“proprietor” means—

- (a) in relation to Crown land—the Minister for Land Management;

- (c) in relation to land reserved and set apart for a public purpose under the *Land Act 1962*—
 - (i) where the land is placed under the control of trustee—those trustees;
 - (ii) in any other case—the Minister for Land Management;

- (d) in relation to land granted by the Crown in trust to a local government or alienated by the Crown in fee simple and held by a local government— that local government.

“recreational use” includes any sporting, educational or tourism use.

“the park” means the Brisbane Forest Park declared by this Act as it is constituted at the material time.

PART 2—BRISBANE FOREST PARK

5 Brisbane Forest Park

(1) Brisbane Forest Park comprises the lands prescribed by regulation to be the park.

(2) Subject to section 7 (Manner of altering area of park), the Governor in Council may, by regulation, include land in, or exclude land from, the park.

(3) A map showing the area of the park may be inspected, and purchased, at the Brisbane office of the department.

6 What land may form park

The following descriptions of land, and no other, may be included in and form part of the park—

- (a) Crown land;
- (b) land that pursuant to an Act is under the control of any person for a public purpose or of a department of government of the State;
- (c) land reserved and set apart for a public purpose under the *Land Act 1962*;
- (d) land granted by the Crown in trust to a local government;
- (e) land alienated by the Crown in fee simple and held by a local government.

7 Manner of altering area of park

(1) Land may be included in or excluded from the park upon the recommendation of the administration authority made to the Governor in Council.

(1A) In the case of a proposal to include any land in the park or to exclude from the park land that is alienated by the Crown in fee simple such a recommendation shall not be made save with the consent of the proprietor of the land first had and obtained.

(2) If the Governor in Council approves of the proposal in question to include land in or exclude land from the park, the Minister shall cause to be laid before the Legislative Assembly notice of the proposal.

(2A) Such notice—

(3) If the Legislative Assembly approves of the proposal by resolution on a motion of which at least 14 days notice has been given, the Governor in Council may, by regulation, give effect to the proposal by including in the park, or excluding from the park, the land the subject of the proposal.

(4) Except in the cases provided for in section 8, any instrument or procedure that purports to include land in or exclude land from the park or that would, but for this subsection, have such effect and that is not made or carried out in accordance with this section shall have no force or effect.

8 Exclusion of public roads and inclusion of closed roads

(1) No road dedicated to public use, whether it is comprised of land which prior to the dedication formed part of the park or is comprised of land excised from land which after the dedication becomes part of the park, shall be taken to form part of the park.

(2) Where a road dedicated to public use and located within the external boundaries of the park is permanently closed the Governor in Council may, by regulation, include in the park the land that comprised the road.

(3) Where land is excluded from the park by reason of the dedication of a road to public use or is included in the park consequent upon the closure of a road referred to in subsection (2)—

- (a) the exclusion shall be deemed not to be an exclusion of land from the park to which section 7 would apply; and
- (b) the inclusion shall be deemed not to be an inclusion of land in the park to which section 7 would apply.

9 Park deemed reserve for mining purposes

Land forming part of the park, which is not for any other reason a reserve within the meaning of the *Mineral Resources Act 1989*, shall be deemed to be a reserve for the purposes of the application of that Act.

10 Endorsement of instruments of title

The administration authority shall cause notices containing such portions of its by-laws as are relevant to the purpose of the notice to be displayed in such locations in the park as in the authority's opinion will bring those portions of the by-laws to the knowledge of members of the public who use land allocated to public use.

- (b) the appropriate provisions of that Act shall apply in respect of money and property vested in the administration authority, having regard to the nature and description of such money and property,

as if the authority were a statutory corporation representing the Crown.

PART 6—GENERAL PROVISIONS

42 Effect on town planning powers

(1) The *Local Government (Planning and Environment) Act 1990* shall be read subject to this section.

(2) If a planning scheme, when approved by the Governor in Council, would include land that forms part of the park then before the Governor in Council approves of such scheme there shall be produced to the Governor in Council evidence that the administration authority approves of the zoning of such land under the scheme.

(3) If an amendment of a planning scheme, when approved by the Governor in Council, would affect land that forms part of the park by—

- (a) changing the zoning of such land under the plan or scheme; or
- (b) excluding such land from one zone and including it in another zone under the plan or scheme; or
- (c) changing the conditions governing use of such land in the zone in which it is included under the plan or scheme;

then before the Governor in Council approves of such amendment there shall be produced to the Governor in Council evidence that the administration authority approves of the amendment.

43 Liability for rates etc. excluded

Rates, taxes and other like charges shall not be made, levied or assessed in respect of land that forms part of the park unless the land is at the material time leased or let to or is otherwise in the occupation of a person other than the administration authority or a proprietor for any purpose or, in the case of land allocated to public use, for any purpose other than a recreational use for which the land is so allocated.

44 Administration authority to be informed of leases etc.

Where a proprietor of land that forms part of the park or any person claiming under the proprietor leases or lets the same or any part thereof, creates an encumbrance over the same or any part thereof or grants any right in or over the same or any part thereof the proprietor or other person shall forthwith inform the administration authority in writing of the fact.

45 Nature of occupier's duty to visitors on park

(1) The duty owed by the administration authority as occupier pursuant to this Act of land that forms part of the park and that is allocated to public use to a person who is on such land as a member of the public shall be determined in accordance with the following provisions—

- (a) if such person is on land which or the use of which is not the subject of by-laws of the authority—the person shall be taken to be on that land as a licensee;

- (b) if such person is on land which or the use of which is the subject of by-laws of the authority—
 - (i) if the person is on that land and is using the same in accordance with the by-laws—the person shall be taken to be on that land as a licensee;
 - (ii) if the person is on that land or is using the same otherwise than in accordance with the by-laws—the person shall be taken to be on that land as a trespasser.

(2) A person who is on land that forms part of the park but that is not allocated to public use shall be taken to be on that land as a trespasser unless the person shows that he or she is there on the invitation or licence of the proprietor, the administration authority or lawful occupier of that land.

46 Seizure of property

(1) A person authorised in writing by the secretary of the administration authority, either generally or in a particular case, may seize, remove and detain or cause to be removed and detained any property, which is found in the park and which—

- (a) is at a place therein in contravention of the by-laws of the authority; or
- (b) is being used or is suspected by such person of having been used in contravention of the by-laws of the authority; or
- (c) is or is suspected or believed by such person to be abandoned property.

(2) When property seized pursuant to subsection (1) is, at the time of seizure, in the physical possession or control of any person the person making the seizure shall give to the person in such possession or control a notice in writing of the seizure, which shall sufficiently describe the property seized as to allow of its identification.

(2A) When property seized pursuant to subsection (1) is not, at the time of seizure, in the physical possession or control of any person the person making the seizure, except where the person suspects or believes the property to be abandoned property, shall cause reasonable inquiry to be made to ascertain the owner of or other person having an interest in the property and shall give to such owner or other person notice in writing of the seizure, which shall sufficiently describe the property seized as to allow

of its identification but if after reasonable inquiry an owner or such other person is not ascertained the person making the seizure shall cause such notice in writing to be displayed in a public and conspicuous place at the office of the clerk of the Magistrates Court in the district in which the property was seized and a copy of such notice to be displayed at the office of the secretary of the administration authority.

(3) Property, other than property suspected or believed to be abandoned property, seized pursuant to subsection (1) may be detained for a period of 3 months or until the final determination (including the determination of any appeal therein (if any)) of proceedings taken within that period in relation to the property, whichever period is the greater.

(3A) Property seized pursuant to subsection (1) that is suspected or believed by the person making the seizure to be abandoned property may be disposed of at any time in such manner as the secretary of the administration authority directs and, if sold, the proceeds shall be disbursed as provided for in subsection (6).

(4) At any time when property seized pursuant to subsection (1) is being detained under the authority of this section the owner or other person claiming a proprietary interest therein may apply to a Magistrates Court constituted under the *Justices Act 1886* having jurisdiction at the place where the property is detained for an order that the property be returned to the owner or other person claiming a proprietary interest.

(4A) Notice of such application shall be given to the administration authority.

(5) If the court that hears an application under subsection (4) is satisfied that—

- (a) the applicant has an interest in the property detained that should be protected; and
- (b) the property is not required to be further detained for the purpose of legal proceedings or other lawful purpose;

it may make such order as to the court seems just, but if it is not so satisfied it shall strike out the application and make such order as to costs as it thinks fit.

(6) If an order is made under subsection (5) all persons concerned shall take all steps necessary to give effect to it but if no such order is duly made and the time for which property seized pursuant to subsection (1) may be detained has expired the property detained may be sold or otherwise disposed of as the secretary of the administration authority directs and, if

sold, the proceeds shall be paid into the Brisbane Forest Park Fund after the expenses of the sale (if any) have been paid therefrom.

47 Forfeiture by court

(1) When a person is convicted of an offence against the by-laws of the administration authority the court that convicts the person may, if it thinks fit, order that property by reason of which the offence was committed and that has been seized pursuant to section 46(1) be thereby forfeited to the administration authority.

(2) Property forfeited may be disposed of in such manner as the secretary of the administration authority directs and, if sold, the proceeds shall be disbursed as provided for in section 46(6).

48 Certain land in park to be public place

Land that forms part of the park and that is allocated to public use shall, while it continues to be so allocated, be taken to be a public place for the purpose of the operation therein of any law that applies in relation to a public place or anything in a public place or to the doing of any act in a public place.

49 Protection of administration authority etc.

Save in any case where and to the extent that an occupier of land that forms part of the park is liable to compensate a person injured while on the land, no liability shall be incurred by the administration authority, its secretary, a proprietor of land that forms part of the park or any person acting under the authority of any of them on account of anything done or omitted for the purposes of this Act or of the development and management the park or done in good faith and purporting to be for the purposes this Act or of the development and management of the park.
