Information about this reprint

This Act is reprinted as at 5 November 2010. The reprint shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

**Attachment Ministerial declaration
‘Stepping forward: improving
pathways for all young people’**

section 106B

**A commitment to the young people of Australia
by Ministers for Education, Employment,
Training, Youth Affairs and Community
Services**

Young people make a significant contribution to Australia today and will shape what it will be tomorrow. The vitality, ideas, creativity and visions of all young people must be embraced.

The majority of young people are doing well, moving successfully through the different stages of their lives and responding to the challenges of the future. We can be confident that they will achieve success, find fulfilment in their adult lives and make a positive contribution to this country.

Some young people find their journeys more difficult and challenging. They may face problems in acquiring the knowledge, skills and self-confidence that form the foundations of their adult lives. We recognise the emotional, physical, cultural and learning barriers faced by these young people and the social, economic and locational factors that may negatively impact on their lives. There are opportunities for governments to address these barriers so that young people can achieve their best.

As Ministers entrusted with the collective wellbeing and interests of young people, we must foster an environment in which young people are nurtured and challenged—a society where all young people can realise their full potential. We must work together to support young Australians to achieve

success as individuals and as members of society. We need to act collectively and we need to act now.

Vision

Our vision is of an Australia where:

- young people benefit and flourish through sustaining networks of family, friends and community, and through their engagement in education, training, employment, recreation and society
- young people's opinions and contributions are sought and valued, and they are encouraged and supported to take an active role in their communities and the nation
- young people's lives are enriched by positive learning experiences and opportunities that assist them to reach their full potential
- we recognise and celebrate young people's achievements.

Challenge

Our challenge is to:

- listen and respond to young people
- work creatively in partnership with young people to build comprehensive networks that draw together jurisdictions, government departments, families and communities so that united we can address the complex issues confronting young people
- recognise and address structural barriers faced by young people
- ensure that our governmental systems recognise the diversity of young people through being inclusive, flexible and adaptive

- create effective opportunities for young people that are accessible, integrated and meaningful
- encourage young people to take increasing responsibility for their own lives, support their peers and contribute to their community
- ensure that young people have the information, skills and support needed to negotiate the transition to adult life and to make informed life decisions.

Our declaration

With this declaration, we commit to developing practical ways to increase the social, educational and employment outcomes of Australia's young people including those who are at risk, disconnected or in vulnerable circumstances. We agree to establish a common direction to make a real and lasting difference to the lives of young people. We are united by a shared commitment and a joint responsibility. We unanimously agree to work in partnership towards implementing a shared vision for all young people.
