3 Meaning of **unimproved value**

- (1) For the purposes of this Act—

unimproved value of land means—

Valuation of Land Act 1944

- (a) in relation to unimproved land—the capital sum which the fee simple of the land might be expected to realise if offered for sale on such reasonable terms and conditions as a bona fide seller would require; and
 - (b) in relation to improved land—the capital sum which the fee simple of the land might be expected to realise if offered for sale on such reasonable terms and conditions as a bona fide seller would require, assuming that, at the time as at which the value is required to be ascertained for the purposes of this Act, the improvements did not exist.
- (2) However, the unimproved value shall in no case be less than the sum that would be obtained by deducting the value of improvements from the improved value at the time as at which the value is required to be ascertained for the purposes of this Act.
- (2A) The assumption mentioned in subsection (1), definition *unimproved value*, paragraph (b) is limited to the notional removal of the improvements only as at the time of valuation.
- (2B) For subsections (1) and (2), the unimproved value of land includes any increase in the value of the land that has happened in connection with—
- (a) a local planning instrument; or
 - (b) a development approval or other approval or authority under an Act, other than a hotel licence, relating to the land or an improvement of the land.
- (2C) Nothing in subsection (1) or (2) requires an assumption, in relation to improved land, that the improvements have never been made.
- (3) In addition, the restrictions and limitations in any deed of grant or certificate of title in respect of any racecourse shall be disregarded in ascertaining the unimproved value of the land of the racecourse concerned.
- (4) Notwithstanding anything contained in this section, in determining the unimproved value of any land it shall be assumed that—

- (a) the land may be used, or may continue to be used, for any purpose for which it was being used, or for which it could be used, at the date to which the valuation relates; and
- (b) such improvements may be continued or made on the land as may be required in order to enable the land to continue to be so used;

but nothing in this subsection prevents regard being had, in determining that value, to any other purpose for which the land may be used on the assumption that any improvements referred to in subsection (1) had not been made.

4 Meaning of *improved value*

For the purposes of this Act—

improved value means, in relation to land, the capital sum which the fee simple of the land, including improvements, might be expected to realise if offered for sale on such reasonable terms and conditions as a bona fide seller would require.

5 Meaning of *value of improvements*

- (1) The *value of improvements* means, in relation to land, the added value which the improvements give to the land at the time as at which the value is required to be ascertained for the purposes of this Act, irrespective of the cost of the improvements, including in such added value the value of any hotel licence the value of which has been included in the improved value.
- (2) However, the added value shall in no case exceed the cost that should reasonably be involved in effecting, at the time as at which the value is required to be ascertained for the purposes of this Act, improvements of a nature and efficiency equivalent to the existing improvements.

6 Meaning of *improvements*

- (1) *Improvements* means, in relation to land, improvements thereon or appertaining thereto, whether visible or invisible,

and made or acquired by the owner or the owner's predecessor in title, and includes all such destruction of suckers and seedlings as is incidental to the destruction of timber, and also includes the destruction of other vegetable growths and of animal pests on the land to the extent to which such destruction retains its utility, but does not include the destruction by any person of any such growths or pests which are allowed to establish themselves on the land during the ownership, except to the extent (if at all) to which it restores wholly or partly so much of the utility of a previous improvement in the nature of the destruction of such growths or pests as is, by the subsequent provisions of this definition, deemed to have been lost, and any improvement consisting of the destruction of such growths or pests, by whomsoever the same may be effected, shall be deemed to have lost its utility to the extent to which, after it has been made, other growths or pests (as the case may be) are allowed to establish themselves on the land.

- (2) In deciding the unimproved value of land, the term does not include invisible improvements, other than timber treatment, made by the State, the Commonwealth, a local government or a GOC unless the expenditure on the invisible improvements has been recouped, other than by the payment of rent, rates or taxes—
 - (a) from a purchaser from the State, the Commonwealth or a local government; or
 - (b) from a lessee of land from the State, the Commonwealth, a local government or a GOC.
- (3) However, the term includes invisible improvements, other than timber treatment, on land if a GOC is the owner of the land for rating and land tax purposes.
- (4) In this section, a reference to the State or the Commonwealth includes a reference to a statutory body representing the State or Commonwealth.

7 Meaning of *owner*

- (1) An *owner* of land is the person who—
 - (a) is entitled to receive the rent for the land; or

Valuation of Land Act 1944

- (b) would be entitled to receive the rent for the land if it were leased at a rack-rent.¹

 - (ii) a GOC; or
 - (iii) a local government; or
 - (iv) the Minister administering the *Industrial Development Act 1963*; or
 - (v) the chief executive of the department responsible for the administration of the *Forestry Act 1959*; or
 - (vi) a water authority; and
 - (f) the holder of—
 - (i) an occupation permit or stock grazing permit under the *Forestry Act 1959*; or
 - (ii) a permission to occupy under the *Land Act 1994*; and
 - (g) a licensee under the *Land Act 1994*.
- (3) A reference in subsection (2) to a lessee includes, if a person or entity representing the State is the lessee of State land, a sublessee from the person or entity.
- (4) Despite subsections (1) to (3), **owner** of land means—

¹ Rack-rent of land is a rent for the land that is the highest possible rent for the land. It implies that the land is leased commercially.

 - (c) the registration of a plan of subdivision, for the land, in the land registry kept under the *Land Title Act 1994*.
- (3) An agreement, conveyance or instrument mentioned in subsection (2)(b) includes a lease only if—
 - (a) the lease's term, or the term together with any period of renewal available under the lease, is longer than 5 years; or
 - (b) the lease is from a GOC, of land leased by the GOC—
 - (i) from the State; or
 - (ii) from a lessee of the State; or
 - (c) the lease is from a department of the State or an entity representing the State, of land leased by the department or entity from the State.

- (2) The later valuation may be altered if the chief executive considers that—

10 Section 52A (Late objections to valuation)

Part 6A Appeals

54A Application of pt 6A

This part does not apply to a valuation of land made under part 4 unless a provision of part 4 states that it applies.

55 Appeal against the chief executive's decision on an objection

- (1) An owner who has duly objected to the chief executive against a valuation made by the chief executive may, if dissatisfied with the decision of the chief executive upon the objection, appeal to the Land Court.
- (2) Except as hereinafter in this section provided, such an appeal shall not lie unless it is instituted within 42 days after the date of issue to the owner concerned by the chief executive of notice of the chief executive's decision upon the objection (which date of issue shall be stated in such notice).

56 How to start an appeal

- (1) An appeal shall be instituted by filing in the Land Court registry a notice of appeal.
- (2) Such notice shall state the grounds of appeal and the appeal shall be limited to the grounds so stated, and the burden of proving any and every such ground shall be upon the owner.
- (3) Such notice shall also state the amount which in the opinion of the appellant should be the valuation of the subject land.
- (4) The appellant shall serve a copy of the notice of appeal on the chief executive not later than 7 days after the notice is filed in the Land Court registry.

57 Late filing

- (1) If a notice of appeal is filed in the Land Court registry after the time stated in section 55(2), the registrar of the court must notify the owner that the appeal may not be heard unless the

Valuation of Land Act 1944

owner satisfies the court that the owner has a reasonable excuse for filing the notice after the time stated.

Example of reasonable excuse—

The notice of the chief executive's decision or the notice of appeal was lost or delayed in the ordinary course of post.

- (2) If the owner satisfies the court under subsection (1), the court may hear and decide the appeal.
- (2A) However, the court must not hear an appeal for which the notice of appeal was filed more than 12 months after notice of the chief executive's decision was given to the owner.
- (3) The registrar shall furnish to the chief executive a copy of a notification by the registrar to the owner and of any notification to the registrar by the owner under this section.

58 Defect in notice of appeal—action of registrar

- (1) Where it appears to the registrar of the Land Court that a notice of appeal filed in the registry does not comply in all respects with the requirements of section 56 or is otherwise defective in a material particular, the registrar shall issue or cause to be issued to the appellant a requisition specifying the noncompliance or defect and requiring the appellant to comply in all respects with the requirements of section 56 or remedy the defect, as the case may be, by filing in the registry within 21 days of the date of the requisition an answer to it so that the requirements of section 56 are satisfied or the defect is remedied, as the case may be.
- (2) Upon an appellant complying with the requirements of the requisition to the satisfaction of the registrar within the prescribed time of 21 days as aforesaid, the answer to the requisition shall be read as one with the notice of appeal and the material constituting the answer shall for all purposes be taken to have been supplied with and to have formed part of the notice of appeal on the day such notice was filed in the Land Court registry.
- (3) If the appellant does not fully comply with the requirements of the requisition to the satisfaction of the registrar within the prescribed time, the Land Court shall not proceed to hear and determine the appeal unless it is satisfied that the notice of

appeal as first filed complied in all respects with the requirements of section 56 and was not defective in any material particular or that, where in its opinion a requisition was properly issued, the requirements of the requisition have been complied with to the extent that, taking such compliance into consideration in conjunction with the notice of appeal as first filed, the requirements of section 56 have been complied with and there is no defect in any material particular.

- (4) The registrar shall furnish to the chief executive a copy of a requisition to an appellant and of any answer thereto by the appellant.
- (5) In any case where—
 - (a) a notice of appeal is filed in the Land Court registry but not within the time prescribed by section 55(2); and
 - (b) it appears to the registrar of the Land Court that the notice so filed does not comply in all respects with the requirements of section 56 or is otherwise defective in a material particular;

the notification of the registrar to the owner pursuant to section 57 and the requisition to the owner pursuant to this section shall be issued together.

- (6) This section applies subject to the provisions of this Act relating to the circumstances in which an appeal does not lie.

59 Defect in notice of appeal—action of Land Court

- (1) Where on the hearing of an appeal it appears to the Land Court that a notice of appeal does not comply in all respects with the requirements of section 56 or is otherwise defective in a material particular, the court shall require the appellant to furnish it within 7 days with particulars the absence of which constitute the failure to comply with the requirements of section 56 or the defect in a material particular.
- (2) If the appellant there and then satisfies the requirements of the Land Court or so satisfies them within the prescribed period of 7 days, the court shall make such order as to an adjournment or the continuation of the hearing of the appeal as it thinks fit having regard to the circumstances.

- (3) If the appellant fails to satisfy the requirements of the Land Court under this section within the prescribed period of 7 days, the court shall strike out the appeal.
- (4) Subsection (1) is applicable in any case—
 - (a) where the registrar has not issued to the appellant a requisition pursuant to section 58 or, though the registrar issued such a requisition, it was incorrect or incomplete; and
 - (b) notwithstanding that the registrar, pursuant to section 58, issued or caused to be issued to the appellant a requisition that was complied with to the satisfaction of the registrar within the prescribed time of 21 days.

60 Jurisdiction not affected by failure to serve chief executive

A failure by the appellant to serve a copy of the notice of appeal on the chief executive pursuant to section 56 shall not affect the jurisdiction of the Land Court to hear and determine the appeal but in respect of any adjournment occasioned by that failure the Land Court may make such order as to costs in favour of the chief executive as it thinks fit.

61 Defect in notice of appeal served on chief executive

Where the copy of the notice of appeal served in accordance with section 56 on the chief executive is defective in that, in respect of the matters required by section 56 to be stated, it is not a true copy of the notice filed in the Land Court registry, or where the copy of the notice of appeal is defective in some other material particular, the Land Court may proceed to hear and determine the appeal if it is satisfied that the chief executive is not disadvantaged by the defective nature of the copy served on the chief executive, and, in relation thereto, the court may make such order as to an adjournment of the hearing of the appeal as it thinks fit to ensure the chief executive is not so disadvantaged.

62 Costs of adjournment

The Land Court may make such order as to costs in favour of the chief executive as it thinks fit in respect of any adjournment of the hearing of an appeal occasioned by the appellant filing a notice of appeal not complying in all respects with the requirements of section 56 or defective in a material particular or occasioned by the service on the chief executive of a copy of a notice of appeal that is not a true copy of the notice filed in the Land Court registry or that is defective in some other material particular.

63 Constitution of Land Court at first instance

For the purpose of hearing and determining any appeal under section 55 the Land Court shall in the first instance be constituted by 1 member thereof sitting alone.

64 Appeal to Land Appeal Court

- (1) If aggrieved with the decision of the Land Court upon any appeal under section 55, the chief executive or the owner may appeal to the Land Appeal Court.
- (2) Such an appeal shall be by way of a rehearing.
- (3) The member of the Land Court who constituted such court in the first instance shall not sit upon the Land Appeal Court as constituted for such hearing.

65 Appeal to Court of Appeal

66 Order of court

Upon an appeal under section 55 the Land Court or, upon the rehearing of any such appeal, the Land Appeal Court may—

- (a) affirm the valuation appealed against; or

- (b) reduce or increase the amount of that valuation to the extent necessary in its opinion to determine the same correctly under, subject to, and in accordance with this Act;

and, subject to section 70, make such order as it deems fit with respect to the payment of costs.

67 Practice and procedure for appeals

- (1) The *Land Court Act 2000* and the *Land Court Rules 2000* apply for the purposes of an appeal under section 55, 64 or 65.

- (3) The president or a judge of the Court of Appeal or a member of the Land Court shall not, by reason only that land owned by that person is subject to valuation under this Act, be deemed to be interested in or be debarred from dealing with any matter upon which that person may be called to adjudicate on an appeal under section 55, 64 or 65.

68 Alteration of valuation after notice of appeal and effect thereof

- (1) The chief executive may after receiving notice of appeal alter the valuation in accordance with the requirements of such notice and may not less than 14 days before the commencement of the sittings of the court at which the appeal is to be heard give notice of such alteration to the appellant and to the court, as the case requires, and thereupon the appeal shall be determined.
- (2) Moreover the chief executive may after receiving notice of appeal reduce the valuation and may not less than 14 days before the commencement of the sittings of the court at which the appeal is to be heard give notice of such reduction to the appellant who may not less than 7 days before the commencement of the sittings give to the chief executive and

to the court, as the case requires, notice that the appellant accepts the valuation as reduced and thereupon the appeal shall be determined.

- (3) If the appellant does not give such notice the valuation as reduced shall be deemed to be the valuation appealed against.

69 Restriction on objection and appeal

Notwithstanding the provisions of sections 52 and 55, an owner has no right of objection or appeal under this part against an alteration in a valuation made by the chief executive under section 28(1)(g) if the alteration constitutes a reduction in the valuation.

70 Costs of appeal against valuation

- (1) Where the value of land as finally determined upon an appeal against the valuation is the value stated by the owner in the owner's notice of appeal against the valuation, or is nearer to that value than to the valuation appealed against, costs shall not be awarded against the owner.
- (2) Otherwise costs shall not be awarded against the chief executive.

- (2) If a valuation roll or part of a valuation roll has, under section 73, been given to a local government and a person, whose name and address appears in the roll or part, becomes a protected person, the chief executive must give notice to the local government about the suppression direction for the benefit of the protected person, no later than 7 days after the date of the direction.
- (3) If matters stated in a suppression direction change (including, for example, the land stated in the direction), the chief executive must give notice to a local government that has previously been given notice about the direction.
