Information about this reprint

This Act is reprinted as at 1 January 2012. The reprint shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of earlier reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

- (a) advise the provider of the contravention and recommend ways for the provider to comply with the subsection;
 - (b) prepare a report about the contravention for the purpose of giving it to an entity mentioned in subsection (2);
 - (c) if the commission considers the contravention should be investigated or otherwise dealt with by an entity that has a function or power under another Act or a Commonwealth Act to investigate or otherwise deal with the contravention or a matter related to the contravention—refer it to the entity.
- (2) The commission may give a report prepared under subsection (1)(b) to all or any of the following—

- (f) the Minister;
- (g) the chief health officer;
- (h) the State Coroner;
- (i) an entity that has a function or power to take action on matters raised in the report.

25 Show cause notice

- (1) The commission must not finalise a report under section 24(1)(b) relating to a contravention of section 20(1) by a provider unless the commission first gives the provider a notice (a *show cause notice*) stating the following—
 - (a) that the commission believes the provider has contravened, or is contravening, section 20(1);
 - (b) an outline of the facts and circumstances forming the basis for the commission's belief;
 - (c) that the commission is finalising a report about the contravention (the *proposed action*);
 - (d) an invitation to the provider to show within a stated period (the *show cause period*) why the proposed action should not be taken.
- (2) The show cause period must be a period ending at least 14 days after the show cause notice is given to the provider.

26 Representations about show cause notice

- (1) The provider may make written representations about the show cause notice to the commission in the show cause period.
- (2) The commission must consider all written representations (the *accepted representations*) made under subsection (1).

27 Ending show cause process without further action

If, after considering the accepted representations for the show cause notice, the commission no longer believes the provider contravened section 20(1), the commission—

- (a) must not take further action about the show cause notice; and
- (b) must, as soon as practicable, give notice to the provider that no further action is to be taken about the show cause notice.

28 Finalising report under s 24(1)(b)

- (1) This section applies if, after considering the accepted representations for the show cause notice, the commission—
 - (a) still believes the provider contravened section 20(1); and
 - (b) believes the proposed action is warranted.
- (2) This section also applies if there are no accepted representations for the show cause notice.
- (3) The commission may finalise a report under section 24(1)(b) about the contravention.
- (4) Subject to section 205, the report may contain information, comment, opinion and recommendations for action the commission considers appropriate.

29 Finalising report under s 24(1)(b) without giving show cause notice

Despite section 25, the commission may finalise a report under section 24(1)(b) about a contravention of section 20(1) by a provider without first giving the provider a show cause notice if the commission believes—

- (a) the provider poses a serious potential risk to the life, or the physical or psychological health, safety or welfare, of users of the provider's services or another person, including the provider; and

[s 30]

- (b) finalising the report and acting under section 24(2) may protect the users or person.

30 When Minister must table report

- (1) This section applies if the Minister is given a report under section 24(2) and, when giving the report, the commission asks the Minister to table it in the Legislative Assembly.
- (2) The Minister must table the report in the Legislative Assembly within 14 days of receiving it.

Chapter 4 Development of Code of Health Rights and Responsibilities

In developing the code, the commission must—

- (a) consult with the consumer advisory committee and the clinical advisory committee established under section 169(1)(a); and
- (b) invite submissions from and consult with interested individuals and other interested entities to ensure a wide

range of views is available in the development of the code.

33 Content of code

- (1) In developing the code the commission must consider and make recommendations to the Minister about its content and application.
- (2) In developing the content of the code, the commission—

 - (b) must have regard to the principles mentioned in section 34.

Chapter 5 Health complaints

Note—

Under the Health Practitioner Regulation National Law the commission and a national board have obligations in relation to—

- (a) health complaints about registered providers; and
- (b) notifications under that Act that would also provide a ground for a health complaint.

See the Health Practitioner Regulation National Law (Queensland), section 150.

Part 1 Interpretation

35 Types of *health complaints*

There are 2 types of *health complaints* namely—

- health quality complaints; and
- health service complaints.

36 Meaning of *health quality complaint*

- (1) A *health quality complaint* is a complaint about any of the following—
 - (a) the quality of a health service;
 - (b) a contravention of section 20(1);

-
- (c) matters relating to the provision of more than 1 health service.
 - (2) A health quality complaint may be about the provision of a health service to 1 or more users.

37 Meaning of *health service complaint*

- (1) A *health service complaint* is a complaint—
 - (a) that a provider acted unreasonably by not providing a health service for a user; or
 - (b) that a provider acted unreasonably in the way of providing a health service for a user; or
 - (c) that a provider acted unreasonably in providing a health service for a user; or
 - (d) that a provider acted unreasonably by denying or restricting a user's access to records relating to the user in the provider's possession; or
 - (e) that a provider acted unreasonably in disclosing information relating to a user; or
 - (f) that a registered provider acted in a way that would provide a ground for disciplinary action against the provider under the *Health Practitioners (Professional Standards) Act 1999* or the Health Practitioner Regulation National Law; or
 - (g) that a public or private entity that provides a health service acted unreasonably by—
 - (i) not properly investigating; or
 - (ii) not taking proper action in relation to;
a complaint made to the entity by a user about a provider's action of a kind mentioned in paragraphs (a) to (f).

[s 37A]

- (2) In deciding whether a provider has acted unreasonably as mentioned in subsection (1)(a) to (e) or (g), the commission must consider—
- (a) the principles mentioned in section 34; and
 - (b) any relevant commission standard; and
 - (c) the generally accepted standards of health services expected of providers of that kind; and
 - (d) anything else the commission considers relevant.

37A Dealing with notifications under Health Practitioner Regulation National Law

If the commission is notified under the Health Practitioner Regulation National Law (Queensland), section 150 that a national board has received a notification the subject matter of which provides a ground for a health complaint, subject to that section—

- (a) the commission may deal with the notification as if it were a health quality complaint or health service complaint made under this Act; and
- (b) a reference in this Act to a health quality complaint or health service complaint includes a reference to the notification.

Part 2 Making health complaints

Division 1 Who may make health quality complaints

38 Who may complain

Anyone may make a health quality complaint to the commission.

Note—

Division 3 states the process for making a health quality complaint.

39 Health quality complaint about matter happening before commencement

A health quality complaint may be about a matter that happened before the commencement of section 11.

Division 2 Who may make health service complaints

40 Who may complain

- (1) A health service complaint may be made to the commission by—
 - (a) the user; or
 - (b) a person who, under section 41, may make a complaint on the user's behalf; or
 - (c) the Minister; or
 - (d) if the commission considers that the public interest requires that another person should be permitted to make a health service complaint—that person.
- (2) The Minister may make a health service complaint despite a

[s 41]

previous health service complaint having been made in relation to the same matter by another person.

Note—

Division 3 states the process for making a health service complaint.

41 Representative health service complaint

- (1) A health service complaint may only be made to the commission by a person acting on behalf of the user if the commission is satisfied that it would be difficult or impossible for the user to make the complaint personally.

Example—

If the user is a child, the commission may be satisfied that it would be difficult for the child to make the complaint personally having regard to the child's age or ability to understand.

- (2) The person making the health service complaint on behalf of the user must be—
- (a) a person that the commission is satisfied has been chosen by the user; or
 - (b) if the commission is satisfied that it would be difficult or impossible for the user to choose anybody to make a complaint in the user's place—a person the commission is satisfied has a sufficient interest.
- (3) However, any of the following may make a health service complaint on behalf of a user who has impaired capacity for a matter within the meaning of the *Guardianship and Administration Act 2000*—
- (a) an attorney for the user under an enduring power of attorney, or advance health directive, under the *Powers of Attorney Act 1998*;
 - (b) a statutory health attorney under the *Powers of Attorney Act 1998*;
 - (c) a guardian for the user under the *Guardianship and Administration Act 2000*;

(d) the adult guardian under the *Guardianship and Administration Act 2000*.

- (4) Also, a health service complaint may be made by a person on behalf of a user, after the user's death, if the commission is satisfied the person has a sufficient interest.

42 Health service complaint about matter happening before commencement

A health service complaint may be about a matter that happened before the commencement of section 11.

Note—

Section 63(3) states the circumstances in which the commission must decide not to take action on a health service complaint if the matter of complaint arose more than 1 year before the complaint was made to the commission.

43 Substitution of complainant

- (1) A person may be substituted as the complainant for a health service complaint if—
- (a) the—
 - (i) commission is satisfied it would be difficult or impossible for the original complainant to continue as complainant; or
 - (ii) the original complainant dies; and
 - (b) the commission is satisfied the person has a sufficient interest.
- (2) Also, a person mentioned in section 41(3)(a) to (d) may be substituted as the complainant for a health service complaint if the original complainant has impaired capacity for a matter within the meaning of the *Guardianship and Administration Act 2000*.

[s 44]

44 Health service complaints about persons who are no longer registered providers

- (1) This section applies if—
 - (a) the commission receives a health service complaint about a person who was a registered provider; and
 - (b) the complaint relates to the conduct or practice of the person as a registered provider; and
 - (c) the person is no longer a registered provider.
- (2) The commission must deal with the complaint as if the complaint were a health service complaint about a registered provider.
- (3) This Act applies, with any necessary changes, to the person about whom the complaint was made as if a reference to a registered provider included the person.

Division 3 Process for making health complaints

45 How to make a health complaint

A person may make a health complaint to the commission—

- (a) orally, either in person or by any form of distance communication; or
- (b) in writing given to the commission.

46 Oral complaints to be confirmed in writing

- (1) If a person makes a health complaint orally, the commission must require the person to confirm the complaint in writing unless the commission is satisfied there is good reason not to.
- (2) The commission must fix a reasonable time within which the health complaint must be confirmed in writing and tell the person the time.

47 Complainant to reveal identity

- (1) A complainant must tell the commission—
 - (a) the complainant's name and address; and
 - (b) other information relating to the complainant's identity that the commission reasonably requires.
- (2) The commission may keep information provided by a complainant under subsection (1) confidential if—
 - (a) there are special circumstances; and
 - (b) the commission considers it is in the complainant's interests to do so.
- (3) Despite subsection (1), the commission may accept an anonymous health complaint in the public interest.

48 Further information from complainant

The commission may ask a complainant to provide more information about the health complaint within a reasonable time fixed by the commission.

49 Commission may require oath or statutory declaration

The commission may at any time require a health complaint or information provided by a complainant to be verified by the complainant by oath or statutory declaration.

Part 2A Preliminary assessment of particular health complaints

49A Application of pt 2A

This part applies to a health complaint about a registered provider registered by a national board.

[s 49B]

49B Preliminary assessment

- (1) The commission must immediately conduct a preliminary assessment of the health complaint.
- (2) However, if the health complaint is a notification, the commission need not conduct the preliminary assessment until the commission has been given the information mentioned in the Health Practitioner Regulation National Law (Queensland), section 150(1)(b) for the health complaint.
- (3) The commission must consider the following when conducting a preliminary assessment of a health complaint—
 - (a) whether the health complaint is a health quality complaint or health service complaint;
 - (b) if the complaint is a health service complaint—whether the complaint may be resolved directly between the complainant and the provider;
 - (c) whether the health complaint may be resolved under section 49D;
 - (d) whether it is more appropriate for a registration board to deal with the health complaint;
 - (e) whether another entity may be able to investigate or take other appropriate action about the health complaint.
- (4) Also, subsection (1) is subject to sections 49C and 66.

49C Matters to consider before conducting preliminary assessment

- (1) This section applies to a health complaint, other than a health complaint that is a notification.
- (2) The commission must not start a preliminary assessment of the health complaint until—
 - (a) if the health complaint is a health service complaint—the commission is satisfied the complainant is eligible to make the health complaint; and

-
- (b) if the health complaint is made orally—the complainant confirms the health complaint in writing or the commission is satisfied there is good reason that the health complaint need not be confirmed in writing; and
 - (c) the complainant gives the commission the information required under section 47(1) or the commission decides to accept the health complaint under section 47(3); and
 - (d) if the commission asks for further information about the health complaint under section 48 or requires the health complaint or further information to be verified by oath or statutory declaration under section 49—the complainant complies with the request or requirement.

49D Decision on preliminary assessment

- (1) On conducting a preliminary assessment of a health complaint, the commission must comply with the Health Practitioner Regulation National Law (Queensland), section 150.
- (2) In dealing with a health complaint as required under the Health Practitioner Regulation National Law (Queensland), section 150(3), the commission may—
 - (a) attempt to resolve the health complaint under section 49E; or
 - (b) refer the complaint to another entity the commission considers is able to investigate or take other appropriate action about the complaint; or
 - (c) take action under part 3 or 4; or
 - (d) if the health complaint is a health quality complaint—decide not to take action about the health complaint if—
 - (i) the commission considers no action is warranted; or
 - (ii) the complaint is being dealt with by a national board; or

[s 49E]

- (e) if the health complaint is a health service complaint—decide to take no action on the health complaint under section 63, 64 or 65 despite the health service complaint not being assessed under part 4.
- (3) If the commission makes a decision about a health complaint under subsection (2)(d) or (e), the commission must give notice of the commission’s decision, including reasons for the decision, to the complainant as soon as practicable after making the decision.

49E Early resolution

- (1) This section applies if the commission considers there is a reasonable likelihood that it may be able to facilitate the early resolution of a health complaint and the complainant agrees to the commission acting under this section.
- (2) The commission may take the action it considers reasonable to facilitate the resolution of the health complaint.

Example of action the commission may take—

The commission may arrange mediation between the complainant and the provider concerned.

- (3) The commission must not continue to facilitate the early resolution of the health complaint if—
 - (a) the commission is satisfied it is unable to facilitate the early resolution of the complaint; or
 - (b) the complaint remains unresolved 30 days after its receipt by the commission.
- (4) This section is subject to section 66.

Part 3 Dealing with health quality complaints

50 How commission must deal with a health quality complaint

- (1) The commission must deal with a health quality complaint in a way that is consistent with protecting the public and improving the quality of health services.
- (2) In dealing with a health quality complaint, the commission may do any or all of the following—
 - (a) seek information from a provider, user, the complainant or anyone else;
 - (b) if the complaint is about a registered provider and the commission considers the provider may have acted in a way that would provide a ground for disciplinary action against the provider under the *Health Practitioners (Professional Standards) Act 1999* or the Health Practitioner Regulation National Law—refer it to the provider’s registration board;
 - (c) refer the complaint to another entity that the commission considers is able to investigate or take other appropriate action about the complaint;
 - (d) investigate the complaint under chapter 7;
 - (e) inquire into the complaint under chapter 8.
- (3) However, the commission may decide not to take action about a health quality complaint if it considers no action is warranted.
- (4) If the commission decides to take action, or not to take action, about a health quality complaint under this section, the commission must give notice of the commission’s decision to the complainant as soon as practicable after making the decision.

[s 51]

- (5) If the commission decides not to take action about the health quality complaint, the notice under subsection (4) must state the reasons for the decision.

51 Dealing with quality matter as health service complaint

- (1) This section applies if the commission considers a matter raised by a health quality complaint, or raised in the course of the commission dealing with the complaint, could be dealt with as a health service complaint.
- (2) The commission may decide to deal with the matter as a health service complaint.
- (3) If the commission decides to deal with the matter as a health service complaint, the matter is taken to be a health service complaint made to the commission by the complainant under part 2, division 2 and the provisions of this Act applying to health service complaints apply.

Part 4 Dealing with health service complaints

Division 1 Early resolution of health service complaints

52 Early resolution

- (1) This section applies if the commission considers there is a reasonable likelihood that it may be able to facilitate the early resolution of a health service complaint and the complainant agrees to the commission acting under this section.
- (2) The commission may, instead of immediately assessing the health service complaint under section 53(1), take the action it

considers reasonable to facilitate the resolution of the complaint.

Example of action the commission may take—

The commission may arrange mediation between the complainant and the provider concerned.

- (3) This section is subject to section 66.

Division 2 Assessment of health service complaints

53 Commission to assess each health service complaint

- (1) The commission must immediately assess a health service complaint, other than a health service complaint about a registered provider registered by a national board.
- (2) Under section 49D(2)(c), the commission may decide to take action under this part to deal with a health service complaint about a registered provider registered by a national board.
- (3) However, the commission must not start an assessment of a health service complaint under subsection (1) until—
 - (a) the commission is satisfied the complainant is eligible to make the health service complaint; and
 - (b) if the complaint is made orally—the complainant confirms the complaint in writing or the commission is satisfied there is good reason that the complaint need not be confirmed in writing; and
 - (c) the complainant gives the commission the information required under section 47(1) or the commission decides to accept the complaint under section 47(3); and
 - (d) if the commission asks for further information about the complaint under section 48 or requires the complaint or further information to be verified by oath or statutory

[s 54]

declaration under section 49—the complainant complies with the request or requirement.

- (4) If the commission attempts to resolve a health service complaint under section 52, it—
 - (a) is not required to start the assessment of the complaint until the earlier of the following happens—
 - (i) it is satisfied the complaint is not able to be resolved under section 52; or
 - (ii) the complaint remains unresolved 30 days after its receipt by the commission; and
 - (b) if the complaint is resolved under that section, must not assess the complaint.
- (5) Also, subsections (1) and (2) are subject to section 66.

54 Notice of decision to assess health service complaint

- (1) As soon as practicable and within 14 days after starting the assessment of a health service complaint, the commission must give notice that the complaint is being assessed to—
 - (a) the complainant; and
 - (b) the provider to whom the complaint relates; and
 - (c) if the provider is a registered provider—the registered provider’s registration board.
- (2) The notice to the provider must state the nature of the health service complaint.
- (3) The notice to the registration board must be accompanied by a copy of the health service complaint.
- (4) This section is subject to section 206.
- (5) In this section—

registered provider means a person registered by a State board.

55 Submissions about health service complaint

- (1) In assessing a health service complaint, the commission may by notice given to the complainant or provider invite submissions about the complaint.
- (2) The notice must state the day, not less than 14 days after receipt of the notice, by which the submissions must be given to the commission.
- (3) If a submission is made within the time stated in the notice, the commission must consider the submission in assessing the health service complaint.

56 Power to require information

- (1) For assessing a health service complaint, the commission may, by notice given to a person, require the person to give stated information to the commission within a stated reasonable time and in a stated reasonable way.
- (2) A person required to give information under subsection (1) must give the information as required by the notice, unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (3) It is a reasonable excuse for an individual not to give information that giving the information might tend to incriminate the individual.

57 Consultation with registration board

- (1) If a health service complaint is about a registered provider, the commission must consult with the provider's registration board before making a decision under section 59(1) about the complaint.
- (2) The registered provider's registration board must give the commission the board's comments, if any, about the health service complaint—

[s 58]

- (a) as soon as practicable and within 14 days of the commission consulting with the board; or
 - (b) within a longer period agreed to by the commission.
- (3) The commission must not make a decision under section 59(1) about the health service complaint until the first of the following happens—
- (a) the commission receives the registration board's comments about the complaint;
 - (b) the registration board advises the commission that the board does not intend to give the commission comments about the complaint;
 - (c) the period mentioned in subsection (2) for the registration board to provide comments has ended.
- (4) In making a decision about the action to be taken in relation to the health service complaint, the commission must consider any comments made by the registration board within the time mentioned in subsection (2).
- (5) If the registered provider's registration board advises the commission, within the time mentioned in subsection (2), that it considers the health service complaint warrants action by the board, the commission must not decide not to take action on the complaint.
- (6) In this section—

registered provider means a person registered by a State board.

58 Time limit on assessment

- (1) The commission must assess a health service complaint within—
- (a) 60 days of starting the assessment; or
 - (b) a further period decided by the commission under subsection (3).

-
- (2) However, if the commission is required to consult with a registration board about the health service complaint under section 57(1), the period within which it must assess the complaint is extended by a period equal to the period during which it must not make a decision about the complaint under section 57(3).
 - (3) For subsection (1)(b), the commission may decide to extend the period for assessing a health service complaint, by a period of not more than 30 days, if it considers—
 - (a) the complaint is too complex to allow the commission to assess the complaint within 60 days of starting the assessment; or
 - (b) the complaint can be satisfactorily resolved other than under chapter 6 or 7; or
 - (c) information the commission has requested from the user, provider or another person can not be reasonably provided within the time allowed under subsection (1)(a), but may be provided within the extended period.

59 Decision on assessment of health service complaint

- (1) On assessing a health service complaint, the commission must decide—
 - (a) to accept the complaint for action; or
 - (b) not to take action on the complaint under division 4.
- (2) Before deciding to accept a health service complaint for action, the commission must be satisfied—
 - (a) that all reasonable steps have been taken by the complainant to resolve the complaint with the provider;
or
 - (b) that a reasonable opportunity has been given to the complainant to resolve the complaint with the provider;
or

[s 60]

- (c) that it is not practicable or reasonable for steps mentioned in paragraph (a) to be taken or for the opportunity mentioned in paragraph (b) to be given.

60 Notice of assessment decision

- (1) Subject to section 206, the commission must give notice of the commission's decision on assessing a health service complaint to the complainant and the provider as soon as practicable after making the decision.
- (2) If the decision is to take action on the health service complaint, the notice must state the action the commission has decided to take under section 61.
- (3) If the decision is not to take action on the health service complaint, the notice given to the complainant must state the reasons for the decision.

Division 3 Action on acceptance of health service complaints

61 Action on acceptance of complaint about provider

- (1) This section applies if the commission decides to accept a health service complaint about a provider for action.
- (2) The commission may do any or all of the following—

 - (b) investigate the health service complaint under chapter 7;
 - (c) if the health service complaint is about a registered provider—refer the complaint to the registered provider's registration board;
 - (d) refer the complaint to another entity that the commission considers is able to investigate or take other appropriate action about the complaint.

- (3) Subject to subsection (4) and section 62, the commission must try to resolve the health service complaint by conciliation if the commission considers it can be resolved in that way.
- (4) In deciding whether to conciliate the health service complaint, the commission must take into account the public interest.

62 Matters about conciliation

- (1) If in relation to a registered provider the commission acts under section 61(2)(c), it must not act under section 61(2)(a) until the commission receives the registration board's completion notice for the health service complaint.
- (2) Despite subsection (1), the commission may start the conciliation of the health service complaint before receiving the completion notice if—
 - (a) the provider has agreed to conciliation for the sole purpose of arranging a financial settlement or other compensation with the user; and
 - (b) the commission and the registration board agree that the conciliation will not compromise or interfere with the board's action in relation to the complaint.
- (3) If the commission refers the health service complaint to the registered provider's registration board under section 61(2)(c), it must, at the same time, tell the board if it intends to conciliate the complaint, or a complaint from which it was separated under section 67, after the board finishes dealing with it.

Division 4 Decisions not to take action on health service complaints

63 When commission must decide not to take action

- (1) The commission must decide not to take action on a health service complaint if—

[s 63]

- (a) the commission considers that the complaint—
 - (i) is frivolous, vexatious or trivial; or
 - (ii) is misconceived or lacking in substance; or
 - (iii) has been adequately dealt with by the commission or another public authority; or
 - (b) the commission considers that the complainant has failed, without reasonable excuse, to satisfactorily cooperate with attempts made or arranged by the commission to resolve the complaint with the provider.
- (2) If an issue raised in a health service complaint has already been decided by an appropriate tribunal, the commission must decide not to take action on the complaint to the extent that it attempts to reopen the issue.
- (3) The commission must decide not to take action on a health service complaint if—
- (a) the matter of complaint arose more than 1 year before the complaint was made to the commission; and
 - (b) the person who made the complaint was aware of the matter of complaint more than 1 year before making the complaint to the commission.
- (4) However, subsection (3) does not apply to a health service complaint about a matter that the commission reasonably believes may warrant the suspension or cancellation of a registered provider's registration, enrolment or authorisation.
- (5) In this section—
- appropriate tribunal***, in relation to an issue, means—
- (a) a court; or
 - (b) an industrial tribunal; or
 - (c) a disciplinary body; or
 - (d) another tribunal authorised to decide the issue.

64 When commission may decide not to take action

The commission may decide not to take action on a health service complaint if—

- (a) the complainant fails to comply with a request by the commission—
 - (i) to confirm the complaint in writing; or
 - (ii) to give the commission more information concerning the person's identity; or
 - (iii) to give more information to the commission within the time fixed by the commission under section 48; or
 - (iv) to verify the complaint or any information by oath or statutory declaration under section 49; or
