Queensland Building Services Authority Act 1991

QUEENSLAND BUILDING SERVICES AUTHORITY REGULATION 2003

**Reprinted as in force on 1 July 2004
(includes commenced amendments up to 2004 SL No. 66)**

Reprint No. 1B

This reprint is prepared by
the Office of the Queensland Parliamentary Counsel
Warning—This reprint is not an authorised copy

Information about this reprint

This regulation is reprinted as at 1 July 2004. The reprint shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

QUEENSLAND BUILDING SERVICES AUTHORITY REGULATION 2003

TABLE OF PROVISIONS

Section		Page
PART 1—PRELIMINARY		
1	Short title	17
2	Commencement	17
PART 2—INTERPRETATION		
<i>Division 1—General</i>		
3	Dictionary	17
4	Number of storeys of a building	17
5	Work that is not building work	18
6	Licensed builder—Act, sch 2, definition “licensed builder”	21
7	Classification as farm building	22
8	Scope of work for a licence—“incidental work of another class”	22
<i>Division 2—Residential construction work</i>		
9	Definitions for div 2	23
10	Classification as residential construction work	24
11	Meaning of “primary building work”	24
12	Meaning of “associated building work”	25
13	Building work that is not classified as residential construction work	26
PART 3—LICENCES		
14	Classes of licence—Act, s 30(2)	27
15	Qualifications and experience for contractor’s licence—Act, s 31	28
16	Requirements for supervisor’s licence—Act, s 32	28
17	Application for a licence—Act, s 33	28
18	Renewal of licence	29

*Queensland Building Services Authority
Regulation 2003*

19	Refund of annual licence fee	30
PART 4—OWNER-BUILDER PERMITS		
20	Building work that may be carried out under permit—Act, s 44	31
21	Application for owner-builder permits—Act, s 44	31
22	Warnings—Act, s 47	32
PART 5—STATUTORY INSURANCE SCHEME		
23	Insurance premium for residential construction work—Act, s 68	32
24	Calculation of premium—single detached dwelling	33
25	Calculation of premium—1 or more multiple dwellings	33
26	When notional price applies	33
27	Insurance information statement	34
PART 6—GENERAL		
28	Signs to be exhibited—Act, s 52	35
29	Advertisements—Act, s 54	35
30	Notification of nominee—Act, s 55	35
31	Partnerships—Act, s 56	36
32	Warning that contract is a construction management trade contract—Act, s 67V	36
33	Particulars in register—Act, s 39(2)(d)	37
34	Single amount to be transferred from General Statutory Fund to Insurance Fund—Act, s 25	37
34A	Approval of board’s policies—Act, s 9A	37
35	Fees	37
PART 7—REPEALS AND TRANSITIONAL PROVISIONS		
<i>Division 1—Repeals</i>		
36	Repeals of regulations	38
<i>Division 2—Transitional provisions</i>		
37	Definitions for div 2	38
38	References to repealed regulation	39
39	Transitional provision about construction management trade contracts	39
40	Transitioned licences subject to conditions etc.	39
41	Existing licences that automatically transition to new licence class	40

*Queensland Building Services Authority
Regulation 2003*

42	Existing licences that may be transitioned to new licence class	43
43	Licences that may be held and renewed after commencement—Act, s 30 . .	45
44	Completed building inspections by certain housebuilders	47
45	Transitional provision about certain persons enrolled in Certificate IV in Building CNBUI012	48
	SCHEDULE 1	49
	FEES	
	SCHEDULE 1A	53
	BOARD’S POLICIES	
	SCHEDULE 2	54
	CLASSES OF LICENCES AND LICENCE REQUIREMENTS	
	PART 1—AIR HANDLING DUCT INSTALLATION LICENCE	
1	Licence class	54
2	Scope of work	54
3	Technical qualifications	54
4	Managerial requirements	55
5	Experience requirements	55
6	Financial requirements	55
	PART 2—BRICK AND SEGMENTAL PAVING LICENCE	
1	Licence class	55
2	Scope of work	55
3	Technical qualifications	56
4	Managerial requirements	57
5	Experience requirements	57
6	Financial requirements	57
	PART 3—BRICKLAYING AND BLOCKLAYING LICENCE	
1	Licence class	57
2	Scope of work	58
3	Technical qualifications	58
4	Managerial requirements	58
5	Experience requirements	59
6	Financial requirements	59

*Queensland Building Services Authority
Regulation 2003*

PART 4—BUILDER—LOW RISE LICENCE

1	Licence class	59
2	Scope of work	59
3	Technical qualifications	60
4	Experience requirements	61
5	Financial requirements	61

PART 5—BUILDER—MEDIUM RISE LICENCE

1	Licence class	61
2	Scope of work	61
3	Technical qualifications	62
4	Experience requirements	62
5	Financial requirements	62

PART 6—BUILDER—OPEN LICENCE

1	Licence class	63
2	Scope of work	63
3	Technical qualifications	63
4	Experience requirements	64
5	Financial requirements	64

**PART 7—BUILDER RESTRICTED TO KITCHEN, BATHROOM
AND LAUNDRY INSTALLATION LICENCE**

1	Licence class	64
2	Scope of work	64
3	Technical qualifications	65
4	Experience requirements	66
5	Financial requirements	66

PART 8—BUILDER RESTRICTED TO SHOPFITTING LICENCE

1	Licence class	66
2	Scope of work	66
3	Technical qualifications	67
4	Experience requirements	68
5	Financial requirements	68

**PART 9—BUILDER RESTRICTED TO STRUCTURAL
LANDSCAPING LICENCE**

1	Licence class	68
2	Scope of work	68
3	Technical qualifications	69
4	Experience requirements	70
5	Financial requirements	71

**PART 10—BUILDER RESTRICTED TO SWIMMING POOL
CONSTRUCTION LICENCE**

1	Licence class	71
2	Scope of work	71
3	Technical qualifications	72
4	Experience requirements	73
5	Financial requirements	73

PART 11—BUILDING DESIGN—LOW RISE LICENCE

1	Licence class	73
2	Scope of work	73
3	Technical qualifications	74
4	Experience requirements	74
5	Financial requirements	74

PART 12—BUILDING DESIGN—MEDIUM RISE LICENCE

1	Licence class	74
2	Scope of work	75
3	Technical qualifications	75
4	Experience requirements	75
5	Financial requirements	76

PART 13—BUILDING DESIGN—OPEN LICENCE

1	Licence class	76
2	Scope of work	76
3	Technical qualifications	76
4	Experience requirements	77
5	Financial requirements	77

**PART 14—COMPLETED RESIDENTIAL BUILDING
INSPECTION LICENCE**

1	Licence class	77
2	Scope of work	77
3	Technical qualifications	78
4	Experience requirements	79
5	Financial requirements	79

PART 15—CABINETMAKING LICENCE

1	Licence class	79
2	Scope of work	79
3	Technical qualifications	79
4	Managerial requirements	80
5	Experience requirements	80
6	Financial requirements	80

PART 16—CARPENTRY LICENCE

1	Licence class	80
2	Scope of work	81
3	Technical qualifications	81
4	Managerial requirements	82
5	Experience requirements	82
6	Financial requirements	82

PART 17—CONCRETING LICENCE

1	Licence class	82
2	Scope of work	82
3	Technical qualifications	83
4	Managerial requirements	83
5	Experience requirements	83
6	Financial requirements	83

PART 18—PLUMBING AND DRAINAGE LICENCE

1	Licence class	83
2	Scope of work	84
3	Technical qualifications	84

*Queensland Building Services Authority
Regulation 2003*

4	Managerial requirements	84
5	Financial requirements	84
PART 19—DRAINAGE LICENCE		
1	Licence class	84
2	Scope of work	85
3	Technical qualifications	85
4	Managerial requirements	85
5	Financial requirements	85
PART 20—IRRIGATION LICENCE		
1	Licence class	85
2	Scope of Work	86
3	Technical Qualifications	86
4	Managerial requirements	86
5	Financial Requirements	86
PART 21—FIRE DETECTION SYSTEMS LICENCES		
1	Licence classes	86
2	Scope of work	87
3	Technical qualifications	88
4	Managerial requirements	89
5	Experience requirements	89
6	Financial requirements	89
PART 22—FIRE EQUIPMENT—PASSIVE (WALL AND CEILING LINING) LICENCE		
1	Licence class	89
2	Scope of work	89
3	Technical qualifications	90
4	Managerial requirements	90
5	Experience requirements	90
6	Financial requirements	90
PART 23—FIRE EQUIPMENT—PASSIVE (PENETRATION AND JOINT SEALING) LICENCE		
1	Licence class	90

*Queensland Building Services Authority
Regulation 2003*

2	Scope of work	91
3	Technical qualifications	91
4	Managerial requirements	91
5	Experience requirements	91
6	Financial requirements	91
PART 24—FIRE EQUIPMENT—PASSIVE (FIRE DOORS AND FIRE SHUTTERS) LICENCES		
1	Licence classes	92
2	Scope of work	92
3	Technical qualifications	93
4	Managerial requirements	93
5	Experience requirements	94
6	Financial requirements	94
PART 25—FIRE FIGHTING APPLIANCES LICENCES		
1	Licence classes	94
2	Scope of work	94
3	Technical qualifications	95
4	Managerial requirements	96
5	Experience requirements	96
6	Financial requirements	96
PART 26—FIRE HOSE REELS AND FIRE HYDRANTS LICENCES		
1	Licence classes	97
2	Scope of work	97
3	Technical qualifications	98
4	Managerial requirements	98
5	Experience requirements	98
6	Financial requirements	99
PART 27—FIXED FIRE PUMP SETS LICENCES		
1	Licence classes	99
2	Scope of work	99
3	Technical qualifications	100

*Queensland Building Services Authority
Regulation 2003*

4	Managerial requirements	101
5	Experience requirements	101
6	Financial requirements	102
PART 28—FIRE SPRINKLER SYSTEMS (DOMESTIC AND RESIDENTIAL) LICENCES		
1	Licence classes	102
2	Scope of work	102
3	Technical qualifications	103
4	Managerial requirements	104
5	Experience requirements	104
6	Financial requirements	104
PART 29—FIRE SPRINKLER SYSTEMS (OTHER THAN DOMESTIC AND RESIDENTIAL) LICENCES		
1	Licence classes	104
2	Scope of work	105
3	Technical qualifications	106
4	Managerial requirements	106
5	Experience requirements	106
6	Financial requirements	107
PART 30—FIRE SUPPRESSION SYSTEMS—SPECIAL HAZARDS LICENCES		
1	Licence classes	107
2	Scope of work	107
3	Technical qualifications	108
4	Managerial requirements	109
5	Experience requirements	109
6	Financial requirements	109
PART 31—FLOOR FINISHING AND COVERING (HARD SECTOR) LICENCE		
1	Licence class	110
2	Scope of work	110
3	Technical qualifications	110
4	Managerial requirements	111

*Queensland Building Services Authority
Regulation 2003*

5	Experience requirements	111
6	Financial requirements	111
PART 32—FOUNDATION WORK (PILING AND ANCHORS) LICENCE		
1	Licence class	111
2	Scope of work	111
3	Technical qualifications	112
4	Managerial requirements	112
5	Experience requirements	112
6	Financial requirements	112
PART 33—GASFITTING LICENCE		
1	Licence class	113
2	Scope of work	113
3	Technical qualifications	113
4	Managerial requirements	113
5	Financial requirements	113
PART 34—GLASS, GLAZING AND ALUMINIUM LICENCE		
1	Licence class	113
2	Scope of work	114
3	Technical qualifications	114
4	Managerial requirements	115
5	Experience requirements	115
6	Financial requirements	115
PART 35—HYDRAULIC SERVICES DESIGN LICENCES		
1	Licence classes	115
2	Scope of work	115
3	Technical qualifications	116
4	Experience requirements	116
5	Financial requirements	117
PART 36—JOINERY LICENCE		
1	Licence class	117
2	Scope of work	117

3	Technical qualifications	117
4	Managerial requirements	118
5	Experience requirements	118
6	Financial requirements	118

**PART 37—STRUCTURAL METAL FABRICATION AND
ERECTION LICENCE**

1	Licence class	118
2	Scope of work	119
3	Technical qualifications	119
4	Managerial requirements	119
5	Experience requirements	119
6	Financial requirements	119

**PART 38—NON-STRUCTURAL METAL FABRICATION AND
INSTALLATION LICENCE**

1	Licence class	120
2	Scope of work	120
3	Technical qualifications	120
4	Managerial requirements	120
5	Experience requirements	121
6	Financial requirements	121

PART 39—METAL FASCIAS AND GUTTERS LICENCE

1	Licence class	121
2	Scope of work	121
3	Technical qualifications	121
4	Managerial requirements	123
5	Experience requirements	123

QUEENSLAND BUILDING SERVICES AUTHORITY REGULATION 2003

[as amended by all amendments that commenced on or before 1 July 2004]

PART 1—PRELIMINARY

1 Short title

This regulation may be cited as the *Queensland Building Services Authority Regulation 2003*.

2 Commencement

This regulation commences on 1 September 2003.

PART 2—INTERPRETATION

Division 1—General

3 Dictionary

The dictionary in schedule 3 defines particular words used in this regulation.

4 Number of storeys of a building

For deciding the number of storeys of a building, the lowest storey is not counted if it consists mainly of a car park.

5 Work that is not building work

(1) For the Act, schedule 2, definition “building work”, the following work is not building work—

- (a) anything mentioned in the definition, paragraphs (a) to (f) if it is for a farm building;
- (b) work of a value of less than \$1 100, unless—
 - (i) subject to paragraph (zd), the work is within the scope of work of a fire protection licence; or
 - (ii) the work is within the scope of work of a licence provided for in schedule 2, part 11–14, 18, 19, 33, 48 or 52; or
 - (iii) the work is within the scope of work of another licence provided for in schedule 2, and is carried out by a licensee as part of a contract for building work of which the total value is \$1 100 or more;
- (c) giving of free advice by an organisation the membership of which is drawn wholly or predominantly from the building industry;
- (d) work performed by an architect in the architect’s professional practice;
- (e) work performed by an engineer in the engineer’s professional practice;
- (f) work performed by a licensed surveyor in the surveyor’s professional practice;
- (g) work performed by the Commonwealth or an instrumentality or agency of the Commonwealth, but not work performed for the Commonwealth or an instrumentality or agency by an independent contractor;
- (h) work performed by the State or an instrumentality or agency of the State, but not work performed for the State or an instrumentality or agency by an independent contractor;
- (i) work performed by a local government, but not work performed for a local government by an independent contractor;
- (j) work performed by a charitable or community organisation for its own use, if the authority gives the organisation written notice the work can be excluded from the definition “building work”,

*Queensland Building Services Authority
Regulation 2003*

given the qualifications and experience of persons who supervise the work;

- (k) construction, extension, repair or replacement of a water reticulation system, sewerage system or stormwater drain, outside the boundaries of private property;
- (l) construction, maintenance or repair of a road under the *Land Act 1994*;
- (m) construction, maintenance or repair of a bridge, other than a bridge on private property;
- (n) construction, maintenance or repair of railway tracks, signals or associated structures, unless the structures are buildings for residential purposes, or are storage or service facilities;
- (o) construction, maintenance or repair of airport runways, taxiways and aprons;
- (p) construction, maintenance or repair of harbours, wharfs and other maritime structures, unless the structures are buildings for residential purposes, or are storage or service facilities;
- (q) electrical work under the *Electrical Safety Act 2002*;
- (r) installation or general repair, by a licensed electrical mechanic, of a fire detection system, alarm system or emergency warning and communication system for a building;
- (s) construction, maintenance or repair of a dam;
- (t) construction, maintenance or repair of communications installations performed for a public company or other public body engaged in radio or television broadcasting or in some other form of communications business or undertaking;
- (u) construction, maintenance or repair of a sign that does not have any supporting structure;
- (v) construction, maintenance or repair of a structure that supports a sign if—
 - (i) the value of building work for the structure is less than \$5 000; or
 - (ii) the top of the sign or structure, whichever is higher, is less than 3 m above the surface immediately below the sign or structure, including, for example, the ground, or a road or

Queensland Building Services Authority
Regulation 2003

path on which an individual may travel, whether in a vehicle, while walking, or in any other way;

- (w) erection of scaffolding;
- (x) installation of manufacturing equipment or equipment for hoisting, conveying or transporting materials or products, including primary produce, but excluding the installation of fixed structures providing shelter for the equipment;
- (y) construction work in mining;
- (z) hanging of curtains or blinds, or laying of carpets or vinyl;
- (za) work consisting of monumental masonry, sculpture, or the erection or construction of statues, fountains or other works of art, other than work affecting the structure of a building;
- (zb) work consisting of earthmoving and excavating;
- (zc) work, other than work within the scope of work of an occupational licence, performed personally by the owner of the land on which the work is performed if—
 - (i) the value of the work is less than \$6 600; or
 - (ii) the work is exempt development or self-assessable development under the *Standard Building Regulation 1993*;
- (zd) work within the scope of work of a fire protection licence performed personally by the owner of the land on which the work is performed if the value of the work is less than \$1 100;
- (ze) certification work performed by a building certifier under the *Building Act 1975* in the certifier's professional practice;
- (zf) services performed by a registered valuer under the *Valuers Registration Act 1992* in the valuer's professional practice;
- (zg) laying of asphalt or bitumen;

*Queensland Building Services Authority
Regulation 2003*

- (zh) work to find out about, and report on, the presence of asbestos materials under the *Workplace Health and Safety Regulation 1997*, part 11, division 1;¹
- (zi) an inspection, investigation or report for assessment of an insurance claim;
- (zj) work of the type usually performed by a locksmith, whether performed by a locksmith or another person;
- (zk) work consisting of the preparation for, or installation of, insulation for acoustic or thermal control;
- (zl) preparation of plans or specifications for building work for the interior design of a building if the work does not relate to a part of the building that is loadbearing or a structural member;
- (zm) contract administration for the interior design of any building.

(2) Subsection (1)(j), does not apply to residential construction work.

(3) In this section—

“licensed electrical mechanic” see the *Electrical Safety Act 2002*, schedule 2.²

6 Licensed builder—Act, sch 2, definition “licensed builder”

For the Act, schedule 2, definition “licensed builder”, a person is a licensed builder if the person is the holder of—

- (a) a licence under schedule 2, parts 4 to 10; or
- (b) a licence under 1 of the following continuing classes—
 - building restricted to alterations and additions
 - building restricted to external finishes
 - building restricted to building removal

1 *Workplace Health and Safety Regulation 1997*, part 11 (Asbestos), division 1 (On-site management of asbestos materials)

2 *Electrical Safety Act 2002*, schedule 2, “licensed electrical mechanic” means a licensed electrical worker whose electrical work licence includes authority to perform electrical installation work, electric line work and electrical equipment work.

- building restricted to renovations, repairs and maintenance
- building restricted to renovations-wet areas
- building restricted to repairs and maintenance
- building restricted to non-structural renovations.

7 Classification as farm building

For schedule 2, definition “farm building” of the Act, a building is of a kind classified as a farm building if—

- (a) it is on land used wholly or primarily for agricultural or pastoral purposes; and
- (b) it is used or intended to be used for agricultural or pastoral purposes; and
- (c) it has a completed value of not more than \$27 500; and
- (d) it is not a residence.

8 Scope of work for a licence—“incidental work of another class”

(1) This section applies if, for a licence class under schedule 2 (the “**relevant class**”), the scope of work for the class includes incidental work of another class.

(2) A licensee under the relevant class may carry out, or engage another person to carry out, building work with a total value of less than \$1 100—

- (a) that is within the scope of work under a licence class other than the relevant class; and
- (b) that is incidental to building work being carried out under the relevant class; and
- (c) that is—
 - (i) for work for which an occupational licence or a fire protection licence is required—carried out by a licensee who holds a licence to carry out the work; or
 - (ii) otherwise—carried out by the licensee or a licensee who holds a licence to carry out the work.

*Queensland Building Services Authority
Regulation 2003*

(3) To remove any doubt, a licensee under the relevant class may do the following—

- (a) personally carry out work mentioned in subsection (2)(c)(ii);
- (b) engage a person who holds an appropriate licence to carry out work mentioned in subsection (2)(c)(i) or (ii).

Division 2—Residential construction work

9 Definitions for div 2

In this division—

“associated building work” see section 12.

“primary building work” see section 11.

“related roofed building” means a building, other than a residence, that—

- (a) has a roof that is designed to be—
 - (i) part of the structure of the building; and
 - (ii) impervious to water or wind; and
- (b) is on the site of a residence or proposed residence, or proposed to be on the site of a residence or proposed residence; and
- (c) is used, or proposed to be used, for a purpose related to the use of the residence, or proposed residence.

Example of related roofed building—

A private garage, shed, carport, toilet building or change room on, or proposed to be placed on, the site of an existing or proposed residence.

“residence” means a building or part of a building fixed to land and designed to be used for residential purposes, whether or not it is part of commercial or industrial premises, but does not include the following—

- (a) a boat, caravan, mobile home, motor vehicle, tent, trailer, train or another similar thing;
- (b) a building designed as a temporary building, including, for example, a demountable building.

10 Classification as residential construction work

For the Act, schedule 2, definition “residential construction work”, the following is classified as residential construction work—

- (a) primary building work;
- (b) associated building work.

11 Meaning of “primary building work”

(1) Subject to subsection (3), for section 10(a), building work mentioned in subsection (2) is “**primary building work**” if it is—

- (a) carried out by a building contractor under a contract; and
- (b) for a residence or a related roofed building; and
- (c) of a value of more than \$3 300.

(2) For subsection (1), the following is the building work—

- (a) construction of the residence or related roofed building;
- (b) building work that affects the structural performance of the residence or related roofed building;
- (c) building work for relocation or replacement of a roof, wall, internal partition, floor or foundation;
- (d) building work for replacement or refitting of fixtures or fittings in a bathroom or kitchen in the residence or related roofed building;
- (e) building work for an unenclosed, elevated platform or verandah, including a deck, attached to a residence;
- (f) building work that increases the covered floor area of the residence or related roofed building;
- (g) building work for installation or repair of the primary water supply to, or sewerage or drainage for, the residence or related roofed building.

(3) The following is not primary building work, but may be associated building work—

- (a) fencing;
- (b) landscaping;

- (c) painting;
- (d) installation, renovation, repair or replacement of any of the following—
 - (i) airconditioning;
 - (ii) driveways, paths or roads;
 - (iii) units for heating water regardless of the source of energy for heating, and including units for heating swimming pools;
 - (iv) refrigeration;
 - (v) roller shades and shutter screens;
 - (vi) security doors and grills;
 - (vii) solar power units and associated electrical components;
 - (viii) swimming pools, or spas that are not part of a bathroom;
 - (ix) water tanks that are not part of a primary water supply for the residence or related roofed building.

12 Meaning of “associated building work”

(1) For section 10(b), “**associated building work**” is the following building work that is not primary building work, but is other building work carried out under a contract that includes primary building work (the “**other building work**”)—

- (a) if the primary building work under the contract is for a residence, other building work for anything on the site of the residence, but only if the other building work is for residential purposes;
- (b) if the primary building work is for a related roofed building, other building work on the site of the residence or proposed residence for which the related roofed building is to be used, but only if the other building work is for residential purposes.

(2) Despite section 5, work mentioned in section 5(1)(b), (q), (r), (w), (z), (zb), (zg) or (zk) is building work that is associated building work if it is other building work.

13 Building work that is not classified as residential construction work

Each of the following is not classified as residential construction work—

- (a) building work on, or on the site of, a building or proposed building that is or forms part of any of the following—
 - (i) a multiple dwelling of more than 3 storeys;
 - (ii) a backpacker's accommodation, boarding house, caravan park guest house, holiday accommodation, hostel, hotel, lodging house or motel;
 - (iii) a correctional centre, lockup, prison, reformatory or watch-house;
 - (iv) a hospital, nursing home or other health care building;
 - (v) an orphanage or children's home;
 - (vi) a retirement village under the *Retirement Villages Act 1999*;
 - (vii) an educational institution;
 - (viii) group accommodation for persons with a physical or mental disability;
 - (ix) commercial or industrial premises, if the building or proposed building—
 - (A) also serves the commercial or industrial purpose carried on at the commercial or industrial premises; and
 - (B) is the only residential unit in the premises;
- Example of subparagraph (ix)(B)—*

A caretaker's flat on industrial premises constructed for a caretaker responsible for the care or security of the premises or goods on the industrial premises.
- (b) building work carried out by a building contractor for a person—
 - (i) who is the holder of an owner-builder permit covering the work; or
 - (ii) who should have obtained an owner-builder permit to carry out the work;

*Queensland Building Services Authority
Regulation 2003*

- (c) loading, unloading or transporting a building that, if it were fixed to land, could be a residence, or a related roofed building, regardless of whether the transport is within the boundaries of land where the building is located or otherwise;
- (d) off-site prefabrication of the whole of a building that could be a residence, or a related roofed building, whether or not the building is in its final form or in parts;
- (e) loading, unloading or transporting a completed prefabricated building that could be a residence or a related roofed building, whether the building is transported whole or in parts, regardless of whether the transport is within the boundaries of land where the building is prefabricated, or to be located, or otherwise.

Example of a building transported in parts—

A building is too large to be transported as a completed unit, and is transported on 3 trucks, then joined together on the land where it is to be used.

(2) In this section—

“completed prefabricated building” includes a prefabricated building—

- (a) that has not been placed on land where it is to be used; or
- (b) to which services have not been connected, including, for example, electricity or plumbing and drainage.

PART 3—LICENCES

14 Classes of licence—Act, s 30(2)

(1) Licences are divided into the classes specified in schedule 2.

(2) A contractor’s licence or supervisor’s licence may be issued for any class of licence.

15 Qualifications and experience for contractor's licence—Act, s 31

(1) For section 31(1)(b) of the Act, the qualifications and experience in relation to a licence are the qualifications and experience stated in schedule 2 for the relevant class of licence.

(2) Also, for a class of licence other than a class mentioned in schedule 2, parts 18, 19, 21 to 30, 33 and 52, a combination of any 2 or more of the following is a qualification for the class if the authority is satisfied the combination is at least equivalent to the required competency for the class—

- (a) successful completion of an apprenticeship;
- (b) a recognition certificate;
- (c) a qualification or statement of attainment issued by an approved authority for any class of licence mentioned in schedule 2;
- (d) a written statement issued by an approved authority that the individual has the required competency for the class of licence.

16 Requirements for supervisor's licence—Act, s 32

For section 32(b) of the Act, the qualifications and experience in relation to a licence are the qualifications and experience stated in schedule 2 for the relevant class of licence.

17 Application for a licence—Act, s 33

(1) For section 33(1)(a) of the Act, an application for a licence must—

- (a) be made to the authority; and
- (b) be accompanied by—
 - (i) the documentary evidence, satisfactory to the authority, of the applicant's identity, qualifications and experience; and
 - (ii) for an application for a contractor's licence—the documentary evidence required by the financial requirements stated in the board's policies; and

*Queensland Building Services Authority
Regulation 2003*

(iii) the annual fee specified in schedule 1.³

(2) An applicant or, if the applicant is a company, an officer of the company must, at the request of the authority—

- (a) attend an interview with an officer of the authority to answer questions and provide information about the application; and
- (b) provide the authority with any further evidence it reasonably requires to decide the application.

(3) If the applicant (or the officer) does not, without a reasonable excuse, attend an interview or provide evidence required under this section, the authority may reject the application on that ground.

(4) Subsection (5) applies to an application if—

- (a) the applicant is a company; and
- (b) the authority is satisfied the company's main object is to conduct training for persons to undertake building work.

(5) Payment of the application fee and the annual licence fee for the application is waived.

18 Renewal of licence

(1) The authority may give a licensee a licence renewal notice for the licensee's licence stating—

- (a) the expiry day for the licence; and
- (b) the annual licence fee for the licence and when it must be paid; and
- (c) when the documentary evidence required by the financial requirements stated in the board's policies must be given to the authority.

(2) The annual licence fee must be paid on or before 4.30 p.m. on the day on which the licence is due to expire or another day, if any, stated in a renewal notice.

³ Section 33(1)(b) of the Act requires that an application for a licence also be accompanied by the appropriate application fee. The application fee is specified in schedule 1.

*Queensland Building Services Authority
Regulation 2003*

(3) The documentary evidence required by the financial requirements stated in the board's policies must be given to the authority by 4.30 p.m. on the day the licence expires or on another day, if any, stated in a renewal notice.

(4) Subsection (5) applies to a renewal if—

- (a) the licensee is a company; and
- (b) the authority is satisfied the company's main object is to conduct training for persons to undertake building work.

(5) Payment of the annual licence fee for the renewal is waived.

19 Refund of annual licence fee

(1) The authority may refund the unexpired part of the annual licence fee paid by a licensee if—

- (a) the licensee surrenders the licence before the expiry day for the licence; or
- (b) the licensee dies during the licence period.

(2) The unexpired part is the amount worked out using the formula—

$$\frac{\text{ALF} \times \text{WM}}{12}$$

where—

“ALF” means the annual licence fee paid by the licensee.

“WM” means the whole months before the expiry date for the licence.

(3) For subsection (2), a whole month means a month beginning on the day of the calendar month on which the licence was issued and ending on the day before the corresponding day of the next calendar month.

Examples of a whole month—

Example 1

For a licence issued on 1 September in a year—a month beginning on the first day of any month and ending on the last day of that month.

Example 2

For a licence issued on 7 March in a year—a month beginning on the seventh day of any month and ending on the sixth day of the next month.

PART 4—OWNER-BUILDER PERMITS

20 Building work that may be carried out under permit—Act, s 44

(1) For part 3, division 8 of the Act, the class of building work is domestic building work, other than the following—

- (a) building work for a multiple dwelling;
- (b) building work for which a fire protection licence is required (the “**fire work**”), unless—
 - (i) the work is carried out by a person who holds a licence to carry out the work; or
 - (ii) the value of the work is less than \$1 100;
- (c) building work for which an occupational licence is required (the “**occupational work**”), unless the work is carried out by a person who holds a licence to carry out the work.

(2) To remove doubt, a permit under section 44(1) of the Act may allow a permittee—

- (a) for subsection (1)(b), to have fire work carried out by a licensee for the work, but not to personally carry out the fire work if the value of the work is \$1 100 or more; or
- (b) for subsection (1)(c), to have occupational work carried out by a licensee for the work, but not to personally carry out the occupational work.

21 Application for owner-builder permits—Act, s 44

(1) An application for an owner-builder permit must be made to the authority.

(2) The authority may, before granting an owner-builder permit, require the applicant to provide reasonable evidence of the applicant’s identity and ownership of the land on which the domestic building work is to be carried out.

(3) An applicant for an owner-builder permit to carry out building work of a value over \$11 000 or, if there are 2 or more joint applicants, at least one of them, must have completed a required course conducted by or for a registered training organisation.

*Queensland Building Services Authority
Regulation 2003*

(4) If the applicant mentioned in subsection (3) is a company, at least 1 director of the company must have completed a required course conducted by or for a registered training organisation.

(5) In this section—

“required course” means the course called Course in Preparation for Owner Builder Permit 39045QLD or a course the authority considers is at least equivalent to the 39045QLD course.

22 Warnings—Act, s 47

(1) The notice to be given to a prospective purchaser of land under section 47(1) of the Act must—

- (a) state that building work detailed in the notice has been carried out under an owner-builder permit by a person named in the notice; and
- (b) contain a warning in the following terms—

‘WARNING—THE BUILDING WORK TO WHICH THIS NOTICE RELATES IS NOT COVERED BY INSURANCE UNDER THE QUEENSLAND BUILDING SERVICES AUTHORITY ACT 1991.’.

(2) The notice must be given in duplicate, and the purchaser must sign 1 copy of the notice and return it to the vendor on or before signing the contract.

PART 5—STATUTORY INSURANCE SCHEME

23 Insurance premium for residential construction work—Act, s 68

(1) For section 68(1) of the Act, the insurance premium to be paid by a building contractor must be calculated under this part.

(2) The premium is \$6.40 for each \$1 000 or part of \$1 000 of the contract price, or notional contract price, for the relevant residential construction work, or the value of the work, as specified in section 24 or 25.

(3) The minimum premium is \$128 and the maximum premium is \$1 280.

(4) However, no premium is payable by a person for residential construction work to be carried out by the person as a subcontractor.

24 Calculation of premium—single detached dwelling

The insurance premium payable by a licensed contractor for proposed residential construction work for, or on the site of, a single detached dwelling must be calculated on—

- (a) if the work is to be carried out under a contract—the contract price for the work; or
- (b) otherwise—the value of the work.

25 Calculation of premium—1 or more multiple dwellings

The insurance premium payable by a licensed contractor for proposed residential construction work for, or on the site of, 1 or more multiple dwellings must be calculated on—

- (a) if the work is to be carried out under a contract and a notional price for the work applies, for each residential unit, the notional price of the work for the unit; or
- (b) if the work is to be carried out under a contract and a notional price for the work does not apply, the contract price for work for the unit; or
- (c) otherwise—the value of the work for the unit.

26 When notional price applies

(1) A notional price for proposed residential construction work for a residential unit in a multiple dwelling applies if—

- (a) all the work under the relevant contract is residential construction work consisting of—
 - (i) construction of a multiple dwelling; or
 - (ii) work carried out on more than 1 residential unit of a multiple dwelling; or

*Queensland Building Services Authority
Regulation 2003*

(b) the work under the relevant contract consists of residential construction work and other building work.

(2) If subsection (1)(a) applies, the notional price for each residential unit is the amount worked out using the formula—

$$\frac{\text{TCP}}{\text{RU}}$$

(3) If subsection (1)(b) applies, the notional price for each residential unit is the amount worked out using the formula—

$$\frac{\text{TCP} \times \text{REFS}}{\text{RU} \times \text{TEFS}}$$

(4) In this section—

“**exclusive floor space**” means the area of floor space, other than for car accommodation, covered by a roof and designed to be occupied only by a person.

“**REFS**” means the exclusive floor space of the residential construction work under the relevant contract.

“**RU**” means—

- (a) for construction of a multiple dwelling—the number of residential units in the multiple dwelling; or
- (b) otherwise—the number of residential units for which residential construction work is to be carried out.

“**TCP**” means the total contract price for all building work under the relevant contract.

“**TEFS**” means the total exclusive floor space under the relevant contract.

27 Insurance information statement

The authority must, on written application by the owner of land, or a prospective purchaser of land, and payment of the insurance information statement fee stated in schedule 1, give the owner or prospective purchaser an insurance information statement about the land.

PART 6—GENERAL

28 Signs to be exhibited—Act, s 52

For section 52 of the Act, a sign must—

- (a) be made of weatherproof materials; and
- (b) have a surface area of at least 0.5 m²; and
- (c) be printed in letters at least 5 cm high and placed in a way that can be easily read from the nearest street alignment.

29 Advertisements—Act, s 54

For section 54(c) of the Act, the information to be included in an advertisement under section 54(a) and (b) of the Act must—

- (a) if written—be easily read; or
- (b) if spoken—be no less audible and clear than other spoken material contained in the advertisement.

30 Notification of nominee—Act, s 55

(1) The notice required by section 55 of the Act must be in writing and must contain the following information—

- (a) the name under which the company is licensed;
- (b) the licence number and class of licence held by the company;
- (c) the full name, address and licence number of the former nominee;
- (d) the date on which the former nominee ceased to be a nominee of the company;
- (e) in the case of a change of nominee—
 - (i) the full name, address and licence number of the new nominee; and
 - (ii) the date on which the new nominee became the nominee of the company.

*Queensland Building Services Authority
Regulation 2003*

(2) The notice must also contain the name of a director of the company or an officer authorised by the company to give the notice, and be signed by the director or officer.

31 Partnerships—Act, s 56

(1) For section 56(1)(c) of the Act, an advertisement must, in addition to the name under which the licensed contractor is licensed, state that the contractor is licensed under the Act, and the contractor's licence number.

(2) The name, the statement about being licensed and the licence number must—

- (a) if written—be able to be easily read; or
- (b) if spoken—be no less audible and clear than other spoken material contained in the advertisement.

32 Warning that contract is a construction management trade contract—Act, s 67V

(1) For section 67V(2) of the Act, the following form of warning is prescribed—

**'APPROVED WARNING UNDER SECTION 67V
OF THE QUEENSLAND BUILDING SERVICES
AUTHORITY ACT 1991**

This contract is a construction management trade contract, not a subcontract.

You should be aware that, unlike a subcontract, under this contract the contracting party responsible for making payments to you (whether directly to you, or through the construction manager identified in this contract) is not required to demonstrate financial capacity to undertake the project under the Queensland Building Services Authority Act 1991 or any other legislation.

You should make your own enquiries to satisfy yourself that the contracting party responsible for making payments to you under this contract has the financial capacity to fulfil its financial obligations to you.'

(2) The warning in subsection (1) must be—

- (a) on the first page of the contract; and
- (b) in bold type of at least 12 point font size.

33 Particulars in register—Act, s 39(2)(d)

(1) For section 39(2)(d) of the Act, the particulars are the following for each licensee who holds a licence that authorises the licensee to carry out residential construction work—

- (a) the value of residential construction work carried out by the licensee other than work carried out as a subcontractor;
- (b) the number of projects involving residential construction work for which the licensee has carried out, or agreed to carry out, building work as a licensee;
- (c) if the licensee is a company—the full name and business address of the nominee and each director and secretary of the company.

(2) If a nominee, director or secretary mentioned in subsection (1)(c) does not have a business address, the register must instead contain the residential address of each nominee, director and secretary.

34 Single amount to be transferred from General Statutory Fund to Insurance Fund—Act, s 25

For section 25(4) of the Act, the single amount is \$2 769 000.

34A Approval of board's policies—Act, s 9A

For section 9A(1)⁴ of the Act, the policies stated in schedule 1A are approved.

35 Fees

The fees in schedule 1 are the prescribed fees for the purposes mentioned in the schedule.

4 Section 9A (Board's policies) of the Act

PART 7—REPEALS AND TRANSITIONAL PROVISIONS

Division 1—Repeals

36 Repeals of regulations

The following regulations are repealed—

- Queensland Building Services Authority Regulation 1992 SL No. 167
- Queensland Building Services Authority Amendment Regulation (No. 1) 1992 SL No. 438
- Queensland Building Services Authority Amendment Regulation (No. 1) 1993 SL No. 25
- Queensland Building Services Authority Amendment Regulation (No. 2) 1993 SL No. 325
- Queensland Building Services Authority Amendment Regulation (No. 3) 1993 SL No. 412
- Queensland Building Services Authority Amendment Regulation (No. 4) 1993 SL No. 492
- Queensland Building Services Authority Amendment Regulation (No. 1) 1994 SL No. 40.

Division 2—Transitional provisions

37 Definitions for div 2

In this division—

“**commencement**” means commencement of this section.

“**existing licence**” means a licence under the repealed regulation.

“**repealed regulation**” means the *Queensland Building Services Authority Regulation 1992*.

38 References to repealed regulation

In an Act or document, a reference to the repealed regulation may, if the context permits, be taken as a reference to this regulation.

39 Transitional provision about construction management trade contracts

(1) This section applies to a construction management trade contract entered into during the transition period.

(2) Despite section 32(2),⁵ a warning on the contract is taken to be in the form prescribed by regulation—

- (a) if the warning is substantially to the same effect as the form of warning in section 32(1); and
- (b) whether or not the warning is on the first page of the contract or in bold type of at least 12 point font size.

(3) In this section—

“**transition period**” means the period starting on the commencement and ending on 30 June 2004.

40 Transitioned licences subject to conditions etc.

(1) This section applies if a licensee’s existing licence was, immediately before the commencement, subject to a condition, endorsement or restriction.

(2) The licence is taken to be subject to the same condition, endorsement or restriction, regardless of whether, under this division, the licensee is taken to be a licensee for a licence of different class.

(3) However, if the name of the existing licence includes ‘restricted’, the restriction specified in the name is not a restriction for subsection (1).

Example—

An existing licence ‘bricklaying restricted to blocklaying’ that is not subject to any condition, endorsement or restriction transitions to a licence ‘bricklaying and

⁵ Section 32 (Warning that contract is a construction management trade contract—Act, s 67V)

*Queensland Building Services Authority
Regulation 2003*

blocklaying' (the “**new licence**”) under section 41. The new licence is not restricted, and the licensee may carry out bricklaying and blocklaying.

41 Existing licences that automatically transition to new licence class

(1) This section applies to a licensee who immediately before the commencement held an existing licence of a class mentioned in column 1 of the following table (the “**column 1 licence**”)—

Table

column 1	column 2
1. building design	building design—open
2. building design (limited)	building design—medium rise
3. residential design	building design—medium rise
4. residential design (limited)	building design—low rise
5. general building	builder—open
6. general building restricted to 3 storeys	builder—medium rise
7. general building restricted to 1 storey	builder—low rise
8. completed building inspection	completed residential building inspection
9. completed building inspection restricted to residential buildings	completed residential building inspection
10. kitchen, bathroom and laundry installations	builder restricted to kitchen, bathroom and laundry installation
11. hydraulic services design	hydraulic services design
12. hydraulic services design excluding on-site domestic waste water management	hydraulic services design excluding on-site domestic waste water management

*Queensland Building Services Authority
Regulation 2003*

column 1	column 2
13. bricklaying	bricklaying and blocklaying
14. bricklaying restricted to blocklaying	bricklaying and blocklaying
15. bricklaying restricted to brick and segmental paving	brick and segmental paving
16. carpentry and joinery	carpentry joinery
17. carpentry restricted to joinery products	joinery
18. concreting	concreting
19. concreting restricted to piling and foundations	foundation work (piling and anchors)
20. steel fixing	steel fixing
21. fire fighting appliances	fire fighting appliances
22. fire hydrants and fire hose reels	fire hose reels and fire hydrants
23. fire detection systems	fire detection systems
24. fire sprinkler systems (domestic and residential)	fire sprinkler systems (domestic and residential)
25. fire sprinkler systems (other than domestic and residential)	fire sprinkler systems (other than domestic and residential)
26. fire suppression systems—special hazards	fire suppression systems—special hazards
27. passive fire equipment (wall and ceiling lining)	fire equipment—passive (wall and ceiling lining)
28. passive fire equipment (fire doors and fire shutters)	fire equipment—passive (fire doors and fire shutters)
29. fixed fire pump sets	fixed fire pump sets

*Queensland Building Services Authority
Regulation 2003*

column 1	column 2
30. floor finishing and covering	floor finishing and covering (hard sector)
31. gas fitting	gasfitting
32. glazing	glass, glazing and aluminium
33. metal fabricating	structural metal fabrication and erection sheds, carports and garages
34. metal fabricating restricted to non-structural metal fabricating	non-structural metal fabrication and installation
35. metal fabricating restricted to sheds, garages and carports	sheds, carports and garages
36. painting	painting and decorating
37. pest controlling	termite management—chemical
38. pest controlling restricted to termite barrier installation	termite management—physical
39. plastering (solid)	plastering solid
40. plastering (drywall)	plastering drywall
41. plumbing and draining	plumbing and drainage
42. plumbing and draining restricted to draining	drainage
43. plumbing and draining restricted to roofing and wall cladding	metal roofing and wall cladding
44. plumbing and draining restricted to urban irrigation	irrigation

47. roof tiling	roof tiling
48. site classifier	site classifier
49. site classifier excluding on-site domestic waste water management	site classifier excluding on-site domestic waste water management
50. stone masonry	stonemasonry
51. swimming pool construction	builder restricted to swimming pool construction
52. wall and floor tiling	wall and floor tiling
53. waterproofing application	waterproofing
54. waterproofing restricted to commercial waterproofing	waterproofing
55. waterproofing restricted to residential waterproofing	waterproofing

(2) The licensee is taken to be a licensee for a licence of a class mentioned in column 2 of the table shown opposite the column 1 licence.

42 Existing licences that may be transitioned to new licence class

(1) This section applies to a licensee who immediately before the commencement held an existing licence of a class mentioned in column 1 of the following table (the “**column 1 licence**”)

*Queensland Building Services Authority
Regulation 2003*

Table

	column 1	column 2	column 3
1.	housebuilding	builder medium rise	demonstrated experience of at least 1 year in the scope of work mentioned in schedule 2, part 5
2.	refrigeration, airconditioning and mechanical services	refrigeration, airconditioning and mechanical services including unlimited design	demonstrated experience of at least 1 year in the scope of work mentioned in schedule 2, part 44
3.	shop fitting	builder restricted to shopfitting	demonstrated experience of at least 1 year in the scope of work mentioned in schedule 2, part 8
4.	structural landscaping	builder restricted to structural landscaping	demonstrated experience of at least 1 year in the scope of work mentioned in schedule 2, part 9

(2) The licensee may continue to hold the column 1 licence for not more than 2 years from the commencement, and while the licensee holds the licence, is taken to hold it under the Act.

(3) While the licensee continues to hold the licence, the provisions of schedule 2 of the repealed regulation that applied to the licence immediately before the commencement are taken to continue to apply to it.

(4) Subject to subsection (5), the licensee may, within 2 years from the commencement, elect to become a licensee for a licence of the class mentioned in column 2 of the table (the “**column 2 licence**”) shown opposite the column 1 licence.

(5) The licensee may make an election under subsection (4) only if the licensee meets any experience requirement or qualification requirement mentioned in column 3 of the table shown opposite the column 2 licence.

*Queensland Building Services Authority
Regulation 2003*

(6) If the licensee does not make an election under subsection (4), the licensee is, after 2 years from the commencement, taken to hold—

- (a) for a housebuilding licence—a builder low rise licence; or
- (b) for a refrigeration, airconditioning and mechanical services licence—a refrigeration, airconditioning and mechanical services including limited design licence; or
- (c) for a shopfitting licence—a shopfitting (trade) licence; or
- (d) for a structural landscaping licence—a structural landscaping (trade) licence.

(7) Despite subsections (4) to (6), the licensee may, within 2 years from the commencement, elect to hold—

- (a) for a housebuilding licence—a builder low rise licence; or
- (b) for a refrigeration, airconditioning and mechanical services licence—a refrigeration, airconditioning and mechanical services including limited design licence; or
- (c) for a shopfitting licence—a shopfitting (trade) licence; or
- (d) for a structural landscaping licence—a structural landscaping (trade) licence.

43 Licences that may be held and renewed after commencement—Act, s 30

(1) For section 30(4) of the Act, the following classes of licence (the “**continuing classes**”) are specified—

- building restricted to alterations and additions
- building restricted to external finishes
- building restricted to building removal
- building restricted to renovations, repairs and maintenance
- building restricted to renovations—wet areas
- building restricted to repairs and maintenance
- building restricted to non-structural renovations
- carpentry (formwork)
- carpentry restricted to framing

*Queensland Building Services Authority
Regulation 2003*

- carpentry restricted to internal finishes
- carpentry restricted to outdoor construction
- carpentry restricted to lattice and other timber work
- concreting restricted to concrete repairs
- concreting restricted to light concreting
- concreting restricted to minor repairs
- concreting restricted to special finishes
- concreting restricted to underpinning and foundation repairs
- specialised contracting—screw-in foundations
- floor finishing and covering restricted to floor sanding and finishing—timber floors
- floor finishing and covering restricted to install floating flooring
- floor finishing and covering restricted to install strip flooring (non-structural)
- floor finishing and covering restricted to seamless flooring
- floor finishing and covering restricted to install cork flooring
- floor finishing and covering restricted to install parquet flooring
- painting restricted to new domestic buildings
- painting restricted to repainting domestic buildings
- painting restricted to roof painting
- painting restricted to special finishes
- plastering drywall restricted to cornice fixing
- plastering drywall restricted to partition installation
- plastering drywall restricted to plaster setting
- plastering drywall restricted to suspended ceiling fixing
- plastering drywall restricted to wallboard fixing
- plumbing and draining restricted to plumbing
- plumbing and draining restricted to wall cladding

*Queensland Building Services Authority
Regulation 2003*

- plumbing and draining restricted to skylight and ventilator installation
- plumbing and draining restricted to tanks—water supply
- specialised contracting—solid fuel heater installation
- refrigeration, airconditioning and mechanical services restricted to multipackaged residential airconditioning equipment and plant
- refrigeration, airconditioning and mechanical services restricted to residential evaporative cooling equipment
- refrigeration, airconditioning and mechanical services restricted to self-contained window package residential airconditioning installation
- roof tiling restricted to roof tile maintenance
- structural landscaping restricted to fences
- structural landscaping restricted to retaining walls
- swimming pool and spa construction restricted to finishes
- swimming pool and spa construction restricted to concrete
- swimming pool and spa construction restricted to fibreglass
- swimming pool and spa construction restricted to pool maintenance and repairs
- swimming pool and spa construction restricted to prefabricated or packaged products.

(2) While a licensee holds a licence of a continuing class, the provisions of schedule 2 of the repealed regulation that applied to the licence immediately before the commencement are taken to continue to apply to it.

44 Completed building inspections by certain housebuilders

(1) This section applies to a licensee who, immediately before the commencement—

- (a) held an existing licence that was a housebuilding licence; and
- (b) had professional indemnity insurance for at least \$1 000 000 for completed building inspections.

(2) The authority may grant the person a licence under schedule 2, part 14 if the person applies to the authority for the licence within 6 months after the commencement.

45 Transitional provision about certain persons enrolled in Certificate IV in Building CNBUI012

(1) This section applies to a person who enrolled in the course Certificate IV in Building CNBUI012 before 1 March 2003, and was enrolled in the course immediately before the commencement.

(2) Despite schedule 2, part 4, section 3(a), for 2 years after the commencement, the person is taken to have a qualification for a licence under schedule 2, part 4 if the person has successfully completed the following modules from CNBUI012 Certificate IV in Building—

- (a) Construction 1 ABC001;
- (b) Construction 2 ABC002;
- (c) Cost Control and Planning 1 ABC069;
- (d) Building Quantities and Estimating 1A ABC076;
- (e) Building Quantities and Estimating 1B ABC077;
- (f) Building Site Surveying and Set Out 1 ABC083;
- (g) Building Technology 1 ABC088;
- (h) Business Management for Building Industry 1A ABC091;
- (i) Business Management for Building Industry 1B ABC092;
- (j) Residential Site Safety ABC102A;
- (k) Timber Framing Code ABC105.

SCHEDULE 1

FEES

sections 17(1)(b)(iii), 27 and 35

	\$
1. Licence application fee—	
(a) individual—	
(i) contractor’s licence—	
(A) for an individual applying for a trade contractor’s licence or design licence, with an allowable annual turnover of less than \$75 000	229.60
(B) for an individual applying for a trade contractor’s licence or design licence, with an allowable annual turnover of \$75 000 or more but less than \$250 000	262.40
(C) for an individual applying for a builder contractor’s licence, with an allowable annual turnover of less than \$250 000 ..	262.40
(D) for an individual applying for a licence with an allowable annual turnover of \$250 000 or more but less than \$10 000 000.....	361.85
(E) for an individual applying for a licence with an allowable annual turnover of \$10 000 000 or more.....	493.05
(ii) supervisor’s licence.....	131.20
(b) company—	
(i) for a company applying for a trade contractor’s licence or design licence, with an allowable annual turnover of less than \$75 000	383.35

SCHEDULE 1 (continued)

(ii) for a company applying for a trade contractor's licence or design licence, with an allowable annual turnover of \$75 000 or more but less than \$250 000.	437.70
(iii) for a company applying for a builder contractor's licence, with an allowable annual turnover of less than \$250 000	437.70
(iv) for a company applying for a licence with an allowable annual turnover of \$250 000 or more but less than \$10 000 000	601.70
(v) for a company applying for a licence with an allowable annual turnover of \$10 000 000 or more	821.05
2. Annual licence fee—	
(a) individual—	
(i) contractor's licence—	
(A) for an individual who holds a trade contractor's licence or design licence, with an allowable annual turnover of less than \$75 000 on the day the licence renewal notice is sent	175.30
(B) for an individual who holds a trade contractor's licence or design licence, with an allowable annual turnover of \$75 000 or more but less than \$250 000 on the day the licence renewal notice is sent	219.35
(C) for an individual who holds a builder contractor's licence, with an allowable annual turnover of less than \$250 000 on the day the licence renewal notice is sent	219.35

SCHEDULE 1 (continued)

(D) for an individual who holds a licence with an allowable annual turnover of \$250 000 or more but less than \$10 000 000 on the day the licence renewal notice is sent	262.40
(E) for an individual who holds a licence with an allowable annual turnover of \$10 000 000 or more on the day the licence renewal notice is sent	394.65
(ii) supervisor's licence	131.20
(b) company—	
(i) for a company that holds a trade contractor's licence or design licence, with an allowable annual turnover of less than \$75 000 on the day the licence renewal notice is sent	350.55
(ii) for a company that holds a trade contractor's licence or design licence, with an allowable annual turnover of \$75 000 or more but less than \$250 000 on the day the licence renewal notice is sent	437.70
(iii) for a company that holds a builder contractor's licence, with an allowable annual turnover of less than \$250 000 on the day the licence renewal notice is sent	437.70
(iv) for a company that holds a licence with an allowable annual turnover of \$250 000 or more but less than \$10 000 000 on the day the licence renewal notice is sent	525.85
(v) for a company that holds a licence with an allowable annual turnover of \$10 000 000 or more on the day the licence renewal notice is sent	788.25
3. Owner-builder permit fee—	
(a) if value of building work to which permit relates is more than \$11 000	258.30

SCHEDULE 1 (continued)

	(b) if value of building work to which permit relates is not more than \$11 000	128.15
4.	Issue of—	
	(a) new licence card	5.15
	(b) new licence certificate	18.45
5.	Inspection of register at the authority's office	25.65
6.	Insurance information statement	28.70

SCHEDULE 1A

BOARD'S POLICIES

section 34A

1. Amendments of the board's policy named Financial Requirements for Licensing,⁶ made by the board on 17 July 2003
2. Insurance Policy Conditions Edition 6 made by the board on 17 July 2003
3. Amendments of the board's policy named Financial Requirements for Licensing, made by the board on 26 November 2003
4. Amendments of the board's policy named Financial Requirements for Contractors (other than Builders) with a Turnover of less than \$75,000 per Annum - Declaration, made by the board on 26 November 2003
5. Amendments, made by the board on 26 November 2003, of the board's policy named Financial Requirements for (Declaration):
 - Trade Contractors and Building Designers with a Turnover of between \$75,000 - \$250,000 per Annum
 - Builders with an Annual Turnover of less than \$250,000
6. Rectification of Building Work made by the board on 18 March 2004

⁶ This policy was a general policy in force under the Act before the commencement, on 5 May 2003, of the *Queensland Building Services Authority and Other Legislation Amendment Act 2003*, section 6. It is continued in force under section 26 of schedule 1 of the Act.

SCHEDULE 2

CLASSES OF LICENCES AND LICENCE REQUIREMENTS

sections 14 and 15

PART 1—AIR HANDLING DUCT INSTALLATION LICENCE

1 Licence class

Air handling duct installation.

2 Scope of work

(1) Install sheetmetal and flexible ductwork and enclosures for airconditioning, air handling and mechanical ventilation systems.

(2) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of any of the following courses—
 - (i) Certificate II in Engineering Production Technology (Duct Erector) MEM20298;
 - (ii) an apprenticeship in engineering fabrication (sheetmetal working);
 - (iii) Certificate III in Engineering Fabrication (Sheetmetal Working) MEM30398;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified Sheetmetal Worker;

SCHEDULE 2 (continued)

- (d) a qualification or statement of attainment issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
(b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 2—BRICK AND SEGMENTAL PAVING LICENCE

1 Licence class

Brick and segmental paving.

2 Scope of work

- (1) Lay segmental or unit paving, including surface preparation.
(2) Concrete work for brick and segmental paving.
(3) Incidental work of another class.

SCHEDULE 2 (continued)

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) an apprenticeship in bricklaying and blocklaying;
 - (ii) Certificate III in General Construction (Bricklaying/Blocklaying) BCG30698;
- (b) a recognition certificate as a qualified bricklayer and blocklayer;
- (c) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence including the following national competency standards, or national competency standards the authority considers are at least equivalent to the following standards—
 - (i) Carry Out Interactive Workplace Communication BCG1000A;
 - (ii) Carry Out OH&S Requirements BCG1001A;
 - (iii) Plan and Organise Work BCG1002A;
 - (iv) Read and Interpret Plans BCG1003A;
 - (v) Carry Out Measurements and Calculations BCG1004A;
 - (vi) Use Hand and Power Tools BCG1005A;
 - (vii) Use Small Plant and Equipment BCG1006A;
 - (viii) Erect and Dismantle Restricted Height Scaffolding BCG1007A;
 - (ix) Use Simple Levelling Devices BCG1008A;
 - (x) Carry Out Concreting to Simple Forms BCG1010A;
 - (xi) Handle Construction Materials and Safe Disposal of Waste BCG1011A;
 - (xii) Prepare for Construction Process (Bricklaying/Blocklaying) BCG1015A;
 - (xiii) Prepare for Construction Process (Demolition) BCG1017A;
 - (xiv) Prepare Surfaces BCG2001A;

SCHEDULE 2 (continued)

- (xv) Carry Out General Demolition BCG2003A;
- (xvi) Carry Out Levelling BCG2004A;
- (xvii) Carry Out Steelfixing BCG2006A;
- (xviii) Erect and Strip Formwork BCG2005A;
- (xix) Carry Out Concrete Work BCG2009A;
- (xx) Carry Out Basic Setting Out BCG3011A;
- (xxi) Lay Segmental/Unit Paving BCG3115A.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

**PART 3—BRICKLAYING AND BLOCKLAYING
LICENCE**

1 Licence class

Bricklaying and blocklaying.

SCHEDULE 2 (continued)

2 Scope of work

- (1) Carry out brick or block construction, including surface preparation.
- (2) Build straight masonry steps and stairs with or without landings.
- (3) Lay segmental or unit paving.
- (4) Lay glass blocks.
- (5) Construct battered masonry surfaces.
- (6) Install prefabricated window or door frames.
- (7) Carry out concreting to simple forms, including installation of formwork, reinforcement and concrete.
- (8) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) an apprenticeship in bricklaying and blocklaying;
 - (ii) Certificate III in General Construction (Bricklaying/Blocklaying) BCG30698;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified bricklayer and blocklayer;
- (d) a qualification or statement of attainment of the required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

SCHEDULE 2 (continued)

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 4—BUILDER—LOW RISE LICENCE

1 Licence class

Builder—low rise.

2 Scope of work

- (1) Building work on a class 1 or class 10 building.
- (2) Building work on classes 2 to 9 buildings with a gross floor area not exceeding 2 000 m², but not including Type A or Type B construction.
- (3) Prepare plans and specifications if the plans and specifications are—
 - (a) for the licensee's personal use; or
 - (b) for use in building work to be performed by the licensee personally.
- (4) However, the scope of work does not include—
 - (a) inspection, or investigation of, and the provision of advice or a report about, completed class 1a and 10 buildings; or
 - (b) personally carrying out any building work for which—

SCHEDULE 2 (continued)

- (i) a fire protection licence is required; or
- (ii) an occupational licence is required unless the licensee holds the occupational licence.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of the following modules from Certificate IV in Building CNBUI012—
 - (i) Construction 1 ABC001;
 - (ii) Construction 2 ABC002;
 - (iii) Materials 1 ABC005;
 - (iv) Cost Control and Planning 1 ABC069;
 - (v) Building Practical Experience 1 ABC073;
 - (vi) Building Quantities and Estimating 1A ABC076;
 - (vii) Building Quantities and Estimating 1B ABC077;
 - (viii) Building Site Supervision ABC082;
 - (ix) Building Site Surveying and Set Out 1 ABC083;
 - (x) Building Technology 1 ABC088;
 - (xi) Business Management for Building Industry 1A ABC091;
 - (xii) Business Management for Building Industry 1B ABC092;
 - (xiii) Residential Site Safety ABC102A;
 - (xiv) Timber Framing Code ABC105;
- (b) successful completion of a course, or modules of a course, the authority considers is at least equivalent to the modules mentioned in paragraph (a);
- (c) a recognition certificate as a builder qualified to carry out the scope of work for the licence class;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

SCHEDULE 2 (continued)

4 Experience requirements

The experience requirements are the following—

- (a) for a person who has a technical qualification mentioned in schedule 2, part 3 or 16—2 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class;
- (b) otherwise—4 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class.

5 Financial requirements

The relevant financial requirements in the board's policies.

PART 5—BUILDER—MEDIUM RISE LICENCE

1 Licence class

Builder—medium rise.

2 Scope of work

(1) Building work to a maximum of 3 storeys, but not including Type A construction other than class 2 or class 3 buildings.

(2) Prepare plans and specifications if the plans and specifications are—

- (a) for the licensee's personal use; or
- (b) for use in building work to be performed by the licensee personally.

(3) However, the scope of work does not include—

SCHEDULE 2 (continued)

- (a) inspection, or investigation of, and the provision of advice or a report about, completed class 1a or 10 buildings; or
- (b) personally carrying out any building work for which—
 - (i) a fire protection licence is required; or
 - (ii) an occupational licence is required unless the licensee holds the occupational licence.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of Diploma of Building CNBUI013 or a course the authority considers is at least its equivalent;
- (b) a recognition certificate as a builder qualified to carry out the scope of work for the class;
- (c) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Experience requirements

The experience requirements are the following—

- (a) for a person who has a technical qualification mentioned in schedule 2, part 3 or 16—2 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class;
- (b) otherwise—4 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class.

5 Financial requirements

The relevant financial requirements in the board's policies.

SCHEDULE 2 (continued)

PART 6—BUILDER—OPEN LICENCE

1 Licence class

Builder—open.

2 Scope of work

- (1) Building work on all classes of buildings.
- (2) Prepare plans and specifications if the plans and specifications are—
 - (a) for the licensee’s personal use; or
 - (b) for use in building work to be performed by the licensee personally.
- (3) However, the scope of work does not include—
 - (a) inspection, or investigation of, and the provision of advice or a report about, completed class 1a or 10 buildings; or
 - (b) personally carrying out any building work for which—
 - (i) a fire protection licence is required; or
 - (ii) an occupational licence is required unless the licensee holds the occupational licence.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of Advanced Diploma of Building CNBUI014 or a course the authority considers is at least its equivalent;
- (b) a recognition certificate as a qualified builder to carry out the scope of work for the licence class;
- (c) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

SCHEDULE 2 (continued)

4 Experience requirements

The experience requirements are the following—

- (a) for a person who has a technical qualification mentioned in schedule 2, part 3 or 16—2 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class;
- (b) otherwise—4 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class.

5 Financial requirements

The relevant financial requirements in the board's policies.

**PART 7—BUILDER RESTRICTED TO KITCHEN,
BATHROOM AND LAUNDRY INSTALLATION
LICENCE**

1 Licence class

Builder restricted to kitchen, bathroom and laundry installation.

2 Scope of work

(1) Install, refurbish, restore and repair kitchens, bathrooms and laundries on-site in—

- (a) Class 1 and 10 buildings; and
- (b) Class 2 to 9 buildings with a gross floor area of not more than 50 m².

SCHEDULE 2 (continued)

- (2) Prepare plans and specifications if the plans and specifications are—
- (a) for the licensee's personal use; or
 - (b) for use in building work to be performed by the licensee personally.
- (3) However, the scope of work does not include—
- (a) building work which may affect the structural performance of the building; or
 - (b) personally carrying out any building work for which—
 - (i) a fire protection licence is required; or
 - (ii) an occupational licence is required unless the licensee holds the occupational licence.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of the following modules from Certificate IV in Building CNBUI012—
 - (i) Materials 1 ABC005;
 - (ii) Cost Control and Planning 1 ABC069;
 - (iii) Building Quantities and Estimating 1B ABC077;
 - (iv) Building Site Supervision ABC082;
 - (v) Business Management for Building Industry 1A ABC091;
 - (vi) Business Management for Building Industry 1B ABC092;
 - (vii) Residential Site Safety ABC102;
- (b) successful completion of a course or modules of a course the authority considers is at least equivalent to the modules mentioned in paragraph (a);
- (c) a recognition certificate as a builder qualified to carry out the scope of work for the licence class;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

SCHEDULE 2 (continued)

4 Experience requirements

The experience requirements are the following—

- (a) for a person who has a technical qualification mentioned in schedule 2, part 3, 15, 16, 18, 31, 34, 36, 37, 40, 41 to 43, 47, 51, 54 or 55—2 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class;
- (b) otherwise—4 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class.

5 Financial requirements

The relevant financial requirements in the board's policies.

PART 8—BUILDER RESTRICTED TO SHOPFITTING LICENCE

1 Licence class

Builder restricted to shopfitting.

2 Scope of work

(1) Building work associated with the internal fitout of a shop or office, including shopfronts, with a gross floor area not exceeding 2 000 m², but not including Type A or Type B construction.

(2) Prepare plans and specifications if the plans and specifications are—

- (a) for the licensee's personal use; or

SCHEDULE 2 (continued)

(b) for use in building work to be performed by the licensee personally.

(3) However, the scope of work does not include personally carrying out any building work for which—

- (a) a fire protection licence is required; or
- (b) an occupational licence is required unless the licensee holds the occupational licence.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of the following modules from Certificate IV in Building CNBUI012—
 - (i) Construction 1 ABC001;
 - (ii) Construction 2 ABC002;
 - (iii) Materials 1 ABC005;
 - (iv) Cost Control and Planning 1 ABC069;
 - (v) Building Quantities and Estimating 1A ABC076;
 - (vi) Building Quantities and Estimating 1B ABC077;
 - (vii) Building Site Supervision ABC082;
 - (viii) Business Management for Building Industry 1A ABC091;
 - (ix) Business Management for Building Industry 1B ABC092;
 - (x) Residential Site Safety ABC102A;
- (b) successful completion of a course or modules of a course the authority considers is at least equivalent to the modules mentioned in paragraph (a);
- (c) a recognition certificate as a builder qualified to carry out the scope of work for the licence class;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

SCHEDULE 2 (continued)

4 Experience requirements

The experience requirements are the following—

- (a) for a person who has a technical qualification mentioned in schedule 2, part 3, 15, 16, 18, 31, 34, 36, 37, 40, 41 to 43, 47, 51, 54 or 55—2 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class;
- (b) otherwise—4 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class.

5 Financial requirements

The relevant financial requirements in the board's policies.

PART 9—BUILDER RESTRICTED TO STRUCTURAL LANDSCAPING LICENCE

1 Licence class

Builder restricted to structural landscaping.

2 Scope of work

(1) Prepare, fabricate and erect fences, free standing decks, gates, gazebos, ornamental structures, pergolas, ponds and water features, prefabricated sheds, including associated concrete slabs, with a maximum floor area of 10 m², and retaining walls and structures.

(2) Construct artificial landform structures requiring a fabricated internal structure.

SCHEDULE 2 (continued)

- (3) Prepare site, excavate, lay paving or concrete associated with landscaping.
- (4) Install irrigation for landscaping works.
- (5) Prepare plans and specifications if the plans and specifications are—
- (a) for the licensee's personal use; or
 - (b) for use in building work to be performed by the licensee personally.
- (6) However, the scope of work does not include personally carrying out any building work for which—
- (a) a fire protection licence is required; or
 - (b) an occupational licence is required unless the licensee holds the occupational licence.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of the following modules from Certificate IV in Building CNBUI012—
 - (i) Materials 1 ABC005;
 - (ii) Cost Control and Planning 1 ABC069;
 - (iii) Building Quantities and Estimating 1B ABC077;
 - (iv) Building Site Supervision ABC082;
 - (v) Building Site Surveying and Set Out ABC083;
 - (vi) Business Management for Building Industry 1A ABC091;
 - (vii) Business Management for Building Industry 1B ABC092;
 - (viii) Residential Site Safety ABC102;
- (b) successful completion of a Diploma in Landscaping RUH 5 04 98, including the following competencies—
 - (i) Operate Within a Budget Framework RUH HRT422A;
 - (ii) Supervise Landscape Construction Works RUH HRT434A;

SCHEDULE 2 (continued)

- (iii) Cost a Project RUH HRT435A;
- (iv) Establish and Maintain the Enterprise OHS Program RUH HRT437A;
- (v) Prepare Estimates, Quotations and Tenders RUH HRT503A;
- (vi) Negotiate with Clients and Others RUH HRT506A;
- (vii) Prepare and Monitor Budgets and Financial Reports RUH HRT512A;
- (viii) Manage Business Operations RUH HRT513A;
- (ix) Administer the Business RUH HRT514A;
- (x) Prepare Landscape Documentation RUH HRT526A;
- (xi) Design Landscape Structures and Features RUH HRT527A;
- (c) successful completion of a course or modules of a course the authority considers is at least equivalent to the modules mentioned in paragraph (a) or the diploma mentioned in paragraph (b);
- (d) a recognition certificate as a builder qualified to carry out the scope of work for the licence class;
- (e) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Experience requirements

The experience requirements are the following—

- (a) for a person who has a technical qualification mentioned in schedule 2, part 3, 15, 16, 18, 31, 34, 36, 37, 40, 41 to 43, 47, 51, 54 or 55—2 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class;
- (b) otherwise—4 years experience in—
 - (i) the scope of work for the class; or

SCHEDULE 2 (continued)

- (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class.

5 Financial requirements

The relevant financial requirements in the board's policies.

**PART 10—BUILDER RESTRICTED TO SWIMMING
POOL CONSTRUCTION LICENCE**

1 Licence class

Builder restricted to swimming pool construction.

2 Scope of work

(1) Carry out earthworks and drainage for swimming pool and spa installation and construction.

(2) Place and fix reinforcement for concrete for swimming pool and spa construction.

(3) Install formwork to define a swimming pool or spa shape or form.

(4) Place and finish concrete or other materials to provide a shape or form for a swimming pool or spa, including packing, filling and levelling of prefabricated pool and spa units.

(5) Install prefabricated swimming pools and spas.

(6) Carry out ancillary pipework including general filtration, sanitation, water chemistry, solar heating and basic hydraulics.

(7) Carry out landscaping works associated with the construction of a swimming pool or spa including pool fencing.

(8) Carry out ceramic tiling, painting, paving and plastering associated with the construction of a swimming pool or spa.

(9) Prepare plans and specifications if the plans and specifications are—

SCHEDULE 2 (continued)

- (a) for the licensee's personal use; or
- (b) for use in building work to be performed by the licensee personally.

(10) However, the scope of work does not include personally carrying out any building work for which—

- (a) a fire protection licence is required; or
- (b) an occupational licence is required unless the licensee holds the occupational licence.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of the following modules from Certificate IV in Building CNBUI012—
 - (i) Materials 1 ABC005;
 - (ii) Cost Control and Planning 1 ABC069;
 - (iii) Building Quantities and Estimating 1B ABC077;
 - (iv) Building Site Supervision ABC082;
 - (v) Building Site Surveying and Set Out 1 ABC083;
 - (vi) Business Management for Building Industry 1A ABC091;
 - (vii) Business Management for Building Industry 1B ABC092;
 - (viii) Residential Site Safety ABC102A;
- (b) successful completion of a course or modules of a course the authority considers is at least equivalent to the modules mentioned in paragraph (a);
- (c) a recognition certification as a builder qualified to carry out the scope of work for the licence class;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

SCHEDULE 2 (continued)

4 Experience requirements

The experience requirements are the following—

- (a) for a person who has a technical qualification mentioned in schedule 2, part 3, 15, 16, 18, 31, 34, 36, 37, 40, 41 to 43, 47, 51, 54 or 55—2 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class;
- (b) otherwise—4 years experience in—
 - (i) the scope of work for the class; or
 - (ii) other work the authority is satisfied is at least equivalent to experience in the scope of work for the class.

5 Financial requirements

The relevant financial requirements in the board's policies.

PART 11—BUILDING DESIGN—LOW RISE LICENCE

1 Licence class

Building design—low rise.

2 Scope of work

- (1) Prepare plans and specifications for class 1 and class 10 buildings.
- (2) Prepare plans and specifications for classes 2 to 9 buildings not exceeding 2 000 m² gross floor area, but not including Type A and Type B construction.
- (3) Contract administration in relation to building work designed by the licensee.

SCHEDULE 2 (continued)

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of Certificate IV in Residential Drafting 40357SA;
- (b) successful completion of a course or modules of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a building designer qualified to carry out the scope of work for the class;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

5 Financial requirements

The relevant financial requirements in the board's policies.

**PART 12—BUILDING DESIGN—MEDIUM RISE
LICENCE**

1 Licence class

Building design—medium rise.

SCHEDULE 2 (continued)

2 Scope of work

(1) Prepare plans and specifications for buildings to a maximum of 3 storeys above a storey used for the parking of vehicles, but not including Type A construction other than class 2 or 3 buildings.

(2) Contract administration in relation to building work designed by the licensee.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of any of the following courses—
 - (i) Advanced Diploma of Building Design CU63 (CQU);
 - (ii) Diploma of Architectural Drafting (TAFE);
 - (iii) Diploma of Building Design and Technology 40356SA;
- (b) successful completion of a course or modules of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a building designer qualified to carry out the scope of work for the class;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

SCHEDULE 2 (continued)

5 Financial requirements

The relevant financial requirements in the board's policies.

PART 13—BUILDING DESIGN—OPEN LICENCE

1 Licence class

Building design—open.

2 Scope of work

(1) Prepare plans and specifications for buildings of any height or floor area.

(2) Contract administration in relation to building work designed by the licensee.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of any of the following courses—
 - (i) Bachelor of Built Environment (Architectural Studies) BN30 (QUT);
 - (ii) Bachelor of Building Design CU65 (CQU);
 - (iii) Advanced Diploma of Architectural Technology CN0396 (TAFE);
 - (iv) Advanced Diploma of Building Design and Project Administration 40355SA;
- (b) successful completion of a course or modules of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);

SCHEDULE 2 (continued)

- (c) a recognition certificate as a building designer qualified to carry out the scope of work for the class;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

5 Financial requirements

The relevant financial requirements in the board's policies.

PART 14—COMPLETED RESIDENTIAL BUILDING INSPECTION LICENCE

1 Licence class

Completed residential building inspection.

2 Scope of work

Inspect or investigate completed class 1a and class 10 buildings, and provide advice or a report about a building in accordance with Australian Standard 4349.1 'Inspection of Buildings-Property Inspections-Residential Buildings'.

SCHEDULE 2 (continued)

3 Technical qualifications

(1) Completion of an approved completed building inspectors course and—

- (a) a current licence in 1 of the following licence classes—
 - (i) house building;
 - (ii) general building;
 - (iii) builder—low rise;
 - (iv) builder—medium rise;
 - (v) builder—open; or
- (b) accreditation as a building surveyor, assistant building surveyor or building surveyor technician by the Australian Institute of Building Surveyors ACN 004 540 836 or accreditation the authority considers is at least equivalent to accreditation by the Institute.

(2) In this section—

“approved completed building inspectors course” means a course (the **“authority course”**) provided by a registered training organisation and containing the following subjects, or another course delivered by a registered training organisation that the authority is satisfied is at least equivalent to the authority course—

- (a) Customer Service Skills;
- (b) Effective Communication;
- (c) Report Writing;
- (d) Pre-Inspection Considerations;
- (e) Site Inspection Procedures and Techniques;
- (f) Contracts and the Building Legislation in Qld;
- (g) Building Code of Australia and Australian Standards;
- (h) Workplace Health & Safety;
- (i) BSA Dispute Procedures and Insurance and Legal Implications.

SCHEDULE 2 (continued)

4 Experience requirements

Five years experience—

- (a) in the scope of work for a licence class mentioned in section 3(1)(a); or
- (b) as a building surveyor, assistant building surveyor or building surveyor technician.

5 Financial requirements

The relevant financial requirements in the board's policies.

PART 15—CABINETMAKING LICENCE

1 Licence class

Cabinetmaking.

2 Scope of work

(1) Install, refurbish, restore or repair kitchen, bathroom, laundry and other fitted cabinets and fitments on-site.

(2) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of any of the following courses—
 - (i) an apprenticeship in furniture making including competency Install Furnishing Products LMFFM3006A;
 - (ii) Certificate III in Furniture Making LMF30302 including competency Install Furnishing Products LMFFM3006A;

SCHEDULE 2 (continued)

- (iii) Certificate III in Off Site Construction (Joinery-Timber/Aluminium/Glass) BCF30200;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified cabinetmaker;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 16—CARPENTRY LICENCE

1 Licence class

Carpentry.

SCHEDULE 2 (continued)

2 Scope of work

- (1) Construct and erect timber and steel wall framing and roof structures.
- (2) Construct and erect non-load bearing internal partition walls.
- (3) Install windows and doors including framing.
- (4) Erect ceiling and subfloor framing.
- (5) Install timber and sheet flooring.
- (6) Install exterior cladding, fascias and soffits.
- (7) Install metal roofing.
- (8) Construct timber stairs.
- (9) Fix internal linings, panelling and mouldings.
- (10) Install door and window locks and furniture.
- (11) Restore and renovate doors, windows and frames.
- (12) Install fitments.
- (13) Carry out concreting to simple forms, including install formwork, reinforcement and concrete.
- (14) Erect and strip formwork, including slip form and jump form formwork.
- (15) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) apprenticeship in carpentry or carpentry and joinery;
 - (ii) Certificate III in General Construction (Carpentry-Framework/Formwork/Finishing) BCG30798;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified carpenter;

SCHEDULE 2 (continued)

- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
(b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 17—CONCRETING LICENCE

1 Licence class

Concreting.

2 Scope of work

(1) Carry out concreting including install formwork, reinforcement and concrete.

(2) Incidental work of another class.

SCHEDULE 2 (continued)

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of the course Certificate II in Construction (Concrete Working);
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified concrete worker;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 18—PLUMBING AND DRAINAGE LICENCE

1 Licence class

Plumbing and drainage.

SCHEDULE 2 (continued)

2 Scope of work

(1) Install, commission, maintain and test plumbing and drainage services in all classes of building and premises, including on-site domestic waste water management systems, irrigation, roof and wall cladding and metal fascias and gutters.

(2) Prepare plans and specifications for plumbing and drainage work if the plans and specifications are—

- (a) for the licensee's personal use; or
- (b) for use in plumbing and drainage work to be performed by the licensee personally.

(3) Incidental work of another class.

3 Technical qualifications

Possession of a plumbers licence and a drainers licence issued by the Plumbers and Drainers Examination and Licensing Board.

4 Managerial requirements

An approved managerial qualification.

5 Financial requirements

The relevant financial requirements in the board's policies.

PART 19—DRAINAGE LICENCE

1 Licence class

Drainage.

SCHEDULE 2 (continued)

2 Scope of work

(1) Install, commission, maintain and test above and below ground waste water, stormwater and sanitary drainage systems, including on-site domestic waste water management systems.

(2) Prepare plans and specifications for drainage work if the plans and specifications are—

- (a) for the licensee's personal use; or
- (b) for use in drainage work to be performed by the licensee personally.

(3) Incidental work of another class.

3 Technical qualifications

Possession of a drainers licence issued by the Plumbers and Drainers Examination and Licensing Board.

4 Managerial requirements

An approved managerial qualification.

5 Financial requirements

The relevant financial requirements in the board's policies.

PART 20—IRRIGATION LICENCE

1 Licence class

Irrigation.

SCHEDULE 2 (continued)

2 Scope of Work

(1) Assess, select and install irrigation equipment for various landscaping situations, including, for example, overhead, mini-sprinkle, dripper and pop-up sprinklers, irrigation systems, filters, timers, injectors, pressure pumps and pipe installations.

(2) Install and commission solar heating systems for swimming pools.

(3) Incidental work of another class.

3 Technical Qualifications

Any 1 of the following—

- (a) possession of a water plumbers-irrigation licence issued by the Plumbers and Drainers Examination and Licensing Board;
- (b) possession of a plumbers licence and a drainers licence issued by the Plumbers and Drainers Examination and Licensing Board;
- (c) a recognition certificate as a qualified plumber and drainer.

4 Managerial requirements

An approved managerial qualification.

5 Financial Requirements

The relevant financial requirements in the board's policies.

PART 21—FIRE DETECTION SYSTEMS LICENCES

1 Licence classes

(1) Fire detection systems.

(2) Fire detection systems restricted to carrying out certain work.

SCHEDULE 2 (continued)

(3) Fire detection systems restricted to certification of, and preparation of reports about, certain work.

2 Scope of work

(1) For the licence class mentioned in section 1(1)—

- (a) carry out installation and general repair of fire detection and alarm systems or emergency warning and communication systems for a building; and
- (b) maintain fire detection and alarm systems or emergency warning and communication systems for a building; and
- (c) certify the installation of fire detection and alarm systems or emergency warning and communication systems for a building under the *Standard Building Regulation 1993*; and
- (d) prepare reports for certificates of maintenance or records of maintenance of a fire detection and alarm system or emergency warning and communication system for a building.

(2) For the licence class mentioned in section 1(2)—carry out installation and general repair of a fire detection and alarm system or emergency warning and communication system for a building.

(3) For the licence class mentioned in section 1(3)—

- (a) maintain fire detection and alarm systems or emergency warning and communication systems for a building; and
- (b) certify the installation of a fire detection and alarm system or emergency warning and communication system for a building under the *Standard Building Regulation 1993*; and
- (c) prepare reports for certificates of maintenance or records of maintenance of a fire detection and alarm system or emergency warning and communication system for a building.

(4) For all the licence classes mentioned section 1, incidental work of another class.

SCHEDULE 2 (continued)

3 Technical qualifications

(1) For the licence class mentioned in section 1(1) or (3)—a written statement by Construction Training Queensland, or accreditation from the Fire Protection Industry Board, that a person has competency in all of the following—

- (a) category IAD—certification of installation of fire detection and alarm systems;
- (b) category IAE—certification of installation of emergency warning and intercommunication systems;
- (c) category MAE—certification of maintenance of fire detection and alarm systems;
- (d) category MAF—certification of maintenance of emergency warning and intercommunication systems.

(2) For the licence class mentioned in section 1(2)—any 1 of the following—

- (a) an electrical contractor licence under the *Electrical Safety Act 2002*;
- (b) successful completion of Certificate IV in Electrical Contracting Studies CNO174 (TAFE);
- (c) a qualification or statement of attainment issued by an approved authority for the class of licence;
- (d) a written statement by Construction Training Queensland, or accreditation from the Fire Protection Industry Board, that a person has competency in all of the following—
 - (i) category IAD—certification of installation of fire detection and alarm systems;
 - (ii) category IAE—certification of installation of emergency warning and intercommunication systems;
 - (iii) category MAE—certification of maintenance of fire detection and alarm systems;
 - (iv) category MAF—certification of maintenance of emergency warning and intercommunication systems.

SCHEDULE 2 (continued)

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

**PART 22—FIRE EQUIPMENT—PASSIVE (WALL AND
CEILING LINING) LICENCE**

1 Licence class

Fire equipment—passive (wall and ceiling lining).

2 Scope of work

(1) Carry out installation, maintenance and general repair of wall and ceiling lining for a building.

(2) Certify the installation of wall and ceiling lining for a building under the *Standard Building Regulation 1993*.

(3) Prepare reports for a certificate of maintenance or record of maintenance of wall and ceiling lining for a building.

(4) Incidental work of another class.

SCHEDULE 2 (continued)

3 Technical qualifications

Successful completion of 14865 Course in Passive Fire Protection conducted by the Association of Wall and Ceiling Industries Queensland-Union of Employers and either—

- (a) successful completion of Certificate III in General Construction (Wall and Ceiling Lining) BCG30298; or
- (b) a qualification or statement of attainment issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

**PART 23—FIRE EQUIPMENT—PASSIVE
(PENETRATION AND JOINT SEALING) LICENCE**

1 Licence class

Fire equipment—passive (penetration and joint sealing).

SCHEDULE 2 (continued)

2 Scope of work

(1) Install, maintain, repair and certify fire collars, fire joint fillers, sealants, mastics, mortars, fire cushions and pillows (each being “**passive fire equipment**”).

(2) Incidental work of another class.

3 Technical qualifications

Certification from the manufacturer or supplier of specified passive fire equipment that the applicant has satisfactorily completed a course of instruction which would enable the installation of the specified passive fire equipment in accordance with the manufacturers specifications and the Building Code of Australia.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board’s policies.

SCHEDULE 2 (continued)

**PART 24—FIRE EQUIPMENT—PASSIVE (FIRE DOORS
AND FIRE SHUTTERS) LICENCES**

1 Licence classes

(1) Fire equipment—passive (fire doors and fire shutters).

(2) Fire equipment—passive (fire doors and fire shutters) restricted to carrying out certain work.

(3) Fire equipment—passive (fire doors and fire shutters) restricted to certification of, and preparation of reports about, certain work.

2 Scope of work

(1) For the licence class mentioned in section 1(1)—

- (a) carry out installation and general repair of fire doors and fire shutters for a building; and
- (b) maintain fire doors and fire shutters for a building; and
- (c) certify the installation of fire doors and fire shutters for a building under the *Standard Building Regulation 1993*; and
- (d) prepare reports for a certificate of maintenance or record of maintenance of fire doors and fire shutters for a building.

(2) For the licence class mentioned in section 1(2)—carry out installation and general repair of fire doors and fire shutters for a building.

(3) For the licence class mentioned in section 1(3)—

- (a) maintain fire doors and fire shutters for a building; and
- (b) certify the installation of fire doors and fire shutters for a building under the *Standard Building Regulation 1993*; and
- (c) prepare reports for a certificate of maintenance or record of maintenance of fire doors and fire shutters for a building.

(4) For all the licence classes mentioned section 1, incidental work of another class.

SCHEDULE 2 (continued)

3 Technical qualifications

(1) For the licence class mentioned in section 1(1)—

- (a) any 1 of the following—
 - (i) successful completion of Certificate III in General Construction (Carpentry-Framework/Formwork/ Finishing) BCG30798;
 - (ii) successful completion of Certificate III in Off-site Construction (Joinery-Timber) BCG30200;
 - (iii) a recognition certificate that a person has worked, or undertaken training, in a calling that includes the skills and knowledge involved in the successful completion of a certificate mentioned in subparagraph (i) or (ii);
 - (iv) a certificate of recognition as a qualified engineering tradesperson under the *Tradesmen's Rights Regulation Act 1946* (Cwlth);
 - (v) a qualification or statement of attainment issued by an approved authority for the class of licence; and
- (b) a written statement by Construction Training Queensland, or accreditation from the Fire Protection Industry Board, that a person has competency in both of the following—
 - (i) category IAM—certification of installation of fire doors and fire shutters;
 - (ii) category MAN—certification of maintenance of fire doors and fire shutters.

(2) For the licence class mentioned in section 1(2)—a qualification mentioned in subsection (1)(a).

(3) For the licence class mentioned in section 1(3)—a qualification mentioned in subsection (1)(b).

4 Managerial requirements

An approved managerial qualification.

SCHEDULE 2 (continued)

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 25—FIRE FIGHTING APPLIANCES LICENCES

1 Licence classes

- (1) Fire fighting appliances.
- (2) Fire fighting appliances restricted to carrying out certain work.
- (3) Fire fighting appliances restricted to certification of, and preparation of reports about, certain work.

2 Scope of work

- (1) For the licence class mentioned in section 1(1)—
 - (a) carry out installation and general repair of portable fire fighting appliances for a building, including, for example, wheeled fire extinguishers, fire hoses, fire blankets and portable fire extinguishers; and
 - (b) maintain portable fire fighting appliances, fire hose reels and fire hydrants for a building; and
 - (c) certify the installation of portable fire fighting appliances under the *Standard Building Regulation 1993*; and

SCHEDULE 2 (continued)

- (d) prepare reports for a certificate of maintenance or record of maintenance of portable fire fighting appliances, fire hydrants or hose reels.

(2) For the licence class mentioned in section 1(2)—carry out installation and general repair of portable fire fighting appliances for a building, including, for example, wheeled fire extinguishers, fire hoses, fire blankets and portable fire extinguishers.

(3) For the licence class mentioned in section 1(3)—

- (a) maintain portable fire fighting appliances, fire hose reels and fire hydrants for a building; and
- (b) certify the installation of portable fire fighting appliances under the *Standard Building Regulation 1993*; and
- (c) prepare reports for a certificate of maintenance or record of maintenance of portable fire fighting appliances, fire hydrants or hose reels.

(4) For all the licence classes mentioned section 1, incidental work of another class.

3 Technical qualifications

(1) For the licence class mentioned in section 1(1) or (2)—

- (a) successful completion of Certificate II in Asset Maintenance (Portable Fire Equipment Service Operations) PRM20400; or
- (b) a qualification or statement of attainment issued by an approved authority for the class of licence.

(2) For the licence class mentioned in section 1(3), either—

- (a) a qualification mentioned in subsection (1); or
- (b) a written statement by Construction Training Queensland, or accreditation from the Fire Protection Industry Board, that a person has competency in all of the following—
 - (i) category IAA—certification of selection, location and installation of portable fire appliances;

SCHEDULE 2 (continued)

- (ii) category MAA—certification of on-site maintenance of portable fire appliances, wheeled fire extinguishers and delivery lay-flat fire hoses;
- (iii) category MAB—certification of workshop maintenance of portable fire appliances, wheeled fire extinguishers and delivery lay-flat fire hoses;
- (iv) category MAC—certification of maintenance of fire hose reel systems;
- (v) category MAD—certification of maintenance of fire hydrant systems.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

SCHEDULE 2 (continued)

**PART 26—FIRE HOSE REELS AND FIRE HYDRANTS
LICENCES**

1 Licence classes

(1) Fire hose reels and fire hydrants.

(2) Fire hose reels and fire hydrants restricted to carrying out certain work.

(3) Fire hose reels and fire hydrants restricted to certification of, and preparation of reports about, certain work.

2 Scope of work

(1) For the licence class mentioned in section 1(1)—

- (a) carry out installation and general repair of fire hose reels and fire hydrants for a building; and
- (b) maintain fire hose reels and fire hydrants for a building; and
- (c) certify the installation of fire hose reels and fire hydrants for a building under the *Standard Building Regulation 1993*; and
- (d) prepare reports for a certificate of maintenance or record of maintenance of fire hose reels and fire hydrants for a building.

(2) For the licence class mentioned in section 1(2)—carry out installation and general repair of fire hose reels and fire hydrants for a building.

(3) For the licence class mentioned in section 1(3)—

- (a) maintain fire hose reels and fire hydrants for a building; and
- (b) certify the installation of fire hose reels and fire hydrants for a building under the *Standard Building Regulation 1993*; and
- (c) prepare reports for a certificate of maintenance or record of maintenance of fire hose reels and fire hydrants for a building.

(4) For all the licence classes mentioned section 1, incidental work of another class.

SCHEDULE 2 (continued)

3 Technical qualifications

(1) For the licence class mentioned in section 1(1)—

(a) either—

- (i) possession of a plumbers licence issued by the Plumbers and Drainers Examination and Licensing Board; or
- (ii) possession of a restricted water plumber-fire protection (hydrants and hose reels) licence issued by the Plumbers and Drainers Examination and Licensing Board; and

(b) a written statement by Construction Training Queensland, or accreditation from the Fire Protection Industry Board, that a person has competency in all of the following—

- (i) category IAB—certification of installation of fire hose reel systems;
- (ii) category IAC—certification of installation of fire hydrant systems;
- (iii) category MAC—certification of maintenance of fire hose reel systems;
- (iv) category MAD—certification of maintenance of fire hydrant systems.

(2) For the licence class mentioned in section 1(2)—a qualification mentioned in subsection (1)(a).

(3) For the licence class mentioned in section 1(3)—a qualification mentioned in subsection (1)(b).

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or

SCHEDULE 2 (continued)

- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 27—FIXED FIRE PUMP SETS LICENCES

1 Licence classes

- (1) Fixed fire pump sets.
- (2) Fixed fire pump sets restricted to carrying out certain work.
- (3) Fixed fire pump sets restricted to certification of, and preparation of reports about, certain work.

2 Scope of work

- (1) For the licence class mentioned in section 1(1)—
 - (a) carry out installation and general repair of fixed fire pump sets for a building; and
 - (b) maintain fixed fire pump sets for a building; and
 - (c) certify the installation of fixed fire pump sets for a building under the *Standard Building Regulation 1993*; and
 - (d) prepare reports for a certificate of maintenance or record of maintenance of fixed fire pump sets for a building.
- (2) For the licence class mentioned in section 1(2)—carry out installation and general repair of fixed fire pump sets for a building.
- (3) For the licence class mentioned in section 1(3)—
 - (a) maintain fixed fire pump sets for a building; and

SCHEDULE 2 (continued)

- (b) certify the installation of fixed fire pump sets for a building under the *Standard Building Regulation 1993*; and
 - (c) prepare reports for a certificate of maintenance or record of maintenance of fixed fire pump sets for a building.
- (4) For all the licence classes mentioned section 1, incidental work of another class.

3 Technical qualifications

(1) For the licence class mentioned in section 1(1)—

- (a) either—
 - (i) possession of a plumbers licence issued by the Plumbers and Drainers Examination and Licensing Board; or
 - (ii) possession of a restricted plumber-fire protection licence issued by the Plumbers and Drainers Examination and Licensing Board; and
- (b) a written statement by Construction Training Queensland, or accreditation from the Fire Protection Industry Board, that a person has competency in all of the following—
 - (i) category IAS-L1—certification of installation of pressure maintenance fire pumpsets;
 - (ii) category IAS-L2—certification of installation of fire hose reel pumpsets;
 - (iii) category IAS-L3—certification of installation of residential fire sprinkler pumpsets;
 - (iv) category IAS-L4—certification of installation of fire protection pumpsets;
 - (v) category MAP-L1—certification of maintenance of pressure maintenance fire pumpsets;
 - (vi) category MAP-L2—certification of maintenance of pre-assembled fire pumpsets;
 - (vii) category MAP-L3—certification of maintenance of fire protection fire pumpsets.

SCHEDULE 2 (continued)

(2) For the licence class mentioned in section 1(2)—a qualification mentioned in subsection (1)(a).

(3) For the licence class mentioned in section 1(3)—a written statement by Construction Training Queensland, or accreditation from the Fire Protection Industry Board, that a person has competency in all of the following—

- (a) category IAS-L1—certification of installation of pressure maintenance fire pumpsets;
- (b) category IAS-L2—certification of installation of fire hose reel pumpsets;
- (c) category IAS-L3—certification of installation of residential fire sprinkler pumpsets;
- (d) category IAS-L4—certification of installation of fire protection pumpsets;
- (e) category MAP-L1—certification of maintenance of pressure maintenance fire pumpsets;
- (f) category MAP-L2—certification of maintenance of pre-assembled fire pumpsets;
- (g) category MAP-L3—certification of maintenance of fire protection fire pumpsets.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

SCHEDULE 2 (continued)

6 Financial requirements

The relevant financial requirements in the board's policies.

**PART 28—FIRE SPRINKLER SYSTEMS (DOMESTIC
AND RESIDENTIAL) LICENCES**

1 Licence classes

(1) Fire sprinkler systems (domestic and residential).

(2) Fire sprinkler systems (domestic and residential) restricted to carrying out certain work.

(3) Fire sprinkler systems (domestic and residential) restricted to certification of, and preparation of reports about, certain work.

2 Scope of work

(1) For the licence class mentioned in section 1(1)—

- (a) carry out installation and general repair of fire sprinkler systems for a domestic or residential building as specified in AS 2118.4–1995 and AS 2118.5–1995; and
- (b) maintain fire sprinkler systems for a domestic or residential building as specified in AS 2118.4–1995 and AS 2118.5–1995; and
- (c) certify under the *Standard Building Regulation 1993* the installation of fire sprinkler systems for a domestic or residential building as specified in AS 2118.4–1995 and AS 2118.5–1995; and
- (d) prepare reports for a certificate of maintenance or record of maintenance of fire sprinkler systems for a domestic or residential building as specified in AS 2118.4–1995 and AS 2118.5–1995.

SCHEDULE 2 (continued)

(2) For the licence class mentioned in section 1(2)—carry out installation and general repair of fire sprinkler systems for a domestic or residential building as specified in AS 2118.4–1995 and AS 2118.5–1995.

(3) For the licence class mentioned in section 1(3)—

- (a) maintain fire sprinkler systems for a domestic or residential building as specified in AS 2118.4–1995 and AS 2118.5–1995; and
- (b) certify under the *Standard Building Regulation 1993* the installation of fire sprinkler systems for a domestic or residential building as specified in AS 2118.4–1995 and AS 2118.5–1995; and
- (c) prepare reports for a certificate of maintenance or record of maintenance of fire sprinkler systems for a domestic or residential building as specified in AS 2118.4–1995 and AS 2118.5–1995.

(4) For all the licence classes mentioned section 1, incidental work of another class.

3 Technical qualifications

(1) For the licence class mentioned in section 1(1)—

- (a) either—
 - (i) possession of a plumbers licence endorsed fire protection (domestic and residential) issued by the Plumbers and Drainers Examination and Licensing Board; or
 - (ii) possession of a restricted water plumber-fire protection (domestic and residential) licence issued by the Plumbers and Drainers Examination and Licensing Board; and
- (b) either—
 - (i) a written statement by Construction Training Queensland, or accreditation from the Fire Protection Industry Board, that a person has competency in both of the following—
 - (A) category IAK—certification of installation of residential life safety sprinkler systems;

SCHEDULE 2 (continued)

(B) category MAL—certification of maintenance of residential life safety sprinkler systems; or

- (ii) successful completion of the Domestic and Residential Fire Sprinkler Systems Course MPA001 conducted by the Masters Plumbers' Association of Queensland.

(2) For the licence class mentioned in section 1(2)—a qualification mentioned in subsection (1)(a).

(3) For the licence class mentioned in section 1(3)—a qualification mentioned in subsection (1)(b).

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
(b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 29—FIRE SPRINKLER SYSTEMS (OTHER THAN DOMESTIC AND RESIDENTIAL) LICENCES

1 Licence classes

(1) Fire sprinkler systems (other than domestic and residential).

SCHEDULE 2 (continued)

(2) Fire sprinkler systems (other than domestic and residential) restricted to carrying out certain work.

(3) Fire sprinkler systems (other than domestic and residential) restricted to certification of, and preparation of reports about, certain work.

2 Scope of work

(1) For the licence class mentioned in section 1(1)—

- (a) carry out installation and general repair of fire sprinkler systems for a building other than a domestic or residential building; and
- (b) maintain fire sprinkler systems for a building other than a domestic or residential building; and
- (c) certify the installation of fire sprinkler systems for a building other than a domestic or residential building under the *Standard Building Regulation 1993*; and
- (d) prepare reports for a certificate of maintenance or record of maintenance of fire sprinkler systems for a building other than a domestic or residential building.

(2) For the licence class mentioned in section 1(2)—carry out installation and general repair of fire sprinkler systems for a building other than a domestic or residential building.

(3) For the licence class mentioned in section 1(3)—

- (a) maintain fire sprinkler systems for a building other than a domestic or residential building; and
- (b) certify the installation of fire sprinkler systems for a building other than a domestic or residential building under the *Standard Building Regulation 1993*; and
- (c) prepare reports for a certificate of maintenance or record of maintenance of fire sprinkler systems for a building other than a domestic or residential building.

(4) For all the licence classes mentioned section 1, incidental work of another class.

SCHEDULE 2 (continued)

3 Technical qualifications

(1) For the licence class mentioned in section 1(1)—

(a) either—

(i) possession of a plumbers licence endorsed fire protection (commercial and industrial) issued by the Plumbers and Drainers Examination and Licensing Board; or

(ii) possession of a restricted water plumber-fire protection (commercial and industrial) licence issued by the Plumbers and Drainers Examination and Licensing Board; and

(b) a written statement by Construction Training Queensland, or accreditation from the Fire Protection Industry Board, that a person has competency in both of the following—

(i) category IAF—certification of installation of engineered water discharging (based) fire systems (deluge, drencher, sprinkler and spray systems);

(ii) category MAG—certification of maintenance of engineered water discharging (based) fire systems (deluge, drencher, sprinkler and spray systems).

(2) For the licence class mentioned in section 1(2)—a qualification mentioned in subsection (1)(a).

(3) For the licence class mentioned in section 1(3)—a qualification mentioned in subsection (1)(b).

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

(a) the scope of work for the class; or

SCHEDULE 2 (continued)

- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 30—FIRE SUPPRESSION SYSTEMS—SPECIAL HAZARDS LICENCES

1 Licence classes

- (1) Fire suppression systems—special hazards.
- (2) Fire suppression systems—special hazards restricted to carrying out certain work.
- (3) Fire suppression systems—special hazards restricted to certification of, and preparation of reports about, certain work.

2 Scope of work

- (1) For the licence class mentioned in section 1(1)—
 - (a) carry out installation and general repair of specialist based fire suppression systems for a building; and
 - (b) maintain specialist based fire suppression systems for a building; and
 - (c) certify the installation of specialist based fire suppression systems for a building under the *Standard Building Regulation 1993*; and
 - (d) prepare reports for a certificate of maintenance or record of maintenance of specialist based fire suppression systems for a building.

SCHEDULE 2 (continued)

(2) For the licence class mentioned in section 1(2)—carry out installation and general repair of specialist based fire suppression systems for a building.

(3) For the licence class mentioned in section 1(3)—

- (a) maintain specialist based fire suppression systems for a building; and
- (b) certify the installation of specialist based fire suppression systems for a building under the *Standard Building Regulation 1993*; and
- (c) prepare reports for a certificate of maintenance or record of maintenance of specialist based fire suppression systems for a building.

(4) For all the licence classes mentioned section 1, incidental work of another class.

3 Technical qualifications

(1) For a licence mentioned in section 1(1) or (3)—a written statement by Construction Training Queensland, or accreditation from the Fire Protection Industry Board, that a person has competency in all of the following—

- (a) category IAG—certification of installation of foam fire systems;
- (b) category IAI—certification of installation of chemical fire systems;
- (c) category IAJ—certification of installation of gaseous systems;
- (d) category MAH—certification of maintenance of foam fire systems;
- (e) category MAJ—certification of maintenance of chemical fire systems;
- (f) category MAK—certification of maintenance of gaseous systems.

(2) For a licence mentioned in section 1(2), any 1 of the following—

- (a) a written statement or accreditation mentioned in subsection (1);

SCHEDULE 2 (continued)

- (b) demonstrated competence against all the following national competency standards—
 - (i) Install Special Hazard Systems SE3223A;
 - (ii) Install, Inspect and Maintain a Pre-engineered Fire Suppression System PRMPFES27A;
 - (iii) Install, Inspect and Maintain a Pre-engineered Dry Chemical Powder Fire Suppression System PRMPFES29A;
 - (iv) Install, Inspect and Maintain a Pre-engineered Wet Chemical Fire Suppression System PRMPFES30A;
 - (v) Inspect and Service a Self-contained Water Mist Fire Suppression System PRMPFES31A;
 - (vi) Inspect and Service a Gaseous Fire Suppression System PRMPFES25A;
- (c) for a particular fire suppression system—certification by the manufacturer or supplier of the system that a person has satisfactorily completed a course about the installation, maintenance and general repair of the system.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

SCHEDULE 2 (continued)

PART 31—FLOOR FINISHING AND COVERING (HARD SECTOR) LICENCE**1 Licence class**

Floor finishing and covering (hard sector).

2 Scope of work

(1) Prepare, sand, and apply coatings to, timber floors.

(2) Install and repair cork flooring including prepare, sand, and apply coating systems.

(3) Install and repair mosaic and block parquetry flooring including prepare, sand, and apply coating systems.

(4) Install pre-finished manufactured and engineered timber flooring.

(5) Install and repair non-structural strip timber flooring including prepare, sand, and apply coating systems.

(6) Prepare, apply and finish epoxy and seamless floor coverings.

(7) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

(a) successful completion of either of the following courses—

(i) an apprenticeship in floor covering and finishing or carpentry;

(ii) Certificate III in Furnishing (Floor Covering and Finishing) LMF30102;

(b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);

(c) a recognition certificate as a qualified floor finisher and coverer or carpenter;

SCHEDULE 2 (continued)

- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
(b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 32—FOUNDATION WORK (PILING AND ANCHORS) LICENCE

1 Licence class

Foundation work—Piling and anchors.

2 Scope of work

- (1) Excavate and install support.
(2) Construct underpinning.
(3) Carry out concreting for foundation work, including install formwork, reinforcement and concrete.

SCHEDULE 2 (continued)

(4) Install piling including driven piles, cast-in piles, groutcrete piles, compressed piles, and bored cast-in-place piles.

(5) Dewater site including sump and permanent dewatering systems.

(6) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of the course Certificate III in Civil Construction (Foundation Work-Piling/Anchors) BCC30598;
- (b) successful completion of a course the authority considers is at least equivalent to the course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified foundations worker;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

SCHEDULE 2 (continued)

PART 33—GASFITTING LICENCE**1 Licence class**

Gasfitting.

2 Scope of work

(1) Install, commission, maintain, test and service gas services in any building, including pipe work, containers, appliances, fittings and systems.

(2) Incidental work of another class.

3 Technical qualifications

Possession of a Gas Installer Licence issued by the Chief Gas Examiner, Department of Natural Resources and Mines.

4 Managerial requirements

An approved managerial qualification.

5 Financial requirements

The relevant financial requirements in the board's policies.

**PART 34—GLASS, GLAZING AND ALUMINIUM
LICENCE****1 Licence class**

Glass, glazing and aluminium.

SCHEDULE 2 (continued)

2 Scope of work

- (1) Glaze and reglaze buildings.
- (2) Fabricate and install windows and doors in buildings.
- (3) Fabricate and install shower screens and metal framed sliding wardrobe doors whether mirrored or otherwise.
- (4) Fabricate and install security screens and doors.
- (5) Fabricate, install and reglaze commercial glazing including shopfronts, windows, doors, toughened glass assemblies, aluminium glazing systems, curtain walling systems, balustrading and watertight glazing.
- (6) Fabricate and install fixed mirrors.
- (7) Fabricate, install and reglaze architectural engineered glazing including suspended and overhead glazing and structural balustrading.
- (8) Construct and repair leadlight panels.
- (9) Apply film patterns and designs to glass.
- (10) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) an apprenticeship in glass and glazing;
 - (ii) Certificate III in Furnishing (Glass and Glazing) LMF30602;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified glazier;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

SCHEDULE 2 (continued)

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 35—HYDRAULIC SERVICES DESIGN LICENCES

1 Licence classes

- (1) Hydraulic services design.
- (2) Hydraulic services design excluding design of on-site domestic waste water management.

2 Scope of work

(1) For the licence class mentioned in section 1(1)—prepare plans, specifications and documents, associated with the following building services—

- (a) sanitary drainage, soil waste and venting;
- (b) trade waste drainage, plumbing and venting;
- (c) cold and hot water;

SCHEDULE 2 (continued)

- (d) rainwater and stormwater drainage;
- (e) gas services;
- (f) fire hydrant and hose reel services, with or without pumps;
- (g) commercial, residential and domestic fire sprinklers, deluge and wall wetting sprinklers (drenchers);
- (h) on-site domestic waste water management.

(2) For the licence class mentioned in section 1(2)—prepare plans, specifications and documents, associated with the building services mentioned in subsection (1)(a) to (g).

3 Technical qualifications

(1) For the licence class mentioned in section 1(1)—

- (a) successful completion of a Diploma of Engineering—Construction Hydraulics CNO171 or a qualification the authority considers is at least equivalent to the diploma; and
- (b) successful completion of Site Assessment and Design Course CNQ12 or a course the authority considers is at least equivalent to the CNQ12 course.

(2) For the licence class mentioned in section 1(2)—a Diploma of Engineering—Construction Hydraulics CNO171 or a qualification the authority considers is at least equivalent to the diploma.

4 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

SCHEDULE 2 (continued)

5 Financial requirements

The relevant financial requirements in the board's policies.

PART 36—JOINERY LICENCE

1 Licence class

Joinery.

2 Scope of work

(1) Install subfloor framing, including bearers, joints and ladder frames.

(2) Construct and erect wall framing including install internal linings, assemble partition frames and install curtain walling.

(3) Manufacture, assemble and fit components for door and window frames, doors and sashes, and for stairs.

(4) Manufacture, assemble and install joinery unit components.

(5) Prepare surfaces and apply paint and other finishes for joinery.

(6) Cut and install glass for joinery.

(7) Use aluminium, including fabricate, assemble, construct framework and manufacture aluminium grills and louvres.

(8) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

(a) successful completion of either of the following courses—

(i) an apprenticeship in joinery or carpentry and joinery;

(ii) Certificate III in Off Site Construction (Joinery-Timber/Aluminium/Glass) BCF30200;

SCHEDULE 2 (continued)

- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified cabinetmaker;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

**PART 37—STRUCTURAL METAL FABRICATION AND
ERECTION LICENCE**

1 Licence class

Structural metal fabrication and erection.

SCHEDULE 2 (continued)

2 Scope of work

(1) Prepare, fabricate and erect structural and non-structural metal components.

(2) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) an apprenticeship in engineering fabrication (boilermaking);
 - (ii) Certificate III in Engineering Fabrication (Boilermaking) MEM30398;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified boilermaker;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

SCHEDULE 2 (continued)

**PART 38—NON-STRUCTURAL METAL FABRICATION
AND INSTALLATION LICENCE**

1 Licence class

Non-structural metal fabrication and installation.

2 Scope of work

Prepare, fabricate and erect non-structural metal components.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following—
 - (i) an apprenticeship in engineering fabrication (sheetmetal working, boilermaking or blacksmithing);
 - (ii) an apprenticeship in engineering mechanical (fitting and turning or turning);
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a plumbers and drainers licence issued by the Plumbers and Drainers Examination and Licensing Board;
- (d) a recognition certificate as a qualified metal wall and roof cladder or plumber and drainer;
- (e) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

SCHEDULE 2 (continued)

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 39—METAL FASCIAS AND GUTTERS LICENCE

1 Licence class

Metal fascias and gutters.

2 Scope of work

(1) Fabricate and install rainwater goods including, and associated with, metal fascias and gutters.

(2) Fabricate and install external flashings and associated soffits, fascias and gutters.

(3) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of an apprenticeship in plumbing and drainage, carpentry or carpentry and joinery—
- (b) successful completion of the following—

SCHEDULE 2 (continued)

- (i) Carry Out Interactive Workplace Communication BCG1000A;
- (ii) Carry Out OH&S Requirements BCG1001A;
- (iii) Plan and Organise Work BCG1002A;
- (iv) Read and Interpret Plans BCG1003A;
- (v) Carry Out Measurements and Calculations BCG1004A;
- (vi) Use Hand and Power Tools BCG1005A;
- (vii) Erect and Dismantle Restricted Height Scaffolding BCG1007A;
- (viii) Handle Construction Materials and Safe Disposal of Waste BCG1011A;
- (ix) Operate Elevated Work Platforms BCG2007A;
- (x) Carry Out Levelling BCS3044A;
- (xi) Fabricate and Install Rainwater Goods BCS3112A;
- (xii) Design Fabricate and Install External Flashings, Metal Ceilings, Associated Soffits and Fascias BCS3116A;
- (xiii) Cut and Joint Metal Sheet BCS3123A;
- (xiv) Mark Out Materials BCS3188A;
- (xv) Apply First Aid in the Workplace BCS3258A;
- (xvi) Safe Working on Roofs BCS3277A;
- (c) successful completion of a course the authority considers is at least equivalent to the course mentioned in paragraph (a);
- (d) a plumbers and drainers licence issued by the Plumbers and Drainers Examination and Licensing Board;
- (e) a recognition certificate as a qualified carpenter, carpenter and joiner or plumber;
- (f) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

SCHEDULE 2 (continued)

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 40—ROOF AND WALL CLADDING LICENCE

1 Licence class

Roof and wall cladding.

2 Scope of work

(1) Select and install roof cladding other than terracotta and concrete roof tiles.

(2) Fabricate and install rainwater goods.

(3) Flash penetrations through roofs and walls.

(4) Design, fabricate and install external flashings, metal ceilings, associated soffits and fascias.

(5) Erect fixed or operating box type louvre units.

SCHEDULE 2 (continued)

(6) Disconnect and reconnect air distribution equipment throughout roof or wall cladding.

(7) Design roof drainage components.

(8) Design penetrations associated with mechanical services, including large penetration water management.

(9) Refurbish and maintain roofs.

(10) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

(a) successful completion of either of the following courses—

(i) an apprenticeship in plumbing and drainage, carpentry or carpentry and joinery;

(ii) Certificate III in Services (Metal Roof and Wall Cladding) BCS30501;

(b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);

(c) a plumbers and drainers licence issued by the Plumbers and Drainers Examination and Licensing Board;

(d) a recognition certificate as a qualified carpenter, carpenter and joiner, metal wall and roof cladder or plumber and drainer;

(e) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

SCHEDULE 2 (continued)

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 41—PAINTING AND DECORATING LICENCE

1 Licence class

Painting and decorating.

2 Scope of work

(1) Apply paint or other substance for protective, decorative or technical purposes, including colour matching.

(2) Apply texture coatings.

(3) Apply wall paper.

(4) Prepare surfaces for application of paint or other protective, decorative or technical materials.

(5) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) an apprenticeship in painting and decorating;
 - (ii) Certificate III in General Construction (Painting and Decorating) BCG30498;

SCHEDULE 2 (continued)

- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified painter and decorator;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 42—PLASTERING DRYWALL LICENCE

1 Licence class

Plastering drywall.

SCHEDULE 2 (continued)

2 Scope of work

(1) Construct and install non-loadbearing partition wall frames and ceiling frames including fix plasterboard, plasterglass and fibre cement sheets and cornices and finishing joints.

(2) Construct and install non-loadbearing fire-rated walls and ceilings, autoclaved aerated masonry wall and ceiling systems.

(3) Install suspended ceiling systems.

(4) Install cast plaster blockwork.

(5) Apply or install waterproofing and damp-proofing for plastering drywall.

(6) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

(a) successful completion of either of the following courses—

(i) an apprenticeship in plastering drywall;

(ii) Certificate III in General Construction (Wall and Wall Lining) BCG30298;

(b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);

(c) a recognition certificate as a qualified plasterer drywall;

(d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

SCHEDULE 2 (continued)

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 43—PLASTERING SOLID LICENCE

1 Licence class

Plastering solid.

2 Scope of work

- (1) Carry out concrete work for solid plastering, including install formwork, reinforcement and concrete.
- (2) Fix steel for solid plastering.
- (3) Cut with oxy/acetylene for solid plastering.
- (4) Apply float and set coats for hard plaster-flat surfaces.
- (5) Apply solid render.
- (6) Install pre-cast decorative mouldings.
- (7) Install cast plaster blockwork.
- (8) Construct plaster mouldings.
- (9) Carrying out conite construction.
- (10) Incidental work of another class.

SCHEDULE 2 (continued)

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) an apprenticeship in solid plastering;
 - (ii) Certificate III in General Construction (Solid Plastering) BCG30398;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified solid plasterer;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

SCHEDULE 2 (continued)

**PART 44—REFRIGERATION, AIRCONDITIONING AND
MECHANICAL SERVICES INCLUDING UNLIMITED
DESIGN LICENCE**

1 Licence class

Refrigeration, airconditioning and mechanical services including unlimited design.

2 Scope of work

(1) Install, commission, service or repair refrigeration, airconditioning, mechanical ventilation and air handling systems for a building.

(2) Design and prepare plans and specifications for refrigeration, airconditioning, mechanical ventilation and air handling systems for a building if the plans and specifications are—

- (a) for the licensee's personal use; or
- (b) for use in building work to be performed by the licensee personally.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of an Advanced Diploma in Engineering (Refrigeration and Air Conditioning) (CN940);
- (b) successful completion of a course the authority considers is at least equivalent to the course mentioned in paragraph (a);
- (c) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

SCHEDULE 2 (continued)

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

**PART 45—REFRIGERATION, AIRCONDITIONING AND
MECHANICAL SERVICES INCLUDING LIMITED
DESIGN LICENCE**

1 Licence class

Refrigeration, airconditioning and mechanical services including limited design.

2 Scope of work

(1) Install, commission, service or repair refrigeration, airconditioning, mechanical ventilation and air handling systems for a building.

(2) Design and prepare plans and specifications for—

- (a) refrigeration systems for a building; or
- (b) airconditioning and mechanical ventilation and air handling systems for a building—
 - (i) that is not more than 3 storeys; and
 - (ii) that has a floor area of not more than 2 000 m²; and

SCHEDULE 2 (continued)

- (iii) for which the plant capacity for any 1 system for the building is not more than 18 kW;

but only if—

- (c) the plans and specifications are—
 - (i) for the licensee's personal use; or
 - (ii) for use in building work to be performed by the licensee personally.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of any of the following courses—
 - (i) an apprenticeship in refrigeration and airconditioning;
 - (ii) Certificate III in Engineering (Mechanical-Refrigeration and Air Conditioning) MEM30298;
 - (iii) Certificate III in Electrotechnology (Refrigeration and Air Conditioning) UTE30999;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified refrigeration and airconditioning mechanic;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or

SCHEDULE 2 (continued)

- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 46—SHEDS, CARPORTS AND GARAGES LICENCE

1 Licence class

Sheds, carports and garages.

2 Scope of work

(1) The following building work for sheds, carports and garages that are class 10a buildings with a maximum floor area of 100 m²—

- (a) prepare, fabricate and erect metal components;
- (b) prepare site for, and install, concrete floor slab.

(2) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) an apprenticeship in carpentry or carpentry and joinery;
 - (ii) Certificate III in General Construction (Carpentry-framework/formwork/finishing) BCG30798;
- (b) successful completion of the following national competency standards—

SCHEDULE 2 (continued)

- (i) Carry Out Interactive Workplace Communication BCG1000A;
 - (ii) Carry Out OH&S Requirements BCG1001A;
 - (iii) Plan and Organise Work BCG1002A;
 - (iv) Read and Interpret Plans BCG1003A;
 - (v) Carry Out Measurements and Calculations BCG1004A;
 - (vi) Use Hand and Power Tools BCG1005A;
 - (vii) Use Small Plant and Equipment BCG1006A;
 - (viii) Erect and Dismantle Restricted Height Scaffolding BCG1007A;
 - (ix) Use Simple Levelling Devices BCG1008A;
 - (x) Carry Out Excavation and Install Support BCG1009A;
 - (xi) Carry Out Concreting to Simple Forms BCG1010A;
 - (xii) Handle Construction Materials and Safe Disposal of Waste BCG1011A;
 - (xiii) Prepare for Construction Process (Steelwork) BCG1018A;
 - (xiv) Assemble Simple Partition Frames BCG2000A;
 - (xv) Make Set Outs BCG2012A;
 - (xvi) Carry Out Basic Setting Out BCG3011A;
 - (xvii) Mark Off/Out BCG3042A;
 - (xviii) Cut Material Manually BCG3051A;
 - (xix) Assemble Fabricated Components BCG3071A;
- (c) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
 - (d) a recognition certificate as a qualified carpenter or carpenter and joiner;
 - (e) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

SCHEDULE 2 (continued)

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 47—SHOPFITTING (TRADE) LICENCE

1 Licence class

Shopfitting (trade).

2 Scope of work

(1) The following for shopfitting—

- (a) set out, fabricate and assemble cabinets, showcases, wall units, counters and work stations;
- (b) set out, fabricate and assemble shopfronts, commercial entries, bulkheads and component fittings;
- (c) install subfloor framing, including bearers, joints and ladder frames;

SCHEDULE 2 (continued)

- (d) construct and erect wall and ceiling framing including install internal linings, assemble partition frames and install curtain walling;
 - (e) manufacture, assemble and fit components for door and window frames, doors and sashes;
 - (f) manufacture, assemble and install stairs;
 - (g) manufacture, assemble and install joinery unit components;
 - (h) apply paint and other finishes, including prepare surfaces;
 - (i) cut and install glass;
 - (j) carry out aluminium work, including fabricate, assemble or construct framework and manufacture aluminium grills and louvres.
- (2) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) an apprenticeship in shopfitting;
 - (ii) Certificate III in Off Site Construction (Shopfitting) BCF30100;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified shopfitter;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

SCHEDULE 2 (continued)

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 48—SITE CLASSIFIER LICENCES

1 Licence classes

- (1) Site classifier.
- (2) Site classifier excluding on-site domestic waste water management.

2 Scope of work

- (1) For the licence class mentioned in section 1(1)—
 - (a) carry out site survey, including use dumpy and laser levelling equipment; and
 - (b) sample, test and assess materials on building sites, including moisture testing, particle distribution testing, and field strength testing; and
 - (c) classify building sites through the interpretation of site and laboratory data; and
 - (d) prepare plans, specifications and documents for on-site domestic waste water management.

SCHEDULE 2 (continued)

(2) For the licence class mentioned in section 1(2)—the work mentioned in subsection (1)(a) to (c).

3 Technical qualifications

(1) For the licence class mentioned in section 1(1)—

- (a) any 1 of the following—
 - (i) successful completion of the following Certificate III in Construction Materials (Soil Testing) CMT001 including the competency Site Classification CMT4000A;
 - (ii) successful completion of a course the authority considers is at least equivalent to the qualifications mentioned in subparagraph (i);
 - (iii) a recognition certificate as being qualified in materials (soil testing) and successful completion of the competency Site Classification CMT4000A;
 - (iv) a qualification or statement of attainment issued by an approved authority for the class of licence; and
- (b) successful completion of Site Assessment and Design Course CNQ12 (TAFE) or a course the authority considers is at least equivalent to the CNQ12 course.

(2) For the licence class mentioned in section 1(2)—any 1 of the qualifications mentioned in subsection (1)(a).

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or

SCHEDULE 2 (continued)

- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 49—STEEL FIXING LICENCE

1 Licence class

Steel fixing.

2 Scope of work

(1) Place reinforcement steel in footing trenches, for on-ground slabs, and on formwork in preparation for the placement of concrete.

(2) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) Steelfixing CTQ004;
 - (ii) steelfixer's traineeship;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified steel fixer;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

SCHEDULE 2 (continued)

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 50—STONEMASONRY LICENCE

1 Licence class

Stonemasonry.

2 Scope of work

(1) Work with stone, including, for example, finish, lay, machine, renovate and shape.

(2) Construct with stone, including, for example, arches, fireplaces, stairs and walls.

(3) Carry out concrete work for stonemasonry.

(4) Lay segmental or unit paving for stonemasonry.

(5) Set out and anchor facades.

SCHEDULE 2 (continued)

- (6) Apply or install waterproofing and damp-proofing for stonemasonry.
- (7) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) an apprenticeship in stonemasonry;
 - (ii) Certificate III in Stonemasonry (Monumental/Installation) BCF30600;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified stonemason;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

SCHEDULE 2 (continued)

**PART 51—STRUCTURAL LANDSCAPING (TRADE)
LICENCE**

1 Licence class

Structural landscaping (trade).

2 Scope of work

(1) Prepare, fabricate and erect fences, gazebos, pergolas, retaining walls of a height that does not require an engineering certification under a local law and ornamental structures.

(2) Install prefabricated water features that are not connected to a permanent water supply.

(3) Install prefabricated sheds, including associated concrete slabs, with a maximum floor area of 10 m².

(4) Install surface and subsoil drainage systems for landscaping work.

(5) Prepare site and lay paving or concrete, not intended to carry vehicular traffic, for landscaping.

(6) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

(a) successful completion of an apprenticeship at level III or higher in Horticulture (Landscaping) including the following competencies from Certificate III in Horticulture (Landscaping) RUH 3 04 98—

(i) Install Paving RUH HRT 238;

(ii) Install Retaining Walls RUH HRT 239;

(iii) Install Drainage Systems RUH HRT 312;

(iv) Set Out Landscape Works RUH HRT 314A;

(v) Install Concrete Structures and Features RUH HRT 341;

SCHEDULE 2 (continued)

- (vi) Install Timber Structures and Features RUH HRT 342;
- (vii) Install Brick Structures and Features RUH HRT 343;
- (viii) Install Masonry Structures and Features RUH HRT 344;
- (ix) Install Metal Structures and Features RUH HRT 345;
- (x) Install Water Features RUH HRT 346;
- (b) successful completion of Certificate III in General Construction (Carpentry-Framework/Formwork/Finishing) BCG30798;
- (c) successful completion of Certificate III in General Construction (Bricklaying/Blocklaying) BCG30698;
- (d) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a) to (d);
- (e) a recognition certificate as a qualified landscaper, carpenter or bricklayer;
- (f) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence including the following national competency standards—
 - (i) Carry Out Interactive Workplace Communication BCG1000A;
 - (ii) Carry Out OH&S Requirements BCG1001A;
 - (iii) Plan and Organise Work BCG1002A;
 - (iv) Read and Interpret Plans BCG1003A;
 - (v) Carry Out Measurements and Calculations BCG1004A;
 - (vi) Use Hand and Power Tools BCG1005A;
 - (vii) Use Small Plant and Equipment BCG1006A;
 - (viii) Use Simple Levelling Devices BCG1008A;
 - (ix) Carry Out Excavation and Install Support BCG1009A;
 - (x) Carry Out Concreting to Simple Forms BCG1010A;
 - (xi) Handle Construction Materials and Safe Disposal of Waste BCG1011A;
 - (xii) Prepare for Construction Process (Carpentry) BCG1016A;

SCHEDULE 2 (continued)

- (xiii) Assemble Simple Partition Frames BCG2000A;
- (xiv) Carry Out Levelling BCG2004A;
- (xv) Erect and Strip Formwork BCG2005A;
- (xvi) Carry Out Steelfixing BCG2006A;
- (xvii) Carry Out Concrete Work BCG2009A;
- (xviii) Carry Out Basic Setting Out BCG3011A;
- (xix) Lay Segmental/Unit Paving BCG3115A;
- (xx) Construct Battered Masonry Surfaces BCG3068A;
- (xxi) Assemble Fabricated Components BCG3071A;
- (xxii) Erect/Dismantle Fences and Gates BCC2006A;
- (xxiii) Set Out Landscape Works RUH HRT 314A.

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

SCHEDULE 2 (continued)

PART 52—TERMITE MANAGEMENT—CHEMICAL LICENCE**1 Licence class**

Termite management—chemical.

2 Scope of work

(1) Carry out pre-slab and perimeter chemical treatment of new building work for termite management.

(2) Inspect or investigate a completed building, and give advice or a report, about the following—

- (a) termite management systems for the building;
- (b) termite infestation in the building.

(3) Certify whether the termite management system for new building work has been carried out in compliance with the Building Code of Australia.

3 Technical qualifications

(1) Both of the following—

- (a) possession of a licence under the *Health Act 1937*, part 4, division 7⁷ or a licence for pest control activities including activities for timber pests under the *Pest Management Act 2001*.
- (b) successful completion of the following competencies from Certificate III in Asset Maintenance (Pest Management-Technical) PRM30298—
 - (i) Inspect and Report on Timber Pests PRMP08A;
 - (ii) Control Timber Pests PRMPM10A.

⁷ *Health Act 1937*, part 4 (Drugs and other articles), division 7 (Pest control operators)

SCHEDULE 2 (continued)

4 Managerial requirements

An approved managerial qualification.

5 Experience requirements

Two years experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

**PART 53—TERMITE MANAGEMENT—PHYSICAL
LICENCE**

1 Licence class

Termite management—physical.

2 Scope of work

(1) Install a particular material or system designed for the prevention of termite infestation in accordance with the manufacturer's specification or any other applicable standard.

(2) Inspect or investigate a completed building and give advice or a report about the use of the particular material or system for the building.

(3) In this section—

“**particular material or system**” means the material or system stated in a condition on the licensee's licence under section 35⁸ of the Act.

8 Section 35 (Imposition of conditions etc. on grant of licence) of the Act

SCHEDULE 2 (continued)

3 Technical Qualifications

Certification by the manufacturer of a product or system to be used by a licensee that the licensee has satisfactorily completed a course about the installation of the product or system.

4 Managerial requirements

An approved managerial qualification.

5 Financial requirements

The relevant financial requirements in the board's policies.

PART 54—ROOF TILING LICENCE

1 Licence class

Roof tiling.

2 Scope of work

(1) Cut and fix roof tiles (including tiles of concrete, clay, metal or similar material, shingles and shakes) to roof and fascia structures.

(2) Set out and fix battens.

(3) Carry out bedding, pointing and installing of associated flashing.

(4) Install safety mesh, sarking and antiponding boards.

(5) Install firewall insulation and metal straps to battens.

(6) Install skylights.

(7) Incidental work of another class.

SCHEDULE 2 (continued)

3 Technical qualifications

Any 1 of the following—

- (a) successful completion of either of the following courses—
 - (i) an apprenticeship in roof tiling;
 - (ii) Certificate III in General Construction (Roof Tiling) BCG30898;
- (b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);
- (c) a recognition certificate as a qualified roof tiler;
- (d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial qualifications

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

SCHEDULE 2 (continued)

PART 55—WALL AND FLOOR TILING LICENCE**1 Licence class**

Wall and floor Tiling.

2 Scope of work

(1) Cut and fix tiles, including ceramic, glass, marble, slate, stone and terracotta tiles, to fireplaces, floors, hearths, spas, swimming pools and walls.

(2) Construct terrazzo floors, steps, risers and stringers.

(3) Apply waterproofing for wall and floor tiling.

(4) Incidental work of another class.

3 Technical qualifications

Any 1 of the following—

(a) successful completion of either of the following courses—

(i) an apprenticeship in wall and floor tiling;

(ii) Certificate III in General Construction (Wall and Floor Tiling) BCG30198;

(b) successful completion of a course the authority considers is at least equivalent to a course mentioned in paragraph (a);

(c) a recognition certificate as a qualified wall and floor tiler;

(d) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence.

4 Managerial qualifications

An approved managerial qualification.

SCHEDULE 2 (continued)

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or
- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

PART 56—WATERPROOFING LICENCE

1 Licence class

Waterproofing.

2 Scope of Work

Apply, install and repair waterproofing including surface preparation and apply or install material or systems for preventing moisture penetration.

3 Technical qualifications

Either of the following—

- (a) a recognition certificate as a qualified waterproofer;
- (b) a qualification or statement of attainment of required competency issued by an approved authority for the class of licence including the following national competency standards, or national competency standards the authority considers are at least equivalent to the following standards—

SCHEDULE 2 (continued)

- (i) Carry Out Interactive Workplace Communication BCG1000A;
- (ii) Carry Out OH&S Requirements BCG1001A;
- (iii) Plan and Organise Work BCG1002A;
- (iv) Read and Interpret Plans BCG1003A;
- (v) Carry Out Measurements and Calculations BCG1004A;
- (vi) Use Hand and Power Tools BCG1005A;
- (vii) Use Small Plant and Equipment BCG1006A;
- (viii) Use Simple Levelling Devices BCG1008A;
- (ix) Carry Out Excavation and Install Support BCG1009A;
- (x) Carry Out Concreting to Simple Forms BCG1010A;
- (xi) Handle Construction Materials and Safe Disposal of Waste BCG1011A;
- (xii) Prepare for Construction Process (Wall and Floor Tiling) BCG1012A;
- (xiii) Prepare Surfaces BCG2001A;
- (xiv) Apply and Install Waterproofing and Damproofing BCG3081A;
- (xv) Apply Waterproofing for Wall and Floor Tiling BCG3121A.

4 Managerial qualifications

An approved managerial qualification.

5 Experience requirements

Two years experience, which includes experience gained during an apprenticeship or other training, in—

- (a) the scope of work for the class; or

SCHEDULE 2 (continued)

- (b) other work, if the authority considers experience in the other work is at least equivalent to experience in the scope of work for the class.

6 Financial requirements

The relevant financial requirements in the board's policies.

SCHEDULE 3

DICTIONARY

section 3

“allowable annual turnover”, for an applicant for a licence or a licensee, means the allowable annual turnover calculated for the applicant or licensee under the board’s policies.

“annual licence fee” means the fee payable under section 37⁹ of the Act.

“**ANTA**” means the Australian National Training Authority established under the ANTA Act.

“**ANTA Act**” means the *Australian National Training Authority Act 1992* (Cwlth).

“approved authority”, for a class of licence, means—

- (a) a registered training organisation; or
- (b) a person registered as a national building and construction industry skills assessor, for the class of licence, on the national register of assessors.

“approved managerial qualification”, for an individual applying for a contractor’s licence, means a course provided by a registered training organisation and containing the following subjects (the **“authority course”**), or another course delivered by a registered training organisation that the authority is satisfied is at least equivalent to the authority course—

- (a) Accounting and bookkeeping;
- (b) Understanding financial statements;
- (c) Budgeting;
- (d) Cash management;
- (e) Business structures;

9 Section 37 (Annual licence fee) of the Act

SCHEDULE 3 (continued)

- (f) Taxation;
- (g) Financial management;
- (h) Business planning;
- (i) Insurance for business;
- (j) Statutory requirements;
- (k) Health and safety;
- (l) Communications and marketing;
- (m) Contracting in the construction industry;
- (n) Estimating;
- (o) BSA licensing.

“builder contractor’s licence” means a licence of a class mentioned in schedule 2, parts 4 to 10.

“building certifier” has the meaning given in the *Building Act 1975*, section 3.¹⁰

“Building Code of Australia” has the meaning given in the *Building Act 1975*, section 3.

“certificate of maintenance” means a certificate of maintenance under the *Building Fire Safety Regulation 1991*, section 15.¹¹

10 *Building Act 1975*, section 3 (Definitions)—

“building certifier”—

- (a) means an individual licensed as a building certifier by BSA; and
- (b) in part 5A—includes a former building certifier.

“Building Code of Australia” means the edition, current at the relevant time, of the Building Code of Australia (including the Queensland Appendix) published by the body known as the Australian Building Codes Board and includes the edition as amended from time to time by amendments published by the board.

11 *Building Fire Safety Regulation 1991*, section 15 (Testing of special fire services)

SCHEDULE 3 (continued)

“class”, for a building, means the class for the building under the Building Code of Australia.

“community organisation” means an organisation formed to promote the interests of a particular community or community group.

“Construction Training Australia” means National Building and Construction Industry Training Council Limited (trading as Construction Training Australia), being an industry training advisory body within the meaning of the ANTA Act.¹²

“Construction Training Queensland” means Construction Industry Training Council (Queensland) Inc. (using the business name Construction Training Queensland), being an industry training advisory body recognised by the Training and Employment Board.

“continuing classes” see section 43(1).

“design licence” means a licence of a class mentioned in schedule 2, parts 11 to 13 and 35.

“fire protection licence” means a licence of a class mentioned in schedule 2, parts 21 to 30.

“general repair” means a repair other than a repair carried out in connection with the preparation of a certificate of maintenance or a record of maintenance.

“inspection”, for schedule 3, definition “maintenance”, means the process of examining, measuring or otherwise comparing or evaluating an item, unit or system against an Australian Standard or a law of the Commonwealth or the State that relates to the item, unit or system.

“insurance statement” means a written statement about—

- (a) whether there is a policy of insurance in force under the Act in relation to building work on the land; and

¹² *Australian National Training Authority Act 1992* (Cwlth), section 4(1) (Interpretation)—

“industry training advisory body” means an organisation or body declared by the Ministerial Council to be an industry training advisory body for the purposes of the Agreement.

SCHEDULE 3 (continued)

(b) if there is a policy in force, whether any claim has been made under the policy and the amount (if any) paid out on the claim.

“maintenance”, for schedule 2, parts 21 to 30, means inspection and testing necessary to ensure that a fire protection system and any other fire safety measures continue to operate at their original performance level and in accordance with any relevant Australian Standards.

“multiple dwelling” means a building comprising 2 or more residential units.

“national competency standards” means a document—

- (a) designated as national competency standards; and
- (b) endorsed by ANTA for the Statement.

“national register of assessors” means the register of national building and construction industry skills assessors administered by—

- (a) Construction Training Australia; and
- (b) for Queensland—Construction Training Queensland.

“recognition certificate” means a recognition certificate under the *Training and Employment Act 2000*, section 182.¹³

“record of maintenance” see the *Building Fire Safety Regulation 1991*, section 16.¹⁴

“registered training organisation” see the *Training and Employment Act 2000*, section 14.¹⁵

13 *Vocational Education, Training and Employment Act 2000*, section 182 (Recognition of work or training by council)

Now see the *Vocational Education, Training and Employment Act 2000*, section 317.

14 *Building Fire Safety Regulation 1991*, section 16 (Testing of other prescribed fire safety installations)

15 *Vocational Education, Training and Employment Act 2000*, section 14—

14 What is a “registered training organisation”

A **“registered training organisation”** is a training organisation that is registered to provide—

- (a) training services; or
- (b) recognition services.

Now see the *Vocational Education, Training and Employment Act 2000*, section 317.

SCHEDULE 3 (continued)

“required competency”, for a class of licence, means competencies, or modules of courses for a qualification—

- (a) accredited by the Commonwealth or the State; and
- (b) approved by the authority as the minimum technical requirements for the class.

“residential unit” means a part of a building designed for separate occupation as a residence.

“Statement” see section 4(1) of the ANTA Act.¹⁶

“statement of attainment”, for a class of licence, means a written statement by an approved authority that a person has a required competency for the class of licence.

“testing”, for schedule 2, parts 21 to 30, means determining 1 or more characteristics of a given product, process or service according to specified procedures and relevant Australian Standards.

“trade contractor’s licence” means a licence of a class mentioned in schedule 2, parts 1 to 3 and 11 to 56.

“Training and Employment Board” means the Training and Employment Board established under the *Training and Employment Act 2000*, section 146.¹⁷

“Type A”, for construction, means Type A construction under the Building Code of Australia.

“Type B”, for construction, means Type B construction under the Building Code of Australia.

16 *Australian National Training Authority Act 1992* (Cwlth), section 4(1) (Interpretation)—

“Statement” means the statement entitled “A National Vocational Education and Training System” agreed on by the Commonwealth and the States and published on 21 July 1992.

17 *Vocational Education, Training and Employment Act 2000*, section 146 (Establishment of board)

Now see the *Vocational Education, Training and Employment Act 2000*, section 317.
