6 Section 134 (Alteration and defacing of numbers etc.) of the Act

*Transport Operations (Road Use

- (d) the vehicle's chassis number or VIN is the same as the chassis number or VIN of a vehicle recorded in the register as a repairable write-off, unless there is a written-off vehicle inspection report for the vehicle; or
- (e) the vehicle's chassis number or VIN is the same as the chassis number or VIN of a vehicle recorded in a register kept under a corresponding law to this regulation as a repairable write-off, unless there is a written-off vehicle inspection report for the vehicle or, under the corresponding law, there is a report for the vehicle that is equivalent to a written-off vehicle inspection report; or

*Transport Operations (Road Use
Management—Vehicle Registration) Regulation 1999*

- (j) the vehicle's garage address is in another State; or
- (k) the vehicle does not conform with the requirements applying to the vehicle under a vehicle law; or
- (l) the vehicle has been registered in another State and—
 - (i) the registration in the other State has been suspended or cancelled for a reason other than its expiry; and
 - (ii) the reasons for the cancellation or suspension still exist.

(2) Subsection (1) does not limit the chief executive's power to refuse the application under another provision of this regulation.

(2A) Despite subsection (1), the chief executive may decide that a written-off vehicle inspection report is not required for a vehicle that is recorded in the register, or in a register kept under a corresponding law to this regulation, as a repairable write-off.

Example—

The chief executive decides the damage to a vehicle is limited to cosmetic damage.

(3) If the chief executive decides to grant the application, the chief executive must register the vehicle in the applicant's name.

(4) If the chief executive decides to refuse the application, the chief executive must tell the applicant—

- (a) the reasons for the refusal; and
- (b) that the decision may be reviewed under section 66,⁷ unless the vehicle's chassis number or VIN is the same as the chassis number or VIN of a vehicle recorded in the register, or in a register kept under a corresponding law to this regulation, as a statutory write-off.

(5) If asked by the applicant, the chief executive must give written reasons for refusing the application.

⁷ Section 66 (Review of decisions)

(2) Also, a person acting under the authority of a court to sell a vehicle may apply to the chief executive to cancel the vehicle's registration.

(3) If the application of a person (the **“applicant”**) to cancel a vehicle's registration is made by another person on behalf of the applicant, the other person must give the chief executive written evidence of the other person's appointment, as the registered operator's agent, with the application.

45A Cancellation if registration in other State

The chief executive may cancel a vehicle's registration other than on a person's application if the chief executive knows that the vehicle has been registered in another State under a corresponding law to this regulation.

46 Partial refund of registration fee

(1) This section applies if a vehicle's registration is cancelled under section 45 or 45A.

(2) The chief executive must make a partial refund of the registration fee paid for the vehicle to the person who was the registered operator immediately before the cancellation.

(3) The refund is worked out using the following formula—

$$\text{refund} = \frac{\text{number of days}}{365} \times \text{annual registration fee}$$

*Transport Operations (Road Use
Management—Vehicle Registration) Regulation 1999*

where—

“number of days” is the number of unexpired whole days of the registration term for which the fee was paid, from the day on which the chief executive approves the application to cancel the registration.

(4) However, the chief executive may deduct from the refund—

- (a) an amount decided by the chief executive to cover reasonable administrative costs; and

- (d) the chief executive is satisfied that the registered operator has not complied with all the requirements of the defect notice within the 14 days mentioned in paragraph (c); and
- (e) the registered operator has not asked the chief executive to cancel the vehicle’s registration.

(2) If the chief executive decides to cancel the registration under section 19(2)(c) of the Act, the chief executive must include in the written notice given under section 19(3) of the Act a requirement that the person (the **“relevant person”**) to whom the notice is directed must return the

13 Section 19 (Procedure for amending, suspending or cancelling approvals) of the Act

Management—Vehicle Registration) Regulation 1999*

vehicle's registration label and number plates to the chief executive within 14 days after the giving of the notice (the **“return period”**).

(3) The relevant person must return the vehicle's registration label and number plates to the chief executive within the return period.

Maximum penalty—20 penalty units.

(4) However, if the registration label or a number plate has been lost, stolen or destroyed, the relevant person does not contravene subsection (3) in relation to the registration label or number plate if the relevant person, within the return period, notifies the chief executive in writing of the details of the loss, theft or destruction.

48 Cancellation of registration of vehicle or dealer plate

(1) This section applies if—

(2) If this section applies in relation to a vehicle, a ground exists to cancel the registration of the vehicle.

(3) If the chief executive decides to cancel the vehicle's registration under section 19(2)(c)¹⁴ of the Act, the chief executive must include in the written notice given under section 19(3) of the Act a requirement that the person (the **“relevant person”**) to whom the notice is directed must return

14 Section 19 (Procedure for amending, suspending or cancelling approvals) of the Act

*Transport Operations (Road Use
Management—Vehicle Registration) Regulation 1999*

(4) The relevant person must return the vehicle's registration label and number plates to the chief executive within the return period.

Maximum penalty—20 penalty units.

(5) However, if the registration label or a number plate has been lost, stolen or destroyed, the relevant person does not contravene subsection (4) in relation to the registration label or number plate if the relevant person, within the return period, notifies the chief executive in writing of the details of the loss, theft or destruction.

(6) If this section applies in relation to a dealer plate, a ground exists to cancel the registration of the dealer plate.

(8) The dealer plate holder must return the dealer plate to the chief executive within the dealer plate return period.

Maximum penalty—30 penalty units.

(9) However, if the dealer plate has been lost, stolen or destroyed, the dealer plate holder does not contravene subsection (8) if the dealer plate holder, within the dealer plate return period, notifies the chief executive in writing of the details of the loss, theft or destruction.

(10) Nothing in this section stops the chief executive from recovering from the relevant person or dealer plate holder an amount, worked out on a proportional basis, of any amount for registration referable to the period ending on the cancellation.

(11) Section 56¹⁵ of the Act does not apply to a registration, or renewal of registration, of a vehicle or dealer plate.
