The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

 - (a) used for a commercial purpose, including, for example, the marketing or sale of the information or other information; or
 - (b) included in another database of information, in any form, other than with approval from the registrar.

Division 2 Indefeasible title

37 Creation of indefeasible title

An indefeasible title for a lot is created on the recording of the particulars of the lot in the freehold land register.

38 Meaning of *indefeasible title*

The indefeasible title for a lot is the current particulars in the freehold land register about the lot.

39 Single indefeasible title for 2 or more lots

- (1) The registrar may create a single indefeasible title for 2 or more lots that have the same registered owner by including a single set of particulars for the lots in the freehold land register.
- (2) The registrar may act under this section if the registrar considers that, in the special circumstances of the case, it is appropriate for the lots to have a single indefeasible title.
- (3) Without limiting subsection (2), the registrar may act under this section if the lots—
 - (a) share a common boundary; or
 - (b) have a boundary that adjoins the same part of a road or watercourse.

40 Separation of single indefeasible title for 2 or more lots

- (1) If the registrar has created a single indefeasible title for 2 or more lots, the registrar may create separate indefeasible titles for any of the lots by cancelling the single set of particulars for the lots in the freehold land register and including separate particulars for the lots.

- (2) This section does not prevent the registrar from also acting under section 39 for 2 or more of the lots.

41 Transfer of land forming part of indefeasible title

If the registrar registers an instrument of transfer for only part of the land in the indefeasible title of a lot, the registrar must create separate indefeasible titles for the part of the land that is transferred, and the part that is not transferred, by cancelling the particulars for the lot in the freehold land register and including separate particulars for each of the parts in the register.

Division 2A Indefeasible title for common property

41A Creation of indefeasible title for common property

When a community titles scheme is established, the registrar must create an indefeasible title for the common property for the scheme.

41B Meaning of *indefeasible title* for common property

The *indefeasible title* for common property is the current particulars in the freehold land register about the common property.

41BA Ownership of common property

- (1) Common property for a community titles scheme is owned by the owners of the lots included in the scheme, as tenants in common, in shares proportionate to the interest schedule lot entitlements of their respective lots.
- (2) Subsection (1) applies even though, under section 41A, the registrar creates an indefeasible title for the common property.
- (3) An owner's interest in a lot is inseparable from the owner's interest in the common property.

Examples for subsection (3)—

- 1 A dealing affecting the lot affects, without express mention, the interest in the common property.
- 2 An owner can not separately deal with or dispose of the owner's interest in the common property.

41C Application of provisions of Act to common property

- (1) In this Act, a reference to a lot is taken to include a reference to common property.
- (2) However, subsection (1) has effect only to the extent necessary to allow for the registration, and appropriate recognition under this Act, of dealings that—
 - (a) affect common property (including dealings affecting interests in common property); and
 - (b) are consistent with the BCCM Act.
- (3) In particular, subsection (1) has effect subject to the following principles—
 - there can be no certificate of title issued for common property
 - there can be no registered owner for common property (although the body corporate for the community titles scheme that includes the common property is taken to be the registered owner for dealings affecting the fee simple interest in the common property)
 - the fee simple interest in the common property for a community titles scheme can not be the subject of sale or transfer (although a part of the common property might be the subject of transfer after the registration of an appropriate plan of subdivision and the recording of a new community management statement)
 - the fee simple interest in common property can not be the subject of a mortgage (although a lesser interest able to be created over common property, for example, a lease, might be the subject of a mortgage).
- (4) Without limiting subsections (2) and (3), subsection (1) has no application for the purpose of the following provisions—

- this Act's definition of *lot*
- division 2.

Division 3 Certificates of title

42 Issuing of certificates of title

- (1) The registrar must issue a certificate containing the indefeasible title for a lot (the *certificate of title*) if asked in writing by the registered owner.
- (2) However, if the lot is subject to a registered mortgage, the registrar may issue the certificate of title only if the mortgagee consents to the issue of the certificate.
- (3) Also, if an instrument has been lodged to register an interest in the lot, the registrar may refuse to issue the certificate of title until the instrument has been registered.
- (4) The registrar must give the certificate of title to the person stated in the owner's request.

43 Certification to be included in certificate of title

The certificate must be certified by the registrar as an accurate statement of the current particulars in the freehold land register about the lot.

44 Note about issue of certificate of title etc.

If the registrar issues a certificate of title for a lot, the registrar—

- (a) must make a note in the particulars for the lot in the freehold land register that the certificate has been issued; and
- (b) may issue a second certificate only if the first certificate is cancelled.

45 Cancellation of certificate of title on deposit

Unless the registrar otherwise directs, a certificate of title that is deposited in the land registry is cancelled, whether or not a note of the cancellation is made on it.

46 Evidentiary effect of certificate of title

A certificate of title of a lot is conclusive evidence of the indefeasible title for the lot when it is issued—

- (a) other than in the circumstances described in sections 184(3)(b) and 185(1)(c) to (g); or
- (b) except as far as the particulars specified in the certificate in fact differ from the indefeasible title.

Part 4 Registration of land**Division 1 Alienation of State land****47 Alienated State land to be registered**

- (1) If land is alienated from the State, the deed of grant for the land must be lodged in the land registry.
- (2) The registrar must register the deed of grant by recording the particulars of the grant in the freehold land register.
- (3) On the registration of the deed of grant, an indefeasible title is created for the relevant lot.

Division 2 Land held by State**48 Land held by the State**

The State may, under this Act, acquire, hold and deal with lots.

Division 2A Format of plans of survey

48A Available formats for plans

- (1) A plan of survey may be in a standard, building or volumetric format.
- (2) The format to be used in the plan depends on how the plan is to define the land to which it relates.

48B Standard format plan

A *standard format* plan of survey defines land using a horizontal plane and references to marks on the ground.

Example of marks—
posts in the ground

48C Building format plan

- (1) A *building format* plan of survey defines land using the structural elements of a building, including, for example, floors, walls and ceilings.
- (2) For subsection (1)—

structural elements, of a building, includes projections of, and references to, structural elements of the building.

Example for subsection (2)—

Projections might be used to define a lot that includes a balcony, courtyard, roof garden or other area not bounded, or completely bounded, by a floor, walls and a ceiling.

48D Volumetric format plan

A *volumetric format* plan of survey defines land using 3 dimensionally located points to identify the position, shape and dimensions of each bounding surface.

Division 2B Explanatory format plans

48E Explanatory format plan

- (1) The registrar may approve the lodging of a plan relating to an interest in land other than a plan of survey in standard, building or volumetric format (an *explanatory format plan*) if the registrar is satisfied the land to which the interest relates may be accurately defined using—
 - (a) information already held in the land registry; or
 - (b) other information giving a high level of accuracy about the extent of the interest.
- (2) Lodging an explanatory format plan, approved under this section, is sufficient compliance with a requirement under this Act to lodge a plan of survey in standard, building or volumetric format.

Division 3 Plans of subdivision

49 Meaning of *plan of subdivision*

A *plan of subdivision* is a plan of survey providing for 1 or more of the following—

- (a) division of 1 or more lots;

 - (a) the plan also creates 2 or more lots; or
 - (b) the common property created is additional to common property already existing under the community titles scheme.
- (3) The plan may create a lot from common property, other than common property created under—
 - (a) a building format plan of subdivision, and within structural elements of a building; or
 - (b) a volumetric format plan of subdivision.

49C Building format plan of subdivision

- (1) This section applies to a building format plan of subdivision.
- (2) Common property for a community titles scheme must be created under the plan unless the plan divides a lot, or amalgamates 2 or more lots, on an existing registered building format plan of subdivision.
- (3) Two or more lots must be created under the plan unless—
 - (a) the plan amalgamates 2 or more lots on an existing registered building format plan of subdivision; or
 - (b) common property for a community titles scheme is created under the plan, and the common property created is additional to common property already existing under the community titles scheme.
- (4) Except to the extent permitted under a direction given by the registrar under section 10(1)(b), the boundary of a lot created under the plan, and separated from another lot or common property by a floor, wall or ceiling, must be located at the centre of the floor, wall or ceiling.

49D Volumetric format plan of subdivision

- (1) This section applies to a volumetric format plan of subdivision.
- (2) Common property for a community titles scheme may be created under the plan, but only if—
 - (a) the plan also creates 2 or more lots; or
 - (b) the common property created is additional to common property already existing under the community titles scheme.
- (3) The plan may divide a lot on a standard, building or volumetric format plan of subdivision.

49DA Creation of common property

If scheme land for a community titles scheme is to be subdivided by a plan of subdivision under sections 49B to 49D to create common property, the registration of the plan and recording of the new community management statement for the scheme operate, without anything further, to create the common property.

49E Division of lot on standard format plan of subdivision

- (1) This section applies if a building or volumetric format plan of subdivision divides a standard format lot, creating 2 or more lots.
- (2) If, after the division, a created lot continues to be defined using a horizontal plane and references to marks on the ground, the created lot is a standard lot.

50 Requirements for registration of plan of subdivision

- (1) A plan of subdivision must—
 - (a) distinctly show all roads, parks, reserves and other proposed lots that are to be public use land; and

 - (j) be consented to by all registered mortgagees of each lot the subject of the plan and all other registered proprietors whose interests are affected by the plan.
- (2) If the plan of subdivision is to give effect to a surrender under the *Land Act 1994*, section 55, of all or part of land contained in a deed of grant in trust, the plan of subdivision—
- (a) must be endorsed with the written approval of the Minister under that section; and
 - (b) need not have been approved by the local government concerned as would otherwise be required under subsection (1)(h) or (i).

(3) In this section—

relevant planning body means—

- (a) if the proposed lots are in an urban development area—the Urban Land Development Authority; or
- (b) otherwise—the relevant local government.

51 Dedication of public use land in plan

- (1) The dedication of a lot to public use in a plan of subdivision must be of the registered proprietor's whole interest in the lot other than for any part of the lot reserved to the registered proprietor.
- (2) If the dedication is for a road, the registration of the plan operates, without anything further, to open the road for the *Land Act 1994*.
- (3) If the dedication is for a public use other than a road, on registration of the plan, without anything further, the lot becomes unallocated State land under the *Land Act 1994*.
- (3A) However, if a dedication mentioned in subsection (3) is stated to be for an identified community purpose under the *Land Act 1994*, and the plan is consented to by the Minister administering the *Land Act 1994*, on registration of the plan, without anything further, the lot is dedicated as a reserve for the community purpose.
- (4) Subsection (5) applies to an easement over a lot if—
 - (a) the easement is an easement for providing access or a right of way, including a public thoroughfare easement; and
 - (b) the lot or a part of the lot is dedicated for a road under subsection (2).
- (5) The easement is extinguished to the extent it is over the lot or the part of the lot dedicated for the road.

51A Access for public use land

A plan of subdivision providing for the dedication of a lot to public use, other than as a road, may be registered only if—

- (a) on registration, access to the lot will be available through a road or a public thoroughfare easement; or
- (b) the Minister administering the *Land Act 1994* has approved that the plan of subdivision may be registered without access to the lot being available.

52 Particulars to be recorded on registration of plan

In registering a plan of subdivision, the registrar must record in the freehold land register particulars of—

- (a) each proposed lot that is not public use land; and
- (b) to the extent that it is practicable—common property created under the plan.

53 Lodged plan that is withdrawn and re-lodged

If a plan of subdivision is lodged within the time specified in the *Integrated Planning Act 1997*, section 3.7.6 and is withdrawn and re-lodged under section 159, it must be treated for the purposes of sections 175 and 178 to have been lodged when it was first lodged.

54 Division excluding road or watercourse

- (1) A lot may be divided by a plan of subdivision, even though there is a road or watercourse within the boundaries of the lot that is not part of the lot.
- (2) However, the road or watercourse is not included in any lot created by the plan of subdivision, even though it may be within the boundaries of the lot.

Division 4 Building management statements

54A Building management statement may be registered

- (1) A building management statement may be registered.
- (2) A *building management statement* is an instrument that—
 - (a) identifies lots to which it applies; and

- (b) contains provisions benefiting and burdening the lots to which it applies; and
 - (c) otherwise complies with the requirements of this division for a building management statement.
- (3) Each lot to which a building management statement applies must be a lot entirely or partly contained in, or entirely or partly containing, 1 or more buildings.
 - (4) However, a building management statement that otherwise complies with subsection (3) may also apply to a lot that is not entirely or partly contained in, and does not entirely or partly contain, 1 or more buildings if the lot is the subject of a building development approval.
 - (5) If a lot to which a building management statement applies is the subject of a plan of subdivision, the statement applies to each lot created by the registration of the plan.
 - (6) In this section—
building development approval means a development approval, under the *Integrated Planning Act 1997*, for development relating to a proposed building or buildings.

54AA Single area for lots to which building management statement applies

- (1) The lots to which a building management statement applies must form a single, continuous area of land.
- (2) A number of lots are taken to form a single, continuous area of land even if there is a road or watercourse within the external boundaries of the area comprising of the lots.
- (3) Despite subsection (1), a building management statement may apply to lots that do not form a single, continuous area of land if the registrar is satisfied, on reasonable grounds, that all the lots are located within an area that is sufficiently limited to ensure the effective and efficient application of the provisions of this division.

54B Circumstances under which building management statement may be registered

- (1) A building management statement may be registered only if it is signed by the registered owners of all lots to which the statement applies.
- (2) The lots to which a building management statement applies must comprise—
 - (a) 2 or more volumetric format lots; or
 - (b) 1 or more volumetric format lots, and 1 or more standard format lots.

54C Content of building management statement

- (1) A building management statement must contain provisions about the following—
 - (a) the supply of services to lots;
 - (b) rights of access to lots;
 - (c) rights of support and shelter;
 - (d) insurance arrangements.
- (2) A building management statement may contain provisions about the following—

 - (c) property maintenance;
 - (d) architectural and landscaping standards;
 - (e) dispute resolution;
 - (f) rules for common services and facilities;
 - (g) administrative arrangements;
 - (h) arrangements for accomplishing the extinguishment of the statement;
 - (i) proposed future development.

- (3) To avoid doubt, it is declared that a right of access, support or shelter, or other right in the nature of an easement, under a building management statement may operate according to its terms, and may be effective, despite the absence of a formal registered easement establishing the right.
- (4) A dispute resolution provision under a building management statement may operate to require the referral of a dispute arising under the building management statement other than to a court, but the provision is ineffective to the extent that it purports to operate to stop final determination of the dispute in a court of competent jurisdiction.

54D Registration of building management statement

- (1) When registering a building management statement, the registrar must record a reference to the statement on the indefeasible title for each lot to which the statement relates.
- (2) However the registrar is not obliged to examine, but may examine, a building management statement for its validity, including, in particular, its consistency with any plan of subdivision, or its compliance with the requirements for a building management statement.

54E Amending a building management statement

- (1) A building management statement may be amended by registering an instrument of amendment of the building management statement.
- (2) The instrument of amendment must be signed by the registered owner of all lots to which the building management statement applies.
- (3) The instrument of amendment must not change the lots to which it applies.

54F Building management statement if lots owned by 1 registered owner

A building management statement may be registered even if all the lots to which it applies have the one registered owner.

54G One person becoming registered owner of all lots

If the one person becomes the registered owner of all lots to which a building management statement applies, the building management statement is extinguished only if the registered owner asks the registrar to extinguish it.

54H Extinguishing a building management statement

- (1) A building management statement may be extinguished by registering an instrument of extinguishment of the building management statement.
- (2) A building management statement may be extinguished in part to remove a lot that is not contained in, or does not contain, a building or a part of a building, by registering an instrument of partial extinguishment of the building management statement.
- (3) The instrument of extinguishment or partial extinguishment must be signed by the registered owners of all lots to which the building management statement applies.
- (4) However, a building management statement may be extinguished or partially extinguished only if all registered mortgagees of lots to which the building management statement applies consent to the extinguishment.

54I Lots constituted by community titles schemes

- (1) For the operation of this division—
 - (a) a lot could be constituted by the scheme land for a community titles scheme; and
 - (b) for the signing of the statement, or an amendment, extinguishment or partial extinguishment of the statement, by the registered owner of the lot, the body corporate for the scheme is taken to be the registered owner.
- (2) To remove any doubt, it is declared that if a building management statement applies to scheme land for a community titles scheme, the building management statement is binding on the community titles scheme.

- (3) Also, if the building management statement provides for the establishment and operation of a management group, a decision made by the management group under the building management statement is binding on the community titles scheme.
- (4) Subsections (2) and (3) have effect despite section 97 of the BCCM Act.
- (5) To remove any doubt, it is declared that if a building management statement applies to scheme land for a community titles scheme, registration of the building management statement does not, and can not, give the body corporate of the community titles scheme an interest in any particular lot included in the scheme.

54J Building management statement affecting freehold and non-freehold land

- (1) If a building management statement benefits or burdens both freehold and non-freehold land, the building management statement must be registered in the appropriate registers.
- (2) Further dealings affecting the building management statement must also be registered in the appropriate registers.
- (3) If a lot subject to a building management statement, including a lot over which a lease is issued under the *Land Act 1994*, is surrendered to the State to be dealt with under the *Land Act 1994*, the building management statement continues over the resulting unallocated State land only if the Minister approves the continuation.
- (4) In considering whether to approve the continuation of the building management statement, the Minister may consider if it is reasonably necessary to benefit the lots, including the unallocated State land, the subject of the building management statement.
- (5) In this section—

Minister means the Minister administering the *Land Act 1994*.

Part 5 Joint holders in a lot

57 Separate indefeasible titles for tenants in common

- (1) If a lot is, or is to be held, by 2 or more registered owners as tenants in common, the registrar may create a separate indefeasible title for the interest of each owner by including a separate set of particulars in the freehold land register for the interest of each owner.
- (2) The registrar may act under this section at the request of an owner.

58 Time share schemes

If a registered owner of a lot subject to a time share scheme proposes to transfer to each participant in the scheme an interest as tenant in common with other participants, the registrar may create in the name of the registered owner—

- (a) separate indefeasible titles for each interest by including a separate set of particulars in the freehold land register for each interest; or

- (b) a single indefeasible title for several interests by including a single set of particulars in the freehold land register for the interests.

59 Severing joint tenancy

- (1) A registered owner of a lot subject to a joint tenancy may unilaterally sever the joint tenancy by registration of a transfer executed by the registered owner.
- (2) However, the registrar may register the instrument of transfer only if a registered owner satisfies the registrar that a copy of the instrument has been given to all other joint tenants.
- (3) On registration of the instrument of transfer, the registered owner becomes entitled as a tenant in common with the other registered owners.
- (4) If there are more than 2 joint tenants of the lot, the joint tenancy of the other registered owners is not affected.

Division 4B Profits a prendre

97E Profit a prendre by registration

A lot may be made the subject of a profit a prendre by the registration of an instrument of profit a prendre under this division over the lot.

97EA Profit a prendre affecting a lot and non-freehold land

- (1) This section applies if an instrument of profit a prendre is registered under section 97E in relation to a lot and the profit a prendre also—
 - (a) benefits another lot; or
 - (b) benefits non-freehold land; or
 - (c) burdens another lot; or
 - (d) burdens non-freehold land; or
 - (e) has effect in any combination of paragraphs (a) to (d).
- (2) The instrument must be registered in the appropriate registers.
- (3) Further dealings affecting the profit a prendre must also be registered in the appropriate registers.

97F Requirements of instrument of profit a prendre

- (1) An instrument of profit a prendre must—
 - (a) be validly executed; and
 - (b) include a description sufficient to identify the lot to be the subject of the profit a prendre; and
 - (c) include a description of the profit a prendre to which the lot is to be subject, including the period for which the profit a prendre is to be enjoyed.
- (2) Subsection (1) does not limit the matters that the appropriate form for an instrument of profit a prendre may require to be included in the form.

97G Particulars to be registered

When registering an instrument of profit a prendre, the registrar must record particulars of the following in the freehold land register—

- (a) the lot burdened by the profit a prendre;
- (b) any lot benefited by the profit a prendre;
- (c) any lease of non-freehold land benefited or burdened by the profit a prendre.

97H Profit a prendre benefiting and burdening same registered owner's lots

If a lot is to be benefited by a profit a prendre, the instrument of profit a prendre may be registered even if—

- (a) the lot benefited and the lot burdened by the profit a prendre have, or are to have, the same registered owner;
or
- (b) the owner of the lot benefited by the profit a prendre holds an interest in the lot burdened by the profit a prendre.

97I Same person becoming registered owner of benefited and burdened lots

If a lot is benefited by a profit a prendre, and the same person becomes the registered owner of the lot benefited and the lot burdened by the profit a prendre, the profit a prendre is extinguished only if—

- (a) the registered owner asks the registrar to extinguish the profit a prendre; or
- (b) the registrar creates a single indefeasible title for the lots.

97J Owner of benefited land acquiring interest in burdened land

If a lot is benefited by a profit a prendre, the profit a prendre is not extinguished merely because the owner of the lot benefited by the profit a prendre acquires an interest, or a greater interest, in the lot burdened by the profit a prendre.

97K Amending an instrument of profit a prendre

- (1) A profit a prendre may be amended by registering an instrument of amendment of the profit a prendre.
- (2) However, the instrument of amendment must not—
 - (a) increase or decrease the area of land the subject of the profit a prendre; or
 - (b) add or remove a party to the profit a prendre.

97L Releasing or removing a profit a prendre

- (1) On lodgment of an instrument releasing a profit a prendre to which a lot is subject, the registrar may register the release to the extent shown in the instrument of release.
- (2) On registration of the instrument of release, the profit a prendre is discharged, and the lot is released from the profit a prendre, to the extent shown in the instrument of release.

- (3) Also, the registrar may remove a profit a prendre from the indefeasible title for a lot if a request to remove the profit a prendre is lodged, and it is clearly established that—
- (a) the period of time for which the profit a prendre was intended to subsist has ended; or
 - (b) the event upon which the profit a prendre was intended to end has happened.

97M Effect of surrender of lot on profit a prendre

- (1) If a lot subject to a profit a prendre is surrendered to the State, other than absolutely, the profit a prendre is a transaction that must be recorded on the new deed of grant under the *Land Act 1994*, section 358(5).
- (2) If a lot subject to a profit a prendre is surrendered absolutely, the profit a prendre is an interest that, under the *Land Act 1994*, section 331(2), is extinguished from the day the surrender is registered.

Division 5 Application by adverse possessor

98 Application may not be made about particular matters

- (1) An application may not be made under this division if the application—
- (a) relates to only a part of a lot; or
 - (b) is for a lot that may be created in the future by the registration of a plan of subdivision; or
 - (c) is for a lot the registered owner of which is—
 - (i) the State or another entity representing the State; or
 - (ii) a local government; or
 - (d) relates to possession arising out of an encroachment.
- (2) In this section—
encroachment means—

- (a) an encroachment within the meaning of the *Property Law Act 1974*, part 11, division 1; or
- (b) the enclosure of a part of a lot with another lot, if—
 - (i) the enclosure is established by the use of a wall, fence, hedge, ditch, garden bed or other way of marking the boundary between the lots; and
 - (ii) the wall, fence, hedge, ditch, garden bed or other way of marking the boundary is not on the true boundary between the lots as shown on a registered plan of subdivision.

99 Application for registration

- (1) A person (the *applicant*) may apply to be registered as owner of a lot by lodging an application under this division.
- (2) The application must be accompanied by—
 - (a) the documents of title for the lot that are in the possession or under the control of the applicant; and
 - (b) the names and addresses, for service of notices, of all registered proprietors and occupiers of lots adjoining the lot.

100 Withdrawal of application

- (1) The applicant may withdraw the application at any time before the applicant is registered as owner of the lot under this division.
- (2) If the applicant withdraws the application, the registrar must, if asked by the applicant, return all documents lodged or deposited in support of the application.

101 Right to make application not affected by death etc.

- (1) If a person who may apply to be registered as owner of a lot by lodging an application under this division dies without making the application, the application may be made in the person's name by the person's legal personal representative.

- (2) If the applicant dies before the application has been dealt with under this division, the application may be continued, and any necessary steps taken, in the person's name by the person's legal personal representative.

102 Refusal of application

The registrar may refuse to register the applicant as owner of the lot if the registrar is not satisfied that the information and documents in support of the application establish that the applicant is an adverse possessor.

103 Notice of application

- (1) Before registering the applicant as an adverse possessor, the registrar must, to the extent the registrar considers practicable, give written notice of the application to—
 - (a) all registered proprietors of the lot and adjoining lots; and
 - (b) anyone else the registrar considers may have an interest in the lot.
- (2) The notice is in addition to the public notice that the applicant must give under section 18(3).
- (3) The notice must include a statement to the effect that the applicant will be registered as the owner of the lot if a caveat is not lodged by a specified day.
- (4) The specified day must be at least 2 months and not more than 6 months from the day public notice is last required to be given.

104 Objecting by caveat

A person who claims an interest in the lot may lodge a caveat over the lot at any time before the applicant is registered as owner of the lot.

105 Lapsing of caveat

- (1) If the registrar—
 - (a) is not satisfied that the caveator has an interest in the lot; or
 - (b) is satisfied that any interest that the caveator has in the lot has been extinguished under the *Limitation of Actions Act 1974*;the registrar must, by written notice given to the caveator, require the caveator to start a proceeding to recover the lot in the Supreme Court within 6 months after the notice is given.
- (2) The caveat lapses unless, within the required time, the caveator—
 - (a) starts a proceeding in the Supreme Court to recover the lot; and
 - (b) gives written notice to the registrar that the proceeding has started.
- (3) The caveat also lapses if—
 - (a) the proceeding is withdrawn or dismissed; or
 - (b) judgment in the proceeding is given against the caveator and the time for appealing against the judgment expires without an appeal being lodged; or
 - (c) if the judgment in the proceeding is given against the caveator and the judgment is appealed—the appeal is dismissed or withdrawn.
- (4) In this section—

required time means—

 - (a) the 6 months mentioned in subsection (1); or
 - (b) if the registrar proposes to act under section 107(1)(b)—the time allowed under section 107(3).

106 Further caveat

While the applicant's application as adverse possessor is still current, a further caveat of the caveator can never be lodged in relation to the interest claimed on the same, or substantially

the same, grounds unless the leave of the Supreme Court to lodge the further caveat has been granted.

107 Refusing or compromising application

- (1) If the registrar is satisfied that the caveator has an interest in the lot that has not been extinguished under the *Limitation of Actions Act 1974*, the registrar may—
 - (a) refuse to register the applicant as owner of the lot; and
 - (b) register the applicant as the holder of a lesser interest in the lot that the registrar considers appropriately reflects—
 - (i) the use made of the lot by the applicant; and
 - (ii) the period that the applicant has used the lot.
- (2) If the caveator does not agree to the registration of the applicant for a lesser interest in the lot, the caveator may start a proceeding in the Supreme Court to recover the lot.
- (3) The proceeding must be started within 1 month of receiving written notice from the registrar of the registrar's intention to register the applicant as holder of a lesser interest in the lot.
- (3A) Also, the caveator must, within the 1 month mentioned in subsection (3), give written notice to the registrar that the proceeding has started.
- (4) If the caveator does not start a proceeding within 1 month, the registrar may register the applicant as the holder of a lesser interest in the lot.

108 Registering adverse possessor as owner

The registrar may register the applicant as owner of all or part of the lot if the registrar is satisfied that the applicant is an adverse possessor of the lot or part of it and—

- (a) no caveat has been lodged by the day specified under section 103; or
- (b) if a caveat is lodged by the day specified under section 103—

- (i) the caveat has lapsed or has been withdrawn, cancelled or removed; and
- (ii) a further caveat has not been lodged under section 106.

108A Requirements for part of a lot

- (1) If, under section 108, the registrar proposes to register the applicant as owner of only a part (the *relevant part*) of the lot (the *relevant lot*), the registrar may require the applicant to lodge a plan of subdivision for the relevant lot, subdividing the relevant lot into the following lots—
 - (a) a lot made up of the relevant part;
 - (b) a lot made up of the remainder of the relevant lot.
- (2) The applicant may sign the plan of subdivision as if the applicant were the registered owner of the relevant lot.
- (3) However—
 - (a) the plan of subdivision must comply with section 50; and
 - (b) despite the outcome of the applicant's application as an adverse possessor, the registrar can not proceed under section 108 to register the applicant as owner of the relevant part if section 50 can not be complied with.
- (4) The registrar may require that the giving of public notice under section 18(3) and the giving of written notice under section 103(1) be delayed until the applicant satisfies the registrar that the applicant will be able to lodge a plan of subdivision complying with section 50.

108B Consequences of registration

If, under section 108, the registrar registers the applicant as owner of the lot or a part of the lot, the registrar must—

- (a) cancel the registration of the person previously registered as the owner of the lot or the part of the lot; and

- (b) create in the applicant's name an indefeasible title free from all other interests in the lot or the part, other than the following—
 - (i) any estate, interest, claim, encumbrance or notice registered in favour of an entity that is a public utility provider under division 4;
 - (ii) any easement or profit a prendre registered over the lot when the application was made under section 99;
 - (iii) any covenant that, under division 4A, was registered over the lot when the application was made under section 99.

Division 6 Trusts, deceased estates and bankruptcy

A person may be registered as trustee of an interest in a lot only by the registration of—

- (a) an instrument of transfer of the interest to the person as trustee; or
- (b) a request to vest the interest in the person as trustee.

110 Instrument of transfer to trustee

- (1) An instrument of transfer may be lodged—
 - (a) to transfer an interest in a lot to a trustee; or
 - (b) by the registered owner to declare that the registered owner holds the interest in a lot as trustee.
- (2) The registrar may register the instrument of transfer.
- (3) A document specifying details of the trust, or the document creating the trust, must be deposited with the instrument of transfer.
- (4) The document deposited with the instrument of transfer does not form part of the freehold land register.

- (5) The registrar must keep a certified copy of the document and return the original to the person who deposited it.

110A Instrument to vest in trustee

- (1) A request to vest may be lodged to vest an interest in a lot in a trustee.
- (2) A request to vest must give effect to an order (the *vesting order*) made under the *Trusts Act 1973* or another Act.
- (3) The registrar may register the request to vest.
- (4) The vesting order, and all other documents (the *other documents*) stating details of the trust subject to which the interest is vested in the trustee, must be deposited with the request to vest.
- (5) The other documents do not form part of the freehold land register.
- (6) The registrar must keep certified copies of the other documents and return the originals to the person who deposited them.

111 Registering personal representative

- (1) A person may lodge an application to be registered as personal representative for a registered proprietor of a lot or an interest in a lot who has died.
- (2) The registrar may register the lot or the interest in the lot in the name of the person as personal representative only if—
 - (a) if the person has obtained a grant of representation, or the resealing of a grant of representation, in Queensland—the grant or resealing, or an office copy of the grant or resealing issued by the Supreme Court, is deposited; or
 - (b) if paragraph (a) does not apply and the registered proprietor died without a will—
 - (i) letters of administration of the deceased person's estate have not been granted in Queensland within 6 months after the death; and

- (ii) the gross value of the deceased person's Queensland estate at the date of death was no more than the amount prescribed by regulation or, if no amount is prescribed, \$300000; and
 - (iii) the registrar is of the opinion that the person would succeed in an application for a grant of representation; or
 - (c) if paragraph (a) does not apply and the registered proprietor died leaving a will—
 - (i) the person is or is entitled to be the deceased's personal representative; or
 - (ii) the registrar considers the person would succeed in an application for a grant of representation.
- (3) A person registered under this section without a grant of representation has the same rights, powers and liabilities as if a grant of representation had been made to the person.
- (4) The validity of an act done or payment made in good faith by a person registered under this section is not affected by a later grant of representation.
- (5) If the grantee of a grant of representation is different from the person registered under subsection (2), the person registered must—
 - (a) account to the grantee for all property of the deceased person controlled by the person before the grant; and
 - (b) take all action necessary to divest from the person and vest in the grantee all property of the deceased person remaining under the person's control.

112 Registering beneficiary

- (1) A person who is beneficially entitled under a will to a lot or an interest in a lot of a deceased registered proprietor may apply to the registrar to be registered as proprietor of the lot.
- (2) However, the registrar may register the person only if—
 - (a) written consent is given by—

- (i) the person who is or is entitled to be the deceased's personal representative; or
 - (ii) a person who, in the registrar's opinion, would succeed in an application for a grant of representation; and
- (b) the person satisfies the registrar that the person is beneficially entitled to the lot.

113 Form of application

An application under section 111 must state—

- (a) the lot to which the application refers; and
- (b) the interest for which registration is sought; and
- (c) the nature of other interests in the lot known to the applicant.

114 Applying for Supreme Court order

- (1) This section applies to—
- (a) the Attorney-General; or

 - (i) a lot of a deceased registered proprietor; or
 - (ii) a trust involving a lot of a deceased registered proprietor.
- (2) A person to whom this section applies may apply to the Supreme Court for an order that a named person be registered as proprietor of a lot.

 - (b) that a person be removed from the freehold land register as proprietor of the lot;

- (c) that a caveat be lodged to protect a person's interest in the lot;
 - (d) that a person advertise in a specified form, content or way;
 - (e) that costs be paid by any person or out of any property.
- (4) The registrar must register particulars of an order if a request to register the order is lodged and an office copy of the order is deposited.
- (5) An order does not vest an interest in the lot until it is registered.

115 Transmission on bankruptcy

The registrar may register a transmission of an interest in a lot under a law about bankruptcy only if a request to register the transmission is lodged.

Part 6A Community titles schemes

Division 1 Preliminary

115A Basic concept for pt 6A—community titles scheme

- (1) A community titles scheme is the basic concept for this part.
- (2) A community titles scheme can only be over freehold land.

115B Meaning of *community titles scheme*

- (1) A *community titles scheme* is—
 - (a) a single community management statement recorded by the registrar identifying land (the *scheme land*); and
 - (b) the scheme land.
- (2) Land may be identified as scheme land if it consists of—

- (a) 2 or more lots; and
 - (b) other land (the *common property* for the community titles scheme) that is not included in a lot mentioned in paragraph (a).
- (3) Land can not be common property for more than 1 community titles scheme.
- (4) For each community titles scheme, there must be—
- (a) at least 2 lots; and
 - (b) common property; and
 - (c) a single body corporate; and
 - (d) a single community management statement.
- (5) A community titles scheme is a *basic scheme* if all the lots mentioned in subsection (2)(a) are lots under this Act.
- (6) However, under this part, a lot may be, for its inclusion in a community titles scheme other than a basic scheme, another community titles scheme.²

115C Meaning of *layered arrangement of community titles schemes*

- (1) A *layered arrangement of community titles schemes* is a grouping of community titles schemes—
- (a) in which there is 1 community titles scheme (the *principal scheme*)³ that—
 - (i) is not a lot included in another community titles scheme; and
 - (ii) is made up of—
 - (A) the scheme land for all other community titles schemes in the grouping; and
 - (B) its own common property; and

² BCCM Act, schedule 1 (Illustrations) contains examples of possible structures of community titles schemes.

³ See BCCM Act, schedule 1, parts 2 and 3 for examples of layered arrangements of community titles schemes.

- (C) each lot, if any, that is not a community titles scheme, but that is included in the scheme; and
 - (b) in which there is at least 1 basic scheme; and
 - (c) in which there may or may not be 1 or more community titles schemes located between the principal scheme and each basic scheme.
- (2) Each community titles scheme, other than the principal scheme, in a layered arrangement of community titles schemes—
- (a) is a subsidiary scheme for the principal scheme; and
 - (b) unless it is a lot included in the principal scheme, may also be a subsidiary scheme for another community titles scheme forming part of the layered arrangement.
- (3) A **subsidiary scheme**, for a community titles scheme (**scheme A**), is a community titles scheme the scheme land for which forms part of the scheme land for scheme A.
- (4) In this Act, the expression **included in**, if used in the context of the inclusion of a lot in a community titles scheme—
- (a) establishes the relationship the lot has to the scheme; and
 - (b) in general terms, is used to establish that the lot is directly a part of the scheme, rather than only indirectly a part of the scheme.
- (5) The diagram and notes in the BCCM Act, schedule 1, part 3 illustrate more comprehensively how the expression ‘included in’ is used.

115D Provisions about lots that are community titles schemes

If a community titles scheme (**scheme A**) includes a lot that is another community titles scheme (**scheme B**)—

- (a) a reference in this Act to the owner of the lot is a reference to the body corporate for scheme B; but

- (b) a reference in this Act to a lot included in scheme A does not include a reference to scheme B if the provision is about—
 - (i) the subdivision of a lot; or
 - (ii) the indefeasible title for a lot; or
 - (iii) a lease or mortgage of a lot; or
 - (iv) the occupier or registered proprietor of a lot.

Division 2 Names of community titles schemes

115E Names of community titles schemes

- (1) The registrar may refuse to record a community management statement for a community titles scheme if the scheme's identifying name shown in the statement is—
 - (a) the identifying name in the community management statement for another community titles scheme; or
 - (b) a name reserved under this division, other than a name reserved by the person seeking to record the community management statement; or
 - (c) a name reserved under the *Building Units and Group Titles Act 1980*, section 120; or
 - (d) a name reserved under the *South Bank Corporation Act 1989*;⁴ or
 - (e) in the registrar's opinion formed on reasonable grounds, undesirable.
- (2) The registrar must allocate a unique identifying number for a scheme when the first community management statement is recorded for the scheme.

115F Reservation of name

- (1) The registrar may, on application, reserve a name stated in the application as the identifying name to be shown in the

⁴ See the *South Bank Corporation Act 1989*, schedule 4, section 9(3A).

community management statement for a proposed community titles scheme.

- (2) The reservation must identify the proposed scheme land for the proposed scheme.
- (3) The registrar must reserve the name unless satisfied he or she would refuse to record a community management statement showing the name.

115G Period of reservation

- (1) The reservation of an identifying name for a proposed community titles scheme is for an initial period of 2 years and may be extended by the registrar, but only once, for an additional period of 1 year.
- (2) The extension may be given only on an application made, within the initial period, by the person for whom the name is reserved.
- (3) However, the reservation ends if—
 - (a) the person withdraws the reservation; or
 - (b) a community titles scheme is established and the reserved name is the identifying name shown in the community management statement for the scheme.

Division 3 Scheme land

115H Single area for scheme land

- (1) Scheme land for a community titles scheme must be made up of a single, continuous area of land.
- (2) Scheme land is taken to be made up of a single, continuous area of land even if—
 - (a) a lot is subdivided under section 54; or
 - (b) if paragraph (a) does not apply—there is nevertheless a road or watercourse within the external boundaries of the scheme land.

- (3) However, a community titles scheme may be established with scheme land not made up of a single, continuous area of land if all lots that become the scheme land are—
 - (a) created under a single plan of subdivision; or
 - (b) in the opinion of the registrar formed on reasonable grounds, located within an area that is sufficiently limited to ensure the scheme can be administered under the BCCM Act efficiently and effectively as a single scheme.
- (4) Nevertheless, if subsection (3) applies, and the scheme is later changed to include additional lots or common property, each of the additional lots or common property must form a single, continuous area of land with a part of the scheme land in existence for the scheme immediately before the inclusion of the additional lots or common property.

115I Enlarging the number of lots through progressive subdivision

- (1) This section applies to a basic scheme for which an application for development approval is made under the *Integrated Planning Act 1997* on or after the commencement of this section.
- (2) The number of lots included in the scheme may be increased through the progressive subdivision of lots to create further lots included in the scheme.⁵
- (3) Subject to subsection (4), the lots may be subdivided by plans of subdivision of a different format from the plan of subdivision that created the original lots if the subdivision is to create a layered arrangement of community titles schemes.
- (4) The lots may be subdivided by plans of subdivision of a different format from the plan of subdivision that created the original lots, without creating a layered arrangement of community titles schemes, if each of the following apply to the scheme—

⁵ BCCM Act, schedule 1 (Illustrations), part 4 (Example of progressive subdivision for creating more lots in a scheme) gives an example of the operation of this section.

- (a) the community management statement states that the lots included in the scheme are to be subdivided by different format plans of subdivision;
- (b) the lots are subdivided by different format plans of subdivision;
- (c) the contribution schedule lot entitlements equitably reflect the difference in the maintenance requirements of the standard format lots, building format lots and volumetric format lots.

Division 4 Community management statements

115J Lodging request to record a new statement

- (1) A request to record a new community management statement for a community titles scheme must be lodged when a new plan of subdivision affecting the scheme (including affecting a lot in, or the common property for, the scheme) is lodged.
- (2) A request to record a new community management statement for a community titles scheme may be lodged, and the new statement may be recorded for the scheme, even though a plan of subdivision is not lodged, if all plans of subdivision relating to the scheme, and the new statement, will still be consistent after the new statement is recorded.

115K Recording community management statements

- (1) The registrar may record a community management statement if—
 - (a) a request to record the statement is lodged; and
 - (b) the statement is deposited with the request; and
 - (c) the statement complies with—
 - (i) section 115H; and
 - (ii) the requirements of the BCCM Act for a community management statement; and

- (d) for a new community management statement—the body corporate’s consent to the recording of the new statement is endorsed on the statement.
- (2) A community management statement is not an instrument under this Act.
- (3) However, a request to record a community management statement is an instrument, and is lodged, under this Act.
- (4) An interest created under a community management statement recorded under subsection (1) does not have effect as a registered interest.

115L When registrar records community management statement

- (1) When the registrar records a community management statement for a community titles scheme, the registrar must—
 - (a) give the statement a unique identifying number; and
 - (b) record a reference to the community management statement, including its unique identifying number, on—
 - (i) the indefeasible title for each lot that is scheme land; and
 - (ii) the indefeasible title for any common property that is scheme land.
- (2) However—
 - (a) the registrar is not obliged to examine, but may examine, a community management statement for its validity, including, in particular, its—
 - (i) consistency with any plan of subdivision; or
 - (ii) compliance with the requirements for a community management statement; and
 - (b) it must not be presumed that a community management statement is valid or enforceable, including, for example, that the by-laws for the scheme included in the statement are valid and enforceable, because the registrar records it; and

- (c) neither the validity nor the enforceability of a community management statement, as recorded by the registrar, is guaranteed by the State.
- (3) The community management statement takes effect when it is recorded by the registrar as the community management statement for the scheme.

Division 5 Statutory easements

115M Application of div 5

- (1) This division provides for easements for lots included in, and common property for, a community titles scheme.
- (2) However, subject to subsection (3), this division applies to the scheme only if the lots included in the scheme are lots on—
 - (a) a building format plan of subdivision; or
 - (b) a volumetric format plan of subdivision; or
 - (c) a standard format plan of subdivision registered under this Act on or after 13 July 1997.
- (3) If a lot is a standard format lot in a community titles scheme intended to be developed progressively and there are no buildings on the lot, this division applies for the lot.
- (4) This division has effect for the scheme subject to the provisions of an easement established under another part of this Act.

115N Easements for support

- (1) An easement of lateral or subjacent support exists—
 - (a) in favour of a lot against another lot capable of supplying lateral or subjacent support; and
 - (b) in favour of a lot against common property capable of supplying lateral or subjacent support; and
 - (c) in favour of common property against a lot capable of supplying lateral or subjacent support; and

- (d) in favour of common property against other common property capable of supplying lateral or subjacent support.
- (2) An easement for support under subsection (1)—
 - (a) entitles the owner of a lot (*lot X*) to enter a lot or common property supplying support to lot X under the easement to maintain or replace any support; and
 - (b) entitles the body corporate to enter a lot or common property supplying support to common property under the easement to maintain or replace any support.
- (3) An easement for support under subsection (1) subsists until the scheme no longer exists.

115O Easements in favour of lots for utility services and utility infrastructure

- (1) An easement exists in favour of a lot and against other lots and common property for supplying utility services to the lot and establishing and maintaining utility infrastructure reasonably necessary for supplying the utility services.
- (2) However, the exercise of rights under the easement must not interfere unreasonably with the use or enjoyment of the lot or part of common property against which the easement lies.

115P Easements for utility services and utility infrastructure

- (1) An easement exists in favour of common property and against the lots for supplying utility services to the common property and establishing and maintaining utility infrastructure reasonably necessary for supplying utility services to the common property.
- (2) However, the exercise of rights under the easement must not interfere unreasonably with the use or enjoyment of the lots against which the easement lies.

115Q Easements for shelter

- (1) An easement entitling the owner of a lot to have the lot sheltered by parts of a building within scheme land necessary

to supply shelter exists against the lots or parts of common property where the relevant parts of the building are situated.

- (2) The easement for shelter under subsection (1) entitles the owner of the lot to enter a lot or common property supplying shelter under the easement to maintain or replace the shelter.

115R Easements for projections

- (1) If eaves, guttering, drainpipes, awnings, window sills, or other minor parts of a building within a lot (*lot A*) project over the boundaries of another lot (*lot B*) or common property, an easement exists in favour of lot A and against the part of lot B or common property over which the projection lies, permitting the projection.
- (2) The easement entitles the owner of lot A to enter lot B or the common property to maintain or replace the building parts.

115S Easement for maintenance of building close to boundary

- (1) If a building is on the boundary of a lot (*lot A*) or so close to the boundary of lot A that maintenance or replacement of the building is not able to be carried out without entering another lot (*lot B*) or common property, an easement exists in favour of lot A and against lot B or the common property.
- (2) The easement entitles the owner of lot A to enter lot B or common property to carry out the maintenance or replacement.

Division 6 Changes to community titles schemes under reinstatement process

115T Registration for changes to scheme under approved reinstatement process

- (1) If an approved reinstatement process provides for a change to a community titles scheme, the body corporate must lodge—

- (a) if appropriate, having regard to the approved reinstatement process, or a community management statement mentioned in paragraph (b)—a plan of subdivision reflecting the approved reinstatement process; and
 - (b) if appropriate, having regard to the approved reinstatement process, or a plan of subdivision mentioned in paragraph (a)—a request to record a new community management statement; and
 - (c) a true copy of the approved reinstatement process.
- (2) If an approved reinstatement process provides for a change to subdivisional arrangements (not including a change to a community titles scheme), the owners of lots the subject of the approved reinstatement process must lodge—
- (a) if appropriate, having regard to the approved reinstatement process—a plan of subdivision reflecting the approved reinstatement process; and
 - (b) a true copy of the approved reinstatement process.
- (3) In this section—

approved reinstatement process means a process, approved under the BCCM Act, section 72 or 74, for reinstating a building.

Division 7 Terminating community titles schemes

115U Instruments required for terminating scheme

- (1) If a community titles scheme is to be terminated, a plan cancelling the lots in the scheme must be lodged.
- (2) The plan must be lodged by or for—
 - (a) the body corporate; or
 - (b) if the District Court made an order under the BCCM Act, section 78(2), for terminating the scheme—a person on whose application the court made the order.

- (3) The plan must be accompanied by, as well as any other instrument required under this Act, a copy of—
 - (a) if the scheme is terminated under a resolution of the body corporate—the resolution to terminate the scheme, and any agreement entered into about termination issues; or
 - (b) if the scheme is terminated under an order of the District Court—the order.
- (4) In this section—

termination issues see the BCCM Act, schedule 6.⁶

115V Recording termination of scheme

- (1) If section 115U is complied with, the registrar must record the cancellation of the community management statement, and must also—
 - (a) register the termination in the freehold land register; and
 - (b) cancel the particulars (other than particulars of easements, covenants and other dealings capable of being maintained against scheme land after termination of the scheme) recorded in the freehold land register about scheme land.
- (2) The termination takes effect when the registrar completes the action mentioned in subsection (1).
- (3) On the termination of the scheme, the registrar must create 1 or more indefeasible titles for all land that, immediately before the termination, was scheme land.

⁶ BCCM Act, schedule 6—

termination issues means—

- (a) the disposal, and disposition of proceeds from the disposal, of the land that, immediately before the termination of a community titles scheme, is scheme land; and
- (b) custody, management and distribution (including the disposal, and disposition of proceeds from the disposal) of items of property that, immediately before the termination of a community titles scheme, are body corporate assets; and
- (c) the sharing of liabilities that, immediately before the termination of a community titles scheme, are liabilities of the body corporate.

- (4) The registered owners for a title mentioned in subsection (3)—
 - (a) are the persons (*former owners*) who, immediately before the scheme's termination, were the owners of the scheme land; and
 - (b) must be recorded as tenants in common in the shares proportionate to their respective interest schedule lot entitlements immediately before the termination.
- (5) If a lot included in the scheme was subject to a mortgage immediately before the scheme was terminated, the former owner's interest in the land as tenant in common is subject to the mortgage.

Division 8 Amalgamating community titles schemes

115W Request to record amalgamation of schemes

- (1) A request to record the amalgamation of 2 or more community titles schemes (*scheme A* and *scheme B*) must be lodged.
- (2) The request must be—
 - (a) signed by or for the body corporate for scheme A or scheme B; and
 - (b) lodged by or for—
 - (i) the bodies corporate for schemes A and B; or
 - (ii) if the District Court made an order under the BCCM Act, section 85(3), for amalgamating the schemes—a person on whose application the court made the order.
- (3) The request must be accompanied by each of the following—
 - (a) a copy of each resolution, or the order, for the amalgamation of schemes A and B;
 - (b) the community management statement intended to be recorded for the single, newly established, community titles scheme formed, or to be formed from the

- amalgamation (*scheme C*), showing the appropriate consents and notifications;
- (c) if schemes A and B are lots included in another community titles scheme and the existing statement for the other scheme is not consistent with the amalgamation of schemes A and B—a new community management statement for the other scheme;
 - (d) any other instrument required under this Act.

115X Recording amalgamation of schemes

- (1) If the request to record the amalgamation of schemes A and B complies with the BCCM Act (including with an order of the District Court made under that Act about the amalgamation), the registrar must—
 - (a) record the cancellation of the community management statements for schemes A and B; and
 - (b) record the community management statement for scheme C and any other community management statement accompanying the request; and
 - (c) register the amalgamation in the freehold land register.
- (2) The amalgamation takes effect when the registrar completes the action mentioned in subsection (1).

Division 9 Creating a layered arrangement of community titles schemes from basic schemes

115Y Request to record creation of layered arrangement

- (1) A request to record the creation of a layered arrangement of community titles schemes from 2 or more basic schemes (*scheme A* and *scheme B*) must be lodged.
- (2) The request must be—
 - (a) signed by or for the body corporate for scheme A or scheme B; and

- (b) lodged by or for—
 - (i) the bodies corporate for schemes A and B; or
 - (ii) if the District Court made an order under the BCCM Act, section 91(2), for creating the layered arrangement—a person on whose application the court made the order.
- (3) The request must be accompanied by each of the following—
 - (a) a copy of each resolution, or the order, for the creation of the layered arrangement;
 - (b) the community management statements intended to be recorded for schemes A and B and the principal scheme in the layered arrangement, showing the body corporate consents required under the BCCM Act, section 62 and the community management statement notations required under that Act, section 60;
 - (c) new community management statements for schemes A and B if the statements will no longer be accurate after the layered arrangement is created;
 - (d) any other instrument required under this Act.

115Z Recording creation of layered arrangement

- (1) If the request to record the creation of the layered arrangement complies with the BCCM Act (including with an order of the District Court made under that Act about the layered arrangement), the registrar must—
 - (a) record the community management statement for the principal scheme in the layered arrangement and any other community management statement accompanying the request; and
 - (b) register any instrument required, under this Act, to be registered for the layered arrangement.
- (2) The creation of the layered arrangement takes effect when the registrar completes the action mentioned in subsection (1).

Part 7 Other dealings

Division 1 Writs of execution

116 Registering a writ of execution

The registrar may register a writ of execution only if a request to register it, and an office copy of it, is lodged.

117 Effect of registering a writ of execution

For purchasers, lessees, mortgagees and creditors, a writ of execution—

- (a) can not, until registered, bind or affect registered lots, whether or not there is actual or constructive notice of the writ; and
- (b) binds or affects registered lots only if the writ is executed and put in force within—
 - (i) 6 months of its lodgment; or
 - (ii) the extended time allowed by the court where the writ is filed and notified to the registrar.

118 Cancellation of registration

Registration of a writ of execution may be cancelled if—

- (a) a request to cancel it is lodged; and
- (b) the registrar is satisfied that the time, or extended time, for executing and putting the writ into force has ended.

119 Discharging or satisfying writ of execution

Discharge or satisfaction of a writ of execution may be registered if a request to register it is lodged.

120 Transfer of lots sold in execution

- (1) If a lot is sold under a registered writ of execution, the sheriff, registrar or clerk of the court of the relevant court may execute an instrument of transfer to the purchaser.
- (2) On registration of the transfer, the transferee becomes the registered owner of the lot subject to—
 - (a) registered interests; and
 - (b) equitable mortgages notified by caveat lodged before registration of the writ of execution.

120A Effect on writ of execution of transfer after sale by mortgagee

- (1) Subsection (2) applies if—
 - (a) a mortgage is registered over a lot; and
 - (b) a writ of execution is later registered in relation to the lot.
- (2) If the mortgagee of the lot signs a transfer of the lot after exercising power of sale under the mortgage—
 - (a) registration of the writ of execution does not prevent registration of the transfer; and
 - (b) on registration of the transfer, the registrar must cancel registration of the writ of execution.

Division 2 Caveats**121 Requirements of caveats**

- (1) A caveat must be signed by or for the caveator.
- (2) The caveat must state—
 - (a) the name of the caveator; and
 - (b) an address where documents can be served on the caveator; and
 - (c) unless the registrar dispenses with it, the name and address of—

- (i) the registered owner of the lot affected by the caveat; and
 - (ii) anyone else having the right to deal with the lot affected by the caveat; and
 - (d) the registered interest affected by the caveat; and
 - (e) if the caveat relates to only a part of a lot—a description of the affected part; and
 - (f) the interest claimed by the caveator; and
 - (g) the grounds on which the interest is claimed.
- (3) This section applies to all caveats under this Act other than a caveat prepared and registered by the registrar under section 17.

122 Lodging a caveat

- (1) A caveat may be lodged by any of the following—
- (a) a person claiming an interest in a lot;
 - (b) the registrar under section 17;
 - (c) the registered owner of the lot;
 - (d) a person to whom an Australian court has ordered that an interest in a lot be transferred;
 - (e) a person who has the benefit of a subsisting order of an Australian court in restraining a registered proprietor from dealing with a lot.
- (2) However a caveat may only be lodged by an equitable mortgagee if it is a caveat to which section 126 applies.
- (3) To remove any doubt, it is declared that an interest in a lot does not include an interest in a proposed allotment under the *Land Sales Act 1984* that a person obtains when the person agrees to purchase the allotment under that Act.

123 Notifying caveat

The registrar must give written notice of lodgment of a caveat to each person whose interest or whose right to registration of an instrument is affected by the caveat.

124 Effect of lodging caveat

- (1) A caveat prevents registration of an instrument affecting the lot over which the caveat is lodged from the date and time endorsed by the registrar on the caveat as the caveat's date and time of lodgment.
- (1A) Subsection (1) has effect for a caveat until the caveat lapses or is cancelled, rejected, removed or withdrawn.
- (2) However, lodgment of a caveat does not prevent registration of the following—
 - (a) an instrument specified in the caveat as an instrument to which the caveat does not apply;
 - (b) an instrument if the caveator consents to its registration;
 - (c) an instrument executed by a mortgagee whose interest was registered before lodgment of the caveat if—
 - (i) the mortgagee has power under the mortgage to execute the instrument; and
 - (ii) the caveator claims an interest in the lot as security for the payment of money or money's worth;
 - (d) an instrument of transfer of mortgage executed by a mortgagee whose interest was registered before lodgment of the caveat;
 - (e) another interest that, if registered, will not affect the interest claimed by the caveator.
- (3) The exceptions mentioned in subsection (2)(c) and (d) do not apply to a caveat lodged by the registrar.
- (4) The exception in subsection (2)(d) does not apply to a caveat lodged by the registered owner.
- (5) Lodgment of a caveat does not create in the caveator a registrable interest in the lot affected by the caveat.

125 Withdrawing a caveat

A caveator may withdraw a caveat by lodging a request to withdraw it.

126 Lapsing of caveat

- (1) This section does not apply to a caveat if—
 - (a) it is lodged by the registered owner; or
 - (b) the consent of the registered owner is deposited when the caveat is lodged; or
 - (c) an office copy of a court order mentioned in section 122(d) or (e) is deposited when the caveat is lodged; or
 - (d) it is lodged by the registrar under section 17; or
 - (e) it is lodged other than under this division.
- (2) A caveatee of a caveat to which this section applies may serve on the caveator a notice requiring the caveator to start a proceeding in a court of competent jurisdiction to establish the interest claimed under the caveat.
- (3) The caveatee must notify the registrar within 14 days of service of the notice on the caveator.
- (4) If a caveator does not want a caveat to which this section applies to lapse, the caveator must—
 - (a) start a proceeding in a court of competent jurisdiction to establish the interest claimed under the caveat—
 - (i) if a notice under subsection (2) is served on the caveator—within 14 days after the notice is served on the caveator; or
 - (ii) if a notice under subsection (2) is not served on the caveator—within 3 months after the lodgment of the caveat; and
 - (b) notify the registrar within the 14 days or the 3 months that a proceeding has been started and identify the proceeding.
- (5) If the caveator does not comply with subsection (4), the caveat lapses.
- (6) The caveator is taken to have complied with subsection (4)(a) if a proceeding has been started in a court of competent jurisdiction to establish the interest claimed under the caveat before the caveat was lodged.

- (7) The registrar may remove a caveat that has lapsed from the freehold land register.

127 Removing a caveat

- (1) A caveatee may at any time apply to the Supreme Court for an order that a caveat be removed.
- (2) The Supreme Court may make the order whether or not the caveator has been served with the application, and may make the order on the terms it considers appropriate.

128 Cancelling a caveat

- (1) The registrar may cancel a caveat if a request to cancel the caveat is lodged and the registrar is satisfied that—
 - (a) the interest claimed by the caveator has ceased or the claim to it has been abandoned or withdrawn; or
 - (b) the claim of the caveator has been settled by agreement or otherwise satisfied; or
 - (c) the nature of the interest claimed does not entitle the caveator to prevent registration of an instrument that has been lodged.
- (2) The registrar must notify the caveator of the registrar's intention to cancel the caveat at least 7 days before cancelling it.
- (3) If an instrument that has been lodged will, on registration, give full effect to an interest claimed in a caveat, the registrar may remove the caveat immediately before registering the instrument.

129 Further caveat

- (1) This section applies if a caveat (the *original caveat*) is lodged in relation to an interest.
- (2) A further caveat with the same caveator can never be lodged in relation to the interest on the same, or substantially the same, grounds as the grounds stated in the original caveat

unless the leave of a court of competent jurisdiction to lodge the further caveat has been granted.

130 Compensation for improper caveat

- (1) A person who lodges or continues a caveat without reasonable cause must compensate anyone else who suffers loss or damage as a result.
- (2) In a proceeding for compensation under subsection (1), a court of competent jurisdiction may include in a judgment for compensation a component for exemplary damages.
- (3) In a proceeding for compensation under subsection (1), it must be presumed that the caveat was lodged or continued without reasonable cause unless the person who lodged or continued it proves that it was lodged or continued with reasonable cause.

131 Notices to the caveator

- (1) A notice to a caveator under this division is sufficiently served if left at or sent to the address mentioned in section 121(2)(b).
- (2) If the registrar is satisfied that a notice under this division will not reach the caveator if served in the way mentioned in subsection (1), the notice may be served in a way specified in a written direction by the registrar.
- (3) If the registrar is informed in writing, and is satisfied, that the name or address of the caveator has changed, the registrar must note on the caveat details of the new name or address.
- (4) A new name or address noted under subsection (3) becomes the name or address for service of a notice on the caveator.

Division 3 Powers of attorney and disabilities

132 Instrument not registered until power of attorney registered

An instrument executed under the authority of a power of attorney may be registered only if the power of attorney is registered under this division.

133 Registering power of attorney

- (1) The registrar must keep a register of powers of attorney (the *power of attorney register*).
- (2) The registrar may register a power of attorney by recording particulars of it in the power of attorney register if a request to register it is lodged and the power of attorney is deposited with the request.
- (3) The registrar must keep a certified copy of the registered power of attorney and return the original to the person who deposited it.

134 Effect of registering a power of attorney

- (1) An act done by the donee under and in accordance with the terms of a registered power of attorney has the same effect as if the act were done by the donor.
- (2) A registered power of attorney is evidence that the donee is authorised to do anything within the terms of the power of attorney.
- (3) The registrar may register an instrument executed under a registered power of attorney without being satisfied that the power of attorney has not been revoked.
- (4) The registrar must not register an instrument executed under a registered power of attorney if the instrument became effective after—
 - (a) registration of an instrument of revocation or disclaimer of the power of attorney; or

- (b) someone else is registered as owner of the relevant lot after the death or bankruptcy of the donor.

135 Revoking or disclaiming a power of attorney

- (1) A registered power of attorney may be revoked by registering an instrument of revocation or disclaimer.
- (2) This section also applies to enduring powers of attorney.

136 Act for a minor

- (1) This section applies if—
 - (a) this Act requires or permits an act to be done by or in relation to a person (the *relevant person*); and
 - (b) the relevant person is a minor; and
 - (c) no person has authority under this or another Act to act for the relevant person for the act.
- (2) A person suitably authorised by a court of competent jurisdiction may act for the relevant person for the act.

137 Act for other person lacking capacity

- (1) This section applies if—
 - (a) this Act requires or permits an act to be done by or in relation to a person (the *relevant person*); and
 - (b) the relevant person is not a minor; and
 - (c) the relevant person does not have capacity for the act.
- (2) Subject to the operation of the *Guardianship and Administration Act 2000* and the *Powers of Attorney Act 1998*, a qualified person may act for the relevant person for the act.
- (3) In this section—

capacity, for the relevant person for the act, means the relevant person is capable of—

 - (a) understanding the nature and effect of decisions about the act; and

- (b) freely and voluntarily making decisions about the act; and
- (c) communicating the decisions in some way.

qualified person means—

- (a) an administrator for the relevant person appointed under the *Guardianship and Administration Act 2000*; or
- (b) a person suitably authorised by the relevant person under an enduring power of attorney under the *Powers of Attorney Act 1998*.

Part 7A Settlement notice

138 Definitions for part

In this part—

affected person, for a particular lot, means—

- (a) a registered proprietor of the lot or an interest in the lot; or
- (b) a person (other than the transferee) who has an interest in the lot.

transferee means—

- (a) a purchaser for valuable consideration of an interest in a lot that is capable of registration by an instrument of transfer; or
- (b) a person who is entitled to an interest in a lot under an instrument of transfer or an instrument of mortgage.

139 Requirements of settlement notice

- (1) A settlement notice must be in the approved form and must be signed by or for the transferee.
- (2) The settlement notice must specify—

- (a) the type of transaction to which the settlement notice relates and the parties to the transaction; and
- (b) the name of the transferee; and
- (c) the description of the lot the subject of the transaction; and
- (d) all instruments directly related to the transaction; and
- (e) an address where documents can be served on the transferee; and
- (f) the registered interest affected by the settlement notice.

140 Depositing settlement notice

- (1) A settlement notice, in the approved form, may be deposited by or for a transferee in relation to a transaction.
- (2) The registrar must record the information in the settlement notice under section 34.⁷

141 Effect of settlement notice

- (1) The deposit of a settlement notice prevents registration of an instrument affecting the lot or an interest in the lot until the notice lapses or is withdrawn, removed or cancelled.
- (2) However, a settlement notice does not prevent registration of—
 - (a) an instrument specified in the settlement notice as an instrument to which the notice does not apply; or
 - (b) an instrument if the transferee consents to its registration; or
 - (c) an instrument of transfer of mortgage executed by a mortgagee whose interest was registered before lodgment of the notice; or

⁷ Under section 34 the registrar may keep information separately from the freehold land register.

- (d) another interest that, if registered, will not affect the interest the subject of the notice; or
- (e) an instrument lodged before the notice.

142 Withdrawing settlement notice

A transferee may withdraw a settlement notice by depositing a request to withdraw it.

143 Lapsing of settlement notice

A settlement notice lapses—

- (a) 2 months after it is deposited; or
- (b) when all instruments directly related to the transaction, and specified in the settlement notice, have been lodged; whichever happens first.

144 Removing settlement notice

- (1) An affected person may at any time apply to the Supreme Court for an order that a settlement notice be removed.
- (2) The Supreme Court may make the order whether or not the transferee has been served with the application, and may make the order on the terms it considers appropriate.

145 Cancelling settlement notice

- (1) The registrar may cancel a settlement notice if a request to cancel the notice is deposited and the registrar is satisfied that—
 - (a) the transferee's interest in the transaction specified in the notice has ceased, or has been abandoned or withdrawn; or
 - (b) the transferee's interest has been settled by agreement or otherwise satisfied; or
 - (c) the nature of the transferee's interest does not entitle the transferee to prevent registration of an instrument that has been lodged.

175 Time from when instrument forms part of register etc.

A registered instrument forms part of the freehold land register from when it is lodged.

176 Registered instrument operates as a deed

177 Order of registration of instruments

- (1) Instruments affecting a lot, including instruments affecting or creating an interest in the lot, must be registered in the order in which they are lodged.
- (2) Subsection (1) is subject to section 159.
- (3) Despite subsection (1), if an instrument (*instrument 2*) affecting a lot is lodged after another instrument (*instrument 1*) affecting the lot, instrument 2 may be registered before instrument 1 if the registration of instrument 2 can not affect any interest that a person might claim under instrument 1.

Example for subsection (3)—

An instrument of easement over a lot (*instrument 1*) is lodged for registration. Subsequently, an instrument releasing a mortgage of the lot (*instrument 2*) is lodged for registration. However, the registrar has given the person who lodged instrument 1 a requisition relating to instrument 1, and instrument 1 can not yet be registered. The registrar could register instrument 2 even though instrument 1 has not been registered.

178 Priority of registered instruments

- (1) Registered instruments have priority according to when each of them was lodged and not according to when each of them was executed.

- (3) Subsection (1) is not affected by actual, implied or constructive notice.

- (d) when the instrument was lodged and registered.
