the application—

- (a) the common material for the application;
- (b) the transitional planning scheme;
- (c) the transitional planning scheme policies;
- (d) any planning scheme policy made after the commencement of this section;
- (e) all State planning policies;
- (f) the matters stated in section 8.2(1)¹⁴⁵ of the repealed Act;
- (g) for an interim development control provision in force in a local government area—the interim development control provision;
- (h) if the application is for development that before the commencement of this section would have required an application to be made under any of the following sections of the repealed Act—
 - (i) section 4.3(1)—the matters stated in section 4.4(3);¹⁴⁶
 - (ii) section 5.1(1)¹⁴⁷—the matters stated in section 5.1(3);
 - (iii) section 5.1(1) and section 5.10(1)¹⁴⁸ applies—the matters stated in sections 5.1(3) and 5.10(2);
 - (iv) section 5.2(1)¹⁴⁹—the matters stated in section 5.2(2);
 - (v) section 5.9(1)¹⁵⁰—the matters stated in section 5.9(3);
 - (vi) section 5.11(1)¹⁵¹—the matters stated in section 5.11(3);

144 Sections 3.5.4 (Code assessment) and 3.5.5 (Impact assessment)

146 Sections 4.3 (Amendment of a planning scheme etc. by an applicant) and 4.4 (Assessment of proposed planning scheme amendment) of the repealed Act

147 Section 5.1 (Application for subdivision etc.) of the repealed Act

148 Section 5.10 (Subdivision incorporating a lake) of the repealed Act

149 Section 5.2 (Subdivisions involving works) of the repealed Act

150 Section 5.9 (Staged subdivision) of the repealed Act

151 Section 5.11 (Application for amalgamation of land) of the repealed Act

- (i) any other matter to which regard would have been given if the application had been made under the repealed Act.

6.1.30 Deciding applications (other than under the Standard Building Regulation)

(1) This section applies only for the part of the deciding aspects of a development application to which a transitional planning scheme or interim development control provision applies.

(2) Sections 3.5.13 and 3.5.14¹⁵² do not apply for deciding the application.

(3) Instead, the assessment manager must, if the application is for development that before the commencement of this section would have required an application to be made under any of the following sections of the repealed Act—

- (a) section 4.3(1)—decide the application under section 4.4(5)¹⁵³ and (5A);
- (b) section 4.12(1)—decide the application under section 4.13(5)¹⁵⁴ and (5A);
- (c) section 5.1(1) (whether or not section 5.10(1)¹⁵⁵ applies)—decide the application under section 5.1(6) and (6A);
- (d) section 5.2(1)¹⁵⁶—decide the application under section 5.2(4), as if all words in that section after ‘conditions’ were omitted;
- (e) section 5.9(1)¹⁵⁷—decide the application under section 5.9(6) and (6A);
- (f) section 5.11(1)¹⁵⁸—decide the application under section 5.11(5);

154 Sections 4.12 (Application for town planning consent) and 4.13 (Assessment of town planning consent application) of the repealed Act

155 Sections 5.1 (Application for subdivision etc.) and 5.10 (Subdivision incorporating a lake) of the repealed Act

156 Section 5.2 (Subdivisions involving works) of the repealed Act

157 Section 5.9 (Staged subdivision) of the repealed Act

158 Section 5.11 (Application for amalgamation of land) of the repealed Act

(g) section 5.12(1)¹⁵⁹—decide the application under section 5.12(4).

(4) If a development application is made under a transitional planning scheme for the setting of conditions or the issue of a certificate of compliance or similarly endorsed certificate, the assessment manager may not refuse the application despite section 3.5.11(1)(c)¹⁶⁰ but a concurrence agency may still direct the assessment manager to refuse the application.

(5) If the assessment manager does not decide the application mentioned in subsection (4) within the decision making period—

- (a) the application is taken to have been approved without conditions; or
- (b) the certificate of compliance or similar certificate, is taken to have been issued.

6.1.30A Deeming of certain applications under transitional planning schemes

(1) This section applies if—

- (a) a development application is made under a transitional planning scheme; and
- (b) the application form indicates the application is for a material change of use only; and
- (c) it reasonably can be inferred from the common material that the application also was for development other than the material change of use.

(2) The application, and any development approval for the application, is taken to be also for the other development.

(3) However—

- (a) the development approval is taken to be a preliminary approval for the other development unless the development approval states the development approval is a development permit for some or all of the other development; and
- (b) for the other development taken to be the subject of the preliminary approval—

159 Section 5.12 (Application for access easement) of the repealed Act

160 Section 3.5.11 (Decision generally)

- (i) for building work—any later development application for the other development does not require assessment against the transitional planning scheme; and
 - (ii) for development other than building work—to the extent section 6.1.28 applies, any later development application for the other development is taken to be an application to which section 6.1.28(3) applies; and
- (c) the other development is refused to the extent the development approval expressly states the other development is refused.

(4) Subsection (2) does not apply to the extent stated in a notice given to the assessment manager by the applicant before or after the development approval was given.

6.1.31 Conditions about infrastructure for applications

(1) Subsection (2) applies if—

- (a) a local government is deciding a development application under a transitional planning scheme or an IPA planning scheme; and
- (b) the local government has—
 - (i) a local planning policy about infrastructure or a planning scheme policy about infrastructure; or
 - (ii) a provision, that was included before the commencement of this section, in its planning scheme about monetary contributions for specified infrastructure.

(2) For deciding the aspect of the application relating to the local planning policy, the planning scheme policy or planning scheme provision—

- (a) chapter 5, part 1¹⁶¹ does not apply; and
- (b) section 3.5.32(1)(b)¹⁶² does not apply; and
- (c) the local government may impose a condition on the development approval requiring land, works or a contribution towards the cost of supplying infrastructure (including parks) as if the repealed Act had not been repealed.

161 Chapter 5 (Miscellaneous), part 1 (Infrastructure charges)

162 Section 3.5.32 (Conditions that can not be imposed)

(3) However—

- (a) if a condition imposed under subsection (2)(c) is inconsistent with an infrastructure agreement for supplying the infrastructure, to the extent of the inconsistency, the agreement prevails; or
- (b) if the application is being decided under an IPA planning scheme, subsection (2) applies only for 5 years after the commencement of this section.

(4) Subsection (5) applies if—

- (a) a local government is deciding a development application under a transitional planning scheme only; and
- (b) the local government does not have a benchmark development sequence.

(5) For deciding the application—

- (a) section 3.5.32(1)(b)¹⁶³ does not apply; and
- (b) section 3.5.35¹⁶⁴ does not apply.

6.1.32 Conditions about infrastructure for applications under interim development control provisions or subdivision of land by-laws**(1)** This section applies if—

- (a) the local government is deciding a development application; and
- (b) the local government does not have a transitional planning scheme but has—
 - (i) an interim development control provision; or
 - (ii) a subdivision of land by-law continued in effect under section 8.10(7)¹⁶⁵ of the repealed Act.

(2) For deciding the application—

- (a) section 3.5.32(1)(b)¹⁶⁶ does not apply; and

163 Section 3.5.32 (Conditions that can not be imposed)

164 Section 3.5.35 (Limitations on conditions lessening cost impacts for infrastructure)

165 Section 8.10 (Savings and transitional) of the repealed Act

166 Section 3.5.32 (Conditions that can not be imposed)

- (b) the local government may impose a condition on a development approval requiring land, works or a contribution towards the cost of supplying infrastructure (including parks) as if the repealed Act had not been repealed.

(3) To the extent a condition imposed under subsection (2)(b) is inconsistent with an infrastructure agreement for supplying the infrastructure, the agreement prevails.

6.1.34 Consequential amendment of transitional planning schemes

(1) This section applies if under a transitional planning scheme an assessment manager is deciding a development application for assessable development that would, under the repealed Act, have first required the amendment of the former planning scheme.

(2) If the assessment manager approves the application, the local government may, by resolution and within 20 business days after the day the approval takes effect, adopt an amendment of its transitional planning scheme to reflect the approval.

(3) The amendment is an amendment of a planning scheme to which section 3.5.27 and schedule 1, sections 1 to 19 do not apply.

6.1.35 Self-assessable development under transitional planning schemes

Self-assessable development to which a transitional planning scheme or an interim development control provision applies must comply with applicable codes.

6.1.35A Applications to change conditions of rezoning approvals under repealed Act

(1) This section applies if a person wants to change the conditions attached to an approval given under section 2.19(3)(a) or 4.4(5) of the repealed Act.

(2) A person may—

- (a) make a development application to achieve the change; or
- (b) apply under section 4.3(1) or 4.15(1) of the repealed Act to change the conditions.

(3) If a person applies under subsection (2)(b) the application must be processed by the local government as if the repealed Act had not been repealed.

(4) This section expires 5 years after it commences.

6.1.35B Development approvals prevail over conditions of rezoning approvals under repealed Act

A development approval given under this Act prevails, to the extent the approval is inconsistent with a condition—

- (a) of an approval given under section 4.4(5) of the repealed Act; or
- (b) decided under section 2.19(3) of the repealed Act.

6.1.35C Applications requiring referral coordination

(1) Referral coordination is required for an application—

- (a) for development that is assessable under a planning scheme and that the assessment manager is satisfied is not minor or of an ancillary nature; and
- (b) prescribed under a regulation.

(2) This section applies—

- (a) despite section 3.3.5; and
- (b) even if there are no concurrence agencies for the application.

(3) If an application requires referral coordination under subsection (1), section 3.2.3(1)¹⁶⁷ applies to the application (despite section 3.2.3(1A)).

Division 9—Planning and Environment Court

6.1.36 Appointments of judges continue

6.1.39 Proceedings started under repealed Act continue

A proceeding started before the Planning and Environment Court under the repealed Act and not finished on the commencement of section 4.1.1, may be continued and completed by the court as if the repealed Act had not been repealed.¹⁷⁰

Division 10—Miscellaneous

6.1.41 Application of ch 2, pt 2, div 2

Chapter 2, part 2, division 2¹⁷¹ applies as if a transitional planning scheme were an IPA planning scheme.

168 Section 4.1.1 (Continuance of Planning and Environment Court)

169 Section 4.1.10 (Rules of court)

170 See the *Acts Interpretation Act 1954*, section 20 for other matters that are also saved when an Act is repealed.

6.1.44 Conditions may be changed or cancelled by assessment manager or concurrence agency in certain circumstances

(1) This section applies if—

- (a) before the commencement of this section another Act or a local law required a licence, permit, registration or other approval for development or for an activity that is the natural and ordinary consequence of the development; and
- (b) the other Act or local law allowed for a condition of the licence, permit, registration or other approval to be changed or cancelled without the consent of any person; and
- (c) the development is assessable development as defined for this part, and this Act generally; and
- (d) the other Act or local law is repealed or amended; and
- (e) if the Act or local law is amended—
 - (i) the requirement for the licence, permit, registration or other approval is removed; or
 - (ii) a condition of the licence, permit, registration or other approval that could have been imposed under the other Act or local law before the amendment may be imposed, under this Act, on the development approval.

(2) A condition of a development approval for the development, to the extent the condition could have been imposed by an entity under the other Act or local law before the Act or law was amended or repealed, may be changed or cancelled by the entity—

- (a) if the entity, as a concurrence agency, directed the assessment manager to impose the condition; or
- (b) if the entity, as the assessment manager, decided the condition.

172 Chapter 2 (Planning), part 3 (State powers)

(3) The change or cancellation may be made—

- (a) without the consent of the owner of the land to which the approval attaches and any occupier of the land; but
- (b) only to the extent the change or cancellation could have been made under the other Act or local law before it was amended or repealed.

(4) If the entity is satisfied it is necessary to change or cancel the condition, the entity must give a written notice to the owner of the land to which the approval attaches and any occupier of the land.

(5) The notice must state—

- (a) the proposed change or cancellation and the reasons for the change or cancellation; and
- (b) that each person to whom the notice is given may make written representations to the entity about the proposed change or cancellation; and
- (c) the time (at least 15 business days after the notice is given to the holder) within which the representations may be made.

(6) After considering any representations the entity must give to each person to whom the notice was given—

- (a) if the entity is not satisfied the change or cancellation is necessary—written notice stating it has decided not to change or cancel the condition; or
- (b) if the entity is satisfied the change or cancellation is necessary—written notice stating it has decided to change or cancel the condition, including details of the changed or cancelled condition.

(7) If the entity is a concurrence agency, the entity must give the assessment manager written notice of the change or cancellation.

(8) The changed condition or cancellation takes effect from the day the notice was given to the owner of the land to which the approval attaches.

6.1.45 Infrastructure agreements

(1) An infrastructure agreement made under part 6, division 2¹⁷³ of the repealed Act and in force immediately before the commencement of this section continues, on and after the commencement, to have effect and is

binding on the parties to the agreement as if the repealed Act had not been repealed.

(2) If an infrastructure agreement mentioned in subsection (1) or made under this Act contains permission criteria inconsistent with the *Integrated Planning Regulation 1998*, to the extent of the inconsistency, the agreement prevails.

(3) In this section—

“**permission criteria**” means criteria under either or both of the following—

- (a) the *Transport Infrastructure Act 1994*, section 40,¹⁷⁴ as in force immediately before 1 December 1999;
- (b) the *Transport Operations (Passenger Transport) Act 1994*, section 145(4).¹⁷⁵

6.1.45A Development control plans under repealed Act

(1) This section applies to a development control plan made under the repealed Act that includes a process—

SCHEDULE 1

PROCESS FOR MAKING OR AMENDING PLANNING SCHEMES

section 2.1.5

PART 1—PRELIMINARY CONSULTATION AND PREPARATION STAGE

1 Resolution to prepare planning scheme

(1) A local government, by resolution, may propose to prepare a planning scheme.

(2) In this schedule (other than in a provision specifically referring to an amendment of a planning scheme), a reference to a planning scheme includes a reference to an amendment of a planning scheme.

2 Local government may shorten process for certain amendments

(1) This section applies if a local government proposes to prepare an amendment of a planning scheme, and at least 1 of the following applies—

- (a) the local government is satisfied there has already been adequate public consultation about the matter, the subject of the proposed amendment;
- (b) the local government is satisfied the public interest would not be served by consulting about any proposal for preparing the amendment;
- (c) the amendment is a minor amendment of the planning scheme;
- (d) the amendment is about a benchmark development sequence.

Example of paragraph (a)—

A local government may decide there has been adequate public consultation about a matter the subject of a proposed amendment if the matter arose as a result of the recommendations of a regional planning advisory committee, and the regional planning advisory committee had publicly consulted about the matter before making its recommendation.

SCHEDULE 1 (continued)

Example of paragraph (b)—

A local government may believe it needs to change the parking standards applying to a particular form of development because parking demand has exceeded that reflected in the original planning scheme. Because of the limited options for dealing with the matter, the local government may decide that no public interest would be served by publicly consulting about any approach to preparing the amendment.

(2) If this section applies because of subsection (1)(a), (b) or (d), the local government—

- (a) if the section applies because of section 2.2.18(4)¹⁸³ of the Act—must start the amending process at section 9(2); or
- (b) if paragraph (a) does not apply—need not comply with sections 3 to 8 and may also start the amending process at section 9(2).

(3) If this section applies because of subsection (1)(c), the local government need not comply with sections 3 to 8 or sections 10 to 18.

3 Statement of proposals for preparing planning scheme

(1) The local government must prepare a statement of its proposals for preparing the planning scheme.

(2) In particular, the statement must—

- (a) identify matters the local government anticipates the planning scheme will address; and
- (b) state how the local government intends to address each core matter (including its component parts) in preparing the planning scheme.

(3) The local government must give a copy of the statement to the chief executive and to each adjoining local government.

4 Core matters for planning schemes

(1) The following are “**core matters**” for the preparation of a planning scheme—

- (b) areas contributing significantly to amenity (such as areas of high scenic value, physical features that form significant visual backdrops or that frame or define places or localities, and attractive built environments);

185 “Properly made submission” is a term defined in schedule 10 (Dictionary).
