(2) However, the holder may apply for the issue of another permit.

(3) Compensation is not payable if a fisheries agency refuses to issue another permit.

(4) However, subsection (3) does not prevent a regulation or management plan providing for payment of compensation.

Consideration of application for renewal of authority (other than permit)

58.(1) The fisheries agency must consider an application for renewal of an authority (other than a permit) and may renew the authority or refuse to renew it.

(2) In considering the application, the fisheries agency must comply with any relevant regulation or management plan.

Refusal to issue or renew

59.(1) The fisheries agency may refuse to issue or renew an authority if the fisheries agency is satisfied the refusal is necessary or desirable for the best management, use, development or protection of fisheries resources or fish habitats.

Examples of the bases on which the fisheries agency may be satisfied—

1. The authority was issued in error or because of a document or representation—
 - (a) that is false, misleading or omits a material particular; or
 - (b) obtained or made in another improper way.
2. The applicant has been convicted of an offence against fisheries legislation.
3. The applicant has had a licence, permit, concession or other authority under fisheries legislation (a **“fishing authority”**) cancelled or suspended.
4. The applicant has not complied with a condition of a fishing authority.
5. The applicant has not kept or given returns as required by a fisheries agency under this Act.
6. The applicant has given a false or misleading return to a fisheries agency under this Act.

9. The applicant has not paid fees payable under this Act.
10. Another matter specified in a relevant regulation or management plan.

(2) Compensation is not payable if a fisheries agency refuses to issue or renew an authority.

(3) However, subsection (2) does not prevent a regulation or management plan providing for payment of compensation.

Notice of refusal of application for issue or renewal etc.

60. If a fisheries agency refuses to issue or renew an authority sought by an applicant, the fisheries agency must promptly—

- (a) give the applicant a written notice informing the applicant—
 - (i) of the refusal and the reasons for the refusal; and
 - (ii) that the applicant may appeal against the decision to the Fisheries Tribunal within 28 days; and
- (b) refund the fees paid by the applicant, other than fees for assessing the application.

Subdivision 3—Conditions

Conditions imposed on issue or renewal

61.(1) When a fisheries agency issues or renews an authority, it may impose reasonable and relevant conditions, including, for example—

- (a) if the authority is not itself a quota—a condition fixing a quota for the authority; and
- (b) a condition requiring payment of a bond to ensure the holder will comply with the conditions of the authority; and
- (c) a condition conferring powers on inspectors.

(2) The conditions must be stated in the authority.

(3) In fixing a quota for an authority, the fisheries agency must comply with any relevant regulation, management plan or quota declaration.

(4) If a power conferred on inspectors by a condition of an authority is exercised by an inspector, the power is taken to be exercised with the consent of the authority's holder.

(5) A power conferred on inspectors by a condition of an authority is not limited by the powers given to an inspector under a provision of this Act.

(6) If an inspector may exercise a power under this Act and under a condition of an authority, the inspector may exercise the power under either or both.

(7) To remove any doubt, a condition may be imposed by a fisheries agency even though the effect is to stop the holder or someone else taking fisheries resources, or using a boat or fishing apparatus that could, apart from the condition, be lawfully taken or used under the authority.

(8) Compensation is not payable if conditions are imposed on an authority, or anything previously permitted is prohibited or regulated under the authority.

(9) However, subsection (8) does not prevent a regulation or management plan providing for payment of compensation.

Conditions imposed under regulations and management plans

62.(1) An authority is also subject to the conditions prescribed under a regulation or management plan.

(2) To remove any doubt, any condition that may be imposed on an authority by a fisheries agency may be prescribed under a regulation or management plan.

Subdivision 4—Amendment

Amendment of authority

63.(1) If the fisheries agency that issued an authority considers the authority (including the conditions stated in it) should be amended, the fisheries agency must give the holder of the authority a written notice (the

“show cause notice”) that—

- (a) states the proposed amendment; and
- (b) states the reasons for the proposed amendment; and
- (c) outlines the facts and circumstances forming the basis of the reasons; and
- (d) invites the holder to show, within a stated time of at least 28 days, why the authority should not be amended.

(2) The fisheries agency may amend the authority if, after considering all representations made within the stated time, the fisheries agency still considers the authority should be amended—

- (a) in the way mentioned in the show cause notice; or
- (b) in another way, having regard to the representations.

(3) If the fisheries agency decides to amend the authority, the fisheries agency must give the holder of the authority a written notice stating—

- (a) how the authority has been amended; and
- (b) that the holder may appeal against the amendment to the Fisheries Tribunal within 28 days.

(4) Subsections (1) to (3) do not apply if the authority is amended only—

- (a) by omitting a condition if the omission does not adversely affect the holder’s interests; or
- (b) for a formal or clerical reason; or
- (c) in another way that does not adversely affect the holder’s interests; or
- (d) at the holder’s request; or
- (e) by changing a quota for the authority.

(5) The fisheries agency may make an amendment of a type mentioned in subsection (4) by written notice given to the holder.

(6) To remove any doubt, any condition that may be imposed on an authority when it is issued may be imposed on the authority by amendment.

(7) Compensation is not payable if an authority is amended, or anything previously permitted under the authority is prohibited or regulated.

(8) However, subsection (7) does not prevent a regulation or management plan providing for payment of compensation.

Notice to return authority for alteration after amendment

64.(1) A fisheries agency may, by written notice, require the holder of an authority issued by the fisheries agency to return the authority to the fisheries agency within a stated time, of at least 28 days, to enable the fisheries agency to alter the authority to reflect an amendment made to it.

(2) The holder must comply with the notice, unless the holder has a reasonable excuse for not complying with it.

Maximum penalty—80 penalty units.

(3) After altering the authority, the fisheries agency must return it to the holder.

(4) The amendment of an authority by a fisheries agency does not depend on it being altered under this section.

Subdivision 5—Transfer

Transfer of authority (other than permit)

65.(1) A fisheries agency may transfer an authority (other than a permit) issued by the fisheries agency, unless the authority is not transferable under a regulation or management plan.

(2) An application for the transfer of an authority must—

- (a) be made to the relevant fisheries agency in the form approved by the fisheries agency; and
- (b) be accompanied by the fees prescribed under the regulations; and
- (c) be accompanied by the written approval of each person (other than the holder) who has an interest in the authority noted in the relevant register of authorities.

(3) If asked by the fisheries agency, the applicant must give the further relevant information or evidence the fisheries agency requires to decide the application.

(4) The transfer may be granted on—

- (a) conditions prescribed under the regulations or a management plan; or
- (b) conditions imposed by the fisheries agency.

(5) If the fisheries agency refuses to transfer the authority, the fisheries agency must promptly—

- (a) give the applicant a written notice informing the applicant—
 - (i) of the refusal and the reasons for the refusal; and
 - (ii) that the applicant may appeal against the decision to the Fisheries Tribunal within 28 days; and
- (b) refund the fees paid by the applicant, other than fees for assessing the application.

(6) Compensation is not payable if the fisheries agency refuses to transfer the authority, the transfer is granted on conditions or anything previously permitted under the authority is prohibited or regulated.

(7) However, subsection (6) does not prevent a regulation or management plan providing for payment of compensation.

Permits not transferable

66. A permit cannot be transferred.

Subdivision 6—Suspension and cancellation

Suspension or cancellation of authorities

67.(1) A fisheries agency may suspend or cancel an authority issued by the fisheries agency on the following grounds—

- (a) the suspension or cancellation is necessary or desirable for the best management, use, development or protection of fisheries resources or fish habitats;
- (b) the holder has been convicted of a serious fisheries offence.

Examples of the bases on which the fisheries agency may be satisfied under paragraph

(a) are the examples mentioned in section 59(1) (Refusal to issue or renew).

(2) In acting under subsection (1)—

- (a) the fisheries agency may disregard any third party interests in the authority; and
- (b) the fisheries agency must have regard to—
 - (i) criteria prescribed under the regulations or a management plan for the suspension or cancellation of the authority; and
 - (ii) if the holder has been convicted of a fisheries offence—the penalty imposed by the court for the offence.

Example of subsection (2)(b)(i)—

A regulation or management plan may provide to the effect that, for each conviction for a serious fisheries offence, the offender accumulates points against the offender's authority and that the fisheries agency may cancel the authority or suspend it for a particular time, when the offender has accumulated a particular number of points.

(3) The fisheries agency may, in appropriate circumstances, have regard to previous convictions recorded against an authority in the relevant register of authorities, even though its current holder was not its holder when the conviction was recorded.

(4) If the person in control of a boat is convicted of a serious fisheries offence involving the use of the boat, the fisheries agency may, in appropriate circumstances, record the conviction in the fisheries register against the authority applying to the boat even though the person is not the holder of the authority.

(5) If a fisheries agency suspends or cancels an authority, the fisheries agency may also suspend or cancel other authorities issued by it that are held by the holder.

Procedure for cancellation or suspension

68.(1) If the fisheries agency that issued an authority considers that a ground exists to suspend or cancel the authority (the “**proposed action**”), the fisheries agency must give the holder of the authority a written notice that—

- (a) states the proposed action; and

- (b) states the grounds for the proposed action; and
- (c) outlines the facts and circumstances forming the basis for the grounds; and
- (d) if the proposed action is suspension of the authority—states the proposed suspension period; and
- (e) invites the holder to show, within a stated time of at least 28 days, why the proposed action should not be taken.

(2) If, after considering all written representations made within the stated time, the fisheries agency still considers grounds to take the proposed action exist, the fisheries agency may—

- (a) if the proposed action was to suspend the authority for a specified period—suspend the authority for not longer than the proposed suspension period; or
- (b) if the proposed action was to cancel the authority—either cancel the authority or suspend it for a period.

(3) The fisheries agency must inform the holder of the decision by written notice.

(4) If the fisheries agency decides to suspend or cancel the authority, the notice must state—

- (a) the reasons for the decision; and
- (b) that the holder may appeal against the decision to the Fisheries Tribunal within 28 days.

(5) The decision takes effect on the later of—

- (a) the day when the notice is given to the holder; or
- (b) the day of effect stated in the notice.

(6) However, if the authority is suspended or cancelled because of the conviction of a person for an offence—

- (a) the suspension or cancellation does not take effect until—
 - (i) the end of the time to appeal against the conviction; and
 - (ii) if an appeal is made against the conviction—the appeal is finally decided; and

(b) the suspension or cancellation has no effect if the conviction is quashed on appeal.

(7) Compensation is not payable if a fisheries agency suspends or cancels an authority.

(8) However, subsection (7) does not prevent a regulation or management plan providing for payment of compensation.

Effect of suspension on renewal

69. If an authority has been suspended, it may be renewed but continues to be suspended until the end of the suspension period.

Authority to be returned

70.(1) The holder of an authority suspended, or the former holder of an authority cancelled, must return the authority to the relevant fisheries agency within 7 days after the suspension or cancellation takes effect, unless the person has a reasonable excuse for not returning it or not returning it within that time.

(8) The inspector must not enter a part of a boat or vehicle used only as a living area, or exercise a power under subsection (1)(a) to (g) in relation to that part, unless the inspector is accompanied by the person in control of the

boat or vehicle.

(9) Subsection (8) does not apply if the person in control of the boat or vehicle is unavailable or unwilling to accompany the inspector or the inspector is unable for another reason to comply with the subsection.

Power to seize evidence from places etc.

151.(1) An inspector who enters a place or boards a boat under this Part under a warrant may seize the evidence for which the warrant was issued.

(3) An inspector who enters a place or boards a boat under this Part under a warrant, or enters a place with the occupier's consent, may also seize another thing if the inspector believes on reasonable grounds—

- (a) the thing is evidence of the commission of an offence against this Act; and
- (b) the seizure is necessary to prevent—
 - (i) the concealment, loss, death or destruction of the thing; or
 - (ii) the use of the thing in committing, continuing or repeating the offence.

(4) An inspector who enters a place under this Part other than under a warrant or with the occupier's consent may seize a thing if the inspector believes on reasonable grounds—

- (a) the thing is evidence of the commission of an offence against this Act; and
- (b) the seizure is necessary to prevent—
 - (i) the concealment, loss, death or destruction of the thing; or
 - (ii) the use of the thing in committing, continuing or repeating the offence.

(5) This section is in addition to, and does not limit, the powers of an inspector who boards a boat without a warrant.

- (b) an inspector believes, on reasonable grounds, that—
 - (i) a forfeiture offence has been committed in relation to the suspected fisheries resources; and
 - (ii) the weight or number of the suspect fisheries resources expressed as a percentage of the total weight or number of the declared fisheries resources in the heap, collection or container is more than the threshold percentage for the fisheries resources.

Examples of ‘heap, collection or container’—

(3) The inspector may seize all the fisheries resources in the heap, collection or container and, if the fisheries resources are in a container, the container.

(6) A person required to appear as a witness before the Tribunal is

entitled to the witness fees prescribed under a regulation or, if no witness fees are prescribed, the witness fees decided by the chairperson.

Questions of law etc. to be decided by chairperson

(3) If the Tribunal substitutes another decision, the substituted decision is taken, for the purposes of this Act, to be the decision of the fisheries agency.
