

Queensland

Water Act 2000

Water Regulation 2002

Reprinted as in force on 1 September 2006

Reprint No. 3J

This reprint is prepared by
the Office of the Queensland Parliamentary Counsel
Warning—This reprint is not an authorised copy

Information about this reprint

This regulation is reprinted as at 1 September 2006. The reprint shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

Water Regulation 2002

[as amended by all amendments that commenced on or before 1 September 2006]

Part 1 Preliminary

1 Short title

This regulation may be cited as the *Water Regulation 2002*.¹

2 Commencement

- (1) Sections 58–60, 74, 75(d) and (e), schedule 3, item 2, and schedule 14 commence on 30 June 2002.
- (2) The remaining provisions of this regulation commence on 19 April 2002.

3 Definitions

The dictionary in schedule 17 defines particular words used in this regulation.

1 As far as practicable, the parts of this regulation follow the chapters of the Act. Part 3 has been deliberately left blank to allow the regulation to be easily amended in the future.

A copy of a map or plan mentioned in this regulation may be inspected at the department's head office, Brisbane or on the department's website.

Part 2 Allocation and sustainable management

Division 1A Water planning

3CA Notice of works and water use—Act, s 37

- (1) This section applies to the following works of any size, for taking or interfering with subartesian water under section 20(6) of the Act, in the part of the State shown on plan AP9970 or AP13801—
 - (a) existing works;
 - (b) on their completion—
 - (i) works enlarging, deepening or changing existing works; and
 - (ii) works constructed in the future.
- (2) The owner of land on which the works are constructed must notify the chief executive of the works and the water use or, for works completed in the future, proposed water use, in relation to the works.

Maximum penalty—20 penalty units.

- (3) The notice must be—
 - (a) in the approved form; and
 - (b) given to the chief executive—
 - (i) for a notice about existing works—within 60 days after the commencement of this section; and
 - (ii) for a notice about works completed in the future—within 60 days after the completion of the works.

3D Requirement for land and water management plan—Act, s 73

- (1) For section 73(1)(b)(ii) and (2A)(c) of the Act, the time is—
 - (a) the next water year after the water year the person used

- the water received under a seasonal water assignment; or
- (b) the water year after the next water year.
- (2) In this section—
- water year*** means—
- (a) for water taken under a water allocation—the water year for the resource operations plan under which the water allocation is managed; and
- (b) for water taken under an interim water allocation—the water year for the interim resource operations licence under which the interim water allocation is managed.

Division 1B Implementing water resource plans

4 Locations of offices of the registry—Act, s 148

- (1) Documents may be lodged—
- (a) at the following offices of the registry during business hours—
- Brisbane
 - Bundaberg
 - Bundall (Gold Coast)
 - Caboolture
 - Cairns
 - Ipswich
 - Mackay
 - Maryborough
 - Nambour
 - Rockhampton
 - Roma
 - Toowoomba
 - Townsville; and
- (b) at other offices of the registry at the times fixed by the

chief executive.

- (2) The chief executive must advertise in the local area the times when an office of the registry mentioned in subsection (1)(b) accepts documents.

5 Documents that may be lodged in the registry—Act, s 148

- (1) This section applies to documents to be lodged in the registry.
- (2) The documents must be printed on paper that is—
 - (a) international sheet size A4; and
 - (b) white bond of a density at least 80gm to a square metre; and
 - (c) free from discolouration and blemishes.
- (3) A document mentioned in subsection (2) must—
 - (a) have clear margins no smaller than 10mm on all sides; and
 - (b) have a clear space no smaller than 90mm wide and 65mm deep at the top right-hand corner of the document for stamp duty imprint; and
 - (c) be completed on 1 side only, either—
 - (i) printed with type size no smaller than 1.8mm (10 point); or
 - (ii) completed in a way that is permanent and that can be photocopied to produce a copy satisfactory to the registrar; and
 - (d) have all pages of the document and all attachments securely bound together in a way approved by the registrar.
- (4) An alteration on a document must be made by—
 - (a) striking through the printing or writing intended to be altered so that the original printing or writing is still legible; and
 - (b) having each party to the document and each witness initial the alteration to the document.

Division 2 Interim allocation and management arrangements

6 Nominated persons—Act, s 168

A person mentioned in column 1 of schedule 1 is nominated as the person who operates the infrastructure or manages the water mentioned opposite the person in column 2.

7 Entities—Act, ss 190 and 193

For sections 190(d)(iv) and 193(1)(e) of the Act, the entities are in schedule 2.

8 Transferring interim water allocation to other land—Act, s 195

- (1) An interim water allocation holder (the *proposed transferor*) may transfer to other land, all or part of the authority to take water under the allocation in relation to land.
- (2) However, subsection (1) applies only if—
 - (a) the interim water allocation—
 - (i) is managed under an interim resource operations licence for a water supply scheme mentioned in schedule 3, column 1; and
 - (ii) is applied for a purpose mentioned opposite the water supply scheme in schedule 3, column 2; and
 - (b) the transfer is in accordance with any conditions, for the water supply scheme, in schedule 3, column 3;² and
 - (c) the person acquiring the authority (the *proposed transferee*) is the owner of land that may be supplied with water under the interim resource operations licence; and
 - (d) the transfer results in the proposed transferee acquiring

2 A copy of an interim resource operations licence mentioned in schedule 3 is available on the department's website at—
<www.nrm.qld.gov.au/water/management/irols.html>.

an authority to take water in relation to the land of the proposed transferee; and

- (e) the proposed transferee intends to apply the allocation for a purpose mentioned, for the water supply scheme, in schedule 3, column 2; and
- (f) the transfer is made in accordance with the chief executive's written approval.

9 Application for approval to transfer interim water allocation

- (1) This section applies for obtaining the chief executive's approval of a transfer mentioned in section 8.
- (2) An application must be made to the chief executive.
- (3) The application must—
 - (a) be made jointly by the proposed transferor and proposed transferee; and
 - (b) be in the approved form.
- (4) The application must be accompanied by the following—
 - (a) a copy of the document under which the proposed transferor's interim water allocation is held;
 - (b) a statutory declaration by the proposed transferor that each person (an *interested entity*) who has a financial or other interest in the land of the proposed transferor for which the interim water allocation is held has been given notice of the proposed transfer;
 - (c) the written consent of each interested entity to the proposed transfer;
 - (d) evidence of the existence of a supply contract between the proposed transferee and the interim resource operations licence holder;
 - (e) the application fee mentioned in schedule 16.

10 Deciding application for approval

- (1) In deciding whether to grant the application mentioned in

section 9, the chief executive must have regard to the following—

- (a) the effect of the proposed transfer on the sustainability of land and water resources in the area; and
 - (b) the purpose for which the proposed transferee intends to use the allocation; and
 - (c) any other matter the chief executive considers appropriate.
- (2) After considering the matters mentioned in subsection (1), the chief executive may—
- (a) refuse to approve the proposed transfer; or
 - (b) approve the proposed transfer with or without conditions.

11 Decision to refuse to approve proposed transfer

- (1) The chief executive must refuse to approve the proposed transfer if the proposed transferee does not intend to apply the water allocation for a purpose mentioned, for the water supply scheme, in schedule 3, column 2.
- (2) If the chief executive decides to refuse to approve the proposed transfer, the chief executive must, within 10 business days—
 - (a) give the proposed transferor and the proposed transferee an information notice for the decision to refuse; and
 - (b) give the interim resource operations licence holder notice of the decision.

12 Decision to approve proposed transfer without conditions

If the chief executive decides to approve the proposed transfer without conditions, the chief executive must, within 10 business days, give the proposed transferor, the proposed transferee and the interim resource operations licence holder notice of the decision.

13 Decision to approve proposed transfer with conditions

- (1) If the chief executive decides to approve the proposed transfer with conditions, the chief executive must, within 10 business days—
 - (a) give the proposed transferee an information notice for the decision to approve the proposed transfer with conditions; and
 - (b) give the proposed transferor and the interim resource operations licence holder notice of the decision.
- (2) The conditions the chief executive may impose include a condition that the interim water allocation is to be adjusted to avoid a negative effect on the sustainability of land and water resources.

13A Approval under section 13

- (1) If a proposed transferee given an approval under section 13 intends to proceed with the transfer, the proposed transferee must give the chief executive notice in the approved form.
- (2) The notice must be given—
 - (a) if the proposed transferee appeals against the decision—within 30 business days after the appeal is finally decided; or
 - (b) otherwise—within 30 business days after receiving the information notice under section 13(1)(a).

13B Completion of transfer of interim water allocation

- (1) This section applies if the chief executive—
 - (a) approves the proposed transfer under section 12; or
 - (b) receives a notice under section 13A(1).
- (2) The chief executive may require the proposed transferor or the proposed transferee to return to the chief executive documents under which interim water allocations are held.
- (3) The chief executive must cancel or amend existing interim water allocations, or issue new interim water allocations necessary to give effect to the transfer—

- (a) if the chief executive has requested the return of documents under subsection (2)—within 30 business days after the return of the documents; or
- (b) otherwise, within 30 business days after the chief executive—
 - (i) gives notice under section 12; or
 - (ii) receives a notice under section 13A(1).

Division 3 Water licences

14 Entities—Act, ss 206 and 213

For sections 206(4)(g) and 213(e)(vii) of the Act, the entities are in schedule 2.

14A When water licence fee is payable

- (1) The water licence fee mentioned in schedule 16, item 41, is payable—
 - (a) on each of the following applications—
 - (i) for a water licence under section 206 of the Act;
 - (ii) to amend a water licence under section 216 of the Act by extending the period of the licence;
 - (iii) to renew a water licence under section 220 of the Act;
 - (iv) to reinstate a water licence under section 221 of the Act;
 - (v) to amalgamate 2 or more water licences under section 224 of the Act;
 - (vi) to subdivide a water licence under section 225 of the Act;
 - (vii) for 1 or more replacement water licences under section 229 of the Act; and
 - (b) on the grant of a water licence under section 212, 1037, 1037A, 1046 or 1089 of the Act; and

- (c) on the amalgamation of water licences or subdivision of a water licence, under section 1055 of the Act; and
 - (d) on the amendment of a water licence under section 1055 of the Act if the period for which the licence was granted is increased.
- (2) Subsection (1) does not apply to—
- (a) a water licence only to take supplemented water; or
 - (b) a water licence to take water for stock or domestic purposes, other than if the licence is to take underground water for stock or domestic purposes from the Great Artesian Basin.
- (3) The water licence fee for the whole of the period of the licence is payable when—
- (a) making the application under subsection (1)(a); or
 - (b) granting the licence under subsection (1)(b); or
 - (c) amalgamating, subdividing or amending the licence or licences under subsection (1)(c) or (d).

15 Seasonal water assignments and rules—Act, s 230

- (1) Seasonal water assignments are allowed in a water management area mentioned in schedule 4, column 1, for a water licence mentioned for the area in column 2.
- (2) The seasonal water assignment rules for a water management area are stated, for the area, in column 3.³

Division 4 Catchment areas

16 Catchment areas—Act, s 258

The area shown on each plan mentioned in schedule 5, column 2 is declared to be a catchment area and given the name mentioned opposite the plan in column 1.

³ A copy of seasonal water assignment rules mentioned in schedule 4 may be obtained from the department's regional office for the area to which the rules relate.

Division 5 Quarry materials

17 Royalty for State quarry material—Act, s 292

- (1) The rate at which royalty is payable under the Act is stated in schedule 15.
- (2) However, no royalty is payable for State quarry material removed under an allocation notice if the chief executive of a department issues a certificate stating that the material was supplied to the department for the department's use.

Division 6 Water bore drillers

18 Classes of licence—Act, s 299

- (1) For section 299(2)(b) of the Act, the following are the classes of water bore driller's licences—
 - (a) class 1 water bore driller's licence;
 - (b) class 2 water bore driller's licence;
 - (c) class 3 water bore driller's licence.
- (2) A class 1 licence authorises the licence holder to carry out drilling activities in single subartesian aquifer systems.
- (3) A class 2 licence authorises the licence holder to carry out drilling activities in all subartesian aquifer systems.
- (4) A class 3 licence authorises the licence holder to carry out drilling activities in all subartesian and artesian aquifer systems.

19 Water bore driller's licence endorsements—Act, s 299

- (1) For section 299(2)(c) of the Act, the following are the water bore driller's licence endorsements—
 - (a) cable tool;
 - (b) auger;
 - (c) rotary air;

- (d) rotary mud;
- (e) non-drilling rig.
- (2) A cable tool endorsement authorises drilling activities using cable tool or cable percussion drilling methods.
- (3) An auger endorsement authorises drilling activities using bucket auger, hollow stem auger or solid stem auger methods.
- (4) A rotary air endorsement authorises drilling activities using rotary drilling methods with air as the drilling fluid.
- (5) A rotary mud endorsement authorises drilling activities using rotary drilling methods with water as the drilling fluid or as the base for the drilling fluid.
- (6) A non-drilling rig endorsement authorises water bore activities using non-drilling rig methods including spear point construction, hand digging and the use of excavators or back-hoes for the construction of wells, excavations and galleries.

20 Qualifications or experience for class 1 licence—Act, s 299

- (1) For section 299(2)(d) of the Act, the qualifications or experience for a class 1 water bore driller's licence are either—
 - (a) holding a licence, equivalent to a class 1 water bore driller's licence, granted by the entity that administers the licensing of water bore drillers in another State; or
 - (b) the qualifications or experience stated in subsection (2).
- (2) For subsection (1)(b), the qualifications or experience are—
 - (a) successful completion of—
 - (i) the class 1 licence module and the drilling method endorsement module of the examinations conducted by the Australian Drilling Industry Training Committee (*ADITC*) for any endorsement for which the applicant is applying; or
 - (ii) another course considered equivalent by the chief executive; and

- (b) demonstrated drilling and grouting knowledge; and
- (c) either—
 - (i) both—
 - (A) successful completion of the Drilling Industry Certification and Tapes Course (the *DICAT course*) conducted by ADITC or another course considered equivalent by the chief executive; and
 - (B) employment in the operation of a drilling machine under the direct supervision of a licensed water bore driller for at least 6 months during which at least 6 bores were drilled; or
 - (ii) employment in the operation of a drilling machine under the direct supervision of a licensed water bore driller for at least 12 months during which at least 6 bores were drilled; or
 - (iii) employment in the operation of a drilling machine, other than in water bore drilling activities, for at least 12 months during which at least 10 bores that intersect underground water were drilled.

21 Qualifications or experience for class 2 licence—Act, s 299

- (1) For section 299(2)(d) of the Act, the qualifications or experience for a class 2 water bore driller's licence are either—
 - (a) holding a licence, equivalent to a class 2 water bore driller's licence, granted by the entity that administers the licensing of water bore drillers in another State; or
 - (b) the qualifications or experience stated in subsection (2).
- (2) For subsection (1)(b), the qualifications or experience are—
 - (a) successful completion of—
 - (i) the class 2 licence module and the drilling method endorsement module of the examinations

- conducted by ADITC for any endorsement for which the applicant is applying; or
- (ii) another course considered equivalent by the chief executive; and
- (b) demonstrated drilling and grouting knowledge; and
- (c) either—
- (i) both—
 - (A) employment as a licensed class 1 driller for at least 12 months; and
 - (B) drilling at least 6 bores including, under the direct supervision of the holder of a class 2 licence, at least 3 bores for which a class 2 licence is required (a *class 2 bore*); or
 - (ii) both—
 - (A) successful completion of the DICAT course or another course considered equivalent by the chief executive; and
 - (B) employment in the operation of a drilling machine under the direct supervision of a licensed water bore driller for at least 18 months during the drilling of at least 6 bores including at least 3 class 2 bores drilled under the direct supervision of the holder of a class 2 licence; or
 - (iii) employment in the operation of a drilling machine under the direct supervision of a licensed water bore driller for at least 24 months during the drilling of at least 10 bores including at least 3 class 2 bores drilled under the direct supervision of the holder of a class 2 licence; or
 - (iv) employment in the operation of a drilling machine, other than in water bore drilling activities, for at least 24 months during which at least 10 bores that intersect multiple aquifer systems were drilled.

22 Qualifications or experience for class 3 licence—Act, s 299

- (1) For section 299(2)(d) of the Act, the qualifications or experience for a class 3 water bore driller's licence are either—
 - (a) holding a licence, equivalent to a class 3 water bore driller's licence, granted by the entity that administers the licensing of water bore drillers in another State; or
 - (b) the qualifications or experience stated in subsection (2).
- (2) For subsection (1)(b), the qualifications or experience are—
 - (a) successful completion of—
 - (i) the class 3 licence module and the drilling method endorsement module of the examinations conducted by ADITC for any endorsement for which the applicant is applying; or
 - (ii) another course considered equivalent by the chief executive; and
 - (b) successful completion of 1 of the courses mentioned in subsection (3); and
 - (c) demonstrated drilling and grouting knowledge; and
 - (d) either—
 - (i) both—
 - (A) employment as a licensed class 2 driller, or in the operation of a drilling machine under the direct supervision of the holder of a class 3 licence, for at least 24 months; and
 - (B) drilling at least 10 bores including, under the direct supervision of the holder of a class 3 licence, at least 3 bores for which a class 3 licence is required (a *class 3 bore*); or
 - (ii) all of the following—
 - (A) successful completion of the DICAT course or another course considered equivalent by the chief executive;
 - (B) employment as a licensed class 2 driller, or

- in the operation of a drilling machine under the direct supervision of the holder of a class 3 licence, for at least 18 months;
- (C) drilling at least 10 bores including, under the direct supervision of the holder of a class 3 licence, at least 3 class 3 bores; or
- (iii) employment in the operation of a drilling machine, other than in water bore drilling activities, for at least 36 months during which at least 10 bores that intersect artesian water were drilled.
- (3) For subsection (2)(b), the following are the courses—
- (a) The Use and Application of Drilling Fluids, conducted by the Australian Drilling Industry Association (*ADIA*);
 - (b) training in the use and application of drilling fluids conducted by ADITC;
 - (c) another course considered equivalent by the chief executive.

23 Conditions of water bore driller's licence—Act, s 302

- (1) For section 302(1)(a) of the Act, the following are the conditions for a water bore driller's licence—
- (a) water bore drilling activities that tap an aquifer in the sediments of an artesian basin must be carried out in accordance with 'Minimum Standards for the Construction and Reconditioning of Water Bores that intersect the sediments of Artesian Basins in Queensland', published by the department;
 - (b) other water bore drilling activities must be carried out in accordance with 'Minimum Construction Requirements for Water Bores in Australia', published by the department;⁴
 - (c) if a development approval is required to carry out particular water bore drilling activities, the licence

⁴ A copy of a document mentioned in section 23(1)(a) or (b) may be obtained from the department's head office in Brisbane or inspected on the department's website at <www.nrm.qld.gov.au>.

- holder must see the approval and carry out the activities in accordance with the approval;
- (ca) self-assessable development that is operational work mentioned in the *Integrated Planning Act 1997*, schedule 8, part 2, table 4, item 1(b)(ii), must be carried out in accordance with the code approved for the development under section 62;
 - (d) for a class 1 licence—the licence holder must not drill bores with an internal bore casing diameter of more than 150mm;
 - (e) the licence has effect for a period of 5 years.
- (2) The chief executive, in granting a water bore driller's licence, must impose on the licence a condition that the licensee must not construct screened and designed gravel packed bores if the licensee has not completed—
- (a) the course Well Screens, Sieve Analysis and Gravel Packs, conducted by ADIA; or
 - (b) another course considered equivalent by the chief executive.
- (3) The holder of a class 1 licence, who has drilled 10 bores, may apply to amend the licence by removing the condition mentioned in subsection (1)(d).
- (4) The chief executive may amend the licence to remove the condition only if the licence holder gives the chief executive a copy of the records, kept by the holder under section 313 of the Act, about the 10 bores.

24 Records of water bores drilled—Act, s 313

For section 313(1) of the Act, the following is the information required to be kept about each water bore drilling activity—

- (a) the name and address of the owner of the land on which the activity is being carried out;
- (b) the location of the activity;
- (c) the name and water bore driller's licence number of the driller performing the work;

- (d) the drilling method used;
- (e) the dates the water bore drilling activity started and finished;
- (f) details of the following—
 - (i) the strata drilled;
 - (ii) water produced by the strata, including the volume and quality of the water, the depth at which it is struck and the depth to which it rises naturally;
 - (iii) the bore hole diameter;
 - (iv) the type and diameter of the bore casing;
 - (v) the diameter and location of the bore hole cementing;
 - (vi) the number and size of the slots or perforations in the casing, or screens installed, for water entry;
- (g) an estimation of the rate at which water may be produced from the bore;
- (h) a diagram showing details of the construction of the finished bore.

Part 3 Infrastructure and service

25 Section numbers 25–30 not used

See footnote to section 1.

Part 4 Water authorities

31 Water authorities established—Act, s 548

- (1) Each water authority mentioned in schedule 6, column 1, is established.

- (2) If the authority is established for an authority area, the authority area is shown on the plan mentioned opposite the authority in column 2.

32 Returning officer for election of directors—Act, s 598

- (1) For the first election of directors or any election when there are no directors comprising a water authority's board, the chief executive—
- (a) must appoint a person the chief executive considers appropriate as the returning officer; and
 - (b) may appoint a person the chief executive considers appropriate as the deputy returning officer.
- (2) For any other election of directors, the board—
- (a) must appoint a person the board considers appropriate as the returning officer; and
 - (b) may appoint a person the board considers appropriate as the deputy returning officer.
- (3) The returning officer—
- (a) must conduct an election in the way stated in this part; and
 - (b) may take the action and give the directions the returning officer considers reasonably necessary—
 - (i) to ensure no irregularities happen in the election; or
 - (ii) to remedy a procedural defect that appears to the returning officer to exist in relation to the election.

Maximum penalty for subsection (3)(a)—20 penalty units.

- (4) The returning officer must not influence, or attempt to influence, the outcome of an election.

Maximum penalty—20 penalty units.

- (5) If the returning officer is unable to perform the returning officer's functions, for example because of illness, the deputy returning officer or, if there is no deputy returning officer, another person the board or, for the first election of directors,

the chief executive considers appropriate must perform the functions.

32A Procedures for election of directors

(1) An election of directors may be conducted—

- (a) by mail; or
- (b) at a meeting.

(2) In subsection (1)—

by mail, in relation to the conduct of an election, means other than at a meeting and may include voting material being given, for example—

- (a) by handing it to the person; or
- (b) by sending it by mail; or
- (c) by sending it by facsimile; or
- (d) by sending it electronically.

32B Election of directors by mail or at meeting

(1) For a first election of directors or any election when there are no directors comprising a water authority's board, the chief executive may decide to allow the returning officer to conduct the election at a meeting of the authority's ratepayers rather than by mail if the chief executive is satisfied—

- (a) the authority's area includes only a small number of ratepayers; and
- (b) the ratepayers would be able to attend a meeting for the election.

(2) For any other election of directors, the board may decide to allow the returning officer to conduct the election at a meeting of the authority's ratepayers if the board is satisfied of the matters mentioned in subsection (1)(a) and (b).

32C Notice of election at meeting

(1) If a decision is made under section 32B to conduct an election at a meeting, the returning officer must send a notice about the

election to each of the authority's ratepayers.

- (2) The notice must state—
 - (a) for a first election of directors—that the water authority has been established or formed;⁵ and
 - (b) that a meeting will be held to elect the directors of the authority; and
 - (c) the date and place for the meeting; and
 - (d) that the ratepayer may appoint a proxy to—
 - (i) attend the meeting; and
 - (ii) if section 33(3) or (5) applies to the ratepayer—nominate an individual; and
 - (iii) if the ratepayer is entitled to vote—
 - (A) nominate a candidate for election under section 34A; and
 - (B) vote on behalf of the ratepayer.
- (3) The date for the meeting must be at least 15 business days after the returning officer sends the notice.
- (4) The election may be held at a meeting of the board being held for another purpose.

32D Appointment of proxy for election at meeting

- (1) The appointment of a proxy is effective only if a properly completed proxy form is given to the returning officer before the returning officer calls for nominations under section 34A.
- (2) A properly completed proxy form—
 - (a) states the full name of the person appointed; and
 - (b) is signed by both the person appointing and the person appointed.
- (3) The appointment of the proxy—
 - (a) can not be transferred by the holder of the appointment

⁵ See sections 548 (Establishing water authorities) and 690 (Amalgamating water authorities and authority areas) of the Act.

- to another person; and
- (b) can not be irrevocable.
- (4) A ratepayer who is a proxy for another ratepayer may, in the absence of the other ratepayer, vote both in the ratepayer's own right and also as proxy for the other ratepayer.
- (5) However, a proxy must not be exercised if the ratepayer who appointed the proxy is present at the meeting for the election.

32E Minutes of meeting for election

- (1) The returning officer must—
- (a) ensure minutes are recorded of all proceedings of the meeting for the election; and
- (b) sign the minutes to verify their accuracy.
- (2) As soon as practicable after the meeting, the returning officer must ensure a copy of the minutes is given to each ratepayer.

33 Roll of voters

- (1) The returning officer must compile a roll of voters in accordance with this section.
- Maximum penalty—20 penalty units.
- (2) The roll must state the full name and address of each ratepayer.
- (3) If 2 or more ratepayers are joint owners or occupiers, the returning officer must ask them to nominate in writing an individual to represent them.
- (4) The returning officer must insert on the roll the name and address of—
- (a) the person nominated; or
- (b) if no-one is nominated—the owner or occupier whose name appears first in the records of the chief executive or the board.
- (5) If a ratepayer is a body corporate, the returning officer must ask the body corporate to nominate in writing an individual (a *nominee*) to represent the body corporate.

- (6) The returning officer must insert the name and address of the nominee on the roll.
- (7) The returning officer must—
 - (a) allow a ratepayer to inspect the roll, free of charge, at the board's public office premises during business hours; and
 - (b) on payment of a reasonable fee—give the ratepayer a copy of the roll.
- (8) Subject to subsection (4), a person who is a ratepayer whose name does not appear on the roll may apply in writing to the returning officer to have the person's name included on the roll.
- (9) If the returning officer is satisfied the person is a ratepayer, the returning officer must insert the person's name and address on the roll.
- (10) If the election is held at a meeting, the returning officer must compile the roll of voters at the meeting.

34 Nominations for election by mail

- (1) The returning officer must, by notice to each person entitled to vote (a *voter*), call for nominations of persons eligible to be elected as directors.⁶
- (2) The notice must state—
 - (a) the day and time, at least 10 business days after the notice is given, when nominations close; and
 - (b) the day, not more than 20 business days after nominations close, when voting material will be given to voters if a ballot is necessary.
- (3) A nomination must be—
 - (a) written; and
 - (b) signed by the candidate and 2 voters; and
 - (c) given to the returning officer before nominations close.

⁶ See section 603 (Eligibility for appointment as director) of the Act.

- (4) A candidate may withdraw a nomination by notice to the returning officer no later than 1 hour before nominations close.
- (5) A person must not, under subsection (3) or (4), state anything the person knows is false or misleading in a material particular.
Maximum penalty—20 penalty units.
- (6) It is enough for a complaint for an offence against subsection (5) to state the statement made was ‘false or misleading’ to the person’s knowledge, without specifying which.

34A Nominations for election at meeting

- (1) The returning officer must, at a meeting to elect directors, call for nominations of persons eligible to be elected.
- (2) A nomination must be by a voter or a voter’s proxy, seconded by another voter and accepted by the candidate nominated.
- (3) If the candidate nominated is not present at the meeting, the nomination must be—
 - (a) in writing; and
 - (b) signed by the candidate and 2 voters; and
 - (c) given to the returning officer at the time the officer calls for nominations.
- (4) A person must not, under subsection (3), state anything the person knows is false or misleading in a material particular.
Maximum penalty—20 penalty units.
- (5) It is enough for a complaint for an offence against subsection (4) to state the statement made was ‘false or misleading’ to the person’s knowledge, without specifying which.

35 When ballot must be held

- (1) If, after nominations have closed, the number of candidates is not more than the number to be elected, the returning officer must declare the candidates elected.

- (2) However, if the number of candidates is more than the number to be elected, the returning officer must conduct a secret ballot.

36 Preparing ballot papers

- (1) A ballot paper must comply with the following—
 - (a) be made of paper that will hide a vote marked on it from view when it is folded once;
 - (b) list the names of each candidate for election once, with the surname first, followed by the candidate's other names;
 - (c) state how the voter may vote;
 - (d) state the day and time the ballot starts and the day and time it ends;
 - (e) state that, for the vote to be counted, the voter must fill in and sign the declaration form.
- (2) If 2 or more candidates have the same surname and other names, the candidates must be distinguished in an appropriate way, for example by including the occupation of each candidate on the ballot paper.
- (3) The order of names on the ballot paper must be decided by lot.
- (4) Subsection (1)(d) and (e) do not apply to the ballot paper for an election at a meeting.

37 Distributing voting material for election by mail

- (1) The returning officer must give the following (the *voting material*) to each voter—
 - (a) a ballot paper initialled by the returning officer;
 - (b) a ballot envelope;
 - (c) a declaration form stating 'I certify that I am the person to whom this voting material has been given and I have voted on the ballot paper enclosed.';
 - (d) a return envelope addressed to the returning officer.
- (2) The voting material must be given not more than 20 business

days after nominations close, to arrive, if practicable, no later than the last working day before the ballot starts.

- (3) If a voter gives the returning officer notice that the voter will be at a different address from the address stated on the roll when voting material is to be given, the returning officer must give the voter the material at the address stated in the notice.
- (4) Before giving voting material to a voter, the returning officer must mark a ballot number on—
 - (a) the roll against the voter's name; and
 - (b) the declaration form; and
 - (c) the return envelope.
- (5) The ballot numbers must be consecutive starting with a number chosen by the returning officer.
- (6) After giving the voting material, the returning officer must obtain a lockable ballot box and keys and keep them in a safe place.

37A Distributing ballot papers for election at meeting

- (1) The returning officer must give a ballot paper to each voter.
- (2) After giving a ballot paper, the returning officer must note against the voter's name on the roll of voters that the ballot paper has been given.
- (3) The returning officer must have a lockable ballot box and keys at the meeting.

38 How long ballot for election by mail is open

A ballot for election by mail must remain open for at least 10 business days.

39 Voting in election by mail

- (1) A voter may vote only once in each election.
Maximum penalty—20 penalty units.
- (2) A voter may vote by completing the following steps—

Water Regulation 2002

- (a) marking a tick or a cross on the ballot paper in the squares opposite the names of up to the number of candidates that may be elected by the voters for the area to constitute the board;
 - (b) putting the ballot paper in the ballot envelope;
 - (c) sealing the ballot envelope;
 - (d) filling in and signing the declaration;
 - (e) putting the declaration and the ballot envelope in the return envelope;
 - (f) sealing the return envelope;
 - (g) returning the return envelope to the returning officer before voting closes by—
 - (i) posting it to the returning officer; or
 - (ii) putting it in the ballot box.
- (3) The returning officer must provide a voter who wishes to vote at a polling booth with an unoccupied voting compartment in which to vote in private.
- (4) If a voter satisfies the returning officer that voting material given to the ratepayer has been lost, stolen or destroyed, the returning officer must give the voter duplicate voting material.
- (5) A voter must not, under subsection (2)(d) or (4), state anything the voter knows is false or misleading in a material particular.
- Maximum penalty—20 penalty units.
- (6) It is enough for a complaint for an offence against subsection (5) to state the statement made was ‘false or misleading’ to the voter’s knowledge, without specifying which.
- (7) A person who is not on the roll of voters must not vote in an election.
- Maximum penalty for subsection (7)—20 penalty units.

39A Voting in election at meeting

- (1) A voter may vote only once in an election.
- Maximum penalty—20 penalty units.

- (2) A voter may vote by—
 - (a) marking a tick or cross on the ballot paper in the squares opposite the names of up to the number of candidates that may be elected by the voters for the area to constitute the board; and
 - (b) putting the ballot paper in the ballot box.
- (3) At the time the voter puts the ballot paper in the ballot box, the returning officer must note the fact that the voter has voted against the voter's name on the roll.
- (4) If a voter satisfies the returning officer that the ballot paper given to the voter has been incorrectly marked, damaged or is otherwise no longer suitable for voting, the returning officer must give the voter a duplicate ballot paper.
- (5) A person who is not on the roll of voters for the election may not vote in the election.

Maximum penalty for subsection (5)—20 penalty units.

40 How returning officer must deal with voting material for election by mail

- (1) The returning officer must put each return envelope received before voting closes into the ballot box.
Maximum penalty—20 penalty units.
- (2) If the returning officer receives a return envelope after voting closes, the returning officer must—
 - (a) mark the envelope 'Received by the returning officer after voting closed'; and
 - (b) keep the envelope separate from return envelopes received before voting closed.

Maximum penalty—20 penalty units.

41 Scrutiny

- (1) Before voting in an election by mail closes, the returning officer must give each candidate notice of when and where votes are to be collected, examined and counted.

- (2) A candidate in an election by mail or at a meeting may, before voting closes, appoint 1 scrutineer to observe, with or without the candidate, the collection, examination and counting of votes.
- (3) The candidate must give the returning officer notice of the appointment.
- (4) When a scrutineer arrives for the collection, examination and counting, the scrutineer must show the returning officer a copy of the notice of appointment or other suitable identification.
- (5) The failure of a candidate or scrutineer to attend the scrutiny of votes does not affect the validity of the election.

42 Initial scrutiny of voting material for election by mail

- (1) As soon as possible after voting closes, the returning officer must—
 - (a) take the ballot box to the place notified to the candidates as the place where votes are to be counted; and
 - (b) deal with the votes in the way stated in this section in the presence of the candidates and scrutineers at the place.Maximum penalty—20 penalty units.
- (2) The returning officer must—
 - (a) open each return envelope; and
 - (b) take the declaration and ballot envelope out of the return envelope.
- (3) The returning officer must put the declaration and the ballot envelope into separate containers if the returning officer is satisfied about the following matters—
 - (a) the ballot number on the declaration corresponds with the ballot number marked beside the name of a voter on the roll;
 - (b) the person who filled in and signed the declaration is—
 - (i) the voter to whom the declaration was given; or
 - (ii) a voter who has not previously voted in the election

and has a reasonable explanation for using someone else's voting material.

- (4) If subsection (3)(b)(ii) applies, the returning officer must—
 - (a) note the acceptance of the explanation on the declaration; and
 - (b) record the correct ballot number on the roll against the name of the voter who signed the declaration.
- (5) If the returning officer is not satisfied about a matter mentioned in subsection (3)(a) or (b), the returning officer must keep the unsatisfactory voting material separate from the satisfactory voting material.
- (6) The returning officer must then note the fact that the voter has voted against the voter's name on the roll.

43 Counting votes

- (1) The returning officer must count the votes in accordance with this section.

Maximum penalty—20 penalty units.
- (2) After separating the declaration forms and ballot envelopes, the returning officer must do the following in order—
 - (a) seal the container holding declaration forms;
 - (b) open the ballot envelopes;
 - (c) take the ballot papers out of the ballot envelopes;
 - (d) examine the ballot papers for votes;
 - (e) separate the formal and informal votes;
 - (f) count the formal votes.
- (3) The returning officer must not include an informal vote in the count.
- (4) A vote is not informal if the voter's intention is clear.
- (5) For an election at a meeting—
 - (a) subsection (2)(a) to (c) do not apply; and
 - (b) the votes must be counted in the presence of the voters and scrutineers.

44 What happens if votes for 2 or more candidates are equal

If the votes for 2 or more candidates are equal, the returning officer must decide the candidate elected by drawing lots.

Maximum penalty—20 penalty units.

45 Declaring election result

(1) As soon as practicable after an election result is decided, the returning officer must—

- (a) give each candidate a signed declaration of the result; and
- (b) give each ratepayer notice of the result; and
- (c) if the election was conducted at a meeting—announce the result at the meeting.

(2) If the election involved a ballot, the declaration must state the following—

- (a) how many voters were on the roll when voting closed;
- (b) how many ballot papers were printed;
- (c) how many ballot papers were issued;
- (d) how many duplicate ballot papers were issued;
- (e) how many ballot papers were returned;
- (f) how many ballot papers were returned as unclaimed mail;
- (g) how many ballot papers were not returned;
- (h) how many ballot papers were rejected during scrutiny or counting and the reasons for rejection;
- (i) how many ballot papers were counted;
- (j) the percentage of voters who voted.

Examples of reasons for rejection mentioned in paragraph (h)—

- 1 The declaration form was not returned.
- 2 The voter did not sign the declaration form.

(3) A scrutineer may countersign the declaration.

(4) Subsection (2)(f) does not apply to an election at a meeting.

46 Filling casual vacancies

If a casual vacancy arises in the office of an elected director, the office must be filled by the election of another director under this part.

47 Substantial compliance

The validity of a ballot is not affected if there has been substantial compliance with sections 36, 37, 40, 42, 43 and 45.

48 Conduct of special ballot—Act, s 695

This part, with necessary changes, applies to the conduct of a special ballot for the Act, section 695(3).

Part 5 Investigations, enforcement and offences**49 Destroying vegetation in a watercourse, lake or spring—Act, s 814**

- (1) Destroying vegetation in a watercourse, lake or spring is permitted if the destruction—
 - (a) is carried out under—
 - (i) a licence, permit, lease or authority to prospect under the *Petroleum Act 1923*; or
 - (ii) a tree clearing permit under the *Land Act 1994*; or
 - (iii) a licence under the *Fossicking Act 1994*; or
 - (iv) an environmental authority (mining activities) under the *Environmental Protection Act 1994*; or
 - (v) the Queensland Department of Main Roads Guideline for Activities in a Watercourse or Lake for Destroying up to 0.25ha of Vegetation,

Excavating up to 500m³, or Placing Fill up to 500m³;⁷ or

- (vi) the Powerlink Guideline for Activities in a Watercourse or Lake for Destroying up to 0.25ha of Vegetation, Excavating up to 500m³, and Placing up to 500m³ of Fill; or
 - (b) is of a noxious plant under the *Rural Lands Protection Act 1985*.
- (2) Also, destroying vegetation in a watercourse, lake or spring in the local government area of a local government mentioned in schedule 6A is permitted if—
- (a) the destruction is carried out for the purposes of the local government restoring road infrastructure under the natural disaster relief arrangements for Tropical Cyclones Larry and Monica; and
 - (b) the local government complies with the Queensland Department of Main Roads Guideline for Activities in a Watercourse or Lake for Destroying up to 0.25ha of Vegetation, Excavating up to 500m³, or Placing Fill up to 500m³.
- (3) For subsection (2)(b), the guideline applies—
- (a) as if a reference to the Queensland Department of Main Roads were a reference to the relevant local government; and
 - (b) with any other necessary changes.

50 Excavating in a watercourse, lake or spring—Act, s 814

- (1) Excavating in a watercourse, lake or spring is permitted if the excavation is carried out under—
- (a) a licence, permit, lease or authority to prospect under the *Petroleum Act 1923*; or
 - (b) a licence under the *Fossicking Act 1994*; or

⁷ Copies of the guideline may be obtained from the department's head office in Brisbane.

- (c) an environmental authority (mining activities) under the *Environmental Protection Act 1994*; or
 - (d) the Brisbane City Council Guideline for Riverine Protection for Excavating up to 500m³ in a Watercourse or Lake by the Brisbane City Council;⁸ or
 - (e) the Queensland Department of Main Roads Guideline for Activities in a Watercourse or Lake for Destroying up to 0.25ha of Vegetation, Excavating up to 500m³, or Placing Fill up to 500m³; or
 - (f) the Powerlink Guideline for Activities in a Watercourse or Lake for Destroying up to 0.25ha of Vegetation, Excavating up to 500m³, and Placing up to 500m³ of Fill.
- (2) Also, excavating in a watercourse, lake or spring in the local government area of a local government mentioned in schedule 6A is permitted if—
- (a) the excavation is carried out for the purposes of the local government restoring road infrastructure under the natural disaster relief arrangements for Tropical Cyclones Larry and Monica; and
 - (b) the local government complies with the Queensland Department of Main Roads Guideline for Activities in a Watercourse or Lake for Destroying up to 0.25ha of Vegetation, Excavating up to 500m³, or Placing Fill up to 500m³.
- (3) For subsection (2)(b), the guideline applies—
- (a) as if a reference to the Queensland Department of Main Roads were a reference to the relevant local government; and
 - (b) with any other necessary changes.

51 Placing fill in a watercourse, lake or spring—Act, s 814

- (1) Placing fill in a watercourse, lake or spring is permitted if—

⁸ Copies of the guideline may be obtained from the department's head office in Brisbane.

- (a) the placing is carried out under—
 - (i) a licence, permit, lease or authority to prospect under the *Petroleum Act 1923*; or
 - (ii) an environmental authority (mining activities) under the *Environmental Protection Act 1994*; or
 - (iii) the Queensland Department of Main Roads Guideline for Activities in a Watercourse or Lake for Destroying up to 0.25ha of Vegetation, Excavating up to 500m³, or Placing Fill up to 500m³; or
 - (iv) the Powerlink Guideline for Activities in a Watercourse or Lake for Destroying up to 0.25ha of Vegetation, Excavating up to 500m³, and Placing up to 500m³ of Fill; or
 - (b) the fill is placed in an excavation made by a person fossicking under a licence under the *Fossicking Act 1994*.
- (2) Also, placing fill in a watercourse, lake or spring in the local government area of a local government mentioned in schedule 6A is permitted if—
- (a) the placing is carried out for the purposes of the local government restoring road infrastructure under the natural disaster relief arrangements for Tropical Cyclones Larry and Monica; and
 - (b) the local government complies with the Queensland Department of Main Roads Guideline for Activities in a Watercourse or Lake for Destroying up to 0.25ha of Vegetation, Excavating up to 500m³, or Placing Fill up to 500m³.
- (3) For subsection (2)(b), the guideline applies—
- (a) as if a reference to the Queensland Department of Main Roads were a reference to the relevant local government; and
 - (b) with any other necessary changes.

52 Requirements for decommissioning a water bore—Act, s 817

The decommissioning of a water bore must be carried out in accordance with ‘Minimum Construction Requirements for Water Bores in Australia’, published by the department.⁹

Part 6 Miscellaneous provisions**53 Drainage rates—Act, s 993**

The drainage rates payable for a water year by an owner of land in a drainage area mentioned in schedule 7, column 1, are stated opposite the area in column 2.

54 Downstream and upstream limits of watercourses—Act, s 1006(1)

- (1) The downstream limit of a watercourse mentioned in schedule 8, part 1, column 1, is the natural or artificial feature or the boundary of a parcel of land, mentioned for the watercourse in column 2 of the part, as shown for the watercourse in the plan mentioned in column 3 of the part.
- (2) The upstream limit of a watercourse mentioned in schedule 8, part 2, column 1, is the natural or artificial feature or the boundary of a parcel of land, mentioned for the watercourse in column 2 of the part, as shown for the watercourse in the plan mentioned in column 3 of the part.

55 Water declared to be water in a watercourse—Act, s 1006(2)

The following water is declared to be water in a watercourse—

- (a) water in an aquifer under the bed or banks of the Kolan

⁹ A copy of the document may be obtained from the department’s head office in Brisbane or inspected on the department’s website at <www.nrm.qld.gov.au>.

- River, between AMTD 14.5km and AMTD 76.4km, to a depth of 10m below the bed of the river;
- (b) water in an alluvial aquifer under the bed or banks of the Burnett River, between AMTD 25.9km and AMTD 333.9km, to a depth of 10m below the bed of the river;
 - (c) water in an alluvial aquifer under the bed or banks of the Boyne River, between AMTD 0km and AMTD 180km, to a depth of 10m below the bed of the river;
 - (d) water in an alluvial aquifer under the bed or banks of the Nogo River, between AMTD 0km and AMTD 23km, to a depth of 10m below the bed of the river;
 - (e) water in an aquifer under the bed or banks of Lockyer Creek, between AMTD 0km and AMTD 41.9km, to a depth of 10m below the bed of the creek;
 - (f) water in an aquifer under the bed or banks of Lockyer Creek, between AMTD 41.9km and AMTD 70.9km, to a depth of 6m below the bed of the creek;
 - (g) water in an aquifer under the bed or banks of Barambah Creek, between AMTD 85km and AMTD 189.5km, to a depth of 15m below the bed of the creek;
 - (h) water in an alluvial aquifer under the bed or banks of the Stuart River, between AMTD 0km and AMTD 80km, to a depth of 10m below the bed of the river.

56 Water management areas

- (1) The chief executive may declare an area of the State to be a water management area for water not managed under an interim resource operations licence or a resource operations licence.
- (2) The declaration may be for—
 - (a) fixing water charges payable to the chief executive; or
 - (b) allowing seasonal water assignments and making seasonal water assignment rules; or
 - (c) prescribing water sharing rules; or
 - (d) implementing water metering under part 7.

- (3) The chief executive may name the area, for example, the 'Barker-Barambah Creeks water management area'.
- (4) A subartesian area declared under section 101 is also a water management area.
- (4A) A water resource plan or a resource operations plan may declare a part of the plan area to be a water management area.
- (5) The chief executive must display a map or plan showing the boundaries of a water management area in the department's regional office in or near the area.
- (6) The chief executive must—
 - (a) give notice of the declaration to the persons authorised to take water from the area; or
 - (b) publish a notice about the declaration in a newspaper circulating generally in the area.
- (7) Subsection (6) does not apply to a water management area declared under a water resource plan or a resource operations plan.

57 Changing boundaries of water management areas

- (1) The chief executive may change the boundaries of a water management area by—
 - (a) including land in the area; or
 - (b) removing land from the area.
- (2) If the chief executive changes the boundaries of a water management area, the chief executive must—
 - (a) give notice of the change to the persons authorised to take water from land included in, or removed from, the area; or
 - (b) publish a notice about the change in a newspaper circulating generally in the area.
- (3) However, subsection (2) does not apply to a change made under a resource operations plan.

58 Charges for water allocated, supplied or taken—Act, s 1014

- (1) The charges mentioned in schedule 14, column 3, are payable to the chief executive—
 - (a) for the allocation, supply or taking of water in a water management area mentioned opposite the charges in column 1; and
 - (b) for the water year ending on the date mentioned opposite the charges in column 2.
- (2) If a change to a water charge is prescribed, the changed water charge is payable for the water year following the date the current water year ends.

59 Minimum charge

- (1) This section applies if a minimum charge is mentioned in schedule 14, column 3, for a water management area.
- (2) The minimum charge is payable for a water year by the holder of an authorisation under this Act to take water from the water management area if the total charges payable under section 58 by the holder for the water year are less than the minimum charge.

60 Notice for payment of charges

- (1) A charge under section 58—
 - (a) may be levied—
 - (i) for the period decided by the chief executive; or
 - (ii) if the chief executive does not decide a period—quarterly; and
 - (b) may be levied by giving notice to the holder of the authorisation under which water is taken; and
 - (c) becomes payable on the day the notice is given; and
 - (d) must be paid within 30 days after the notice is given; and
 - (e) for any part of the charge remaining unpaid after 30

days—accrues interest at the rate that is 2% above the Suncorp Metway Ltd business banking variable lending base rate.

- (2) A notice given under subsection (1)(b) must state—
- (a) the amount of the charge and the period for which it is levied; and
 - (b) the time and place for payment; and
 - (c) that any part of the charge remaining unpaid after 30 days accrues interest; and
 - (d) the interest rate.

61 Drainage and embankment areas—Act, s 1014

For the *Integrated Planning Act 1997*—

- (a) an area in schedule 9, column 1 and shown on the plan for the area in column 2, is declared to be a drainage and embankment area; and
- (b) operational work in the area controlling the flow of water into or out of a watercourse, lake or spring is declared to be assessable development.

61A Code against which development applications assessed—Act, s 1014

The ‘Code for Assessable Development for Operational Works for Taking Overland Flow Water’¹⁰ is approved as the code against which development applications under the *Integrated Planning Act 1997* may be assessed by the chief executive as assessment manager under that Act.

62 Code for self-assessable development—Act, s 1014

The following codes¹¹ are approved for carrying out

10 A copy of the code is available on the department’s website at <www.nrm.qld.gov.au>.

11 Copies of the codes are available on the department’s website at <www.nrm.qld.gov.au>.

self-assessable development that is operational work mentioned in the *Integrated Planning Act 1997*, schedule 8, part 2, table 4—

- (a) for item 1(a)—the Self-assessable Code for the Development of Riparian Water Access Works on a Watercourse, Lake or Spring;
- (b) for item 1(b)(i)—
 - (i) the Code for Self-assessable Development for Taking Overland Flow Water for Stock and Domestic Purposes; and
 - (ii) the Code for Self-assessable Development for Taking Overland Flow Water Using Small Scale Storages; and
 - (iii) the Code for Self-assessable Development for Taking Overland Flow Water to Satisfy the Requirements of an Environmental Authority or a Development Permit for Carrying Out an Environmentally Relevant Activity;
- (c) for item 1(b)(ii)—
 - (i) the Code for Self-assessable Development of Bores Identified in a Water Resource Plan as Self-assessable; and
 - (ii) the Code for Self-assessable Development of Replacement Bores.

63 Fees

- (1) The fees payable under the Act are stated in schedule 16.
- (2) The fee paid on lodgment of an instrument in the registry is forfeited if the instrument is rejected by the registry for failure to comply with a requisition.
- (3) The fee payable on re-lodgment of an instrument is half the fee stated in schedule 16 for lodgment of the instrument.
- (4) A fee is not payable for the lodgment and registration of an instrument of transfer of a water allocation to, or acquisition or lease of a water allocation by, the State.

64 Water sharing rules

- (1) The water sharing rules for a water management area mentioned in schedule 10, column 1, are opposite the area in column 2.¹²
- (2) The water sharing rules for a particular area may state the following—
 - (a) whether the chief executive is required to decide an announced entitlement for the area;
 - (b) if the chief executive is required to decide an announced entitlement—
 - (i) how the announced entitlement is decided; and
 - (ii) whether the announced entitlement may be varied during the water year;
 - (c) the extent to which, and the conditions on which, carry overs and forward draws may be authorised in the area.
- (3) Subsection (2) does not limit the matters that may be stated in the water sharing rules.

65 Nominal entitlement

- (1) A *nominal entitlement* is the volume of water authorised to be taken during a water year under a water licence.
- (2) However, the volume of water that may be taken during a particular water year is the annual entitlement for the water year.

66 Announced entitlement

- (1) If the water sharing rules for a water management area require the chief executive to decide an *announced entitlement*, the chief executive must—
 - (a) decide the announced entitlement for the area before the start of the water year to which the announced entitlement relates; and

12 A copy of the water sharing rules for a water management area may be obtained from the department's regional office for the area.

- (b) either—
 - (i) give notice of the announced entitlement to the persons licensed to take water from the area; or
 - (ii) publish the announced entitlement in a newspaper circulating generally in the area.
- (2) An announced entitlement is a percentage of a nominal entitlement.
- (3) In deciding an announced entitlement, the chief executive must consider—
 - (a) the following to the extent appropriate for the area—
 - (i) trends in underground water levels;
 - (ii) long term average sustainable yield;
 - (iii) historical water use;
 - (iv) anticipated water use;
 - (v) water available to supplement water licences in the area;
 - (vi) weather conditions, including weather forecasts; and
 - (b) the water sharing rules for the area.
- (4) If the chief executive varies an announced entitlement during a water year, subsection (1)(b) applies to the varied announced entitlement.

67 Annual entitlement

- (1) If, for a water year, the chief executive has decided an announced entitlement for a water management area, the ***annual entitlement*** for a water licence in the area is calculated by—
 - (a) multiplying the nominal entitlement for the water licence by the announced entitlement; and
 - (b) adjusting the volume for any carry over or forward draw that applies to the licence for the water year.
- (2) If, for a water year, the chief executive has not decided an announced entitlement for a water management area, the

annual entitlement for a water licence in the area is the nominal entitlement for the licence adjusted for any carry over or forward draw that applies to the licence for the water year.

Part 7 Metering

Division 1 Preliminary

68 Purpose of pt 7

The purpose of this part is to implement a system for the compulsory use of water meters for taking or interfering with water in the State.

69 How purpose is to be achieved

The purpose is to be achieved by—

- (a) providing for the installation of water meters; and
- (b) declaring certain authorisations to be metered entitlements; and
- (c) applying divisions 3 and 4 to the metered entitlements.

Division 2 Meter installation

70 Metered entitlement notice

- (1) The chief executive may give a notice (a *metered entitlement notice*) to—
 - (a) the holder of an authorisation; or
 - (b) if there are works on land and no authorisation for taking or interfering with water through the works—the owner of the works.
- (2) The notice must—

- (a) state the authorisation or works to which the notice relates; and
- (b) tell the holder or owner about the meter installation process, and the metering service charge and metering assessment charge to which the holder or owner may be subject; and
- (c) require the holder or owner to provide the information for a metering contractor to complete a notice (a ***metering information notice***) about existing works on the land; and
- (d) if there are no existing works on the land, require the holder to notify the chief executive of the fact, within the period stated in the metered entitlement notice.

70A Notice of no existing works

- (1) If the holder does not have existing works on the land, the holder must, within the period stated in the metered entitlement notice, give the chief executive notice of the fact.
Maximum penalty—10 penalty units.
- (2) Subsection (3) applies if—
 - (a) the holder fails to notify the chief executive within the stated period; and
 - (b) the chief executive arranges for a metering contractor to obtain information from the holder for completing the metering information notice.
- (3) The chief executive must give the holder notice of the charge (the ***metering assessment charge***) payable.
- (4) The metering assessment charge—
 - (a) must be paid within 20 business days after the chief executive gives notice of the charge; and
 - (b) must not be more than the reasonable costs incurred by the chief executive acting under subsection (2)(b).

71 Metering information notice

- (1) The information required by a metering information notice

may include the following—

- (a) if there are existing works—the owner and title details of the land on which the works are situated;
 - (b) the type of existing works, the purpose and size of the works and technical details about the works;
 - (c) whether a meter is installed in relation to the works;
 - (d) if a meter is installed—the type, size and age of the meter.
- (2) The metering information notice may require the information to be verified by statutory declaration.
- (3) The holder or owner must provide the information verbally for recording by the metering contractor on the metering information notice at the time required by the metering contractor.

Maximum penalty for subsection (3)—10 penalty units.

- (4) The chief executive may require the holder or owner to provide further information about the works or meter.
- (5) The holder or owner must provide the information within the time stated in the request.

Maximum penalty for subsection (5)—10 penalty units.

- (6) If there is any change to the works or meter after the metering information notice is completed, the holder or owner must, as soon as practicable after the change, give the chief executive notice of the change.

Maximum penalty for subsection (6)—10 penalty units.

72 Meter assessment notice

- (1) After assessing the information given in a metering information notice, the chief executive must give the holder or owner a notice (*a meter assessment notice*).
- (2) The meter assessment notice tells the holder or owner the following—
- (a) if there is an existing meter, whether the meter—
 - (i) is acceptable; or

- (ii) needs to be modified and, if so, the extent of the modification; or
 - (iii) needs to be replaced;
- (b) if the existing meter is acceptable or needs to be modified but not replaced—
 - (i) the holder or owner must, within the time stated in the notice, assign ownership of the meter to the State; or
 - (ii) otherwise—the chief executive may, at a later stage, arrange for a metering contractor to remove the existing meter and install a new meter;
- (c) the site preparation required;
- (d) whether the site preparation is to be carried out by the holder or owner or a metering contractor;
- (e) if the site preparation is to be carried out by the holder or owner—
 - (i) the specifications¹³ to be followed in carrying out the preparation; and
 - (ii) the time within which the preparation is to be carried out and the chief executive given notice of its completion;
- (f) if a meter is to be installed—whether it is to be installed by the holder or owner or a metering contractor;
- (g) if the meter is to be installed by the holder or owner—
 - (i) the specifications to be followed in installing the meter; and
 - (ii) the time within which the meter is to be installed and the chief executive given notice of the completion of the installation.

73 Site preparation by holder or owner

- (1) If the meter assessment notice requires the holder or owner to

¹³ A copy of specifications mentioned in this part may be inspected on the department's website at <www.nrm.qld.gov.au>.

carry out site preparation, the preparation must be carried out—

- (a) in accordance with the specifications mentioned in the notice; and
- (b) within the reasonable time stated in the notice.

Maximum penalty for subsection (1)—20 penalty units.

- (2) The holder or owner must, within the reasonable time stated in the meter assessment notice, give the chief executive notice that the site preparation has been completed.

Maximum penalty for subsection (2)—20 penalty units.

74 Meter installation by holder or owner

- (1) If the meter assessment notice requires the holder or owner to install a meter, the installation must be—
 - (a) in accordance with the specifications mentioned in the notice; and
 - (b) within the reasonable time stated in the notice.

Maximum penalty for subsection (1)—20 penalty units.

- (2) The holder or owner must, within the reasonable time stated in the meter assessment notice, give the chief executive notice that the meter has been installed.

Maximum penalty for subsection (2)—10 penalty units.

Division 3 Metered entitlements

75 Declaration of metered entitlements

- (1) An authorisation mentioned in schedule 15A, column 2, or an authorisation that replaces an authorisation mentioned in column 2, in a part of the State mentioned opposite the authorisation in schedule 15A, column 1, is a *metered entitlement*.
- (2) For subsection (1), an authorisation (the *original authorisation*) is replaced by another authorisation (the *second authorisation*) in the following circumstances—

- (a) the original authorisation expires and the second authorisation is granted in relation to the same land;
- (b) the original authorisation is amalgamated with another authorisation and the second authorisation is granted in relation to the land to which the original authorisation and other authorisation related;
- (c) the original authorisation expires and 2 or more second authorisations are granted in relation to the same land;
- (d) part of the land to which the original authorisation related is disposed of and 1 or more second authorisations are granted in relation to the same land.

76 Metering service charge—Act, s 1014

- (1) A charge (a *metering service charge*) is payable to the chief executive by—
 - (a) the holder of a metered entitlement who takes water under the entitlement through works that have an approved meter attached; or
 - (b) if there is no holder of a metered entitlement taking water through the works—the owner of the works.
- (2) The metering service charge consists of—
 - (a) a meter use charge for the use of the approved meter by the holder or owner; and
 - (b) a meter operating charge for reading and maintaining the meter.
- (3) The meter use charge—
 - (a) is payable for each approved meter—
 - (i) for the period decided by the chief executive; or
 - (ii) if the chief executive does not decide a period—annually; and
 - (b) must not be more than the cost to the department of making the meter available for use by the holder or owner, including an adjustment in favour of a holder or owner—

Water Regulation 2002

- (i) who carried out site preparation; or
 - (ii) who assigned ownership of an existing meter to the State; or
 - (ii) whose existing meter, owned by the State, was not replaced.
- (4) The meter operating charge—
 - (a) is payable for each approved meter—
 - (i) for the period decided by the chief executive; or
 - (ii) if the chief executive does not decide a period—annually; and
 - (b) must not be more than the cost to the department of reading and maintaining the meter.
- (5) The metering service charge—
 - (a) may be levied by giving notice to the holder or owner; and
 - (b) becomes payable on the day the notice is given; and
 - (c) must be paid within 20 business days after the notice is given; and
 - (d) for any part of the charge remaining unpaid after 20 business days—accrues interest at the rate that is 2% above the Suncorp Metway Ltd business banking variable lending base rate.
- (6) A notice given under subsection (5)(a) must state—
 - (a) the amount of the charge; and
 - (b) the period for which it is levied; and
 - (c) the time and place for payment; and
 - (d) that any part of the charge remaining unpaid after 20 business days accrues interest; and
 - (e) the interest rate.

Division 4 Miscellaneous

77 Ownership of approved meters

An approved meter remains the property of the State.

78 Meter reading by holder of metered entitlement or owner of works

- (1) The chief executive may give either of the following persons a notice requiring the person to read an approved meter and give the chief executive notice of the reading—
 - (a) the holder of a metered entitlement who takes water under the entitlement through works that have the approved meter attached; or
 - (b) if there is no holder of a metered entitlement taking water through the works—the owner of the works.
- (2) The holder or owner must comply with the notice.
Maximum penalty—10 penalty units.

79 Meter reading by chief executive

The chief executive may arrange for an approved meter to be read—

- (a) on the application by the holder of a metered entitlement who takes water under the entitlement through works that have the meter attached to transfer, seasonally assign or otherwise deal with the entitlement; or
- (b) when the owner of works that have the meter attached gives the chief executive notice the owner has decided to stop using the works; or
- (c) at any other time the chief executive considers necessary.

80 Metering exit charge—Act, s 1014

- (1) Subsection (2) applies if the owner of works that have an approved meter attached gives the chief executive notice that

the owner has decided to stop using the works.

- (2) On receiving the notice, the chief executive must give the owner notice of the charge (the *metering exit charge*) payable.
- (3) When the chief executive receives the metering exit charge—
 - (a) the chief executive must arrange for the meter to be disabled or removed; and
 - (b) the metering service charge is no longer payable.
- (4) The metering exit charge must not be more than the sum of—
 - (a) the cost to the department of disabling or removing the meter; and
 - (b) a part of the meter use charge decided by the chief executive having regard to the expected life of the meter.

80A Metering assessment charge

- (1) This section applies if—
 - (a) the chief executive gives the holder or owner a metered entitlement notice under section 70(1); and
 - (b) the chief executive incurs costs by, for example, arranging for a metering contractor—
 - (i) to obtain information from the holder for completing the metering information notice; or
 - (ii) to carry out site preparation; and
 - (c) before an approved meter is attached to existing works, the holder or owner gives the chief executive notice that the holder or owner has decided to stop using the works.
- (2) On receiving the notice, the chief executive must give the holder or owner notice of the charge (the *metering assessment charge*) payable.
- (3) The metering assessment charge—
 - (a) must be paid within 20 business days after the chief executive gives notice of the charge; and
 - (b) must not be more than the reasonable costs incurred by the chief executive acting under subsection (1)(b).

81 Specifications issued by chief executive

The chief executive may issue specifications for carrying out site preparation or installing a meter under this part.¹⁴

Part 8 Water supply emergency (SEQ Region)**82 Purpose of pt 8**

- (1) This part is a water supply emergency regulation under the Act.
- (2) The purpose of this part is to outline a range of measures to be carried out, and outcomes to be achieved, by service providers, and works to be carried out by the coordinator-general, to ensure the security of essential water supplies for the SEQ region.
- (3) The measures, outcomes and works include—
 - (a) the following measures—
 - (i) the construction of the Western Corridor Recycled Water Scheme (Stages 1A, 1B and 2);
 - (ii) the construction of the Southern Regional Water Pipeline;
 - (iii) the construction of the Eastern Pipeline Inter-connector;
 - (iv) the construction of the Northern Pipeline Inter-connector;
 - (v) the construction of the South East Queensland (Gold Coast) Desalination Facility;
 - (vi) the construction of Traveston Crossing Dam Stage 1;

¹⁴ A copy of specifications issued under this section may be inspected at the department's website at <www.nrm.qld.gov.au>.

- (vii) the construction of Wyaralong Dam;
 - (viii) the raising of Mt Crosby Weir;
 - (ix) the raising of Hinze Dam Stage 3 and preparing for associated water harvesting works;
 - (x) the development of underground water resources at Bribie Island and in the area around Brisbane; and
- (b) the following outcomes—
- (i) demand management strategies including ensuring service providers' participation in pressure and leakage reduction programs and a domestic retrofit program;
 - (ii) other water efficiency outcomes aimed at greater use of recycled water for industrial and commercial customers and reduced water use by power stations;
 - (iii) maximising the sustainable take of water, including the sustainable take of groundwater from North Stradbroke Island; and
- (c) the following works—
- (i) the construction of Cedar Grove Weir;
 - (ii) the construction of Bromelton Off-stream Storage.

83 Definitions for pt 8

In this part—

Bromelton Off-stream Storage means the offstream storage of that name proposed under the Water for South East Queensland document.

Cedar Grove Weir means the weir of that name proposed under the Water for South East Queensland document.

Eastern Pipeline Inter-connector means the Regional Water Inter-connector of that name mentioned in the Report on Drought Contingency Projects.

Hinze Dam Stage 3 means the dam raising of that name proposed under the Water for South East Queensland document.

LGIS means Local Government Infrastructure Services (ACN 115 959 021).

MOU means the Memorandum of Understanding for the South East Queensland Regional Water Leakage and Pressure Management Project, dated 28 April 2006.

Northern Pipeline Inter-connector means the Regional Water Inter-connector of that name mentioned in the Report on Drought Contingency Projects.

participating local government means each of the following local governments that are signatories to the MOU—

- (a) Beaudesert Shire Council;
- (b) Boonah Shire Council;
- (c) Brisbane City Council;
- (d) Caboolture Shire Council;
- (e) Caloundra City Council;
- (f) Esk Shire Council;
- (g) Gatton Shire Council;
- (h) Gold Coast City Council;
- (i) Ipswich City Council;
- (j) Kilcoy Shire Council;
- (k) Laidley Shire Council;
- (l) Logan City Council;
- (m) Maroochy Shire Council;
- (n) Noosa Shire Council;
- (o) Pine Rivers Shire Council;
- (p) Redcliffe City Council;
- (q) Redland Shire Council.

raising of Mt Crosby Weir means the weir raising of that name proposed under the Water for South East Queensland document.

Regional Water Inter-Connectors means the drought contingency projects mentioned in the State Development Regulation under that collective name.

Report on Drought Contingency Projects means the document of that name mentioned in the State Development Regulation, section 2.

South East Queensland (Gold Coast) Desalination Facility means the drought contingency project referred to in the State Development Regulation as the Tugun Desalination Plant.

Southern Regional Water Pipeline means the drought contingency project mentioned in the State Development Regulation under that name.

State Development Regulation means the *State Development and Public Works Organisation (Water Infrastructure Project Board) Regulation 2006*.

Traveston Crossing Dam Stage 1 means the dam of that name proposed under the Water for South East Queensland document.

Water and Sewerage Program means a capital works subsidy program administered by the Department of Local Government, Planning, Sport and Recreation.

Water for South East Queensland document means the document called 'Water for South East Queensland—A long term solution', held by the department.

Water Infrastructure Project Board means the project board the subject of the State Development Regulation.

Western Corridor Recycled Water Scheme means the drought contingency project mentioned in the State Development Regulation under that name.

Wyaralong Dam means the dam of that name proposed under the Water for South East Queensland document.

84 Water supply emergency to which pt 8 applies

- (1) This part applies to a water supply emergency that is developing.
- (2) The water supply emergency involves the essential water supply for the SEQ region for—
 - (a) domestic purposes; and
 - (b) essential services.
- (3) The water supply emergency arises from extended severe drought conditions.
- (4) Also, a potential shortfall in supply will exist if there are limited rainfall events within the next 3 years and the requirements of this part are not implemented.

85 Part of State to which pt 8 applies

This part applies to the SEQ region.

86 Service providers to which pt 8 applies

This part applies to the service providers mentioned in schedule 10A.

87 Measures to be carried out

- (1) A service provider mentioned in schedule 10B—
 - (a) is directed to carry out each measure listed for the service provider in the schedule, before the day mentioned in the schedule; and
 - (b) must give the Minister and the commission a written report on the service provider's progress in carrying out the measure within 5 business days after the end of—
 - (i) each month; or
 - (ii) any longer period the Minister directs.
- (2) Without limiting subsection (1), any actions taken in carrying out a measure must be directed at attaining water saving or water availability, as the case may be, to the extent of any target mentioned in the schedule for the measure.

- (3) In carrying out a measure, a service provider must comply with any directions or requirements given or made by the Minister in relation to the measure.

Example of direction—

a direction to advise the Minister of a detailed break-down of likely progress in carrying out a measure

- (4) In addition to any other measure a service provider is directed to carry out under this part, each service provider must give each other service provider the advice and other assistance the other service provider reasonably requires in formulating any water supply emergency response the other service provider is directed to give under this part.
- (5) For each measure in schedule 10B, item 3, 4, 6, 7, 8, 9 or 10, that a service provider is directed to carry out, the service provider must, in carrying out the measure, consult with the Water Infrastructure Project Board about matters under the State Development Regulation and keep the commission informed of its progress.
- (6) A service provider is not required to complete the carrying out of a measure if the work required for the carrying out of the measure becomes work to be carried out by the coordinator-general.

88 Outcomes to be achieved

- (1) A service provider mentioned in schedule 10C—
- (a) is directed to achieve each outcome listed for the service provider in the schedule, before the day mentioned in the schedule; and
 - (b) must give the Minister and the commission a written report on the service provider's progress in achieving the outcome within 5 business days after the end of—
 - (i) each month; or
 - (ii) any longer period the Minister directs.
- (2) Without limiting subsection (1), any actions taken in achieving an outcome must be directed at attaining water saving or water availability, as the case may be, to the extent of any target mentioned in the schedule for the outcome.

- (3) In achieving an outcome, a service provider must comply with any directions or requirements given or made by the Minister in relation to the outcome.
- (4) For each outcome in schedule 10C, item 3 or 4, that a service provider is directed to achieve, the service provider must, in achieving the outcome, consult with the Water Infrastructure Project Board about matters under the State Development Regulation and keep the commission informed of its progress.

89 Directions for giving water supply emergency response

A service provider that is directed under this part to achieve an outcome is also directed to give the Minister for approval a water supply emergency response, stating the actions the service provider intends to take to achieve the outcome, and complying with the requirements mentioned in schedule 10D, before the day stated for the service provider in the schedule.

90 Works to be carried out by coordinator-general

- (1) The works that are to be carried out by the coordinator-general are the following—
 - (a) the Cedar Grove Weir;
 - (b) the Bromelton Off-stream Storage.
- (2) If the coordinator-general is carrying out a measure mentioned in schedule 10B, the measure is works that are to be carried out by the coordinator-general.

91 Costs

- (1) State contributions to outcomes are stated in schedule 10C.
- (2) In relation to a measure mentioned in schedule 10B that is for a drought contingency project mentioned in the State Development Regulation, State contributions, in the form of equity, to the measure will be negotiated through the Water Infrastructure Project Board.
- (3) Subject to subsections (1) and (2), each service provider is to pay the cost of carrying out each measure it is directed to

carry out and of achieving each outcome it is directed to achieve.

Note—

Within 6 months of the commencement of this regulation, it is intended to carry out a review of the operation of this section, including a consideration of the following—

- (a) calculation of the expected project costs for each measure and outcome;
 - (b) financing arrangements for measures, including debt and equity contributions and rates of return;
 - (c) advice from the commission under section 360E of the Act on how costs should be shared between service providers and their customers.
- (4) The State will not recover from service providers State contributions mentioned in subsection (1).
- (5) Each service provider may recover its costs and any rate of return in the way, and to the extent, that is consistent with its pricing policies and, subject to section 25Q of the Act, the jurisdiction of the Queensland Competition Authority.

Note—

Section 25O of the Act limits the recovery of costs to the extent approved by the Minister.

Part 9 Transitional provisions

Division 1 Transitional provisions for water bore drillers

99 Qualifications or experience for water bore driller's licences—Act, s 299

- (1) This section applies to an applicant for a water bore driller's licence if the applicant, until 1 year after the commencement of the Act, section 1048A(12), carried out drilling activities for a subartesian bore in an area that was not a declared subartesian area under the repealed Act immediately before the commencement.

- (2) For sections 20(2)(b) and 21(2)(b), an applicant who was employed in the operation of a drilling machine is taken to have been employed under the direct supervision of a licensed water bore driller.
- (3) For section 21(2)(b), an applicant who drilled bores is taken to have drilled the bores under the direct supervision of the holder of a class 2 water bore driller's licence.
- (4) For section 21(2)(b), an applicant who was employed as a driller is taken to have held a class 1 water bore driller's licence.

100 Period for which licence has effect—Act, s 302

- (1) Despite section 23(1)(d), a licence given on the granting of the following applications has effect for only 1 year—
 - (a) an application taken, under the Act, section 1048(2)(m), to be an application for a water bore driller's licence;
 - (b) an application to renew a water bore driller's licence that would otherwise expire before 1 June 2003.
- (2) The fee for an application mentioned in subsection (1)(b) is \$65.

101 Conditions of class 1 water bore driller's licence—Act, s 302

A class 1 water bore driller's licence in existence immediately before the commencement of this section is taken—

- (a) to include the condition mentioned in section 23(1)(d); and
- (b) not to include the limitation mentioned in section 18(2) immediately before the commencement of this section.

Division 2 Transitional provision for allocation and sustainable management

102 Declared subartesian areas—Act, s 1046

- (1) Each area mentioned in schedule 11, column 1 is declared to be a subartesian area and given the name mentioned for the area.
- (2) A water entitlement is required to take or interfere with subartesian water in a subartesian area, other than for a purpose mentioned in column 2 for the area.
- (3) Works for taking subartesian water in a subartesian area, other than solely for a purpose mentioned in column 3 for the area, are assessable development under the *Integrated Planning Act 1997*.

Division 3 Transitional provision for failure impact assessing of dams

103 Failure impact rating—Act, ss 1067 and 1068

- (1) Until the Act, s 1067(8) applies, each dam described in schedule 12, part 1, column 1, is prescribed for the Act, section 1067(4), and has the category of failure impact rating shown for the dam in column 3.
- (2) Until the Act, s 1068(5) applies, each dam described in schedule 12, part 2, column 1, is prescribed for the Act, section 1068(1)(b), and has the category of failure impact rating shown for the dam in column 3.
- (3) A dam described in schedule 12, part 2, has the licence mentioned.

Division 4 Transitional provision for former water areas

104 Continuing former water areas—Act, s 1083

- (1) This section applies only to former water areas—
 - (a) taken, under the Act, section 1083(2), to be authority areas established under this Act; and
 - (b) for which no water board was in existence immediately before the commencement of the Act, section 1083.
- (2) A former water area mentioned in schedule 13, column 1, is shown on the plan mentioned opposite the area in column 2.
- (3) The chief executive's appointment to perform the functions of a water authority for the areas continues.

Division 5 Miscellaneous transitional provisions

105 Continuing areas as water management areas

- (1) The following areas, established under the repealed Act and in existence immediately before the commencement of section 56, continue in existence and are taken to be water management areas declared under section 56—
 - (a) groundwater areas;
 - (b) irrigation projects;
 - (c) subartesian areas.
- (2) For section 56(6), the chief executive is taken to have—
 - (a) given notice to the persons licensed to take water from the areas; or
 - (b) published a notice in a newspaper circulating generally in the areas.

106 Water charges

The water charges payable under the repealed *Water Resources (Rates and Charges) Regulation 1992*, for a water management area, continue to apply until the end of the current water year for the area.¹⁵

107 Application for approval to transfer interim water allocation

An application under section 9, made before the commencement of this section, must be dealt with under sections 9 to 13 as in force immediately before the commencement of this section.

108 When changes to particular water charges have effect

- (1) This section applies to the amendment of schedule 14, entry for Fitzroy River Barrage water management area, column 3, commencing on the commencement of this section.
- (2) The minimum charge does not apply for the water year ending on 30 June 2004.
- (3) The omission of the charges for water from the Fitzroy River has effect on and from the commencement of this section.
- (4) This section applies despite section 58(2).

109 When conditions of supply contract do not apply—Act, s 1117A(2)

Any condition about payment for the storage and supply of water, in the supply contract between SunWater and the Murgon Shire Council under which interim water allocation 102944 held by the Council is managed, does not apply.

¹⁵ See section 58 (Charges for water allocated, supplied or taken—Act, s 1014).

Division 6 Transitional provisions for Water Amendment Regulation (No. 1) 2005

110 Water licences mentioned in s 60A

A water licence mentioned in section 60A as in force immediately before the commencement of this section is a metered entitlement to which part 7 applies.

111 Effect of change to date water year ends

- (1) Because of the amendment of schedule 14, entry for Bowen groundwater management area, column 2, commencing on 1 April 2005—
 - (a) the minimum charge mentioned in column 3 for the area applies for the period from 1 January 2005 until 31 March 2006; and
 - (b) the announced entitlement for the area, published in the Bowen Independent on 22 December 2004, applies for the period from 1 January 2005 until 31 March 2006.
- (2) Subsection (1)(b) does not affect the chief executive's ability to vary the announced entitlement during the period mentioned.

Division 7 Transitional provisions for Water and Other Legislation Amendment Regulation (No. 1) 2005

Subdivision 1 Water charges

112 Application of new water charges

- (1) Despite the commencement of part 8, inserted by the *Water and Other Legislation Amendment Regulation (No. 1) 2005*, the water charges mentioned in part 8 do not apply, until 1 July 2006, to an authority to take or interfere with water, to the extent the authority relates to water taken by or supplied to a

local government.

- (2) Despite the commencement of section 96(1)(a), the following are the water charges payable under section 96(1)(a) for the periods stated—
 - (a) for the period of 12 months commencing on 1 January 2006—\$52.85;
 - (b) for the period of 12 months commencing on 1 January 2007—\$76.43.
- (3) Until chapter 3, part 2, division 2A of the Act commences, section 83(3)(b) does not apply to the authority held by SEQ Water, mentioned in section 1037A(5) of the Act, to the extent SEQ Water makes water available under the authority to—
 - (a) the holders of authorities mentioned in section 387B(a) or (b) of the Act; or
 - (b) the holders of water entitlements granted under the Act, to take water from the impoundments of Wivenhoe, Somerset or North Pine Dams or the section of the Brisbane River between Wivenhoe Dam and Mt Crosby Weir, who do not have a supply contract with SEQ Water.
- (4) Until chapter 3, part 2, division 2A of the Act commences—
 - (a) section 83(4)(b) does not apply to the holders of authorities supplied or managed under the authority held by SEQ Water, mentioned in section 1037A(5) of the Act, to the extent the SEQ Water makes water available to the holders under its authority; and
 - (b) the holders are liable to pay the water charge.

Subdivision 2 Granting particular interim water allocations

113 Purpose of sdiv 2

This subdivision states a process for the Act, section 1014(2)(ga)(ii).

114 Application of sdiv 2

This subdivision applies to an owner of land who, in relation to the land—

- (a) on the commencement of this section, holds a water licence to take groundwater in the Monto Mulgildie Underground Water Area described in the interim resource operations licence for Three Moon Creek Water Supply Scheme; and
- (b) either—
 - (i) signed an agreement, the ‘Three Moon Creek Irrigation Project, The Agreement for the Monto/Mulgildie Salinity Area’; or
 - (ii) is the successor in title to the person who signed the agreement.

115 Application for interim water allocation

- (1) The owner may apply to the chief executive for an interim water allocation to take either—
 - (a) a volume of surface water equal to 50% of the volume of water authorised to be taken under the licence; or
 - (b) a volume of groundwater equal to the volume of water authorised to be taken under the licence.
- (2) Subsection (1)(a) does not apply to an owner who has already been granted an interim water allocation for surface water under the agreement mentioned in section 114(b)(i).
- (3) The application must be—
 - (a) in the approved form; and
 - (b) made within 60 business days after the commencement of this section; and
 - (c) include sufficient information to satisfy the chief executive that—
 - (i) for an application for an interim water allocation to take groundwater—the proposed point of taking the water is on the applicant’s land; or
 - (ii) for an application for an interim water allocation to

take surface water—the applicant has access to take the water.

- (4) If the proposed point of taking surface water is not on the applicant's land, the applicant may satisfy the chief executive that the applicant has access by complying with section 206(3)(b) of the Act in relation to any intervening land.

116 Application for interim water allocation to take surface water

- (1) An application for an interim water allocation to take surface water must include either—
 - (a) evidence of a supply contract between the applicant and the holder of the interim resource operations licence mentioned in section 114(a); or
 - (b) agreement in writing from the holder that the holder will enter into a supply contract with the applicant if the interim water allocation is granted.
- (2) The applicant must provide any other information reasonably required by the chief executive to decide the application.
- (3) Within 30 business days after deciding the application, the chief executive must give the applicant—
 - (a) if the chief executive has decided to grant the application—an interim water allocation; or
 - (b) if the chief executive has decided to refuse to grant the application—an information notice.

117 Application for interim water allocation to take groundwater

- (1) Within 2 years after an application for an interim water allocation to take groundwater is made, the applicant must—
 - (a) carry out investigations of both the quality and quantity of the groundwater; and
 - (b) give the chief executive the information, required by the approved form, about the results of the investigations.
- (2) The applicant must provide any other information reasonably

required by the chief executive to decide the application.

- (3) The chief executive may give the applicant a notice extending the time for satisfying subsection (1) if the chief executive is satisfied it would be reasonable in all the circumstances to give the extension.

118 Deciding application for groundwater

- (1) The chief executive must grant the application for an interim water allocation to take groundwater if both of the following criteria are satisfied—
 - (a) the investigation of the quality of the groundwater reveals a groundwater conductivity reading of less than 3000 micro-siemens a centimetre (*criteria A*);
 - (b) the investigation of the quantity of the groundwater reveals the applicant has access to take a volume equal to the volume authorised to be taken under the water licence (*criteria B*).
- (2) If criteria A is not satisfied, the chief executive must give the applicant a notice requiring the applicant to—
 - (a) choose whether to—
 - (i) change the application to an application for an interim water allocation to take surface water; or
 - (ii) discontinue the application; and
 - (b) advise the chief executive, within the reasonable time stated in the notice, of the applicant's choice.
- (3) However, if the applicant is an owner mentioned in section 115(2), the notice must require the applicant to discontinue the application.
- (4) If criteria A is satisfied but criteria B is not satisfied, the chief executive must give the applicant a notice requiring the applicant to—
 - (a) choose whether to—
 - (i) change the application to an application for an interim water allocation to take surface water; or
 - (ii) change the application to an application for an

Water Regulation 2002

- interim water allocation to take a combination of groundwater and surface water; or
- (iii) discontinue the application; and
- (b) advise the chief executive, within the reasonable time stated in the notice, of the applicant's choice.
- (5) However, if the applicant is an owner mentioned in section 115(2), the notice must require the applicant to choose whether to—
- (a) change the application to an application for an interim water allocation to take a combination of groundwater and surface water; or
- (b) discontinue the application.
- (6) If the applicant chooses to change the application to an application to take a combination of groundwater and surface water, the chief executive must decide, for the interim water allocation—
- (a) the volume of groundwater; and
- (b) the volume of surface water, which must be 50% of the difference between—
- (i) the volume decided under paragraph (a); and
- (ii) the volume authorised to be taken under the water licence.

Example—

If the applicant is authorised to take 100ML under the water licence and the chief executive decides a volume of 60ML of groundwater for the interim water allocation, the volume of surface water for the interim water allocation would be 50% of the difference between 100ML and 60ML, ie the volume would be 20ML.

- (7) If the chief executive is satisfied the application should be granted, the chief executive must grant the application.
- (8) However, the chief executive must not grant the application until the applicant gives the chief executive either—
- (a) evidence of a supply contract between the applicant and the holder of the interim resource operations licence mentioned in section 114(a); or
- (b) agreement in writing from the holder that the holder will

enter into a supply contract with the applicant if the interim water allocation is granted.

- (9) Within 30 business days after deciding the application, the chief executive must give the applicant—
 - (a) if the chief executive has decided to grant the application—an interim water allocation; or
 - (b) if the chief executive has decided to refuse to grant the application—an information notice.
- (10) If an interim water allocation is granted to an owner mentioned in section 115(2), the interim water allocation amends the interim water allocation for surface water granted under the agreement.

119 When interim water allocation takes effect

An interim water allocation granted under this subdivision takes effect, and attaches to the land to which the water licence attaches, from the day the applicant is given the interim water allocation.

120 Amending interim resource operations licence

- (1) The chief executive may, without chapter 2, part 5, division 2, subdivision 5 of the Act applying, amend the interim resource operations licence mentioned in section 114(a)—
 - (a) to the extent necessary because of the grant of an interim water allocation under this subdivision; or
 - (b) for consistency with matters dealt with under this subdivision.
- (2) If the chief executive amends the interim resource operations licence under subsection (1), the chief executive must give the interim resource operations licence holder an amended licence in the approved form.

**Division 8 Transitional provisions for Water
Amendment Regulation (No. 4) 2006**

**Subdivision 1 Water charges accrued on 31
December 2005**

121 Definitions for sdiv 1

In this subdivision—

amending regulation means the *Water and Other Legislation Amendment Regulation (No. 1) 2005*.

minimum charge, for a water management area, means the minimum charge mentioned in section 59 of the unamended regulation for the area.

unamended regulation means this regulation before the commencement of section 6 of the amending regulation.

122 References to unamended regulation

If this subdivision states that a provision of the unamended regulation applies, the provision and any other provision referred to in the provision applies as if the amending regulation had not commenced.

123 Adjustment of minimum charge

(1) This section applies—

(a) if the water charges payable under section 58 of the unamended regulation and accrued on 31 December 2005 are less than the minimum charge for the water year ending after 31 December 2005 for a water management area; and

(b) despite—

(i) the minimum charge mentioned in schedule 14, column 3, of the unamended regulation for the water management areas mentioned in subsection (2); and

- (ii) section 111.¹⁶
- (2) The following is the minimum charge for the part of the water year to 31 December 2005—
- (a) for the Border Rivers groundwater management area—\$24.87; and
 - (b) for the Bowen groundwater management area—\$96.00; and
 - (c) for the Bundaberg groundwater management area—\$50.25; and
 - (d) for the Burdekin River groundwater management area—\$49.50; and
 - (e) for the Callide Valley groundwater management area—\$49.75 and
 - (f) for the Condamine groundwater management area—\$50.30; and
 - (g) for the Cressbrook Creek water management area—\$49.75.

124 Adjustment of meter charges

- (1) Subsection (2) applies despite the meter charge mentioned in schedule 14, column 3, for the water management areas mentioned in subsection (2).
- (2) The following is the meter charge for the part of the water year to 31 December 2005—
- (a) for the Gowrie–Oakey Creek water management area—\$39.10; and
 - (b) for the Oakey Creek groundwater management area—\$44.72; and
 - (c) for the Pioneer groundwater management area—\$121.85; and

16 Section 111 (Effect of change to date water year ends)

- (d) for the Upper Hodgson Creek groundwater management area—\$44.72.
- (3) Subsection (4) applies despite the charge for each water licence to take groundwater for which a bore has been installed that is mentioned in schedule 14, column 3, of the unamended regulation for the Burdekin River groundwater management area.
- (4) The following is the charge for the Burdekin River groundwater management area for the part of the water year to 31 December 2005 and for each water licence to take groundwater for which a bore has been installed—
 - (a) with a nominal entitlement of not more than 25ML—\$49.50 for each water meter; and
 - (b) with a nominal entitlement of more than 25ML—\$223.75 for each water meter.

Subdivision 2 Water charges under previous pt 8

125 Definitions for sdiv 2

In this subdivision—

amending regulation means the *Water and Other Legislation Amendment Regulation (No. 1) 2005*.

Dumaresq water harvesting charge means the water charge for water harvesting mentioned in schedule 14, column 3, for the Dumaresq water management area and applying because of the commencement of section 19 of the amending regulation.

part 8 means part 8 as in force immediately before the commencement of the *Water Amendment Regulation (No. 4) 2006*, section 7.

part 8 water charges—

- (a) means the water charges mentioned in part 8; and
- (b) includes the following—

- (i) the water charges mentioned in section 112;¹⁷
- (ii) the Dumaresq water harvesting charge; and
- (iii) the schedule 14 water meter charges.

schedule 14 water meter charges means the water charges for a water meter mentioned in schedule 14, column 3, for each of the following management areas—

- (a) Gowrie–Oakey Creek water management area;
- (b) Oakey Creek groundwater management area;
- (c) Pioneer groundwater management area;
- (d) Upper Hodgson Creek groundwater management area.

126 Non-application of previous pt 8 water charges

- (1) Despite the commencement of the amending regulation, the part 8 water charges are not payable.
- (2) To remove any doubt, it is declared that—
 - (a) any entity stated to be liable to pay part 8 water charges is not liable to pay the charges; and
 - (b) part 8 water charges accrued from 1 January 2006 are not payable.
- (3) If an entity has paid part 8 water charges, the chief executive must refund the part 8 water charges to the entity.

127 Other refunds of previous part 8 water charges

- (1) This section applies to the sale or other dealing of land or a water allocation if an entity (the ***first entity***) has, in relation to the dealing, paid part 8 water charges to another entity (the ***second entity***).
- (2) The second entity must refund to the first entity the part 8 water charges.
- (3) Any unpaid part 8 water charges are a debt payable to the first entity.

¹⁷ Section 112 (Application of new water charges)

Subdivision 3 Water charges from 1 July 2006**128 New water charges payable from 1 July 2006**

Despite section 58(2), a change to a water charge, applying because of the commencement of the *Water Amendment Regulation (No. 4) 2006*, section 9, is payable from 1 July 2006.

129 Minimum fee for particular management areas

- (1) Despite the minimum charge mentioned in schedule 14, column 3, for the Border Rivers groundwater management area, the minimum charge for the part of the water year from 1 July 2006 to 30 September 2006 is \$24.87.
- (2) Despite section 111 and the minimum charge mentioned in schedule 14, column 3, for the Bowen groundwater management area, the minimum charge for the part of the water year from 1 July 2006 to 30 March 2007 is \$73.98.

Water management area	Type of water licence	Seasonal water assignment rules
Border Rivers groundwater management area	water licence to take groundwater	Border Rivers groundwater management area seasonal water assignment rules
Bundaberg groundwater management area	water licence to take groundwater	Bundaberg groundwater management area seasonal water assignment rules
Callide Valley groundwater management area	water licence to take groundwater	Callide Valley groundwater management area seasonal water assignment rules
Condamine groundwater management area	water licence to take groundwater	Condamine groundwater management area seasonal water assignment rules
Dumaresq River water management area	water licence to take supplemented water from a watercourse flowing from Glenlyon Dam	Dumaresq River water management area seasonal water assignment rules

Schedule 4 (continued)

Column 1	Column 2	Column 3
Water management area	Type of water licence	Seasonal water assignment rules
Eastern Downs groundwater management area	water licence to take groundwater	Eastern Downs groundwater management area seasonal water assignment rules
Fitzroy River Barrage water management area	water licence to take surface water supplemented from Fitzroy Barrage	Fitzroy River Barrage water management area seasonal water assignment rules
Oakey Creek groundwater management area	water licence to take groundwater	Oakey Creek groundwater management area seasonal water assignment rules
Pioneer groundwater management area	water licence to take groundwater	Pioneer groundwater management area seasonal water assignment rules
Upper Hodgson Creek groundwater management area	water licence to take groundwater	Upper Hodgson Creek groundwater management area seasonal water assignment rules

Schedule 5 Catchment areas

section 16

Column 1	Column 2
Catchment area	Plan
Atkinson Dam catchment area	AP10024
Bill Gunn Dam catchment area	AP10006
Bjelke-Petersen Dam catchment area	AP10007
Burdekin Falls Dam catchment area	AP10008
Burnett Barrage catchment area	AP10009
Callide Dam catchment area	AP10010
Cedar Pocket Dam catchment area	AP10011
Coolmunda Dam catchment area	AP10012
Eungella Dam catchment area	AP10013
Fairbairn Dam catchment area	AP10014
Fred Haigh Dam catchment area	AP10025
Glenlyon Dam catchment area	AP10015
Kinchant Dam catchment area	AP10016
Kolan Barrage catchment area	AP10017
Leslie Dam catchment area	AP10018
Maroon Dam catchment area	AP10019
Moogerah Dam catchment area	AP10020

Schedule 5 (continued)

Column 1	Column 2
Catchment area	Plan
Peter Faust Dam catchment area	AP10021
Tinaroo Falls Dam catchment area	AP10023
Wivenhoe Dam catchment area	AP10022

Schedule 6 Water authorities

section 31

Column 1	Column 2
Water authority	Plan
Avondale Water Board	AP4014
Babinda Swamp Drainage Board	AP4045
Benleith Water Board	AP4015
Bollon South Water Authority	AP6513
Bollon West Water Authority	AP7351
Bones Knob Water Board	AP4016
Boondooma Water Board	AP4017
Brigooda Water Board	AP4018
Callandoon Water Supply Board	AP4019
Condamine Plains Water Board	AP6940
Coreen Water Board	AP13403
Cowley Drainage Board	AP4046
Crowley Vale Water Board	AP4022
Dundowran–Nikenbah Water Board	AP7348
East Deeral Drainage Board	AP4047
East Euramo Drainage Board	AP4048
Eugun Bore Water Authority	AP7343
Fernlee Water Authority	AP6941
Gladstone Area Water Board	—

Schedule 6 (continued)

Column 1	Column 2
Water authority	Plan
Glamorgan Vale Water Board	AP13402
Grevillea Water Board	AP4025
Ingie Water Authority	AP7350
Juandah Water Board	AP4026
Kaywana Bore Water Board	AP13400
Kelsey Creek Water Board	AP4028
Kooingal Water Board	AP4029
Lower Herbert Water Management Authority	AP4064
Marathon Bore Water Supply Board	AP4030
Matthews Road Drainage Board	AP4052
Merlwood Water Board	AP7342
Middle Park Bore Water Supply Board	AP4032
Mount Isa Water Board	AP7346
Mourilyan Drainage Board	AP4053
Mulgildie Water Board	AP13396
Myall Plains Water Authority	AP13401
North Burdekin Water Board	AP7349
Oaky Creek Water Board	AP4035
Orchard Creek Drainage Board	AP4054
Palmgrove Water Board	AP4036
Pioneer Valley Water Board	AP7345

Schedule 6 (continued)

Column 1	Column 2
Water authority	Plan
Riversdale–Murray Valley Water Management Board	AP4056
Roadvale Water Board	AP4038
Silkwood Drainage Board	AP4057
Six Mile Creek Water Supply Board	AP4039
Smithfield Drainage Board	AP4058
South Burdekin Water Board	AP6512
South Maroochy Drainage Board	AP4059
Stagnant Creek Drainage Board	AP4060
Taberna Bore Water Board	AP4041
Wanda Creek Drainage Board	AP4061
Warrubullen Drainage Board	AP4062
Washpool Water Board	AP4042
Woodmillar Water Board	AP4043
Yambocully Water Board	AP4044

Schedule 6A Local governments

sections 49 to 51

Aurukun Shire Council
Bamaga Island Council
Burke Shire Council
Carpentaria Shire Council
Cook Shire Council
Hope Vale Shire Council
Injinoo Shire Council
Kowanyama Shire Council
Lockhart River Shire Council
Mapoon Shire Council
Mareeba Shire Council
Napranum Shire Council
New Mapoon Shire Council
Pormpuraaw Shire Council
Seisia Island Council

Schedule 7 Drainage rates

section 53

Drainage area	Drainage rate
Burdekin River drainage area, shown on AP4064	\$18.70 for each hectare of land
Dawson Valley drainage area, shown on AP4145	\$18.75 for each hectare of land
Emerald drainage area, shown on AP4146	\$18.75 for each hectare of irrigable land \$4.70 for each hectare of non-irrigable land
St George drainage area, shown on AP4150	\$18.75 for each hectare of irrigable land

Schedule 8 Downstream and upstream limits

section 54

Part 1 Downstream limits

Column 1	Column 2	Column 3
Watercourse	Feature or boundary	Plan
Baffle Creek	Point where a line from the southwestern corner of lot 109 on plan FD838 (north of Hills Road) to the southern corner of lot 26 on plan FD1043 intersects Baffle Creek	BUN/DDL-1A (map A)
Blackwater Creek	Upstream face of the weir adjacent to lot 1 on RP619114 at UTM coordinates 396246E and 7299533N GDA94	AP13367
Bottle Creek	Point where a line from the upstream (southern) boundary of the road reserve separating lot 6 on plan FD184 and lot 102 on plan FL40309 to the upstream (southern) boundary of the road reserve separating lot 218 on plan FD217 and lot 93 on plan FL40228 (Mollenhagens Road) intersects Bottle Creek	BUN/DDL-1B (map B)
Deepwater Creek	Upstream face of the weir adjacent to lot 6 on RP617487 at UTM coordinates 395551E and 7303495N GDA94	AP13366

Schedule 8 (continued)

Column 1	Column 2	Column 3
Watercourse	Feature or boundary	Plan
Landsborough Creek	Point where a line extended as a westerly projection of the northern boundary of lot 1034 on SP110940 intersects Landsborough Creek at UTM coordinates 406700E and 7273031N GDA94	AP13381
Littabella Creek	Upstream side of the natural rock bar adjacent to lot 51 on FD536 at UTM coordinates 409979E and 7269683N GDA94	AP13379
Mullet Creek	Upstream side of the railway bridge adjacent to lot 2 on RP603970 at UTM coordinates 404799E and 7272712N GDA94	AP13380
Murrays Creek	Point where a line extended as an easterly projection of the northern boundary of lot 64 on plan FL40227 intersects Murrays Creek	BUN/DDDL-1A (map A)
Oyster Creek	Point where a line extended as a westerly projection of the common boundary between lot 1 on plan FD462 and lot 46 on plan FD462 intersects Oyster Creek	BUN/DDDL-1C (map C)

Schedule 8 (continued)

Column 1	Column 2	Column 3
Watercourse	Feature or boundary	Plan
Rothman Creek	Point where the downstream (eastern) boundary of the road reserve (Neils Road) separating lot 1 on RP616801 and lot 5 on RP617112 intersects Rothman Creek	BUN/DDL-1B (map B)
Sandy Creek	Upstream face of the weir remains adjacent to lot 8 on FD24 at UTM coordinates 355236E and 7327952N GDA94	AP13370
Scrubby Creek	Upstream face of the concrete deck of the bridge across Scrubby Creek on Turkey Beach Road at UTM coordinates 352940E and 7328643N GDA94	AP13368
Twelve Mile Creek	Point where a line extended as a northerly projection of the common boundary between lot 20 on FD72 and lot 5 on SP113120 intersects Twelve Mile Creek	AP13371
Unnamed tributary of Sandy Creek	Point 100m upstream of the confluence of the tributary with Sandy Creek on lot 8 on FD24 at UTM coordinates 355208E and 7327795N GDA94	AP13370
Walsh Creek	Upstream face of the weir adjacent to lot 2 on RP851659 at UTM coordinates 404502E and 7274301N GDA94	AP13369

Schedule 8 (continued)

Column 1	Column 2	Column 3
Watercourse	Feature or boundary	Plan
Worthington Creek	Point adjacent to lot 28 on SP105082 at UTM coordinates 368328E and 7328550N GDA94	AP13372

Part 2 Upstream limits

Column 1	Column 2	Column 3
Watercourse	Feature or boundary	Plan
Black Gully	Confluence of Black Gully with Meandu Creek on lot 1 on SP138386	AP13351
Dunn Creek	Upstream ponded limit of Magazine Dam at coordinates of 259447 and 7308067 GDA94 Zone 56	700164A4

**Schedule 9 Drainage and embankment
areas**

section 61

Column 1	Column 2
Area	Plan
Haughton River Drainage and Embankment Area	FN/DED/HA1
Major Creek Drainage and Embankment Area	FN/DED/MA1
Tully and Murray Rivers Drainage and Embankment Area	FN/DED/TM1

Schedule 10 Water sharing rules

section 64

Column 1	Column 2
Water management area	Water sharing rules
Border Rivers groundwater management area	Border Rivers groundwater management area water sharing rules
Bowen groundwater management area	Bowen groundwater management area water sharing rules
Bundaberg groundwater management area	Bundaberg groundwater management area water sharing rules
Burdekin groundwater management area	Burdekin groundwater management area water sharing rules
Callide Valley groundwater management area	Callide Valley groundwater management area water sharing rules
Central Lockyer groundwater management area	Central Lockyer groundwater management area water sharing rules
Condamine groundwater management area	Condamine groundwater management area water sharing rules
Dumaresq water management area	Dumaresq water management area water sharing rules
Fitzroy River Barrage water management area	Fitzroy River Barrage water management area water sharing rules
Great Artesian Basin groundwater management area	Great Artesian Basin groundwater management area water sharing rules
North Stradbroke Island groundwater management area	North Stradbroke Island groundwater management area water sharing rules
Oakey Creek groundwater management area	Oakey Creek groundwater management area water sharing rules

Schedule 10 (continued)

Column 1	Column 2
Water management area	Water sharing rules
Pioneer groundwater management area	Pioneer groundwater management area water sharing rules
Upper Hodgson Creek groundwater management area	Upper Hodgson Creek groundwater management area water sharing rules

Schedule 10A Service providers

section 86

Beaudesert Shire Council
Boonah Shire Council
Brisbane City Council
Caboolture Shire Council
Caloundra City Council
Council of the Shire of Esk
Gatton Shire Council
Gold Coast City Council
Ipswich City Council
Kilcoy Shire Council
Laidley Shire Council
Logan City Council
Maroochy Shire Council
Noosa Shire Council
Pine Rivers Shire Council
Queensland Water Infrastructure Pty Ltd (ACN 119 634 427)
Redcliffe City Council
Redland Shire Council
SEQ Water
Southern Regional Water Pipeline Company Pty Ltd (ACN 117 898 174)
SunWater
The Caloundra–Maroochy Water Supply Board trading as Aquagen Water and Renewable Energy

Schedule 10B Measures

section 87

description of measure	service provider	target (ML/day)	date
Bribie Island Groundwater project			
1 Take all necessary steps to make a substitution of 10ML/day from the existing water supply system with underground water sourced from Bribie Island	Caboolture Shire Council	10	31 December 2007
Brisbane Aquifer project			
2 Take all necessary steps to make a substitution of 20ML/day from the existing water supply system with underground water sourced from the Brisbane City Council's local government area	Brisbane City Council	20	30 June 2007
South East Queensland (Gold Coast) Desalination Facility			
3 Take all necessary steps required of the Gold Coast City Council under the Memorandum of Understanding for South East Queensland (Gold Coast) Desalination Facility between the council and the State of Queensland to facilitate the construction of a desalination plant	Gold Coast City Council	125	30 November 2008
Southern Regional Water Pipeline			
4 Take all necessary steps to prepare for, and construct, the Southern Regional Water Pipeline	Southern Regional Water Pipeline Company Pty Ltd		30 November 2008
Raising of Mt Crosby Weir			
5 Take all necessary steps to prepare for, and carry out, the raising of Mt Crosby Weir	Brisbane City Council	15	31 December 2008

Schedule 10B (continued)

description of measure	service provider	target (ML/day)	date
Western Corridor Recycled Water Scheme (Stage 1A)			
6 Take all necessary steps to prepare for, and construct, the Western Corridor Recycled Water Scheme (Stage 1A)	SEQ Water	20	31 July 2007
Western Corridor Recycled Water Scheme (Stage 1B)			
7 Take all necessary steps to prepare for, and construct, the Western Corridor Recycled Water Scheme (Stage 1B)	SEQ Water	75	30 April 2008
Western Corridor Recycled Water Scheme (Stage 2)			
8 Take all necessary steps to prepare for, and construct, the Western Corridor Recycled Water Scheme (Stage 2)	SEQ Water	115	31 December 2008
Eastern Pipeline Inter-connector			
9 Take all necessary steps to prepare for, and construct, the Eastern Pipeline Inter-connector.	Redland Shire Council	22	31 December 2008
Northern Pipeline Inter-connector			
10 Take all necessary steps to prepare for, and construct, the Northern Pipeline Inter-connector	The Caloundra–Maroochy Water Supply Board trading as Aquagen Water and Renewable Energy	65	31 December 2008
Hinze Dam Stage 3			
11 Take all necessary steps to prepare for, and construct, Hinze Dam Stage 3 and prepare for associated water harvesting works	Gold Coast City Council	16	31 December 2010
Traveston Crossing Dam Stage 1			
12 Take all necessary steps to prepare for, and construct, Traveston Crossing Dam Stage 1	Queensland Water Infrastructure Pty Ltd	190	31 December 2011

Schedule 10B (continued)

description of measure	service provider	target (ML/day)	date
Wyaralong Dam			
13 Take all necessary steps to prepare for, and construct, Wyaralong Dam	Queensland Water Infrastructure Pty Ltd	50	31 December 2011
Minimise taking of water			
14 Assess, in collaboration with the owners of Swanbank, Tarong and Tarong North power stations, the feasibility of minimising the power stations' take of water from Wivenhoe Dam and Boondooma Dam, and give the Minister a written report about the assessment	SEQ Water and SunWater acting jointly		8 September 2006

Schedule 10C Outcomes

section 88

description of outcome	service provider	target (ML/day)	date
Substitute recycled water for reticulated water for industrial and commercial customers—Brisbane City Council			
<p>1 A water consumption saving of at least 20ML/day from the service provider's reticulated water service by substituting the existing supply of water to appropriate industrial and commercial customers using more than 100ML/year with non-Act water that is recycled water, other than the volume of water that is necessary to maintain acceptable levels for health and sanitation on the customers' premises</p> <p>Non-Act water that is recycled water must be of a quality fit for its intended use, having regard to relevant State guidelines for water recycling.</p> <p>The substitution must be achieved in the following increments—</p> <p>(a) a substitution of a total of 10ML/day;</p> <p>(b) a substitution of a total of 20ML/day.</p> <p>The State will contribute a subsidy of up to 50% of the capital costs in accordance with the Water and Sewerage Program.</p>	Brisbane City Council	20	<p>31 March 2007</p> <p>31 March 2008</p>

Schedule 10C (continued)

description of outcome	service provider	target (ML/day)	date
Substitute recycled water for reticulated water for industrial and commercial customers—all other service providers			
<p>2 Maximisation of the use of recycled water as an alternative water supply from the service provider's reticulated water service by substituting the existing supply of water to appropriate industrial and commercial customers using more than 100ML/year with non-Act water that is recycled water, other than the volume of water that is necessary to maintain acceptable levels for health and sanitation on the customers' premises</p> <p>Non-Act water that is recycled water must be of a quality fit for its intended use, having regard to relevant State guidelines for water recycling.</p> <p>The State will contribute a subsidy of up to 50% of the capital costs in accordance with the Water and Sewerage Program.</p>	each service provider, other than Brisbane City Council		30 September 2008
Eastern Pipeline Inter-connector			
<p>3 Maximisation of the sustainable take of groundwater from North Stradbroke Island and water from Leslie Harrison Dam, for the purpose of supplying water to Logan City Council by the Eastern Pipeline Inter-connector, without affecting existing water restrictions, if any, imposed by Redland Shire Council on the residents of its local government area</p>	Redland Shire Council		31 December 2008
Northern Pipeline Inter-connector			
<p>4 Maximisation of the sustainable take of water from Baroon Pocket, Borumba and Ewen Maddock dams and Landsborough aquifers, to take water to other areas by the Northern Pipeline Inter-connector, without affecting existing water restrictions, if any, imposed by Caloundra City Council, Maroochy Shire Council and Noosa Shire Council on the residents of their local government areas</p>	The Caloundra–Maroochy Water Supply Board trading as Aquagen Water and Renewable Energy		31 December 2008

Schedule 10C (continued)

description of outcome	service provider	target (ML/day)	date
Alternate supply			
<p>5 Reduction in the supply by Logan City Council to Gold Coast City Council of water from Wivenhoe Dam, other than the volume of water that is necessary for fire fighting purposes and other services</p> <p>This reduction is in addition to a reduction of approximately 25ML/day that has already been made.</p> <p>The State will contribute a subsidy of up to 40% of the capital costs in accordance with the Water and Sewerage Program.</p>	Logan City Council	10	31 October 2007
<p>6 Reduction in the use by Logan City Council of water from Wivenhoe Dam by supplying 20ML/day from Gold Coast City Council's Molendinar Water Treatment Plant to Logan City Council</p> <p>The State will contribute a subsidy of up to 40% of the capital costs in accordance with the Water and Sewerage Program.</p>	Gold Coast City Council	20	1 June 2007
Pressure and leakage reduction			
<p>7 The collective savings of 60ML/day of reticulated water by implementing a system of pressure and leakage management</p> <p>The savings must be achieved in the following increments—</p> <p>(a) a saving of a total of 20ML/day;</p> <p>(b) a saving of a total of 40ML/day;</p> <p>(c) a saving of a total of 60ML/day.</p> <p>The State will contribute a subsidy of 40% of capital costs (up to \$32m).</p>	each participating local government acting collectively with each other participating local government	60	<p>31 September 2006</p> <p>30 September 2007</p> <p>31 August 2008</p>

Schedule 10C (continued)

description of outcome	service provider	target (ML/day)	date
Home retrofit			
<p>8 The collective retrofitting of 150000 domestic premises with water-saving devices under the 'SEQ Home WaterWise Service' retrofit program, currently coordinated by LGIS, to achieve a saving of 8.5ML/day of reticulated water</p> <p>The savings must be achieved in the following increments—</p> <p>(a) the retrofitting of 75000 domestic premises;</p> <p>(b) the retrofitting of a total of 150000 domestic premises.</p> <p>The State will contribute \$15m.</p>	<p>each service provider that is a local government, acting collectively with each other service provider that is a local government</p>	<p>8.5</p>	<p>30 April 2007</p> <p>31 December 2007</p>
Water-saving initiatives			
<p>9 A saving of 12ML/day of reticulated water by industrial and commercial customers under SEQ Water's 'Business Water Efficiency Program'</p> <p>The savings must be achieved in the following increments—</p> <p>(a) a saving of a total of 4.1ML/day;</p> <p>(b) a saving of a total of 8.2ML/day;</p> <p>(c) a saving of a total of 12ML/day.</p> <p>The State will contribute \$40m.</p>	<p>SEQ Water and each service provider that is a local government, acting collectively with SEQ Water and each other service provider that is a local government</p>	<p>12</p>	<p>30 April 2007</p> <p>30 September 2007</p> <p>30 April 2008</p>

Schedule 10C (continued)

description of outcome	service provider	target (ML/day)	date
Operational efficiency			
10 Optimisation of drawdown of water supplies from SEQ Water's storages	SEQ Water		30 November 2006

Schedule 10D Water supply emergency response for outcomes

section 89

response	service provider	date
Substitute recycled water for reticulated water for industrial and commercial customers—Brisbane City Council		
<p>1 The response must include the following—</p> <ul style="list-style-type: none"> (a) details of the service provider’s industrial and commercial customers whose water supply may be substituted; (b) a detailed plan for deciding which customers can be supplied with recycled water; (c) a detailed plan of the steps to be taken to supply the recycled water. 	Brisbane City Council	30 September 2006
Substitute recycled water for reticulated water for industrial and commercial customers—all other service providers		
<p>2 The response must include the following—</p> <ul style="list-style-type: none"> (a) details of the service provider’s industrial and commercial customers whose water supply may be substituted; (b) a detailed plan for deciding which customers can be supplied with recycled water; (c) a detailed plan of the steps to be taken to supply the recycled water. 	each service provider, other than Brisbane City Council	30 September 2006
Eastern Pipeline Inter-connector		
<p>3 The response must include details of the service provider’s current usage from North Stradbroke Island and Leslie Harrison Dam, and an estimate of how much additional water can be taken from North Stradbroke Island and Leslie Harrison Dam.</p>	Redland Shire Council	1 November 2006

Schedule 10D (continued)

response	service provider	date
Northern Pipeline Inter-connector		
4 The response must include details of current service providers' usage from Baroon Pocket, Borumba and Ewen Maddock dams, and an estimate of how much additional water can be taken from the dams and Landsborough aquifers.	The Caloundra–Maroochy Water Supply Board trading as Aquagen Water and Renewable Energy	1 November 2006
Alternate supply		
5 The response must include Gold Coast City Council's assessment of how the outcome will be achieved.	Logan City Council	30 September 2006
6 The response must include Logan City Council's assessment of how the outcome will be achieved.	Gold Coast City Council	30 September 2006
Pressure and leakage reduction		
7 The response must be a collective response through LGIS, stating details of how the outcome will be achieved collectively by all the service providers.	each participating local government acting collectively under the MOU	30 September 2006
Home retrofit		
8 The response must be a collective response through LGIS, stating details of how the outcome will be achieved collectively by all the service providers.	each service provider that is a local government, acting collectively with each other service provider that is a local government	30 September 2006
Water-saving initiatives		
9 The response must be a collective response through SEQ Water, stating details of how the outcome will be achieved collectively by all the service providers.	SEQ Water and each service provider that is a local government, acting collectively with each other service provider that is a local government	30 September 2006
Operational efficiency		
10 The response must include the options for achieving the outcome, and the impact on water quality for each option.	SEQ Water	30 September 2006

Schedule 11 Subartesian areas

section 102

Column 1	Column 2	Column 3
Area and plan	Water entitlement not required	Works not assessable
Bluewater subartesian area on plan AP10053	—	—
Bowen subartesian area on plan AP10055	stock or domestic purposes	stock or domestic purposes
Bundaberg subartesian area on plan AP10062	—	—
Burdekin subartesian area on plan AP10054	stock or domestic purposes	stock or domestic purposes
Cairns Coast subartesian area on plan AP12070	stock or domestic purposes	stock or domestic purposes
Callide subartesian area on plan AP10059	domestic purposes	stock or domestic purposes
Cattle Creek subartesian area on plan AP10060	domestic purposes	domestic purposes
Clarendon subartesian area on plan AP10066	stock or domestic purposes	stock or domestic purposes
Cook subartesian area on plan AP10049	stock or domestic purposes	stock or domestic purposes
Cressbrook Creek subartesian area on plan AP10064	stock or domestic purposes	stock or domestic purposes

Schedule 11 (continued)

Column 1	Column 2	Column 3
Area and plan	Water entitlement not required	Works not assessable
Duck Farm subartesian area on plan AP10049	—	—
Eastern Downs subartesian area on plan AP12072 sheets 29 to 34	stock or domestic purposes	stock or domestic purposes
Farnborough subartesian area on plan AP10058	stock or domestic purposes	stock or domestic purposes
Fitzroy subartesian area on plan AP10068	stock or domestic purposes	stock or domestic purposes
Fraser Island subartesian area on plan AP10063	domestic purposes	domestic purposes
Great Artesian Basin subartesian area on plan AP12072 sheets 1 to 32	stock purposes from subartesian aquifers not connected to artesian aquifers domestic purposes	—
Highlands subartesian area on plan AP10070	stock or domestic purposes	stock or domestic purposes
Monto subartesian area on plan AP10061	stock or domestic purposes	stock or domestic purposes
Moreton Island subartesian area on plan AP10065	stock or domestic purposes	stock or domestic purposes
Mossman subartesian area on plan AP10050	stock or domestic purposes	stock or domestic purposes

Schedule 11 (continued)

Column 1	Column 2	Column 3
Area and plan	Water entitlement not required	Works not assessable
Mount Isa subartesian area on plan AP12072 sheets 1 to 9	stock or domestic purposes	stock or domestic purposes
Mulgildie subartesian area on plan AP12081 sheets 1 to 16	all purposes	stock or domestic purposes
North Stradbroke Island subartesian area on plan AP10067	stock or domestic purposes	stock or domestic purposes
Pioneer subartesian area on plan AP10057	stock or domestic purposes	stock or domestic purposes
Proserpine subartesian area on plan AP10056	stock or domestic purposes	stock or domestic purposes

Schedule 12 Failure impact rating

section 103

Part 1 Unlicensed dams—Act, s 1067

Column 1	Column 2	Column 3
Dam	Location	Category
Atkinson Dam owned by SunWater, having a height of 9m and a storage capacity of 30400ML	An offstream storage in the locality of Lowood, situated on lot 341 on plan CSH1945, Parish of England, County of Cavendish, in the Shire of Esk	1
Biggera Creek Flood Mitigation Dam owned by Gold Coast City Council, having a height of 15m and a storage capacity of 3700ML	Biggera Creek in the locality of Labrador, situated on lot 1 on plan RP223934, Parish of Barrow, County of Ward, in the City of Gold Coast	1
Cedar Pocket Dam owned by SunWater, having a height of 20m and a storage capacity of 730ML	Deep Creek (East) in the locality of Gympie, situated partly on lot 175 on plan MCH5537, Parish of Woondum, County of March, in the Shire of Cooloola	1
Cooby Creek Dam owned by Toowoomba City Council, having a height of 30m and a storage capacity of 23100ML	Cooby Creek in the locality of Toowoomba, situated on lot 730 on plan AG4171, Parish of Douglas, County of Aubigny, in the Shire of Crows Nest	1

Schedule 12 (continued)

Column 1	Column 2	Column 3
Dam	Location	Category
Cressbrook Creek Dam owned by Toowoomba City Council, having a height of 59m and a storage capacity of 83000ML	Cressbrook Creek in the locality of Ravensbourne, situated on lot 58 on plan CSH2241, Parish of Deongwar, County of Cavendish, in the Shire of Esk	1
Eungella Dam owned by SunWater, having a height of 49m and a storage capacity of 112400ML	Broken River in the locality of Eungella, situated partly on lot 109 on plan HLN198, Parish of Eungella, County of Hillalong, in the Shire of Mirani	1
Gordonbrook Dam owned by Kingaroy Shire Council, having a height of 21m and a storage capacity of 6500ML	Stuart River in the locality of Kingaroy, situated on lot 467 on plan FY838992, Parish of Wooroolin, County of Fitzroy, in the Shire of Kingaroy	1
Julius Dam owned by SunWater, having a height of 38m and a storage capacity of 107500ML	Leichhardt River in the locality of Mount Isa, situated on lot 10 on plan CP891285, Parish of Candover, County of Tewinga, in the City of Mount Isa	1

Schedule 14 Water charges

section 58

Column 1	Column 2	Column 3
Water management area	Date water year ends	Water charges
Barker–Barambah Creeks water management area	30 June	Water harvesting—\$3.25 for each megalitre
Barron River–Emerald Creek water management area	30 June	Water harvesting— (a) from Tinaroo Falls Dam or Barron River—\$3.25 for each megalitre (b) from Emerald Creek above AMTD14.300—\$3.25 for each megalitre (c) from any other watercourse—\$3.25 for each megalitre
Border Rivers groundwater management area	30 September	Minimum charge—\$102.20 part A—\$1.14 part B—\$0.76
Bowen–Broken Rivers water management area	30 June	Water harvesting—\$3.25 for each megalitre
Bowen groundwater management area	31 March	Minimum charge—\$98.65 part A—nil part B—\$4.00
Boyne River water management area	30 June	Water harvesting—\$3.25 for each megalitre

Schedule 14 (continued)

Column 1	Column 2	Column 3
Water management area	Date water year ends	Water charges
Bundaberg groundwater management area	30 June	<p>Minimum charge—\$103.30</p> <p>Water from Gooburrum and Woongarra districts—</p> <p>(a) part A—\$3.00</p> <p>(b) part B—\$1.00</p> <p>Water from Barns district—</p> <p>(a) part A—nil</p> <p>(b) part B—\$1.47</p>
Burdekin River groundwater management area	30 June	<p>Minimum charge for each water licence to take groundwater for which a bore has not been installed—\$101.70</p> <p>For each water licence to take groundwater for which a bore has been installed—</p> <p>(a) with a nominal entitlement of not more than 25ML—\$101.70 for each water meter</p> <p>(b) with a nominal entitlement of more than 25ML—\$460.00 for each water meter</p>
Callide Valley groundwater management area (non-benefitted)	30 June	<p>Minimum charge for groundwater—\$102.20</p> <p>For taking groundwater—\$1.24 for each megalitre of announced entitlement</p>
Central Lockyer water management area	30 June	Water harvesting—\$3.25 for each megalitre

Schedule 14 (continued)

Column 1	Column 2	Column 3
Water management area	Date water year ends	Water charges
Chinchilla Weir water management area	31 August	Water harvesting—\$3.25 for each megalitre
Condamine groundwater management area	30 June	Minimum charge—\$103.40 part A—\$1.14 part B—\$1.14
Condamine River and Sandy Creek water management area	30 June	Water harvesting from Sandy Creek or Condamine River including North Branch—\$3.25 for each megalitre
Cressbrook Creek water management area	30 June	Minimum charge—\$102.20 part A—nil part B—\$1.34
Dawson River water management area	30 September	Water harvesting from Dawson River and Glebe Weir reservoir—\$3.25 for each megalitre
Dumaresq River water management area	30 June	Water from a watercourse flowing from Glenlyon Dam— (a) part A—\$7.75 (b) part B—\$9.55 Water harvesting—\$3.25 for each megalitre
Fitzroy River Barrage water management area	30 June	Water harvesting—\$3.25 for each megalitre
Gowrie–Oakey Creek water management area	30 June	\$80.35 for each water meter

Schedule 14 (continued)

Column 1	Column 2	Column 3
Water management area	Date water year ends	Water charges
Logan River water management area	30 June	Water harvesting from Burnett Creek or Logan River—\$3.25 for each megalitre
Lower Balonne water management area	30 June	Water harvesting— (a) from a supplemented section of the Thuraggi watercourse or Thuraggi diversion channel—\$3.25 for each megalitre (b) from Beardmore Dam or from any watercourse downstream of Beardmore Dam to the Queensland/New South Wales border—\$3.25 for each megalitre
Lower Burnett and Kolan Rivers water management area	30 June	Water harvesting—\$3.25 for each megalitre
Lower Lockyer water management area	30 April	Water harvesting—\$3.25 for each megalitre
Macintyre Brook water management area	30 September	Water harvesting—\$3.25 for each megalitre
Nogoa Mackenzie water management area	30 June	Water harvesting from Lake Maraboon or Nogoa River or Mackenzie River to the junction with Springton Creek—\$3.25 for each megalitre

Schedule 14 (continued)

Column 1	Column 2	Column 3
Water management area	Date water year ends	Water charges
Oakey Creek groundwater management area	30 June	\$91.95 for each water meter
Pioneer groundwater management area	30 June	\$250.50 for each water meter
Pioneer River water management area	30 June	Water harvesting—\$3.25 for each megalitre
Three Moon Creek water management area	30 June	Water harvesting—\$3.25 for each megalitre
Upper Burnett and Nogo Rivers water management area	30 June	Water harvesting from Nogo River or Burnett River—\$3.25 for each megalitre
Upper Hodgson Creek groundwater management area	30 June	\$91.95 for each water meter

Schedule 14 (continued)

Column 1	Column 2	Column 3
Water management area	Date water year ends	Water charges
Warrill Valley water management area	30 June	<p>Water harvesting—</p> <p>(a) from Reynolds Creek, Warrill Creek from its junction with Reynolds Creek or Bremer River from the junction of Warrill Creek downstream to Berry's Lagoon—\$3.25 for each megalitre</p> <p>(b) from Black Gully, Kent's Lagoon, Normanby Gully, West Branch, Waroolaba Creek or the Upper Warrill systems—\$3.25 for each megalitre</p>

Schedule 15 Royalties

section 17

	\$
Removing State quarry material—for each m ³ removed—	
(a) by a local government or other entity established under an Act and that does not represent the State (a <i>statutory body</i>), for its own use	0.53
(b) by another person for a statutory body if the statutory body issues a certificate stating that the material was supplied to the statutory body for its own use	0.53
(c) if paragraph (a) or (b) does not apply	1.47

Schedule 15A Metered entitlements

section 63

	\$
1	Application for approval of land and water management plan (Act, s 74(3)(c))—
	(a) approving a previously approved plan, if paragraph (b) does not apply 59.30
	(b) approving a previously approved plan, if the plan to be approved applies to additional land or provides for a different or additional irrigation method. 118.60
	(c) approving a new plan. 177.80
2	Application for deferral of requirement for approved land and water management plan (Act, s 79(2)(c)). 118.60
3	Application to amalgamate water allocations or subdivide a water allocation (Act, s 128A(2)(b)). 86.20
4	Application to change a water allocation (Act, ss 129(3)(c) and 130(3)(d))—
	(a) if the application is made with an application to amalgamate water allocations or subdivide a water allocation nil
	(b) otherwise—
	(i) for 1 application 86.20
	(ii) for each additional application made at the same time 17.20
5	Application by water allocation holder for seasonal water assignment (Act, s 142(2)(c)) 114.90
6	Creating, on request, a title or a separate title for a water allocation, other than under section 121 or 122 of the Act (Act, ss 148(2)(d) and 150(1))—for each title created . . . 48.05
7	Lodging in the registry an instrument that changes ownership of a water allocation or an interest in a water allocation (Act, ss 148(2)(d) and 150(1))—
	(a) if lodgment is with an instrument changing ownership of a lot or an interest in a lot—for each water allocation 23.70

Schedule 16 (continued)

	\$
(b) otherwise—	
(i) for 1 water allocation	111.30
(ii) for each additional water allocation	23.70
8 Lodging in the registry a certificate approving amalgamation of water allocations or subdivision of a water allocation (Act, ss 148(2)(d) and 128A(7))	111.30
9 Lodging in the registry a certificate about a change to a water allocation (Act, ss 148(2)(d), 129(6) and 135(1))	111.30
10 Lodging in the registry a cancellation, discharge or satisfaction of a writ of execution (Act, ss 148(2)(d) and 150(1))	23.70
11 Lodging in the registry an instrument received through the post, by courier service or by document exchange service (Act, ss 148(2)(d) and 150(1))—additional fee for each instrument	23.70
12 Lodging a standard terms document in the registry (Act, ss 148(2)(d) and 150(1))	nil
13 Lodging in the registry a request to remove from the title of a water allocation a lease that has expired or otherwise ended (Act, ss 148(2)(d) and 150(1))	nil
14 Lodging in the registry a request to note the lapsing of a caveat (Act, ss 148(2)(d) and 150(1))	nil
15 Lodging any other instrument in the registry (Act, ss 148(2)(d) and 150(1))	111.30
16 Depositing in, or withdrawing from, the registry a settlement notice (Act, ss 148(2)(d) and 150(1))	23.70
17 Depositing in, or removing from, the registry an administrative advice (Act, ss 148(2)(d) and 150(1))	11.80
18 Preparing and serving, by the registry, a caveat notice (Act, ss 148(2)(d) and 150(1))	23.80
19 Computer print-out (Act, s 148(2)(d))—	
(a) of a title for a water allocation generated—	
(i) within the registry	11.85
(ii) by external access	9.50
(b) of the historical details of a title generated—	
(i) within the registry	17.90

Schedule 16 (continued)

	\$
(ii) by external access	15.50
20 Optical disk print-out (Act, s 148(2)(d))—	
(a) of a title for a water allocation generated—	
(i) within the registry	11.85
(ii) by external access	9.50
(b) of another instrument lodged or deposited in the registry	23.95
21 Search, in the registry, of a statement of a registered dealing or administrative advice against a title (Act, s 153)	2.37
22 Investigative search, by the registrar, of the register (not including providing copies of documents) (Act, s 148(2)(d))—	
(a) if no additional computer programming time is required—for each hour or part of an hour	48.05
(b) if additional computer programming time is required—for each hour or part of an hour	120.10
23 Certifying, by the registrar, of a copy of the title of a water allocation or a registered instrument (Act, s 148(2)(d)).	23.95
24 Requisitioning a document lodged for registration (Act, s 148(2)(d)).	29.95
25 Application to transfer interim water allocation (Act, s 193(2)(c)).	252.90
26 Application for approval to transfer interim water allocation to other land (Act, s 195)—	
(a) for 1 application	252.90
(b) for each additional application, made at the same time, to transfer to the same land	55.65
27 Application to replace interim water allocation (Act, s 198(4)(b)).	86.20
28 Application for water licence (Act, s 206(6)(c))	86.20
28A Copy of an application (Act, s 208(4)(b))—	
(a) for 1 page	11.85
(b) for each additional page	0.21
29 Application to amend water licence (Act, s 216)	86.20

Schedule 16 (continued)

	\$
30 Application to reinstate expired water licence (Act, s 221(2)(b)).	86.20
31 Application to amalgamate water licences (Act, s 224(2)(b)).	86.20
32 Application to subdivide water licence (Act, s 225(2)(b))	86.20
33 Application to replace water licence on disposal of land to which expired licence related (Act, s 229(4)(b)).	86.20
34 Application by licensee of a water licence for seasonal water assignment (Act, s 231(2)(c))	114.90
35 Application for allocation of quarry material (Act, s 280(2)(c))—for each 6 month period, or part of a 6 month period, the allocation notice has effect	118.30
36 Application to renew allocation notice (Act, s 289(2)(b)).	118.30
37 Application for water bore driller's licence (Act, s 299(2)(e))—for 5 years—	
(a) if paragraphs (b) to (d) do not apply	388.55
(b) if s 20(2)(c)(iii) applies	698.00
(c) if s 21(2)(c)(iv) applies	1019.00
(d) if s 22(2)(d)(iii) applies	1233.00
38 Application to amend water bore driller's licence (Act, s 304)	114.90
39 Application to renew water bore driller's licence (Act, s 308(2)(c)).	373.70
39A Application to reinstate expired water bore driller's licence (Act, s 308A(2)(b))—for 5 years.	388.50
40 Application for operations licence (Act, s 328(2)(d))	86.20
40A Computer print-out of a document generated (Act, s 1009)—	
(a) at an office of the department	11.85
(b) by external access	9.50
40B Certifying a copy of a document (Act, s 1009)	23.95
41 Water licence fee (Act, s 1014(2)(a))—for each year	54.30
41A Application for unallocated water under a resource operations plan (Act, s 1014(2)(a))	158.20

Schedule 16 (continued)

	\$
41B Investigative search, by the chief executive, of the department's water entitlement registration database (not including providing copies of documents) (Act, s 1014(2)(a))—	
(a) if no additional computer programming time is required—for each hour or part of an hour	48.05
(b) if additional computer programming time is required—for each hour or part of an hour	120.10
41C Copy of a report on an entry in the department's water entitlement registration database (Act, s 1014(2)(a))	5.95
42 Testing a water meter (Act, s 1014(2)(d))—for each hour	50.10
43 Reading a water meter (Act, s 1014(2)(d))—	
(a) for 1 water meter	55.65
(b) for each additional water meter on the same or an adjacent property	11.10
44 Development application (<i>Integrated Planning Act 1997</i> , ss 3.2.1(4)(b) and 3.3.3(1)(c)) for any of the following—	
(a) operational work for the taking of, or interfering with, water—	
(i) if the application is made with an application for a water licence	nil
(ii) otherwise	86.20
(b) the removal of quarry material	86.20
(c) operational work in a drainage and embankment area controlling the flow of water into or out of a watercourse, lake or spring	86.20
(d) operational work—	
(i) that is the construction of a referable dam	86.20
(ii) that will increase the storage capacity of a referable dam by more than 10%	86.20
(e) development in a declared catchment area	86.20

Schedule 17 Dictionary

section 3

ADIA see section 22.

ADITC see section 20.

AMTD means the adopted middle thread distance which is the distance in kilometres, measured along the middle of a watercourse, that a specific point in the watercourse is from the watercourse's mouth or junction with the main watercourse.

announced allocation, for part 2, division 1, see section 3A.

announced entitlement see section 66.

annual entitlement see section 67.

approval application means an application made under section 9.

approved meter means—

- (a) a meter acceptable, modified or installed under part 7, division 2, and attached to works through which water is, has been or may be taken or interfered with under a metered entitlement; or
- (b) a meter—
 - (i) attached to works through which water is, has been or may be taken or interfered with under a metered entitlement; and
 - (ii) of a type approved by the chief executive—
 - (A) in accordance with a condition of the development permit for the works; or
 - (B) if the works are self-assessable development under the *Integrated Planning Act 1997*—in accordance with the applicable code; and
 - (iii) installed—

Schedule 17 (continued)

- (A) in accordance with the department's specifications for installing meters as a condition of the development permit for the works; or
- (B) if the works to which the meter is attached are self-assessable development under the *Integrated Planning Act 1997*—in accordance with the applicable code.

authorisation means a water licence, water permit, water allocation or other authority to take or interfere with water under the Act.

BBWSS, for part 2, division 1, see section 3A.

Bromelton Off-stream Storage, for part 8, see section 83.

Cedar Grove Weir, for part 8, see section 83.

DICAT course see section 20.

Eastern Pipeline Inter-connector, for part 8, see section 83.

GDA94 means Geocentric Datum of Australia 94, a part of the earth centred global coordinate reference frame used by the department.

groundwater means water from an underground source.

high priority group, for part 2, division 1, see section 3A.

Hinze Dam Stage 3, for part 8, see section 83.

LGIS, for part 8, see section 83.

medium priority group, for part 2, division 1, see section 3A.

meter includes equipment, related to the meter, for measuring and recording the taking of, or interfering with, water.

meter assessment notice see section 72.

metered entitlement see section 75.

metered entitlement notice see section 70.

metering exit charge see section 80.

metering information notice see section 70.

Schedule 17 (continued)

metering service charge see section 76.

MOU, for part 8, see section 83.

natural disaster relief arrangements means the funding arrangements agreed between the Commonwealth and the State for providing financial assistance to communities affected by natural disasters.

Note—

At the commencement of this definition, the funding arrangements were described in the document called ‘Natural Disaster Financial Assistance Arrangements within Queensland 2005/2006’, published by the Department of Emergency Services and available on that department’s website at <www.disaster.qld.gov.au>.

nominal entitlement see section 65.

Northern Pipeline Inter-connector, for part 8, see section 83.

part A, for water charges mentioned in schedule 14, means the amount payable for each megalitre of nominal entitlement.

part B, for water charges mentioned in schedule 14, means the amount payable for each megalitre of water taken up to the annual entitlement.

participating local government, for part 8, see section 83.

primary production does not include operation of a cattle feedlot or piggery.

proposed transferee see section 8.

proposed transferor see section 8.

raising of Mt Crosby Weir, for part 8, see section 83.

Regional Water Inter-Connectors, for part 8, see section 83.

Report on Drought Contingency Projects, for part 8, see section 83.

ROP, for part 2, division 1, see section 3A.

settlement notice means a settlement notice under the *Land Title Act 1994*, part 7A.

South East Queensland (Gold Coast) Desalination Facility, for part 8, see section 83.

Schedule 17 (continued)

Southern Regional Water Pipeline, for part 8, see section 83.
standard terms document see the *Land Title Act 1994*, section 168.

State Development Regulation, for part 8, see section 83.

Suncorp Metway Ltd business banking variable lending base rate means the variable base interest rate set by the Suncorp Metway Bank for loans to business entities.¹⁸

SunWater means the entity continued in existence under the *Government Owned Corporations Regulation 2004*, section 34.

supplemented water means water supplied under an interim resource operations licence, resource operations licence or other authority to operate infrastructure.

surface water means water in a watercourse.

Traveston Crossing Dam Stage 1, for part 8, see section 83.

Tropical Cyclones Larry and Monica means the cyclones known as Tropical Cyclone Larry and Tropical Cyclone Monica that affected certain communities in North Queensland in March and April 2006.

UTM means Universal Transverse Mercator, a system used to project a round earth onto a flat map.

Water and Sewerage Program, for part 8, see section 83.

Water for South East Queensland document, for part 8, see section 83.

Water Infrastructure Project Board, for part 8, see section 83.

water licence, for sections 65, 66 and 67, means a water licence not managed under a resource operations plan.

water management area see section 56.

Western Corridor Recycled Water Scheme, for part 8, see section 83.

18 The interest rate on 8 April 2002 was 8.2% a year.

Schedule 17 (continued)

works, for part 7, means works used, or that could be used, for taking or interfering with water.

Wyaralong Dam, for part 8, see section 83.
