[as amended by all amendments that commenced on or before 13 May 2004]

An Act for a framework to integrate planning and development assessment so that development and its effects are managed in a way that is ecologically sustainable, and for related purposes

CHAPTER 1—PRELIMINARY

PART 1—INTRODUCTION

1.1.1 Short title

This Act may be cited as the *Integrated Planning Act 1997*.

1.1.2 Commencement

(1) This Act, other than chapter 2, part 2, division 2 and chapter 5, part 6, commences on a day to be fixed by proclamation.

(3) Chapter 5, part 6 commences on 31 March 2000.

PART 2—PURPOSE AND ADVANCING THE PURPOSE

1.2.1 Purpose of Act

The purpose of this Act is to seek to achieve ecological sustainability¹ by—

¹ ‘Ecological sustainability’ is defined in section 1.3.3 (Meaning of “ecological sustainability”).

- (b) managing the process by which development occurs; and
- (c) managing the effects of development on the environment (including managing the use of premises).

1.2.2 Advancing Act's purpose

(1) If, under this Act, a function or power is conferred on an entity, the entity must—

- (a) unless paragraph (b) or (c) applies—perform the function or exercise the power in a way that advances this Act's purpose; or
- (b) if the entity is an assessment manager other than a local government—in assessing and deciding a matter under this Act, have regard to this Act's purpose; or
- (c) if the entity is a referral agency other than a local government (unless the local government is acting as a referral agency under devolved or delegated powers)—in assessing and deciding a matter under this Act, have regard to this Act's purpose.

(2) Subsection (1) does not apply to code assessment under this Act.

1.2.3 What advancing this Act's purpose includes

(1) Advancing this Act's purpose includes—

- (a) ensuring decision-making processes—
 - (i) are accountable, coordinated and efficient; and
 - (ii) take account of short and long-term environmental effects of development at local, regional, State and wider levels; and
 - (iii) apply the precautionary principle; and
 - (iv) seek to provide for equity between present and future generations; and
- (b) ensuring the sustainable use of renewable natural resources and the prudent use of non-renewable natural resources; and
- (c) avoiding, if practicable, or otherwise lessening, adverse environmental effects of development; and

- (d) supplying infrastructure in a coordinated, efficient and orderly way, including encouraging urban development in areas where adequate infrastructure exists or can be provided efficiently; and

- (f) providing opportunities for community involvement in decision making.

(2) For subsection (1)(a)(iii), the precautionary principle is the principle that lack of full scientific certainty should not be used as a reason for postponing a measure to prevent degradation of the environment if there are threats of serious or irreversible environmental damage.

(3) In subsection (1)(b)—

“**natural resources**” includes biological, energy, extractive, land and water resources that are important to economic development because of their contribution to employment generation and wealth creation.

CHAPTER 2—PLANNING

PART 1—LOCAL PLANNING INSTRUMENTS

Division 1—General provisions about planning schemes

2.1.1 Meaning of “planning scheme”

A “**planning scheme**” is an instrument made by a local government under division 3.⁶

2.1.2 Area to which planning schemes apply

A local government’s planning scheme applies to the whole of the local government’s area (the “**planning scheme area**”).

Division 2—Key concepts for planning schemes

2.1.3 Key elements of planning schemes

(1) A local government and the Minister must be satisfied that the local government’s planning scheme—

- (a) coordinates and integrates the matters (including the core matters) dealt with by the planning scheme, including any State and regional dimensions⁷ of the matters; and
- (b) identifies the desired environmental⁸ outcomes for the planning scheme area; and
- (c) includes measures that facilitate the desired environmental outcomes to be achieved; and
- (d) includes performance indicators to assess the achievement of the desired environmental outcomes; and

6 The Minister also may make a planning scheme if the local government fails to comply with a direction under section 2.3.2.

7 State and regional dimensions of matters are explained in section 2.1.4.

8 For this Act, “environment” is defined in schedule 10 (Dictionary).

- (e) if the local government is prescribed under a regulation—includes a benchmark development sequence.⁹

(2) Measures facilitating the desired environmental outcomes to be achieved include the identification of relevant—

- (a) self-assessable development; and
(b) assessable development requiring code or impact assessment.

(3) To remove any doubt, it is declared that—

- (a) a planning scheme may identify desired environmental outcomes for particular localities within the planning scheme area; and
(b) a local government may include a benchmark development sequence in its planning scheme even if the local government is not prescribed under a regulation.

2.1.3A Core matters for planning schemes

(1) Each of the following are “**core matters**” for the preparation of a planning scheme—

- (a) land use and development;
(b) infrastructure;¹⁰
(c) valuable features.

(2) In subsection (1)(a)—

“**land use and development**” includes each of the following—

- (a) the location of, and the relationships between, various land uses;
(b) the effects of land use and development;
(c) how mobility between places is facilitated;
(d) accessibility to areas;
(e) development constraints (including, but not limited to, population and demographic impacts).

(3) In subsection (1)(b)—

⁹ Other legislation also requires local governments to note certain matters on planning schemes, for example, the *Mineral Resources Act 1989*, section 319 requires a local government to note on its planning scheme the existence of certain mining tenures.

¹⁰ The term “infrastructure” is defined in schedule 10 (Dictionary).

“infrastructure” includes the extent and location of proposed infrastructure, having regard to existing infrastructure networks, their capacities and thresholds for augmentation.

(4) In subsection (1)(c)—

“valuable features” includes each of the following, whether terrestrial or aquatic—

- (a) resources or areas that are of ecological significance (such as habitats, wildlife corridors, buffer zones, places supporting biological diversity or resilience, and features contributing to the quality of air, water (including catchments or recharge areas) and soil);
- (b) areas contributing significantly to amenity (such as areas of high scenic value, physical features that form significant visual backdrops or that frame or define places or localities, and attractive built environments);
- (c) areas or places of cultural heritage significance (such as areas or places of indigenous cultural significance, or aesthetic, architectural, historical, scientific, social or technological significance, to the present generation or past or future generations);
- (d) resources or areas of economic value (such as extractive deposits, fishery resources, forestry resources, water resources, sources of renewable and non-renewable energy and good quality agricultural land).

2.1.4 State, regional and local dimensions of planning scheme matters

(1) A matter (including a core matter) in a planning scheme may have local, regional or State dimensions.

(2) A local dimension of a planning scheme matter is a dimension that is within the jurisdiction of local government but is not a regional or State dimension.

(3) A regional dimension of a planning scheme matter is a dimension—

- (a) about which a regional planning advisory committee report makes a recommendation; or
- (b) that can best be dealt with by the cooperation of 2 or more local governments.

(4) A State dimension of a planning scheme matter (including a matter reflected in a State planning policy) is a dimension of a State interest.

Division 3—Making, amending and consolidating planning schemes

2.1.5 Process for making or amending planning schemes

(1) The process stated in schedule 1 must be followed for making or amending a planning scheme.

(2) The process involves 3 stages—

- preliminary consultation and preparation stage¹¹
- consideration of State interests and consultation stage¹²
- adoption stage.¹³

2.1.6 Compliance with sch 1

Despite section 2.1.5, if a planning scheme is made or amended in substantial compliance with the process stated in schedule 1, the planning scheme or amendment is valid so long as any noncompliance has not—

- (a) adversely affected the awareness of the public of the existence and nature of the proposed scheme; or
- (b) restricted the opportunity of the public under schedule 1 to make properly made submissions; or
- (c) restricted the opportunity of the Minister to exercise the Minister's powers under schedule 1, sections 10, 11 and 18.

2.1.7 Effects of planning schemes and amendments

(1) A planning scheme made under this division for a planning scheme area—

- (a) becomes the planning scheme for the area; and

11 See schedule 1, part 1.

 - (ii) if a later day for the commencement of the planning scheme is stated in the planning scheme—the later day.

(2) If a planning scheme is amended under this division, the amendment has effect on and from—

- (a) the day the adoption of the amendment is notified in the gazette; or
- (b) if a later day for the commencement of the amendment is stated in the amendment—the later day.

2.1.8 Consolidating planning schemes

(1) A local government may prepare a consolidated planning scheme.

(2) Schedule 1 does not apply to the preparation of the consolidated planning scheme.

(3) The consolidated planning scheme is, in the absence of evidence to the contrary, taken to be the local government's planning scheme as at the day the consolidation is, by resolution, adopted by the local government.

Division 4—Temporary local planning instruments

2.1.9 Meaning of “temporary local planning instrument”

A “**temporary local planning instrument**” is an instrument made by a local government under this division.

2.1.10 Extent of effect of temporary local planning instrument

(1) A temporary local planning instrument may suspend or otherwise affect the operation of a planning scheme for not more than 1 year, or a lesser period stated in the temporary local planning instrument, but can not amend a planning scheme.

(2) However, a temporary local planning instrument may be made only if the Minister is satisfied—

- (a) there is a significant risk of serious environmental harm, within the meaning of the *Environmental Protection Act 1994*, section 17,¹⁴ or serious adverse cultural, economic or social conditions occurring in the planning scheme area; and
- (b) the delay involved in using the process under schedule 1 to amend the planning scheme would increase the risk.

2.1.11 Area to which temporary local planning instrument applies

A temporary local planning instrument may apply to all or only part of a planning scheme area.

2.1.12 Process for making temporary local planning instruments

(1) The process stated in schedule 2 must be followed for making a temporary local planning instrument.

(2) The process involves 2 stages—

- proposal stage¹⁵

14 *Environmental Protection Act 1994*, section 17—

“**Serious environmental harm**” is environmental harm (other than environmental nuisance)—

- (a) that causes actual or potential harm to environmental values that is irreversible, of a high impact or widespread; or
- (b) that causes actual or potential harm to environmental values of an area of high conservation value or special significance; or
- (c) that causes actual or potential loss or damage to property of an amount of, or amounts totalling, more than the threshold amount; or
- (d) that results in costs of more than the threshold amount being incurred in taking appropriate action to—
 - (i) prevent or minimise the harm; and
 - (ii) rehabilitate or restore the environment to its condition before the harm.

15 See schedule 2, part 1.

16 See schedule 2, part 2.

2.1.13 Compliance with sch 2

If a temporary local planning instrument is made in substantial compliance with the process stated in schedule 2, the instrument is valid.

(5) The repeal takes effect—

- (a) if the resolution is made under subsection (1)(a)—on the day the resolution is notified in the gazette; or
- (b) if the resolution is made under subsection (1)(b)—on the day the resolution adopting the planning scheme is notified in the gazette.

2.1.17 Area to which planning scheme policy applies

A planning scheme policy may apply to all or only part of a planning scheme area.

2.1.17A Inconsistency between planning instruments

To the extent a planning scheme policy is inconsistent with another planning instrument, the other planning instrument prevails.

¹⁷ The Minister also may make a planning scheme policy if the local government fails to comply with a direction under section 2.3.2.

2.1.18 Adopting planning scheme policies in planning schemes

(1) The only document made by a local government that the local government's planning scheme may, under the *Statutory Instruments Act 1992*, section 23, apply, adopt or incorporate, is a planning scheme policy.

(2) A planning scheme policy must not apply, adopt or incorporate another document prepared by the local government.

2.1.19 Process for making or amending planning scheme policies

The process stated in schedule 3 must be followed for making or amending a planning scheme policy.

(2) The process involves 3 stages—

- proposal stage¹⁸
- consultation stage¹⁹
- adoption stage.²⁰

2.1.20 Compliance with sch 3

Despite section 2.1.19, if a planning scheme policy is made or amended in substantial compliance with the process stated in schedule 3, the planning scheme policy or amendment is valid so long as any noncompliance has not—

- (a) adversely affected the awareness of the public of the existence and nature of the proposed planning scheme policy or amendment; or
- (b) restricted the opportunity of the public under schedule 3 to make properly made submissions on the proposed policy or amendment.

18 See schedule 3, part 1.

19 See schedule 3, part 2.

20 See schedule 3, part 3.

Division 6—Local planning instruments generally

2.1.23 Local planning instruments have force of law

(1) A local planning instrument is a statutory instrument under the *Statutory Instruments Act 1992* and has the force of law.

(2) A local planning instrument may not prohibit development on, or the use of, premises.

2.3.4 Process if Minister takes directed action

2.6.2 Matters to be considered when designating land

Land may be designated for community infrastructure only if the designator is satisfied the community infrastructure will—

- (a) facilitate the implementation of legislation and policies about environmental protection or ecological sustainability; or
- (b) facilitate the efficient allocation of resources; or
- (c) satisfy statutory requirements or budgetary commitments of the State or local government for the supply of community infrastructure; or
- (d) satisfy the community’s expectations for the efficient and timely supply of the infrastructure.

2.6.4 What designations may include

A designation may include—

- (a) requirements about works or the use of the land for the community infrastructure such as the height, shape, bulk or location of the works on the land, vehicular access to the land, vehicular and pedestrian circulation on the land, hours of operation of the use, landscaping on the land and ancillary uses of the land; and

²⁵ In this part, “Minister” includes any Minister of the Crown. See definition “Minister” in schedule 10 (Dictionary).

- (b) other requirements designed to lessen the impacts of the works or the use of the land for community infrastructure, such as procedures for environmental management.

2.6.5 How IDAS applies to designated land

Development under a designation is exempt development, to the extent the development is either, or both, of the following—

- (a) self-assessable development or assessable development under a planning scheme;
- (b) the reconfiguration of a lot.

2.6.6 How infrastructure charges apply to designated land

If a public sector entity, that is a department or part of a department, proposes or starts development under a designation, the entity is not required to pay any infrastructure charge under chapter 5, part 1 (Infrastructure charges) for the development.

Division 2—Ministerial designation processes

2.6.7 Process for Minister to designate land

(1) The process stated in schedule 6 must be followed by a Minister to designate land unless the land is designated under section 2.6.8.

(2) The process involves 2 stages—

- consultation stage²⁶
- designation stage.²⁷

2.6.8 Minister may proceed straight to designation in certain circumstances

A Minister may designate land using the process stated in schedule 7 if the Minister is satisfied that—

26 See schedule 6, part 1.

27 See schedule 6, part 2.

- (a) either—
- (i) the Coordinator-General has, under the *State Development and Public Works Organisation Act 1971*, section 29A,²⁸ carried out a coordination in relation to the community infrastructure; or
 - (ii) the Coordinator-General has, under the *State Development and Public Works Organisation Act 1971*, section 29K,²⁹ prepared a report evaluating an EIS for a project that includes the community infrastructure; or
 - (iii) the process under the *Environmental Protection Act 1994*, chapter 3, part 1 has been completed for an EIS for a project that includes the community infrastructure; or
 - (iv) the impacts of the infrastructure or the construction of the infrastructure have been assessed under chapter 3; and
- (b) public consultation has already been carried out about the infrastructure under paragraph (a).

2.6.9 Compliance with sch 6 or 7

(1) Despite section 2.6.7, if a Minister makes a designation in substantial compliance with the process stated in schedule 6, the designation is valid so long as any noncompliance has not—

- (a) adversely affected the awareness of the public of the existence and nature of the proposed designation; or
- (b) restricted the opportunity of the public under schedule 6 to make submissions.

28 *State Development and Public Works Organisation Act 1971*, section 25 (Supervision of environment)

Section 29A has been renumbered as section 25 under the *State Development and Public Works Organisation Act 1971*, section 122A.

29 *State Development and Public Works Organisation Act 1971*, section 35 (Coordinator-General evaluates EIS, submissions, other material and prepares report)

Section 29K has been renumbered as section 35 under the *State Development and Public Works Organisation Act 1971*, section 122A.

(2) Despite section 2.6.8, if the Minister makes a designation in substantial compliance with the process stated in schedule 7, the designation is valid.

2.6.10 Effects of ministerial designations

A designation made under this division—

- (a) if the designation states that it replaces an existing designation—replaces the existing designation; and
- (b) has effect on and from—
 - (i) the day the designation is notified in the gazette; or
 - (ii) if a later day for the commencement of the designation is stated in the notice—the later day.

2.6.11 When local government must include designation in planning scheme

If a local government receives a notice from a Minister stating that the Minister has made a designation in or near its planning scheme area, the local government must note the designation on—

- (a) its planning scheme (if any); and
- (b) any new planning scheme it makes before the designation ceases to have effect.

Division 3—Local government designation process

2.6.12 Designation of land by local governments

(1) A local government may only designate land by using the process stated in schedule 1 to include the designation as a substantive provision of its planning scheme.

(2) Subsection (1) applies whether or not the local government owns the land.

2.6.13 Designating land the local government does not own

(1) This section applies if the local government proposes to designate land it does not own.

(2) Before the start of the consultation period for making or amending a planning scheme intended to include the designation, the local government must give written notice of the proposed designation to the owner of the land.

(3) The notice must state the following—

- (a) the description of the land proposed to be designated, including a plan of the land;
- (b) the type of community infrastructure for which the designation is proposed;
- (c) the reasons for the designation;
- (d) that written submissions about any aspect of the proposed designation may be given to the local government during the consultation period.

Division 4—Other matters about designations

2.6.14 Duration of designations

(1) A designation ceases to have effect—

- (a) if the designation is made by a Minister—6 years after notice of the designation was published in the gazette (the “**designation cessation day**”); or
- (b) if the designation is made by a local government—6 years after the planning scheme or amendment that incorporated the designation took effect (also the “**designation cessation day**”).

(2) If after designating land but before the designation cessation day, a local government makes a new planning scheme and includes an existing designation as a substantive provision of the new planning scheme—

- (a) the existing designation continues to have effect until its designation cessation day under subsection (1); and
- (b) section 2.6.13 does not apply to remaking the designation in the new planning scheme.

2.6.15 When designations do not cease

(1) A designation does not cease to have effect on the designation cessation day if—

- (a) on the designation cessation day, an entity other than the State or the local government owns, or has a public utility easement over, the designated land and construction of community infrastructure started before the designation cessation day; or
- (b) on the designation cessation day, the State or the local government owns, or has a public utility easement, for the same purpose as the designation, over, the designated land; or
- (c) before the designation cessation day, the State or the local government gave a notice of intention to resume the designated land under the *Acquisition of Land Act 1967*, section 7;³⁰ or
- (d) before the designation cessation day, the State or the local government signed an agreement to take under the *Acquisition of Land Act 1967* or to otherwise buy the designated land; or
- (e) for a designation made by the Minister—before the designation cessation day, the Minister gave the local government written notice reconfirming the designation.

(2) However, if the State or a local government discontinues proceedings to resume designated land, whether before or after the designation cessation day, the designation ceases to have effect the day the proceedings are discontinued.

(3) To remove any doubt, it is declared that a designation of land or any notice given to an owner about a designation of land does not constitute a notice of intention to resume under of the *Acquisition of Land Act 1967*, section 7.

2.6.16 Reconfirming designation

(1) If the Minister gives a local government a written notice under section 2.6.15(1)(e) reconfirming a designation—

- (a) the local government must display the notice in a conspicuous place in the local government's public office; and
- (b) the Minister must—

30 *Acquisition of Land Act 1967*, section 7 (Notice of intention to take land)

- (i) give the owner of the land a copy of the notice; and
- (ii) publish the notice in the gazette; and
- (c) the designation has effect for another 6 years after the notice is published in the gazette.

(2) When a local government receives a notice from the Minister reconfirming a designation in or near its planning scheme area, the local government must again note the designation on—

- (a) its planning scheme (if any); and
- (b) any new planning scheme it makes before the designation ceases to have effect.

(3) A reconfirmation of a designation is taken to be a designation to which sections 2.6.14 and 2.6.15 apply.

2.6.17 How designations must be shown in planning schemes

(1) If a local government designates land, or notes a designation of land by the Minister on its planning scheme, the designation or note must—

- (a) identify the land; and
- (b) state the type of community infrastructure for which the land was designated; and
- (c) state the day the designation was made; and
- (d) refer to any matters included as part of the designation under section 2.6.4; and
- (e) be shown in the planning scheme in a way that other provisions in the planning scheme applying to the land remain effective even if the designation is repealed or ceases to have effect.

(2) To remove any doubt, it is declared that—

- (a) a designation is part of a planning scheme; and
- (b) designation is not the only way community infrastructure may be identified in a planning scheme; and
- (c) the provisions of a planning scheme (other than the provision that designates land) applying to designated land remain effective even if the designation is repealed or ceases to have effect.

2.6.18 Repealing designations

(1) A Minister may repeal a designation made by the Minister by publishing a notice of repeal of the designation.

(2) A local government may repeal a designation made by the local government by publishing a notice of repeal of the designation.

(3) The notice must be published in the gazette and in a newspaper circulating generally in the area where the designated land is situated.

(4) The notice must state the following—

- (a) that the designation has been repealed;
- (b) the description of the land to which the designation applied;
- (c) the purpose of the community infrastructure for which the land was designated;
- (d) the reasons for the decision.

(5) If the repeal is made by the Minister, the Minister must give a copy of the notice to—

- (a) each local government to which a notice about the making of the designation was given; and
- (b) if the land is owned by an entity other than the State or the local government—the owner.

(6) If the repeal is made by the local government and the land is owned by an entity other than the local government, the local government must give a copy of the notice to the owner.

(7) The designation ceases to have effect on the day the notice is published in the gazette.

(8) If a local government repeals a designation or receives a notice from the Minister advising that the Minister has repealed a designation, the local government must note the repeal on its planning scheme.

2.6.19 Request to acquire designated land under hardship

(1) Subsection (3) applies if the owner of an interest in designated land (the “**designated interest**”) is suffering hardship because of the designation.

(2) However, subsection (3) does not apply if—

- (a) the designated land is land—
 - (i) over which there is an existing public utility easement; or
 - (ii) for which a process has started under the *Acquisition of Land Act 1967* to acquire a public utility easement; and
 - (b) the designation is for community infrastructure for which the easement exists or is being acquired.
- (3) The owner may ask the designator to buy—
- (a) the designated interest; or
 - (b) if the owner has an interest in adjoining land and retaining the interest without the designated interest would also cause the owner hardship—the designated interest and the interest in the adjoining land.
- (4) The designator must, within 40 business days after the request is received, decide to—
- (a) grant the request; or
 - (b) take other action under section 2.6.21; or
 - (c) refuse the request.
- (5) In deciding whether or not the owner is suffering hardship, the designator must consider each of the following—
- (a) whether the owner must sell an interest mentioned in subsection (3)(a) or (b) without delay for personal reasons, including to avoid loss of income, and has tried unsuccessfully to sell the interest at a fair market value (disregarding the designation);
 - (b) whether the owner has a genuine intent to develop the interest, but development approval has been, or is likely to be, refused because of the designation;
 - (c) the extent to which development would be viable because of the designation if the owner exercised rights conferred under any development approval.
- (6) In this section—
- “adjoining land”** means land—
- (a) adjoining designated land; and
 - (b) in which the owner of the designated land has an interest.

2.6.20 If designator grants request

If the designator decides to grant the request, the designator must, within 5 business days after deciding the request, give the owner a notice stating that the designator proposes to buy the nominated interest.

2.6.21 Alternative action designator may take

If the designator decides not to buy the nominated interest, the designator may, instead of taking action under section 2.6.22 and within 5 business days after deciding the request, give the owner a notice stating that the designator proposes to—

- (a) exchange the nominated interest for property held by the designator; or
- (b) repeal the designation or remove the designation from the designated interest; or
- (c) investigate the removal of the designation from the designated interest.

2.6.22 If designator refuses request

If the designator decides to refuse the request, the designator must, within 5 business days after deciding the request, give the owner a notice advising that—

- (a) the request has been refused; and
- (b) the owner may appeal against the decision.

2.6.23 If the designator does not act under the notice

(1) This section applies if the designator gave a notice under section 2.6.20 or 2.6.21 and, within 40 business days after giving the notice, the designator has not—

- (a) signed an agreement with the owner to buy the nominated interest or to take the nominated interest under the *Acquisition of Land Act 1967*, section 15; or
- (b) signed an agreement with the owner to exchange the nominated interest; or

(c) repealed the designation or removed the designation from the designated interest.

(2) The designator must, within 5 business days after the end of the period mentioned in subsection (1), give the owner a notice of intention to resume the nominated interest.

(3) The notice given under subsection (2) is taken to be a notice of intention to resume given under the *Acquisition of Land Act 1967*, section 7.

(4) However, the *Acquisition of Land Act 1967*, sections 13 and 41, do not apply to the resumption.³¹

2.6.24 How value of interest is decided

If an interest in designated land is taken under the *Acquisition of Land Act 1967*, the effect of the designation must be disregarded in deciding the value of the interest taken.

2.6.25 Ministers may delegate certain administrative powers about designations

A Minister may delegate the Minister's powers under sections 2.6.8, 2.6.9 and 2.6.20 to 2.6.23 to—

- (a) the chief executive or a senior executive of any department for which the Minister has responsibility; or
- (b) the chief executive officer of a public sector entity.

³¹ *Acquisition of Land Act 1967*, sections 7 (Notice of intention to take land), 13 (Owner may require a small parcel of severed land to be taken), 15 (Taking by agreement) and 41 (Disposal of land)

CHAPTER 3—INTEGRATED DEVELOPMENT ASSESSMENT SYSTEM (IDAS)

PART 1—PRELIMINARY

3.1.1 What is IDAS

“**IDAS**” is the system detailed in this chapter for integrating State and local government assessment and approval processes for development.³²

3.1.2 Development under this Act

(1) Under this Act, all development is exempt development unless it is assessable development or self-assessable development.³³

(2) Schedule 8 may identify exempt development that a planning scheme can not make assessable or self-assessable development.

(3) To the extent a planning scheme is inconsistent with schedule 8, the planning scheme is of no effect.

(4) However, to the extent a planning scheme is inconsistent with schedule 8 because the planning scheme states development is self-assessable, but schedule 8 states the development is assessable—

- (a) codes in the planning scheme for the development are not applicable codes; but
- (b) the codes must be complied with.

3.1.3 Code and impact assessment for assessable development

(1) A regulation, a planning scheme or a temporary local planning instrument may require impact or code assessment, or both impact and code assessment, for assessable development.

32 This chapter sets out a number of ways the operation of IDAS can be adjusted to meet particular circumstances.

33 “Assessable development”, “exempt development” and “self-assessable development” are defined in schedule 10 (Dictionary).

(2) However—

- (a) if a regulation mentioned in subsection (1) requires code assessment for development, a planning scheme or temporary local planning instrument can not require impact assessment instead of code assessment for the aspect of development the code is about; and
- (b) to the extent the planning scheme or temporary local planning instrument is inconsistent with a regulation mentioned in subsection (1), the planning scheme or temporary local planning instrument is of no effect.

(3) Subsection (2) applies whether a regulation mentioned in subsection (1) was made before or after the commencement of the planning scheme or temporary local planning instrument.

(4) A regulation under this or another Act may also identify a code, or a part of a code, as a code, or a part of a code, that can not be changed under a local planning instrument or a local law.

(5) To the extent a local planning instrument or a local law is inconsistent with the scope of a code, or the part of a code, identified in the regulation, the local planning instrument or local law is of no effect.

3.1.4 When is a development permit necessary

(1) A development permit is necessary for assessable development.³⁴

(2) A development permit is not necessary for self-assessable development or exempt development.

(3) However—

- (a) self-assessable development must comply with applicable codes;³⁵ and
- (b) exempt development need not comply with codes or planning instruments.

34 It is an offence to carry out assessable development without a development permit. See section 4.3.1 (Carrying out assessable development without permit).

35 It is an offence to carry out self-assessable development in contravention of applicable technical assessment codes. See section 4.3.2 (Self-assessable development must comply with codes).

3.1.5 Approvals under this Act

(1) A “**preliminary approval**” approves assessable development (but does not authorise assessable development to occur)—

- (a) to the extent stated in the approval; and
- (b) subject to the conditions in the approval.

(2) However, there is no requirement to get a preliminary approval for development.³⁶

(3) A “**development permit**” authorises assessable development to occur—

- (a) to the extent stated in the permit; and
- (b) subject to—
 - (i) the conditions in the permit; and
 - (ii) any preliminary approval relating to the development the permit authorises, including any conditions in the preliminary approval.

3.1.6 Preliminary approval may override local planning instrument

(1) This section applies only to an application for a material change of use—

- (a) requiring impact assessment; or
- (b) processed as if it were an application requiring impact assessment.³⁷

(2) In addition to approving assessable development, a preliminary approval may also do either or both of the following—

- (a) state that any development that may take place on the land, the subject of the approval, may be either assessable (requiring code or impact assessment), self-assessable or exempt development or any combination of assessable, self-assessable or exempt development;
- (b) identify any codes applying to development on the land.

36 Preliminary approvals assist in the staging of approvals.

37 See section 6.1.28(2)(a) (IDAS must be used for processing applications).

(3) To the extent that a preliminary approval doing either or both of the things mentioned in subsection (2) is contrary to a local planning instrument, the approval prevails.

(4) However, subsection (2) no longer applies to development mentioned in subsection (2)(a) when the first of the following happens—

- (a) the development approved by the preliminary approval and authorised by a later development permit is completed;
- (b) the time limit for completing the development ends.

(5) To the extent a preliminary approval is inconsistent with schedule 8, the preliminary approval is of no effect.

(6) However, to the extent a preliminary approval is inconsistent with schedule 8 because the preliminary approval states development is self-assessable, but schedule 8 states the development is assessable—

- (a) codes in the preliminary approval for the development are not applicable codes; but
- (b) the codes must be complied with.

3.1.7 Assessment manager

(1) The “**assessment manager**”, for an application, is—

- (a) if the development is wholly within a local government’s area—the local government, unless a different entity is prescribed under a regulation; or
- (b) if paragraph (a) does not apply—
 - (i) the entity prescribed under a regulation;³⁸ or
 - (ii) if no entity has been prescribed—the entity decided by the Minister.

(2) However, instead of making a decision under subsection (1)(b)(ii), the Minister may decide that the application, for which a decision under subsection (1)(b)(ii) would normally be made, be split into 2 or more applications.

38 Although a private certifier is not an assessment manager, the certifier can undertake certain functions of an assessment manager (see chapter 5, part 3).

(2A) If the entity prescribed or decided under subsection (1)(b) is a local government, the local government, in addition to its jurisdiction under the *Local Government Act 1993*, section 25, has the jurisdiction to assess and decide the application.

(3) The assessment manager administers applications.

3.1.8 Referral agencies

If an application is referred to a referral agency under part 3, the referral agency has, for assessing and deciding the application, the jurisdiction prescribed under a regulation.

3.1.9 Stages of IDAS

(1) IDAS involves the following possible stages—

- application stage³⁹
- information and referral stage⁴⁰
- notification stage⁴¹
- decision stage.⁴²

(2) Not all stages, or all parts of a stage, apply to all applications.⁴³

3.1.10 Self-assessable development and codes

Self-assessable development must comply with applicable codes.⁴⁴

39 See part 2.

40 See part 3.

41 See part 4.

42 See part 5.

43 An application for development approval for a domestic dwelling requiring code assessment only against the Standard Building Law, Standard Sewerage Law and Standard Water Supply Law will normally involve 2 stages of IDAS only—the application and decision stages. By contrast, an application for development approval for a factory requiring code assessment and a referral for workplace health and safety purposes involves 3 stages—the application, referral and decision stages.

44 It is an offence to carry out self-assessable development in contravention of applicable codes. See section 4.3.2 (Self-assessable development must comply with codes).

3.1.11 Native Title Act (Cwlth)

(1) Subsections (2) and (3) apply if an assessment manager takes action under the *Native Title Act 1993* (Cwlth), section 24HA or 24KA.

(2) If the assessment manager takes the action before the decision stage starts, the decision stage does not start until the action is completed.

(3) If the assessment manager takes the action after the decision stage has started, the decision stage stops the day after the action is taken and starts again the day after the action is completed.

PART 2—APPLICATION STAGE***Division 1—Application process*****3.2.1 Applying for development approval**

(1) Each application must be made to the assessment manager.⁴⁵

(2) Each application must be made in the approved form.

(3) The approved form—

(a) must contain a mandatory requirements part including a requirement for—

(i) an accurate description of the land, the subject of the application; and

(ii) the written consent of the owner of the land to the making of the application; and

(b) may contain a supporting information part.

(4) Each application must be accompanied by—

(a) if the assessment manager is a local government—the fee set by resolution of the local government; or

45 A single application may be made for both a preliminary approval and a development permit.

(b) if the assessment manager is another public sector entity—the fee prescribed under a regulation under this or another Act.

(5) If an application is a development application (superseded planning scheme), the application must also identify the superseded planning scheme under which assessment is sought or development is proposed.

(5A) If the development involves taking, or interfering with, a resource of the State, another Act may require the application to be supported by—

- (a) evidence of an allocation of the resource; or
- (b) the written consent of the chief executive, of the department in which the other Act is administered, to the application being made.⁴⁶

(6) An application complying with subsections (1), (2), (3)(a), (4), (5) and (5A) is a **“properly made application”**.

(7) The assessment manager may refuse to receive an application that is not a properly made application.

(8) If the assessment manager receives, and after consideration accepts, an application that is not a properly made application, the application is taken to be a properly made application.

(9) Subsection (8) does not apply to an application unless the application contains—

- (a) the written consent of the owner of any land to which the application applies; or
- (b) any evidence required under subsection (5A).

(10) Subsection (3)(a)(ii) does not apply to an application if—

- (a) the application is for work on land over which there is an existing public utility easement in favour of a public sector entity; and
- (b) the applicant is the public sector entity.

(11) Subsection (3)(a)(ii) does not apply to an application if—

- (a) the application is for building work or operational work on land designated for community infrastructure; and
- (b) the building work or operational work is for the supply of the community infrastructure.

⁴⁶ For example, see the *Water Act 2000*, chapter 2, part 9 or chapter 8, part 2.

3.2.2 Approved material change of use required for certain developments

- (1) This section applies if, at the time an application is made—
- (a) a structure or works, the subject of an application, may not be used unless a development permit exists for the material change of use of premises for which the structure is, or works are, proposed; and
 - (b) there is no development permit for the change of use; and
 - (c) approval for the material change of use has not been applied for in the application or a separate application.
- (2) The application is taken also to be for the change of use.

3.2.3 Acknowledgment notices generally

(1) The assessment manager for an application must give the applicant a notice (the “**acknowledgment notice**”) within—

- (a) if the application is other than a development application (superseded planning scheme)—10 business days after receiving the properly made application (the “**acknowledgment period**”); or
- (b) if the application is a development application (superseded planning scheme)—30 business days after receiving the properly made application (also the “**acknowledgment period**”).

(1A) Subsection (1) does not apply if—

- (a) the application requires code assessment only; and
- (b) there are no referral agencies (other than building referral agencies), or all referral agencies have stated in writing that they do not require the application to be referred to them under the information and referral stage; and
- (c) the application is not a development application (superseded planning scheme).

(2) The acknowledgment notice must state the following—

- (a) which of the following aspects of development the application seeks a development approval for—
 - (i) carrying out building work;

- (ii) carrying out plumbing or drainage work;
- (iii) carrying out operational work;
- (iv) reconfiguring a lot;
- (v) making a material change of use of premises;
- (vi) clearing vegetation on freehold land;
- (b) the names of all referral agencies for the application;
- (c) whether an aspect of the development applied for requires code assessment, and if so, the names of all codes that appear to the assessment manager to be applicable codes for the development;
- (d) whether an aspect of the development applied for requires impact assessment, and if so, the public notification requirements;
- (e) if the assessment manager does not intend to make an information request under section 3.3.6—that the assessment manager does not intend to make an information request;
- (f) whether referral coordination is required.

3.2.5 Acknowledgment notices for applications under superseded planning schemes

(1) If an application is a development application (superseded planning scheme) in which the applicant advises that the applicant proposes to carry out development under a superseded planning scheme, the acknowledgment notice must state—

- (a) that the applicant may proceed as proposed as if the development were to be carried out under the superseded planning scheme; or
- (b) that a development permit is required for the application.

(2) If a notice is given under subsection (1)(a), section 3.2.3(2) does not apply.

(3) If an application is a development application (superseded planning scheme) in which the applicant asks the assessment manager to assess the application under the superseded planning scheme, the acknowledgment notice must state—

- (a) that the application will be assessed under the superseded planning scheme; or

(b) that the application will be assessed under the existing planning scheme.

(4) If the applicant is given a notice under subsection (1)(a), the applicant may start the development for which the application was made as if the development were started under the superseded planning scheme.

(5) However, the applicant must start the development under subsection (4) within—

- (a) if the development is a material change in use—4 years after the applicant is given the notice under subsection (1)(a); or
- (b) if paragraph (a) does not apply—2 years after the applicant is given the notice under subsection (1)(a).

3.2.6 Acknowledgment notices if there are referral agencies or referral coordination is required

(1) If there are referral agencies for an application, the acknowledgment notice must also state—

- (a) the address of each referral agency; and
- (b) for each referral agency—whether the referral agency is a concurrence agency or an advice agency.

(2) If referral coordination is required, the acknowledgment notice must state that the applicant is required to give the chief executive—

- (a) a copy of the application; and
- (b) a copy of the acknowledgment notice; and
- (c) the fee prescribed under a regulation under this or another Act.⁴⁷

Division 2—General matters about applications

3.2.7 Additional third party advice or comment

(1) The assessment manager or a concurrence agency for an application may ask any person for advice or comment about the application at any stage.

⁴⁷ See section 3.3.3 (Applicant gives material to referral agency).

(2) However asking for and receiving advice or comment must not extend any stage.

(3) There is no particular way advice or comment may be asked for and received and the request may be by publicly notifying the application.

(4) To remove any doubt, it is declared that public notification under subsection (3) is not notification under part 4, division 2.

3.2.8 Public scrutiny of applications

(1) The assessment manager must keep each application and any supporting material available for inspection and purchase from the time the assessment manager receives the application until—

- (aa) if the application is not a properly made application—the assessment manager decides not to accept the application; or
- (a) the application is withdrawn or lapses; or
- (b) if paragraphs (aa) and (a) do not apply—the end of the last period during which an appeal may be made against a decision on the application.

(2) Subsection (1) does not apply to supporting material to the extent the assessment manager is satisfied the material contains—

- (a) sensitive security information; or
- (b) other information not reasonably necessary for a third party to access for the purpose of evaluating or considering the effects of the development.

(2A) Also, the assessment manager may remove the name, address and signature of each person who made a submission before making the submission available for inspection and purchase.

(3) In this section—

“supporting material” means—

- (a) the acknowledgment notice; and
- (b) any information request for the application; and
- (c) any material (including site plans, elevations and supporting reports) about the aspect of the application assessable against or having regard to the planning scheme that—

- (i) is in the assessment manager's possession when a request to inspect and purchase is made; and
- (ii) has been given to the assessment manager at any time before a decision is made on the application.

3.2.9 Changing an application

(1) Before an application is decided, the applicant may change the application by giving the assessment manager written notice of the change.

(2) When the assessment manager receives notice of the change, the assessment manager must advise any referral agencies for the original application and the changed application of the receipt of the notice and its effect under subsection (3).

(3) The IDAS process stops on the day the notice of the change is received by the assessment manager and starts again—

- (a) from the start of the acknowledgment period, if 1 or more of the following apply—
 - (i) the application is an application that requires an acknowledgment notice to be given and the acknowledgment notice for the original application has not been given;
 - (ii) there are referral agencies for the original application, the changed application or both the original application and the changed application;
 - (iii) the original application involved only code assessment but the changed application involves impact assessment; or
- (b) if paragraph (a)(i), (ii) or (iii) does not apply—from the start of the information request period.

(4) However, the IDAS process does not stop if—

- (a) the change merely corrects a mistake about—
 - (i) the name or address of the applicant or owner; or
 - (ii) the address or other property details of the land to which the application applies; and
- (b) the assessment manager is satisfied the change would not adversely affect the ability of a person to assess the changed application.

(5) To remove any doubt, it is declared that this section does not apply if an applicant changes an application in response to an information request.

3.2.10 Notification stage does not apply to some changed applications

The notification stage does not apply to a changed application if—

- (a) the original application involved impact assessment; and
- (b) the notification stage for the original application had been completed when the IDAS process stopped; and
- (c) the assessment manager is satisfied the change to the application, if the notification stage were to apply to the change, would not be likely to attract a submission objecting to the thing comprising the change.

3.2.11 Withdrawing an application

(1) At any time before the application is decided, the applicant may withdraw the application by giving written notice of the withdrawal to—

- (a) the assessment manager; and
- (b) any referral agency; and
- (c) if the application requires referral coordination—the chief executive.

(2) If within 1 year of withdrawing the application, the applicant makes a later application that is not substantially different from the withdrawn application, any properly made submission about the withdrawn application is taken to be a properly made submission about the later application.

3.2.12 Applications lapse in certain circumstances

(1) An application lapses if—

- (a) the next action to be taken for the application under the IDAS process is to be taken by the applicant; and
- (b) the period mentioned in subsection (2) has elapsed since the applicant became entitled to take the action; and
- (c) the applicant has not taken the action.

(2) For subsection (1), the period mentioned is—

- (a) if the next action is complying with section 3.3.3⁴⁸—3 months; or
- (b) if the next action is complying with section 3.3.8—
 - (i) for an application required by an enforcement notice or in response to a show cause notice—3 months; or
 - (ii) for any other application—12 months; or
- (c) for taking the actions mentioned in section 3.4.4⁴⁹—20 business days; or
- (d) if the next action is complying with section 3.4.7⁵⁰—3 months.

(3) The period mentioned in subsection (2)(b) may be extended if the entity making the information request agrees with the applicant to extend the period.

3.2.13 Refunding fees

An assessment manager or a concurrence agency may, but need not, refund all or part of the fee paid to it to assess an application.

Division 3—End of application stage

3.2.15 When does application stage end

The application stage for a properly made application ends—

- (a) if the application is an application that requires an acknowledgment notice to be given—the day the acknowledgment notice is given; or
- (b) if the application is an application that does not require an acknowledgment notice to be given—the day the application was received.

48 Section 3.3.3 (Applicant gives material to referral agency)

49 Section 3.4.4 (Public notice of applications to be given)

50 Section 3.4.7 (Notice of compliance to be given to assessment manager)

PART 3—INFORMATION AND REFERRAL STAGE

Division 1—Preliminary

3.3.1 Purpose of information and referral stage

The information and referral stage for an application—

- (a) gives the assessment manager, and any concurrence agencies, the opportunity to ask the applicant for further information needed to assess the application; and
- (b) gives concurrence agencies the opportunity to exercise their concurrence powers; and
- (c) gives the assessment manager the opportunity to receive advice about the application from referral agencies.

3.3.2 Referral agency responses before application is made

(1) Nothing in this Act stops a referral agency from giving a referral agency response on a matter within its jurisdiction about a development before an application for the development is made to the assessment manager.

(2) However—

- (a) a referral agency is not obliged to give a referral agency response mentioned in subsection (1) before the application is made; and
- (b) if the development is development requiring referral coordination, a statement in the referral agency response that the agency does not require a referral under section 3.3.3(3)(b)(i) is of no effect.

Division 2—Information requests

3.3.3 Applicant gives material to referral agency

(1) The applicant must give each referral agency—

- (a) a copy of the application (unless the referral agency already has a copy of the application); and

- (b) a copy of the acknowledgment notice (unless the referral agency was the entity that gave the notice or is a building referral agency); and
- (c) if the referral agency is a concurrence agency—the agency’s application fee prescribed under a regulation under this or another Act or, if the functions of the concurrence agency in relation to the application have been devolved or delegated to a local government, the fee that is, by resolution, adopted by the local government.

(2) The things mentioned in subsection (1)(a), (b) and (c) must be given to all referral agencies at about the same time.

(3) However, the applicant need not give a referral agency the things mentioned in subsection (1)(a), (b) and (c), if—

- (a) the applicant gave the assessment manager a copy of the referral agency’s response mentioned in section 3.3.2(1) with the application; and
- (b) the referral agency’s response states that—
 - (i) the agency does not require a referral under this section; or
 - (ii) the agency does not require a referral under this section if any conditions (including a time limit within which the application must be made) stated in the response are satisfied; and
- (c) the statement is not stopped from having effect under section 3.3.2(2)(b), and any conditions mentioned in paragraph (b)(ii) are satisfied.

(4) The assessment manager may, on behalf of the applicant and with the applicant’s agreement, comply with subsection (1) for a fee, not more than the assessment manager’s reasonable costs of complying with subsection (1).

(5) To the extent the functions of a referral agency in relation to the application have been lawfully devolved or delegated to the assessment manager, subsections (1) to (4) (other than subsection (1)(c)) do not apply.

3.3.4 Applicant advises assessment manager

(1) After complying with section 3.3.3, the applicant must give the assessment manager written notice of—

- (a) the day the applicant gave each referral agency the things mentioned in section 3.3.3(1)(a), (b) and (c); and
- (b) if referral coordination is required—the day the applicant complied with section 3.3.5(2).

(2) To the extent the functions of a referral agency in relation to the application have been lawfully devolved or delegated to the assessment manager, subsection (1)(a) does not apply.

3.3.5 Referral coordination

(1) If the application involves 3 or more concurrence agencies, the information requests require coordination (“**referral coordination**”) by the chief executive.

(2) If referral coordination is required, the applicant must give the chief executive—

- (a) a copy of the application; and
- (b) a copy of the acknowledgment notice; and
- (c) the fee prescribed under a regulation; and
- (d) written notice of the day the applicant complied with section 3.3.3(1) for each referral agency.

3.3.6 Information requests to applicant (generally)

(1) This section does not apply if referral coordination is required.

(2) The assessment manager and each concurrence agency may ask the applicant, by written request (an “**information request**”), to give further information needed to assess the application.

(3) A concurrence agency may only ask for information about a matter that is within its jurisdiction.

(4) If the assessment manager makes the request, the request must be made—

- (a) for an application requiring an acknowledgment notice to be given—within 10 business days after giving the acknowledgment notice (the “**information request period**”); and
- (b) for an application that does not require an acknowledgment notice to be given—within 10 business days after the day the

application was received (also the “**information request period**”).

(4A) If a concurrence agency makes the request, the request must be made within 10 business days after the agency’s referral day (also the “**information request period**”).

(5) If an information request is made by a concurrence agency, the concurrence agency must—

- (a) give the assessment manager a copy of the request; and
- (b) advise the assessment manager of the day the request was made.

(6) The assessment manager or a concurrence agency may, by written notice given to the applicant and without the applicant’s agreement, extend the information request period by not more than 10 business days.

(7) Only 1 notice may be given under subsection (6) and it must be given before the information request period ends.

(8) The information request period may be further extended if the applicant, at any time, gives written agreement to the extension.

(9) If the information request period is extended for a concurrence agency, the concurrence agency must advise the assessment manager of the extension.

3.3.7 Information requests to applicant (referral coordination)

(1) This section applies if referral coordination is required.

(2) The chief executive may, within 20 business days after the chief executive receives the notice mentioned in section 3.3.5(2)(d) and after consulting the assessment manager and each referral agency—

- (a) by written request (also an “**information request**”) ask the applicant to give further information needed to assess the application; or
- (b) by written notice advise the applicant, the assessment manager and each referral agency that an information request will not be made under this section.

(3) The chief executive may, by written notice given to the applicant and without the applicant’s agreement, extend the information request period by not more than 10 business days.

(4) Only 1 notice may be given under subsection (3) and it must be given before the information request period ends.

(5) The information request period may be further extended if the applicant, at any time, gives written agreement to the extension.

(6) If the chief executive extends the information request period, the chief executive must advise the assessment manager and each concurrence agency of the extension.

(7) If the chief executive does not give the applicant an information request under this section and has not given a notice under subsection (2)(b), the chief executive must advise the applicant, the assessment manager and each referral agency that an information request will not be made under this section.

3.3.8 Applicant responds to any information request

(1) If the applicant receives an information request from the assessment manager or a concurrence agency (the “**requesting authority**”), the applicant must respond by giving the requesting authority—

- (a) all of the information requested; or
- (b) part of the information requested together with a notice asking the requesting authority to proceed with the assessment of the application; or
- (c) a notice—
 - (i) stating that the applicant does not intend to supply any of the information requested; and
 - (ii) asking the requesting authority to proceed with the assessment of the application.

(2) If the requesting authority is a concurrence agency, the applicant must also give a copy of the applicant’s response to the assessment manager.

(3) If the applicant receives an information request from the chief executive carrying out referral coordination, the applicant must give the assessment manager and each referral agency (but not the chief executive) a written response to the information request supplying—

- (a) all of the information requested; or

- (b) part of the information requested together with a notice asking the assessment manager and each referral agency to proceed with the assessment of the application; or
- (c) a notice—
 - (i) stating that the applicant does not intend to supply any of the information requested; and
 - (ii) asking the assessment manager and each referral agency to proceed with the assessment of the application.

3.3.9 Referral agency advises assessment manager of response

Each referral agency must, after receiving the applicant's response, advise the assessment manager of the day of the applicant's response under section 3.3.8.

Division 3—Referral assistance

3.3.10 When referral assistance may be requested

(1) The applicant may make a written request to the chief executive for assistance (“**referral assistance**”) for an information request to which the applicant has not responded.

(2) The chief executive may give referral assistance if the chief executive is satisfied that—

- (a) the information request, being a concurrence agency's information request or an information request under referral coordination, is unreasonable or is inappropriate in the context of the application; or
- (b) the request is in conflict with another information request.

3.3.11 Chief executive acknowledges receipt of referral assistance request

(1) After receiving a referral assistance request, the chief executive must give a notice acknowledging receipt of the request to—

- (a) the applicant; and

- (b) if the request involves the assessment manager—the assessment manager; and
 - (c) if the request involves a concurrence agency—the concurrence agency.
- (2) The notice must state the day on which the request was received.

3.3.12 Chief executive may change information request

(1) If the chief executive decides to give referral assistance, the chief executive may, after consulting with the entity that made the information request, change the information request.

(2) However, the chief executive may change an information request made by a local government only if the local government agrees to the change.

(3) The chief executive must give a copy of the changed information request to the applicant and any entity whose information request has been changed.

3.3.13 Applicant may withdraw request for referral assistance

The applicant may, by written notice to the chief executive at any time, withdraw the request for referral assistance.

Division 4—Referral agency assessment

3.3.14 Referral agency assessment period

(1) The period a referral agency has to assess the application (the “**referral agency’s assessment period**”) is—

- (a) the number of business days, starting on the day immediately after the agency’s referral day and being less than 30 business days, prescribed under a regulation; or
- (b) if there is no regulation under paragraph (a)—30 business days, starting on the day after the agency’s referral day.

(2) A referral agency’s assessment period includes the information request period.

(3) A concurrence agency may, by written notice given to the applicant and without the applicant's agreement, extend its referral agency's assessment period by not more than—

- (a) if a regulation under subsection (1)(a) has prescribed the referral agency's assessment period—the number of business days, being less than 20 business days, prescribed under a regulation; or
- (b) if paragraph (a) does not apply—20 business days.

(4) A notice under subsection (3) may be given only before the referral agency's assessment period ends.

(5) The referral agency's assessment period may be further extended, including for the purpose of providing further information to the referral agency, if the applicant, before the period ends, gives written agreement to the extension.

(6) If the referral agency's assessment period is extended for a concurrence agency, the agency must advise the assessment manager of the extension.

(7) If referral coordination is not required, the referral agency's assessment period does not include—

- (a) any extension for giving an information request; or
- (b) any period in which the agency is waiting for a response to an information request.

(8) If referral coordination is required, the referral agency's assessment period does not include—

- (a) if the chief executive gave an information request—the time between the agency's referral day and the day the applicant responds under section 3.3.8(3); or
- (b) if the chief executive does not give an information request—the time between the agency's referral day and the day the chief executive gives notice that an information request will not be made.

3.3.15 Referral agency assesses application

(1) Each referral agency must, within the limits of its jurisdiction, assess the application—

- (a) against the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, the referral agency; and
 - (b) having regard to—
 - (i) any planning scheme in force, when the application was made, for the planning scheme area; and
 - (ii) any State planning policies not identified in the planning scheme as being appropriately reflected in the planning scheme;⁵¹ and
 - (iii) if the land to which the application relates is designated land—its designation; and
 - (c) for a concurrence agency—against any applicable concurrence agency code.
- (2) Despite subsection (1) a referral agency—
- (a) may give the weight it considers appropriate to any laws, planning schemes, policies and codes, of the type mentioned in subsection (1), coming into effect after the application was made, but before the agency’s referral day; but
 - (b) must disregard any planning scheme for the planning scheme area if the referral agency’s jurisdiction is limited to considering the effect of the Standard Building Regulation, Standard Sewerage Law and Standard Water Supply Law on building, plumbing or drainage work.

3.3.16 Referral agency’s response

(1) If a concurrence agency wants the assessment manager to include concurrence agency conditions in the development approval, or to refuse the application, the concurrence agency must give its response (a “**referral agency’s response**”) to the assessment manager, and give a copy of its response to the applicant, during the referral agency’s assessment period.

(2) If an advice agency wants the assessment manager to consider its advice or recommendations when assessing the application, the advice agency must give its response (also a “**referral agency’s response**”) to the

51 See schedule 1, section 18(6) (Reconsidering proposed planning scheme for adverse effects on State interests).

assessment manager, and give a copy of its response to the applicant, during the referral agency's assessment period.

(3) If a referral agency does not give a response under subsection (1), the assessment manager may decide the application as if the agency had assessed the application and had no concurrence agency requirements.

3.3.17 How a concurrence agency may change its response

(1) Despite section 3.3.16(1), a concurrence agency may, after the end of the assessment period but before the application is decided, give a response or amend its response.

(2) Subsection (1) applies only if the applicant has given written agreement to the content of the response or the amended response.

(3) If a concurrence agency gives or amends a response under subsection (1), the concurrence agency must give—

- (a) to the assessment manager—the response or the amended response and a copy of the agreement under subsection (2); and
- (b) to the applicant—a copy of the response or the amended response.

3.3.18 Concurrence agency's response powers

(1) A concurrence agency's response may, within the limits of its jurisdiction, tell the assessment manager 1 or more of the following—

- (a) the conditions that must attach to any development approval;
- (b) that any approval must be for part only of the development;
- (c) that any approval must be a preliminary approval only.

(2) Alternatively, a concurrence agency's response must, within the limits of its jurisdiction, tell the assessment manager—

- (a) it has no concurrence agency requirements; or
- (b) to refuse the application.

(3) A concurrence agency's response may also offer advice to the assessment manager about the application.

(4) A concurrence agency may only tell the assessment manager to refuse the application if the concurrence agency is satisfied that—

- (a) the development does not comply with a law, policy or code mentioned in section 3.3.15(1)(a) or (c); and
- (b) compliance with the law, policy or code can not be achieved by imposing conditions.

(5) However, to the extent a concurrence agency's jurisdiction is about assessing the effects of development on designated land—

- (a) subsection (4) does not apply; and
- (b) the concurrence agency may only tell the assessment manager to refuse the application if the concurrence agency is satisfied the development would compromise the intent of the designation and the intent of the designation could not be achieved by imposing conditions on the development approval.

(6) Subsection (2)(b) does not apply to the extent a concurrence agency's jurisdiction is about the assessment of the cost impacts of supplying infrastructure to development.

(7) If a concurrence agency's response requires an application to be refused or requires a development approval to include conditions, the response must include reasons for the refusal or inclusion.

3.3.19 Advice agency's response powers

(1) An advice agency's response may, within the limits of its jurisdiction—

- (a) recommend the conditions that should attach to approval of the application; or
- (b) recommend the application be refused.

(2) An advice agency's response may also offer advice to the assessment manager about the application or state that it has no advice to offer.

Division 5—End of information and referral stage

3.3.20 When does information and referral stage end

(1) If there are no referral agencies for the application, the information and referral stage ends when—

- (a) the assessment manager states in the acknowledgment notice that it does not intend to make an information request; or
 - (b) if a request has been made—the applicant has finished responding to the request; or
 - (c) if neither paragraph (a) nor paragraph (b) applies—the assessment manager’s information request period has ended.
- (2) If there are referral agencies for the application, the information and referral stage ends when—
- (a) the assessment manager has received the notice from the applicant under section 3.3.4;⁵² and
 - (b) an action mentioned in subsection (1)(a) or (b) has happened or the assessment manager’s information request period has ended; and
 - (c) all referral agency responses have been received by the assessment manager or, if all the responses have not been received, all referral agency assessment periods have ended.

PART 4—NOTIFICATION STAGE

Division 1—Preliminary

3.4.1 Purpose of notification stage

The notification stage gives a person—

- (a) the opportunity to make submissions, including objections, that must be taken into account before an application is decided; and
- (b) the opportunity to secure the right to appeal to the court about the assessment manager’s decision.

52 Section 3.3.4 (Applicant advises assessment manager)

3.4.2 When notification stage applies

(1) The notification stage applies to an application if any part of the application requires impact assessment.

(2) Subsection (1) applies even if code assessment is required for another part of the application.

(3) Even if a concurrence agency advises the assessment manager it requires the application to be refused, the notification stage still applies to the application.

3.4.3 When can notification stage start

(1) If there are no concurrence agencies and the assessment manager has stated in the acknowledgment notice that the assessment manager does not intend to make an information request, the applicant may start the notification stage as soon as the acknowledgment notice is given.

(2) If no information requests have been made during the last information request period, the applicant may start the notification period as soon as the last information request period ends.

(3) If an information request has been made during the information request period, the applicant may start the notification period as soon as the applicant gives—

- (a) all information request responses to all information requests made; and
- (b) copies of the responses to the assessment manager.

- (b) place a notice on the land in the way prescribed under a regulation; and
- (c) give a notice to the owners of all land adjoining the land.

(2) The notices must be in the approved form.

(3) If the assessment manager carries out notification on behalf of the applicant, the assessment manager may require the applicant to pay a fee, of not more than the assessment manager's reasonable costs for carrying out the notification.

(4) For subsection (1)(c), roads, land below high-water mark and the beds and banks of rivers are to be taken not to be adjoining land.

(5) In this section—

“owner”, for land adjoining the land the subject of the application, means⁵³—

- (h) if paragraphs (a) to (g) do not apply—the person for the time being entitled to receive the rent for the land or would be entitled to receive the rent for it if it were let to a tenant at a rent.

3.4.5 Notification period for applications

The “**notification period**” for the application—

- (a) must be not less than—
 - (i) if there is no referral coordination for the application—15 business days starting on the day after the last action under section 3.4.4(1) is carried out; or
 - (ii) if there is referral coordination for the application—30 business days starting on the day after the last action under section 3.4.4(1) is carried out; and

(3) All actions mentioned in subsection (2) must be completed within 5 business days after the first of the actions is carried out.

(4) A regulation may prescribe different notification requirements for an application for development on land located—

- (a) outside any local government area; or
- (b) within a local government area but in a location where compliance with section 3.4.4(1) would be unduly onerous or would not give effective public notice.

3.4.7 Notice of compliance to be given to assessment manager

If the applicant carries out notification, the applicant must, after the notification period has ended, give the assessment manager written notice that the applicant has complied with the requirements of this division.⁵⁵

3.4.8 Circumstances when applications may be assessed and decided without certain requirements

Despite section 3.4.7, the assessment manager may assess and decide an application even if some of the requirements of this division have not been complied with, if the assessment manager is satisfied that any noncompliance has not—

- (a) adversely affected the awareness of the public of the existence and nature of the application; or
- (b) restricted the opportunity of the public to make properly made submissions.

3.4.9 Making submissions

(1) During the notification period, any person other than a concurrence agency may make a submission to the assessment manager about the application.

(2) The assessment manager must accept a submission if the submission is a properly made submission.

(3) However, the assessment manager may accept a written submission even if the submission is not a properly made submission.

(4) If the assessment manager has accepted a submission, the person who made the submission may, by written notice—

- (a) during the notification period, amend the submission; or
- (b) at any time before a decision about the application is made, withdraw the submission.

⁵⁵ It is an offence to give the assessment manager a notice under this section that is false or misleading (see section 4.3.7).

3.4.9A Submissions made during notification period effective for later notification period

(1) This section applies if—

- (a) a person makes a submission under section 3.4.9(1) and the submission is a properly made submission or the assessment manager accepts the submission under section 3.4.9(3); and
- (b) the notification stage for the application is repeated for any reason.

(2) The properly made submission is taken to be a properly made submission for the later notification period and the submitter may, by written notice—

- (a) during the later notification period, amend the submission; or
- (b) at any time before a decision about the application is made, withdraw the submission.

(3) The submission the assessment manager accepted under section 3.4.9(3) is taken to be part of the common material for the application unless the person who made the submission withdraws the submission before a decision is made about the application.

Division 3—End of notification stage**3.4.10 When does notification stage end**

The notification stage ends—

- (a) if notification is carried out by the applicant—when the assessment manager receives written notice under section 3.4.7; or
- (b) if notification is carried out by the assessment manager on behalf of the applicant—when the notification period ends.

PART 5—DECISION STAGE

Division 1—Preliminary

3.5.1 When does decision stage start

(1) If an acknowledgment notice or referral to a building referral agency for an application is required, the decision stage for the application starts the day after all other stages applying to the application have ended.

(2) If subsection (1) does not apply to an application, the decision stage for the application starts—

(a) if an information request has been made about the application—the day the applicant responds to the information request;⁵⁶ or

(b) if an information request has not been made about the application—the day the application was received.

(3) However, the assessment manager may start assessing the application before the start of the decision stage.

3.5.2 Assessment necessary even if concurrence agency refuses application

This part applies even if a concurrence agency advises the assessment manager the concurrence agency requires the application to be refused.

Division 2—Assessment process

3.5.3 References in div 2 to codes, planning instruments, laws or policies

In this division (other than section 3.5.6), a reference to a code, planning instrument, law or policy is a reference to a code, planning instrument, law or policy in effect when the application was made.

⁵⁶ See section 3.3.8 (Applicant responds to any information request).

3.5.4 Code assessment

(1) This section applies to any part of the application requiring code assessment.

(2) The assessment manager must assess the part of the application only against—

- (a) applicable codes (other than concurrence agency codes the assessment manager does not apply); and
- (b) subject to paragraph (a)—the common material.

(3) If the assessment manager is not a local government, the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, the assessment manager and that are relevant to the application, are taken to be applicable codes in addition to the applicable codes mentioned in subsection (2)(a).

(4) If the application is a development application (superseded planning scheme) and the applicant has been given a notice under section 3.2.5(3)(a), the assessment manager must assess and decide the application as if—

- (a) the application were an application to which the superseded planning scheme applied; and
- (b) the existing planning scheme was not in force.

3.5.5 Impact assessment

(1) This section applies to any part of the application requiring impact assessment.

(2) If the application is for development in a planning scheme area, the assessment manager must carry out the impact assessment having regard to the following—

- (a) the common material;
- (b) the planning scheme and any other relevant local planning instruments;
- (c) any State planning policies not identified in the planning scheme as being appropriately reflected in the planning scheme;⁵⁷

⁵⁷ See schedule 1, section 18(6) (Reconsidering proposed planning scheme for adverse effects on State interests).

Integrated Planning Act 1997

- (d) any development approval for, and any lawful use of, premises the subject of the application or adjacent premises;
- (e) if the assessment manager is not a local government—the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, the assessment manager and that are relevant to the application;
- (f) the matters prescribed under a regulation (to the extent they apply to a particular proposal).

(3) If the application is for development outside a planning scheme area, the assessment manager must carry out the impact assessment having regard to the following—

- (a) the common material;
- (b) if the development could materially affect a planning scheme area—the planning scheme and any other relevant local planning instruments;
- (c) any relevant State planning policies;
- (d) any development approval for, and any lawful use of, premises the subject of the application or adjacent premises;
- (e) if the assessment manager is not a local government—the laws that are administered by, and the policies that are reasonably identifiable as policies applied by, the assessment manager and that are relevant to the application;
- (f) the matters prescribed under a regulation (to the extent they apply to a particular proposal).

(4) If the application is a development application (superseded planning scheme) and the applicant has been given a notice under section 3.2.5(3)(a), subsection (2)(b) does not apply and the assessment manager must assess and decide the application as if—

- (a) the application were an application to which the superseded planning scheme applied; and
- (b) the existing planning scheme was not in force.

3.5.6 Assessment manager may give weight to later codes, planning instruments, laws and policies

(1) This section does not apply if the application is a development application (superseded planning scheme).

(2) In assessing the application, the assessment manager may give the weight it is satisfied is appropriate to a code, planning instrument, law or policy that came into effect after the application was made, but—

- (a) before the day the decision stage for the application started; or
- (b) if the decision stage is stopped—before the day the decision stage is restarted.

Division 3—Decision

3.5.7 Decision making period (generally)

(1) The assessment manager must decide the application within 20 business days after the day the decision stage starts (the “**decision making period**”).

(2) The assessment manager may, by written notice given to the applicant and without the applicant’s agreement, extend the decision making period by not more than 20 business days.

(3) Only 1 notice may be given under subsection (2) and it must be given before the decision making period ends.

(4) However, the decision making period may be further extended, including for the purpose of providing further information to the assessment manager, if the applicant, before the period ends, gives written agreement to the extension.

(5) If there is a concurrence agency for the application, the decision must not be made before 10 business days after the day the information and referral stage ends, unless the applicant gives the assessment manager written notice that it does not intend to take action under section 3.5.9 or 3.5.10.

3.5.8 Decision making period (changed circumstances)

Despite section 3.5.7, the decision making period starts again from its beginning—

- (a) if the applicant agrees to a concurrence agency giving the assessment manager a concurrence agency response or an amended concurrence agency response⁵⁸ after the end of the referral agency's assessment period—the day after the response or amended response is received by the assessment manager; or
- (b) if the decision making period is stopped under section 3.5.9 or 3.5.10—the day after the assessment manager receives further written notice withdrawing the notice stopping the decision making period.

3.5.9 Applicant may stop decision making period to make representations

(1) If the applicant wishes to make representations to a referral agency about the agency's response, the applicant may, by written notice given to the assessment manager, for not more than 3 months, stop the decision making period at any time before the decision is made.

(2) If a notice is given, the decision making period stops the day the assessment manager receives the notice.

(3) The applicant may withdraw the notice at any time.

3.5.10 Applicant may stop decision making period to request chief executive's assistance

(1) The applicant may, at any time before the application is decided—

- (a) by written notice (the “**request**”) given to the chief executive, ask the chief executive to resolve conflict between 2 or more concurrence agency responses containing conditions the applicant is satisfied are inconsistent; and
- (b) by written notice given to the assessment manager, for not more than 3 months, stop the decision making period.

(2) The request must identify the conditions in the concurrence agency responses the applicant is satisfied are inconsistent.

58 Under section 3.3.17, a concurrence agency may, with the agreement of the applicant, amend its response.

(3) After receiving the request, the chief executive must give a notice acknowledging receipt of the request to the applicant and each affected concurrence agency.

(4) In responding to the request, the chief executive may, after consulting the concurrence agencies, exercise all the powers of the concurrence agencies necessary to reissue 1 or more concurrence agency responses to address any inconsistency.

(5) If the chief executive reissues a concurrence agency response, the chief executive must give the response to the applicant and give a copy of the response to—

- (a) the affected concurrence agency; and
- (b) the assessment manager.

(6) The applicant may withdraw the notice given under subsection (1)(b) at any time.

- (b) approve all or part of the application subject to conditions decided by the assessment manager and include in the approval any concurrence agency conditions; or
- (c) refuse the application.

(2) However, the decision must be based on the assessments made under division 2.

- (b) the assessment manager may give a preliminary approval even though the applicant sought a development permit.

3.5.12 Decision if concurrence agency requires refusal

If a concurrence agency requires the application to be refused, the assessment manager must refuse it.

3.5.13 Decision if application requires code assessment

(1) This section applies to any part of the application requiring code assessment.

(2) The assessment manager's decision may conflict with an applicable code if there are sufficient grounds to justify the decision, having regard to the purpose of the code.

(3) However—

- (a) if the application is for building work—the assessment manager's decision must not conflict with the *Building Act 1975*; and
- (b) for assessment against a code in a planning scheme—the assessment manager's decision must not compromise the achievement of the desired environmental outcomes for the planning scheme area.

(4) The assessment manager may refuse the application only if the assessment manager is satisfied—

- (a) the development does not comply with the applicable code; and
- (b) compliance with the code can not be achieved by imposing conditions.

(5) Subsection (3)(b) applies only to the extent the decision is consistent with any State planning policies not identified in the planning scheme as being appropriately reflected in the planning scheme.

3.5.14 Decision if application requires impact assessment

(1) This section applies to any part of the application requiring impact assessment.

(2) If the application is for development in a planning scheme area, the assessment manager's decision must not—

- (a) compromise the achievement of the desired environmental outcomes for the planning scheme area; or
- (b) conflict with the planning scheme, unless there are sufficient planning grounds to justify the decision.

(3) If the application is for development outside a planning scheme area, the assessment manager's decision must not compromise the achievement of the desired environmental outcomes for any planning scheme area that

would be materially affected by the development if the development were approved.

(4) Subsections (2)(a) and (3) apply only to the extent the decision is consistent with any State planning policies not identified in the planning scheme as being appropriately reflected in the planning scheme.

3.5.15 Decision notice

(1) The assessment manager must give written notice of the decision in the approved form (the “**decision notice**”) to—

- (b) the applicant gives the assessment manager notice of the applicant's appeal;
- (c) the applicant's appeal period ends.

(3A) If the application is refused, the assessment manager must give a copy of the decision notice to each principal submitter at about the same time as the decision notice is given to the applicant.

(4) A copy of the relevant appeal provisions must also be given with each decision notice or copy of decision notice.

(5) When the assessment manager gives a decision notice under subsection (1), the assessment manager must also give a copy of any plans and specifications approved by the assessment manager in relation to the decision notice.

(6) If the decision notice is given by a private certifier, this section applies subject to section 5.3.5.

(6) Also, if the owner of the land to which the approval attaches is an owner prescribed under a regulation, the assessment manager must, within 5 business days after the day the decision is made, give the owner the documents prescribed under a regulation.

(7) For subsection (6), a regulation may be made under this Act or the *Building Act 1975*.

This division applies only during the applicant’s appeal period.

3.5.17 Changing conditions and other matters during the applicant’s appeal period

(1) This section applies if the applicant makes representations to the assessment manager about a matter stated in the decision notice, other than a refusal or a matter about which a concurrence agency told the assessment manager under section 3.3.18(1).⁵⁹

(2) If the assessment manager agrees with any of the representations, the assessment manager must give a new decision notice (the “**negotiated decision notice**”) to—

(6) Before the assessment manager agrees to a change under this section, the assessment manager must reconsider the matters considered when the original decision was made, to the extent the matters are relevant.

3.5.18 Applicant may suspend applicant's appeal period

(1) If the applicant needs more time to make the written representations, the applicant may, by written notice given to the assessment manager, suspend the applicant's appeal period.

(2) The applicant may act under subsection (1) only once.

Division 5—Approvals

3.5.19 When approval takes effect

If the application is approved, or approved subject to conditions, the decision notice, or if a negotiated decision notice is given, the negotiated decision notice, is taken to be the development approval and has effect—

- (c) for development not mentioned in paragraphs (a) and (b)—development under the approval substantially starts before the end of the currency period.

(2) To the extent the approval is for development that is a material change of use, the “**currency period**” is, if the application was not a development application (superseded planning scheme)—

- (a) the 4 years starting the day the approval takes effect; or

3.5.27 Certain approvals to be recorded on planning scheme

(2) To remove any doubt, it is declared that—

- (b) a contravention of subsection (1) does not affect the validity of the approval given.

3.5.28 Approval attaches to land

(1) The development approval attaches to the land, the subject of the application, and binds the owner, the owners successors in title and any occupier of the land.

(2) To remove any doubt, it is declared that subsection (1) applies even if later development (including reconfiguring a lot) is approved for the land (or the land as reconfigured).

Division 6—Conditions

3.5.29 Application of div 6

This division applies to each condition in a development approval whether the condition is a condition—

- (a) a concurrence agency directs an assessment manager to impose; or

- (c) attached to the approval under the direction of the Minister.

3.5.30 Conditions must be relevant or reasonable

(1) A condition must—

- (c) require development, or an aspect of development, to be completed within a particular time and require the payment of security under an agreement under section 3.5.34⁶¹ to support the condition.

(2) If a condition requires assessable development, or an aspect of assessable development, to be completed within a particular time and the assessable development or aspect is not completed within the time, the approval, to the extent it relates to the assessable development or aspect not completed, lapses.

3.5.32 Conditions that can not be imposed

(1) A condition must not—

- (a) be inconsistent with a condition of an earlier development approval still in effect for the development; or

61 Section 3.5.34 (Agreements)

- (a) a person wants to change or cancel a condition; and
- (b) no assessable development would arise from the change or cancellation.

(2) The person may, by written notice to the entity that decided the condition or required the condition to be imposed on or attached to the approval, ask the entity to change or cancel the condition.

(3) If the person is not the owner of the land to which the approval attaches, the request must contain the owner’s consent.

(3A) If the development approval is for building work or operational work for the supply of community infrastructure on land designated for the community infrastructure—

- (a) subsection (1) applies only to a person who intends to supply, or is supplying, the infrastructure; and
- (b) subsection (3) does not apply.

62 *Transport Infrastructure Act 1994*, schedule 6—

“transport infrastructure” includes—

- (a) air, busway, light rail, miscellaneous, public marine, rail or road transport infrastructure; and
- (b) transport infrastructure relating to ports.

(4) If the entity has a form for the request, the request must be in the form and be accompanied by the fee for the request—

- (a) if the entity is a local government—set by a resolution of the local government; or
- (b) if the assessment manager is another public sector entity—the fee prescribed under a regulation under this or another Act.

(5) The entity must decide the request within 20 business days after receiving the request.

(6) The entity and the person may agree to extend the period within which the entity must decide the request.

(7) To the extent relevant, the entity must assess and decide the request having regard to—

- (a) the matters the entity would have regard to if the request were a development application; and
- (b) if submissions were made about the application under which the condition was originally imposed—the submissions.

(7A) Also, if a building referral agency gave advice about an aspect of the application the subject of the request, the entity must have regard to the opinion of the agency about the change before deciding the request.

(8) The entity must give the person written notice of its decision.

(9) If the entity is a concurrence agency or the court, the entity must give the assessment manager written notice of any change or cancellation.

(10) The changed condition or cancellation takes effect from the day the notice is given to the person.

(11) Subsections (5) and (6) do not apply if the entity is the court.

3.5.34 Agreements

The applicant may enter into an agreement with an entity, including, for example, an assessment manager or a concurrence agency, to establish the obligations, or secure the performance, of a party to the agreement about a condition.

3.5.35 Limitations on conditions lessening cost impacts for infrastructure

(1) A condition requiring a monetary payment for lessening the cost impacts for infrastructure may be imposed only—

- (a) for development that is inconsistent with—
 - (i) the form or scale of lots, works or uses under the planning scheme, having regard to the provisions of the planning scheme about infrastructure; or
 - (ii) the timing for infrastructure under the planning scheme; and
- (b) to lessen the cost impacts for—
 - (i) State schools infrastructure; or
 - (ii) public transport infrastructure; or
 - (iii) State-controlled roads infrastructure; or
 - (iv) police or emergency services infrastructure; or
 - (v) a development infrastructure item; and
- (c) having regard to guidelines approved by the chief executive about the method of calculating cost impacts.

(1A) Also, an entity may not impose a condition mentioned in subsection (1) for infrastructure that is not the entity's infrastructure.

(2) The condition complies with section 3.5.30, to the extent—

- (a) the condition is for lessening the cost impacts for a development infrastructure item identified in an infrastructure charges plan; and
- (b) the item is necessary, but not yet available, to service the land.

(2A) If the development mentioned in subsection (1)(a) is development for residential (including rural residential) purposes, the development is inconsistent with the timing for infrastructure under the planning scheme only if—

- (a) the planning scheme includes a benchmark development sequence; and
- (b) all or part of the premises is not in the first stage for development shown in the benchmark development sequence.

(3) Subsection (2) applies even if a development infrastructure item mentioned in subsection (1)(b)(v) is also intended to service other land.

(4) However, instead of imposing the condition, the applicant and an entity may enter into a written agreement to make infrastructure mentioned in subsection (1)(b) available to service the land.

(5) For infrastructure mentioned in subsection (1)(b)(i) to (iv)—

“cost impacts” means—

- (a) the difference between—
 - (i) the present value of capital, operating and maintenance costs made necessary by the development; and
 - (ii) the present value of capital, operating and maintenance costs, if the approval had not been given; and
- (b) the reasonable administrative costs for calculating the difference under paragraph (a).

(6) For a development infrastructure item (the **“item”**)—

“cost impacts” means—

- (a) the difference between—
 - (i) the present value of capital costs made necessary by the development; and
 - (ii) the present value of capital costs, if the approval had not been given; and
- (b) additional interest charges, other financing costs and operating and maintenance costs, made necessary by the development, for all development infrastructure items (other than the item) and payable by the entity to which the monetary payment must be paid; and
- (c) the cost, or the anticipated cost, of amending the infrastructure charges plan because of the development; and
- (d) reasonable administrative costs for calculating the difference under paragraph (a) and the charges and costs mentioned in paragraphs (b) and (c).

3.5.36 Matters a condition lessening cost impacts for infrastructure must deal with

- (1) A condition permitted under section 3.5.35 must—
- (a) identify the amount of the monetary payment; and
 - (b) state the entity to which the monetary payment must be paid.
- (2) An amount identified under subsection (1)(a) must not be more than—
- (a) to the extent the amount relates to the capital cost of infrastructure—the full capital cost; and
 - (b) to the extent the amount relates to the operating and maintenance costs of infrastructure—the additional operating and maintenance costs for 15 years.
- (3) If a development approval is subject to a condition mentioned in subsection (1), the approval must also—
- (a) for infrastructure under section 3.5.35(1)(b)(i) to (iv) that is a service—state the day by which the service is to be substantially started, having regard to the basis on which the cost impact was calculated; and
 - (b) for infrastructure under section 3.5.35(1)(b)(i) to (iv) that is other than a service—state the day by which construction of the infrastructure is to be substantially started, having regard to the basis on which the cost impact was calculated; and
 - (c) for a development infrastructure item necessary, but not yet available, to service the land—state the day by which the item is to be available to service the land, having regard to the basis on which the cost impact was calculated; and
 - (d) for a development infrastructure item not mentioned in paragraph (c)—state the day by which construction of the item is to be substantially started, having regard to the basis on which the cost impact was calculated.
- (4) The monetary payment must be paid—
- (a) for infrastructure mentioned in subsection (3)(a), (b) or (d)—at least 60 business days before the day stated under the subsection; or
 - (b) for infrastructure mentioned in subsection (3)(c)—the day the development starts.

(5) Despite subsection (4), the applicant and the entity requiring the monetary payment may agree in writing to another time or for the payment to be made by instalments.

(6) The entity to which the monetary payment has been paid must repay the payment to the owner of the land—

- (a) for a payment made for infrastructure mentioned in subsection (3)(a)—if the service has not substantially started on the day stated under subsection (3)(a); or
- (b) for a payment made for infrastructure mentioned in subsection (3)(b) or (d)—if the construction of the infrastructure has not substantially started on the day stated under the subsection; or
- (c) if the development approval lapses or is cancelled.

(7) For infrastructure mentioned in subsection (3)(c), if the applicant complies with subsection (4)(b), the entity to which payment was made must substantially start the infrastructure by the day stated in subsection (3)(c) unless the applicant and the entity agree in writing to a different day.

3.5.37 Covenants not to be inconsistent with development approvals

(1) Subsection (2) applies if a covenant under the *Land Act 1994*, section 373A(4)⁶³ or the *Land Title Act 1994*, section 97A(3)(a) or (b)⁶⁴ is entered into in connection with a development application.

(2) The covenant is of no effect unless it is entered into—

- (a) as a requirement of a condition of a development approval for the application; or
- (b) under an infrastructure agreement.

63 *Land Act 1994*, section 373A (Covenant by registration)

64 *Land Title Act 1994*, section 97A (Covenant by registration)

In this division—

“**Minister**” includes the Minister administering the *State Development and Public Works Organisation Act 1971*.

- (c) if the application is called in after the assessment manager makes a decision on the application—the IDAS process starts again from a point in the IDAS process the Minister decides, but before the start of the decision stage; and
- (d) until the Minister gives the decision notice a concurrence agency is taken to be an advice agency; and
- (e) the Minister’s decision on the application is taken to be the original assessment manager’s decision but a person may not appeal against the Minister’s decision;⁶⁵ and

The court may make an order, give leave or do anything else it is authorised to do on the terms the court considers appropriate.

(5) A decision or order of a District Court judge constituting, or purporting to constitute, the court after the expiry of the period specified for the judge under subsection (2), is not, and never has been, invalidly made, merely because the decision or order was made after the expiry.

- (b) to demolish or remove a work; or
- (c) to restore, as far as practicable, premises to the condition the premises were in immediately before development or use of the premises started; or
- (d) to do, or not to do, another act to ensure development or use of the premises complies with a development approval or a code; or
- (e) for development that has started—to apply for a development permit; or
- (f) if the court believes a work is dangerous—
 - (i) to repair or rectify the work; or
 - (ii) to secure the work.

(4) The order must state the time, or period, within which the order must be complied with.

(5) A person who contravenes the order commits an offence against this Act.

Maximum penalty—1 665 penalty units or imprisonment for 12 months.

(6) If the order states that contravention of the order is a public nuisance, an assessing authority (other than a local government) may undertake any work necessary to remove the nuisance.¹⁰¹

(7) If an assessing authority carries out works under subsection (6), it may recover the reasonable cost of the works as a debt owing to the assessing authority from the person to whom the order was given.

4.3.21 Costs involved in bringing proceeding

If the proceeding is brought in a representative capacity, the person on whose behalf the proceeding is brought may contribute to, or pay, the legal costs and expenses incurred by the person bringing the proceeding.

Division 5—Enforcement orders of court

4.3.22 Proceeding for orders

(1) A person may bring a proceeding in the court—

- (a) for an order to remedy or restrain the commission of a development offence (an **“enforcement order”**); or
- (b) if the person has brought a proceeding under paragraph (a) and the court has not decided the proceeding—for an order under section 4.3.24 (an **“interim enforcement order”**); or
- (c) to cancel or change an enforcement order or interim enforcement order.

(2) However, if the offence under subsection (1)(a) is an offence under section 4.3.1, 4.3.2 or 4.3.3 about the Standard Building Regulation, the proceeding may be brought only by the assessing authority.

(3) The person may bring a proceeding under subsection (1)(a) whether or not any right of the person has been, or may be, infringed by, or because of, the commission of the offence.

101 If the assessing authority is a local government it has similar powers under the *Local Government Act 1993*, section 1066 and has powers to recover its costs under sections 1067 and 1068.

4.3.23 Proceeding brought in a representative capacity

(1) A proceeding under section 4.3.22 may be brought by the person on their own behalf or in a representative capacity.

(2) However, if the proceeding is brought in a representative capacity, 1 of the following consents must be obtained—

- (a) if the proceeding is brought on behalf of a body of persons or a corporation—the members of the governing body;
- (b) if the proceeding is brought on behalf of an individual—the individual.

4.3.24 Making interim enforcement order

(1) The court may make an interim enforcement order pending a decision of the proceeding if the court is satisfied it would be appropriate to make the order.

(2) The court may make the order subject to conditions, including a condition requiring the applicant for the order to give an undertaking to pay costs resulting from damage suffered by the respondent if the proceeding is unsuccessful.

4.3.25 Making enforcement order

(1) The court may make an enforcement order if the court is satisfied the offence—

- (a) has been committed; or
- (b) will be committed unless restrained.

(2) If the court is satisfied the offence has been committed, the court may make an enforcement order whether or not there has been a prosecution for the offence under division 4.

4.3.26 Effect of orders

(1) An enforcement order or an interim enforcement order may direct the respondent—

- (a) to stop an activity that constitutes, or will constitute, a development offence; or

- (b) not to start an activity that will constitute a development offence; or
- (c) to do anything required to stop committing a development offence; or
- (d) to return anything to a condition as close as practicable to the condition it was in immediately before a development offence was committed; or
- (e) to do anything about a development or use to comply with this Act.

(2) Without limiting the court's powers, the court may make an order requiring—

- (a) the repairing, demolition or removal of a building; or
- (b) for a development offence relating to the clearing of vegetation on freehold land—
 - (i) rehabilitation or restoration of the area cleared; or
 - (ii) if the area cleared is not capable of being rehabilitated or restored—the planting and nurturing of stated vegetation on a stated area of equivalent size.

(3) An enforcement order or an interim enforcement order—

- (a) may be in terms the court considers appropriate to secure compliance with this Act; and
- (b) must state the time by which the order is to be complied with.

4.3.27 Court's powers about orders

(1) The court's power to make an enforcement order or interim enforcement order to stop, or not to start, an activity may be exercised whether or not—

- (a) it appears to the court the person against whom the order is made intends to engage, or to continue to engage, in the activity; or
- (b) the person has previously engaged in an activity of the kind; or
- (c) there is danger of substantial damage to property or injury to another person if the person engages, or continues to engage, in the activity.

(2) The court's power to make an enforcement order or interim enforcement order to do anything may be exercised whether or not—

- (a) it appears to the court the person against whom the order is made intends to fail, or to continue to fail, to do the thing; or
- (b) the person has previously failed to do a thing of the kind; or
- (c) there is danger of substantial damage to property or injury to another person if the person fails, or continues to fail, to do the thing.

(3) The court may cancel or change an enforcement order or interim enforcement order.

(4) The court's power under this section is in addition to its other powers.

4.3.28 Costs involved in bringing proceeding

If the proceeding is brought in a representative capacity, the person on whose behalf the proceeding is brought may contribute to, or pay, the legal costs and expenses incurred by the person bringing the proceeding.

Division 6—Application of Acts

4.3.29 Application of other Acts

(1) This section applies if another Act—

- (a) specifies monetary penalties for offences about development greater or less than the penalties specified in this part; or
- (b) provides that an activity specified in this part as a development offence is not an offence; or
- (c) contains provisions about the carrying out of development in an emergency; or
- (d) includes requirements about enforcement notices that are different to the requirements of this part; or
- (e) includes provisions about the issuing of other notices having the same effect as enforcement notices; or

- (f) includes requirements about proceedings for the prosecution for development offences or other offences that are different from the requirements of this part; or
- (g) includes requirements about proceedings for enforcement orders that are different from the requirements of this part.

(2) The provisions of the other Act prevail over the provisions of this part to the extent of any inconsistency.

PART 4—LEGAL PROCEEDINGS

Division 1—Proceedings

4.4.1 Proceedings for offences

A proceeding for an offence against this Act may be instituted in a summary way under the *Justices Act 1886*.

4.4.2 Limitation on time for starting proceedings

A proceeding for an offence against this Act must start—

- (a) within 1 year after the commission of the offence; or
- (b) within 6 months after the offence comes to the complainant's knowledge.

4.4.3 Executive officers must ensure corporation complies with Act

(1) The executive officers of a corporation must ensure the corporation complies with this Act.

(2) If a corporation commits an offence against a provision of this Act, each of the corporation's executive officers also commits an offence, namely, the offence of failing to ensure the corporation complies with the provision.

Maximum penalty for subsection (2)—the penalty for the contravention of the provision by an individual.

(3) Evidence that the corporation has been convicted of an offence against a provision of this Act is evidence that each of the executive officers committed the offence of failing to ensure the corporation complies with the provision.

(4) However, it is a defence for an executive officer to prove—

- (a) if the officer was in a position to influence the conduct of the corporation in relation to the offence—the officer exercised reasonable diligence to ensure the corporation complied with the provision; or
- (b) the officer was not in a position to influence the conduct of the corporation in relation to the offence.

Division 2—Fines and costs

4.4.4 When fines payable to local government

(1) This section applies if—

- (a) the assessing authority by which the administration and enforcement of a matter is carried out is a local government; and

(2) The court may order the person to do either or both of the following—

- (a) pay to the other person an amount of compensation the court considers appropriate for the loss, reduction or damage suffered or costs or expenses incurred;
- (b) take stated remedial action the court considers appropriate.

(3) An order under subsection (2) is in addition to the imposition of a penalty and any other order under this Act.

(4) This section does not limit the court's powers under the *Penalties and Sentences Act 1992* or another law.

4.4.6 Recovery of costs of investigation

(1) This section applies if—

- (a) a person is convicted of an offence against this Act; and
- (b) the court convicting the person finds the assessing authority has reasonably incurred costs and expenses in taking a sample or conducting an inspection, test, measurement or analysis during the investigation of the offence; and
- (c) the assessing authority applies for an order against the person for the payment of the costs and expenses.

(2) The court may order the person to pay to the assessing authority the reasonable costs and expenses incurred by the authority if it is satisfied it would be just to make the order in the circumstances of the particular case.

(3) This section does not limit the court's powers under the *Penalties and Sentences Act 1992* or another law.

Division 3—Evidence

4.4.7 Application of div 3

This division applies to a proceeding under or in relation to this Act.

4.4.8 Appointments and authority

It is not necessary to prove—

4.4.9 Signatures

A signature purporting to be the signature of the chief executive or the chief executive officer (by whatever name called) of an assessing authority is evidence of the signature it purports to be.

4.4.10 Matter coming to complainant's knowledge

In a complaint starting a proceeding, a statement that the matter of the complaint came to the complainant's knowledge on a stated day is evidence of the matter.

4.4.11 Instruments, equipment and installations

Any instrument, equipment or installation prescribed under a regulation that is used by an appropriately qualified person in accordance with any conditions prescribed under a regulation is taken to be accurate and precise in the absence of evidence to the contrary.

4.4.12 Analyst's certificate or report

A certificate or report purporting to be signed by an appropriately qualified person and stating any of the following matters is evidence of the matter—

- (a) the person's qualifications;
- (b) the person took, or received from a stated person, a stated sample;
- (c) the person analysed the sample on a stated day, or during a stated period, and at a stated place;

- (e) a stated amount is payable under this Act by a stated person and has not been paid.

4.4.14 Responsibility for acts or omissions of representatives

(1) Subsections (2) and (3) apply in a proceeding for an offence against this Act.

(2) If it is relevant to prove a person's state of mind about a particular act or omission, it is enough to show—

- (a) the act was done or omitted to be done by a representative of the person within the scope of the representative's actual or apparent authority; and
- (b) the representative had the state of mind.

(3) An act done or omitted to be done for a person by a representative of the person within the scope of the representative's actual or apparent

authority is taken to have been done or omitted to be done also by the person, unless the person proves the person could not, by the exercise of reasonable diligence, have prevented the act or omission.

(4) In this section—

“**representative**” means—

- (a) of a corporation—an executive officer, employee or agent of the corporation; or
- (b) of an individual—an employee or agent of the individual.

CHAPTER 5—MISCELLANEOUS

PART 1—INFRASTRUCTURE CHARGES

Division 1—Preliminary

5.1.1 Meaning of “development infrastructure item”

(1) A “**development infrastructure item**” is land, capital works or land and capital works for any of the following infrastructure—

- (a) urban water cycle management infrastructure (including infrastructure for water supply, sewerage, collecting water, treating water, stream managing, disposing of waters and flood mitigation);
- (b) transport infrastructure (including roads, vehicle lay-bys, traffic control devices, dedicated public transport corridors, public parking facilities predominantly serving a local area, cycle ways, pathways and ferry terminals);
- (c) infrastructure for local community purposes.

(2) In subsection (1)—

“capital works”, for local community purposes, means works that ensure land is suitable for development for its intended purpose.

“roads” does not include State-controlled roads.

“urban water cycle management infrastructure” includes rural residential water cycle management infrastructure.

5.1.2 Meaning of “desired standard of service”

A **“desired standard of service”**, for a network of development infrastructure items, is the standard of performance stated in an infrastructure charges plan for the network.

5.1.3 Meaning of “life cycle cost”

The **“life cycle cost”**, for a network of development infrastructure items, is the amount of the capital cost of the network plus the amount representing the present value of operating and maintenance costs of the network over 30 years, or the longer period decided by the entity preparing the infrastructure charges plan.

5.1.4 Meaning of “infrastructure charges plan”

(1) An **“infrastructure charges plan”** is the part of a planning scheme that—

- (a) identifies development infrastructure items making up a network of development infrastructure items; and
- (b) states the desired standard of service for the network having regard to user benefits and environmental effects of the network; and
- (c) evaluates alternative ways of funding the items.

Example for subsection (1)(b)—

For water supply, the desired standard of service may be expressed as the minimum head of pressure available at each domestic or business service point.

(2) For development infrastructure items for which an infrastructure charge is intended, the plan must—

- (a) explain why an infrastructure charge is intended for the items; and
- (b) state the estimated proportion of the capital cost of the items to be funded by the charge; and
- (c) include a schedule stating the estimated timing for, and estimated capital cost of, the items; and
- (d) state the method or methods by which the charge must be calculated; and
- (e) state each area in which the charge applies; and
- (f) identify each type of lot, work or use, in respect of which, the charge applies; and
- (g) for each type of lot, work or use in an area stated under paragraph (e)—calculate the rate at which the charge applies using a method stated under paragraph (d); and
- (h) if the charge is payable by a person other than an applicant for a development approval—state when the charge is payable.

(3) The capital cost mentioned in subsection (2)(c) must be calculated so as to minimise the life cycle cost for the desired standard of service for the network.

(4) The infrastructure charges plan must be prepared having regard to any guidelines approved by the chief executive for preparing the plan.

(5) For an infrastructure charges plan, a planning scheme may also apply to a development infrastructure item even though the item is not within or wholly within a local government's area.

Division 2—Charging for development infrastructure items

5.1.5 Fixing infrastructure charges

(1) A local government may, in the way stated in this division, fix a charge for the capital cost of a development infrastructure item (an “**infrastructure charge**”).

(2) A local government need not, in circumstances it considers appropriate, fix an infrastructure charge in respect of a particular lot, work or use.

(3) However, a local government must not fix an infrastructure charge to fund the capital cost of a development infrastructure item servicing a work or use of land authorised under the *Mineral Resources Act 1989*.

5.1.6 Infrastructure charge must be based on plan and other matters

(1) An infrastructure charge must not be fixed for a development infrastructure item unless the item is identified in an infrastructure charges plan.

(2) For an item identified in an infrastructure charges plan, an infrastructure charge—

- (a) must be fixed in accordance with the plan; and
- (b) must not be more than the proportion of the cost of the item that reasonably can be apportioned to the premises for which the charge is fixed, taking into account the likely share of the usage of the item for the premises; and
- (c) may take into account money already spent on supplying an existing development infrastructure item to the premises.

(3) Subsection (2)(c) applies only if the money already spent on supplying the existing item has not been recovered or is not intended to be recovered in another way.

5.1.7 Fixing a charge for an item not included in plan

(1) Despite section 5.1.6, a local government may fix, but only under this section, an infrastructure charge for a development infrastructure item not identified in the infrastructure charges plan.

(2) The infrastructure charge must only be—

- (a) payable by an applicant; and
- (b) for a development infrastructure item—
 - (i) that is a part of a network for which the local government is able to levy an infrastructure charge; and
 - (ii) the provision of which the local government considers is a minor departure from the infrastructure charges plan; and
- (c) calculated—

- (i) on the basis of the minimum life cycle cost necessary to achieve the desired standard of service for the network; and
- (ii) having regard to any guidelines approved by the chief executive.

(3) If an infrastructure charge is fixed under this section, the local government must review and, if necessary, amend its infrastructure charges plan as soon as practicable after the charge is paid to reflect the approved development.

5.1.8 Notice of charge

If an infrastructure charge is fixed, the person who is to pay the charge must be given a written notice stating—

- (a) the amount of the charge; and
- (b) the land to which, for the purposes of recovery, the charge applies; and
- (c) the day by which the charge is payable; and
- (d) the development infrastructure item for which the charge has been fixed; and
- (e) the person to whom the charge must be paid.

5.1.9 Actions required if charge is payable by applicant

(1) This section applies if the person to whom a notice under section 5.1.8 is to be given is an applicant under a development application for development resulting in a lot, work or use in respect of which the charge mentioned in the notice applies.

(2) If the application was made to a local government, the local government must give the notice under section 5.1.8, within 5 business days after the local government gives the applicant the decision notice about the development, to the applicant.

(3) If the application was made to an assessment manager other than a local government, the local government must give the notice under section 5.1.8, within 10 business days after the local government receives a copy of the decision notice from the assessment manager.

(4) If the application was made to a private certifier, the local government must give the notice under section 5.1.8, within 10 business

days after the day the local government receives a copy of the decision notice from the private certifier.

(5) If as a result of a decision of a court on the application, the local government fixes an infrastructure charge, the local government must give the notice under section 5.1.8 within 20 business days after the local government receives a copy of the decision about the appeal.

(6) If the assessment manager gives the applicant a negotiated decision notice and the development approved by the negotiated decision notice is different from the development approved in the decision notice in a way that affects the amount of the infrastructure charge, the local government may give the applicant a new notice under section 5.1.8 to replace the original notice.

(7) For subsection (6), the new notice must be given—

- (a) if the assessment manager is the local government—within 5 business days after the negotiated decision notice is given; or
- (b) if the assessment manager is not the local government—within 10 business days after the local government receives a copy of the negotiated decision notice from the assessment manager or private certifier.

(8) The local government may, with the written agreement of the applicant, give a new notice under section 5.1.8 to replace the original notice, if the original notice was in error.

(9) If the owner of the land the subject of the application is not the applicant, the owner must also be given a copy of any notice given to the applicant under this section.

5.1.10 When charge is payable by applicant

(1) The infrastructure charge is payable—

- (a) if the notice of charge states that the development infrastructure item for which the charge is payable is necessary to service the premises for which the approval has been given before the use of the premises starts, but is not yet available to service the premises—
 - (i) for reconfiguring a lot—before works for the reconfiguration start; and
 - (ii) for building work—before the building work starts; or

- (b) if paragraph (a) does not apply—
 - (i) for reconfiguring a lot—before the approval by the local government of the plan of subdivision; and
 - (ii) for building work—before the certificate of classification for the building work is issued.

(2) Despite subsection (1), if the infrastructure charge is payable for a material change of use, the charge must be paid before the change.

(3) For building work—

- (a) if a local government gave the notice under section 5.1.8—the local government need not issue a certificate of classification until the infrastructure charge has been paid; or
- (b) if a private certifier approved the building work—the private certifier must not issue a certificate of classification until the infrastructure charge has been paid.

5.1.11 When development infrastructure item must be supplied

(1) If the applicant complies with section 5.1.10, the development infrastructure item must be supplied—

- (a) if the development infrastructure item for which the charge has been paid is necessary to service the premises for which the approval has been given before the use of the premises starts, but is not yet available to service the premises—
 - (i) for reconfiguring a lot—before the works for the reconfiguration are complete; and
 - (ii) for building work—before the issue of the certificate of classification for the building; and
 - (iii) for a material change of use—within 60 business days after the start of the use or the change of the use; or
- (b) if paragraph (a) does not apply—within the time stated in the schedule to the infrastructure charges plan mentioned in section 5.1.4(2)(c).

(2) However, if it is not possible to supply the development infrastructure item within the times mentioned in subsection (1), the item must be supplied at the time agreed to in writing by the applicant and the local government.

5.1.12 Different times may be agreed on for paying the charge or supplying the development infrastructure item

Nothing in sections 5.1.10 and 5.1.11 stops the applicant and the person to whom the charge has been, or is to be, paid from agreeing in writing to—

- (a) a different time for paying a charge or paying the charge in instalments; or
- (b) a different time or times for making a development infrastructure item available to service land other than a time stated in section 5.1.11.

5.1.13 Charge may apply to items outside local government's area

The infrastructure charge applies even if the development infrastructure item servicing the lot, work or use is not within or wholly within the local government area.¹⁰²

Division 3—Miscellaneous**5.1.14 Infrastructure charges taken to be a rate**

(1) An infrastructure charge fixed by a local government is, for the purposes of recovery, taken to be a rate within the meaning of the *Local Government Act 1993*.

(2) However, if the local government and an applicant enter into a written agreement stating the charge is a debt owing to it by the applicant, subsection (1) does not apply.

5.1.15 Alternatives to paying infrastructure charges

(1) A person to whom a notice has been given under section 5.1.8 may, instead of paying the infrastructure charge, enter into a written agreement with the local government—

- (a) to do the work for which the charge was fixed; or

¹⁰² See section 5.1.4 (Meaning of “infrastructure charges plan”).

- (b) if the development infrastructure item is land owned by the applicant—to give the land in fee simple.

(2) However, if the development infrastructure item is to be located on land owned by the person, the person—

- (a) may carry out the work to the satisfaction of the entity to which the charge would have been paid; but
- (b) must first give the entity any reasonable security the entity requires, or that may be agreed in writing between the person and the entity to secure performance of the work.

(3) For land for local community purposes, the local government may give the applicant a notice, in addition to, or instead of, the notice given under section 5.1.8, requiring the applicant to give to the local government, in fee simple, part of the land the subject of the development application.

(4) If the applicant is given a notice under subsection (3), the applicant must comply with the notice as soon as practicable.

(5) If the applicant is required to give land under subsection (3), or a combination of land under subsection (3) and an infrastructure charge, the total contribution must not be more than an area of land, or an area of land and money, representative of the amount of the charge, if only the charge had been payable.

(6) If subsection (1)(b) or (3) applies and the land is to be given to the local government for local community land, the land must be given on trust.

5.1.16 Public notice of proposed sale of certain land held in trust by local governments

(1) If a local government intends to sell land it obtained under section 5.1.15(1)(b) or 5.1.15(5), the local government must advertise its intention to sell by placing a notice of the sale in a newspaper circulating in the local government's area.

(2) The notice must contain the following—

- (a) a description of the land proposed to be sold;
- (b) the purpose for which the land was given on trust;
- (c) the reason for proposing to sell the land;
- (d) the reasonable time within which submissions must be made.

5.1.17 Local government to consider all submissions

The local government must consider all submissions in relation to the notice before making a decision about the sale.

5.1.18 Sale extinguishes the trust

If a local government complies with sections 5.1.16 and 5.1.17 and sells the land, the land is sold free of the trust.

PART 2—INFRASTRUCTURE AGREEMENTS**5.2.1 Meaning of “infrastructure agreement”**

In this part—

“infrastructure agreement” means an agreement, as amended from time to time, mentioned in any of the following sections—

- section 3.5.35¹⁰³
- section 3.5.36¹⁰⁴
- section 5.1.11(2)¹⁰⁵
- section 5.1.12¹⁰⁶
- section 5.1.14(2)¹⁰⁷
- section 5.1.15(1) and (2)¹⁰⁸
- section 5.2.2(1).¹⁰⁹

103 Section 3.5.35 (Limitations on conditions lessening cost impacts for infrastructure)

104 Section 3.5.36 (Matters a condition lessening cost impacts for infrastructure must deal with)

105 Section 5.1.11 (When development infrastructure item must be supplied)

106 Section 5.1.12 (Different times may be agreed on for paying the charge or supplying the development infrastructure item)

107 Section 5.1.14 (Infrastructure charges taken to be a rate)

108 Section 5.1.15 (Alternatives to paying infrastructure charges)

109 Section 5.2.2 (Agreements may be entered into about infrastructure)

5.2.2 Agreements may be entered into about infrastructure

(1) A person may enter into a written agreement with a public sector entity about—

- (a) funding a development infrastructure item in an infrastructure charges plan other than by an infrastructure charge; or
- (b) supplying a development infrastructure item to a different standard than the standard stated for the item in an infrastructure charges plan; or
- (c) supplying a development infrastructure item not identified in an infrastructure charges plan (whether or not an infrastructure charges plan has been prepared for the planning scheme); or
- (d) supplying infrastructure other than development infrastructure items.

(2) To remove any doubt, it is declared that part 1 and chapter 3, part 5, division 6¹¹⁰ do not stop a person from entering into an agreement under subsection (1) with a public sector entity.

5.2.3 Matters certain infrastructure agreements must contain

An infrastructure agreement must—

- (a) if obligations under the agreement would be affected by a change in the ownership of the land, the subject of the agreement—include a statement about how the obligations must be fulfilled if there is a change of ownership; and
- (b) if the fulfilment of obligations under the agreement depends on development entitlements that may be affected by a change to a planning instrument—include a statement about—
 - (i) the repayment of amounts paid, and reimbursement of amounts expended, under the agreement; and
 - (ii) changing or cancelling the obligations if the development entitlements are changed without the consent of the person who has to fulfil the obligations; and
- (c) include any other matter prescribed under a regulation.

110 Part 1 (Infrastructure charges) and chapter 3 (Integrated development assessment system (IDAS)), part 5 (Decision stage), division 6 (Conditions)

5.2.4 Copy of infrastructure agreements to be given to local government

If a public sector entity other than a local government is a party to an infrastructure agreement, and the local government for the area to which the agreement applies is not a party to the agreement, the public sector entity must give a copy of the agreement to the local government.

5.2.5 When infrastructure agreements bind successors in title

(1) If an owner of land to which an infrastructure agreement applies is a party to the agreement or consents to the development obligations being attached to the land, the development obligations attach to the land and bind the owner and the owner's successors in title of the land

(2) If the owner's consent under subsection (1) is given but is not endorsed on the agreement, the owner must give a copy of the document evidencing the owner's consent to the local government for the land to which the consent applies.

(3) However, if the agreement states that if the land is subdivided part of the land is to be released from the development obligations and the land is subdivided—

- (a) the part of the land is released from the development obligations; and
- (b) the development obligations are no longer binding on the owner of the part of the land.

(4) In this section—

“development obligations” means the obligations under the infrastructure agreement other than the obligations to be fulfilled by a public sector entity.

5.2.6 Exercise of discretion unaffected by infrastructure agreements

An infrastructure agreement is not invalid merely because its fulfilment depends on the exercise of a discretion by a public sector entity about an existing or future development application.

5.2.7 Infrastructure agreements prevail if inconsistent with development approval

To the extent an infrastructure agreement is inconsistent with a development approval, the agreement prevails.

PART 3—PRIVATE CERTIFICATION

5.3.1 Application of pt 3

This part applies to development under a development application only if the development requires code assessment under this Act.

5.3.2 Definition for pt 3

In this part—

“assessment manager”, for an application to which this part applies, means the person who would have been the assessment manager if a private certifier had not been engaged under this part.

5.3.3 Who is a private certifier

(1) A **“private certifier”** is—

- (a) an individual who—
 - (i) has the qualifications, necessary experience or licence prescribed under a regulation made under this or another Act for a certifier for a stated code; and
 - (ii) enters into contractual arrangements with clients to certify work for the code; and
 - (iii) carries out certification work for the code; or
- (b) a corporation or public sector entity that—
 - (i) employs an individual mentioned in paragraph (a) to carry out the work for the corporation or entity; and
 - (ii) enters into contractual arrangements with clients to provide certification work that the individual carries out.

(2) To remove any doubt, it is declared that a development application is not a contractual arrangement under subsection (1).

5.3.4 Application must not be inconsistent with earlier approval and self-assessable development

(1) If the application the private certifier is assessing relates to an earlier development approval that has not lapsed and was given by the assessment manager, the private certifier must not approve the application if it is inconsistent with the earlier approval.

Maximum penalty—165 penalty units.

(2) If the application the private certifier is assessing relates to self-assessable development that may affect the position, height or form of building work, the private certifier must not approve the application if it is inconsistent with a local planning instrument declaring the development to be self-assessable development.

Maximum penalty—165 penalty units.

5.3.5 Private certifier may decide certain development applications and inspect and certify certain works

(1) For the types of development or works for which a private certifier has, or employs an individual with, the qualifications, necessary experience or licence, the private certifier may receive, assess and decide development applications as if the private certifier were the assessment manager.

(3) The private certifier must, when issuing the decision notice, include in the notice details of any other code the applicant may need to comply with in relation to the work to which the application relates.

(4) However, the private certifier must not decide the application until—

- (a) all necessary development permits are effective for other assessable development related to the development; and
- (b) all necessary preliminary approvals are effective for other assessable aspects of the development.

Maximum penalty—165 penalty units.

Example for subsection (4)(a)—

If a proposal involves building work, a material change of use and reconfiguring a lot, a private certifier who is engaged to assess and decide the building work application must

not decide that application until all necessary development permits are effective for the change of use and reconfiguring of the lot.

Example for subsection (4)(b)—

If a proposal requires assessment of building work against a planning scheme and the Standard Building Regulation, a private certifier who is engaged to assess and decide the building work application against the Standard Building Regulation must not decide that application until all necessary preliminary approvals are effective for the assessment of building work against the planning scheme.

(5) If the private certifier receives the application before all other assessments for permits and approvals mentioned in subsection (4) are completed—

- (a) the certifier may start processing the application; and
- (b) for timings under IDAS, the application is taken not to have been received until the day all other assessments are completed.

(6) If the private certifier approves the application, the private certifier must—

- (a) within 5 business days after approving the application, give the assessment manager a copy of—
 - (i) the application; and
 - (ii) the decision notice or negotiated decision notice; and
 - (iii) any other documents prescribed under a regulation under this or another Act; and
- (b) give the assessment manager the approved form for the documents mentioned in paragraph (a); and
- (c) if the assessment manager is the local government—pay the fee fixed by the local government under the *Local Government Act 1993*, section 1071A(1)(e) for accepting the documents mentioned in paragraph (a).

Maximum penalty—20 penalty units.

(6A) If the assessment manager is a local government, the local government must, when the private certifier complies with subsection (6), immediately give the private certifier a document (“**the acknowledgment**”) acknowledging the receipt of the fee mentioned in subsection (6)(c).

(6B) If the private certifier approves the application, the private certifier must not give the applicant any of the documents mentioned in

subsection (6)(a)(ii) or (iii) until the private certifier has received the acknowledgment from the assessment manager.

Maximum penalty for subsection (6B)—40 penalty units.

(6C) If the private certifier approves the application, the private certifier must give the documents mentioned in subsection (6)(a)(ii) and (iii) to the applicant within 5 business days after the day the private certifier receives the acknowledgment.

(7) If the private certifier issues any certificate required by this or another Act, the private certifier must—

- (a) within 5 business days after issuing the certificate, give the assessment manager a copy of the certificate; and
- (b) if the assessment manager is the local government—
 - (i) pay the fee fixed by the local government under the *Local Government Act 1993*, section 1071A(1)(e) for accepting the documents mentioned in paragraph (a); and
 - (ii) give the local government the approved form for the documents.

Maximum penalty—20 penalty units.

5.3.6 Private certifier may act as assessing authority in certain circumstances

(1) For chapter 4, part 3, divisions 2 and 3, a private certifier is taken to be an assessing authority in relation to the types of development or works for which the private certifier has been engaged to carry out certification work.

(2) If a person fails to comply with an enforcement notice given by a private certifier under subsection (1), the private certifier must give the assessment manager written notice of the failure.

5.3.8 Private certifiers must act in the public interest

(1) A private certifier must act always in the public interest when performing the functions of a private certifier.

(2) In particular, a private certifier must not do any of the following—

- (a) seek, accept or agree to accept a benefit (whether for the private certifier's benefit or another person) as a reward or inducement to act other than under this Act;
- (b) act in a way contrary to a duty under this Act or a duty of the private certifier under any other Act under which the certifier is accredited;
- (c) falsely claim that the private certifier has the qualifications, necessary experience or accreditation to be engaged as a private certifier;
- (d) act outside the scope of the private certifier's powers;
- (e) contravene a code of conduct approved under a regulation;
- (f) act in a way, in relation to the certifier's practice, that is grossly negligent or grossly incompetent.

Maximum penalty—1 665 penalty units.

5.3.9 Engaging private certifiers

(1) If a private certifier is engaged—

- (a) the engagement must be in writing and must state the certification fee; and
- (b) the certifier must be paid the fee agreed to, even if the certifier does not approve the application or certify works because of noncompliance with any applicable codes or other valid reason for refusing approval or certification.

(2) If an applicant engages a private certifier, the private certifier must, within 5 business days after the engagement, give—

- (a) the assessment manager written notice of the engagement; and
- (b) the owner of the land to which the application relates written notice of—
 - (i) the name of the private certifier; and
 - (ii) the details, in an approved form, of the responsibilities of the private certifier in performing the certification work.

Maximum penalty—20 penalty units.

(3) If a private certifier is engaged to assess and decide a development application and this or another Act requires that work the subject of the

application be inspected or that a certificate be issued for the work, the private certifier must also be engaged to—

- (a) inspect the work to ensure it complies with, or accept certification that it complies with, the development permit authorising the work, any conditions of the permit and the code against which the work must be assessed; and
- (b) issue any certificate required under this or the other Act.

5.3.10 Private certifiers may not be engaged if there is a conflict of interest

A private certifier must not accept engagement as a private certifier for a development if the private certifier has a conflict of interest prescribed under a regulation under this or another Act.

5.3.11 Discontinuing engagement of private certifiers

(1) This section applies if the engagement of a private certifier is discontinued for any reason, including, for example, the resignation, disqualification, bankruptcy, insolvency, death or deregistration of the private certifier.

(2) The applicant must give the assessment manager written notice of the discontinuance within 5 business days after the discontinuance.

(3) The engagement is taken not to have been discontinued until the applicant has given the notice discontinuing the engagement.

5.3.12 Engaging replacement private certifier for application

(1) If the private certifier was engaged for assessing the application and the application has not yet been decided and the applicant intends to proceed with the application, the applicant may—

- (a) engage a different private certifier (the “**replacement private certifier**”) for the development; or
- (b) make the application to the assessment manager.

(2) In assessing the application, the replacement private certifier or assessment manager may start the application process at any stage of IDAS the replacement private certifier or assessment manager considers

appropriate to enable the replacement private certifier or assessment manager to make the appropriate decision on the application.

5.3.13 Engaging replacement private certifier to inspect work

(1) If the private certifier was engaged to inspect and certify work authorised by a development permit and the work has started, the work must not continue past the next notifiable inspection (if any) unless—

- (a) if a replacement private certifier is engaged to inspect and certify the work—the replacement private certifier certifies the work; or
- (b) if a replacement private certifier has not been engaged under paragraph (a)—the local government certifies the work.

(2) In subsection (1)—

“**next notifiable inspection**” means the next inspection of the work authorised by a development permit for which an inspector has to be notified under a planning scheme or this or any other Act.

5.3.15 Effect of transfer of functions to local government or replacement private certifier

(1) This section applies if, for work authorised by a development permit, the engagement of a private certifier is discontinued and—

- (a) a replacement private certifier is engaged to inspect and certify the work; or
- (b) if a replacement private certifier has not been engaged under paragraph (a)—the local government must inspect and certify the work.

(2) The replacement private certifier or local government is not liable for work carried out by the private certifier.

5.3.16 Liability insurance and performance bonds

(1) A regulation under this or another Act may state the type and limits of liability insurance, performance bond or similar type of security a private certifier must have or give in relation to a development application or work authorised by a development permit.

(2) A person must not carry out certification work unless the person has the insurance or has given the bond or security required under subsection (1).

Maximum penalty for subsection (2)—1 665 penalty units.

5.3.17 Documents to be kept by private certifiers

A regulation under this or another Act may prescribe the documents a private certifier must keep for audit purposes and the time for which the documents must be kept.

PART 4—COMPENSATION

5.4.1 Definition for pt 4

In this part—

“**change**”, for an interest in land, means a change to the planning scheme or any planning scheme policy affecting the land.

“**owner**”, of an interest in land, means an owner of the interest at the time a change to a planning scheme is made.

5.4.2 Compensation for reduced value of interest in land

An owner of an interest in land is entitled to be paid reasonable compensation by a local government if—

- (a) a change reduces the value of the interest; and
- (b) a development application (superseded planning scheme) for a development permit relating to the land has been made; and
- (c) the application is assessed having regard to the planning scheme and planning scheme policies in effect when the application was made; and
- (d) the assessment manager, or, on appeal, the court—
 - (i) refuses the application; or

- (ii) approves the application in part or subject to conditions or both in part and subject to conditions.

5.4.3 Compensation for interest in land being changed to public purpose

An owner of an interest in land is entitled to be paid reasonable compensation by a local government if because of a change, the only purpose for which the land could be used (other than the purpose for which it was lawfully being used when the change was made) is for a public purpose.

5.4.4 Limitations on compensation under ss 5.4.2 and 5.4.3

(1) Despite sections 5.4.2 and 5.4.3, compensation is not payable if the change—

- (a) has the same effect as another statutory instrument, in respect of which compensation is not payable; or
- (b) is about a type of development that, before the coming into effect of this Act, would normally have been dealt with under a local law, including, for example, the filling or drainage of land; or
- (c) is about the relationships between, the location of, or the physical characteristics of buildings, works or lots, but the yield achievable is substantially the same as it would have been before the change; or
- (d) is about a designation made under chapter 2, part 6;¹¹¹ or
- (e) is about the timing of development in a benchmark development sequence; or
- (f) is about the matters identified in section 5.1.4(2) for an infrastructure charges plan; or
- (g) removes or changes an item of infrastructure shown in the scheme; or
- (h) affects development that, had it happened under the superseded planning scheme—

111 Chapter 2 (Planning), part 6 (Designation of land for community infrastructure)

- (i) would have led to significant risk to persons or property from natural processes (including flooding, land slippage or erosion) and the risk could not have been significantly reduced by conditions attached to a development approval; or
- (ii) would have caused serious environmental harm, as defined in the *Environmental Protection Act 1994*, section 17,¹¹² and the harm could not have been significantly reduced by conditions attached to a development approval.

(2) For subsection (1)(c), yield for residential building work is substantially the same if—

- (a) the proposed residential building has a gross floor area of not more than 2 000m²; and
- (b) the gross floor area of the proposed residential building is reduced by not more than 15%.

(3) Also, compensation is not payable—

- (a) for a matter under this part if compensation has already been paid for the matter to a previous owner of the interest in land; or
- (b) for anything done in contravention of this Act; or
- (c) if infrastructure shown in a planning scheme is not supplied, or supplied to a different standard, or supplied at a different time than the time stated in the planning scheme.

(4) If a matter for which compensation is payable under this part is also a matter for which compensation is payable under another Act, the claim for the compensation must be made under the other Act.

(5) In this section—

“gross floor area” means the sum of the floor areas (inclusive of all walls, columns and balconies, whether roofed or not) of all stories of every building located on a site, excluding the areas (if any) used for building services, a ground floor public lobby, a public mall in a shopping centre, and areas associated with the parking, loading and manoeuvring of motor vehicles.

“yield” means—

112 *Environmental Protection Act 1994*, section 17 (Serious environmental harm)

- (a) for buildings and works—the gross floor area, or density of buildings or persons, or plot ratio, achievable for premises; and
- (b) for reconfiguration—the number of lots in a given area of land.

5.4.5 Compensation for erroneous planning and development certificates

If a person suffers financial loss because of an error or omission in a planning and development certificate, the person is entitled to be paid reasonable compensation by the local government.

5.4.6 Time limits for claiming compensation

A claim for compensation under this part must be given to the local government—

- (a) if the entitlement to claim the compensation is under section 5.4.2—within 6 months after the day the application mentioned in section 5.4.2(b) is refused or approved in part, or subject to conditions or approved both in part and subject to conditions; or
- (b) if the entitlement to claim the compensation is under section 5.4.3—within 2 years after the day the change came into effect; or
- (c) if the entitlement to claim the compensation is under section 5.4.5—at any time after the day the certificate is given.

5.4.7 Time limits for deciding and advising on claims

(1) The local government must decide each claim for compensation within 60 business days after the day the claim is made.

(2) The chief executive officer of the local government must, within 10 business days after the day the claim is decided—

- (a) give the claimant written notice of the decision; and
- (b) if the decision is to pay compensation—notify the amount of the compensation to be paid; and
- (c) advise the claimant that the decision, including any amount of compensation payable, may be appealed.

5.4.8 Deciding claims for compensation

(1) In deciding a claim for compensation under this part, the local government must—

- (a) grant all of the claim; or
- (b) grant part of the claim and reject the rest of the claim; or
- (c) refuse all of the claim.

(2) However, if the entitlement to claim the compensation is under section 5.4.3, the local government may decide the claim by—

- (a) giving a notice of intention to resume the interest in the land under the *Acquisition of Land Act 1967*, section 7;¹¹³ or
- (b) in addition to making a decision under subsection (1)(b) or (c)—decide to amend the planning scheme so that use of the land for the purposes the land could have been used for under the superseded planning scheme would be consistent with the new or amended planning scheme or planning scheme policy.

5.4.9 Calculating reasonable compensation involving changes

(1) For compensation payable because of a change, reasonable compensation is the difference between the market values, appropriately adjusted having regard to the following matters, to the extent they are relevant—

- (a) any limitations or conditions that may reasonably have applied to the development of the land if the land had been developed under the superseded planning scheme;
- (b) any benefit accruing to the land from the change, including but not limited to the likelihood of improved amenity in the locality of the land;
- (c) if the owner owns land adjacent to the interest in land, any benefit accruing to the adjacent land because of—
 - (i) the coming into effect of the change or any other change made before the claim for compensation was made; or
 - (ii) the construction of, or improvement to, infrastructure on the adjacent land under the planning scheme or planning

113 *Acquisition of Land Act 1967*, section 7 (Notice of intention to take land)

scheme policy (other than infrastructure funded by the owner) before the claim for compensation was made;

- (d) the effect of any other changes to the planning scheme or planning scheme policy made since the change, but before the development application (superseded planning scheme) was made;
- (e) if the application was a development application (superseded planning scheme) that is approved in part or subject to conditions—the effect of the approval on the value of the land.

(2) Despite subsection (1), if the land in respect of which compensation is claimed has, since the day of the change, become or ceased to be separate from other land, the amount of reasonable compensation must not be increased because the land has become, or ceased to be, separate from other land.

(3) In this section—

“difference between the market values” is the difference between the market value of the interest in land immediately before the change came into effect and the market value of the interest immediately after the change came into effect.

5.4.10 When compensation is payable

If compensation is payable under this part, the compensation must be paid within 30 business days after the last day an appeal could be made against the local government’s decision about the payment of compensation, or if an appeal is made, within 30 business days after the day the appeal is decided.

5.4.11 Payment of compensation to be recorded on title

(1) The chief executive officer of the local government must give the registrar of titles written notice of the payment of compensation under section 5.4.2.¹¹⁴

(2) The notice must be in the form approved by the registrar.

114 Section 5.4.2 (Compensation for reduced value of interest in land)

(3) The registrar must keep the information stated in the notice as information under the *Land Title Act 1994*, section 34.¹¹⁵

PART 5—POWER TO PURCHASE, TAKE OR ENTER LAND FOR PLANNING PURPOSES

5.5.1 Local government may take or purchase land

(1) This section applies if—

- (a) a local government is satisfied that the taking of land would help to achieve the desired environmental outcomes stated in its planning scheme; or
- (b) at any time after a decision notice has been given for a development application, the local government is satisfied—
 - (i) the development would create a need to construct infrastructure on the land or carry drainage over the land; and
 - (ii) the applicant has taken reasonable measures to obtain the agreement of the owner of the land to actions that would facilitate the construction of the infrastructure or the carriage of the drainage, but has not been able to obtain such an agreement; and
 - (iii) the action is necessary to allow the development to proceed.

(2) If the local government satisfies itself of a matter in subsection (1) and the Governor in Council approves of the taking of the land, the local government is taken to be a constructing authority under the *Acquisition of Land Act 1967* and under that Act may take land.

(3) If the local government satisfies itself of the matters in subsection (1)(b), it is immaterial that the applicant may also derive any measurable benefit from the resumption action.

(4) To avoid any doubt, it is declared that the local government's power under this section to purchase or take land as a constructing authority under

115 *Land Title Act 1994*, section 34 (Other information not part of the freehold land register)

the *Acquisition of Land Act 1967* includes the ability to purchase or take an easement under section 6¹¹⁶ of that Act.

5.5.2 Assessment manager's power to enter land in certain circumstances

An assessment manager or its agent may enter land at all reasonable times to undertake works if the assessment manager is satisfied that—

- (a) implementing a development approval would require the undertaking of works on land other than the land the subject of the application; and
- (b) the applicant has taken reasonable steps to obtain the agreement of the owner of the land to enable the works to proceed, but has not been able to obtain such an agreement; and
- (c) the action is necessary to implement the development approval.

5.5.3 Compensation for loss or damage

(1) Any person who incurs loss or damage because of the exercise by an assessment manager of powers under section 5.5.2 is entitled to be paid reasonable compensation by the assessment manager.

(2) A claim for the compensation must be made—

- (a) to the assessment manager in the approved form; and
- (b) within 2 years after the entitlement to compensation arose.

(3) The assessment manager must decide the claim within 40 business days after the claim is made.¹¹⁷

(4) If the assessment manager decides to pay compensation, the payment must be made within 10 business days after making the decision.

(5) The assessment manager may recover from the applicant the amount of any compensation for loss or damage paid under this part that is not attributable to the assessment manager's negligence.

116 *Acquisition of Land Act 1967*, section 6 (Easements)

117 A person may appeal the decision under section 4.1.34 (Appeals against decisions on compensation claims).

PART 6—PUBLIC HOUSING

“public housing”—

- (a) means housing—
 - (i) provided by or on behalf of the State or a statutory body representing the State; and
 - (ii) for short or long term residential use; and
 - (iii) that is totally or partly subsidised by the State or a statutory body representing the State; and
- (b) includes services provided for residents of the housing, if the services are totally or partly subsidised by the State or a statutory body representing the State.

5.6.3 How IDAS applies to development under pt 6

Development to which this part applies is, to the extent the development is self-assessable development or assessable development under a planning scheme, exempt development.

5.6.4 Chief executive must publicly notify certain proposed development

(1) This section applies to development for public housing the chief executive considers is substantially inconsistent with the planning scheme.

(2) Before starting the development, the chief executive must—

- (a) give the local government information (including the plans or specifications) about the proposed development; and

(b) publicly notify the proposed development.

(3) The public notification must be carried out in the same way public notification of a development application is carried out under sections 3.4.4 to 3.4.6.

(4) Even though the public notification is to be carried out in the same way as public notification under sections 3.4.4 to 3.4.6, the form of the notice to be used for the public notification under this section is the form approved by the chief executive.

(5) The chief executive must have regard to any submissions received following the public notification before deciding whether or not to proceed with the proposed development.

5.6.5 Chief executive must advise local government about all development

(1) This section applies to development to which section 5.6.4 does not apply.

(2) Before the development starts, the chief executive must give the local government information (including the plans or specifications) about the proposed development.

If an IPA planning scheme is adopted or a transitional planning scheme is converted to an IPA planning scheme, all existing transitional planning scheme policies and planning scheme policies supporting the transitional planning scheme are cancelled from the day the adoption is notified in the gazette.

*Division 5—State planning policies***6.1.22 Continuing effect of State planning policies**

Each State planning policy made under the repealed Act and in force immediately before the commencement of this section continues to have effect and is taken to be a State planning policy made under this Act.

¹³⁹ Section 6.2 (Contributions towards water supply and sewerage works) of the repealed Act

*Division 6—Existing approvals and conditions***6.1.23 Continuing effect of approvals issued before commencement**

(1) This section applies to—

- (a) conditions set by, and certificates of compliance or similarly endorsed certificates (“**continuing approvals**”) issued by, a local government in relation to an application mentioned in section 4.1(5)¹⁴⁰ of the repealed Act and in force immediately before the commencement of this section; and
- (b) permits (also “**continuing approvals**”) issued under section 4.13(12)¹⁴¹ of the repealed Act, including modifications of the permits under section 4.15¹⁴² of the repealed Act, in force immediately before the commencement of this section; and
- (c) approvals (also “**continuing approvals**”), including modifications of the approvals under section 4.15 of the repealed Act, in force immediately before the commencement of this section and made in relation to applications made under the following sections of the repealed Act—
 - section 5.1(1)¹⁴³
 - section 5.2(1)¹⁴⁴
 - section 5.9(1)¹⁴⁵
 - section 5.11(1)¹⁴⁶
 - section 5.12(1);¹⁴⁷ and

140 Section 4.1 (Applications) of the repealed Act

141 Section 4.13 (Assessment of town planning consent application) of the repealed Act

142 Section 4.15 (Modification of certain applications and approvals) of the repealed Act

143 Section 5.1 (Application for subdivision etc.) of the repealed Act. Applications for the subdivision of land incorporating a lake and mentioned in section 5.10 (Subdivision incorporating a lake) are also dealt with under section 5.1 of the repealed Act.

144 Section 5.2 (Subdivisions involving works) of the repealed Act

145 Section 5.9 (Staged subdivision) of the repealed Act

146 Section 5.11 (Application for amalgamation of land) of the repealed Act

147 Section 5.12 (Application for access easement) of the repealed Act

- (d) approvals (also “**continuing approvals**”), by whatever name called, given under a former planning scheme but not included in paragraphs (a) to (c) in force immediately before the commencement of this section; and
- (e) approvals (also “**continuing approvals**”) issued under the *Building Act 1975*, in force immediately before the commencement of this section.

(1A) However, a requirement in a local planning instrument for an action to be carried out to the satisfaction of a nominated person is not a continuing approval.

(2) Despite the repeal of the repealed Act, each continuing approval and any conditions attached to a continuing approval have effect as if the approval and the conditions were a development approval in the form of a preliminary approval or development permit, as the case may be.

Example for subsection (2)—

An application for a staged subdivision approval under section 5.9(1) of the repealed Act and a concurrent application under section 5.1(1) of the repealed Act for approval of the first stage of the staged subdivision would result *in—*

- (a) for the section 5.9(1) application—a preliminary approval for reconfiguration of the whole of the land; and
- (b) for the section 5.1(1) application—a development permit for reconfiguration of the land in stage 1.

(3) Subsection (2) has effect only for the period the continuing approval would have had effect if the repealed Act had not been repealed.

(4) If a continuing approval implies that a person has the right to use premises, the subject of the continuing approval, for a particular purpose (because the intended use of the premises did not also require a continuing approval) and the implied right existed, but the intended use had not started, immediately before the commencement of this section, the intended use is to be taken to be a use in existence immediately before the commencement if—

- (a) the rights (other than the implied right) under the continuing approval are exercised within the time allowed for the rights to be exercised under the repealed Act; and
- (b) the intended use is started within 5 years after the rights mentioned in paragraph (a) are exercised.

6.1.24 Certain conditions attach to land

(1) If a local government has set conditions in relation to a continuing approval, the conditions attach to the land on and from the commencement of this section and are binding on successors in title.

(2) Also, if an application to amend a former planning scheme was, or the conditions attached to an amendment were, approved under the repealed Act or under section 6.1.26 and conditions in relation to either amendment were attached to the land under the repealed Act or section 6.1.26—

- (a) if the approval was given before the commencement of this section—the conditions remain attached to the land on and from the commencement of this section and are binding on successors in title; and
- (b) if the approval was given under section 6.1.26—the conditions remain attached to the land on and from the day the approval was given and are binding on successors in title.

(3) Subsections (1) and (2) apply, despite—

- (a) a later amendment of the transitional planning scheme; and
- (b) the later introduction or amendment of an IPA planning scheme.

(4) In this section—

“**former planning scheme**” includes any planning scheme made under the repealed Act or an Act repealed by the repealed Act.

*Division 7—Applications in progress***6.1.25 Effect of commencement on certain applications in progress**

(1) If an application was made before the commencement of this section for a matter mentioned in section 6.1.23(1)(a) to (d)—

- (a) processing of the application and all matters incidental to the processing (including any appeal made in relation to a decision about the application) must proceed as if the repealed Act had not been repealed; and
- (b) any approval issued is taken to be a preliminary approval or development permit, as the case may be.

(1A) If an application was made before 30 April 1998 for a building approval under the *Building Act 1975*—

- (a) processing of the application and all matters incidental to the processing (including any appeal made in relation to a decision about the application) must proceed as if the *Building and Integrated Planning Amendment Act 1998* had not commenced; and
- (b) any approval issued is taken to be a preliminary approval or development permit, as the case may be.

(2) If a request made before the commencement of this section was for the revocation of a town planning consent, processing of the request and all matters incidental to the processing must proceed as if the repealed Act had not been repealed.

6.1.26 Effect of commencement on other applications in progress

(1) This section applies to—

- (a) applications made before the commencement of this section under section 4.3(1), section 4.6(1) or section 4.9(1)¹⁴⁸ of the repealed Act; or
- (b) an equivalent application made before the commencement of this section under the *Local Government Act 1936* or the *City of Brisbane Town Planning Act 1964*; or
- (c) an application made under section 4.15¹⁴⁹ of the repealed Act relating to the modification of—
 - (i) an application mentioned in paragraph (a) or (b); or
 - (ii) the approval of an application mentioned in paragraph (a) or (b); or
 - (iii) conditions attaching to the approval of an application mentioned in paragraph (a) or (b).

(2) An application mentioned in subsection (1) must be processed and all matters incidental to the processing (including any appeal made in relation

148 Section 4.3 (Amendment of a planning scheme etc. by an applicant), 4.6 (Application for rezoning of land in stages) or 4.9 (Subsequent staged rezoning approvals) of the repealed Act

149 Section 4.15 (Modification of certain applications and approvals) of the repealed Act

to a decision about the application) must proceed as if the repealed Act had not been repealed.

(3) Subsection (4) applies if—

- (a) at any time subsection (2) applies for an application mentioned in subsection (1); and
- (b) applying subsection (2) requires the amendment of a planning scheme; and
- (b) the local government has an IPA planning scheme.

(4) The Governor in Council may amend the IPA planning scheme using the processes under the repealed Act as if the IPA planning scheme were a former planning scheme.

6.1.27 Applications for compensation continue

If an application for compensation was made and has not been decided before the commencement of this section, the application must be decided as if the repealed Act had not been repealed.¹⁵⁰

Division 8—Applications made or development carried out after the commencement of this division

6.1.28 IDAS must be used for processing applications

(1) To remove any doubt, it is declared that all development applications for assessable development made after the commencement of this section to which a transitional planning scheme or interim development control provision applies must be made and processed under this Act.

(2) If an application mentioned in subsection (1) were an application for the same development under the repealed Act and would have required public notification under the repealed Act—

- (a) the application must be processed as if it were a development application requiring impact assessment; and
- (b) a statement made under section 3.2.3(2)(d) on the acknowledgment notice that an aspect of the development

¹⁵⁰ See the *Acts Interpretation Act 1954*, section 20 for other matters that are also saved when an Act is repealed.

applied for requires impact assessment is taken to mean that the application will be processed as if it were a development application requiring impact assessment.

(3) If an application mentioned in subsection (1) were an application for the same development under the repealed Act and would not have required public notification under the repealed Act—

- (a) the application must be processed as if it were a development application requiring code assessment; and
- (b) a statement made under section 3.2.3(2)(c) on any acknowledgment notice for the application that an aspect of the development applied for requires code assessment is taken to mean that the application will be processed as if it were a development application requiring code assessment; and
- (c) despite section 3.2.3(2)(c), any acknowledgment notice for the application need not refer to codes.

6.1.29 Assessing applications (other than against the Standard Building Regulation)

(1) This section applies only for the part of the assessing aspects of development applications to which a transitional planning scheme or interim development control provision applies.

(2) Sections 3.5.4 and 3.5.5¹⁵¹ do not apply for assessing the application.

(3) Instead, the following matters, to the extent the matters are relevant to the application, apply for assessing the application—

- (a) the common material for the application;
- (b) the transitional planning scheme;
- (c) the transitional planning scheme policies;
- (d) any planning scheme policy made after the commencement of this section;
- (e) all State planning policies;
- (f) the matters stated in section 8.2(1)¹⁵² of the repealed Act;

151 Sections 3.5.4 (Code assessment) and 3.5.5 (Impact assessment)

152 Section 8.2 (Environmental impact) of the repealed Act

- (g) for an interim development control provision in force in a local government area—the interim development control provision;
- (h) if the application is for development that before the commencement of this section would have required an application to be made under any of the following sections of the repealed Act—
 - (i) section 4.3(1)—the matters stated in section 4.4(3);¹⁵³
 - (ii) section 5.1(1)¹⁵⁴—the matters stated in section 5.1(3);
 - (iii) section 5.1(1) and section 5.10(1)¹⁵⁵ applies—the matters stated in sections 5.1(3) and 5.10(2);
 - (iv) section 5.2(1)¹⁵⁶—the matters stated in section 5.2(2);
 - (v) section 5.9(1)¹⁵⁷—the matters stated in section 5.9(3);
 - (vi) section 5.11(1)¹⁵⁸—the matters stated in section 5.11(3);
- (i) any other matter to which regard would have been given if the application had been made under the repealed Act.

6.1.30 Deciding applications (other than under the Standard Building Regulation)

(1) This section applies only for the part of the deciding aspects of a development application to which a transitional planning scheme or interim development control provision applies.

(2) Sections 3.5.13 and 3.5.14¹⁵⁹ do not apply for deciding the application.

(3) Instead, the assessment manager must, if the application is for development that before the commencement of this section would have

154 Section 5.1 (Application for subdivision etc.) of the repealed Act

155 Section 5.10 (Subdivision incorporating a lake) of the repealed Act

156 Section 5.2 (Subdivisions involving works) of the repealed Act

157 Section 5.9 (Staged subdivision) of the repealed Act

158 Section 5.11 (Application for amalgamation of land) of the repealed Act

159 Sections 3.5.13 (Decision if application requires code assessment) and 3.5.14 (Decision if application requires impact assessment)

required an application to be made under any of the following sections of the repealed Act—

- (a) section 4.3(1)—decide the application under section 4.4(5)¹⁶⁰ and (5A);
- (b) section 4.12(1)—decide the application under section 4.13(5)¹⁶¹ and (5A);
- (c) section 5.1(1) (whether or not section 5.10(1)¹⁶² applies)—decide the application under section 5.1(6) and (6A);
- (d) section 5.2(1)¹⁶³—decide the application under section 5.2(4), as if all words in that section after ‘conditions’ were omitted;
- (e) section 5.9(1)¹⁶⁴—decide the application under section 5.9(6) and (6A);
- (f) section 5.11(1)¹⁶⁵—decide the application under section 5.11(5);
- (g) section 5.12(1)¹⁶⁶—decide the application under section 5.12(4).

(4) If a development application is made for development that under a transitional planning scheme requires an application for the setting of conditions or the issue of a certificate of compliance or similarly endorsed certificate—

- (a) the assessment manager may not refuse the application despite section 3.5.11(1)(c);¹⁶⁷ but
- (b) a concurrence agency may still direct the assessment manager to refuse the application.

160 Sections 4.3 (Amendment of a planning scheme etc. by an applicant) and 4.4 (Assessment of proposed planning scheme amendment) of the repealed Act

161 Sections 4.12 (Application for town planning consent) and 4.13 (Assessment of town planning consent application) of the repealed Act

162 Sections 5.1 (Application for subdivision etc.) and 5.10 (Subdivision incorporating a lake) of the repealed Act

163 Section 5.2 (Subdivisions involving works) of the repealed Act

164 Section 5.9 (Staged subdivision) of the repealed Act

165 Section 5.11 (Application for amalgamation of land) of the repealed Act

166 Section 5.12 (Application for access easement) of the repealed Act

167 Section 3.5.11 (Decision generally)

(5) If the assessment manager does not decide the application mentioned in subsection (4) within the decision making period, the application is taken to have been approved—

- (a) without conditions imposed by the assessment manager; and
- (b) subject to any matter a concurrence agency told the assessment manager under section 3.3.18(1).

(6) However, if a concurrence agency told the assessment manager to refuse the application—

- (a) if subsection (4) applies—the assessment manager must refuse the application; or
- (b) if subsection (5) applies—the application is taken to be refused.

6.1.30A Deeming of certain applications under transitional planning schemes

(1) This section applies if—

- (a) a development application is made under a transitional planning scheme; and
- (b) the application form indicates the application is for a material change of use only; and
- (c) it reasonably can be inferred from the common material that the application also was for development other than the material change of use.

(2) The application, and any development approval for the application, is taken to be also for the other development.

(3) However—

- (a) the development approval is taken to be a preliminary approval for the other development unless the development approval states the development approval is a development permit for some or all of the other development; and
- (b) for the other development taken to be the subject of the preliminary approval—
 - (i) for building work—any later development application for the other development does not require assessment against the transitional planning scheme; and

- (ii) for development other than building work—to the extent section 6.1.28 applies, any later development application for the other development is taken to be an application to which section 6.1.28(3) applies; and
 - (c) the other development is refused to the extent the development approval expressly states the other development is refused.
- (4) Subsection (2) does not apply to the extent stated in a notice given to the assessment manager by the applicant before or after the development approval was given.

6.1.31 Conditions about infrastructure for applications

- (1) Subsection (2) applies if—
- (a) a local government is deciding a development application under a transitional planning scheme or an IPA planning scheme; and
 - (b) the local government has—
 - (i) a local planning policy about infrastructure or a planning scheme policy about infrastructure; or
 - (ii) a provision, that was included before the commencement of this section, in its planning scheme about monetary contributions for specified infrastructure.
- (2) For deciding the aspect of the application relating to the local planning policy, the planning scheme policy or planning scheme provision—
- (a) chapter 5, part 1¹⁶⁸ does not apply; and
 - (b) section 3.5.32(1)(b)¹⁶⁹ does not apply; and
 - (c) the local government may impose a condition on the development approval requiring land, works or a contribution towards the cost of supplying infrastructure (including parks) under a policy or provision mentioned in subsection (1)(b).
- (3) However—

168 Chapter 5 (Miscellaneous), part 1 (Infrastructure charges)

169 Section 3.5.32 (Conditions that can not be imposed)

- (a) if a condition imposed under subsection (2)(c) is inconsistent with an infrastructure agreement for supplying the infrastructure, to the extent of the inconsistency, the agreement prevails; or
- (b) if the application is being decided under an IPA planning scheme, subsection (2) applies only until—
 - (i) 31 March 2005; or
 - (ii) if the Minister, by gazette notice, nominates a later day for a particular planning scheme—the later day.

(4) Subsection (5) applies if a local government is deciding a development application only under a transitional planning scheme.

(5) For deciding the application and to the extent the application is about the aspects of the application to be decided by the local government—

- (a) section 3.5.32(1)(b)¹⁷⁰ does not apply; and
- (b) chapter 5, part 1, division 7 does not apply.

6.1.32 Conditions about infrastructure for applications under interim development control provisions or subdivision of land by-laws

(1) This section applies if—

- (a) the local government is deciding a development application; and
- (b) the local government does not have a transitional planning scheme but has—
 - (i) an interim development control provision; or
 - (ii) a subdivision of land by-law continued in effect under section 8.10(7)¹⁷¹ of the repealed Act.

(2) For deciding the application—

- (a) section 3.5.32(1)(b)¹⁷² does not apply; and
- (b) the local government may impose a condition on a development approval requiring land, works or a contribution towards the cost of supplying infrastructure (including parks) as if the repealed Act had not been repealed.

170 Section 3.5.32 (Conditions that can not be imposed)

171 Section 8.10 (Savings and transitional) of the repealed Act

172 Section 3.5.32 (Conditions that can not be imposed)

(3) To the extent a condition imposed under subsection (2)(b) is inconsistent with an infrastructure agreement for supplying the infrastructure, the agreement prevails.

6.1.34 Consequential amendment of transitional planning schemes

(1) This section applies if under a transitional planning scheme an assessment manager is deciding a development application for assessable development that would, under the repealed Act, have first required the amendment of the former planning scheme.

(2) If the assessment manager approves the application, the local government may, by resolution and within 20 business days after the day the approval takes effect, adopt an amendment of its transitional planning scheme to reflect the approval.

(3) The amendment is an amendment of a planning scheme to which section 3.5.27 and schedule 1, sections 1 to 19 do not apply.

6.1.35 Self-assessable development under transitional planning schemes

Self-assessable development to which a transitional planning scheme or an interim development control provision applies must comply with applicable codes.

6.1.35A Applications to change conditions of rezoning approvals under repealed Act

(1) This section applies if a person wants to change the conditions attached to an approval given under section 2.19(3)(a) or 4.4(5) of the repealed Act.

(2) A person may—

- (a) make a development application to achieve the change; or
- (b) apply under section 4.3(1) or 4.15(1) of the repealed Act to change the conditions.

(3) If a person applies under subsection (2)(b) the application must be processed by the local government as if the repealed Act had not been repealed.

6.1.35B Development approvals prevail over conditions of rezoning approvals under repealed Act

A development approval given under this Act prevails, to the extent the approval is inconsistent with a condition—

- (a) of an approval given under section 4.4(5) of the repealed Act; or
- (b) decided under section 2.19(3) of the repealed Act.

6.1.35C Applications requiring referral coordination

(1) Referral coordination is required for an application—

- (a) for development that is assessable under a planning scheme and that the assessment manager is satisfied is not minor or of an ancillary nature; and
- (b) prescribed under a regulation.

(2) This section applies—

- (a) despite section 3.3.5; and
- (b) even if there are no concurrence agencies for the application.

(3) If an application requires referral coordination under subsection (1), section 3.2.3(1)¹⁷³ applies to the application (despite section 3.2.3(1A)).

Division 9—Planning and Environment Court**6.1.36 Appointments of judges continue**

(1) The rules of court in force immediately before the commencement of section 4.1.1 continue in force on and after the commencement as if they were made under section 4.1.10.¹⁷⁵

(2) The rules may be amended or repealed under this Act.

6.1.39 Proceedings started under repealed Act continue

A proceeding started before the Planning and Environment Court under the repealed Act and not finished on the commencement of section 4.1.1, may be continued and completed by the court as if the repealed Act had not been repealed.¹⁷⁶

*Division 10—Miscellaneous***6.1.42 Application of ch 2, pt 3**

Chapter 2, part 3¹⁷⁷ (in so far as the Minister may direct a local government to amend a planning scheme or repeal a transitional planning scheme policy) applies to transitional planning schemes and transitional planning scheme policies.

6.1.44 Conditions may be changed or cancelled by assessment manager or concurrence agency in certain circumstances

(1) This section applies if—

175 Section 4.1.10 (Rules of court)

176 See the *Acts Interpretation Act 1954*, section 20 for other matters that are also saved when an Act is repealed.

177 Chapter 2 (Planning), part 3 (State powers)

- (a) before the commencement of this section another Act or a local law required a licence, permit, registration or other approval for development or for an activity that is the natural and ordinary consequence of the development; and
- (b) the other Act or local law allowed for a condition of the licence, permit, registration or other approval to be changed or cancelled without the consent of any person; and
- (c) the development is assessable development as defined for this part, and this Act generally; and
- (d) the other Act or local law is repealed or amended; and
- (e) if the Act or local law is amended—
 - (i) the requirement for the licence, permit, registration or other approval is removed; or
 - (ii) a condition of the licence, permit, registration or other approval that could have been imposed under the other Act or local law before the amendment may be imposed, under this Act, on the development approval.

(2) A condition of a development approval for the development, to the extent the condition could have been imposed by an entity under the other Act or local law before the Act or law was amended or repealed, may be changed or cancelled by the entity—

- (a) if the entity, as a concurrence agency, directed the assessment manager to impose the condition; or
- (b) if the entity, as the assessment manager, decided the condition; or
- (c) if paragraph (a) or (b) does not apply—if the entity has jurisdiction for the condition.

(3) The change or cancellation may be made—

- (a) without the consent of the owner of the land to which the approval attaches and any occupier of the land; but
- (b) only to the extent the change or cancellation could have been made under the other Act or local law before it was amended or repealed.

(4) If the entity is satisfied it is necessary to change or cancel the condition, the entity must give a written notice to the owner of the land to which the approval attaches and any occupier of the land.

(5) The notice must state—

- (a) the proposed change or cancellation and the reasons for the change or cancellation; and
- (b) that each person to whom the notice is given may make written representations to the entity about the proposed change or cancellation; and
- (c) the time (at least 15 business days after the notice is given to the holder) within which the representations may be made.

(6) After considering any representations the entity must give to each person to whom the notice was given—

- (a) if the entity is not satisfied the change or cancellation is necessary—written notice stating it has decided not to change or cancel the condition; or
- (b) if the entity is satisfied the change or cancellation is necessary—written notice stating it has decided to change or cancel the condition, including details of the changed or cancelled condition.

(7) If the entity is a concurrence agency, the entity must give the assessment manager written notice of the change or cancellation.

(8) The changed condition or cancellation takes effect from the day the notice was given to the owner of the land to which the approval attaches.

6.1.45 Infrastructure agreements

(1) An infrastructure agreement made under part 6, division 2¹⁷⁸ of the repealed Act and in force immediately before the commencement of this section continues, on and after the commencement, to have effect and is binding on the parties to the agreement as if the repealed Act had not been repealed.

(2) If an infrastructure agreement mentioned in subsection (1) or made under this Act contains permission criteria inconsistent with the *Integrated Planning Regulation 1998*, to the extent of the inconsistency, the agreement prevails.

(3) In this section—

178 Part 6 (Conditions, contributions, works and infrastructure agreements), division 2 (Infrastructure agreements) of the repealed Act

“permission criteria” means criteria under either or both of the following—

- (a) for an agreement—
 - (i) mentioned in subsection (1)—the *Transport Infrastructure Act 1994*, section 40,¹⁷⁹ as in force immediately before 1 December 1999; or
 - (ii) made under this Act—the *Transport Infrastructure Act 1994*, section 40;
- (b) the *Transport Operations (Passenger Transport) Act 1994*, section 145(4).¹⁸⁰

6.1.45AA Rezoning agreements under previous Acts

(1) This section applies to an agreement made for securing the conditions of a rezoning approval if the conditions did not attach to the land, the subject of the approval, and bind successors in title.

(2) To the extent the agreement was validly made, still has effect and is not inconsistent with a condition of a development approval, nothing in the repealed Act or this Act affects the agreement.

(3) However, if an assessment manager is imposing a condition under this Act about infrastructure or a local government is fixing an infrastructure charge under chapter 5, part 1, any amount under the agreement that is payable or has been paid in relation to infrastructure must be taken into consideration.

6.1.45A Development control plans under repealed Act

(1) This section applies to a development control plan made under the repealed Act that includes a process—

- (a) for making and approving plans (however named) with which development must comply in addition to, or instead of, the planning scheme; or

179 *Transport Infrastructure Act 1994*, section 40 (Impact of certain local government decisions on State-controlled roads)

180 *Transport Operations (Passenger Transport) Act 1994*, section 145 (Impact of certain decisions by local governments on public passenger transport)

(b) that provides for appeals against a decision under the plan.

(1A) An IPA planning scheme may include a development control plan mentioned in subsection (1) either with or without amendment.

(1B) If a proposed IPA planning scheme is to include an unamended development control plan, schedule 1, sections 3 to 8, 12 to 14 and 17 do not apply for the development control plan.

(1C) If a statement in the IPA planning scheme identifies the area of a development control plan included in the scheme, the following subsections apply for the area.

(1D) The repealed Act, the transitional planning scheme and any transitional planning scheme policies continue to apply to the extent necessary to administer the development control plan.

(1E) Sections 6.1.28 to 6.1.30 apply for assessing development applications in the development control plan area.

(1F) The development control plan may include or refer to codes or other measures of the planning scheme.

(2) To the extent the development control plan provides for the matters mentioned in subsection (1)—

- (a) the development control plan is, and always has been, valid; and
- (b) development under the development control plan must comply with the plans in the way stated in the development control plan; and
- (c) if the development control plan states that an appeal may be made, and an appeal is made, the appeal is validly made.

(3) If the development control plan is changed after the commencement of this section in a way that, if this Act had not commenced, would have given rise to a claim for compensation under the repealed Act, the compensation may be claimed as if this Act had not commenced.

(4) Subsection (2) applies even if the process mentioned in subsection (1)(a) is inconsistent with chapter 3 or schedule 1.¹⁸¹
