Information about this reprint

This regulation is reprinted as at 31 March 2007. The reprint—

- shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c))
- incorporates all necessary consequential amendments, whether of punctuation, numbering or another kind (Reprints Act 1992 s 5(d)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

Integrated Planning Regulation 1998

[as amended by all amendments that commenced on or before 31 March 2007]

Part 1 Preliminary

1 Short title

This regulation may be cited as the *Integrated Planning Regulation 1998*.

2 Definitions

The dictionary in schedule 14 defines particular words used in this regulation.

Part 2 Application of schedules

3 **Type of assessment and applicable codes, laws and policies for development—Act, s 3.1.3 and sch 8 (schedule 1)**

- (1) For section 3.1.3(1) of the Act—
 - (a) schedule 1, part 1, column 1 identifies an aspect of development requiring impact assessment; and
 - (b) schedule 1, part 1, column 2 identifies the codes, laws and policies that may apply for assessing the aspect.
- (2) For section 3.1.3(1) of the Act—
 - (a) schedule 1, part 2, column 1 identifies an aspect of development requiring code assessment unless a planning scheme requires impact assessment; and
 - (b) schedule 1, part 2, column 2 identifies the codes, laws and policies that may apply for assessing the aspect.

- (3) For section 3.1.3(1) of the Act—
 - (a) schedule 1, part 3, column 1 identifies an aspect of development requiring code assessment; and
 - (b) schedule 1, part 3, column 2 identifies the codes, laws and policies that may apply for assessing the aspect.
- (4) For self-assessable development—
 - (a) schedule 1, part 4, column 1 identifies an aspect of development that is self-assessable under schedule 8, part 2 of the Act; and
 - (b) schedule 1, part 4, column 2 identifies the codes, laws and policies that may apply for assessing the aspect.

4 Local governments that must review priority infrastructure plans—Act s 2.2.5 (schedule 3)

For section 2.2.5 of the Act, the local governments mentioned in schedule 3 are prescribed.

5 Referral agencies and their jurisdictions—Act s 3.1.8 (schedule 2)

For section 3.1.8 of the Act and schedule 10 of the Act, definitions *advice agency* and *concurrency agency*—

- (a) schedule 2, column 2 states the referral agency, and whether it is an advice agency or a concurrency agency, for the development application mentioned in column 1; and
- (b) schedule 2, column 3 states the jurisdiction of the referral agency mentioned in column 2.

6 Referral agency assessment period—Act, s 3.3.14

For section 3.3.14(1)(a) of the Act, schedule 4, column 2 states the number of business days for the referral agency mentioned opposite the number in column 1.

7 Development for which particular applications require public notification—Act, s 6.7.1A

For section 6.7.1A(1)(c)(ii) of the Act, schedules 7 and 8 prescribe development for which a notification period of 30 business days applies under section 6.7.1A(2) of the Act.

8 Court fees (schedule 9)

The fees payable for a proceeding in the court are in schedule 9.

9 Jurisdiction of tribunals—Act, s 4.2.7

The following matters are prescribed for the Act, section 4.2.7(2)(b)—

- (a) a decision about a part of a building development application for which part the local government is the concurrence agency;
- (b) a decision on a broadscale application as defined under the *Vegetation Management Act 1999*;
- (c) a decision on a vegetation clearing application as defined under the *Vegetation Management Act 1999*, but only if the chief executive is the assessment manager for the application.

10 Tribunal appeal fees—Act, s 4.2.15

- (1) For section 4.2.15(2) of the Act, the fees payable for an appeal against a decision mentioned in section 9(a), other than an appeal started by a building referral agency, are stated in subsections (2) and (3).
- (2) The fee payable, if the appeal is to be decided by a tribunal without a site inspection by the tribunal or a member of the tribunal is—
 - (a) if the decision is about a class 1 building or a class 10 building or structure—\$265; or
 - (b) if the decision is about a class 2, 3, 4, 5, 6, 7, 8 or 9 building with a floor area of 500m² or less—\$385; or

- (c) if the decision is about a class 2, 3, 4, 5, 6, 7, 8 or 9 building with a floor area greater than 500m²—\$555.
- (3) The fee payable, if the matter is to be decided by a tribunal after a site inspection by a tribunal or a member of the tribunal is—
 - (a) if the decision is about a class 1 building or a class 10 building or structure—\$440; or
 - (b) if the decision is about a class 2, 3, 4, 5, 6, 7, 8 or 9 building with a floor area of 500m² or less—\$555; or
 - (c) if the decision is about a class 2, 3, 4, 5, 6, 7, 8 or 9 building with a floor area greater than 500m²—\$825.
- (4) The fee payable for an appeal against a decision mentioned in section 9(b) or (c) is \$250.

11 Tribunal fast track fee—Act, s 4.2.16

- (1) This section prescribes the fee to accompany a request under section 4.2.16 of the Act to the chief executive to appoint a tribunal to start hearing an appeal within 2 business days after starting the appeal.
- (2) The fee payable under this section is 50% of, and is in addition to, the fee payable for the appeal under section 10.
- (3) However, if the chief executive refuses the request, the fee must be refunded.

12 State resources (schedule 10)

- (1) For section 3.2.1(5) of the Act, schedule 10 prescribes State resources and the evidence required to support an application that involves taking or interfering with a resource.
- (2) The chief executive may decide that evidence provided to support an application that involves taking or interfering with a resource may be used to support 1 or more other applications for the same type of development, regardless of who is the applicant.
- (3) If the chief executive makes a decision under subsection (2), the evidence is a *general authority* to support applications for the particular type of development.

- (4) If the evidence required to support an application is a general authority, a copy of the general authority must be attached to the application.
- (5) The chief executive may decide that a general authority can no longer be used to support an application for a particular type of development.
- (6) In this section—
chief executive means the chief executive of the department administering the resource.

13 Development for community infrastructure exempt from planning scheme assessment (schedule 11)

For schedule 9, table 5, item 5 of the Act, development, identified in schedule 11, for community infrastructure is exempt from assessment against a planning scheme.

14 Conditions requiring compliance assessment (schedule 12)

- (1) For section 3.5.31A of the Act, schedule 12 prescribes—
 - (a) matters for which a condition may require a document or work to be assessed for compliance with a condition; and
 - (b) the way the assessment, and the process for the assessment, of the document or work must be carried out.
- (2) For section 4.4.15 of the Act, schedule 12 also prescribes, for the assessment—
 - (a) the circumstances in which a person may appeal; and
 - (b) the entity to whom the appeal must be made; and
 - (c) the time by which, and the way in which, the appeal must be made; and
 - (d) the provisions of the Act applying for hearing and deciding the appeal.

Part 2A **Prescribed matters for environmental impact statements**

14A **Definitions for pt 2A**

In this part—

Commonwealth Minister means the Minister of the Commonwealth responsible for administering the Commonwealth Environment Act.

designated proponent, for development, means the person designated as a proponent for the development under the Commonwealth Environment Act, section 75(3).

relevant impacts has the meaning given by the Commonwealth Environment Act, section 82.

14B **Development for which EIS process applies—Act, s 5.8.1**

- (1) Development is prescribed for section 5.8.1 of the Act if—
 - (a) the Commonwealth Minister has, under the Commonwealth Environment Act—
 - (i) decided the approach for assessing the relevant impacts of the development is assessment by an accredited assessment process; and
 - (ii) given notice of the decision; or

Note—
See the Commonwealth Environment Act, chapter 4, part 8, division 3 (Decision on assessment approach).

 - (b) the relevant impacts of the development are to be assessed under a bilateral agreement.
- (2) However, the development must be development for which the chief executive decides an EIS is required.
- (3) Any steps or actions taken in the EIS process before the action mentioned in subsection (1)(a) happens are taken to have complied with this part.
- (4) In this section—

bilateral agreement has the meaning given by the Commonwealth Environment Act, section 45(2).

14C Criteria for making decision about requirement for EIS

In making a decision under section 14B(2), the chief executive must consider—

- (a) the importance of the development to the State or part of the State; and
- (b) the complexity of the development including—
 - (i) the size or nature of the development; and
 - (ii) the number of entities, or local government areas potentially affected by the development; and
- (c) the significance of the potential environmental, economic and social impacts of the development.

14D Criteria for public notification of draft terms of reference for EIS

For section 5.8.4(1)(b) of the Act, the criteria for public notification of draft terms of reference for an EIS are—

- (a) the complexity of the matters mentioned in the application for terms of reference for the EIS; and
- (b) the likely level of public interest in the draft terms of reference.

14E Content of draft terms of reference for EIS and draft EIS

- (1) For sections 5.8.4(3)(f) and 5.8.7(1)(a)(v) of the Act, each of the following matters must be stated in a notice—
 - (a) the development's name;
 - (b) the proponent's name;
 - (c) if the proponent and designated proponent for the development are not the same entity—the designated proponent's name;
 - (d) the development's location;

- (e) any matter mentioned in the Commonwealth Environment Act, section 34, and protected by a controlling provision for the development.

(2) In this section—

controlling provision, for development, means a provision of the Commonwealth Environment Act, chapter 2, part 3, decided by the Commonwealth Minister as a controlling provision for the development under chapter 4, part 7, division 2 of that Act.

14F Public notification of draft terms of reference for EIS and draft EIS

For sections 5.8.4(4) and 5.8.7(2) of the Act, a notice must be published—

- (a) in a newspaper circulating throughout Australia; and
- (b) in a newspaper circulating generally in the State.

14G Matters for inclusion in draft EIS

For section 5.8.6(2) of the Act, the draft EIS must include the matters mentioned in the *Environment Protection and Biodiversity Conservation Regulations 2000* (Cwlth), schedule 4.

14H Content of EIS assessment report

- (1) For section 5.8.12(e) of the Act, an EIS assessment report about an EIS for development must contain each of the following—
 - (a) the development's name;
 - (b) the name of the designated proponent for the development;
 - (c) the development's location;
 - (d) a description of any matters of national environmental significance;
 - (e) a summary of the relevant impacts of the development;

- (f) a description of feasible mitigation measures, or changes to the development or procedures, to prevent or minimise the development's relevant impacts, proposed by the proponent or suggested in relevant submissions;
 - (g) to the extent practicable, a description of feasible alternatives to the development identified in the EIS process, and the likely impact of the alternatives on matters of national environmental significance;
 - (h) a statement of conditions of approval for the development that may be imposed to address impacts, identified in the EIS process, on matters of national environmental significance.
- (2) In this section—

matters of national environmental significance means matters of national environmental significance mentioned in the Commonwealth Environment Act, chapter 2, part 3, division 1.

relevant submissions means properly made submissions, or other submissions accepted by the chief executive under section 5.8.8 of the Act.

14I To whom EIS and other material must be given

For section 5.8.13(d) of the Act, the entity is the Commonwealth Minister.

Part 3 Miscellaneous

15 Qualifications of general referee—Act, s 4.2.37

- (1) For section 4.2.37 of the Act, each of the following qualifications or experience for a member of a tribunal that is to hear and decide a matter is prescribed for the matter—
- (a) a demonstrated ability—
 - (i) to negotiate and mediate outcomes between parties to an appeal; and

Integrated Planning Regulation 1998

- (ii) to apply the principles of natural justice; and
 - (iii) to analyse complex technical issues; and
 - (iv) to communicate effectively, including, for example, to write informed, succinct, and well organised reports, submissions, decisions or other documents;
- (b) demonstrated knowledge of at least 1 of the following the Minister considers is sufficient to enable the person to perform the functions of a member of the tribunal in relation to the matter—
- (i) building design and construction;
 - (ii) siting of residential buildings;
 - (iii) neighbourhood amenity issues;
 - (iv) relevant health or fire safety issues;
 - (v) the Act, the *Building Act 1975* or the *Plumbing and Drainage Act 2002*;
 - (vi) Building Code of Australia, Queensland Development Code, or Australian Standards relating to building work;
 - (vii) National Plumbing and Drainage Code, or Australian Standards relating to plumbing and drainage work.
- (2) If the matter is about a part of a building development application for which part the local government is the concurrence agency, at least 1 member of the tribunal must, in addition, have—
- (a) a university qualification in town planning; and
 - (b) substantial experience in interpreting and applying provisions of a planning scheme when assessing development.
- (3) However, if the matter is about a decision mentioned in section 9(b) or (c), the qualifications and experience are—
- (a) a demonstrated ability—
 - (i) to negotiate and mediate outcomes between parties to an appeal; and

- (ii) to apply the principles of natural justice; and
 - (iii) to analyse complex technical issues; and
 - (iv) to communicate effectively, including, for example, to write informed, succinct, and well organised reports, submissions, decisions or other documents; and
- (b) demonstrated knowledge of the following—
- (i) administrative decision-making;
 - (ii) the *Vegetation Management Act 1999*;
 - (iii) the *Integrated Planning Act 1997*;
 - (iv) the role of vegetation in ecological processes; and
- (c) either—
- (i) tertiary qualifications in environmental science or natural resource management; or
 - (ii) substantial experience in a field of work requiring the application of environmental science or natural resource management.

18 Requirements for placing public notices on land—Act, s 3.4.4

- (1) This section prescribes, for section 3.4.4.(1)(b)¹ of the Act, requirements for the placing of a notice on land.
- (2) The notice must be—
 - (a) placed on, or within 1.5m of, the road frontage for the land; and
 - (b) mounted at least 300mm above ground level; and
 - (c) positioned so that it is visible from the road; and
 - (d) made of weatherproof material; and
 - (e) not less than 1200mm x 900mm.
- (3) The lettering on the notice must be—

¹ Section 3.4.4 (Public notice of applications to be given) of the Act

- (a) for lettering in the heading, as indicated on the approved form of the notice—at least 50mm in height and in a bold style; or
 - (b) for lettering in the subheadings, as indicated on the approved form of the notice—at least 25mm in height and in a bold style; or
 - (c) for lettering not mentioned in paragraphs (a) and (b)—at least 25mm in height, of regular weight and in sentence case.
- (4) Each sentence in the notice must start on a new line.
 - (5) If the land has more than 1 road frontage, a notice must be placed on each road frontage for the land.
 - (6) The applicant must maintain the notice from the day it is placed on the land until the end of the notification period.
 - (7) In this section—
 - road frontage*, for land, means—
 - (a) the boundary between the land and any road adjoining the land; or
 - (b) if the only access to the land is across other land—the boundary between the other land and any road adjoining the other land at the point of access.

19 Guidelines for priority infrastructure plans—Act, s 5.1.3

The guidelines for priority infrastructure plans are contained in ‘IPA Infrastructure Guideline 1/04, Priority Infrastructure Plans’, dated 4 October 2004, and published by the department.

20 Guidelines for making or amending infrastructure charges schedules—Act, s 5.1.5

The guidelines for making or amending infrastructure charges schedules are contained in ‘IPA Infrastructure Guideline 2/04, Infrastructure Charges Schedules’, dated 4 October 2004, and published by the department.

21 Trunk infrastructure charge rates—Act s 5.1.15 (schedule 13)

- (1) For section 5.1.15 of the Act—
 - (a) the development for which a charge may be levied is—
 - (i) reconfiguring a lot; or
 - (ii) a material change of use of premises that is assessable under a planning scheme; or
 - (iii) carrying out building work that is assessable development; and
 - (b) the charges are the amounts calculated under schedule 13.
- (2) For calculating an amount under schedule 13, a charge unit is the amount decided by the relevant local government applying schedule 13.
- (3) However, a charge unit must not be more than \$1500.
- (4) A charge under subsection (1) applies only for development that could reasonably be expected to create or add to demand on the infrastructure network for which the charge is taken.
- (5) If in relation to infrastructure for which a charge is levied a previous regulated infrastructure charge, infrastructure charge or contribution has been made, the charge levied must be reduced by an amount that fairly represents the current value of the amount previously paid.

Schedule 1 Type of assessment and applicable codes, laws and policies for particular development

section 3

Note—

This schedule identifies the type of assessment for some aspects of development, in particular development made assessable under schedule 8 of the Act. The type of assessment for other aspects of development may be stated in a planning scheme, a temporary local planning instrument or the regulatory provisions.

Schedule 2A Special fire services and referral jurisdiction of Queensland Fire and Rescue Service for them

schedule 2, table 1, item 1

Part 1 Special fire services

- 1 air-handling systems used for smoke control
- 2 emergency lifts
- 3 emergency warning and intercommunication systems
- 4 fire control centres
- 5 fire detection and alarm systems (other than stand-alone smoke alarms not required to be interconnected or connected to a fire indicator panel)
- 6 fire hydrants
- 7 fire mains (other than fire mains that connect only fire hose reels)
- 8 services provided under conditions imposed under the *Building Act 1975*, section 79³
- 9 services required under the Building Code of Australia, clause E1.10⁴
- 10 smoke and heat venting systems
- 11 smoke exhaust systems
- 12 special automatic fire suppression systems (including foam, deluge and gas flooding systems)
- 13 sprinklers (including wall-wetting sprinklers)

3 *Building Act 1975*, section 79 (Hazardous buildings)

4 Building Code of Australia (2006 edition), clause E1.10 (Provision for special hazards)

Schedule 2A (continued)

- 14 stairwell pressurisation systems
- 15 vehicular access for large isolated buildings

Part 2 Referral jurisdiction**Large isolated buildings**

- suitability of site provisions for access by fire authority vehicles

Emergency lifts

- operation of fire officer's controls in lifts

Emergency warning and intercommunication systems

- operation of suitable auxiliary warning devices, where AS 2220 systems are not specified
- operation of interface of warning system with detection and alarm systems
- location of main emergency control panel and warden intercom points
- suitability of warning tone and sound pressure levels under test

Fire control centres

- location of control centre
- suitability of contents, ventilation, signage, lighting and sound levels of control centre

Fire detection and alarm systems (other than stand-alone smoke alarms not required to be interconnected or connected to a fire indicator panel)

- achievement of specified performance of detection and alarm systems
- location and operation of main fire indicator panel, sub-indicator panels, mimic panels, local alarm bells and directional signs

Schedule 2A (continued)

- operation of direct fire service alarm
- suitability of nominated types of detection in all areas, and the location of manual call points
- suitability of weather protection, accessibility and lighting of equipment

Fire fighting equipment

- achievement of specified performance
- location and suitability of booster connections and enclosures
- location and suitability of internal and roof hydrants and external hydrants including fire separation from adjacent buildings
- operation of fixed pump-set controls and status indication
- provision of additional hydrant services as mentioned in AS 2419
- provisions for connection of fire authority portable relay booster pump
- provisions for hard standing for fire appliances

Sprinklers

- operation of direct fire service alarm and location of directional signs
- operation of pump-set controls and status indications
- provision of suitable fire-protection for special hazards as mentioned in AS 2118
- the location of valve room, pump-sets, water alarm and booster point

Wall-wetting sprinklers

- location of isolating valves
- provision of suitable signs

Special automatic fire suppression systems

- achievement of specified performance
- location of control valves

Schedule 2A (continued)

- provision of access for fire service vehicles
- provision of interface with other systems and direct fire service alarm
- suitability of extinguishment media

Provision for special hazards

- suitability of special fire services for the protection of special hazards as mentioned in the Building Code of Australia, clause E1.10

Smoke control systems

- achievement of specified performance of systems
- suitability of automatic detector operation of stairwell pressurisation systems, smoke-and-heat vents and smoke exhaust systems
- suitability of operational controls and indicators

Prescribed buildings

- suitability of special fire services and site requirements for prescribed buildings mentioned in the *Building Act 1975*, section 79⁵

5 *Building Act 1975*, section 79 (Hazardous buildings)

**Schedule 7 Development for which a
notification period of 30
business
days applies—purposes**

section 7

A material change of use, assessable against a planning scheme, for any of the following—

- (a) an aerodrome that is, or is proposed to be, used by commercial operators not normally living at the premises;
- (b) a large outdoor sport and recreation facility including, for example, a golf course, a major sporting venue and a racing circuit, but not including a golf course of 30ha or less or a golf driving range;
- (c) a tourist resort—
 - (i) with accommodation for more than 1000 people, including staff; or
 - (ii) on an offshore island;
- (d) a body of water (including an artificial lake but excluding an effluent pond or the like), that has, or would have after the change of use, a total surface area of more than 5000m².

Schedule 8 **Development for which a notification period of 30 business days applies—areas**

section 7

A material change of use (other than for a dwelling house, outbuilding or farm building) assessable against a planning scheme, or reconfiguring a lot, if the premises—

- (a) are wholly or partly below a floodline adopted by the local government and the development involves filling an area greater than 5000m² below the floodline; or
- (b) share a common boundary with a protected area or registered place under the *Queensland Heritage Act 1992*; or
- (c) contains or shares a common boundary with or is within 100m of the boundary of—
 - (i) an area that is a critical habitat, a protected area, subject to a conservation agreement or an area of major interest under the *Nature Conservation Act 1992*;⁶ or
 - (ii) the wet tropics area under the *Wet Tropics World Heritage Protection and Management Act 1993*; or
 - (iii) a fish habitat under the *Fisheries Act 1994*,⁷ if the proposed development—
 - (A) has impact on riparian vegetation; or
 - (B) results in alteration of natural flow patterns; or
 - (C) requires the construction of a levee; or
 - (D) does not contain stormwater management; or
 - (E) allows contaminated runoff; or

⁶ See the *Nature Conservation Act 1992*, sections 13, 28, 45 and 46.

⁷ See the *Fisheries Regulation 1995*, schedule 2, 3 or 7.

Schedule 8 (continued)

- (F) disturbs instream habitat; or
- (G) requires drainage of fish habitat; or
- (iv) a wetland.

Schedule 11 Development for community infrastructure exempt under schedule 9, table 5, item 5 of the Act

section 13

1 State-controlled roads

All aspects of development—

- (a) for the maintenance, repair, augmentation, upgrading, duplication or widening of State-controlled road infrastructure; or
- (b) for ancillary works and encroachments carried out by the State; or
- (c) adjacent to a State-controlled road and ancillary to the construction, maintenance, repair, augmentation, upgrading, duplication or widening of the road, such as excavating, crushing, screening, cutting, filling, preparing road construction material (including concrete), storing materials, removing vegetation, dam building, site offices and worker accommodation.

2 Other transport infrastructure

All aspects of development for the maintenance, repair, upgrading, augmentation or duplication of—

- (a) rail transport infrastructure under the *Transport Infrastructure Act 1994*;
- (b) miscellaneous transport infrastructure under the *Transport Infrastructure Act 1994*;
- (c) busway transport infrastructure under the *Transport Infrastructure Act 1994*; and
- (d) light rail transport infrastructure under the *Transport Infrastructure Act 1994*.

Schedule 11 (continued)

3 Electricity infrastructure

All aspects of development for an electricity supply network as defined under the *Electricity Act 1994*, or for private electricity works that form an extension of, or provide service connections to properties from the network, if the network operates at standard voltages up to and including 66kV, other than any aspect of development for—

- (a) the construction of a new zone substation or bulk supply substation; or
- (b) the augmentation of an existing zone or bulk supply substation if the input or output standard voltage is significantly increased.

Schedule 12 Conditions requiring compliance assessment

section 14

Particular operational work

Preliminary matters	
1 Matter for which compliance assessment may be required	Whether operational work (including for car parking, landscaping, vehicle crossovers, site drainage and acoustic treatments) that is the natural and ordinary consequence of a material change of use complies with a code or standard identified in a condition of a development approval for the material change of use The code or standard must be identified in a planning scheme
2 Criteria against which the matter is assessed	The code or standard identified in the condition
Process for assessment	
3 Entity to which request must be given	For— (a) a condition mentioned in item 1 and imposed by the assessment manager—the entity that was the assessment manager; or (b) a condition mentioned in item 1 and imposed by a concurrence agency—the entity that was the concurrence agency; or (c) another condition of the development approval requiring the request to be given to another suitably qualified entity engaged by or on behalf of the applicant and requiring a copy of the entity's response to be given to the entity that imposed the condition—the suitably qualified entity

Schedule 12 (continued)

4 When compliance stage starts for this development	At— (a) any time before the development approval including the condition lapses; or (b) if the condition states or implies another time—the stated or implied time
5 Fee	For— (a) item 3(a)—the fee set by resolution of the local government; or (b) item 3(b)—the fee prescribed by regulation; or (c) item 3(c)—the fee agreed between the applicant and the suitably qualified entity mentioned in that item
6 Time after receiving request in which entity must respond	For— (a) item 3(a) and (b)—15 business days; or (b) item 3(c)—the time agreed between the applicant and the suitably qualified entity mentioned in that item
7 Consequence for not responding in the time stated for item 6(a) If the request is given to an entity mentioned in item 3(c), and a copy of the entity's response is given to the entity that was the assessment manager or concurrence agency, in accordance with the condition mentioned in item 3(c)	Plan, document or works are taken to be in compliance with condition of approval
Appeal	
8 Circumstances in which the person who made a request mentioned in item 3(a) or (b) may appeal	If the person is dissatisfied with the entity's response
9 The entity to which the appeal must be made	The court
10 Time within which an appeal must be made	20 business days after the day the entity gives its response

Schedule 12 (continued)

11 Provisions of the Act that apply for hearing and deciding the appeal	Chapter 4, part 1 as if the appeal were an appeal against a matter stated in a development approval ^a
