Information about this reprint

This regulation is reprinted as at 1 July 2010.

Minor editorial changes allowed under the provisions of the Reprints Act 1992 have been made to use different spelling consistent with current drafting practice (s 26(2)).

This page is specific to this reprint. A table of reprints is included in the endnotes.

Also see endnotes for information about when provisions commenced.

Spelling

The spelling of certain words or phrases may be inconsistent with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’).

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

2 Commencement

This regulation commences on 1 July 2010.

3 Definitions

The dictionary in the schedule defines particular words used in this regulation.

4 What this regulation is about

This regulation is about community planning and financial management for local governments, including—

- (a) engaging the community; and
- (b) planning community growth and development; and
- (c) local government rates and charges; and
- (d) the financial accounts, documents, policies, records and reports of a local government; and
- (e) local government contracts; and

[s 5]

- (f) allocating funds received by the State from the Commonwealth for local government purposes.

Chapter 2 Rates and charges

Part 1 Preliminary

Division 1 Introduction

5 What ch 2 is about

- (1) This chapter is about local government rates and charges.

Note—

See chapter 4, part 1 of the Act.

- (2) A provision of this chapter does not apply to the local government area of an indigenous local government to the extent that the provision relies on the valuation of land under the Valuation of Land Act.

Division 2 Interpretation

6 What is the *value* of land

The *value*, of land for a financial year, is the unimproved value of the land under the Valuation of Land Act when a liability for payment of rates or charges for the land arises for the financial year.

Part 2 Land exempt from rating

7 Land that is exempt from rating—Act, s 93

For section 93(3)(j)(ii) of the Act, the following land is exempted from rating—

- (a) land owned by a religious entity if the land is less than 20ha and is used for 1 or more of the following purposes—
 - (i) religious purposes, including, for example, public worship;
 - (ii) the provision of education, health or community services, including facilities for aged persons and persons with disabilities;
 - (iii) the administration of the religious entity;
 - (iv) housing incidental to a purpose mentioned in subparagraphs (i) to (iii);
- (b) land vested in, or placed under the management and control of, a person under an Act for—
 - (i) a public purpose that is a recreational or sporting purpose; or
 - (ii) a charitable purpose;
- (c) land used for the purposes of a public hospital if—
 - (i) the public hospital is—
 - (A) part of a private hospital complex; or
 - (B) a private and public hospital complex; and
 - (ii) the land used for the purposes is more than 2ha and is separated from the rest of the complex;
- (d) land owned by a community organisation if the land is less than 20ha and is used for providing the following—

[s 8]

- (i) accommodation associated with the protection of children;
- (ii) accommodation for students;
- (iii) educational, training or information services aimed at improving labour market participation or leisure opportunities;
- (e) land used for a cemetery.

Part 3 Value of land used for rates

8 Rateable value of land

- (1) A local government must calculate the rates for land by using the rateable value of the land.
- (2) The *rateable value* of land for a financial year is the value of the land—
 - (a) for the financial year; or
 - (b) as averaged over a number of financial years.
- (3) A local government may use the value of the land averaged over a number of financial years only if the local government decides, by resolution, to do so.
- (4) The resolution must state whether the local government will use, for deciding the rateable value of the land—
 - (a) the 2-year averaged value of the land; or
 - (b) the 3-year averaged value of the land.
- (5) However, if the value of the land averaged over a number of financial years is more than the value of the land for the financial year, the rates must be calculated using the value of the land for the financial year.

9 Working out the *2-year averaged value*

- (1) The *2-year averaged value* of land for a financial year is the amount that equals—
- (a) if the land had a value for the previous financial year—
 - the value of the land for the previous financial year
 - plus the value of the land for the financial year
 - divided by 2; or
 - (b) if the land did not have a value for the previous financial year—
 - the value of the land for the financial year
 - divided by 2
 - multiplied by the 2-year averaging number.
- (2) The *2-year averaging number*, for a financial year, is the number calculated to 2 decimal places by using the formula—

$$\frac{T}{2V}$$

where—

T is the total of the values of all rateable land in the local government's area for the financial year and the previous financial year.

V is the value of all rateable land in the local government's area for the financial year.

10 Working out the *3-year averaged value*

- (1) The *3-year averaged value* of land for a financial year is the amount that equals—
- (a) if the land had a value for the 2 previous financial years—
 - the sum of the value of the land for each of the 2 previous years

[s 11]

- plus the value of the land for the financial year
 - divided by 3; or
- (b) if the land did not have a value for the 2 previous financial years—
- the value of the land for the financial year
 - divided by 3
 - multiplied by the 3-year averaging number.
- (2) The **3-year averaging number**, for a financial year, is the number calculated to 2 decimal places by using the formula—

$$\frac{T}{3V}$$

where—

T is the total of the values of all rateable land in the local government's area for the financial year and the previous 2 financial years.

V is the value of all rateable land in the local government's area for the financial year.

Part 4 Minimum general rates

11 Minimum general rates for land generally

- (1) A local government may fix a minimum amount of general rates.
- (2) The local government may identify parcels of rateable land to which a minimum amount of general rates applies in any way the local government considers appropriate.
- (3) However, a local government must not levy minimum general rates for a parcel of land if—

- (a) the Valuation of Land Act, section 25, applies to the parcel of land; and
 - (b) the discounted valuation period for the parcel of land has not ended under that section.
- (4) Generally, the same minimum amount of general rates must apply to all rateable land in the local government area.
- (5) However, a local government may fix a different minimum amount of general rates only for—
- (a) if there are different rating categories of rateable land for the local government area, each different rating category; or
 - (b) timeshare property; or
 - (c) any of the following—
 - (i) a mining lease granted for mining for minerals over land that is not larger than 2ha;
 - (ii) a mining lease granted for a purpose that is associated with mining for minerals over land that is not larger than 4ha; or
 - (d) land that is subject to a mining claim, subject to section 13.
- (6) For subsection (5)(a), if a local government fixes a different minimum amount of general rates for different rating categories, the same minimum amount of general rates must apply to all rateable land belonging to a particular rating category.

12 Minimum general rates on time shared property

- (1) This section applies to a local government for fixing a minimum amount of general rates on—
- (a) land where there is a structure wholly or partially subject to a time share scheme; or

[s 13]

- (b) a lot included in a community titles scheme under the *Body Corporate and Community Management Act 1997* where there is a structure wholly or partially subject to a time share scheme; or
 - (c) a lot within the meaning of a community titles Act other than the *Body Corporate and Community Management Act 1997* where there is a structure wholly or partially subject to a time share scheme.
- (2) The local government may decide the minimum amount of general rates is to be worked out using the formula—

$$MA = L \times RU$$

where—

MA is the minimum amount.

L is the minimum amount of general rates that would, other than for this section, be payable for the land or lot.

RU is the number of units of the structure that are subject to the time share scheme and are available at any time for separate exclusive occupation.

13 Value of mining claim for fixing minimum general rates

For fixing a minimum amount of general rates for land subject to a mining claim, the value of the mining claim is—

- (a) for a mining claim over land that is 900m² or less—\$150; or
- (b) for a mining claim over land that is larger than 900m²—\$450.

Part 5 Differential general rates

Division 1 Introduction

14 Differential general rates

- (1) A local government may levy general rates that differ for different categories of rateable land in the local government area.
- (2) These rates are called *differential general rates*.
- (3) For example, a local government may decide the amount of the general rates on a parcel of residential land will be more than the general rates on the same size parcel of rural land.
- (4) However, the differential general rates for a category of rateable land may be the same as the differential general rates for another category of rateable land.
- (5) If a local government makes and levies a differential general rate for rateable land for a financial year, the local government must not make and levy a general rate for the land for the year.
- (6) A differential general rate may be made and levied on a lot under a community titles Act as if it were a parcel of rateable land.

15 Categorisation of land for differential general rates

- (1) Before a local government levies differential general rates, it must decide the different categories (each a *rating category*) of rateable land in the local government area.
- (2) The local government must, by resolution, make the decision at the local government's budget meeting.
- (3) The resolution must state—

[s 16]

- (a) the rating categories of rateable land in the local government area; and
- (b) a description of each of the rating categories.

Example—

A resolution may state that the rating categories, and a description of each of the rating categories, are as follows—

- (a) residential land—land that is used for residential purposes in particular urban centres, rural localities, park residential estates and coastal villages;
 - (b) commercial and industrial land—land that is used solely for commerce or industry in particular urban centres and rural localities, other than land used for manufacturing sugar or another rural production industry;
 - (c) grazing and livestock land—land that is used, for commercial purposes, for grazing and livestock;
 - (d) sugar cane land—land that is used for producing sugar cane;
 - (e) sugar milling land—land that is used for manufacturing sugar;
 - (f) rural land—
 - (i) land that is not in an urban centre or locality; or
 - (ii) land that is not used for grazing and livestock; or
 - (iii) land that is not sugar cane land or sugar milling land;
 - (g) other land—any other type of land.
- (4) After the rating categories and descriptions have been decided, the local government must identify the rating category to which each parcel of rateable land in the local government area belongs.
- (5) The local government may do so in any way it considers appropriate.
- (6) The fact that some parcels of rateable land are inadvertently not categorised does not stop differential general rates being levied on rateable land that has been categorised.

16 Later categorisation

- (1) This section applies if—

-
- (a) the local government discovers that land has inadvertently not been categorised; or
 - (b) land becomes rateable land; or
 - (c) the local government considers that the rating category of a parcel of land should be changed, in view of the description of each rating category; or
 - (d) 2 or more parcels of rateable land are amalgamated into a single parcel of rateable land.
- (2) The local government must decide what rating category the land should be in.
- (3) The decision takes effect—
- (a) for a decision because of subsection (1)(a)—from the start of the relevant financial year; or
 - (b) for a decision because of subsection (1)(b)—from the day when the land became rateable land; or
 - (c) for a decision because of subsection (1)(c)—from the day when the decision is made; or
 - (d) for a decision because of subsection (1)(d)—from the day when the survey plan of amalgamation is registered by the registrar of titles.

Division 2 Entering land to categorise land

17 What div 2 is about

This division is about—

- (a) appointing categorisation officers; and
- (b) the officers' powers to enter land to enable any of the following—
 - (i) the rating categories into which rateable land in a local government area is to be categorised to be decided;

[s 18]

- (ii) a description for each of the rating categories to be decided;
- (iii) the rating category for a parcel of rateable land to be identified;
- (iv) an objection or appeal against the categorisation of rateable land to be decided.

18 Appointing categorisation officer

- (1) The chief executive officer may appoint a qualified person as a categorisation officer for this division.
- (2) For subsection (1), a person is qualified if the person—
 - (a) has the competencies the chief executive officer considers are necessary to perform the functions that are required to be performed by the person under this division; and
 - (b) is any of the following—
 - (i) a person who is authorised by a local government for this division;
 - (ii) a member of the Land Court;
 - (iii) a person who is authorised by a member of the Land Court for this division.
- (3) A categorisation officer's appointment is subject to—
 - (a) section 20; and
 - (b) the conditions stated in the document that appoints the categorisation officer.

19 Identity card for categorisation officer

- (1) The chief executive officer must give each categorisation officer an identity card.
- (2) A person who stops being a categorisation officer must return the person's identity card to the chief executive officer, within

21 days after stopping being a categorisation officer, unless the person has a reasonable excuse.

Maximum penalty for subsection (2)—10 penalty units.

20 Exercise of power of entry

- (1) A categorisation officer may enter private property under this division only—
 - (a) with the permission of the occupier of the property; or
 - (b) to ask the occupier of the property for permission to stay on the property to exercise the powers under this division; or
 - (c) with, and in accordance with, a warrant.
- (2) Subject to subsection (6), section 129, other than subsections (2)(b) and (4)(a)(ii), of the Act (the *applied provision*) applies to a categorisation officer for entering private property under subsection (1)(a) or (b).
- (3) Subject to subsections (4) and (6), sections 130, other than subsections (5) and (6)(a), and 131 of the Act (also the *applied provisions*) apply to a categorisation officer for entering private property under subsection (1)(c).
- (4) However, a magistrate may issue a warrant for entering private property under this division only if—
 - (a) the magistrate is satisfied—
 - (i) the warrant is sought for entering the property under section 17(b); and
 - (ii) the occupier of the property has unreasonably refused a request for permission to enter the property under section 129(2) of the Act as applied under subsection (2); and
 - (b) the warrant states the purpose for which it is issued.

[s 21]

- (5) Subject to subsection (6), sections 126, 136 and 137 of the Act (also the *applied provisions*) apply to a categorisation officer for entering private property under this division.
- (6) The applied provisions apply as if—
 - (a) a reference in the applied provisions to an authorised person were a reference to the categorisation officer; and
 - (b) a reference in the applied provisions, other than section 137 of the Act, to a Local Government Act were a reference to this division; and
 - (c) a reference in the applied provisions to the powers under the Act were a reference to the powers under this division; and
 - (d) a reference in the applied provisions to the powers or action under chapter 5, part 2, division 1 of the Act were a reference to the powers or action under this division.

Editor's note—

Sections 126 (Producing authorised person's identity card), 129 (Entering private property with, and in accordance with, the occupier's permission), 130 (Entering private property with, and in accordance with, a warrant), 131 (Warrants—applications made electronically), 136 (Authorised person to give notice of damage) and 137 (Compensation for damage or loss caused after entry) of the Act

21 End of appointment of categorisation officer

- (1) A person stops being a categorisation officer—
 - (a) at the end of the term of appointment stated in the document that appointed the person; or
 - (b) if the person gives the local government a signed notice of resignation; or
 - (c) if it is a condition of the person's appointment that the person hold another position at the same time—if the person stops holding the other position.
- (2) This section does not limit the ways in which a categorisation officer's appointment ends.

Division 3 Notice of categorisation of land

22 Notice to owner of categorisation

- (1) This section applies if a local government decides to levy differential general rates on rateable land for a financial year.
- (2) The local government must ensure each of the following rate notices (a *relevant rate notice*) is accompanied by, or contains, a rating category statement—
 - (a) the first rate notice for the financial year given to the owner of the land;
 - (b) a later rate notice for the financial year if—
 - (i) the owner of the land has changed since the first rate notice for the financial year was issued; or
 - (ii) the rating category for the land has changed since the first rate notice for the financial year was issued.
- (3) However, a rating category statement may also accompany, or be contained in, a rate notice, other than a relevant rate notice.
- (4) The *rating category statement* is a document stating—
 - (a) the rating categories for land in the local government area, and a description of each of the rating categories; and
 - (b) the rating category for the land (the *owner's land*) described in the rate notice accompanying or containing the rating category statement; and
 - (c) that the owner may object to the categorisation of the owner's land only on the ground that the rating category is wrong in reference to the local government's descriptions of the rating categories; and
 - (d) that the owner may object by giving the local government an objection notice within—

[s 23]

- (i) 30 days after the date when the rate notice was issued; or
 - (ii) a longer period that the local government allows; and
- (e) that the owner is liable to pay the amount in the rate notice even if the owner gives an objection notice; and
- (f) that, if the rating category of the owner's land is changed because of the objection, the rates will be adjusted at that time.

Division 4 Objecting to rates category

23 What div 4 is about

- (1) This division is about an owner of land making an objection, or starting an appeal, relating to the rating category for the land.
- (2) However, the making of an objection, or the starting of an appeal, does not stop the levying and recovery of rates on the land.

24 Land owner's objection to rates category

- (1) This section applies if an owner of rateable land wants to object to the rating category for the land that is stated in a rate notice for the land.
- (2) The only ground for objecting is that the owner considers the land should belong to a different rating category.
- (3) The owner may object by giving the local government an objection notice.
- (4) An ***objection notice*** is a document, in a form approved by the local government, stating—
 - (a) the rating category that the owner claims the land should belong to; and

- (b) the facts and circumstances on which the owner makes that claim.
- (5) The owner must give the objection notice within—
 - (a) 30 days after the day when the rate notice was issued; or
 - (b) a longer period that the local government allows.

25 Decision on a land owner's objection

- (1) This section applies if the owner of rateable land properly objects to the rating category for the land.
- (2) The local government's chief executive officer must consider the objection and decide—
 - (a) to change the rating category for the land—
 - (i) to the rating category to which the owner claims in the objection notice the land should belong; or
 - (ii) to another rating category; or
 - (b) not to allow the objection.
- (3) The chief executive officer must give the owner notice of—
 - (a) the decision; and
 - (b) the reasons for the decision.
- (4) The chief executive officer must give the notice within 60 days after the objection was made.
- (5) If the chief executive officer decides to change the rating category of the land, the rating category is taken to have been changed from the start of the period of the rate notice.

26 Land owner's appeal against decision

- (1) This section applies if the owner of rateable land wants to appeal against a decision of—
 - (a) the local government not to allow a longer period for giving an objection notice; or

[s 27]

- (b) the chief executive officer on the owner's objection to the rating category for the land.
- (2) The owner may appeal by filing an appeal notice in the Land Court registry, within 42 days after the day when the owner received notice of the decision.
- (3) The appeal notice must be in the form approved by the Land Court.
- (4) The owner must give a copy of the filed appeal notice to the local government, within 7 days after the appeal notice was filed.
- (5) If the owner fails to do so, it does not affect the making of the appeal, or the jurisdiction of the Land Court to decide the appeal, but the court may award costs against the owner for any adjournment that is caused by the owner's failure.

27 Decision on a land owner's appeal

- (1) For an appeal under this division, the Land Court is constituted by 1 member.
- (2) The Land Court—
 - (a) must conduct the appeal with a view to its prompt disposal; and
 - (b) must observe natural justice; and
 - (c) is not bound by the rules of evidence.
- (3) The Land Court may decide to—
 - (a) if the appeal is against the decision of the local government not to allow a longer period for giving an objection notice—
 - (i) allow a longer period for giving an objection notice; or
 - (ii) not allow the appeal.

-
- (b) if the appeal is against the decision of the chief executive officer on the owner's objection to the rating category for the land—
 - (i) change the rating category for the land; or
 - (ii) not allow the appeal.
 - (4) If the Land Court decides to change the rating category for the land, the rating category is taken to have been changed from the start of the period of the rate notice.

Part 6 Special rates and charges

28 Levying special rates or charges

- (1) This section applies if a local government decides to levy special rates or charges.

Note—

See the Act, section 92(3) (Types of rates and charges), definition *special rates and charges*.

- (2) For levying rates under subsection (1), the local government may fix a minimum amount of the rates.
- (3) The local government's resolution to levy special rates or charges must identify—
 - (a) the rateable land to which the special rates or charges apply; and
 - (b) the overall plan for the service, facility or activity to which the special rates or charges apply.
- (4) The **overall plan** is a document that—
 - (a) describes the service, facility or activity; and
 - (b) identifies the rateable land to which the special rates or charges apply; and

[s 28]

- (c) states the estimated cost of carrying out the overall plan; and
 - (d) states the estimated time for carrying out the overall plan.
- (5) The local government must adopt the overall plan before, or at the same time as, the local government first resolves to levy the special rates or charges.
- (6) Under an overall plan, special rates or charges may be levied for 1 or more years before any of the special rates or charges are spent in carrying out the overall plan.
- (7) If an overall plan is for more than 1 year, the local government must also adopt an annual implementation plan for each year.
- (8) An ***annual implementation plan*** for a financial year is a document setting out the actions or processes that are to be carried out in the financial year for the service, facility or activity to which the special rates or charges apply.
- (9) The local government must adopt the annual implementation plan before or at the budget meeting for each year of the period for carrying out the overall plan.
- (10) The local government may at any time, by resolution, amend—
 - (a) an overall plan; or
 - (b) an annual implementation plan.
- (11) To remove any doubt, it is declared that a local government may make and levy a special rate or charge for a service, facility or activity whether or not supplied or undertaken by the local government itself, including a service, facility or activity supplied or undertaken by another local government—
 - (a) in the other local government’s local government area; and

- (b) conducted as a joint government activity by the local governments.

29 Carrying special rates or charges forward to a later financial year

- (1) This section applies if a local government does not spend all of the special rates or charges that are raised in a financial year in carrying out an annual implementation plan.
- (2) The local government may carry the unspent special rates or charges forward for spending under an annual implementation plan in a later financial year.

30 Surplus special rates or charges after plan is carried out

- (1) This section applies if—
 - (a) a local government implements an overall plan; and
 - (b) the local government has not spent all the special rates or charges.
- (2) The local government must as soon as practicable pay the unspent special rates or charges to the current owners of the land on which the special rates or charges were levied.
- (3) The payments to the current owners must be in the same proportions as the special rates or charges were last levied.

31 Surplus special rates or charges after plan is cancelled

- (1) This section applies if—
 - (a) a local government decides to cancel an overall plan before it is carried out; and
 - (b) the local government has not spent all the special rates or charges.
- (2) The local government must as soon as practicable pay the unspent special rates or charges to the current owners of the land on which the special rates or charges were levied.

[s 32]

- (3) The local government must pay the current owners—
 - (a) if the overall plan identifies the beneficiaries of the plan—in the proportions that the local government, by resolution, decides; or
 - (b) if the overall plan does not identify the beneficiaries of the plan—in the same proportions as the special rates or charges were last levied.
- (4) The local government must decide the proportions having regard to—
 - (a) the proportions in which the special rates or charges were last levied; and
 - (b) the extent to which the rateable land, or the owners of the rateable land, will benefit from or have access to the service, facility or activity.
- (5) The *beneficiaries* of the plan are the owners of the rateable land that will benefit from or have access to the service, facility or activity.

32 Returning special rates or charges incorrectly levied

- (1) This section applies if a rate notice includes special rates or charges that were levied on land to which the special rates or charges do not apply.
- (2) The rate notice is not invalid, but the local government must as soon as practicable return the special rates or charges to the person who paid the special rates or charges.

Part 7 **Utility charges**

33 **Utility charges**

- (1) A local government may levy utility charges on any basis the local government considers appropriate.
- (2) For example, utility charges may be levied on the basis of any, or any combination, of the following—
 - (a) the rateable value of land;
 - (b) the use made of—
 - (i) a particular parcel of land; or
 - (ii) a particular structure; or
 - (iii) a class of land or structure;
 - (c) any circumstances that are peculiar to the supply of a service to—
 - (i) a particular parcel of land; or
 - (ii) a particular structure; or
 - (iii) a class of land or structure.
- (3) A local government may do 1 or both of the following—
 - (a) levy utility charges for services that have been supplied or are to be supplied during part of the financial year and part of another financial year;
 - (b) levy differing utility charges for services that have been supplied or are to be supplied during various periods in 1 or more financial years, and decide the way the charges are to be apportioned.
- (4) However, a local government may only levy utility charges for services—
 - (a) supplied in the last financial year; or

[s 34]

- (b) supplied, or to be supplied, in the current financial year;
or
- (c) to be supplied in the next financial year.

34 Utility charges before facilities are constructed

- (1) A local government may, in a financial year (the *current financial year*), levy utility charges for supplying a water service or sewerage service before the facility for supplying the service has been constructed if—
 - (a) the local government reasonably believes the service will be supplied in the next financial year; and
 - (b) the local government—
 - (i) has started constructing the facility; or
 - (ii) intends to start constructing the facility during the next financial year, and has included the funds that are necessary for construction in its annual budget for the current financial year.

Note—

See, however, the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*.

- (2) The utility charges are not invalid only because the service is not supplied in the next financial year for reasons beyond the local government's control.
- (3) In this section—
sewerage service see the *Water Supply (Safety and Reliability) Act 2008*, schedule 3.

35 Working out utility charges for water services

- (1) The utility charges for a water service must be charged—
 - (a) wholly according to the water used; or

Note—

See, however, the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*.

- (b) partly according to the water used, using a 2-part charge.
- (2) A **2-part charge** is a utility charge that is made up of the following 2 parts—
- (a) a fixed charge for using the infrastructure that supplies the water to a person who is liable to pay the charge (a **consumer**); and
 - (b) a variable charge for using the water, based on the amount of water that is actually used by the consumer.
- (3) The utility charges for the water used must be worked out on the basis of—
- (a) if the water used is not measured by a water meter—
 - (i) the estimated average water usage of the consumers within a group of consumers who have similar water usage; or
 - (ii) another method that is appropriate to decide a consumer's likely water usage; or
 - (b) if the water used is measured by a water meter—
 - (i) an amount for each unit, or part of a unit, of water that is used; or
 - (ii) a fixed amount plus an amount for each unit, or part of a unit, of water that is used over a stated quantity.

Example for subsection (3)(b)(ii)—

A local government's utility charges are worked out on the basis of an access charge of \$100 for domestic consumers, and \$600 for commercial consumers, plus a usage charge of \$1 for each kilolitre of water used.

The local government works out that—

- (a) the average usage of domestic consumers was 300kL a year; and
- (b) the average usage of commercial consumers was 2000kL a year.

[s 36]

The utility charges for the year would be—

- (a) \$400 for domestic consumers (i.e. $\$100 + [\$1 \times 300\text{kL}]$); and
 - (b) \$2600 for commercial consumers (i.e. $\$600 + [\$1 \times 2000\text{kL}]$).
- (4) Utility charges for water are not invalid only because the local government does not comply with this part.
- (5) This section does not apply to a local government if the local government adopts the pricing provisions under schedule 1 of the Business Activities Regulation.

36 Reading meters for utility charges

- (1) This section is about the reading of meters for utility charges.
- (2) A local government may, by resolution, decide a meter is taken to have been read during the period that starts 2 weeks before, and ends 2 weeks after, the day on which the meter is actually read.

Example—

In calculating utility charges for a period ending on 30 April, if a meter is read on 10 May, the meter reading is taken to be the meter reading on 30 April.

- (3) This section does not limit a local government's power to make local laws about other aspects of the administration of the metered consumption of a utility service.

Example—

A local government may make a local law to provide for water consumption to be estimated on the basis of the best information that is reasonably available if a water meter is found to be malfunctioning or inoperative during any period of consumption.

Part 8 Separate rates and charges

37 Levying separate rates or charges

- (1) This section applies if a local government decides to levy separate rates or charges.
- (2) For levying rates under subsection (1), the local government may fix a minimum amount of the rates.
- (3) To remove any doubt, it is declared that a local government may levy separate rates or charges for a service, facility or activity, whether or not the service, facility or activity is supplied by the local government.

Part 9 Levying and adjusting rates and charges

Division 1 Rate notices

38 Rate notice for rates or charges

- (1) A local government may levy rates or charges only by a rate notice.
- (2) A *rate notice* is a document stating—
 - (a) the date when the rate notice is issued; and
 - (b) the due date for payment of the rates or charges; and
 - (c) if the local government has decided a discount applies to the rates or charges—
 - (i) the terms of the discount; and
 - (ii) the last day of the discount period; and

[s 39]

- (d) if the local government has decided rates or charges may be paid by instalments—the requirements for paying by instalments; and
- (e) the ways in which the rates or charges may be paid.

39 Other amounts under rate notice

- (1) A rate notice may include an amount, other than an amount for rates or charges, payable to the local government.

Example—

a licence fee payable to the local government

- (2) However, the rate notice must make it clear that—
 - (a) the amount is not for rates or charges; and
 - (b) payment of the amount, whether before or after the end of any discount period, does not affect any discount that applies to the rates or charges.

40 Entities to whom rate notice must be given

A rate notice must be given—

- (a) for services supplied to a structure, or to land that is not rateable land—to the entity who asked for the service to be supplied; and
- (b) in any other case—to the entity who is recorded in the local government’s land record as the owner of the land on which the rates are levied.

Note—

See part 13 for more information on the land record.

41 Issue of and period covered by rate notice

- (1) A rate notice may only be issued—
 - (a) for utility charges, for a period of at least 1 month, that the local government considers appropriate; and

- (b) for other rates or charges, for the whole or part of a financial year as the local government considers appropriate.
- (2) However, the rate notice for the rates mentioned in subsection (1)(b) must be issued for the same period for all rate payers.
- (3) If a person who is liable to pay rates or charges for a period pays the rates or charges before the local government gives the person a rate notice for the period, the local government is not required to give the person a rate notice for the period.
- (4) However, the local government must, at least once each year, issue a rate notice for each parcel of rateable land for a period of no longer than a financial year.

42 Electronic issue of rate notice

A rate notice, including a rating category statement contained in or accompanying the notice, may be given electronically to a person if—

- (a) the person has given consent to the notice being given electronically; and
- (b) at the time the notice was given, it was reasonable for the local government to expect the notice would be readily accessible so as to be useable for subsequent reference by the person.

Division 2 Adjusting rates or charges

43 Application of div 2

This division applies to a local government for adjusting the amount of rates or charges that have already been levied on land because particular changes happen.

[s 44]

44 Land stops being rateable land

If the land becomes, or stops being, rateable land, the local government must adjust the rates so that the rates are calculated only on the period when the land was rateable land.

45 Change in unimproved value

If the unimproved value of the land changes under the Valuation of Land Act, the local government must adjust the rates so that the rates are calculated on the new value of the land for the period that starts on the day the change takes effect under that Act.

46 Change in rating category

If the land is given a rating category, including a change of rating category, the local government must adjust the general rates so that the rates are calculated on the new or changed rating category for the period that starts on the day the land was given the new or changed rating category.

47 Special rates become or stop being payable

If the land becomes, or stops being, land on which the local government may levy special rates or charges, the local government must adjust the rates or charges so that the rates or charges are calculated on the period when the land was land on which the local government could levy special rates or charges.

48 Loss of entitlement to occupy land from State

- (1) This section applies if—
 - (a) a person is entitled to occupy land under a lease, licence or permission given by the State; and

- (b) the person loses the entitlement, including, for example, because the lease, licence or permission expires or is surrendered or forfeited.
- (2) The local government must adjust the rates or charges so that the rates or charges are calculated only for the period when the person was entitled to occupy the land.

49 Rates or charges paid before adjustment

If the rates or charges are paid before they are adjusted, the local government—

- (a) if the rates or charges are reduced—must refund the overpaid amount of rates or charges; or
- (b) if the rates or charges are increased—may recover the amount of rates or charges owing.

Division 3 Other matters about levying rates or charges

50 Limitation of increase in rates levied

- (1) When a local government resolves to levy rates or charges, it also may resolve to limit the increase in the rates or charges.
- (2) The rates or charges may be limited to not more than—
 - (a) if the rates or charges for the last financial year were for a full year—
 - (i) the rates or charges for the last financial year; or
 - (ii) the rates or charges for the last financial year, increased by a stated percentage; or
 - (b) if the rates or charges levied for the last financial year were not for a full year—
 - (i) the corresponding annual amount for the rates or charges for the last financial year; or

[s 51]

- (ii) the corresponding annual amount for the rates or charges for the last financial year, increased by a stated percentage.
- (3) The ***corresponding annual amount*** is the amount worked out by—
 - (a) converting the amount of the rates or charges levied for the last financial year to a daily amount; and
 - (b) multiplying the daily amount by 365.
- (4) The resolution may specify different percentages for—
 - (a) different land or classes of land; or
 - (b) different rates or charges.

51 Rates may be levied or adjusted after end of financial year

A local government may levy rates or charges, or adjust a rates or charges levy in a financial year, even though the resolution for making the rates or charges was made for a previous financial year.

52 When rates or charges must be paid

- (1) A local government must decide the date by which, or the period within which, rates or charges must be paid.
- (2) The date by which, or the period within which, the rates or charges must be paid must be—
 - (a) at least 30 days after the rate notice for the rates or charges is issued; and
 - (b) subject to part 10, the same date or period for each person liable to pay the rates or charges.
- (3) The local government must, by resolution, make the decision at its budget meeting.

Part 10 Concessions

53 Concession for rates or charges

A local government may grant a rate payer a concession for rates or charges for land only under this part.

54 Criteria for granting concession

- (1) The local government may grant the concession only if it is satisfied—
 - (a) the land is owned or occupied by a pensioner; or
 - (b) the land is owned by—
 - (i) an entity whose objects do not include making a profit; or
 - (ii) an entity that provides assistance or encouragement for arts or cultural development; or
 - (c) the payment of the rates or charges will cause hardship to the land owner; or
 - (d) the concession will encourage the economic development of all or part of the local government area; or
 - (e) the concession will encourage land that is of cultural, environmental, historic, heritage or scientific significance to the local government area to be preserved, restored or maintained; or
 - (f) the land is used exclusively for the purpose of a single dwelling house or farming and could be used for another purpose, including, for example, a commercial or industrial purpose; or
 - (g) the land is subject to a GHG tenure, mining tenement or petroleum tenure; or
 - (h) the land is part of a parcel of land (a *parcel*) that has been subdivided and—

[s 55]

- (i) the person who subdivided the parcel is the owner of the land; and
 - (ii) the land is not developed land.
- (2) In this section—
- GHG tenure*** see the *Greenhouse Gas Storage Act 2009*, section 18(2).
- mining tenement*** see the *Mineral Resources Act 1989*, schedule.
- petroleum tenure*** means—
- (a) a petroleum tenure under the *Petroleum and Gas (Production and Safety) Act 2004*, section 18(3); or
 - (b) an authority to prospect or lease under the *Petroleum Act 1923*.

55 Types of concession

The concession may only be of the following types—

- (a) a rebate of all or part of the rates or charges;
- (b) an agreement to defer payment of the rates or charges;
- (c) an agreement to accept a transfer of unencumbered land in full or part payment of the rates or charges.

56 Resolutions for granting concession

- (1) The local government may grant the concession only by—
 - (a) a resolution granting the concession to a stated rate payer; or
 - (b) if the resolution is of a type mentioned in section 55(a) or (b)—a resolution granting the concession to a rate payer who is a member of a stated class of rate payers.
- (2) The local government may make the resolution before the local government levies the rates or charges.

-
- (3) The local government may make a resolution under subsection (1)(a) only if the rate payer has applied for the concession in a way accepted by the local government.
 - (4) If the local government grants a concession by making a resolution under subsection (1)(b), the concession may be granted only to the rate payers whom the local government is satisfied are eligible for the concession.
 - (5) The resolution may include conditions for granting the concession to the rate payer.
 - (6) Without limiting subsection (5), the conditions may include the following—
 - (a) a condition requiring the rate payer to show the local government particular information or documents or follow a procedure to be eligible for the concession;

Examples—

- a condition requiring the rate payer to produce a health care card or pensioner concession card to show the rate payer's eligibility for the concession for the rates or charges
 - a condition requiring the rate payer to enter an agreement to defer payment of rates or charges in a form required by the local government
- (b) a condition limiting the period for which the rate payer is granted the concession.

Example—

for a concession on the basis of the rate payer's receipt of a disability support pension, a condition limiting the concession to the period for which the rate payer receives the pension

57 Special provision for rebate for land occupied by pensioners

- (1) The local government may grant a rebate of rates or charges for land occupied only by pensioners only if the land owner agrees to pass the benefit of the rebate on to the pensioners.

[s 58]

- (2) The local government may grant a rebate of rates or charges for land that is occupied by pensioners and other persons, only—
 - (a) for that part of the rates or charges that the local government considers is fairly attributable to the part of the land where pensioners have a right to exclusive occupancy; and
 - (b) if the land owner agrees to pass the benefit of the rebate on to the pensioners.

58 Refund of rebated rates or charges already paid

- (1) This section applies if—
 - (a) the local government grants a rebate of the rates or charges to a rate payer or a rate payer who is a member of a class of rate payers; and
 - (b) the rate payer has already paid the rates or charges;
- (2) The local government must refund the amount of the rebated rates or charges to the rate payer.

59 Special provision for agreement to defer rates or charges

- (1) This section applies if a concession to a rate payer for rates or charges includes an agreement to defer the payment of the rates or charges.
- (2) The agreement must state either—
 - (a) for an agreement under which the rates or charges become payable on a particular day—the due date for payment of the rates or charges; or
 - (b) for an agreement under which the rates or charges become payable when an event happens—a description of the event and the due date for payment of the rates or charges in reference to the event.

Example—

An agreement provides for general rates for land to be paid at the end of a stated period after the land is transmitted to the rate payer's personal representative or sold.

- (3) The agreement may also include a condition that the rate payer must pay an additional charge in return for the local government agreeing to defer payment of the rates or charges.

60 Special provision for agreement to accept land transfer

- (1) This section applies if a concession to a rate payer for rates or charges includes an agreement to accept a transfer of unencumbered land in full or part payment of the rates or charges.

Part 11 Paying rates and charges

61 Who must pay rates and charges

- (1) Subject to section 96 the following persons are liable to pay rates and charges—
 - (a) for rateable land—the current owner of the land, even if that owner did not own the land during the period to which the rates or charges relate;
 - (b) for a service that is supplied to a structure, or to land that is not rateable land—the entity who asked for the service to be supplied;
 - (c) for previously rateable land—the owner of the land immediately before it stopped being rateable land.
- (2) ***Previously rateable land*** is land that was, but has stopped being, rateable land because—

[s 62]

- (a) the tenure of a holding is terminated; or
 - (b) the land is surrendered or forfeited to the State; or
 - (c) the land is acquired by the State or the Commonwealth;
or
 - (d) the land is exempted from rating; or
 - (e) the property description of the land no longer exists.
- (3) If more than 1 person is liable to pay rates or charges, all the persons are jointly and severally liable to pay the rates or charges.

62 Paying part of rates and charges

- (1) This section applies if a person—
- (a) pays the local government an amount that is less than the total of all amounts mentioned in a rate notice; and
 - (b) does not specify which of the amounts that the person is paying.
- (2) The local government must use the amount to pay the amounts mentioned in the rate notice in the following order—
- (a) overdue rates or charges, starting with the rates or charges that have been overdue the longest;
 - (b) rates or charges stated in the rate notice;
 - (c) amounts, other than rates or charges, that are payable to the local government.

63 Paying rates or charges by instalments

- (1) A local government may decide to allow rate payers to pay rates or charges by instalments.
- (2) The local government must, by resolution, make the decision at its budget meeting.
- (3) The resolution must state—

-
- (a) the periods for payment of each instalment of the rates or charges; and
 - (b) any other requirements for paying the rates or charges by instalments.
- (4) The requirements may include a requirement for the rate payer to pay an additional charge in return for paying the rates or charges by instalments.
 - (5) The resolution may state a discount for paying an instalment of the rates or charges within the period for paying the instalment.

- (2) The *discount period* is a period that ends on or before the due date for payment.

Examples of discount period—

- 1 month before the due date for payment
 - a period of 1 month ending 2 weeks before the due date for payment
- (3) The local government must, by resolution, make the decision at its budget meeting.
 - (4) The resolution must state—
 - (a) whether the discount is to be—
 - (i) a fixed amount; or
 - (ii) a percentage of the rates or charges; and
 - (b) if the discount is to be a fixed amount—the amount; and
 - (c) if the discount is to be a percentage of the rates or charges—the percentage; and
 - (d) whether the discount applies only if—

[s 64]

- (i) other rates or charges are paid; or
 - (ii) an amount, including any interest on the amount, is paid for work that was performed by the local government under a remedial notice issued under the Act; and
- (e) the discount period.
- (5) The local government may allow more than 1 discount period for rates or charges only if the local government's resolution—
 - (a) states more than 1 discount period for the rates or charges; and
 - (b) allows a different discount for each discount period.
- (6) The local government may, by resolution, change the discount period to end on a later day (the *new discount day*).
- (7) However, if the discount period is changed under subsection (6), the local government must also, by resolution, change the due date for payment to a later day that is no earlier than the new discount day.
- (8) If the local government decides to allow a discount for a discount period, it must allow the discount to all rate payers who pay the rates or charges before the end of the discount period.
- (9) If a local government is satisfied a rate payer has been prevented, by circumstances beyond their control, from paying the rates or charges in time to get a discount, the local government may still allow the discount.
- (10) A rate payer is not entitled to a discount for paying in full rates or charges for land by the end of a discount period if other rates or charges for the land are overdue.

65 Other benefits for prompt payment

A local government may give a benefit that is not a discount as an inducement for payment of rates or charges before the due date for payment.

Examples of a benefit—

- free use of the local government's services, facilities or activities
- an opportunity to win a donated car, holiday or other prize

Part 12 Overdue rates and charges

Example—

An agreement to defer payment of general rates for land provides that the rates become payable within a stated period after the land is sold. The rates or charges can become overdue only if the land is sold.

67 Interest on overdue rates or charges

- (1) Interest is payable on overdue rates or charges—
 - (a) at the percentage, of not more than 11% a year, decided by the local government; and

- (1) A local government may recover overdue rates or charges by bringing court proceedings for a debt against a person who is liable to pay the overdue rates or charges.
- (2) If the local government does so, but does not recover all of the overdue rates or charges from the person, the local government may recover the remaining overdue rates or charges from any other person who is liable to pay the overdue rates or charges (for example, a joint owner).
- (3) If a court orders a person to pay overdue rates or charges, and the person fails to comply with the court order, the person is not liable to imprisonment for the failure.

 - (c) is able to describe the goods or services in terms that would be well understood in the relevant industry.
- (2) A local government may enter into a contract for the goods or services without first inviting written quotes or tenders if the contract is entered into with the preferred supplier under a preferred supplier arrangement that is made in compliance with subsections (3) to (7).

 - (b) may ask LGAQ Ltd. or the associated company to give the Minister information or documents relevant to the arrangement.

Examples of relevant information or documents—

- (c) a genuine emergency exists; or
