**Body Corporate and Community
Management Act 1997**

Act No. 28 of 1997

**An Act providing for the establishment and administration of
community titles schemes, and for other purposes**

[Assented to 22 May 1997]

The Parliament of Queensland enacts—

CHAPTER 1—PRELIMINARY

PART 1—INTRODUCTION

Short title

1. This Act may be cited as the *Body Corporate and Community Management Act 1997*.

Commencement

2. This Act commences on a day to be fixed by proclamation.

PART 2—OBJECT AND ACHIEVEMENT OF OBJECT

Primary object

3. The primary object of this Act is to provide for flexible and contemporary communally based arrangements for the use of freehold land, having regard to the secondary objects.

How primary object is to be achieved

4. For the achievement of its primary object, this Act provides for—
- (a) the establishment of community titles schemes; and
 - (b) the operation and management of community titles schemes.

Secondary objects

5. The following are the secondary objects of this Act—

- (a) to balance the rights of individuals with the responsibility for self management as an inherent aspect of community titles schemes;
- (b) to promote economic development by establishing sufficiently flexible administrative and management arrangements for community titles schemes;
- (c) to provide a legislative framework accommodating future trends in community titling;
- (d) to ensure that bodies corporate for community titles schemes have control of the common property and body corporate assets they are responsible for managing on behalf of owners of lots included in the schemes;
- (e) to provide bodies corporate with the flexibility they need in their operations and dealings to accommodate changing circumstances within community titles schemes;
- (f) to provide an appropriate level of consumer protection for owners and intending buyers of lots included in community titles schemes;
- (g) to ensure accessibility to information about community titles scheme issues;
- (h) to provide an efficient and effective dispute resolution process.

PART 3—INTERPRETATION

Dictionary

6. A dictionary in schedule 4 defines particular words used in this Act.¹

Use of certain tags

7.(1) In this Act, persons or things are sometimes given identifying tags, for example, a community titles scheme might be given the tag “**scheme A**”.

(2) An identifying tag is generally used as a shorthand way of distinguishing one person or thing from another person or thing for a provision or series of provisions in the section or division in which the tag is established and used.

(3) An identifying tag used for a provision or series of provisions may be used again, but refer to a different person or thing, in another provision or series of provisions.

Use of illustrations

8. Schedule 1 contains examples of possible structures of community titles schemes and the accompanying text illustrates the use of various expressions used in this Act.

¹ In some Acts, definitions are contained in a dictionary that appears as the last schedule and forms part of the Act—*Acts Interpretation Act 1954*, section 14(4).

Words defined elsewhere in the Act are generally signposted by entries in the dictionary. However, if a section has a definition applying only to the section, or a part of the section, it is generally not signposted by an entry in the dictionary and is generally set out in the last subsection of the section.

Signpost definitions in the dictionary alert the reader to the terms defined elsewhere in the Act and tell the reader where the definitions can be found. For example, the definition ‘ “**community titles scheme**” see section 11’ tells the reader there is a definition of community titles scheme in section 11.

property.

Example—

An airconditioning unit might be bought by a body corporate as a body corporate asset, but become common property when it is installed as a fixture.

(2) Body corporate assets may consist of any property an individual is capable of acquiring.

Example—

Freehold land, a lease, a licence to use land for a particular purpose, a billiard table, gardening equipment.

Meaning of “community management statement”

13.(1) A community management statement is basic to the identification of a community titles scheme.

(2) A “community management statement” is a document that—

- (a) identifies land; and
- (b) otherwise complies with the requirements of this Act for a community management statement.⁴

Meaning of “original owner”

14.(1) The “original owner” for a community titles scheme means each person who, immediately before the establishment of the scheme, is a registered owner of a lot that, on establishment of the scheme, becomes scheme land.

(2) If, immediately before the establishment of the scheme, land that becomes scheme land is in the possession of a person acting under the authority of a mortgage or an order of a court, the “original owner” includes the person acting under the authority.

Meaning of “body corporate manager”

15. A person is a “body corporate manager” for a community titles

⁴ See section 57 (Requirements for community management statement).

scheme if the person is engaged by the body corporate (other than as an employee of the body corporate) to supply, including through the exercise of delegated power, administrative services to the body corporate.

Meaning of “service contractor”

16. A person is a “**service contractor**” for a community titles scheme if the person is engaged by the body corporate (other than as an employee of the body corporate) for a term of at least 1 year to supply services (other than administrative services) to the body corporate for the benefit of the common property or lots included in the scheme.

Examples of services that might be provided by a service contractor—

1. Caretaking services.
2. Pool cleaning services.

Meaning of “letting agent” and “letting agent business”

17.(1) A person is a “**letting agent**” for a community titles scheme if the person is authorised by the body corporate to conduct a letting agent business for the scheme.

(2) A person conducts a “**letting agent business**” for a community titles scheme if the person conducts, subject to the *Auctioneers and Agents Act 1971*, the business of acting as the agent of owners of lots included in the scheme who choose to use the person’s services for securing, negotiating or enforcing (including collecting rents or tariffs for) leases or other occupancies of lots included in the scheme.

(3) For subsection (2), a reference to a lot does not include a reference to a community titles scheme.

(4) It is not relevant to the identification of a person as a letting agent under this section that the person also conducts an ancillary business or other activity.

Examples of ancillary businesses or activities—

1. Video hire.
2. Linen hire.
3. Agency for tour operator.

Meaning of “lease-back scheme” and “lease-back scheme operator”

18. A community titles scheme is a “**lease-back scheme**” if—

- (a) the scheme is a basic scheme; and
- (b) lots included in the scheme are the subject of registered or registrable leases to a person (the “**lease-back scheme operator**”); and
- (c) the lease-back scheme is the owner for each lot included in the scheme other than the lots mentioned in paragraph (b).

*Division 2—Concept of layered arrangement***Meaning of “layered arrangement of community titles schemes”**

19.(1) A “**layered arrangement of community titles schemes**” is a grouping of community titles schemes—

- (a) in which there is 1 community titles scheme (the “**principal scheme**”)⁵ that—
 - (i) is not a lot included in another community titles scheme; and
 - (ii) is made up of—
 - (A) the scheme land for all other community titles schemes in the grouping; and
 - (B) its own common property; and
 - (C) each lot (if any) that is not a community titles scheme, but that is included in the scheme; and
- (b) in which there is at least 1 basic scheme; and
- (c) in which there may or may not be 1 or more community titles schemes located between the principal scheme and each basic scheme.

(2) Each community titles scheme, other than the principal scheme, in a layered arrangement of community titles schemes—

⁵ See schedule 1, parts 2 and 3 for examples of layered arrangements of community titles schemes.

- (a) is a subsidiary scheme for the principal scheme; and
- (b) unless it is a lot included in the principal scheme—may also be a subsidiary scheme for another community titles scheme forming part of the layered arrangement.

(3) A “**subsidiary scheme**”, for a community titles scheme (“**scheme A**”), is a community titles scheme the scheme land for which forms part of the scheme land for scheme A.

(4) In this Act, the expression “**included in**”, if used in the context of the inclusion of a lot in a community titles scheme, establishes the relationship the lot has to the scheme and, in general terms, is used to establish that the lot is directly a part of the scheme, rather than only indirectly a part of the scheme.

(5) The diagram and notes in schedule 1, part 3⁶ illustrate more comprehensively how the expression ‘included in’ is used.

Provisions about lots that are community titles schemes

20. If a community titles scheme (“**scheme A**”) includes a lot that is another community titles scheme (“**scheme B**”)—

- (a) a reference in this Act to the owner of the lot is a reference to the body corporate for scheme B; but
- (b) a reference in this Act to a lot included in scheme A does not include a reference to scheme B if the provision is about—
 - (i) the subdivision of a lot; or
 - (ii) the indefeasible title for a lot; or
 - (iii) a lease or mortgage of a lot; or
 - (iv) the occupier or registered proprietor of a lot.

⁶ Schedule 1 (Illustrations), part 3 (Example of more complex layered arrangement of schemes)

Division 3—Utility infrastructure

Utility infrastructure as common property

21.(1) Common property for a community titles scheme includes all utility infrastructure forming part of scheme land, except utility infrastructure—

- (a) solely related to supplying utility services to a lot; and
- (b) within the boundaries of the lot (according to the way the boundaries of the lot are defined in the plan of subdivision under which the lot is created); and
- (c) located other than within a boundary structure for the lot.

(2) However, common property does not include utility infrastructure positioned within common property if—

- (a) its positioning is the subject of an agreement to which the original owner or the body corporate is a party; and
- (b) under the agreement, ownership of the utility infrastructure does not pass to the original owner or body corporate.

Example of utility infrastructure for subsection (2)—

Cable television wires positioned in the service shaft of a multistorey building that is scheme land for a community titles scheme, if the wires remain in the ownership of a cable television provider.

(3) In this section—

“boundary structure”, for a lot included in a community titles scheme, means a floor, wall or ceiling in which is located the boundary of the lot with another lot or common property.

Division 4—Regulation modules

Meaning of “regulation module”

22.(1) A **“regulation module”** is a regulation under this Act that states it is a regulation module for this Act.

(2) A regulation module applies to a community titles scheme if the

community management statement identifies the module as the regulation module applying to the scheme.

(3) A regulation module does not apply to a community titles scheme (“**scheme A**”), despite anything in the community management statement, if—

- (a) the regulation module states circumstances that must exist for a community titles scheme if the regulation module is to apply to the scheme; and
- (b) the circumstances do not exist for scheme A.

(4) A community titles scheme must have only 1 regulation module applying to it.

(5) Different regulation modules may apply to different community titles schemes in a layered arrangement of community titles schemes.

CHAPTER 2—BASIC OPERATION OF COMMUNITY TITLES SCHEMES

PART 1—ESTABLISHMENT OF COMMUNITY TITLES SCHEMES

Division 1—Names of community titles schemes and reservation of names

Names of community titles schemes

23.(1) The name of a community titles scheme is made up of—

- (a) an identifying name shown in the community management statement; and
- (b) the words ‘community titles scheme’; and
- (c) the unique identifying number allocated by the registrar when the

first community management statement is recorded.

Example of name of community titles scheme—

Seaview community titles scheme 1234.

(2) The registrar may refuse to record a community management statement if the identifying name shown in the statement is—

- (a) the identifying name in the community management statement for another community titles scheme; or
- (b) a name reserved under this division, other than a name reserved by the person seeking to record the community management statement; or
- (c) a name reserved under the *Building Units and Group Titles Act 1980*, section 120;⁷ or
- (d) a name reserved under the *South Bank Corporation Act 1989*;⁸ or
- (e) in the registrar's opinion formed on reasonable grounds, undesirable.

Reservation of name

24.(1) The registrar may, on application, reserve a name stated in the application as the identifying name to be shown in the community management statement for a proposed community titles scheme.

(2) The reservation must identify the proposed scheme land for the proposed scheme.

(3) The registrar must reserve the name unless satisfied he or she would refuse to record a community management statement showing the name.

Period of reservation

25.(1) The reservation of an identifying name is for an initial period of 2 years and may be extended by the registrar, but only once, for an additional period of 1 year.

⁷ Section 120 (Reservation of name)

⁸ See *South Bank Corporation Act 1989*, schedule 7, section 9(3A).

(2) The extension may be given only on an application made, within the initial period, by the person for whom the name is reserved.

(3) However, the reservation ends if—

- (a) the person withdraws the reservation; or
- (b) a community titles scheme is established and the reserved name is the identifying name shown in the community management statement for the scheme.

Division 2—Establishment

Establishment of community titles scheme

26.(1) A community titles scheme is established by—

- (a) firstly, the registration, under the *Land Title Act 1994*, of a plan of subdivision for identifying the scheme land for the scheme; and
- (b) secondly, the recording by the registrar of the first community management statement for the scheme.

(2) A community titles scheme is established when the first community management statement for the scheme is recorded.

Changing scheme by new community management statement

27.(1) A community titles scheme may be changed by, or in conjunction with, the recording of a new community management statement.

(2) The community titles scheme is changed when the new statement is recorded by the registrar.

Changing structure of scheme

28.(1) A layered arrangement of community titles schemes is established if a lot included in a basic scheme is subdivided to create a new community titles scheme.

(2) A layered arrangement of community titles schemes may be changed by the progressive subdivision of lots to create subsidiary schemes.⁹

Establishing structures through combination

29.(1) A new community titles scheme may be established if the new scheme includes, in addition to common property for the new scheme—

- (a) an already existing community titles scheme and 1 or more lots that are not community titles schemes; or
- (b) 2 or more already existing community titles schemes, whether or not lots that are not community titles schemes are also included.

(2) For example, if 2 community titles schemes have already been established, a new community titles scheme could be established with the lots included in the new scheme constituted by the existing 2 schemes.

(3) However, a community titles scheme may be established under this section only if—

- (a) the titling and subdivisional arrangements needed for the establishment are consistent with the operation of the *Land Title Act 1994*; and
- (b) the new scheme that is established is—
 - (i) consistent with the requirements of this Act for a community titles scheme; and
 - (ii) a principal scheme.¹⁰

Enlarging the number of lots through progressive subdivision

30. The number of lots included in a community titles scheme could be increased (and the establishment or enhancement of a layered arrangement

⁹ Schedule 1, part 5 gives an example of progressive subdivision to create subsidiary schemes.

¹⁰ Schedule 1, part 6 gives an example of the operation of this section.

of community titles schemes avoided) through the progressive subdivision of lots to create further lots included in the scheme.¹¹

PART 2—BODIES CORPORATE

Creation of body corporate for community titles scheme

31. When a community titles scheme is established, a body corporate is created, and is the body corporate for the scheme.

Membership of body corporate for community titles scheme

32. The members of the body corporate for a community titles scheme are the owners of all lots included in the scheme.¹²

Corporations Law does not apply to body corporate

33. The Corporations Law does not apply to a body corporate.

Name of body corporate

34.(1) The name of the body corporate for a community titles scheme is the words ‘Body corporate for’ plus the name of the scheme.

Example of name—

Body corporate for Seaview community titles scheme 1234.

(2) The body corporate for a community titles scheme may sue and be sued in its corporate name.

¹¹ Schedule 1, part 4 gives an example of the operation of this section.

¹² If a lot included in the scheme is itself a community titles scheme, the owner of the lot is the body corporate for the other scheme (see section 20 (Provisions about lots that are community titles schemes)).
Schedule 1, parts 7 and 8 illustrate body corporate memberships.

Body corporate's seal

35.(1) The body corporate for a community titles scheme has a seal.

(2) The seal must be kept and used in the way prescribed under the regulation module applying to the scheme.

PART 3—SCHEME LAND**Single area for scheme land**

36.(1) Scheme land for a community titles scheme must be made up of a single, continuous area of land.

(2) Scheme land is taken to be made up of a single, continuous area of land even if—

- (a) a lot is subdivided under the *Land Title Act 1994*, section 54;¹³ or
- (b) if paragraph (a) does not apply—there is nevertheless a road or watercourse within the external boundaries of the scheme land.

(3) However, a community titles scheme may be established with scheme land not made up of a single, continuous area of land if all lots that become the scheme land are—

- (a) created under a single plan of subdivision under the *Land Title Act 1994*; or
- (b) in the opinion of the registrar formed on reasonable grounds, located within an area that is sufficiently limited to ensure that the scheme can be administered under this Act efficiently and effectively as a single scheme.

(4) Nevertheless, if subsection (3) applies, and the scheme is subsequently changed to include additional lots or common property, each of the additional lots or common property must form a single, continuous area of land with a part of the scheme land in existence for the scheme immediately before the inclusion of the additional lots or common property.

¹³ Section 54 (Division excluding road or watercourse)

PART 4—COMMON PROPERTY

Ownership of common property

37.(1) Common property for a community titles scheme is owned by the owners of the lots included in the scheme, as tenants in common, in shares proportionate to the interest schedule lot entitlements of their respective lots.

(2) Subsection (1) applies even though, under the *Land Title Act 1994*, the registrar creates an indefeasible title for the common property for a community titles scheme.

(3) An owner's interest in a lot is inseparable from the owner's interest in the common property.

Examples—

1. A dealing affecting the lot affects, without express mention, the interest in the common property.

2. An owner cannot separately deal with or dispose of the owner's interest in the common property.

(4) If the occupier of a lot is not the lot's owner, a right the owner has under this Act to the occupation or use of common property is enjoyed by the occupier.

(5) The way the body corporate for a community titles scheme ("**scheme A**") may enjoy the occupation and use of the common property for a community titles scheme for which scheme A is a subsidiary scheme is subject to the community management statement for each scheme for which scheme A is a subsidiary scheme.

(6) If a body corporate is authorised under this Act to enter into a transaction affecting common property, it may enter into the transaction, and execute documents related to the transaction, in its own name, as if it were the owner of an estate of fee simple in the common property.

Rights and responsibilities for common property

38.(1) The body corporate for a community titles scheme may sue and be sued for rights and liabilities related to the common property as if the body corporate were the owner of the common property.

Example—

If a person, including the owner of a lot included in the community titles scheme, damages the common property, the body corporate may sue to recover the loss arising from the damage.

(2) For common property other than common property for which an entity other than the body corporate is the occupier, the body corporate may sue and be sued as if the body corporate were the occupier.

Example—

If a person is injured while on the common property (other than common property for which an entity other than the body corporate is the occupier), an action claiming failure by the occupier to exercise a proper standard of care lies against the body corporate.

(3) If, before a community titles scheme is established, a contract is entered into to have work carried out on land that becomes scheme land—

- (a) the body corporate is, on the establishment of the scheme, subrogated to the rights (if any) of the original owner under the contract to the extent that the contract applies to work affecting scheme land that is common property; and
- (b) a lot owner is, on the establishment of the scheme, subrogated to the rights (if any) of the original owner under the contract to the extent that the contract applies to work affecting scheme land that is the lot.

Creating common property (no new scheme)

39.(1) If authorised by resolution without dissent, the body corporate for a community titles scheme may acquire, and incorporate with the common property for the scheme—

- (a) land in fee simple contiguous to scheme land; or
- (b) a lot included in the scheme.

(2) Subsection (1) applies only if—

- (a) the titling and subdivisional arrangements needed for the acquisition are consistent with the operation of the *Land Title Act 1994*; and
- (b) the scheme, as changed by the creation of the new common

property, is consistent with the requirements of this Act for a community titles scheme.

Creating common property by subdivision (no new scheme)

40.(1) This section applies if—

- (a) a lot included in a community titles scheme (“**scheme A**”) is subdivided by a plan of subdivision; and
- (b) the lots created under the plan of subdivision become lots in scheme A.

(2) Land in the subdivided lot that does not become a lot in scheme A could become common property for scheme A.

(3) However, if the community management statement for a community titles scheme for which scheme A is a subsidiary scheme provides that the land is to become common property for a scheme (the “**higher scheme**”) for which scheme A is a subsidiary scheme—the land could become common property for the higher scheme.

Creating common property from scheme land (new scheme)

41.(1) This section applies if a lot included in a community titles scheme (“**scheme A**”) is subdivided and becomes a new community titles scheme.

(2) Land in the subdivided lot that does not become scheme land for the new scheme could become common property for scheme A.

(3) However, if the community management statement for a community titles scheme for which scheme A is a subsidiary scheme provides that the land is to become common property for a scheme (the “**higher scheme**”) for which scheme A is a subsidiary scheme—the land could become common property for the higher scheme.

Body corporate cannot own lot included in its own scheme

42. To avoid doubt, it is declared that the body corporate for a community titles scheme cannot be the owner of, or hold an interest in, a lot included in the scheme.

PART 5—BODY CORPORATE ASSETS

Ownership and enjoyment of body corporate assets

43.(1) The body corporate for a community titles scheme holds the body corporate assets beneficially.

(2) Property cannot be a body corporate asset for more than 1 community titles scheme, although a body corporate asset may comprise a share as tenant in common in an item of property, including, for example, property in which the body corporate for another community titles scheme also has a share.

(3) A body corporate may (in the way and to the extent this Act provides) acquire, and dispose of, a body corporate asset, but must not, except to the extent permitted under a regulation module, mortgage, or otherwise create a charge over, the asset.

(4) The way the body corporate for a community titles scheme (“**scheme A**”) may use the body corporate assets for a community titles scheme for which scheme A is a subsidiary scheme is subject to the community management statement for each scheme for which scheme A is a subsidiary scheme.

PART 6—LOT ENTITLEMENTS

Lot entitlements

44.(1) A “**lot entitlement**”, for a lot included in a community titles scheme, means the number allocated to the lot in the contribution schedule or interest schedule in the community management statement.

(2) The “**contribution schedule**” is the schedule in a community management statement containing each lot’s contribution schedule lot entitlement.

(3) The “**interest schedule**” is the schedule in a community management statement containing each lot’s interest schedule lot entitlement.

(4) The “**contribution schedule lot entitlement**”, for a lot, means the number allocated to the lot in the contribution schedule.

(5) The “**interest schedule lot entitlement**”, for a lot, means the number allocated to the lot in the interest schedule.

(6) A lot entitlement must be a whole number.

(7) To avoid doubt, it is declared that a change to a lot entitlement takes effect only on the recording of a new community management statement incorporating the change.¹⁴

Application of lot entitlements

45.(1) This section states the general principles for the application of lot entitlements to a community titles scheme, but has effect subject to provisions of this Act providing more specifically for the application of lot entitlements.

(2) The contribution schedule lot entitlement for a lot is the basis for calculating—

- (a) the lot owner’s share of amounts levied by the body corporate, unless the extent of the lot owner’s obligation to contribute to a levy for a particular purpose is specifically otherwise provided for in this Act;¹⁵ and
- (b) the value of the lot owner’s vote for voting on an ordinary resolution if a poll is conducted for voting on the resolution.

(3) The interest schedule lot entitlement for a lot is the basis for calculating—

¹⁴ Except where the body corporate is required to lodge a request to record a new community management statement under section 46 (Court adjustment of lot entitlement schedule) or 47 (Limited adjustment of lot entitlement schedule), the body corporate requires a resolution without dissent in order to consent to the recording of a new community management statement incorporating a change in a lot entitlement schedule. See section 55 (Body corporate to consent to recording of new statement).

¹⁵ The regulation module applying to a community titles scheme might provide that a lot owner’s contribution to some or all of the insurance required to be put in place by the body corporate is to be calculated on the basis of the lot’s interest schedule lot entitlement.

- (a) the lot owner's share of common property; and
- (b) the lot owner's interest on termination of the scheme, including the lot owner's share in body corporate assets on termination of the scheme; and
- (c) the unimproved value of the lot, for the purpose of a charge, levy, rate or tax that is payable directly to a local government, the Commissioner of Land Tax or other authority and that is calculated and imposed on the basis of unimproved value.

(4) Neither the contribution schedule lot entitlement nor the interest schedule lot entitlement for a lot is used for the calculation of the liability of the owner or occupier of the lot for the supply of a utility service to the lot if the amount of the utility service supplied to each lot is capable of separate measurement, and the owner or occupier is billed directly.

Court adjustment of lot entitlement schedule

46.(1) It is not a requirement for a community management statement for a community titles scheme that the contribution schedule lot entitlements be equal for each lot included in the scheme, or that the interest schedule lot entitlements be directly proportional to the market values of the respective lots.

(2) Nevertheless, the owner of a lot may apply to a District Court for an order for the adjustment of a lot entitlement schedule.

(3) If an application is made under subsection (2), the order of the court must be consistent with—

- (a) if the order is about the contribution schedule—the principle stated in subsection (4); and
- (b) if the order is about the interest schedule—the principle stated in subsection (5).

(4) For the contribution schedule, the respective lot entitlements should be equal, except to the extent to which it is just and equitable in the circumstances for them not to be equal.

(5) For the interest schedule, the respective lot entitlements should reflect the respective market values of the lots included in the scheme when the court makes the order, except to the extent to which it is just and equitable in

the circumstances for the individual lot entitlements to reflect other than the respective market values of the lots.

(6) If a lot mentioned in subsection (5) is a subsidiary scheme, the market value of the lot is the market value of the scheme land for the subsidiary scheme.

(7) For establishing the market value of a lot created under a standard format plan of subdivision, buildings and improvements on the lot are to be disregarded.

(8) If the court orders an adjustment of a lot entitlement schedule, the body corporate must, as quickly as practicable, lodge with the registrar a request to record a new community management statement reflecting the adjustment ordered.

Maximum penalty for subsection (8)—100 penalty units.

Limited adjustment of lot entitlement schedule

47.(1) This section applies if the owners of 2 or more lots included in a community titles scheme—

- (a) agree in writing to change the lot entitlements of the lots; and
- (b) under the agreed change (the “**change**”), the total lot entitlements of the lots subject to the change (the “**changing lots**”) is not affected; and
- (c) the registered mortgagee and lessee (if any) of each of the changing lots has consented to the change; and
- (d) the owners of the changing lots have advised the body corporate in writing of the change.

(2) The body corporate must, as quickly as practicable, lodge with the registrar a request to record a new community management statement reflecting the adjustment agreed to.

Maximum penalty—100 penalty units.

(3) The new statement must be prepared and registered at the expense of the owners of the changing lots.

PART 7—COMMUNITY MANAGEMENT STATEMENTS

Registrar may record community management statements

48.(1) The registrar may record a community management statement if—

- (a) a request to record the statement is lodged with the registrar; and
- (b) the statement is deposited with the request; and
- (c) the statement complies with the directions of the registrar about the required format for a community management statement; and
- (d) the statement otherwise complies with the requirements of this Act for a community management statement.

(2) A community management statement is not an instrument under the *Land Title Act 1994*.

(3) However, a request to record a community management statement is an instrument, and is lodged, under the *Land Title Act 1994*.

(4) An interest created under a community management statement recorded under this Act does not have effect as a registered interest under the *Land Title Act 1994*.

First community management statement

49. The first community management statement for a community titles scheme must be signed by the person who, on the establishment of the scheme, becomes the original owner.

Subsequent community management statement

50.(1) The existing statement for a community titles scheme cannot be amended, but a new community management statement for the scheme may be recorded in the place of the existing statement.

(2) The new community management statement may be recorded only if the body corporate—

- (a) consents to the recording of the new statement; and
- (b) endorses its consent on the new statement.

(3) For giving its consent under subsection (2)(a), the body corporate must have before it the new community management statement in the form in which it is to be recorded.

Example—

The body corporate at a general meeting recommends that the committee for the body corporate consider certain changes to the by-laws contained in the existing statement for the scheme. Various drafts of new by-laws are considered in successive meetings of the committee, and then a new community management statement is prepared incorporating new by-laws. The body corporate consents to the recording of the new statement, and it is this statement, as consented to by the body corporate, that the registrar is requested to record.

New statements and subsequent plans of subdivision

51.(1) A request to record a new community management statement for a community titles scheme must be lodged when a new plan of subdivision affecting the scheme (including affecting a lot in, or the common property for, the scheme) is lodged, unless all plans of subdivision relating to the scheme, and the existing statement for the scheme, will still be consistent after registration of the new plan of subdivision.

(2) A request to record a new community management statement for a community titles scheme may be lodged, and the new statement may be recorded for the scheme, even though a plan of subdivision is not lodged, if all plans of subdivision relating to the scheme, and the new statement, will still be consistent after the new statement is recorded.

Community management statement for higher scheme prevails

52.(1) If a community titles scheme (“**scheme A**”) is a subsidiary scheme, scheme A’s community management statement (other than the unaffected provisions) has effect subject to the community management statement for each community titles scheme for which scheme A is a subsidiary scheme.

(2) In subsection (1)—

“**unaffected provisions**” means—

- (a) the lot entitlement schedules in scheme A's community management statement; and
- (b) the provisions of scheme A's community management statement prescribed under a regulation applying to scheme A.

Example—

The community management statement for the principal scheme in a layered arrangement of community titles schemes prevail over the provisions (other than the lot entitlement schedules and the provisions prescribed under subsection (2)(b)) of the community management statement for each other community titles scheme forming part of the layered arrangement.

Taking effect of community management statement

53.(1) A community management statement takes effect only when it is recorded by the registrar as the community management statement for a community titles scheme.

(2) The community management statement for a community titles scheme is binding on—

- (a) the body corporate; and
- (b) each member of the body corporate; and
- (c) to the extent that paragraphs (a) and (b) do not apply to bind a person—
 - (i) each person who is a registered proprietor of a lot included in the scheme; and
 - (ii) each person who is a registered proprietor of common property; and
- (d) to the extent that paragraphs (b) and (c) do not apply to bind a person—
 - (i) each person who is the occupier of a lot included in the scheme; and
 - (ii) each person who is an occupier of common property.

(3) Subsection (2) has effect as if—

- (a) the community management statement included mutual covenants to observe its provisions entered into by each person

bound by it; and

- (b) each person bound had signed the community management statement under seal.

Local government community management statement notation

54.(1) A community management statement proposed to be recorded for a community titles scheme may be recorded only if the local government for each local government area in which scheme land is or is proposed to be located has endorsed on the statement a certificate (a “**community management statement notation**”).

(2) In a community management statement notation a local government states only that the local government has noted the community management statement.

(3) A local government may refuse to endorse a community management statement notation on a proposed community management statement only if there is an inconsistency between the provisions of the statement and—

- (a) a lawful requirement of, or an approval given by, the local government under the Planning Act; or
- (b) if the local government has a planning scheme—the planning scheme, or a lawful requirement of, or an approval given by, the local government under the planning scheme; or
- (c) if the local government does not have a planning scheme—another instrument having effect under the Planning Act in the local government’s area, or a lawful requirement of, or an approval given by, the local government under the instrument.

Example for subsection (3)—

A local government would be expected to refuse to endorse a proposed community management statement with a community management statement notation if the statement envisages development of part of the scheme land in a way prohibited under the local government’s planning scheme. However, the local government would be expected to endorse the proposed statement with a community management statement notation if the proposed community management statement acknowledges that development of the part of the land in the way proposed will proceed only if and when a suitable amendment of the planning scheme is made.

(4) Despite subsection (1), a new community management statement may be recorded for a community titles scheme without the endorsement on it of a community management statement notation if there is no difference between the existing statement for the scheme and the new statement for any issue that the local government could have regard to for identifying an inconsistency mentioned in subsection (3).

Example of new statement not requiring community management statement notation—

The new statement includes an interest schedule that is different from the interest schedule included in the existing statement, but there is otherwise no difference between the 2 statements.

(5) If the local government does not endorse a community management statement notation within 40 days after a community management statement is submitted for endorsement under this section, or refuses to endorse the notation—

- (a) the person who submitted the community management statement for endorsement of the notation may appeal to the Planning and Environment Court under the Planning Act; and
- (b) the court is required to hear and determine the appeal.

Body corporate to consent to recording of new statement

55.(1) This section provides for the form of the consent of the body corporate for a community titles scheme to the recording of a new community management statement for the scheme in the place of the existing statement for the scheme.

(2) The consent must be in the form of a resolution without dissent.

(3) However, the consent may be in the form of a special resolution if the difference between the existing statement and the new statement is limited to the following—

- (a) differences in the by-laws (other than a difference in exclusive use by-laws);
- (b) the identification of a different regulation module to apply to the scheme.

(4) The consent to the recording of a new community management statement need not be in the form of a resolution without dissent or special

resolution if the new statement is different from the existing statement only to the extent necessary for 1 or more of the following—

- (a) compliance with a provision of this Act under which the body corporate is required to lodge a request to record a new statement for a purpose stated in the provision; or
- (b) compliance with the order of an adjudicator or a District Court made under this Act for the lodging of a request with the registrar for the recording of the new statement; or
- (c) changing the community titles scheme to give effect to an approved reinstatement process; or
- (d) recording the details of allocations of common property made under an exclusive use by-law; or
- (e) implementation of development proposed under the existing statement or under the provisions of a community management statement to which the existing statement is subject.¹⁶

Three months limit for lodging request for recording new statement

56.(1) This section applies if the body corporate for a community titles scheme—

- (a) consents to the recording of a new community management statement for the scheme; and
- (b) endorses its consent on the new statement.

(2) The new statement may be recorded only if the request to record it is lodged with the registrar within 3 months after the consent is endorsed.

Requirements for community management statement

57.(1) The community management statement for a community titles scheme, in addition to identifying the scheme land, must—

¹⁶ Unless consenting to the new community management statement is a restricted issue for the body corporate's committee under the regulation module applying to the community titles scheme, it is enough for the committee to consent to the recording of the new statement, and an ordinary resolution of the body corporate is not required.

- (a) state the following—
 - (i) the identifying name for the scheme;
 - (ii) the name of the body corporate (other than, for the first community management statement for the scheme, the unique identifying number for the scheme);
 - (iii) for the first community management statement for the scheme—the name, and the address for service, of the original owner; and
 - (b) identify the regulation module applying to the scheme; and
 - (c) include a contribution schedule and an interest schedule; and
 - (d) unless the by-laws are to be the by-laws in schedule 2—include by-laws; and
 - (e) if the scheme is intended to be developed progressively (including, for example, subdivision of scheme land to create further lots for the scheme or to establish a subsidiary scheme, or excision of a lot from, or addition of a lot to, scheme land) and the development is not complete—explain the development proposed, and illustrate the development proposed by concept drawings; and
 - (f) if the scheme forms part of, or is intended to form part of, or to be the basis for, a layered arrangement of community titles schemes—explain the structure, or proposed structure, of the layered arrangement.
- (2)** The community management statement—
- (a) must also include anything that the regulation module applying to the scheme says it must include; and
 - (b) may include anything that the regulation module applying to the scheme says it may include.
- (3)** The community management statement may include only the things that this Act, or the regulation module applying to the scheme, says the statement must or may include.

When registrar records community management statement

58.(1) When the registrar records a community management statement for a community titles scheme, the registrar must give the statement a unique identifying number, and record a reference to the community management statement (including its unique identifying number) on the indefeasible title for each lot that is scheme land and on the indefeasible title for any common property that is scheme land.

(2) However—

- (a) the registrar is not obliged to examine, but may examine, a community management statement for its validity, including, in particular, its consistency with any plan of subdivision, or its compliance with the requirements for a community management statement; and
- (b) it must not be presumed that a community management statement is valid or enforceable (including, for example, that the by-laws included in the statement are valid and enforceable) because the registrar records it; and
- (c) neither the validity nor the enforceability of a community management statement, as recorded by the registrar, is guaranteed by the State.

PART 8—STATUTORY EASEMENTS**Application of part**

59.(1) This part provides for easements for lots included in, and common property for, a community titles scheme.

(2) However, this part applies to the scheme—

- (a) only for buildings forming part of scheme land when the scheme is established or subsequently changed; and
- (b) only if the lots included in the scheme are lots on—
 - (i) a building format plan of subdivision, or

(ii) a volumetric format plan of subdivision.

(3) This part has effect for the scheme subject to the provisions of an easement established in the appropriate way under the *Land Title Act 1994*.

Easements for support

60.(1) An easement of lateral or subjacent support exists—

- (a) in favour of a lot against another lot capable of supplying lateral or subjacent support; and
- (b) in favour of a lot against common property capable of supplying lateral or subjacent support; and
- (c) in favour of common property against a lot capable of supplying lateral or subjacent support; and
- (d) in favour of common property against other common property capable of supplying lateral or subjacent support.

(2) An easement for support under subsection (1)—

- (a) entitles the owner of a lot (“**lot X**”) to enter a lot or common property supplying support to lot X under the easement to maintain or replace any support; and
- (b) entitles the body corporate to enter a lot or common property supplying support to common property under the easement to maintain or replace any support.

(3) An easement for support under subsection (1) subsists until the scheme no longer exists.

Easements in favour of lots for utility services and utility infrastructure

61.(1) An easement exists in favour of a lot and against other lots and common property for supplying utility services to the lot and establishing and maintaining utility infrastructure reasonably necessary for supplying the utility services.

(2) However, the exercise of rights under the easement must not interfere

unreasonably with the use or enjoyment of the lot or part of common property against which the easement lies.

Easements for utility services and utility infrastructure

62.(1) An easement exists in favour of common property and against the lots for supplying utility services to the common property and establishing and maintaining utility infrastructure reasonably necessary for supplying utility services to the common property.

(2) However, the exercise of rights under the easement must not interfere unreasonably with the use or enjoyment of the lots against which the easement lies.

Easements for shelter

63.(1) An easement entitling the owner of a lot to have the lot sheltered by parts of a building within scheme land necessary to supply shelter exists against the lots or parts of common property where the relevant parts of the building are situated.

(2) The easement for shelter under subsection (1) entitles the owner of the lot to enter a lot or common property supplying shelter under the easement to maintain or replace the shelter.

Easements for projections

64.(1) If eaves, guttering, drainpipes, awnings, window sills, or other minor parts of a building within a lot ("**lot A**") project over the boundaries of another lot ("**lot B**") or common property, an easement exists in favour of lot A and against the part of lot B or common property over which the projection lies, permitting the projection.

(2) The easement entitles the owner of lot A to enter lot B or the common property to maintain or replace the building parts.

Easement for maintenance of building close to boundary

65.(1) If a building is on the boundary of a lot ("**lot A**") or so close to the boundary of lot A that maintenance or replacement of the building is not

able to be carried out without entering another lot (“**lot B**”) or common property, an easement exists in favour of lot A and against lot B or the common property.

(2) The easement entitles the owner of lot A to enter lot B or common property to carry out the maintenance or replacement.

Exercise of rights under easement

66.(1) Rights under an easement under this part must not be exercised in a way that unreasonably prevents or interferes with the use and enjoyment of a lot or common property.

(2) If an easement under this part entitles a lot owner to enter another lot or common property to carry out work, the owner—

- (a) must give reasonable written notice—
 - (i) to the other lot’s owner, and additionally, if the owner is not the occupier, the other lot’s occupier, before entering the lot to carry out work; or
 - (ii) to the body corporate, before entering the common property to carry out work; and
- (b) must comply with the security or other arrangements or requirements ordinarily applying for persons entering the lot or the common property.

(3) If an easement under this part entitles the body corporate to enter a lot to carry out work, the body corporate must give reasonable written notice to the lot owner before entering the lot to carry out work.

(4) Subsections (2) and (3) do not apply if the need for the work to be carried out is, or is in the nature of, an emergency.

Ancillary rights and obligations

67.(1) Ancillary rights and obligations necessary to make easements effective apply to easements under this part.

(2) The community management statement may also establish rights and obligations ancillary to easements under this part.

(3) Rights and obligations established under subsection (2) supersede rights and obligations that would otherwise apply under subsection (1), to the extent that there is inconsistency between the rights and obligations under subsection (1) and the rights and obligations under subsection (2).

PART 9—REINSTATEMENT

Application of part

68. This part applies if—

- (a) all or a part of a building (the “**building**”) is scheme land for 1 or more community titles schemes; and
- (b) the building is damaged.

Reinstatement process under court approval

69.(1) An application may be made to a District Court for approval of a process for reinstating the building in whole or part.

(2) The application may be made by 1 or more of the following—

- (a) the body corporate for a community titles scheme the scheme land for which includes the whole or part of the building;
- (b) the owner of a lot included in a community titles scheme the scheme land for which includes the whole or part of the building;
- (c) the registered mortgagee of a lot that is scheme land mentioned in paragraph (a) or (b).

(3) The District Court may approve the process in whole or part.

(4) On approving the process, the court may make an order it considers just and equitable—

- (a) directing how insurance money is to be applied; and
- (b) directing changes to a community titles scheme, including ordering the lodging of a request to record a new community management statement; and

- (c) to the extent that paragraph (b) does not apply—directing changes to subdivisional arrangements for the building; and
- (d) directing payment by or to a body corporate or a lot owner, including requiring a body corporate or lot owner to compensate the owners of lots affected by changes to a community titles scheme or other subdivisional arrangement changes; and
- (e) dealing with incidental or ancillary issues.

(5) Instead of approving a process in whole or in part under this section, the court may make an order for termination or amalgamation in the way permitted under this chapter.

(6) An insurer of the building (including of a part of the building) is a party to an application under this section.

Reinstatement process under resolution without dissent

70.(1) The body corporate for a community titles scheme the scheme land for which includes the whole or part of the building may, by resolution without dissent, approve a process for reinstating the building in whole or part.

(2) However, the resolution approving the process—

- (a) has effect only to the extent that it applies to a part (the “**affected area**”) of the building that is scheme land; and
- (b) is of no effect unless each person who is an insurer of the affected area or part of the affected area also approves the process.

(3) The process as approved may include anything the court may order in approving a process under this part.

Registration for changes to scheme under approved reinstatement process

71.(1) If an approved reinstatement process provides for a change to a community titles scheme, the body corporate must lodge with the registrar—

- (a) if appropriate, having regard to the approved reinstatement process, or a community management statement mentioned in

paragraph (b)—a plan of subdivision reflecting the approved reinstatement process; and

- (b) if appropriate, having regard to the approved reinstatement process, or a plan of subdivision mentioned in paragraph (a)—a request to record a new community management statement; and
- (c) a true copy of the approved reinstatement process.

(2) If an approved reinstatement process provides for a change to subdivisional arrangements (not including a change to a community titles scheme), the owners of lots the subject of the approved reinstatement process must lodge with the registrar—

- (a) if appropriate, having regard to the approved reinstatement process—a plan of subdivision reflecting the approved reinstatement process; and
- (b) a true copy of the approved reinstatement process.

PART 10—TERMINATION OF COMMUNITY TITLES SCHEMES

Division 1—Introduction

Purpose of part

72.(1) This part provides for the complete termination of a community titles scheme, including the dissolution of the body corporate.

(2) Only a basic scheme may be terminated.

(3) Consequently, to terminate a community titles scheme other than a basic scheme, it is necessary for the scheme to first become a basic scheme.

Division 2—Termination process**Definition for div 2**

73. In this division—

“termination issues” means—

- (a) the disposal, and disposition of proceeds from the disposal, of the land that, immediately before the termination of a community titles scheme, is scheme land; and
- (b) custody, management and distribution (including the disposal, and disposition of proceeds from the disposal) of items of property that, immediately before the termination of a community titles scheme are body corporate assets; and
- (c) the sharing of liabilities that, immediately before the termination of a community titles scheme, are liabilities of the body corporate.

Application of division

74. This division applies to a basic scheme (the **scheme**”).

Termination of schemes

75.(1) The scheme may be terminated if—

- (a) the body corporate by resolution without dissent decides to terminate the scheme; and
- (b) to the extent necessary for the effective termination of the scheme—an agreement about termination issues is entered into between—
 - (i) all registered proprietors of scheme land; and
 - (ii) each lessee under a registrable or short lease to which scheme land is subject.

(2) Alternatively, the scheme may be terminated if a District Court decides it is just and equitable to terminate the scheme and makes an order for terminating it.

(3) If the scheme is, or is to be, terminated under an order of the District Court, the court may make an order, to the extent necessary for the effective termination of the scheme, about termination issues.

(4) The court may make an order under subsection (2) or (3) on application by—

- (a) the body corporate; or
- (b) the owner of a lot included in the scheme; or
- (c) an administrator appointed under the dispute resolution provisions.

(5) In making an order under subsection (3), the court may appoint an administrator and give the administrator authority to put the order into effect in the way directed by the court.

(6) In making an order under this section, the court may take into account the views of the following—

- (a) a person mentioned in (1)(b);
- (b) a local government in whose local government area scheme land is located.

(7) In this section—

“short lease” see *Land Title Act 1994*, schedule 2.¹⁷

Request to record termination of basic scheme

76.(1) A request to record the termination of the scheme may be lodged with the registrar.

(2) The request must be lodged by or on behalf of—

- (a) the body corporate; or
- (b) a person on whose application the court made an order for terminating the scheme.

¹⁷ *Land Title Act 1994*—

“short lease” means a lease—

- (a) for a term of 3 years or less; or
- (b) from year to year or a shorter period.

(3) The request must be accompanied by (in addition to documents required under the *Land Title Act 1994*) a true copy of—

- (a) if the scheme is terminated under a resolution of the body corporate—the resolution to terminate the scheme, and any agreement entered into about termination issues; or
- (b) if the scheme is terminated under an order of the court—the order to terminate the scheme.

(4) The request to record the termination of the scheme is an instrument, and is lodged, under the *Land Title Act 1994*.

Recording termination of scheme

77.(1) If the request to record the termination of the scheme complies with this Act (including with an order of the court), the registrar must record the cancellation of the community management statement, and must also—

- (a) register the termination in the freehold land register; and
- (b) cancel the particulars (other than particulars of easements, covenants and other dealings capable of being maintained against scheme land after termination of the scheme) recorded in the freehold land register about scheme land.

(2) The termination takes effect when the registrar completes the action mentioned in subsection (1).

(3) On the termination of the scheme, the registrar must create a single indefeasible title for a lot consisting of all land that, immediately before the termination, was scheme land.

(4) The registered owners for the title mentioned in subsection (3) are the persons who, immediately before the scheme's termination, were the owners of the lots included in the scheme (the **“former owners”**).

(5) For subsection (4), the former owners must be recorded as tenants in common in the shares proportionate to their respective interest schedule lot entitlements immediately before the termination.

(6) If a lot included in the scheme was subject to a mortgage immediately before the scheme was terminated, the former owner's interest in the land

as tenant in common is subject to the mortgage.

(7) When the scheme is terminated, a liability for a charge, levy, rate or tax that had accrued on a lot included in the scheme before the scheme was terminated is not affected, and for recovery under the *Local Government Act 1993* or the *Land Tax Act 1915*, the charge, levy, rate or tax is taken to have been levied on the former owner's interest in the land as tenant in common.

Dissolution of body corporate for terminated scheme

78.(1) When the scheme is terminated, the body corporate is dissolved.

(2) On dissolution of the body corporate—

- (a) the owners of the lots immediately before the scheme was terminated (the “**former owners**”) become entitled to the body corporate assets in shares proportionate to the respective interest schedule lot entitlements of their lots immediately before the termination; and
- (b) the liabilities of the body corporate are vested jointly and severally in the former owners, but they are entitled to contribution against one another in proportion to their respective interest schedule lot entitlements immediately before the termination.

(3) Body corporate assets (including freehold land and other body corporate assets registered or otherwise held in the name of the dissolved body corporate) may be dealt with by the former owners as if the assets were registered or otherwise held in the names of the former owners.

(4) Subsections (2) and (3) have effect subject to—

- (a) if the scheme is terminated under a resolution of the body corporate—the resolution to terminate the scheme, and any agreement entered into about termination issues; or
- (b) if the scheme is terminated under an order of the court—the order to terminate the scheme.

(5) On the application of an interested person, a District Court may make orders for the custody, management and distribution of body corporate assets.

PART 11—AMALGAMATION OF COMMUNITY TITLES SCHEMES

Division 1—Introduction

General principles of “amalgamation”

79.(1) Two or more community titles schemes may be amalgamated under this part.

(2) When the schemes are amalgamated—

- (a) the schemes end their existence as separate community titles schemes; and
- (b) the lots and common property for each of the schemes become the lots and common property included in a single, newly established, community titles scheme.

(3) Community titles schemes must not be amalgamated if the newly established community titles scheme would not conform with the requirements of this Act for a community titles scheme.

Community titles schemes that may be amalgamated

80.(1) Subsections (2) and (3) describe the only amalgamations of community titles schemes that are available under this part.

(2) Two or more community titles schemes may be amalgamated if none of the schemes is a subsidiary scheme.

(3) Two or more subsidiary schemes may be amalgamated if all the schemes are lots included in the one community titles scheme (“**scheme A**”), but not if they are the only lots included in scheme A.

Division 2—Amalgamation process

Purpose of division

81.(1) This division describes the requirements, and the process that

must be followed, for the amalgamation of community titles schemes.

(2) The approach adopted in this division for the description of the process of amalgamation is to describe the process in terms of the amalgamation of 2 community titles schemes (“**scheme A**” and “**scheme B**”), but the process described applies equally to the amalgamation of more than 2 community titles schemes.

(3) In this division—

“**scheme C**” means the single, newly established, community titles scheme formed, or to be formed, from the amalgamation of schemes A and B.

Approval for amalgamations

82.(1) Scheme A and scheme B may be amalgamated if the body corporate for scheme A and the body corporate for scheme B each agree, by resolution without dissent, to—

- (a) the amalgamation; and
- (b) the community management statement to be recorded for scheme C.

(2) If scheme A and scheme B are subsidiary schemes, the body corporate for the community titles scheme that includes scheme A and scheme B as lots must also consent to the amalgamation, but by ordinary resolution.

(3) Alternatively, scheme A and scheme B may be amalgamated if a District Court, on the application of the owner of a lot included in scheme A or scheme B, or the body corporate for scheme A or scheme B, decides it is just and equitable to amalgamate the schemes, and makes an order for amalgamating them.

(4) If schemes A and B are, or are to be, amalgamated under subsection (1) or (3), a District Court may make an order, if it considers it is just and equitable to make the order, about—

- (a) the contents of the community management statement for scheme C; or
- (b) the disposition of liabilities that, immediately before the amalgamation, were liabilities of the body corporate for

scheme A or scheme B.

(5) The court may make an order under subsection (4) on application by the body corporate for scheme A or B.

Request to record amalgamation of community titles schemes

83.(1) A request to record the amalgamation of schemes A and B may be lodged with the registrar.

(2) The request must be lodged by or on behalf of—

- (a) the bodies corporate for schemes A and B; or
- (b) a person on whose application the court made an order for amalgamating schemes A and B.

(3) The request must be accompanied by (in addition to documents required under the *Land Title Act 1994*)—

- (a) a true copy of each resolution, or the order, for the amalgamation of schemes A and B; and
- (b) the community management statement intended to be recorded for scheme C, showing the appropriate consents and notifications; and
- (c) if schemes A and B are lots included in another community titles scheme and the existing statement for the other scheme is not consistent with the amalgamation of schemes A and B—a new community management statement for the other scheme.

Recording amalgamation of community titles schemes

84.(1) If the request to record the amalgamation of schemes A and B complies with this Act (including with an order of the court), the registrar must—

- (a) record the cancellation of the community management statements for schemes A and B; and
- (b) record the community management statement for scheme C and any other community management statement accompanying the request; and

(c) register the amalgamation in the freehold land register.

(2) The amalgamation takes effect when the registrar completes the action mentioned in subsection (1).

Dissolution of bodies corporate on amalgamation

85.(1) When schemes A and B are amalgamated, the bodies corporate for schemes A and B are dissolved.

(2) On dissolution of the bodies corporate for schemes A and B, the rights and liabilities of the body corporate for schemes A and B are vested in the body corporate for scheme C.

(3) Body corporate assets for schemes A and B (including freehold land and other body corporate assets registered or otherwise held in the name of a dissolved body corporate) are vested in the body corporate for scheme C, and may be dealt with by the body corporate as if they were registered or otherwise held in its name.

(4) If the amalgamation is authorised under a court order, subsections (2) and (3) have effect subject to the order.

Effects of amalgamation of community titles schemes

86.(1) When schemes A and B are amalgamated—

- (a) a liability for a charge, levy, rate or tax that had accrued on a lot included in scheme A or B before schemes A and B ceased to exist as community titles schemes is not affected; and
- (b) anything done in relation to scheme A or B before the amalgamation continues in effect to the extent that there is no inconsistency with the community management statement recorded for scheme C, including, for example, the following—
 - (i) an application for an order under the dispute resolution provisions;
 - (ii) an order of an adjudicator or court relating to a lot or common property;
 - (iii) liabilities and obligations attaching to the owner of each lot.

(2) If, immediately before their amalgamation, schemes A and B were lots included in another community titles scheme, scheme C becomes, on the amalgamation of schemes A and B, a lot included in the other scheme.

CHAPTER 3—MANAGEMENT OF COMMUNITY TITLES SCHEMES

PART 1—MANAGEMENT STRUCTURES AND ARRANGEMENTS

Division 1—Body corporate’s general functions and powers

Body corporate’s general functions

87.(1) The body corporate for a community titles scheme must—

- (a) administer the common property and body corporate assets for the benefit of the owners of the lots included in the scheme; and
- (b) enforce the community management statement (including the by-laws affecting the common property); and
- (c) carry out the other functions given to the body corporate under this Act and the community management statement.

(2) The body corporate must act reasonably in anything it does under subsection (1).

Body corporate’s general powers

88.(1) The body corporate for a community titles scheme has all the powers necessary for carrying out its functions and may, for example—

- (a) enter into contracts; and
- (b) acquire, hold, deal with, and dispose of property; and
- (c) employ staff.

(2) Without limiting subsection (1), the body corporate has the other powers given to it under this Act or another Act.

Body corporate must not carry on business

89.(1) A body corporate must not carry on a business.

Examples—

A body corporate must not carry on business as—

- a letting agent
- a tour operator
- a restaurant business
- a real estate developer
- a land trader.

(2) However, the body corporate may—

- (a) engage in business activities to the extent necessary for properly carrying out its functions; and
- (b) invest amounts not immediately required for its purposes in the way a trustee may invest trust funds.

Examples for subsection (2)(a)—

1. Leasing part of the common property.
2. Selling body corporate assets no longer required for the scheme.

Division 2—Committee for body corporate

Application of division

90. This division applies if, under the regulation module applying to a community titles scheme, there must be a committee for the body corporate.

Composition and election of committee

91.(1) The committee must be composed in the way provided for in the regulation module.

(2) The members of the committee are elected annually by ballot of the members of the body corporate in the way provided for in the regulation module.

(3) The regulation module may also provide for—

- (a) the term of office of a member of the committee; and
- (b) vacancies on the committee, and the filling of casual vacancies.

Power of committee to act for body corporate

92.(1) A decision of the committee is a decision of the body corporate.

(2) Subsection (1) does not apply to a decision that, under the regulation module, is a decision on a restricted issue for the committee.

(3) Despite anything in a contract with the body corporate (including the engagement of a body corporate manager), a decision of the body corporate manager is void to the extent that it is inconsistent with a decision of the body corporate's committee.

(4) If persons, honestly and reasonably believing that they are the committee for the body corporate, make a decision while purportedly acting as the committee, the decision is taken to be a decision of the committee despite a defect in the election of 1 or more of the persons.

Procedures and powers of committee

93.(1) The procedures and powers of the committee are stated in the regulation module.

(2) Without limiting subsection (1), the committee must put into effect the lawful decisions of the body corporate.

Division 3—Proxies

Committee members' proxies

94. The regulation module applying to a community titles scheme may, for meetings of the committee for the body corporate, provide for the following—

- (a) whether a member of the committee may appoint a person to act as the member's proxy in the absence of the member from a meeting of the committee;
- (b) who may or may not be appointed to act as a member's proxy;
- (c) the way a proxy is appointed;
- (d) the way proxies may be used;
- (e) authority for the body corporate to prohibit the use of proxies for some or all matters;
- (f) the maximum period a person's appointment as a member's proxy may stay in force.

Proxies for body corporate meetings

95. The regulation module applying to a community titles scheme may, for meetings of the body corporate, provide for the following—

- (a) whether a member of the body corporate may appoint a person to act as the member's proxy in a general meeting of the body corporate;
- (b) who may or may not be appointed to act as a member's proxy;
- (c) the way a proxy is appointed;
- (d) the way proxies may be used;
- (e) authority for the body corporate to prohibit the use of proxies for some or all matters;
- (f) the maximum period a person's appointment as a member's proxy may stay in force.

Division 4—Body corporate meetings

Body corporate meetings

96.(1) The body corporate for a community titles scheme (“**scheme A**”) must—

- (a) hold meetings of the types, and for the purposes, prescribed

under the regulation module applying to scheme A; and

- (b) conduct the meetings—
 - (i) in the way prescribed under the regulation module; and
 - (ii) to the extent the regulation module does not prescribe the way to conduct meetings—in the way decided by the body corporate.

(2) The regulation module may include provisions about the representation, on the body corporate for scheme A, of the body corporate for another community titles scheme that is a lot included in scheme A.

Counting of votes for resolution without dissent

97.(1) This section applies if a motion is to be decided by resolution without dissent at a general meeting of the body corporate for a community titles scheme.

(2) One vote only may be exercised for each lot included in the scheme, whether personally, by proxy or in writing.

(3) The motion is passed by resolution without dissent only if no vote is counted against the motion.

Counting of votes for special resolution

98.(1) This section applies if a motion is to be decided by special resolution at a general meeting of the body corporate for a community titles scheme.

(2) One vote only may be exercised for each lot included in the scheme, whether personally, by proxy or in writing.

(3) The motion is passed by special resolution only if—

- (a) the votes counted for the motion are more than the votes counted against the motion; and
- (b) the number of votes counted against the motion are not more than 25% of the number of lots included in the scheme; and
- (c) the total of the contribution schedule lot entitlements for the lots for which votes are counted against the motion is not more than

25% of the total of the contribution schedule lot entitlements for all lots included in the scheme.

Counting of votes for ordinary resolution if no poll requested

99.(1) This section applies if—

- (a) a motion is to be decided by ordinary resolution at a general meeting of the body corporate for a community titles scheme; and
- (b) no poll is requested for the counting of the vote on the motion.

(2) One vote only may be exercised for each lot included in the scheme, whether personally, by proxy or in writing.

(3) The motion is passed by ordinary resolution only if the votes counted for the motion are more than the votes counted against the motion.

Request for poll

100.(1) A person entitled to vote at a general meeting of the body corporate for a community titles scheme may ask for a poll for the counting of the vote on a motion to be decided by ordinary resolution.

(2) The person must ask for the poll—

- (a) in person at the meeting; or
- (b) on the voting paper on which the person votes in respect of the motion, whether or not the person is personally present at the meeting.

(3) The request for a poll—

- (a) may be made whether or not the meeting has already voted on the motion other than by poll; and
- (b) may be withdrawn by the person who made it at any time before the poll is completed.

(4) However, the request under subsection (3)(a) must be made no later than—

- (a) if the motion (“**motion A**”) is not the last motion to be considered at the meeting—before the meeting decides the next

motion to be considered after motion A; or

- (b) if motion A is the last motion to be considered at the meeting—before the meeting ends.

Counting of votes for ordinary resolution if poll requested

101.(1) This section applies if—

- (a) a motion is to be decided by ordinary resolution at a general meeting of the body corporate for a community titles scheme; and
- (b) a poll is properly requested for the counting of the vote on the motion.

(2) One vote only may be exercised for each lot included in the scheme, whether personally, by proxy or in writing.

(3) The motion is passed by ordinary resolution only if the total of the contribution schedule lot entitlements for the lots for which votes are counted for the motion is more than the total of the contribution schedule lot entitlements for the lots for which votes are counted against the motion.

PART 2—BODY CORPORATE MANAGERS, SERVICE CONTRACTORS AND LETTING AGENTS

Division 1—Service contractor engagements and letting agent authorisations

No consideration for engagement or authorisation

102.(1) The body corporate for a community titles scheme must not seek or accept the payment of an amount, or the conferral of a benefit, for—

- (a) the engagement of a person as a service contractor for the scheme (including a replacement or renewal of an engagement of the person as a service contractor); or
- (b) the authorisation of a person as a letting agent for the scheme

(including a replacement or renewal of an authorisation of the person as a letting agent); or

(c) extending the term of—

(i) an engagement of a person as a service contractor for the scheme; or

(ii) an authorisation of a person as a letting agent for the scheme.

(2) If an amount is paid to, or a benefit is accepted by, the body corporate in contravention of subsection (1), the person who paid the amount or conferred the benefit may recover the amount, or the value of the benefit, as a debt.

Limitation on benefit to body corporate under service contractor engagement

103.(1) The engagement of a person as a service contractor for a community titles scheme must not include, whether directly or indirectly, a requirement for the payment of an amount to, or the conferral of a benefit (other than the services the service contractor is engaged to supply) on, the body corporate.

(2) If an amount is paid to, or a benefit is accepted by, the body corporate under a requirement mentioned in subsection (1), the person who paid the amount or conferred the benefit may recover the amount, or the value of the benefit, as a debt.

(3) Subsection (1) does not apply to an amount or benefit representing fair market value for an entitlement conferred (not including the actual engagement as service contractor) by the body corporate under the engagement.

Examples of operation of subsection (3)—

1. If under the engagement the service contractor may make use of a body corporate asset, the engagement might include a requirement for the service contractor to pay an amount of rent for the asset's use. To the extent that the amount is more than a fair rent, the amount would be recoverable under subsection (2).

2. If under the engagement the service contractor may use a part of the common property (for example, utility infrastructure), the engagement might include a requirement for the service contractor to pay an amount of rent for the use of the part of the common property. To the extent that the amount is more than a fair rent, the

amount would be recoverable under subsection (2).

(4) This section applies only to an engagement (including the extension, renewal or replacement of an engagement) the term of which starts after the commencement.

Limitation on benefit to body corporate under letting agent authorisation

104.(1) The authorisation of a person as a letting agent for a community titles scheme must not include, whether directly or indirectly, a requirement for the payment of an amount to, or the conferral of a benefit on, the body corporate.

(2) If an amount is paid to, or a benefit is accepted by, the body corporate under a requirement mentioned in subsection (1), the person who paid the amount or conferred the benefit may recover the amount, or the value of the benefit, as a debt.

(3) Subsection (1) does not apply to an amount or benefit representing fair market value for an entitlement conferred (not including the actual authorisation as letting agent) by the body corporate under the authorisation.

Examples of operation of subsection (3)—

1. If under the authorisation the letting agent may make use of a body corporate asset, the authorisation might include a requirement for the letting agent to pay an amount of rent for the asset's use. To the extent that the amount is more than a fair rent, the amount would be recoverable under subsection (2).

2. If under the authorisation the letting agent may use a part of the common property (for example, utility infrastructure), the authorisation might include a requirement for the service contractor to pay an amount of rent for the use of the part of the common property. To the extent that the amount is more than a fair rent, the amount would be recoverable under subsection (2).

(4) This section applies only to an authorisation (including the extension, renewal or replacement of an authorisation) the term of which starts after the commencement.

Combined engagement and authorisation

105. A contract is not void merely because it includes 2 or more of the following—

- (a) the engagement of a person as a body corporate manager for a community titles scheme;
- (b) the engagement of a person as a service contractor for a community titles scheme;
- (c) the authorisation of a person as a letting agent for a community titles scheme.

Division 2—Delegations

Delegation to body corporate manager

106.(1) The body corporate for a community titles scheme may delegate its powers to a body corporate manager, but only to the extent permitted under subsections (2) and (3).

(2) The body corporate—

- (a) may delegate to the body corporate manager some or all of the powers of the body corporate's committee, or of an executive member of the committee; but
- (b) must not prevent the committee, or an executive member of the committee, from—
 - (i) exercising a delegated power; or
 - (ii) directing the body corporate manager about how a delegated power is to be exercised.

(3) A delegation under subsection (2) may be revoked at any time.

(4) The body corporate may not delegate its powers to a person other than under this section.

Division 3—Regulations

Regulation module

107.(1) The regulation module applying to a community titles scheme may prescribe all or any of the following things about the engagement of a

person as a body corporate manager or service contractor, or the authorisation of a person as a letting agent, for the scheme—

- (a) requirements with which the engagement or authorisation must comply, including, for example, the term of the engagement or authorisation;
- (b) consequences of not complying with the requirements mentioned in paragraph (a);
- (c) extending or renewing the engagement or authorisation;
- (d) particular circumstances under which the engagement or authorisation may or may not be terminated or transferred, despite anything in the engagement or authorisation or in another agreement or arrangement;
- (e) disclosure requirements;
- (f) provisions about the occupation of common property for the engagement or authorisation, including whether the provisions are the only way in which the occupation may be authorised.

(2) Subsection (3) applies to an engagement or authorisation if section 102¹⁸ has previously applied to—

- (a) the engagement or authorisation; or
- (b) the extension of the term of the engagement or authorisation.

(3) The regulation module applying to a community title scheme may also provide for the payment of an amount to the body corporate by the body corporate manager, service contractor or letting agent under the engagement or authorisation if any rights under the engagement or authorisation are transferred to another entity within a period prescribed under the regulation module.

¹⁸ Section 102 (No consideration for engagement or authorisation)

*Division 4—Protection for financier of contract***Definitions for div 4**

108. In this division—

“contract” means the contract or other arrangement under which a person is engaged as a service contractor, or authorised as a letting agent, for a community titles scheme.

“contractor”, for a contract, means a person who, under the contract, is engaged as a service contractor, or authorised as a letting agent.

“financed contract” means a contract for which there is a financier.

“financier” see section 109.

Meaning of “financier” for div 4

109.(1) For this division, a person is a **“financier”** for a contract if a contractor for the contract and the person give written notice signed by each of them to the body corporate under the contract that the person is a financier for the contract.

(2) For this division, a person stops being a **“financier”** for a contract if the person gives the body corporate under the contract a written notice withdrawing the notice given under subsection (1).

(3) A notice under subsection (2) may be given without the contractor’s agreement.

(4) However, a person is a **“financier”** for the contract only if the person is—

- (a) a financial institution; or
- (b) a person who, in the ordinary course of the person’s business, supplies, or might reasonably be expected to supply, finance for business acquisitions, using charges over contracts as the whole or part of the person’s security; or
- (c) if the contract is in existence immediately before the commencement—a person who, at the time the person supplied finance for a business acquisition, using a charge over the contract

as the whole or part of the person's security, was a person mentioned in paragraph (b).

Limitation on termination of financed contract

110.(1) The body corporate under a financed contract may terminate the contract only if—

- (a) the body corporate has given the financier for the contract written notice that the body corporate has the right to terminate the contract; and
- (b) when the notice was given, circumstances existed under which the body corporate had the right to terminate the contract; and
- (c) at least 21 days have passed since the notice was given.

(2) However, the body corporate may not terminate the contract if the financier is, under arrangements between the financier and the contractor for the contract, acting under the contract in the place of the contractor for the contract.

(3) A financier may act under the contract for subsection (2) only if the financier has previously given written notice to the body corporate of the financier's intention to act under the contract.

(4) For acting under the contract for subsection (2), the financier may authorise a person to act for the financier, but only if the body corporate has first approved the person.

(5) For deciding whether to approve a person under subsection (4), the body corporate—

- (a) must act in a way that is reasonable in the circumstance, including acting as quickly as practicable; and
- (b) may have regard only to—
 - (i) the character of the person; and
 - (ii) the competence, qualifications and experience of the person.

(6) However, the body corporate must not—

- (a) unreasonably withhold approval of the person; or
- (b) require or receive a fee or other consideration for approving the

person (other than reimbursement for legal expenses reasonably incurred by the body corporate in relation to the application for its approval).

(7) When the financier is acting under the contract under subsection (2), the subsection does not operate to stop the body corporate from terminating the contract for something done or not done after the financier started to act under the contract.

(8) Nothing in this section stops the ending of a financed contract by the mutual agreement of the body corporate, the contractor and the financier.

Division 5—Change of regulation module

Change of regulation module

111.(1) This section applies to the engagement of a person as a body corporate manager or service contractor, or the authorisation of a person as a letting agent, for a community titles scheme if—

- (a) a new community management statement is recorded in place of the existing statement for the scheme; and
- (b) the new statement identifies, as the regulation module applying to the scheme, a regulation module different from the regulation module (the “**existing regulation module**”) identified in the existing statement.

(2) The provisions of the existing regulation module applying to the engagement or authorisation continue to apply to the engagement or authorisation until the engagement or authorisation, including any renewal or extension of the engagement or authorisation, comes to an end.

Division 6—Review of remuneration

Review of remuneration under engagement of service contractor

112.(1) An order may be made under the dispute resolution provisions to resolve a dispute of the body corporate about the level of remuneration payable under the terms of the engagement of a service contractor for a

community titles scheme if the term of the engagement starts within 3 years after the establishment of the scheme.

(2) However—

- (a) unless in the opinion of the adjudicator it is reasonable in all the circumstances that an order mentioned in subsection (1) be made at an earlier or later time, the order must be applied for not earlier than 3 years after the start of the term of the engagement, and within 4 years after the start of the term of the engagement; and
- (b) the adjudication to which the application for the order is referred by the commissioner must be specialist adjudication; and
- (c) unless the adjudicator otherwise decides—the body corporate is liable for all amounts payable for the specialist adjudication under the dispute resolution provisions.

(3) Only the body corporate may make an application under this section.

(4) This section applies only if the regulation module applying to the scheme states that the service contractor remuneration review provisions of the Act apply to the scheme.

(5) In this section—

“**community titles scheme**” does not include a community titles scheme established under chapter 8, part 1.¹⁹

¹⁹ Chapter 8 (Savings and transitional provisions and amendments of other Acts), part 1 (Transition from 1980 Act)

PART 3—FINANCIAL AND PROPERTY MANAGEMENT

Division 1—Financial management

Financial management arrangements

113.(1) The financial management arrangements applying to a community titles scheme are those stated in the regulation module applying to the scheme.

(2) Without limiting subsection (1), the regulation module applying to a community titles scheme may provide for financial arrangements about the following—

- (a) the budget of the body corporate;
- (b) levying lot owners for contributions, including contributions of an interim nature for the period from the end of a financial year to 30 days after the annual general meeting for the next financial year;
- (c) discounts and penalties relating to the payment of contributions;
- (d) recovery of unpaid contributions;
- (e) funds to be kept by the body corporate;
- (f) powers and restrictions relating to borrowing;
- (g) application of amounts in funds;
- (h) spending limitations applying to the body corporate, and spending limitations applying to the committee for the body corporate;
- (i) keeping accounts and preparing statements of accounts;
- (j) auditing of statements of accounts.

(3) To avoid doubt, it is declared that the financial management arrangements contained in a regulation module applying to a community titles scheme may impose obligations and limitations on both the body corporate (including the committee for the body corporate) and lot owners.

Division 2—Property management

Body corporate's duties about common property etc.

114.(1) The body corporate for a community titles scheme must—

- (a) administer, manage and control the common property and body corporate assets reasonably and for the benefit of lot owners; and
- (b) comply with the obligations with regard to common property and body corporate assets imposed under the regulation module applying to the scheme.

(2) Nothing in this part, or in a regulation made under this part, stops—

- (a) an item of personal property that is a body corporate asset from becoming part of the common property because of its physical incorporation with common property; or
- (b) a part of common property from becoming a body corporate asset because of its physical separation from common property.

Mail box and notice board

115. The body corporate for a community titles scheme must comply with the mail box and notice board requirements prescribed under the regulation module applying to the scheme.

Disposal of interest in and leasing or licensing of common property

116.(1) The body corporate for a community titles scheme may sell or otherwise dispose of common property in the way, and to the extent, authorised under the regulation module applying to the scheme.

(2) The body corporate may grant or amend a lease or licence over common property in the way, and to the extent, authorised under the regulation module applying to the scheme.

Easements

117.(1) The body corporate for a community titles scheme may grant an easement over the common property, or accept the grant of an easement for

the benefit of the common property, in the way, and to the extent, authorised under the regulation module applying to the scheme.

(2) The body corporate may surrender an easement that is for the benefit of the common property, or accept the surrender of an easement over the common property, in the way, and to the extent, authorised under the regulation module applying to the scheme.

Acquisition of amenities for benefit of lot owners

118.(1) The body corporate for a community titles scheme may acquire, and enter into agreements about the use of, real and personal property in the way, and to the extent, authorised under the regulation module applying to the scheme.

(2) This section does not apply to agreements about common property.

Dealing with (including disposing of) interest in body corporate asset

119. The body corporate for a community titles scheme may deal with (including dispose of) body corporate assets in the way, and to the extent, authorised under the regulation module applying to the scheme.

120. The body corporate for a community titles scheme may supply, or engage another person to supply, services for the benefit of owners and occupiers of lots in the way, and to the extent, authorised under the regulation module applying to the scheme.²⁰

Improvements to common property

121.(1) The regulation module applying to a community titles scheme may provide for making improvements to the common property, including making improvements for the benefit of the owner of a lot included in the scheme.

(2) Without limiting subsection (1), the regulation module may include

²⁰ A body corporate is not permitted to carry on a business (see section 89).

provisions about—

- (a) who may make improvements; and
- (b) the circumstances under which the improvements may be made; and
- (c) the way the improvements may be made.

Obligations of owners and occupiers to maintain

122. The regulation module applying to a community titles scheme may impose obligations about the condition in which lots included in the scheme must be maintained.

Body corporate's authority to carry out work of owners and occupiers

123. The regulation module applying to a community titles scheme may authorise the body corporate, in circumstances specified in the regulation module, to carry out work the owner or occupier of a lot is obliged to carry out, and to recover reasonable costs of carrying out the work from the owner of the lot as a debt.

Body corporate's power to remedy defective building work

124. The regulation module applying to a community titles scheme may authorise the body corporate to bring a proceeding under the *Queensland Building Services Authority Act 1991* or another law to have remedied a defect in building work carried out for the owner of a lot included in the scheme if, because of the defect, the support or shelter of another part of scheme land is, or is likely to be, adversely affected.

Power to enter lot

125.(1) A person (an “**authorised person**”) authorised by the body corporate for a community titles scheme may enter a lot included in the scheme, or common property the subject of an exclusive use by-law, and remain on the lot or common property while it is reasonably necessary—

- (a) to inspect the lot or common property and find out whether work the body corporate is authorised or required to carry out is

necessary; or

- (b) to carry out work the body corporate is authorised or required to carry out.

(2) The power of entry may be exercised—

- (a) in an emergency—at any time; and

- (b) in other cases—

- (i) for entry to the lot mentioned in subsection (1)—at a reasonable time after at least 7 days notice of the intended entry has been given to—

- (A) the owner of the lot; or

- (B) if the owner is not in occupation of the lot—the occupier of the lot; and

- (ii) for entry to the common property mentioned in subsection (1)—at a reasonable time after at least 7 days notice of the intended entry has been given to—

- (A) the owner of the lot to which the exclusive use by-law attaches; or

- (B) if the owner of the lot mentioned in sub-subparagraph (A) is not in occupation of the common property—the occupier of the common property; and

- (iii) in compliance with the security or other arrangements or requirements ordinarily applying for persons entering the lot or the common property.

(3) If the scheme is other than a basic scheme, the power of entry to a lot or common property the subject of an exclusive use by-law conferred under this section includes power to enter the scheme land for a community titles scheme (the “**subsidiary scheme**”) that is a lot included in the scheme.

(4) If subsection (3) applies, notice of intended entry must be given to—

- (a) the body corporate for the subsidiary scheme; and

- (b) if scheme land to be entered is a lot that is not itself a community titles scheme—

- (i) the owner of the lot; or
 - (ii) if the owner is not in occupation of the lot—the occupier of the lot; and
- (c) if scheme land to be entered is common property the subject of an exclusive use by-law for the subsidiary scheme—
- (i) the owner of the lot to which the exclusive use by-law attaches; or
 - (ii) if the owner of the lot mentioned in subparagraph (i) is not in occupation of the common property—the occupier of the common property.

(5) A person must not obstruct an authorised person who is exercising or attempting to exercise powers under this section.

Maximum penalty for subsection (5)—20 penalty units.

PART 4—CONDUCT OF OCCUPIERS

Definition for pt 4

126.(1) In this part—

“**occupier**”, of a lot included in a community titles scheme, includes—

- (a) if there is no occupier of the lot, the owner of the lot; and
- (b) if the lot is a subsidiary scheme—the body corporate for the subsidiary scheme.

(2) For this part, if a lot referred to is a community titles scheme, the reference includes a reference to the scheme land for the scheme.

Interference with easements of support or shelter

127. The occupier of a lot included in a community titles scheme must not interfere, or permit interference, with support or shelter provided by the

lot for another lot included in, or the common property for, the scheme.

Maximum penalty—100 penalty units.

Interference with utility services

128. The occupier of a lot included in a community titles scheme must not, either within or outside the lot, interfere, or permit interference, with utility infrastructure or utility services in a way that may affect the supply of utility services to another lot included in, or the common property for, the scheme.

Maximum penalty—100 penalty units.

Nuisances

129. The occupier of a lot included in a community titles scheme must not use, or permit the use of, the lot or the common property in a way that—

- (a) causes a nuisance or hazard; or
- (b) interferes unreasonably with the use or enjoyment of another lot included in the scheme; or
- (c) interferes unreasonably with the use or enjoyment of the common property by a person who is lawfully on the common property.

PART 5—BY-LAWS

Division 1—By-laws generally

Meaning of “by-laws”

130.(1) “By-laws”, for a community titles scheme, are provisions that appear in the community management statement under the heading of “BY-LAWS”.

(2) However, if the community management statement does not include provisions that are, or that purport to be, the by-laws for the scheme, the “**by-laws**” for the scheme are the provisions stated in schedule 2.

Content and extent of by-laws

131.(1) The by-laws for a community titles scheme may only provide for the following—

- (a) the administration, management and control of common property and body corporate assets;
- (b) regulation of, including conditions applying to, the use and enjoyment of—
 - (i) lots included in the scheme; and
 - (ii) common property, including utility infrastructure; and
 - (iii) body corporate assets, including easement areas relevant to common property; and
 - (iv) services and amenities supplied by the body corporate;
- (c) other matters this Act permits to be included in by-laws.

(2) If there is an inconsistency between a by-law and a provision (the “**other provision**”) of the community management statement that is not a by-law, the other provision, to the extent of the inconsistency, prevails.

Division 2—Exclusive use by-laws

Definitions for div 2

132. In this division—

“**agreed allocation**” see section 134(1)(b)(ii).

“**authorised allocation**” see section 134(1)(b)(i).

“**reallocation agreement**” means an agreement in writing under which 2 or more owners of lots for which allocations are in place under an

exclusive use by-law agree to redistribute the allocations between the lots.

“**subsequent statement**” see section 137(3).

Meaning of “exclusive use by-law”

133.(1) An “**exclusive use by-law**”, for a community titles scheme, is a by-law that attaches to a lot included in the scheme, and gives the occupier of the lot for the time being exclusive use to the rights and enjoyment of, or other special rights about—

- (a) common property; or
- (b) a body corporate asset.

(2) If an exclusive use by-law attaches to a lot that is another community titles scheme, the exclusive use or other rights are for the benefit of the other scheme.

Requirements for exclusive use by-law

134.(1) The common property or body corporate asset to which an exclusive use by-law for a community titles scheme applies must be—

- (a) specifically identified in the by-law; or
- (b) allocated—
 - (i) by a person (who may be the original owner or the original owner’s agent) authorised under the by-law to make the allocation (an “**authorised allocation**”); or
 - (ii) by 2 or more lot owners under a reallocation agreement (an “**agreed allocation**”).

(2) An exclusive use by-law that specifically identifies the common property or body corporate asset to which it applies, other than an exclusive use by-law contained in the first community management statement for the scheme—

- (a) may attach to a lot only if the lot owner agrees in writing before the passing of the resolution without dissent consenting to the recording of the new community management statement to

incorporate the exclusive use by-law; and

- (b) may stop applying to the lot only if the lot owner agrees in writing before the passing of the resolution without dissent consenting to the recording of the new community management statement that does not incorporate the exclusive use by-law.

(3) If an exclusive use by-law authorises the allocation of common property or a body corporate asset for the purpose of the by-law—

- (a) the by-law may attach to a lot on the basis of an authorised allocation only if the lot owner agrees in writing before the allocation of the common property or body corporate asset to which the by-law applies; and
- (b) the by-law may stop applying to the lot only if the lot owner agrees in writing before—
 - (i) the allocation is revoked under the by-law (if the by-law provides for the revocation of an allocation); or
 - (ii) the passing of the resolution without dissent consenting to the recording of the new community management statement that does not incorporate the exclusive use by-law.

Identification of subject matter of exclusive use by-laws

135. Before the registrar records a community management statement that includes an exclusive use by-law, the registrar may require the common property or body corporate asset the subject of the by-law to be identified in a plan, or in another way the registrar directs, to avoid doubt about the extent of the common property, or about the identification or extent of the body corporate asset, that is the subject of the by-law.

Regulation of exclusive use by-laws

136. The regulation module applying to the scheme may make provision about—

- (a) the inclusion of conditions in an exclusive use by-law (including conditions about payments to be made by the owner of the lot to which the by-law attaches); and

- (b) obligations imposed on the owner of a lot to which the by-law attaches (including obligations that would otherwise be obligations of the body corporate); and
- (c) authorisation given under an exclusive use by-law for the making of improvements; and
- (d) recovery of amounts payable under an exclusive use by-law.

Making and notifying allocations

137.(1) An authorised allocation has no effect unless—

- (a) the allocation is made within 12 months after the recording of the community management statement that first includes the exclusive use by-law; and
- (b) details of the allocation are given to the body corporate.

(2) An agreed allocation has no effect unless details of the allocation are given to the body corporate.

(3) Within 3 months, or a longer time stated in an order of an adjudicator under the dispute resolution provisions, after the end of the 12 months mentioned in subsection (1)(a), the body corporate must lodge with the registrar a request to record a new community management statement (the “**subsequent statement**”) showing—

- (a) all authorised allocations made in the 12 months; and
- (b) all authorised and agreed allocations currently in place when the body corporate consented to the recording of the subsequent statement.

(4) If the body corporate fails to comply with subsection (3), all authorised and agreed allocations made before the end of the 12 months mentioned in subsection (1)(a) cease to have effect.

(5) An order mentioned in subsection (3) may be sought or made before or after the 3 months mentioned in the subsection end, and if the order is made after the 3 months end, the allocation is taken to have remained in effect despite the 3 months having ended.

Making and notifying further allocations

138.(1) Within 3 months, or a longer time stated in an order of an adjudicator under the dispute resolution provisions, after the taking effect of an authorised or agreed allocation (a “**further allocation**”) (other than an allocation included in a subsequent statement), the body corporate must lodge with the registrar a request to record a new community management statement showing all allocations currently in place when the body corporate consented to the recording of the new statement.

(2) If the body corporate fails to comply with subsection (1), the further allocation ceases to have effect.

(3) An order mentioned in subsection (1) may be sought or made before or after the 3 months mentioned in the subsection end, and if the order is made after the 3 months end, the allocation is taken to have remained in effect despite the 3 months having ended.

Prohibited matters for exclusive use by-laws

139.(1) An exclusive use by-law must not give exclusive use to the rights and enjoyment of, or other special rights about, utility infrastructure that is common property or a body corporate asset.

(2) An exclusive use by-law cannot prohibit allocations under reallocation agreements.

Review of exclusive use by-law

140.(1) This section applies if—

- (a) an exclusive use by-law is in force for a community titles scheme; and
- (b) the owner of the lot to which the exclusive use by-law attaches stops being a body corporate manager, service contractor or letting agent for the scheme; and
- (c) one of the following applies—
 - (i) the exclusive use by-law is not for the purposes of the continuing engagement or authorisation of the lot owner as a body corporate manager, service contractor or letting agent

for the scheme;

- (ii) the lot owner is no longer a body corporate manager, service contractor or letting agent for the scheme.

(2) An order may be made under the dispute resolution provisions to resolve a dispute about whether the exclusive use by-law should be continued in force, having regard especially to the interests of all owners of lots included in the scheme in the use and enjoyment of their lots and of the common property for the scheme.

(3) The order may include provision for either or both of the following—

- (a) the lodging of a request with the registrar for the recording of a new community management statement for the scheme, omitting the exclusive use by-law;
- (b) the payment by the body corporate of compensation to the owner of the lot to which the exclusive use by-law attaches.

(4) The adjudication to which the application for an order under this section must be referred must be specialist adjudication, and unless the adjudicator otherwise decides, the body corporate is liable for all amounts payable for the specialist adjudication.

(5) An application for an order under this section may be made only by the body corporate.

Division 3—Other matters about by-laws

Commencement of by-laws

141. A by-law comes into force on the day the registrar records the community management statement containing the by-law or a later date stated in the by-law.

Limitations for by-laws

142.(1) If a by-law is inconsistent with this Act or another Act, the by-law is invalid to the extent of the inconsistency.

(2) If a lot may lawfully be used for residential purposes, the by-laws

cannot restrict the type of residential use.

(3) A by-law cannot prevent or restrict a transmission, transfer, mortgage or other dealing with a lot.

Examples—

1. A by-law cannot prevent the owner of a lot from leasing or mortgaging a lot.
2. A by-law cannot prevent the sale of a lot to a person under or over a particular age.

(4) A by-law must not discriminate between types of occupiers.

Example—

A by-law cannot prevent a tenant from using a pool on the common property.

(5) A by-law (other than an exclusive use by-law) must not impose a monetary liability on the owner or occupier of a lot included in a community titles scheme.

Guide dogs

143.(1) A person mentioned in the *Guide Dogs Act 1972*, section 5,²¹ who has the right to be on a lot included in a community titles scheme, or on the common property, has the right to be accompanied by a guide dog while on the lot or common property.

(2) A person mentioned in subsection (1) who is the owner or occupier of a lot included in a community titles scheme has the right to keep a guide dog on the lot.

(3) A by-law cannot exclude or restrict a right given by this section.

Division 4—By-law contraventions

Continuing contravention notice

144.(1) This section applies if the body corporate for a community titles scheme reasonably believes that—

- (a) a person (the “**person**”) who is the owner or occupier of a lot

²¹ Section 5 (Blind or deaf persons may be accompanied by guide dogs)

included in the scheme is contravening a provision of the by-laws for the scheme; and

- (b) the circumstances of the contravention make it likely that the contravention will continue.

(2) The body corporate may, by notice (a “**continuing contravention notice**”) given to the person, require the person to remedy the contravention.

(3) The continuing contravention notice must state—

- (a) that the body corporate believes the person is contravening a provision of the by-laws; and
- (b) the provision the body corporate believes is being contravened; and
- (c) details sufficient to identify the contravention; and
- (d) the period (which must be reasonable in the circumstances) within which the person must remedy the contravention; and
- (e) that if the person does not comply with the notice the body corporate may, without further notice, start proceedings in the Magistrates Court for the failure to comply with the notice.

(4) The person must comply with the continuing contravention notice.

Maximum penalty—5 penalty units.

(5) However, the person does not commit an offence under subsection (4) if, when the continuing contravention notice is given to the person, the person is not contravening the provision mentioned in subsection (1)(a) in the way detailed for subsection (3)(c).

Future contravention notice

145.(1) This section applies if the body corporate for a community titles scheme reasonably believes that—

- (a) a person (the “**person**”) who is the owner or occupier of a lot included in a community titles scheme has contravened a provision of the by-laws for the scheme; and
- (b) the circumstances of the contravention make it likely that the

contravention will be repeated.

(2) The body corporate may, by notice (a “**future contravention notice**”) given to the person, require the person not to repeat the contravention.

(3) The future contravention notice must state—

- (a) that the body corporate believes the person has contravened a provision of the by-laws; and
- (b) the provision the body corporate believes has been contravened; and
- (c) details sufficient to identify the contravention; and
- (d) that the person must not repeat the contravention; and
- (e) that if the person does not comply with the notice the body corporate may, without further notice, start proceedings in the Magistrates Court for the failure to comply with the notice.

(4) The future contravention notice has effect for—

- (a) 3 months after it is given to the person; or
- (b) a shorter period mentioned in the notice.

(5) The person must comply with the future contravention notice.

Maximum penalty—5 penalty units.

(6) However, the person does not commit an offence under subsection (5) if, when the future contravention notice is given to the person, the person has not contravened the provision mentioned in subsection (1)(a) in the way detailed for subsection (3)(c).

Who may start proceeding

146. A proceeding for an offence under this division may be started only by the body corporate that gave the continuing contravention notice or future contravention notice the subject of the proceeding.

PART 6—INSURANCE

Regulation module may require body corporate to insure

147.(1) The regulation module applying to a community titles scheme may require the body corporate to put in place insurance for the scheme.

(2) To avoid doubt, it is declared that—

- (a)** the body corporate may put in place for the scheme, in the way and to the extent the body corporate decides, additional insurance to the insurance it is required to put in place under the regulation module applying to the scheme; and
- (b)** this part does not affect any obligation the body corporate may have under another Act to put insurance in place.

Insurable interest

148. The body corporate for a community titles scheme has an insurable interest for the purpose of the insurance it is required to put in place under the regulation module applying to the scheme.

Responsibility of original owner

149.(1) This section applies to a person who on the establishment of a community titles scheme becomes the original owner for the scheme.

(2) The person must ensure that when the scheme is established, policies of insurance that are required for the scheme under the regulation module applying to the scheme are immediately in force for 12 months.

Maximum penalty—150 penalty units.

(3) If the person does not take out the insurance required under subsection (2), the body corporate, or other entity that is required to take out insurance, may recover the cost of taking out the required insurance as a debt owing to the body corporate or other entity by the person.

(4) This section does not prevent the person from recouping the costs of the insurance for the balance of the period for which it was taken out from the buyers of lots included in the scheme, by agreement.

Mortgagees

150.(1) This section applies if, for a community titles scheme—

- (a) there is a registered mortgagee of a lot included in the scheme; and
- (b) there is in place insurance required under the regulation module applying to the scheme.

(2) The mortgagee's interest in the lot mentioned in subsection (1)(a) is taken to be noted on the policy for the insurance mentioned in subsection (1)(b).

CHAPTER 4—ADMINISTRATIVE MATTERS

PART 1—VALUATION, RATING AND TAXATION

How lot is to be regarded for rating or taxing purposes

151. Each lot that is scheme land for a community titles scheme is a separate lot, piece or parcel of land for a law imposing charges, levies, rates or taxes on land.

Charges, levies, rates and taxes for community titles scheme

152.(1) For calculating the unimproved value of a lot included in a community titles scheme for the purpose of a charge, levy, rate or tax payable to a local government, the commissioner under the *Land Tax Act 1915* or other authority, the unimproved value of the scheme land is apportioned between the lots included in the scheme in proportion to the interest schedule lot entitlement for each lot.

(2) Subject to section 155,²² the body corporate is not liable for a charge, levy, rate or tax on the common property based on the unimproved value of

²² Section 155 (Effect of scheme change on liability for charges etc.)

land.

Examples of operation of this section—

1. If the unimproved value of the scheme land for a basic scheme that includes 3 lots, each with the same interest schedule lot entitlement, is \$120 000, the unimproved value for each lot is \$40 000. Effectively, each lot's unimproved value includes a component for the value of the common property.

2. This example applies to a community titles scheme (“**scheme A**”) that is not a basic scheme but includes 2 lots (and common property), with each lot being a basic scheme (“**scheme B**” and “**scheme C**”), each having the same interest schedule lot entitlement listed for it in scheme A's interest schedule. If the unimproved value of the scheme land for scheme A is \$800 000, the unimproved value for scheme B's scheme land is \$400 000. To calculate the unimproved value of each lot included in scheme B, the figure of \$400 000 must be apportioned between the lots included in scheme B according to the interest schedule lot entitlements of those lots as listed in scheme B's interest schedule.

Utility services separately measured, supplied and charged

153.(1) The body corporate for a community titles scheme is liable for a charge for water, gas, sewerage, cleansing or another utility service supplied to the common property if the charge is—

- (a) for a utility service that is separately measured for its supply to the common property; and
- (b) separately charged to the body corporate; and
- (c) calculated in a way that is unrelated to the unimproved value of land.

Example—

The body corporate is liable for charges made by the local government for water, separately measured and supplied to the common property for gardens or a swimming pool, and, if appropriately levied by the local government, for a flat rate fee applying in relation to the supply of water to the common property.

(2) The owner of a lot included in the scheme is liable for a charge for water, gas, sewerage, cleansing or another utility service supplied to the lot if the charge is—

- (a) for a utility service that is separately measured for its supply to the lot; and
- (b) separately charged to the lot owner; and

- (c) calculated in a way that is unrelated to the unimproved value of land.

Utility services not separately charged for

154.(1) This section applies to a community titles scheme if—

- (a) there is no practicable way available to the supplier (the “**utility service provider**”) of water, gas, sewerage, cleansing or another utility service to scheme land to measure the extent to which the utility service is supplied to—
 - (i) each lot included in the scheme; and
 - (ii) if the utility service is also supplied to the common property—the common property; and
- (b) the supply of the utility service to scheme land is charged according to usage, and is not charged for on the basis of the unimproved value of land.

(2) A lot owner is liable to the utility service provider for a share of the total amount payable for the provision of the utility service to scheme land.

(3) The share is proportionate to the contribution schedule lot entitlement for the lot.

(4) However, the body corporate may, by arrangement with the utility service provider, take on liability for owners or occupiers of the lots for the utility service supplied for the benefit of owners or occupiers.

(5) If an arrangement is in force under subsection (4), the utility service provider cannot separately charge the owners or occupiers for the utility service to which the arrangement relates, and—

- (a) the body corporate must satisfy the liability to the utility service provider out of the contributions paid by lot owners to the body corporate under the regulation module applying to the scheme; or
- (b) if the body corporate has a way of measuring the extent to which the utility service is supplied to each lot—the body corporate may levy the individual lot owners according to the extent of supply.

(6) In this section—

“**utility service provider**” includes a local government in whose local government area scheme land is located.

Effect of scheme change on liability for charges etc.

155.(1) If a liability to pay charges, levies, rates or taxes on a lot included in a community titles scheme arises and, before the amount of the liability is paid, the scheme is changed so that the lot or part of the lot is incorporated with another lot included in, or common property for, the scheme, the liability is enforceable jointly and severally against—

- (a) the person who was the owner of the lot when the liability arose; and
- (b) if the lot or part of the lot is incorporated with another lot included in the scheme—the owner of the other lot; and
- (c) if the lot or part of the lot is incorporated with common property—the body corporate.

(2) If a liability to pay charges, levies, rates or taxes on a lot included in a community titles scheme (“**scheme A**”) arises and, before the amount of the liability is paid, scheme A is changed so that the lot or part of the lot becomes scheme land for another community titles scheme (“**scheme B**”) that is a subsidiary scheme for scheme A, the liability is enforceable jointly and severally against—

- (a) the person who was the owner of the lot when the liability arose; and
- (b) the body corporate for scheme B.

(3) This section does not apply to a rate or charge owing to a local government, to the extent that it is inconsistent with arrangements in force under the *Local Government Act 1993* and the local laws of the local government.

Apportionment of statutory charge

156. If a local government or other entity carries out work on common property for a community titles scheme and a statutory charge for the work would, if the land forming the common property were a single undivided allotment, be a charge on the land—

- (a) the charge attaches to each lot included in the scheme proportionate to the interest schedule lot entitlement of the lot (the “**appropriate proportion**”); and
- (b) a lot may be discharged from the charge by payment of the appropriate proportion of the total amount of the charge.

No application to body corporate assets

157. To avoid doubt, it is declared that the provisions of this part have no application to charges, levies, rates or taxes payable by the body corporate, whether to a local government or to someone else, on the basis of the body corporate’s ownership of body corporate assets.

PART 2—RECORDS

Division 1—Notices

Notice of transfer and other matters

158. The regulation module applying to a community titles scheme may prescribe requirements about the giving of notices to the body corporate on the transfer of the ownership of a lot included in the scheme or on the happening of other events affecting the lot.

Notice of intention not to proceed to enforce mortgage

159.(1) If a mortgagee in possession of a lot included in a community titles scheme decides not to enforce the mortgage, the mortgagee must immediately give written notice of the decision to the body corporate.

Maximum penalty—20 penalty units.

(2) On giving the written notice, the mortgagee ceases to be a mortgagee in possession of the lot and is not the owner of the lot under this Act.

Body corporate may require information to be given

160.(1) If the body corporate for a community titles scheme suspects on reasonable ground that a person should have, but has not, given a notice (the “**earlier notice**”) under this division (including under a provision of a regulation module made under this division), the body corporate may, by written notice given to the person, require the person to give to the body corporate, within a stated reasonable time (of at least 28 days after the notice is given), a written notice containing the information the body corporate reasonably requires to decide whether the person should have given the earlier notice.

(2) If the body corporate for a community titles scheme is satisfied that a person should have, but has not, given a notice (also the “**earlier notice**”) under this division (including under a provision of a regulation module made under this division), the body corporate may, by written notice given to the person, require the person to give to the body corporate, within a stated reasonable time (of at least 28 days after the notice is given), a written notice containing the information required to have been included in the earlier notice.

(3) If a body corporate gives a person a notice under subsection (1) or (2), the person must comply with the notice unless the person has a reasonable excuse.

Maximum penalty for subsection (3)—20 penalty units.

Division 2—Records and provision of information**Regulation module**

161. The body corporate for a community titles scheme must keep rolls, registers and other documents, must give access to them, and may dispose of them, in the way, and to the extent, provided for in the regulation module applying to the scheme.

Information to be given to interested persons

162.(1) This section provides for the giving of information by the body corporate for a community titles scheme from the body corporate’s records.

(2) Within 7 days after receiving a written request from an interested person accompanied by the fee prescribed under the regulation module applying to the scheme, the body corporate must—

- (a) permit the person to inspect the body corporate's records; or
- (b) give the person a copy of a record kept by the body corporate.

(3) The body corporate must, within 7 days after receiving a written request from an interested person accompanied by the fee prescribed under the regulation module applying to the scheme, issue a certificate (a **“body corporate information certificate”**) in the approved form giving financial and other information about the lot.

(4) A person who obtains a certificate under subsection (3) may rely on the certificate against the body corporate as conclusive evidence of matters stated in the certificate, other than to the extent to which the certificate contains an error that is reasonably apparent.

(5) In this section—

“interested person” means—

- (a) the owner, or a mortgagee, of a lot included in the scheme; or
- (b) the buyer of a lot included in the scheme; or
- (c) another person who satisfies the body corporate of a proper interest in the information sought; or
- (d) the agent of a person mentioned in paragraph (a), (b) or (c).

CHAPTER 5—SALE OF LOTS

PART 1—EXISTING LOTS

Statement to be given by seller to buyer

163.(1) The seller (the **“seller”**) of a lot included in a community titles scheme (including the original owner of scheme land, or a mortgagee exercising a power of sale of the lot) must give a person (the **“buyer”**) who

proposes to buy the lot, before the buyer enters into a contract (the “**contract**”) to buy the lot, a statement (the “**statement**”) complying with this subsections (2) to (4).

(2) The statement must—

- (a) state the name, address and contact telephone number for—
 - (i) the secretary of the body corporate; or
 - (ii) if it is the duty of a body corporate manager to act for the body corporate for issuing body corporate information certificates—the manager; and
- (b) state the amount of annual contributions currently fixed by the body corporate as payable by the owner of the lot; and
- (c) identify improvements on common property for which the owner is responsible; and
- (d) identify the regulation module applying to the scheme; and
- (e) list all body corporate assets required to be recorded on a register maintained by the body corporate; and
- (f) include other information prescribed under the regulation module applying to the scheme.

(3) The statement must be signed by the seller or a person authorised by the seller.

(4) The statement must be substantially complete.

(5) The seller must attach to the contract, as a first or top sheet, an information sheet (the “**information sheet**”) in the approved form.

(6) The buyer may cancel the contract if—

- (a) the seller has not complied with subsections (1) and (5); and
- (b) the contract has not already been settled.

(7) The seller does not fail to comply with subsection (1) merely because the statement, although substantially complete as at the day the contract is entered into, contains inaccuracies.

Contents of contract

164. When the contract is entered into, its provisions—

- (a) include the statement and all material accompanying the statement; but
- (b) do not include the information sheet.

Buyer may rely on information

165. The buyer may rely on information in the statement as if the seller had warranted its accuracy.

Cancelling contract for inaccuracy of statement

166.(1) The buyer may cancel the contract if—

- (a) it has not already been settled; and
- (b) at least 1 of the following applies—
 - (i) the statement is inaccurate, and the buyer would be materially prejudiced if compelled to complete the contract, given the statement's inaccuracy, but only to the extent that the statement was inaccurate when the contract was entered into;
 - (ii) despite reasonable efforts by the buyer, the buyer has not been able to verify the information contained in the statement; and
- (c) the cancellation is effected by written notice given to the seller—
 - (i) notifying the seller that the contract is cancelled; and
 - (ii) if the buyer relies on paragraph (b)(ii) for cancelling the contract—advising the seller of the efforts made by the buyer under the paragraph.

(2) The written notice mentioned in subsection (1)(c) must be given to the seller within 14 days, or a longer period agreed between the buyer and seller, after the contract was entered into.

(3) In a proceeding in which it is alleged that the buyer did not make

reasonable efforts under subsection (1)(b)(ii), the onus is on the buyer to prove the buyer made reasonable efforts.

Cancellation under this part

167. If the buyer cancels the contract under this part, the seller must repay to the buyer any amount paid to the seller (including the seller's agent) towards the purchase of the lot the subject of the contract.

Restriction on powers of attorney in favour of original owner

168.(1) If the seller is the original owner, and the buyer gives the seller a power of attorney to act for the buyer, the power may be exercised only in ways, and only for purposes, disclosed in a written statement given to the buyer before the power is given.

(2) The statement must include a detailed description of the circumstances in which the power may be exercised.

(3) A power of attorney mentioned in subsection (1), unless it sooner expires, expires 1 year after it is given.

PART 2—PROPOSED LOTS

Division 1—Basic limitation on sale of proposed lots

Cancellation for not complying with basic requirements

169.(1) A contract entered into by a person (the “**seller**”) with another person (the “**buyer**”) for the sale to the buyer of a lot intended to come into existence as a lot included in a community titles scheme when the scheme is established must provide that settlement must not take place earlier than 14 days after the seller gives advice to the buyer that the scheme has been established.

(2) Also, when the contract is entered into, there must be a proposed community management statement for the scheme.

- (3) The buyer may cancel the contract if—
- (a) there has been a contravention of subsection (1) or (2); and
 - (b) the contract has not already been settled.

Division 2—Statements about proposed lots

Statement to be given by seller to buyer

170.(1) Before a contract (the “**contract**”) is entered into by a person (the “**seller**”) with another person (the “**buyer**”) for the sale to the buyer of a lot (the “**proposed lot**”) intended to come into existence as a lot included in a community titles scheme when the scheme is established, the seller must give the buyer a statement (the “**first statement**”) complying with subsections (2) to (4).

- (2) The first statement—
- (a) must state the amount of annual contributions reasonably expected to be payable to the body corporate by the owner of the proposed lot; and
 - (b) must include, for any proposed engagement of a person as a body corporate manager or service contractor for the scheme proposed to be entered into after the establishment of the scheme—
 - (i) the terms of the engagement; and
 - (ii) the estimated cost of the engagement to the body corporate; and
 - (iii) the proportion of the cost to be borne by the owner of the proposed lot; and
 - (c) must include, for any proposed authorisation of a person as a letting agent for the scheme proposed to be given after the establishment of the scheme, the terms of the authorisation; and
 - (d) must include details of all body corporate assets proposed to be acquired by the body corporate after the establishment of the scheme; and
 - (e) must be accompanied by—

- (i) the proposed community management statement; and
 - (ii) if the scheme is proposed to be established as a subsidiary scheme—the existing or proposed community management statement of each scheme of which the proposed subsidiary scheme is proposed to be a subsidiary; and
- (f) must include other matters prescribed under the regulation module applying to the scheme.
- (3) The first statement must be signed by the seller or a person authorised by the seller.
- (4) The first statement must be substantially complete.
- (5) The seller must attach to the contract, as a first or top sheet, an information sheet (the “**information sheet**”) in the approved form.
- (6) The buyer may cancel the contract if—
- (a) the seller has not complied with subsections (1) and (5); and
 - (b) the contract has not already been settled.
- (7) The seller does not fail to comply with subsection (1) merely because the first statement, although substantially complete as at the day the contract is entered into, contains inaccuracies.

Variation of first statement by further statement

171.(1) This section applies if the contract has not been settled, and—

- (a) the seller becomes aware that information contained in the first statement was inaccurate as at the day the contract was entered into; or
 - (b) the first statement would not be accurate if now given as a first statement.
- (2) The seller must, within 14 days (or a longer period agreed between the buyer and seller) after subsection (1) starts to apply, give the buyer a further statement (the “**further statement**”) rectifying the inaccuracies in the first statement.
- (3) The further statement must be endorsed with a date (the “**further statement date**”), and must be signed, by the seller or a person authorised

by the seller.

(4) The buyer may cancel the contract if—

- (a) it has not already been settled; and
- (b) the buyer would be materially prejudiced if compelled to complete the contract, given the extent to which the first statement was, or has become, inaccurate; and
- (c) the cancellation is effected by written notice given to the seller within 14 days, or a longer period agreed between the buyer and seller, after the seller gives the buyer the further statement.

(5) Subsections (1) to (4) continue to apply after the further statement is given, on the basis that the first statement is taken to be constituted by the first statement and any further statement, and the first statement date is taken to be the most recent further statement date.

Statements and information sheet form part of contract

172.(1) The first statement, and any material accompanying the first statement, and each further statement and any material accompanying each further statement, form part of the provisions of the contract.

(2) The information sheet does not form part of the provisions of the contract.

Buyer may rely on information

173. The buyer may rely on information in the first statement and each further statement as if the seller had warranted its accuracy.

Cancelling contract for inaccuracy of statement

174. The buyer may cancel the contract if—

- (a) it has not already been settled; and
- (b) at least 1 of the following applies—
 - (i) the community management statement recorded for the scheme on its establishment is different from the proposed community management statement most recently advised to

the buyer;

- (ii) a community management statement, to which the recorded community management statement mentioned in subparagraph (i) is subject, is different from a proposed or existing community management statement previously advised to the buyer;
 - (iii) information disclosed in the first statement, as rectified by any further statement, is inaccurate; and
- (c) because of a difference or inaccuracy under paragraph (b), the buyer would be materially prejudiced if compelled to complete the contract; and
- (d) the cancellation is effected by written notice given to the seller within 14 days, or a longer period agreed between the buyer and seller, after the scheme is established.

Cancellation under this part

175. If the buyer cancels a contract under this part, the seller must repay to the buyer any amount paid to the seller (including the seller's agent) towards the purchase of the lot the subject of the contract.

Restriction on powers of attorney in favour of seller

176.(1) If the buyer gives the seller a power of attorney to act for the buyer, the power may be exercised only in ways, and only for purposes, disclosed in a written statement given to the buyer before the power is given.

(2) The statement must include a detailed description of the circumstances in which the power may be exercised.

(3) A power of attorney mentioned in subsection (1), unless it sooner expires, expires 1 year after the scheme is established.

PART 3—IMPLIED WARRANTIES

Definitions for pt 3

177. In this part—

“**lot**” means—

- (a) a lot included in a community titles scheme; or
- (b) a lot (a “**proposed lot**”) intended to come into existence as a lot included in a community titles scheme when the scheme is established.

Part’s purpose

178. This part—

- (a) establishes certain warranties that are implied in a contract for the sale of a lot; and
- (b) establishes a right to cancel a contract for the sale of a lot.

Effect of warranties and right to cancel

179.(1) The warranties and right to cancel established under this part have effect despite anything in the contract or in any other contract or arrangement.

(2) The right to cancel established under this part is in addition to, and does not limit, any other remedy available to the buyer of a lot for a breach of a warranty established under this part.

Implied warranties

180.(1) The warranties stated in this section are implied in a contract for the sale of a lot.

(2) The seller warrants that, as at the completion of the contract—

- (a) there are no latent or patent defects in the common property or body corporate assets, other than the following—

- (i) defects arising through fair wear and tear;
 - (ii) defects disclosed in the contract; and
- (b) there are no actual, contingent or expected liabilities of the body corporate, other than the following—
- (i) liabilities that can reasonably be regarded as normal operating expenses;
 - (ii) liabilities disclosed in the contract.

(3) The warranty under subsection (2) applies only to the extent that the cost of remedying all defects (other than those excluded under subsection (2)(a)(i) and (ii)) and discharging all liabilities (other than those excluded under subsection (2)(b)(i) and (ii)) exceeds the total of the following—

- (a) the amount available to the body corporate (including amounts levied by the body corporate as contributions payable by lot owners, but not paid), as at the completion of the contract, for remedying the defects and discharging the liabilities;
- (b) 1% of the purchase price of the lot.

(4) The seller warrants that, as at the completion of the contract, there are no circumstances (other than circumstances disclosed in the contract) in relation to the affairs of the body corporate likely to materially prejudice the buyer.

Examples for subsection (4)—

1. An administrator has been appointed under the order of an adjudicator under the dispute resolution provisions.
2. The body corporate has failed to comply with the provisions of this Act to the extent that its affairs are in disarray, records are incomplete and there is no reasonable prospect of the buyer finding out whether the warranty mentioned in subsection 2(b) has been breached.

Cancellation for breach of warranty

181.(1) The buyer may, by written notice given to the seller, cancel the contract if there would be a breach of a warranty established under this part were the contract to be completed at the time it is in fact cancelled.

- (2) A notice under subsection (1) must be given—

- (a) if the lot is a proposed lot—not later than 3 days before the buyer is otherwise required to complete the contract; or
- (b) if paragraph (a) does not apply—within 14 days after the later of the following to happen—
 - (i) the contract is entered into;
 - (ii) the buyer’s copy of the contract is received by the buyer (including a person acting for the buyer).

(3) If the buyer cancels the contract, the seller must repay to the buyer any amount paid to the seller (including the seller’s agent) towards the purchase of the lot the subject of the contract.

CHAPTER 6—DISPUTE RESOLUTION

PART 1—INTRODUCTION

Definitions for ch 6

182. In this chapter—

“**dispute**” means a dispute between—

- (a) the owner or occupier of a lot included in a community titles scheme and the owner or occupier of another lot included in the scheme; or
- (b) the body corporate for a community titles scheme and the owner or occupier of a lot included in the scheme; or
- (c) the body corporate for a community titles scheme and a body corporate manager for the scheme; or
- (d) the body corporate for a community titles scheme and a service contractor for the scheme who is also a letting agent for the scheme; or
- (e) the body corporate for a community titles scheme and a letting agent for the scheme.

“occupier”, of a lot, means a person in the person’s capacity as the occupier of the lot, and not, for example, in the person’s capacity as a service contractor or letting agent for the scheme.

“owner”, of a lot, means a person in the person’s capacity as the owner of the lot, and not, for example, in the person’s capacity as a service contractor or letting agent for the scheme.

Chapter’s purpose

183.(1) This chapter establishes arrangements for resolving, in the context of community titles schemes, disputes about—

- (a) contraventions of this Act or community management statements; and
- (b) the exercise of rights or powers, or the performance of duties, under this Act or community management statements; and
- (c) matters arising under the engagements of persons as body corporate managers, the engagements of certain persons as service contractors, and the authorisations of persons as letting agents.

(2) Also, this chapter authorises the provision of education and information services aimed at promoting the avoidance of disputes.

Exclusivity of dispute resolution provisions

184.(1) Subsection (2) applies to a dispute if an adjudicator may, under this chapter, make an order to resolve it.

(2) The only remedy for the dispute is an order of—

- (a) an adjudicator; or
- (b) a District Court on appeal from an adjudicator on a question of law.

(3) However, subsection (2) does not apply to a dispute if—

- (a) an application for an order of an adjudicator to resolve the dispute

is made to the commissioner; and

- (b) the commissioner dismisses the application under part 5.²³

Structure of arrangements

185.(1) This chapter provides for the establishment of the office of Commissioner for Body Corporate and Community Management for providing education and information services and managing the dispute resolution process.

(2) This chapter also provides for the appointment of adjudicators to settle individual disputes.

(3) The main elements of the dispute resolution process provided for in this chapter are—

- applications for orders to the commissioner
- case management by the commissioner, especially at the preliminary stage of the dispute resolution process
- dispute resolution centre mediation and specialist mediation
- department adjudication and specialist adjudication
- orders, including interim orders, by adjudicators
- enforcement of orders through the Magistrate Court
- appeals to the District Court on questions of law.

PART 2—COMMISSIONER FOR BODY CORPORATE AND COMMUNITY MANAGEMENT

Appointment of commissioner

186.(1) There is to be a Commissioner for Body Corporate and Community Management.

²³ Part 5 (Case management)

(2) The commissioner is appointed under the *Public Service Act 1996*.

(3) A person may hold the office of commissioner as well as another position under the *Public Service Act 1996*.

Responsibilities

187.(1) The commissioner has responsibility for the administration of this chapter.

(2) In particular, the commissioner has responsibility for providing, under this chapter, a dispute resolution service.

(3) The commissioner may also provide an education and information service for helping—

- (a) lot owners and bodies corporate to become aware of their rights and obligations under this Act; and
- (b) mediators and adjudicators to increase their proficiency.

(4) The commissioner is subject to the direction of the chief executive in administering this chapter, but must act independently, impartially and fairly in making decisions about particular persons.

Example for subsection (4)—

The commissioner must act independently in making a case management recommendation for a particular application for an order.

(5) The commissioner has no authority to direct a mediator or adjudicator about the way the mediation or adjudication of a dispute is conducted, and once an application for an order is referred to an adjudicator, the commissioner has no role in relation to the substance of the dispute.

Protection of commissioner

188. In performing official functions under this chapter for case managing an application for an order, the commissioner has the privileges and immunities from liability a magistrate has in exercising the jurisdiction of a Magistrates Court.

Delegation

189.(1) The commissioner may delegate a power the commissioner has under this chapter.

(2) However, a delegation may only be made to a person who is—

- (a) a public service employee; and
- (b) appropriately qualified to exercise the power delegated.

(3) In subsection (2)—

“appropriately qualified” includes having the qualifications, experience or standing appropriate to exercise the power.

Example of standing—

A person’s classification level in the public service.

PART 3—ADJUDICATORS

Appointment of adjudicators

190.(1) An adjudicator (other than an adjudicator appointed for specialist adjudication, or an adjudicator under subsection (3)) is appointed under the *Public Service Act 1996*.

(2) A person appointed under subsection (1)—

- (a) may hold the office of adjudicator as well as another position under the *Public Service Act 1996*; and
- (b) is appointed for conducting department adjudication for applications for orders made under this chapter and referred to the adjudicator.

(3) The chief executive may enter into a contract with a person under which the person—

- (a) agrees to provide the service of conducting department adjudication; and
- (b) is appointed as an adjudicator for conducting department

adjudication for applications for orders made under this chapter and referred to the person while the contract is in force.

(4) The chief executive may enter into a contract under subsection (3) only if the chief executive and the commissioner agree that the person appointed has the qualifications, experience or standing appropriate for conducting department adjudication.

(5) An adjudicator is appointed for specialist adjudication, in the way provided in this chapter, only on a case by case basis.

Protection of adjudicators

191. In performing functions under this chapter, an adjudicator has the privileges and immunities from liability a magistrate has in exercising the jurisdiction of a Magistrates Court.

PART 4—APPLICATIONS FOR ORDERS

Division 1—Application

How to make application for order

192.(1) An application for an order of an adjudicator—

- (a) must be made by a person (including, if appropriate, the body corporate for a community titles scheme) who is a party to, or is directly concerned with, a dispute for which an adjudicator may make an order under this chapter; and
- (b) must be made in writing to the commissioner; and
- (c) must state the nature of the order sought; and
- (d) must state the name and address of each person against whom the order is sought (the “**affected person**”) or who would, if the order were made, be affected by the order (also the “**affected person**”); and

- (e) must state in detail the grounds on which the order is sought; and
- (f) must be accompanied by the fee prescribed under a regulation.

(2) If the application is for an order affecting owners or occupiers generally, or a particular class of owners or occupiers, of lots included in the scheme, the application may identify affected persons as the owners or occupiers generally or by reference to the class instead of including their names and addresses.

(3) After receiving the application, the commissioner may require the applicant to give further information or materials and decline to proceed with the application until the further information or materials are given.

Example for subsection (3)—

The commissioner may require the application to be amended to more accurately identify affected persons for the application.

(4) The commissioner may reject an application for an order, and return the application to the person who made it, if the order applied for is not an order an adjudicator is authorised to make.

Time limit on certain applications

193.(1) This section applies to an application for an order declaring void—

- (a) a meeting of the committee for the body corporate, or a general meeting of the body corporate; or
- (b) a resolution of the committee or body corporate; or
- (c) the election of an executive or other member of the committee.

(2) The application must be made within 3 months after—

- (a) if subsection (1)(a) applies—the meeting; or
- (b) if subsection (1)(b) applies—the meeting at which the resolution was passed or purported to be passed; or
- (c) if subsection (1)(c) applies—the meeting at which the executive or other member was elected.

(3) However, if the making of the application does not comply with subsection (2)—

- (a) the commissioner must deal with the application (including making a case management recommendation for the application) as if the making of the application complied with subsection (2); and
- (b) an adjudicator to whom the application is referred for specialist or department adjudication may, for good reason, waive the non-compliance.

Division 2—Initial action on application

Notice of application to be given

194.(1) The commissioner must give written notice (the “**original notice**”) of the application to each affected person and the body corporate.

(2) The original notice must—

- (a) include a copy of the application; and
- (b) invite the affected person, the body corporate and its members to make written submissions to the commissioner about the application within a stated time.

(3) Within the shortest practicable time after it receives the original notice, the body corporate must give a copy of the original notice (including a copy of the application) to each person whose name appears on the roll as the owner of a lot included in the scheme.

(4) The commissioner may extend the time for making submissions by a further notice given in the way the original notice was given, and to the persons to whom the original notice was given.

(5) If the commissioner is satisfied there is a good reason for dispensing with a requirement under this section, the commissioner may dispense with the requirement on conditions the commissioner considers appropriate.

Example for subsection (5)—

The commissioner might be satisfied there is a good reason to reduce the number of lot owners to whom the body corporate must give copies of the original notice.

Change or withdrawal of application

195.(1) The applicant may, with the commissioner's permission, change the application at any time before the commissioner makes an initial case management recommendation under part 5.²⁴

(2) The commissioner has a discretion to give or withhold permission and, if the commissioner gives permission, the commissioner may impose conditions.

Example—

If the change substantially affects the nature of the application or the order sought, the commissioner may permit the change on conditions providing for further written notice of the amended application, on terms decided by the commissioner, to be given to the affected person and the body corporate and allowing a further opportunity to make written submissions on the changed application.

(3) The application may be withdrawn by the applicant at any time before it is disposed of under this chapter.

Inspection of applications and submissions

196.(1) The commissioner must, on application by a person with a proper interest in the issues raised by the application—

- (a) allow the person to inspect the application and submissions made in response to the application; or
- (b) give the person copies of the application or submissions.

(2) A person has a proper interest in inspecting or obtaining copies of an application or submissions only if the person is—

- (a) the applicant or an affected person; or
- (b) the body corporate or a member of its committee; or
- (c) a person who has made a submission on the application.

(3) An application under this section must be in writing and accompanied by the fee prescribed under a regulation.

²⁴ Part 5 (Case management)

Referral to adjudicator for possible interim order

197.(1) This section applies if the commissioner considers, on reasonable grounds, that an interim order should be considered by an adjudicator because of the nature or urgency of the circumstances to which the application relates.

(2) The commissioner may refer the application to an adjudicator for department adjudication under the provisions of this chapter applying to adjudication.

(3) The referral may be made even though—

- (a) notice of the application has not been given; or
- (b) all persons entitled to make submissions about the application have not had an opportunity to make submissions.

(4) The adjudicator to whom the application is referred may make an interim order if satisfied, on reasonable grounds, that an interim order is necessary because of the nature or urgency of the circumstances to which the application relates.

Examples—

1. The adjudicator may stop the body corporate from carrying out work on common property until a dispute about the irregularity of proceedings has been investigated and resolved.

2. The adjudicator may stop a general meeting deciding or acting on a particular issue until it has been investigated and resolved.

(5) An interim order—

- (a) has effect for a period (not longer than 3 months) stated in the order; and
- (b) may be extended or renewed at the request of the applicant on being referred again to an adjudicator under subsection (2); and
- (c) may be extended, renewed or cancelled by an order made by an adjudicator to whom the application is referred for making a final order; and
- (d) may be cancelled by a later order; and
- (e) if it does not lapse or is not cancelled earlier—lapses when a final order is made by an adjudicator to whom the application is

referred.

(6) Despite subsection (5), if an appeal is started against an interim order, the order continues in force only until 1 of the following happens—

- (a) the decision on the appeal is to refer the matter of the interim order back to the adjudicator who made the order with directions, and the adjudicator makes another interim order under the directions;
- (b) the appeal is decided, but other than in the way mentioned in paragraph (a);
- (c) the appeal is withdrawn;
- (d) a final order is made by an adjudicator to whom the application is referred.

(7) As soon as the adjudicator to whom the commissioner refers the application under this section makes an interim order or decides not to make an interim order, the adjudicator must refer the application back to the commissioner for the commissioner's initial case management recommendation.

PART 5—CASE MANAGEMENT

Initial case management recommendation

198.(1) As soon as practicable after the expiry of the time for making written submissions to the commissioner about an application for an order of an adjudicator, the commissioner must—

- (a) consider the application and all submissions; and
- (b) decide on an initial case management recommendation for the application.

(2) The commissioner must choose 1 of the following initial case management recommendations—

- (a) that the application be the subject of dispute resolution centre mediation;

- (b) that the application be the subject of specialist mediation;
- (c) that the application be the subject of department adjudication;
- (d) that the application be the subject of specialist adjudication.

(3) For subsection (1), if the commissioner referred the application to an adjudicator for a possible interim order, the commissioner must not make an initial case management recommendation until the adjudicator to whom the application was referred has referred the application back to the commissioner.

Supplementary case management recommendation

199.(1) This section applies to an application for an order of an adjudicator if—

- (a) the application has been the subject of dispute resolution centre mediation or specialist mediation; and
- (b) the applicant wishes to proceed with the application.

(2) The commissioner must decide on a supplementary case management recommendation for the application.

(3) The commissioner must choose 1 of the following supplementary case management recommendations—

- (a) if the application has been the subject of dispute resolution centre mediation—that the application be the subject of—
 - (i) further dispute resolution centre mediation; or
 - (ii) specialist mediation;
- (b) if the application has been the subject of specialist mediation—that the application be the subject of—
 - (i) further specialist mediation; or
 - (ii) dispute resolution centre mediation;
- (c) that the application be the subject of department adjudication;
- (d) that the application be the subject of specialist adjudication;
- (e) that the application be the subject of department or specialist adjudication, limited to making an order with the consent of all

parties to the application, whether or not for formalising the substance of an agreement reached at mediation.

(4) However, the commissioner may make a supplementary case management recommendation mentioned in subsection (3)(a) or (b) only if the commissioner is satisfied that there is a real chance further mediation will significantly advance resolution of the application.

Further supplementary case management recommendation

200.(1) This section applies if—

- (a) an application for an order of an adjudicator is the subject of department or specialist adjudication limited to making an order with the consent of all parties to the application, whether or not for formalising the substance of an agreement reached at mediation; and
- (b) an order with consent of all parties is not made.

(2) The commissioner must decide on a supplementary case management recommendation for the application.

(3) The commissioner may choose 1 of the following supplementary case management recommendations—

- (a) that the application be the subject of department mediation;
- (b) that the application be the subject of specialist mediation;
- (c) that the application be the subject of department adjudication;
- (d) that the application be the subject of specialist adjudication.

Dismissing application

201.(1) Instead of deciding on an initial or supplementary case management recommendation for an application for an order of an adjudicator, the commissioner may dismiss the application.

(2) The commissioner may dismiss the application only if the commissioner is satisfied that the dispute should be dealt with in a court of competent jurisdiction.

(3) The commissioner must give a party to the application a certificate in

the approved form for evidencing the commissioner's dismissal of the application if the party asks for the certificate.

Preparation for making a case management recommendation

202.(1) Before deciding on an initial or supplementary case management recommendation for an application for an order of an adjudicator, or dismissing an application, the commissioner may seek the views of the following (the “**parties**” to the application), to the extent the commissioner considers appropriate—

- (a) the applicant;
- (b) affected persons;
- (c) the body corporate.

(2) Also, before deciding on an initial or supplementary case management recommendation for the application, or dismissing the application, the commissioner may do all or any of the following—

- (a) require a party to the application to obtain, and give to the commissioner, a report or other information;
- (b) interview persons the commissioner considers may be able to help in resolving issues raised by the application;
- (c) inspect, or enter and inspect—
 - (i) a body corporate asset; or
 - (ii) common property (including common property the subject of an exclusive use by-law); or
 - (iii) a lot included in the scheme.

Example of report for subsection (2)(a)—

Engineering report.

(3) Action the commissioner takes under subsections (1) and (2) must be for the purpose only of deciding—

- (a) on the case management recommendation the commissioner considers to be most likely to promote a quick and efficient resolution for the application; or
- (b) whether to dismiss the application.

(4) If a place to be entered under subsection (2)(c) is occupied, the commissioner may enter only with the owner's consent and, in seeking the consent, must give reasonable notice to the occupier of the time when the commissioner wishes to enter the place.

(5) If a place to be entered under subsection (2)(c) is unoccupied, the commissioner may enter only with the owner's consent and, in seeking the consent, must give reasonable notice to the owner of the time when the commissioner wishes to enter the place.

(6) The chairperson, treasurer or secretary of the body corporate, or another person who has access to the body corporate's records must, if asked by the commissioner, produce records of the body corporate for inspection by the commissioner, and allow the commissioner to make copies of the records.

Maximum penalty—20 penalty units.

(7) A person who fails to comply with a requirement under subsection (2)(a), or obstructs the commissioner in exercising a power under this section, commits an offence unless the person has a reasonable excuse.

Maximum penalty—20 penalty units.

(8) It is a reasonable excuse for a person not to comply with a requirement mentioned in subsection (7) to give information, if giving the information might tend to incriminate the person.

Making a case management recommendation

203.(1) The commissioner may make a recommendation that the application be the subject of specialist mediation or specialist adjudication only if it is open to the commissioner to make the recommendation under the conditions applying under this chapter to the making of a case management recommendation for the mediation or adjudication.²⁵

(2) However, the commissioner must make a recommendation that the application be the subject of specialist mediation, or a recommendation that the application be the subject of specialist adjudication, if—

²⁵ The conditions are contained in part 7 (Specialist mediation) and part 8 (Conditions for recommending specialist adjudication).

- (a) the parties ask for the recommendation to be made; and
- (b) it is open to the commissioner to make the recommendation under the conditions applying under this chapter to the making of the recommendation.

PART 6—DISPUTE RESOLUTION CENTRE MEDIATION

Purpose of part

204. The purpose of this part is to provide for what happens if the commissioner, in making an initial or supplementary case management recommendation for an application for an order of an adjudicator, recommends that the application be the subject of dispute resolution centre mediation.

Referral to dispute resolution centre

205.(1) As soon as practicable after making a recommendation that the application be the subject of dispute resolution centre mediation, the commissioner must refer the application to the director of—

- (a) the dispute resolution centre located closest to the scheme land; or
- (b) if it appears to the commissioner that the parties to the application agree that another dispute resolution centre is preferred—the other dispute resolution centre.

(2) The application is taken to be a dispute accepted for mediation by the director of the dispute resolution centre under the *Dispute Resolution Centres Act 1990*.

(3) Nevertheless, in referring the application to the director, the commissioner must comply to the greatest practicable extent with the procedures applying under the *Dispute Resolution Centres Act 1990* for commencing a mediation session.

(4) Evidence of anything said or done in a dispute resolution centre mediation session is inadmissible in a proceeding.

Referral back to the commissioner

206.(1) The director of the dispute resolution centre must refer the application back to the commissioner if there is no further action that may be taken under the *Dispute Resolution Centres Act 1990* in relation to the dispute the subject of the application, because, for example—

- (a) there is a mediation session for the dispute, but a party withdraws from the session; or
- (b) there is a mediation session but no agreement is reached at the session; or
- (c) there is a mediation session and agreement is reached at the session.

(2) In referring the application back to the commissioner, the director merely advises the commissioner that the director's action under the *Dispute Resolution Centres Act 1990* has been completed.

(3) The commissioner takes no further action on an application referred back under this section unless the applicant asks the commissioner to proceed to make a supplementary case management recommendation.

PART 7—SPECIALIST MEDIATION

Purpose of part

207. The purpose of this part is to provide for—

- (a) the conditions under which it is open to the commissioner to make an initial or supplementary case management recommendation that an application for an order of an adjudicator be the subject of specialist mediation; and
- (b) what happens if the commissioner recommends that the application be the subject of specialist mediation.

Conditions for recommending specialist mediation

208. It is open to the commissioner to recommend that an application be the subject of specialist mediation only if—

- (a) the parties agree on a person who is to be a mediator for the application; and
- (b) the commissioner considers that the person agreed on has the qualifications, experience or standing appropriate for acting as a mediator for the application; and
- (c) the parties and the mediator (or, if the mediator is an officer or employee of the department, the commissioner) agree on the amount to be paid for the mediation, how the amount is to be paid and by whom it is to be paid.

Referral to mediator for specialist mediation

209. As soon as practicable after making a recommendation that the application be the subject of specialist mediation, the commissioner must refer the application to the mediator agreed to by the parties and the commissioner.

Conduct of specialist mediation sessions

210.(1) The specialist mediation session must be conducted with as little formality and technicality, and with as much expedition, as possible.

- (2) The rules of evidence do not apply to the session.
- (3) The application may not be adjudicated or arbitrated upon at the session.
- (4) The session is to be conducted in the absence of the public, but persons who are not parties to the application may be present at or participate in the session with the permission of the mediator.
- (5) Evidence of anything said or done in the session is inadmissible in a proceeding.
- (6) The session may be terminated at any time by the mediator.

Specialist mediation to be voluntary

211.(1) Attendance at, and participation in, a specialist mediation session is voluntary.

(2) A party may withdraw from the session at any time.

(3) Despite any rule of law or equity, an agreement reached at, or drawn up under, the session is not enforceable in any court, tribunal or body.

(4) Except as expressly stated in this chapter, nothing in this part affects any rights or remedies that a party to a dispute has apart from this part.

Representation by agent

212.(1) A party for the application may be represented by an agent at a specialist mediation session only if the mediator approves.

(2) The mediator may approve representation by an agent only if the mediator is satisfied that—

- (a) an agent should be permitted in order to facilitate mediation; and
- (b) the agent proposed to be appointed has sufficient knowledge of the application to enable the agent to represent the party effectively.

(3) Subsections (1) and (2) do not prevent—

- (a) if a corporation under the Corporations Law is a party for the application—an officer of the corporation from representing the corporation; or
- (b) if there is more than 1 owner constituting the body corporate—1 of the owners from representing the body corporate; or
- (c) if another corporation is a party for the application—an agent appointed by the corporation from representing the corporation.

(4) If the mediator approves of the representation of a party by an agent, the approval of the mediator may be given on the conditions the mediator considers reasonable to ensure that no other party to the application is substantially disadvantaged by the agent appearing at the specialist mediation session.

(5) If the mediator subjects an approval to conditions under

subsection (4), the entitlement of the party to be represented by an agent is subject to the agent's compliance with the conditions.

(6) Contravention of a provision of this section does not invalidate the specialist mediation session.

Referral back to the commissioner

213.(1) The mediator must refer the application back to the commissioner when the mediator considers there is no further action the mediator can take in relation to the application in the context of specialist mediation under this part because, for example—

- (a) there is a specialist mediation session for the dispute the subject of the application, but a party withdraws from the session; or
- (b) there is a specialist mediation session but no agreement is reached at the session; or
- (c) there is a specialist mediation session and agreement is reached at the session.

(2) In referring the application back to the commissioner, the mediator merely advises the commissioner that the mediator's action has been completed.

(3) The commissioner takes no further action on an application referred back under this section unless the applicant asks the commissioner to proceed to make a supplementary case management recommendation.

PART 8—CONDITIONS FOR RECOMMENDING SPECIALIST ADJUDICATION

Purpose of part

214.(1) The purpose of this part is to provide for the conditions under which it is open to the commissioner to make an initial or supplementary case management recommendation that an application for an order of an adjudicator be the subject of specialist adjudication.

(2) The commissioner may recommend that the application be the subject of specialist adjudication only if authorised under this part.

Specialist adjudication by agreement

215. The commissioner may recommend that an application be the subject of specialist adjudication if—

- (a) the parties agree on a person who is to be the adjudicator for the application; and
- (b) the commissioner considers that the person agreed on has the qualifications, experience or standing appropriate for acting as an adjudicator for the application; and
- (c) the parties and the adjudicator agree on the amount to be paid for the adjudication, how the amount is to be paid and by whom it is to be paid.

Specialist adjudication without agreement

216. The commissioner may also recommend that an application be the subject of specialist adjudication if—

- (a) the commissioner considers that the application should be the subject of specialist adjudication, but there is no agreement between the parties permitting the commissioner to recommend under section 215 that the application be the subject of specialist adjudication; and
- (b) the commissioner considers that a person has the qualifications, experience or standing appropriate for acting as an adjudicator for the application; and
- (c) the commissioner and the person agree on an amount, that the commissioner considers reasonable, to be paid for the adjudication; and
- (d) the commissioner undertakes to pay the amount.

PART 9—ADJUDICATION

Purpose of part

217. The purpose of this part is to provide for what happens if the commissioner makes an initial or supplementary case management recommendation that an application for an order of an adjudicator be the subject of specialist or department adjudication (including adjudication that is limited to making an order with the consent of all parties to the application).

Referral to adjudicator for specialist or department adjudication

218. As soon as practicable after the commissioner recommends that the application be the subject of specialist or department adjudication, the commissioner must refer the application to—

- (a) if the recommendation is for specialist adjudication—the adjudicator decided under the case management recommendation; or
- (b) if the recommendation is for department adjudication—an adjudicator appointed for conducting department adjudication.

Department adjudication fee

219. If the application is referred to an adjudicator for department adjudication, the adjudicator may adjudicate on the application only if the fee prescribed under a regulation has been paid in the way prescribed under the regulation.

Investigation by adjudicator

220.(1) The adjudicator must investigate the application to decide whether it would be appropriate to make an order on the application.

(2) However, the adjudicator may, without investigation, make an order dismissing the application, or may end an investigation and make an order dismissing the application, if it appears that—

- (a) the adjudicator does not have jurisdiction to deal with the application; or
 - (b) the application is frivolous, vexatious, misconceived or without substance.
- (3) When investigating the application, the adjudicator—
- (a) must observe natural justice; and
 - (b) must act as quickly, and with as little formality and technicality, as is consistent with a fair and proper consideration of the application; and
 - (c) is not bound by the rules of evidence.

Investigative powers of adjudicator

221.(1) When investigating the application, the adjudicator may do all or any of the following—

- (a) require a party to the application—
 - (i) to obtain, and give to the adjudicator, a report or other information; or
 - (ii) to be present to be interviewed, after reasonable notice is given of the time and place of interview; or
 - (iii) to give information in the form of a statutory declaration;
- (b) interview persons the adjudicator considers may be able to help in resolving issues raised by the application;
- (c) inspect, or enter and inspect—
 - (i) a body corporate asset; or
 - (ii) common property (including common property the subject of an exclusive use by-law); or
 - (iii) a lot included in the community title scheme concerned.

Example of report for subsection (1)(a)(i)—

Engineering report.

(2) If the application is an application referred to the adjudicator for department adjudication, the commissioner must give the adjudicator all

reasonable administrative help the adjudicator asks for in investigating the application.

(3) If a place to be entered under subsection (1)(c) is occupied, the adjudicator may enter only with the occupier's consent and, in seeking the consent, must give reasonable notice to the occupier of the time when the commissioner wishes to enter the place.

(4) If a place to be entered under subsection (1)(c) is unoccupied, the commissioner may enter only with the owner's consent and, in seeking the consent, must give reasonable notice to the owner of the time when the commissioner wishes to enter the place

(5) The chairperson, treasurer or secretary of the body corporate, or another person who has access to the body corporate's records must, if asked by the adjudicator, produce records of the body corporate for inspection by the adjudicator, and allow the adjudicator to make copies of the records.

Maximum penalty—20 penalty units.

(6) A person who fails to comply with a requirement under subsection (1)(a), or obstructs an adjudicator in the conduct of an investigation under this part, commits an offence unless the person has a reasonable excuse.

Maximum penalty—20 penalty units.

(7) It is a reasonable excuse for a person not to comply with a requirement mentioned in subsection (6) to give information, if giving the information might tend to incriminate the person.

Representation by agent

 - (i) to remove the by-law; and
 - (ii) if it is appropriate to restore an earlier by-law—to restore the earlier by-law; or

- (j) if satisfied a by-law is invalid—make an order—

Administrator may act for body corporate etc.

224. If an adjudicator appoints an administrator to perform obligations of the body corporate, the committee for the body corporate or a member of the committee, anything done by the administrator under the authority given under the order is taken to have been done by the body corporate, committee or member.

Interim orders in context of adjudication

225.(1) The adjudicator may make an interim order if satisfied, on reasonable grounds, that an interim order is necessary because of the nature or urgency of the circumstances to which the application relates.

Examples—

1. The adjudicator may stop the body corporate from carrying out work on common property until a dispute about the irregularity of proceedings has been investigated and resolved.

2. The adjudicator may stop a general meeting deciding or acting on a particular issue until it has been investigated and resolved.

(2) An interim order—

- (a) has effect for a period (not longer than 3 months) stated in the order; and
- (b) may be extended, renewed or cancelled by the adjudicator until a final order is made; and
- (c) may be cancelled by a later order made by the adjudicator; and
- (d) if it does not lapse or is not cancelled earlier—lapses when a final order is made by the adjudicator.

(3) Despite subsection (2), if an appeal is started against an interim order, the order continues in force until 1 of the following happens—

- (a) if the decision on the appeal is to refer the matter of the interim order back to the adjudicator who made the order with directions—the adjudicator makes an order under the directions;
- (b) the appeal is decided, but other than in the way mentioned in paragraph (a);

227.(1) If the adjudicator is satisfied that the applicant for the order has suffered damage to property because of a contravention of this Act or the community management statement, the adjudicator may order the person who the adjudicator believes, on reasonable grounds, to be responsible for the contravention—

- (a) to carry out stated repairs, or have stated repairs carried out, to the damaged property; or
- (b) to pay compensation of an amount fixed by the adjudicator.

Example—

A waterproofing membrane in the roof of a building in the scheme leaks and there is damage to wallpaper and carpets in a lot included in the scheme. The membrane is part of the common property and the leak results from a failure on the part of the body corporate to maintain it in good order and condition, the adjudicator could, on application of the lot's owner, order the body corporate to have the damage repaired or to pay appropriate compensation.

(2) The order cannot be made if—

- (a) for an order under subsection (1)(a)—the cost of carrying out the repairs is more than \$75 000; or

(3) If the adjudicator's order does not fix the time when it takes effect, it takes effect when served on the person against whom it is made or, if it is not made against a particular person, when it is served on the body corporate.

(4) The adjudicator's order may provide that the order is to have effect as a resolution without dissent, special resolution or ordinary resolution.

Division 2—Other matters**Associates**

256.(1) For this Act, a person is associated with someone else if—

- (a) a relationship of a type to which this section applies exists between them; or

Protection of persons dealing with body corporate

257. If a person, honestly and without notice of an irregularity, enters into a transaction with a member of the committee for the body corporate for a community titles scheme or a person who has apparent authority to bind the body corporate, the transaction is valid and binding on the body corporate.

Body corporate to be taken to be owner of parcel for certain Acts etc.

258.(1) The body corporate for a community titles scheme is taken to be the owner of the scheme land for the following Acts—

- *Dividing Fences Act 1953*
- *Land Act 1994.*

(2) For applying subsection (1) to a layered arrangement of community titles schemes, the body corporate for the principal scheme for the arrangement, and not the bodies corporate for the community titles schemes that are subsidiary schemes for the principal scheme, is taken to be the owner of scheme land for the principal scheme.

(3) However, for the *Dividing Fences Act 1953*, owners of adjoining lots included in a community titles scheme are taken to be the owners of adjoining land.

Examples —

A layered arrangement of community titles schemes consists of a principal scheme (**“scheme A”**) which in turn includes 2 basic schemes (**“scheme B”** and **“scheme C”**), and, of course, the common property for scheme A.

- If a matter under the *Dividing Fences Act 1953* concerns a boundary between scheme land for scheme A and a lot (**“lot X”**) that is not scheme land for scheme A or another community titles scheme, the owners are the body corporate for scheme A and the registered owner of lot X.

- If a matter under the *Dividing Fences Act 1953* concerns a boundary between scheme land for scheme B and scheme land for scheme C, the owners are the body corporate for scheme B and the body corporate for scheme C. This will apply even if the length of boundary that is of concern happens also to be the boundary between a lot included in scheme B and a lot included in scheme C.
- If a matter under the *Dividing Fences Act 1953* concerns a boundary between a lot (“lot Y”) included in scheme B and another lot (“lot Z”) included in scheme B, the owners are the owner of lot Y and the owner of lot Z.

Proceedings

259.(1) The body corporate for a community titles scheme may start a proceeding only if the proceeding is authorised by special resolution of the body corporate.

(2) However, the body corporate does not need a special resolution to—

- (a) bring a proceeding for the recovery of a liquidated debt against the owner of a lot included in the scheme; or
- (b) bring a counterclaim, third-party proceeding or other proceeding, in a proceeding to which the body corporate is already a party; or
- (c) appeal against an adjudicator’s order; or
- (d) start a proceeding for an offence under chapter 3, part 5, division 4.³⁰

Representation in planning proceedings

260.(1) The body corporate for a community titles scheme may represent the owners of lots included in the scheme in a proceeding under the Planning Act.

³⁰ Chapter 3 (Management of community titles schemes), part 5 (By-laws), division 4 (By-law contraventions)

Liability of owners to judgment debts of body corporate

261.(1) In a proceeding by or against the body corporate for a community titles scheme, a court may order that an amount payable under a judgment or order against the body corporate be paid by the owners of particular lots included in the scheme in proportions fixed by the court.

Division 3—Saving existing 1980 Act plans

Application of div 3

275. This division applies to each existing 1980 Act plan (the “**existing plan**”).

Existing plan

276.(1) On the commencement, a community titles scheme (the “**new scheme**”) is established for the existing plan.

(2) The new scheme is a basic scheme.

(3) Each lot in the existing plan becomes a lot included in the new scheme.

(4) The scheme land for the new scheme is all the land included in the parcel for the existing plan.

(5) Each item of additional common property under the 1980 Act, part 2, division 2 for the existing plan (other than an item of additional common property acquired as freehold land and incorporated into the parcel for the existing plan) becomes a body corporate asset for the new scheme, and an exclusive use by-law applying to the item and having continuing effect under this part is taken to apply to the item as a body corporate asset.

(6) The body corporate under the 1980 Act for the existing plan is taken to be, without change to its corporate identity, the body corporate for the new scheme.

(7) A person holding office as the chairperson, secretary, treasurer, or a member of the committee, of the body corporate for the existing plan immediately before the commencement continues, subject to this Act, in the corresponding office under this Act as if elected or appointed to the office under this Act.

- (a) each year ending on the last day of the month containing the anniversary of the first annual general meeting held for the existing plan; or
- (b) if a referee under the 1980 Act has fixed a date to be taken to be the anniversary of the first annual general meeting of the body corporate—each year ending on the last day of the month

containing the date fixed by the referee.

(10) If a first annual general meeting has not been held for the new scheme before the commencement, then, for the purpose only of calculating when the first annual general meeting is to be held, and for determining the new scheme's financial year, the establishment of the scheme is taken to have happened when the existing plan was registered.

(11) The original proprietor for the existing plan becomes the original owner for the new scheme.

(12) However, obligations imposed under this Act on the original owner when a scheme is established apply only to the extent that equivalent obligations under the 1980 Act have not been complied with.

Classification of existing plan

277.(1) This section applies when the new scheme is established for the existing plan.

(2) If the existing plan is a building units plan, it is taken to be a building format plan of subdivision under the *Land Title Act 1994*.

(3) If the existing plan is a group titles plan—

- (a) it is taken to be a standard format plan of subdivision under the *Land Title Act 1994*; but
- (b) easements applying for the new scheme immediately before the commencement under sections 15³² and 17³³ of the 1980 Act continue to apply after the commencement.

Administrative matters

278.(1) Each action validly taken under the 1980 Act, part 4³⁴ for the existing plan before the commencement continues to have effect for the management of the new scheme as if the action was taken under this Act, and as if this Act had been in force when the action was taken.

³² Section 15 (Support)

³³ Section 17 (Services)

³⁴ Part 4 (Management)

Examples—

1. The imposition of a levy before the commencement continues to have effect for the new scheme as an action taken under this Act.

2. An authority given by the committee for the body corporate for the existing plan before the commencement continues to have effect for the new scheme as an authority given under this Act.

(2) Subsection (1) has effect subject to a provision of this part specifying differently.

(3) Until the annual general meeting of the body corporate for the new scheme first happening after the commencement, a body corporate manager may continue to use the body corporate's seal in the way the body corporate manager could use it under the former Act immediately before the commencement.

(4) Subsection (3) applies subject to a decision of the body corporate about the use of the seal, made under the regulation module applying to the scheme.

*Division 4—Saving future 1980 Act plans***Application of div 4**

279. This division applies to each future 1980 Act plan (the “**future plan**”).

Future plan

280.(1) Immediately after the future plan is registered under the 1980 Act, a community titles scheme (the “**new scheme**”) is established for the future plan.

(2) The new scheme is a basic scheme.

(3) Each lot in the future plan becomes a lot included in the new scheme.

(4) The scheme land for the new scheme is all the land included in the parcel for the future plan.

(5) The body corporate formed under the 1980 Act for the future plan is taken to be, without change to its corporate identity, the body corporate for

the new scheme.

(6) The original proprietor for the future plan becomes the original owner for the new scheme.

Classification of future plan

281.(1) This section applies when the new scheme is established for the future plan.

(2) If the future plan is a building units plan, it is taken to be a building format plan of subdivision under the *Land Title Act 1994*.

(3) If the future plan is a group titles plan, it is taken to be a standard format plan of subdivision under the *Land Title Act 1994*.

Division 5—Community management statements for new schemes

What div 5 provides for

282. This division provides for the community management statement for the new scheme established under this part for a 1980 Act plan.

Community management statement

283.(1) On its establishment, the new scheme is taken to have a community management statement (the “**interim statement**”).

(2) The interim statement is taken—

(a) to state—

(i) the identifying name for the scheme as the name of the building or parcel endorsed on the 1980 Act plan; and

(ii) the name of the body corporate for the new scheme as ‘Body corporate for *name of building or parcel endorsed on the 1980 Act plan* community titles scheme *identifying number, to be allocated by the registrar*’; and

(b) to state as the address for service of the body corporate the address at which documents may be served on the body

corporate, as endorsed on the 1980 Act plan; and

- (c) to state as the name of the original owner for the new scheme, and to state, as the address for service of the original owner, the original proprietor's name and address for service (if any) under the 1980 Act; and
- (d) to identify as the regulation module applying to the new scheme the regulation module that applies to a community titles scheme if no other regulation module applies to it; and
- (e) to include a contribution schedule showing, for each lot included in the new scheme, a contribution schedule lot entitlement that is identical with the lot entitlement shown for the lot in the schedule endorsed on the 1980 Act plan; and
- (f) to include an interest schedule showing, for each lot included in the new scheme, an interest schedule lot entitlement that is identical with the lot entitlement shown for the lot in the schedule endorsed on the 1980 Act plan; and
- (g) if the scheme is established for an existing 1980 plan—
 - (i) to include by-laws that are identical to the by-laws that, immediately before the commencement, were the by-laws in force for the plan; and
 - (ii) to show allocations of common property, including variations and transpositions of common property, that, immediately before the commencement, were in force under the by-laws for the plan; and
- (h) if the scheme is established for a future 1980 Act plan—not to include any by-laws.

(3) The interim statement is the community management statement for the new scheme until—

- (a) under provisions of this Act for the recording of a new community management statement, a new community management statement is recorded for the scheme; or
- (b) if a new community management statement is not recorded—the end of 3 years after the commencement.

(4) Despite subsection (3)—

- (a) an amendment of, addition to or repeal of by-laws in force for an existing 1980 Act plan agreed to by special resolution under the 1980 Act before the commencement may, if deposited for recording within 18 months after the commencement, be recorded under the 1980 Act, and the interim statement is taken to be amended to reflect the amendment, addition or repeal; and
- (b) a notification of an allocation, including a variation or transposition, of identified common property happening before the commencement under a by-law for an existing 1980 Act plan may, if deposited for recording within 18 months after the commencement, be recorded under the 1980 Act, and the interim statement is taken to be amended to reflect the allocation, variation or transposition.

(5) A new community management statement may be recorded under subsection (3)(a) for a new scheme mentioned in subsection (2)(g) even though the statement does not include any by-laws.

(6) If subsection (5) applies—

- (a) the by-laws for the new scheme are taken to be the by-laws that, under subsection (2)(g) and, if applicable, subsection (4), are, subject to further amendment under subsection (4), the by-laws in force for the scheme immediately before the new statement is recorded; and
- (b) allocations of identified common property for the new scheme are taken to be the allocations that, under subsection (2)(g) and, if applicable, subsection (4), are, subject to further amendment under subsection (4), the allocations, including variations and transpositions, in force for the scheme immediately before the new statement is recorded.

Community management statement recorded for 1980 Act plan when plan registered

284.(1) Despite section 283(1) to (4), when a future 1980 Act plan is lodged for registration, a community management statement (a “**first statement**”) may be lodged for recording as the community management statement for the new scheme to be established on registration of the future 1980 Act plan.

(2) If, when the registrar registers a future 1980 Act plan, the registrar records a first statement, the first statement is taken to have effect immediately the new scheme is established, and the new scheme does not have an interim statement.

(3) However, despite anything in the first statement, the regulation module applying to the scheme is, until a subsequent community management statement is recorded for the scheme and identifies a different regulation module as the regulation module applying to the scheme, the regulation module that applies to a community titles scheme if no other regulation module applies to it.

Registrar to record standard statement

285.(1) This section applies if an interim statement is still the community management statement for a new scheme at the end of 3 years after the commencement.

(2) The registrar must record a new community management statement (the “**standard statement**”) for the new scheme as soon as practicable after the end of the 3 years, and until the registrar records the standard statement, another community management statement may not be recorded for the scheme.

(3) If the registrar records a standard statement for the new scheme, the standard statement is taken to be the community management statement for the scheme immediately after the interim statement ceases to be the community management statement for the scheme.

(4) The standard statement must—

(a) state—

- (i) the identifying name for the scheme as the name of the building or parcel endorsed on the 1980 Act plan; and
- (ii) the name of the body corporate for the new scheme as ‘Body corporate for *name of building or parcel endorsed on the 1980 Act plan* community titles scheme *identifying number, to be allocated by the registrar*’; and

(b) state as the address for service of the body corporate the address at which documents may be served on the body corporate,

endorsed on the 1980 Act plan; and

- (c) state as the name and address of the original owner for the new scheme, the original proprietor's name and address for service (if any) under the 1980 Act; and
- (d) identify as the regulation module applying to the scheme the regulation module that applies to a community titles scheme if no other regulation module applies to it; and
- (e) include a contribution schedule showing, for each lot included in the new scheme, a contribution schedule lot entitlement that is identical with the lot entitlement shown for the lot in the schedule endorsed on the 1980 Act plan; and
- (f) include an interest schedule showing, for each lot included in the new scheme, an interest schedule lot entitlement that is identical with the lot entitlement shown for the lot in the schedule endorsed on the 1980 Act plan; and
- (g) not include any by-laws for the new scheme.

(5) Despite subsection (4)(g), if the new scheme for which a standard statement is recorded is a new scheme established for an existing 1980 Act plan—

- (a) the by-laws for the new scheme are taken to be the by-laws that, under section 283(2)(g)(i) and, if applicable, section 283(4), are the by-laws in force for the scheme immediately before the end of the 3 years mentioned in subsection (1); and
- (b) allocations of identified common property for the new scheme are taken to be the allocations that, under section 283(2)(g)(ii) and, if applicable, section 283(4), are the allocations, including variations and transpositions, in force for the scheme immediately before the end of the 3 years mentioned in subsection (1).

By-laws may be retained

286. A by-law, including an exclusive use by-law, maintained in force under this part for a new scheme continues to have effect, and may be included in a subsequent community management statement recorded for the scheme, even though it is not competent for the community

management statement for a community titles scheme established after the commencement to include the by-law.

Right to exclusive use by-law

287.(1) This section applies if, immediately before the commencement, the registered proprietor for the time being of a lot (the “**lot**”) in an existing 1980 Act plan was entitled, or purportedly entitled, under a resolution of the body corporate, to a right of exclusive use and enjoyment of, or a special privilege in respect of, any of the common property under the existing 1980 Act plan, but no exclusive use by-law for the purpose of the right or special privilege had been agreed to.

(2) A by-law giving effect to the resolution is taken to have been agreed to by the body corporate under the 1980 Act before the commencement.

(3) However, the body corporate must not deposit the by-law for recording by the registrar under the 1980 Act unless the lot owner, within a reasonable time before the end of 18 months after the commencement, asks the body corporate to deposit the by-law for recording.

(4) Despite subsection (2), if action (including a failure to take action) by the body corporate in relation to the depositing the by-law for recording is the subject of an application under the dispute resolution provisions, it is competent for the adjudicator, in deciding whether to order the body corporate to deposit a by-law for recording, to consider whether it is equitable in all the circumstances for the order to be made, having regard especially to the following—

- (a) the interests of other persons having an estate or interest in lots included in the new scheme;
- (b) the extent to which the right or privilege mentioned in subsection (1) has been exercised or apparent before and after the commencement.

(5) The order of the adjudicator may include—

- (a) a direction for a variation or modification of the provisions of the by-law to be deposited for recording; or
- (b) a direction that no by-law be deposited.

(6) A by-law may be deposited for recording under an order of the

adjudicator mentioned in subsection (4) even though more than 18 months have elapsed after the commencement.

Letting agent authorisation

289.(1) The body corporate for an existing 1980 Act plan is taken to have had power on and from 4 May 1994 to give an authorisation to a person as a letting agent.

(3) For this division, the contract is taken to have been entered into before the notification day.

Body corporate contracts

290.(1) The exempted provisions for a body corporate contract for a community titles scheme do not apply to the contract if the contract was entered into before the notification day.

- (a) the original contract if it was transferred before the commencement or is transferred after the commencement; or
- (b) the original contract if it was amended before the commencement, or is amended after the commencement, other than to extend its term; or

- (c) if the original contract was amended before the notification day—a new body corporate contract entered into after the notification day, whether before or after the commencement, on the basis of the amendment, but only if the term of the new contract runs from the expiry of the term of—

The plan of subdivision could be a standard format, building format or volumetric format plan.

The scheme land consists of lots 1 to 6 and the common property.

A community management statement must accompany the plan of subdivision when the plan is lodged for registration.

SCHEDULE 1 (continued)

**PART 2—EXAMPLE OF SIMPLE LAYERED
ARRANGEMENT OF SCHEMES**

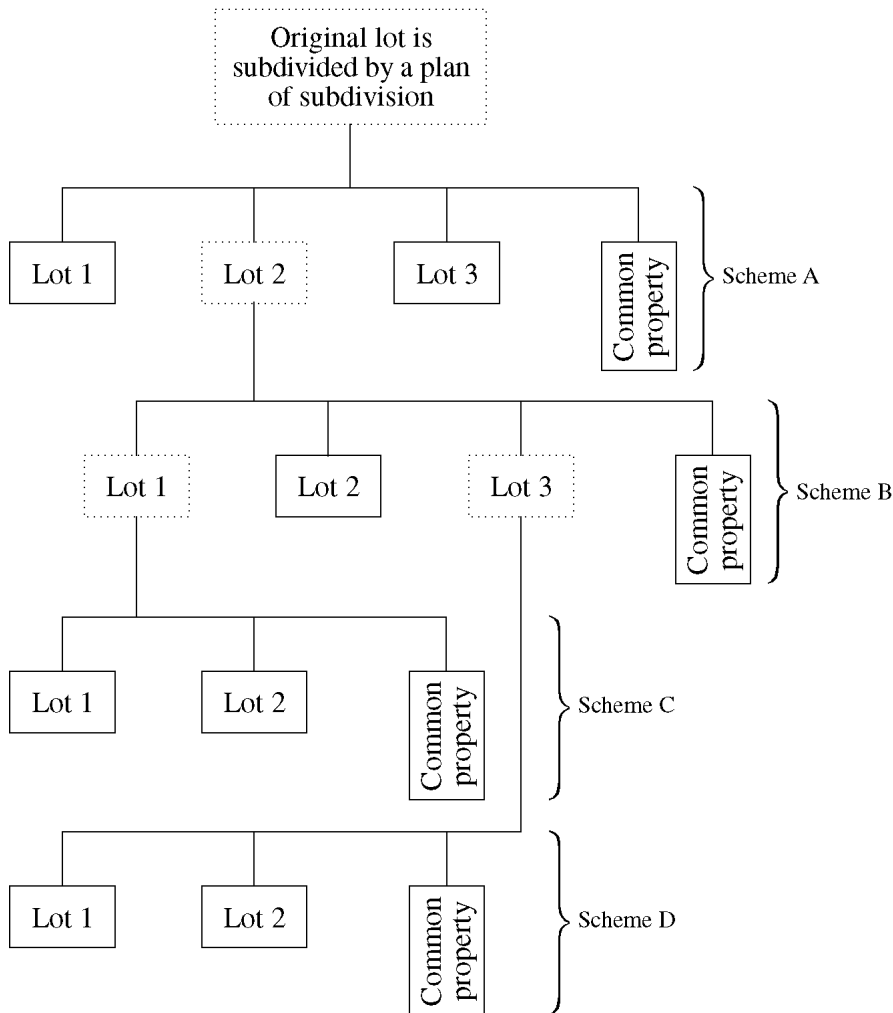

**Notes—pt 2**

Lots 1 and 2 in scheme A are subdivided by further plans of subdivision to create basic schemes B and C.

Accordingly, lots 1 and 2 in scheme A are themselves community titles schemes.

SCHEDULE 1 (continued)

PART 3—EXAMPLE OF MORE COMPLEX LAYERED ARRANGEMENT OF SCHEMES

Notes—pt 3

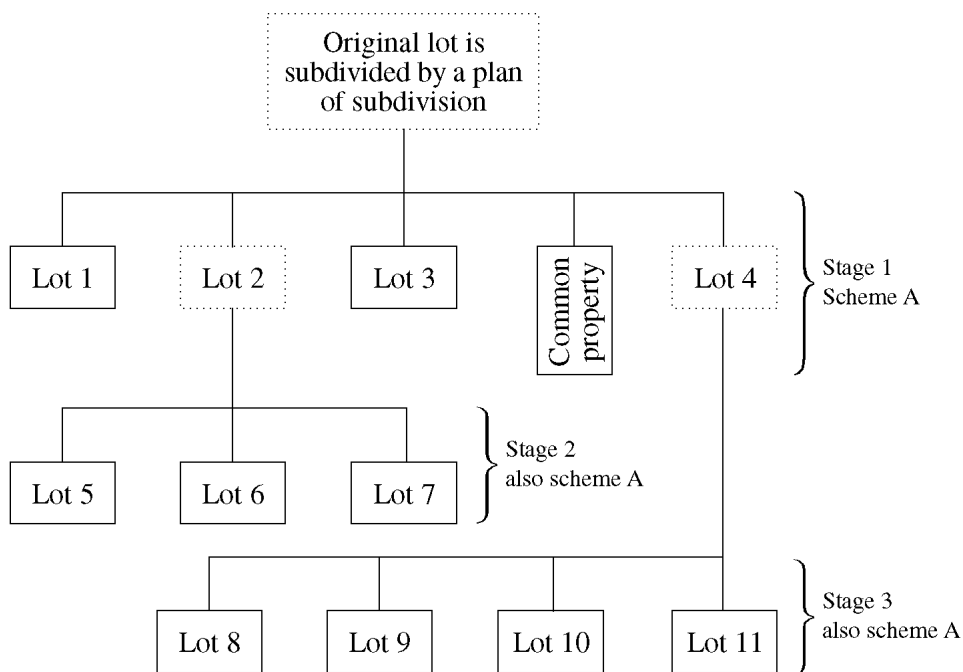

(The following notes are directed at illustrating the use of the **bolded** expressions.)

SCHEDULE 1 (continued)

For the more complex **layered arrangement of community titles schemes** illustrated in this part—

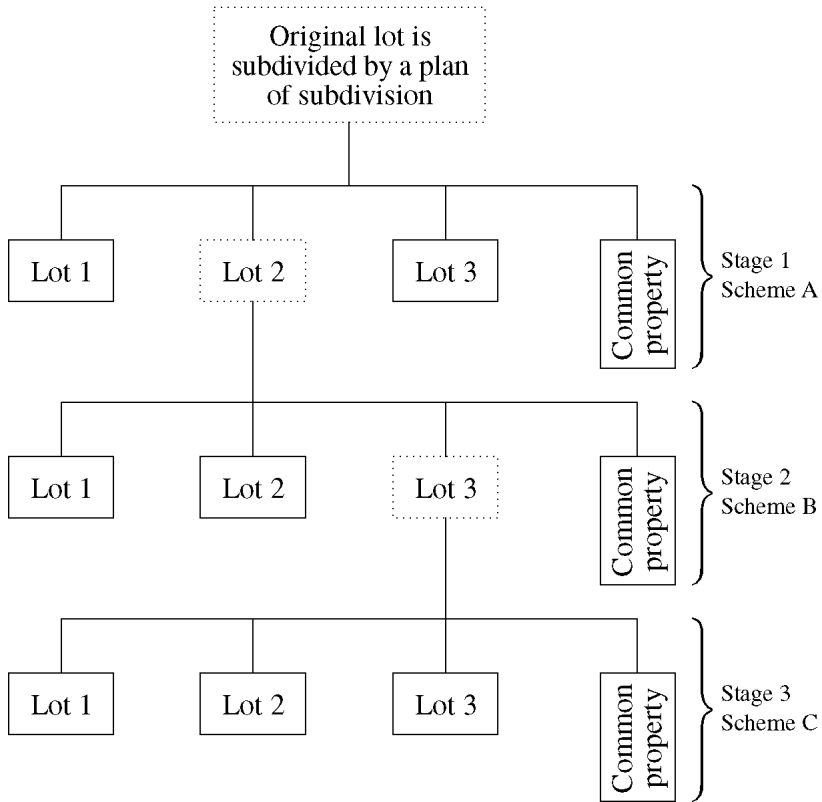

- scheme A is the **principal scheme** because it is not a lot **included in** another community titles scheme
- scheme B is both a **subsidiary scheme** for scheme A and a lot **included in** scheme A, and **includes** 3 lots, 2 of which are community titles schemes (schemes C and D)
- schemes C and D are both **basic schemes** because none of the lots **included in** either scheme is another community titles scheme.
- schemes C and D are also **subsidiary schemes** for both schemes A and B. However, neither scheme C nor scheme D is a lot **included in** scheme A, but each scheme is a lot **included in** scheme B.
- **scheme land** for scheme D consists of lot 1, lot 2 and the common property for scheme D
- **scheme land** for scheme C consists of lot 1, lot 2 and the common property for scheme C
- **scheme land** for scheme B consists of lot 2, the common property for scheme B, the scheme land for scheme C and the scheme land for scheme D
- **scheme land** for scheme A consists of lot 1, lot 3, the common property for scheme A, and the scheme land for scheme B.

‘(5) For subsection (1)(b), the rights of the holder of an interest recorded in the register are not prejudiced if the holder acquired or has dealt with the interest with actual or constructive knowledge that the register was incorrect and how it was incorrect.

Examples for subsection (5)—

1. A person becomes the registered owner of a lot that is the subject of a registered easement. A new indefeasible title is created, but it does not show the easement as an encumbrance. It is likely in these circumstances that the registrar could be satisfied that the rights of the person will not be prejudiced if the registrar corrects the register by restoring the easement as an encumbrance.

2. A new indefeasible title is issued for a lot and the registrar neglects to record on it a registered lease to which the lot is subject. A person subsequently becomes the registered owner of the lot, unaware of the incorrect state of the register in relation to the lease. It is unlikely in these circumstances that the registrar could be satisfied that the rights of the person will not be prejudiced if the registrar corrects the register by restoring the lease as an encumbrance.’.

⁴³ In some Acts, definitions are contained in a dictionary that appears as the last schedule and forms part of the Act—*Acts Interpretation Act 1954*, section 14(4).

Words defined elsewhere in the Act are generally signposted by entries in the dictionary. However, if a section has a definition applying only to the section, or a part of the section, it is generally not signposted by an entry in the dictionary and is generally set out in the last subsection of the section.

Signpost definitions in the dictionary alert the reader to the terms defined elsewhere in the Act and tell the reader where the definitions can be found. For example, the definition ‘**“standard format”** see section 48B’, tells the reader there is a definition of standard format in section 48B.

‘Division 2A—Indefeasible title for common property

‘Creation of indefeasible title for common property

SCHEDULE 3 (continued)

‘Application of provisions of Act to common property

‘41C.(1) In this Act, a reference to a lot is taken to include a reference to common property.

‘(2) However, subsection (1) has effect only to the extent necessary to allow for the registration, and appropriate recognition under this Act, of dealings that—

- (a) affect common property (including dealings affecting interests in common property); and
- (b) are consistent with the BCCM Act.

‘(3) In particular, subsection (1) has effect subject to the following principles—

- there can be no certificate of title issued for common property
- there can be no registered owner for common property (although the body corporate for the community titles scheme that includes the common property is taken to be the registered owner for dealings affecting the fee simple interest in the common property)
- the fee simple interest in the common property for a community titles scheme cannot be the subject of sale or transfer (although a part of the common property might be the subject of transfer after the registration of an appropriate plan of subdivision and the recording of a new community management statement)
- the fee simple interest in common property cannot be the subject of a mortgage (although a lesser interest able to be created over common property, for example, a lease, might be the subject of a mortgage).

Example of marks—

Posts in the ground.

‘Building format plan

‘48C.(1) A **“building format”** plan of survey defines land using the structural elements of a building, including, for example, floors, walls and ceilings.

‘Building format plan of subdivision

SCHEDULE 3 (continued)

‘(4) A dispute resolution provision under a building management statement may operate to require the referral of a dispute arising under the building management statement other than to a court, but the provision is ineffective to the extent that it purports to operate to stop final determination of the dispute in a court of competent jurisdiction.

‘Registration of building management statement

‘54D.(1) When registering a building management statement, the registrar must record a reference to the statement on the indefeasible title for each lot to which the statement relates.

‘(2) However the registrar is not obliged to examine, but may examine, a building management statement for its validity, including, in particular, its consistency with any plan of subdivision, or its compliance with the requirements for a building management statement.

‘Lots constituted by community titles schemes

‘**54I.** For the operation of this division—

- (a) a lot could be constituted by the scheme land for a community titles scheme (other than a subsidiary scheme); and
- (b) for the signing of a building management statement, or an instrument of amendment or extinguishment of a building management statement, by the registered owner of a lot—signing by the body corporate for the community titles scheme whose scheme land constitutes the lot is sufficient.’.
