Information about this reprint

This reprint shows the legislation current as at the date on the cover and is authorised by the Parliamentary Counsel.

A new reprint of the legislation will be prepared by the Office of the Queensland Parliamentary Counsel when any change to the legislation takes effect. This change may be because a provision of the original legislation, or an amendment to it, commences or because a particular provision of the legislation expires or is repealed.

When a new reprint is prepared, this reprint will become a historical reprint. Also, if it is necessary to replace this reprint before a new reprint is prepared, for example, to include amendments with a retrospective commencement, an appropriate note would be included on the cover of the replacement reprint and on the copy of this reprint at www.legislation.qld.gov.au.

The endnotes to this reprint contain detailed information about the legislation and reprint. For example—

- The table of reprints endnote lists any previous reprints and, for this reprint, gives details of any discretionary editorial powers under the *Reprints Act 1992* used by the Office of the Queensland Parliamentary Counsel in preparing it.
- The list of legislation endnote gives historical information about the original legislation and the legislation which amended it. It also gives details of uncommenced amendments to this legislation. For information about possible amendments to the legislation by Bills introduced in Parliament, see the Queensland Legislation Current Annotations at www.legislation.qld.gov.au/information.
- The list of annotations endnote gives historical information at section level.

All Queensland reprints are dated and authorised by the Parliamentary Counsel. The previous numbering system and distinctions between printed and electronic reprints are not continued.

Weapons Regulation 1996

[as amended by all amendments that commenced on or before 1 July 2013]

Part 1 Preliminary

1 Short title

This regulation may be cited as the *Weapons Regulation 1996*.

2 Commencement

This regulation commences on 15 January 1997.

2A Definitions

The dictionary in schedule 3 defines particular words used in this regulation.

Part 2 Licences generally

3 Possession or use of weapon unlawful to extent another licence is needed to authorise that possession or use

- (1) The possession or use of a weapon under a licence is unlawful to the extent that a licence of another class is needed to authorise that possession or use.

Example—

X holds a firearms licence that on its face authorises X to possess or use any category A or B firearm.

However, X must not possess or use a category A or B weapon—

[s 3A]

- (a) as part of a collection of weapons (a collector's licence (heirloom) or (weapons) is needed); or
 - (b) in performing duties as a security guard (a security licence (guard) is needed); or
 - (c) as a security organisation (a security licence (organisation) is needed); or
 - (d) to store, manufacture, modify or repair the weapon in the course of the licensee's business of storing, manufacturing, modifying or repairing weapons (an armourers licence is needed); or
 - (e) for the purpose of dealing in weapons (a dealer's licence is needed); or
 - (f) for the purpose of supplying the weapon, without a change in its ownership, on a temporary basis for use in the production of a theatrical, film or television production (a theatrical ordnance supplier's licence is needed); or
 - (g) to provide an approved training course (a firearms licence (instructor) is needed).
- (2) A licence given after the commencement of this regulation must contain a copy of subsection (1).
- (3) Failure to comply with subsection (2) does not invalidate any proceeding for an offence.

3A Possession of weapon for transport not authorised unless necessarily incidental to licence activities

- (1) To remove any doubt, it is declared that a licence does not authorise possession of a weapon for or during its transportation unless the transportation is necessarily incidental to engaging in an activity for which the weapon may be used under the licence.

Examples of transportation for which possession of a weapon is authorised—

- 1 transportation of a weapon to or from a range for use in target shooting
- 2 transportation of a weapon from a licensee's secure storage facilities to a licensed armourer or dealer, and its return transportation

- (2) Subsection (1) does not apply to a minor's licence.

3B Requirements for training courses—Act, s 10AA

- (1) For section 10AA(1)(b) of the Act, the requirements of the training course are—
 - (a) the content of the course will give a person who completes the course the knowledge required to ensure the safe use, storage and maintenance of a weapon to which the course relates; and
 - (b) the method of assessment for the course is able to determine whether a person has the knowledge mentioned in paragraph (a).
- (2) For section 10AA(2)(b) of the Act, the requirements of the training course are—
 - (a) the content of the course will give a person who completes the course the knowledge required to ensure the safe use, storage and maintenance of a weapon or restricted item to which the course relates; and
 - (b) the method of assessment for the course is able to determine whether a person has the knowledge mentioned in paragraph (a).

4 Additional genuine reasons for possession of a weapon

For section 11(e) of the Act, the following are reasons for possession of a weapon—

- (a) a military or medieval re-enactment or historical demonstration;
- (b) for a sporting organisation to possess a firearm to start sporting events;
- (c) for a theatrical organisation to possess a firearm for a theatrical production;
- (d) paint pellet sports.

[s 5]

5 Other particulars to accompany application for licence

- (1) For section 13(1)(c)(iii) of the Act, the following particulars about each firearm owned by the applicant must accompany an application for a licence—
 - (a) the type, action, make, model, serial number and calibre of the weapon;
 - (b) the magazine or chamber capacity of the firearm;
 - (c) if the application relates to recreational shooting—enough information about the location, area and surrounding features of the rural land involved to enable its suitability for recreational shooting to be assessed.
- (2) For section 18B of the Act, the period is 1 year immediately before the declaration is made.

6 Applying for licence or licence renewal

An application for a licence, or renewal of a licence, may be made only—

- (a) at a police station or police establishment; or
- (b) in a way published on the QPS website including, for example, by submitting the application online.

10 Queensland licence corresponding to interstate licence

For section 33(6) of the Act, the corresponding licence to a licence held under the law of another State is the licence under this Act that—

- (a) authorises possession or use of the weapon only to the extent allowed under the interstate licence and available under a Queensland licence; and
- (b) is of the class that is the narrowest available in Queensland to authorise that possession or use; and
- (c) is subject to—
 - (i) the conditions, limitations, restrictions and prohibitions applying under the interstate licence,

12 Limitation on weapons' physical possession and use under licence held by body

- (1) Despite any other provision of this regulation, a licence held by a body does not authorise the body to physically possess a weapon, other than by its representative endorsed on the licence.
- (2) A licence held by a body for a weapon authorises the body's representative endorsed on the licence to physically possess and use the weapon for the purposes of the body that are authorised by the licence, if this regulation does not already give that authorisation.

13 Automatic licence suspension if endorsed representative loses authority to represent

- (1) A licence held by a body is automatically suspended if its representative endorsed on the licence dies or his or her authority to represent the body in the conduct of its business or affairs is suspended or revoked or expires.
- (2) The suspension lasts until the representative is reinstated or another representative is endorsed on the licence.

- (3) The application must—
 - (a) be made in the approved form; and
 - (b) for a category B, C, D or H weapon—state the licensee's reason for needing to transfer the endorsement to the other licence, and why this need can not be satisfied in another way; and
 - (c) be accompanied by—
 - (i) if the application is to transfer the endorsement of a temporarily inoperable modern handgun to a collector's licence (weapons)—a declaration signed by an approved historical society's representative stating that the representative is satisfied that the weapon is of obvious and significant commemorative, historic, thematic or investment value; and
 - (ii) any other relevant particulars that the authorised officer reasonably requires.
- (4) The authorised officer must decide the application as if it were an application for a licence of the same type as the other licence.

[s 14C]

- (5) For that purpose, sections 14 to 16 of the Act apply to the application as if it were an application for a licence of the same type as the other licence.

At the hunt site, X loads the rifles at the start of the hunt. X hunts with 1 rifle in hand and the other in reserve. X takes an afternoon tea break

from the hunt and then continues to hunt until dark. No prey is spotted, so no shots are fired.

Both rifles were being used to shoot when they were being loaded and afterwards until dark (other than during the afternoon tea break).

Maximum penalty—10 penalty units.

- (2) This section does not apply—

- (a) a securely closed container with the bolt removed or with a trigger lock fitted; or

Example—

When culling animals, X moves, with a rifle, between paddocks and crosses public roads that divide the paddocks. While the rifle is in X's physical possession during the cull subsection (2) does not apply.
