## **Chapter 4      Vehicle operations—mass, dimension and loading**

### **Part 4.1      Preliminary**

#### **76      Main purposes of Ch 4**

- (1) The main purposes of this Chapter are—
  - (a) to improve public safety by decreasing risks to public safety caused by excessively loaded heavy vehicles; and
  - (b) to minimise any adverse impact of excessively loaded heavy vehicles on road infrastructure or public amenity.
- (2) The purposes are achieved by—
  - (a) imposing mass limits for heavy vehicles, particular components of heavy vehicles, and loads on heavy vehicles; and
  - (b) imposing restrictions about the size of heavy vehicles and the projections of loads on heavy vehicles; and
  - (c) imposing requirements about securing loads on heavy vehicles; and
  - (d) restricting access to roads by heavy vehicles of a particular mass, size or configuration even if the vehicles comply with the mass limits, restrictions and requirements mentioned in paragraphs (a) to (c).
- (3) However, this Chapter recognises that the use of particular heavy vehicles that do not comply with the mass limits, restrictions and requirements mentioned in subsection (2)(a) to (c) may be permitted on roads in particular circumstances and subject to particular conditions—
  - (a) to allow for the efficient road transport of goods or passengers by heavy vehicles; and
  - (b) without compromising the achievement of the purposes.

## Part 4.2 Mass requirements

### Division 1 Requirements

- (1) The national regulations may prescribe requirements (the *mass requirements*) about the following—
  - (a) the mass of heavy vehicles;
  - (b) the mass of components of heavy vehicles.
- (2) Without limiting subsection (1), the mass requirements may include the following—
  - (a) requirements about mass limits relating to—
    - (i) the tare mass of heavy vehicles; or

    - (iii) the mass on tyres, axles or axle groups of heavy vehicles;
  - (b) requirements about mass limits relating to axle spacing.
- (3) Also, without limiting subsection (1) or (2), the mass requirements may—
  - (a) include mass limits that are to apply only to particular areas or routes; and
  - (b) authorise or require the Regulator to decide the areas or routes to which the mass limits are to apply.
- (4) The national regulations may prescribe requirements (that are not mass requirements) about the use on roads of heavy vehicles under particular mass limits, including, for example—
  - (a) a requirement that drivers of heavy vehicles using the vehicles under mass limits applying only to particular

---

areas or routes decided by the Regulator must comply with conditions on the use of heavy vehicles on roads under the mass limits imposed by the Regulator (including conditions required by road managers for the roads); and

- (b) a requirement that drivers of heavy vehicles who are driving the vehicles under particular mass limits must carry particular documents; and
  - (c) a requirement that a particular document or other thing must be displayed on heavy vehicles used under particular mass limits.
- (5) In this section—

*tare mass*, of a heavy vehicle, means the actual mass of the vehicle excluding any load in the vehicle.

## **78 Compliance with mass requirements**

- (1) A person must not drive on a road a heavy vehicle that (together with its load) does not, or whose components do not, comply with the mass requirements applying to the vehicle.

Maximum penalty—

- (a) for a minor risk breach—\$3750; or
  - (b) for a substantial risk breach—\$6000; or
  - (c) for a severe risk breach—\$10000.
- (2) A person charged with an offence against subsection (1) does not have the benefit of the mistake of fact defence for the offence.
- (3) However, in a proceeding for an offence against subsection (1), the person charged has the benefit of the reasonable steps defence for the offence.

Maximum penalty—\$6000.

- (3) A person charged with an offence against subsection (1) or (2) does not have the benefit of the mistake of fact defence for the offence.
- (4) However, in a proceeding for an offence against subsection (1) or (2), the person charged has the benefit of the reasonable steps defence for the offence.

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

## **Division 5                    Other offences**

### **164    Weight of freight container exceeding weight stated on container or safety approval plate**

- (1) This section applies if a freight container contains goods consigned for road transport using a heavy vehicle, or for transport partly by road using a heavy vehicle and partly by some other means.
- (2) Each consignor or packer of the goods commits an offence if the weight of the container exceeds the maximum gross weight marked on the container or the container's safety approval plate.

Maximum penalty—\$10000.

[s 165]

---

- (3) A person charged with an offence against subsection (2) does not have the benefit of the mistake of fact defence for the offence.
- (4) However, in a proceeding for an offence against subsection (2), the person charged has the benefit of the reasonable steps defence for the offence.

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

- (5) In this section—

***safety approval plate***, for a freight container, means the safety approval plate required to be attached to the container under the International Convention for Safe Containers set out in Schedule 5 of the *Navigation Act 1912* of the Commonwealth.

## **165 Conduct of consignee resulting or potentially resulting in contravention of mass, dimension or loading requirement**

- (1) A person who is a consignee of goods consigned for road transport using a heavy vehicle commits an offence if—
  - (a) the person does an act or makes an omission; and
  - (b) the doing of the act or making of the omission results, or is likely to result, in inducing or rewarding a contravention of a mass, dimension or loading requirement; and
  - (c) the person—
    - (i) intends that result; or
    - (ii) is reckless or negligent as to the matter mentioned in paragraph (b).

Maximum penalty—\$10000.

- (2) Without limiting subsection (1)(c)(i), the person is taken to have intended the result mentioned in subsection (1)(b) if the person knew or ought reasonably to have known that—

- 
- (a) a container weight declaration for the container in which the goods were consigned was not given as required by this Law; or
  - (b) a container weight declaration given for the container contained information about the weight of the container and its contents that was false or misleading in a material particular.

## Part 4.10 Other provisions

### 166 Conflicting mass limits

- (1) This section applies if—
  - (a) a mass requirement applies to a heavy vehicle; and
  - (b) the heavy vehicle is not exempted from compliance with the mass requirement by a mass exemption; and
  - (c) another requirement about the mass of the heavy vehicle or any of its components, including, for example, another mass requirement or a requirement of a condition of a mass or dimension authority, conflicts with the mass requirement.
- (2) Of the conflicting requirements, the requirement imposing the lower mass limit applies to the heavy vehicle and the other requirement must be disregarded to the extent of the conflict.

*Examples—*

- 1 If the mass limit applying to a heavy combination as a whole is lower than the sum of the mass limits applying to its component vehicles, the mass limit applying to the heavy combination as a whole must be complied with.
- 2 If a mass exemption applying to a heavy vehicle provides that a particular component of the heavy vehicle may be of a higher mass than that allowed under a mass requirement but the exemption does not provide that the heavy vehicle as a whole may be of a higher mass than the mass limit applying to the vehicle as a whole under a

[s 167]

---

mass requirement, the mass limit applying to the vehicle as a whole continues to apply to the vehicle and must be complied with.

(3) In this section—

*mass exemption* means an exemption under Part 4.5 from compliance with a mass requirement.

### **167 Exemption from compliance with particular requirements in emergency**

(1) The Regulator may, orally or in writing, exempt a heavy vehicle, or the driver or operator of a heavy vehicle, from a prescribed requirement if the Regulator is satisfied—

(a) the vehicle is being used, or is intended to be used, in an emergency, including, for example, a fire, explosion or natural disaster—

(i) to protect life or property; or

(ii) to restore communication or the supply of energy or water or services, including, for example, sewage disposal; and

(b) granting the exemption will not create an unreasonable danger to other road users.

(2) An exemption granted under subsection (1) may be subject to conditions the Regulator considers appropriate.

(3) If an exemption is granted orally under subsection (1), the Regulator must, as soon as practicable—

(a) make a written record of the exemption and any conditions to which it is subject; and

(b) give a copy of the written record to an operator of the heavy vehicle to which it relates.

(4) An exemption under this section has effect only while the conditions, if any, to which it is subject are complied with.

(5) In this section—

*prescribed requirement* means—

- (a) a mass requirement; or
- (b) a dimension requirement; or
- (c) a requirement under Part 4.5, including, for example, a requirement to comply with a condition of an exemption under that Part; or
- (d) a requirement under Part 4.6, including, for example, a requirement to comply with a condition of an authorisation under that Part.

### **168 Recovery of losses arising from non-provision of container weight declaration**

- (1) This section applies if the driver of a heavy vehicle transporting a freight container by road using the vehicle has not been provided with a container weight declaration for the freight container before starting to transport the freight container.
- (2) A person who has incurred a loss as a result of the declaration not being provided (the *plaintiff*) has a right to recover the loss from the responsible entity for the freight container.
- (3) For subsection (2), the losses that may be recovered include the following—
  - (a) loss incurred from delays in the delivery of the freight container, any of its contents or any other goods;
  - (b) loss incurred from the damage to or spoliation of anything contained in the freight container;
  - (c) loss incurred from providing another heavy vehicle, and loss incurred from delays arising from providing another heavy vehicle;
  - (d) costs or expenses incurred for weighing the freight container or any of its contents.
- (4) The plaintiff may enforce the plaintiff's right to recovery under subsection (2) by bringing a proceeding in a court of

[s 169]

---

competent jurisdiction for an order for payment of the monetary value of the loss.

## **169 Recovery of losses for provision of inaccurate container weight declaration**

- (1) This section applies if—
  - (a) an operator or driver of a heavy vehicle transporting a freight container by road using the vehicle has been provided with a container weight declaration for the freight container; and
  - (b) the declaration contains information (the *false or misleading information*) that is false or misleading in a material particular because it—
    - (i) understates the weight of the container; or
    - (ii) otherwise indicates the weight of the container is lower than its actual weight; and
  - (c) a contravention of a mass requirement applying to the heavy vehicle occurs as a result of the operator or driver relying on the false or misleading information; and
  - (d) at the relevant time, the operator or driver either—
    - (i) had a reasonable belief the vehicle was not in contravention of the mass requirement; or
    - (ii) did not know, and ought not reasonably to have known, that the minimum weight stated in the declaration was lower than the actual weight of the container.
- (2) A person who has incurred a loss as a result of the declaration containing the false or misleading information (the *plaintiff*) has a right to recover the loss from the responsible entity for the freight container.
- (3) For subsection (2), the losses that may be recovered include the following—

- 
- (a) the amount of a fine or other penalty imposed on the plaintiff for an offence against this Law;
  - (b) the amount of a fine or other penalty imposed on an employee or agent of the plaintiff for an offence against this Law and reimbursed by the plaintiff;
  - (c) loss incurred from delays in the delivery of the freight container, any of its contents, or any other goods;
  - (d) loss incurred from the damage to or spoliation of anything contained in the freight container;
  - (e) loss incurred from providing another heavy vehicle, and loss incurred from delays arising from providing another heavy vehicle;
  - (f) costs or expenses incurred for weighing the freight container or any of its contents.
- (4) The plaintiff may enforce the plaintiff's right to recovery under subsection (2) by bringing a proceeding in a court of competent jurisdiction for an order for payment of the monetary value of the loss.

**170 Recovery by responsible entity of amount paid under s 169**

- (1) This section applies if, under section 169, a person brings a proceeding (a *recovery proceeding*) in a court for an order that the responsible entity for a freight container pay the person an amount for loss incurred by the person as a result of the container weight declaration for the freight container containing false or misleading information mentioned in section 169(1)(b).
- (2) The responsible entity has a right to recover from a person (the *information provider*) who provided the responsible entity with all or part of the false or misleading information the part of the amount (the *attributable amount*) attributable to the information provided by the information provider.

[s 171]

---

- (3) The responsible entity may enforce the entity's right to recovery under subsection (2) by—
  - (a) if the recovery proceeding has not been decided—joining the information provider in the proceeding and applying to the court for an order that the information provider pay the attributable amount to the responsible entity if an order is made under section 169(4); or
  - (b) if the recovery proceeding has been decided—bringing a proceeding in a court of competent jurisdiction for an order that the information provider pay the attributable amount to the responsible entity.

#### **171 Assessment of monetary value or attributable amount**

- (1) The court may assess the monetary value of a loss recoverable under section 168(2) or 169(2), or the attributable amount recoverable under section 170(2), in the way it considers appropriate.
- (2) In making the assessment, the court may have regard to the matters it considers appropriate, including any evidence adduced in a proceeding for an offence against this Law.

## **Chapter 5      Vehicle operations—speeding**

### **Part 5.1      Preliminary**

#### **172 Main purpose of Ch 5**

The main purpose of this Chapter is to improve public safety and compliance with Australian road laws by imposing responsibility for speeding by heavy vehicles on persons

whose business activities influence the conduct of the drivers of heavy vehicles.

### **173 Outline of the main features of Ch 5**

This Chapter—

- (a) requires persons who are most directly responsible for the use of a heavy vehicle to take reasonable steps to ensure their activities do not cause the vehicle's driver to exceed speed limits; and
- (b) requires anyone who schedules the activities of a heavy vehicle, or its driver, to take reasonable steps to ensure the schedule for the vehicle's driver does not cause the driver to exceed speed limits; and
- (c) requires loading managers to take reasonable steps to ensure the arrangements for loading goods onto and unloading goods from a heavy vehicle do not cause the vehicle's driver to exceed speed limits; and
- (d) requires particular persons who consign goods for transport by a heavy vehicle, or who receive the goods, to take reasonable steps to ensure the terms of consignment of the goods do not cause the vehicle's driver to exceed speed limits; and
- (e) prohibits anyone from asking the driver of a heavy vehicle to exceed speed limits and from entering into an agreement that causes the driver of a heavy vehicle to exceed speed limits; and
- (f) imposes liability on persons who are most directly responsible for the use of a heavy vehicle for offences committed by the vehicle's driver exceeding speed limits.

[s 174]

---

## **Part 5.2 Particular duties and offences**

  - (b) the prime contractor, or operator, is reasonably satisfied each scheduler for the vehicle has complied with sections 177 and 178.

Maximum penalty—\$4000.

## Division 2                      Schedulers

### 177      **Duty to ensure driver’s schedule will not cause driver to exceed speed limit**

## **Division 4                      Particular consignors and consignees**

### **180      Consignors to whom Div 4 applies**

This Division applies to a person (a *commercial consignor*) who engages a particular operator of a heavy vehicle, either directly or through an agent or other intermediary, to transport goods for the person by road for commercial purposes.

### **181      Consignees to whom Div 4 applies**

This Division applies only to a consignee of goods—

- (a) who has consented to being, and is named or otherwise identified as, the intended consignee of goods in the transport documentation relating to the transport of the goods by road by a particular operator of a heavy vehicle; and
- (b) who knows, or who ought reasonably to know, that the goods are to be transported by road.

*Note—*

See section 572 for the matters a court must consider when deciding whether a person ought reasonably to have known something.

### **182      Duty to ensure terms of consignment will not cause driver to exceed speed limit etc.**

- (1) A commercial consignor or a consignee of goods must take all reasonable steps to ensure the terms of consignment will not cause the relevant driver to exceed a speed limit applying to the driver.

Maximum penalty—\$8000.

- (2) A commercial consignor or a consignee of goods must take all reasonable steps to ensure the terms of consignment will not cause a relevant party for the relevant driver to cause the driver to exceed a speed limit applying to the driver.

[s 182]

---

*Examples of reasonable steps for subsections (1) and (2)—*

- ensuring contractual arrangements and documentation for the consignment and delivery of goods enable speed limit compliance
- contingency planning concerning consignments and delivery times
- regular consultation with other parties in the chain of responsibility, unions and industry associations to address compliance issues

Maximum penalty—\$8000.

*Notes for subsections (1) and (2)—*

- 1 Section 564 sets out some of the factors a court may consider in deciding whether a person has taken all reasonable steps.
  - 2 Section 565 sets out 1 method by which a consignor or consignee can take all reasonable steps for subsection (1) or (2).
- (3) A person charged with an offence against subsection (1) or (2) does not have the benefit of the mistake of fact defence for the offence.
- (4) In this section—

***relevant driver***, for consigned goods, means the driver of the heavy vehicle by which the goods are to be or are being transported.

***relevant party***, for the relevant driver for consigned goods, means—

- (a) an employer of the driver if the driver is an employed driver; or

---

**183 Duty not to make a demand that may result in driver exceeding the speed limit**

A commercial consignor or a consignee of goods must not make a demand that affects, or may affect, a time in a schedule for the transport of the consigned goods unless—

- (a) the consignor or consignee has complied with section 182; and

Maximum penalty—\$6000.

**Division 5 Particular requests etc. and contracts etc. prohibited**

**184 Who is a *party in the chain of responsibility***

- (1) For this Division, each of the following persons is a *party in the chain of responsibility* for a heavy vehicle—

  - (g) a consignee of any goods in the vehicle, if Division 4 applies to the consignee.

[s 185]

---

*Note—*

The exercise of any of these functions, whether exclusively or occasionally, decides whether a person falls within any of these definitions, rather than the person's job title or contractual description.

- (2) A person may be a party in the chain of responsibility for a heavy vehicle in more than 1 capacity.

*Example—*

A person may be simultaneously the driver's employer, an operator and a consignor of goods in relation to a heavy vehicle and be subject to duties in each of the capacities.

## **185 Particular requests etc. prohibited**

A person must not ask, direct or require, directly or indirectly, the driver of a heavy vehicle, or a party in the chain of responsibility for a heavy vehicle, to do something the person knows, or ought reasonably to know, would have the effect of causing the driver to exceed a speed limit applying to the driver.

*Example of a requirement that contravenes this section—*

a requirement that the driver complete a journey in a time the person knows or ought reasonably to know can not be complied with unless the driver exceeds the speed limit or does not have all the rest time the driver is required to have under a minimum rest requirement

Maximum penalty—\$8000.

*Note—*

See section 572 for the matters a court must consider when deciding whether a person ought reasonably to have known something.

## **186 Particular contracts etc. prohibited**

- (1) A person must not enter into a contract or other agreement with the driver of a heavy vehicle, or with a party in the chain of responsibility for a heavy vehicle, that the person knows, or ought reasonably to know, would have the effect of causing the vehicle's driver to exceed a speed limit applying to the driver.

---

Maximum penalty—\$8000.

- (2) A person must not enter into a contract or other agreement with the driver of a heavy vehicle, or with a party in the chain of responsibility for a heavy vehicle, that the person knows, or ought reasonably to know, would encourage or provide an incentive for the vehicle's driver, or a party in the chain of responsibility for the vehicle to cause the vehicle's driver, to exceed a speed limit applying to the driver.

Maximum penalty—\$8000.

*Notes for subsections (1) and (2)—*

- 1 See section 572 for the matters a court must consider when deciding whether a person ought reasonably to have known something.
- 2 See also section 677, which provides that particular contracts or other agreements are void.

## **Division 6                      Provisions about offences against this Part**

### **187      Objective reasonableness test to be used in deciding causation**

- (1) This section applies in relation to a proceeding for an offence against this Part that may be committed by a person failing to take all reasonable steps to ensure someone else does not drive a heavy vehicle in excess of a speed limit applying to the vehicle's driver (*prohibited act*).
- (2) For subsection (1), a person failing to take all reasonable steps to ensure someone else does not do a prohibited act includes—
- (a) the person failing to take reasonable steps to ensure the other person does not do the prohibited act; and
  - (b) the person failing to take reasonable steps to ensure the person's activities, or anything arising out of the person's activities, do not—

[s 188]

---

- (i) cause the other person to do the prohibited act; or
  - (ii) result in the other person doing the prohibited act;  
or
  - (iii) provide an incentive for the other person to do the prohibited act.
- (3) Subsection (4) applies if—
  - (a) a person does an act or makes an omission; and
  - (b) as a result of the act or omission someone else does a prohibited act.
- (4) A court may find the person caused the other person to do the prohibited act if the court is satisfied a reasonable person would have foreseen that the person’s act or omission would be reasonably likely to cause the other person to do the prohibited act.

**188 Commission of speeding offence is irrelevant to Pt 5.2 prosecution**

In a prosecution for an offence against this Part, it is not necessary to prove the driver of the heavy vehicle exceeded a speed limit applying to the driver.

## **Part 5.3 Extended liability**

**189 Liability of employer etc. for driver’s contravention of speeding offence**

- (1) If the driver of a heavy vehicle is convicted of a speeding offence, each of the following persons is also taken to have committed the offence—

- 
- (b) a prime contractor of the driver if the driver is a self-employed driver;
  - (c) an operator of the vehicle if the driver is making a journey for the operator.

Maximum penalty—

- (a) if the speeding offence involves the driver of a heavy vehicle exceeding a speed limit of 50km/h or 60km/h—\$1000; or
  - (b) if the speeding offence involves the driver of a heavy vehicle exceeding a speed limit of 70km/h or 80km/h—
    - (i) by less than 15km/h—\$1000; or

    - (ii) by 15km/h or more—\$8000; or
  - (e) if the speeding offence involves the driver of a heavy vehicle exceeding a speed limit of 100km/h or more—
    - (i) by less than 15km/h—\$4000; or
    - (ii) by 15km/h or more—\$8000.
- (2) A person charged with an offence against subsection (1) does not have the benefit of the mistake of fact defence for the offence.
  - (3) However, in a proceeding for an offence against subsection (1), the person charged has the benefit of the reasonable steps defence.

[s 190]

---

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

(4) In this section—

*speeding offence* means an offence committed by the driver of a heavy vehicle because the driver exceeded a speed limit applying to the driver.

  - (ii) are known as ‘exemption hours’.

## **214 Counting time spent in participating jurisdictions**

When counting work time or rest time spent by the driver of a fatigue-regulated heavy vehicle for this Part, the work time or rest time spent by the driver in any participating jurisdiction must be counted.

## **215 Counting time spent outside participating jurisdictions**

- (1) This section applies to the driver of a fatigue-regulated heavy vehicle if the driver drives a fatigue-regulated heavy vehicle into a participating jurisdiction from a non-participating jurisdiction.
- (2) If, within the last 7 days, the driver has spent any work time in a participating jurisdiction, any time spent by the driver in the non-participating jurisdiction must be treated in the same way as it would have been treated if the time had been spent in a participating jurisdiction.

[s 216]

---

- (3) If, within the last 7 days, the driver spent work time only in non-participating jurisdictions—
  - (a) any time spent by the driver in the non-participating jurisdiction before the start of the driver's last major rest break before entering a participating jurisdiction must be disregarded; and
  - (b) any time spent by the driver in the non-participating jurisdiction after the start of the last major rest break mentioned in paragraph (a) must be—
    - (i) taken into account; and
    - (ii) treated in the same way as it would have been treated if the time had been spent in a participating jurisdiction.

## **216 Counting periods of less than 15 minutes**

- (1) Work time must be counted in 15 minute periods.
- (2) A period of work time of less than 15 minutes counts as 15 minutes work time.

*Examples for subsection (2)—*

- 1 A period of working for 14 minutes counts as 15 minutes work time.
  - 2 A period of working for 17 minutes counts as 30 minutes work time.
  - 3 A period of working for 53 minutes counts as 1 hour work time.
- (3) Rest time must be counted in blocks of time of no less than 15 minutes.
  - (4) A period of rest time of less than 15 minutes must be disregarded.

*Examples for subsection (4)—*

- 1 A period of not working for only 14 minutes does not count as rest time, because 14 minutes is less than 15 minutes.

- 2 A period of not working for 17 minutes counts as 15 minutes rest time, because 17 minutes is more than 15 minutes, but is less than 2 lots of 15 minutes (30 minutes).

## 217 Time to be counted after rest time ends

When counting time in a period, the time must not be counted from within rest time, but instead must be counted forward from—

- (a) if 1 or more major rest breaks are relevant to the period—the end of a relevant major rest break; or
- (b) in any other case—the end of a relevant period of rest time.

### *Example—*

An authorised officer intercepts the driver of a fatigue-regulated heavy vehicle on a Friday and inspects the driver's work diary. The driver operates under standard hours. The officer examines the work diary entries for the previous Monday. The entries show that the driver completed 7 continuous hours of stationary rest time at 6.30a.m. on that day, started work at that time, worked until 11a.m. that day, had 30 minutes of rest time, worked until 5.30p.m. that day, had 30 minutes of rest time, worked until 8pm, then had stationary rest time until 4.30a.m. on the following Tuesday, then worked until 6.30am on that day.

For the purposes of deciding the number of hours worked by the driver in a 24 period starting on the Monday, the officer must count the periods the driver worked between the end of the major rest break that finished at 6.30a.m. on the Monday and 6.30a.m. on the following Tuesday. Adding the periods 6.30a.m. to 11a.m. and 11.30a.m. to 5.30p.m. and 6p.m. to 8p.m. and 4.30am to 6.30a.m. results in a total of 14½ hours worked in the 24 hour period.

The officer might also decide to calculate the number of continuous hours worked in the second period of work time that day. This requires the counting to start at the end of the rest time that finished at 11.30a.m. and results in a total of 6 continuous hours.

For the purposes of deciding the number of continuous hours of stationary rest time the driver had in a 24 period starting on the Monday, the officer must consider the periods of stationary rest time the driver had between the end of the major rest break that finished at 6.30a.m. on the Monday and 6.30a.m. on the following Tuesday. This results in a

[s 218]

---

total of 8½ continuous hours of stationary rest time, being the time between 8p.m. on the Monday and 4.30a.m. on the following Tuesday.

## **218 Time to be counted by reference to time zone of driver's base**

If the driver of a fatigue-regulated heavy vehicle undertakes a journey and is in a different time zone from the time zone of the driver's base at the time when a period of time is relevant for the purposes of this Law, the period must be counted by reference to the time zone of the driver's base.

*Example—*

If, for the driver of a fatigue-regulated heavy vehicle with a base in Queensland, it is necessary to work out the hours of night work time while the driver is in Western Australia on a journey, the hours of night work time are the hours between midnight and 6a.m. in the Queensland time zone (being the time zone in which the driver's base is situated), even though the hours equate to 10p.m. and 4a.m. in Western Australia.

## **Division 2 Standard work and rest arrangements**

### **219 Standard hours**

- (1) The national regulations may prescribe the maximum work times and minimum rest times (the *standard hours*) applying to the driver of a fatigue-regulated heavy vehicle for a period if the driver is not operating under a BFM accreditation, AFM accreditation or work and rest hours exemption.
- (2) Without limiting subsection (1), the national regulations may prescribe—
  - (a) different standard hours for solo drivers, solo drivers of fatigue-regulated buses and drivers who are a party to a two-up driving arrangement; and
  - (b) that a solo driver of a fatigue-regulated bus may operate under either, but not both, the standard hours for solo

---

drivers or the standard hours for solo drivers of fatigue-regulated buses.

## **220 Operating under standard hours—solo drivers**

- (1) The solo driver of a fatigue-regulated heavy vehicle commits an offence if, in any period stated in the standard hours for the driver, the driver—
  - (a) works for more than the maximum work time stated in the standard hours for the period; or
  - (b) rests for less than the minimum rest time stated in the standard hours for the period.

Maximum penalty—

- (a) for a minor risk breach—\$1500; or
  - (b) for a substantial risk breach—\$3000; or
  - (c) for a severe risk breach—\$4500; or
  - (d) for a critical risk breach—\$6000.
- (2) A person charged with an offence against subsection (1) does not have the benefit of the mistake of fact defence for the offence.
  - (3) However, in a proceeding for an offence against subsection (1), the person charged has the benefit of the reasonable steps defence for the offence.

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

## **221 Operating under standard hours—two-up drivers**

- (1) The driver of a fatigue-regulated heavy vehicle who is a party to a two-up driving arrangement commits an offence if, in any period stated in the standard hours for the driver, the driver—
  - (a) works for more than the maximum work time stated in the standard hours for the period; or

[s 222]

---

- (b) rests for less than the minimum rest time stated in the standard hours for the period.

Maximum penalty—

- (a) for a minor risk breach—\$1500; or  
(b) for a substantial risk breach—\$3000; or  
(c) for a severe risk breach—\$4500; or  
(d) for a critical risk breach—\$6000.
- (2) A person charged with an offence against subsection (1) does not have the benefit of the mistake of fact defence for the offence.
- (3) However, in a proceeding for an offence against subsection (1), the person charged has the benefit of the reasonable steps defence for the offence.

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

## **222 Defence relating to short rest breaks for drivers operating under standard hours**

- (1) This section applies if, at a particular time, the driver of a fatigue-regulated heavy vehicle is required, under section 220 or 221, to have a short rest break.

*Examples of when this section applies—*

The driver is required to have 15 continuous minutes rest time because—

- (a) the driver has worked for  $5\frac{1}{4}$  hours; or  
(b) the driver has worked for  $7\frac{1}{2}$  hours and has only had 15 continuous minutes rest time during that period; or  
(c) the driver has worked for 10 hours and has only had 3 lots of 15 continuous minutes rest time during that period.
- (2) In a proceeding for an offence against section 220 or 221 relating to the driver failing to have the short rest break, it is a defence for the driver to prove that—

- 
- (a) at the time the driver was required to have the short rest break, there was no suitable rest place for fatigue-regulated heavy vehicles; and
  - (b) the driver had the short rest break—
    - (i) at the next suitable rest place for fatigue-regulated heavy vehicles available after that time on the forward route of the driver's journey; and
    - (ii) no later than 45 minutes after the time the driver was required to have the short rest break.

*Example of when the defence applies—*

The driver of a fatigue-regulated heavy vehicle fails to have a short rest break after 5<sup>1</sup>/<sub>4</sub> hours of work time because there was no suitable rest place for fatigue-regulated heavy vehicles when the driver was scheduled to have the short rest break. Instead, the driver has a short rest break after 5<sup>1</sup>/<sub>2</sub> hours work at a suitable rest place for fatigue-regulated heavy vehicles down the road.

- (3) In this section—

*short rest break* means rest time of less than 1 hour.

## Division 3                      BFM work and rest arrangements

### 223      BFM hours

- (1) The national regulations may prescribe the maximum work times and minimum rest times applying to the driver of a fatigue-regulated heavy vehicle for a period if the driver is operating under a BFM accreditation (the *BFM hours*).
- (2) Without limiting subsection (1), the national regulations may prescribe different BFM hours for solo drivers and drivers who are a party to a two-up driving arrangement.

[s 224]

---

## **224 Operating under BFM hours—solo drivers**

- (1) The solo driver of a fatigue-regulated heavy vehicle commits an offence if, in any period stated in the BFM hours for the driver, the driver—
  - (a) works for more than the maximum work time stated in the BFM hours for the period; or
  - (b) rests for less than the minimum rest time stated in the BFM hours for the period.

Maximum penalty—

- (a) for a minor risk breach—\$1500; or
  - (b) for a substantial risk breach—\$3000; or
  - (c) for a severe risk breach—\$4500; or
  - (d) for a critical risk breach—\$6000.
- (2) A person charged with an offence against subsection (1) does not have the benefit of the mistake of fact defence for the offence.
- (3) However, in a proceeding for an offence against subsection (1), the person charged has the benefit of the reasonable steps defence for the offence.

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

## **225 Defence for solo drivers operating under BFM hours relating to split rest breaks**

- (1) This section applies if, at a particular time, the driver of a fatigue-regulated heavy vehicle is required under section 224 to have 7 continuous hours of stationary rest time in a period of 24 hours.
- (2) In a proceeding for an offence against section 224 for a solo driver of a fatigue-regulated heavy vehicle relating to the driver failing to have the 7 continuous hours of stationary rest time, it is a defence for the driver to prove that—

- (a) at the time the driver was required to have the 7 continuous hours of stationary rest time, the driver was operating under BFM hours as a solo driver of a fatigue-regulated heavy vehicle; and
- (b) during the period of 24 hours for which the 7 continuous hours of stationary rest time was required to be had, the driver had 6 continuous hours of stationary rest time and 2 continuous hours of stationary rest time (a *split rest break*); and
- (c) the driver had not had a split rest break in the previous 24-hour period.

*Example of when the defence applies—*

The driver of a fatigue-regulated heavy vehicle stops work to have 7 continuous hours of stationary rest time, but can not sleep, so the driver has only 2 continuous hours of stationary rest time and then drives on for a further 2 hours and has a further 6 continuous hours of stationary rest time at another place down the road. In the previous 24-hour period the driver had 7 continuous hours of stationary rest time.

## **226 Operating under BFM hours—two-up drivers**

- (1) The driver of a fatigue-regulated heavy vehicle who is a party to a two-up driving arrangement commits an offence if, in any period stated in the BFM hours for the driver, the driver—
  - (a) works for more than the maximum work time stated in the BFM hours for the period; or
  - (b) rests for less than the minimum rest time stated in the BFM hours for the period.

Maximum penalty—

- (a) for a minor risk breach—\$1500; or
- (b) for a substantial risk breach—\$3000; or
- (c) for a severe risk breach—\$4500; or
- (d) for a critical risk breach—\$6000.

[s 227]

---

- (2) A person charged with an offence against subsection (1) does not have the benefit of the mistake of fact defence for the offence.
- (3) However, in a proceeding for an offence against subsection (1), the person charged has the benefit of the reasonable steps defence for the offence.

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

## **Division 4                    AFM work and rest arrangements**

### **227    AFM hours**

*AFM hours* are the maximum work times and minimum rest times applying, for a period, to the driver of a fatigue-regulated heavy vehicle operating under an AFM accreditation, and stated in the accreditation certificate for the accreditation.

### **228    Operating under AFM hours**

- (1) The driver of a fatigue-regulated heavy vehicle commits an offence if, in any period stated in the AFM hours for the driver, the driver—
  - (a) works for more than the maximum work time stated in the AFM hours; or
  - (b) rests for less than the minimum rest time stated in the AFM hours.

Maximum penalty—

- (a) for a minor risk breach—\$1500; or
- (b) for a substantial risk breach—\$3000; or
- (c) for a severe risk breach—\$4500; or
- (d) for a critical risk breach—\$6000.

- (2) A person charged with an offence against subsection (1) does not have the benefit of the mistake of fact defence for the offence.
- (3) However, in a proceeding for an offence against subsection (1), the person charged has the benefit of the reasonable steps defence for the offence.

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

## **Division 5 Arrangements under work and rest hours exemption**

### **229 Exemption hours**

- (1) *Exemption hours* are the maximum work times and minimum rest times applying, for a period, to the driver of a fatigue-regulated heavy vehicle operating under a work and rest hours exemption, and stated in the relevant document for the exemption.
- (2) In this section—  
*relevant document* means—
  - (a) for a work and rest hours exemption (notice)—the Commonwealth Gazette notice for the exemption; or
  - (b) for a work and rest hours exemption (permit)—the permit for the exemption.

### **230 Operating under exemption hours**

- (1) The driver of a fatigue-regulated heavy vehicle operating under a work and rest hours exemption commits an offence if, in any period stated in the exemption hours for the exemption, the driver—
  - (a) works for more than the maximum work time stated in the exemption hours; or

[s 231]

---

- (b) rests for less than the minimum rest time stated in the exemption hours.

Maximum penalty—

- (a) for a minor risk breach—\$1500; or
  - (b) for a substantial risk breach—\$3000; or
  - (c) for a severe risk breach—\$4500; or
  - (d) for a critical risk breach—\$6000.
- (2) A person charged with an offence against subsection (1) does not have the benefit of the mistake of fact defence for the offence.
  - (3) However, in a proceeding for an offence against subsection (1), the person charged has the benefit of the reasonable steps defence for the offence.

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

## Division 6                      Extended liability

### 231      **Liability of employer etc. for driver's contravention of maximum work requirement or minimum rest requirement**

- (1) If the driver of a fatigue-regulated heavy vehicle is convicted of an offence involving a contravention of a maximum work requirement or minimum rest requirement applying to the driver under Division 2, 3, 4 or 5 (the *relevant offence*), each of the following persons is also taken to have committed the offence—
  - (a) an employer of the driver if the driver is an employed driver;
  - (b) a prime contractor of the driver if the driver is a self-employed driver;
  - (c) an operator of the vehicle;

- 
- (d) a scheduler for the vehicle;
  - (e) a consignor of any goods for transport by the vehicle that are in the vehicle;
  - (f) a consignee of any goods in the vehicle;
  - (g) a loading manager of any goods in the vehicle;
  - (h) a loader of any goods in the vehicle;
  - (i) an unloader of goods in the vehicle.

Maximum penalty—

- (a) for a minor risk breach—\$1500; or
  - (b) for a substantial risk breach—\$3000; or
  - (c) for a severe risk breach—\$4500; or
  - (d) for a critical risk breach—\$6000.
- (2) A person charged with an offence against subsection (1) does not have the benefit of the mistake of fact defence for the offence.
- (3) However, in a proceeding for an offence against subsection (1), the person charged has the benefit of the reasonable steps defence for the offence.

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

## **Division 7                      Changing work and rest hours option**

### **232      Changing work and rest hours option**

- (1) The driver of a fatigue-regulated heavy vehicle may operate under only 1 work and rest hours option at any 1 time.
- (2) However, the driver of a fatigue-regulated heavy vehicle may change from 1 work and rest hours option to a different work and rest hours option.

[s 233]

---

### **233 Operating under new work and rest hours option after change**

- (1) The driver of a fatigue-regulated heavy vehicle must not drive the vehicle after changing from 1 work and rest hours option to a different work and rest hours option unless—
- (a) if the change is from standard hours or BFM hours, either the driver—
    - (i) is in compliance with all the maximum work requirements and minimum rest requirements under the work and rest hours option to which the driver has changed; or
    - (ii) has had a reset rest break; and

*Examples for paragraph (a)—*

- 1 If the driver of a fatigue-regulated heavy vehicle is changing from BFM hours to standard hours and the minimum rest requirements applying to drivers operating under standard hours requires the driver to have a longer rest time than is required under BFM hours, the driver may start driving under standard hours only if the driver has had the longer rest time or a reset rest break.
  - 2 If the driver of a fatigue-regulated heavy vehicle is changing from BFM hours to standard hours and the minimum rest requirements applying to drivers operating under standard hours requires the driver to have rest time earlier than is required under BFM hours, the driver may start driving under standard hours only if the driver has had the earlier rest time or a reset rest break.
- (b) if the change is from AFM hours or exemption hours, the driver has had a reset rest break; and
  - (c) the driver complies with all other requirements of the work and rest hours option to which the driver has changed.

*Example of other requirements for paragraph (c)—*

If the driver is changing to BFM hours or AFM hours, the driver must be inducted into the relevant operator's BFM or AFM fatigue management system.

Maximum penalty—\$3000.

- (2) If the driver of a fatigue-regulated heavy vehicle has had a reset rest break between changing from 1 work and rest hours option to a different work and rest hours option, the period to which the new work and rest hours option applies must be counted forward from the end of the reset rest break.
- (3) A person charged with an offence against subsection (1) does not have the benefit of the mistake of fact defence for the offence.
- (4) However, in a proceeding for an offence against subsection (1), the person charged has the benefit of the reasonable steps defence for the offence.

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

- (5) In this section—  
*reset rest break* means a period of rest time of at least 48 continuous hours.

## **234 Duty of employer, prime contractor, operator and scheduler to ensure driver compliance**

- (1) This section applies if the driver of a fatigue-regulated heavy vehicle changes from 1 work and rest hours option to a different work and rest hours option.
- (2) A relevant party for the driver must—
  - (a) ensure the driver does not drive a fatigue-regulated heavy vehicle after making the change unless the driver has complied with section 233; and
  - (b) take whatever action is necessary to ensure the driver can comply with his or her obligations in relation to the change.

Maximum penalty—\$3000.

[s 235]

---

- (3) A person charged with an offence against subsection (2) does not have the benefit of the mistake of fact defence for the offence.
- (4) However, in a proceeding for an offence against subsection (2), the person charged has the benefit of the reasonable steps defence for the offence.

*Note—*

See Divisions 1 and 2 of Part 10.4 for the reasonable steps defence.

- (5) In this section—  
*relevant party*, for the driver of a fatigue-regulated heavy vehicle, means—
  - (a) an employer of the driver if the driver is an employed driver; or
  - (b) a prime contractor of the driver if the driver is a self-employed driver; or
  - (c) an operator of the vehicle if the driver is making a journey for the operator; or
  - (d) a scheduler for the vehicle.

## **Division 8 Exemptions relating to work times and rest times**

### **Subdivision 1 Exemption for emergency services**

#### **235 Emergency services exemption**

- (1) A person who is acting for an emergency service and who has time-critical duties on the way to, or during, an emergency is exempted in the course of carrying out the duties from compliance with this Part.
- (2) A person who is acting for an emergency service and who is returning from attending an emergency is exempted from

compliance with this Part if the person reasonably believes the noncompliance does not present an unreasonable danger to other road users.

(3) In this section—

**emergency** means an event, or an anticipated event, that—

- (a) endangers, or may endanger, life, property or the environment; or
- (b) has disrupted, or may disrupt, communications, energy supply, water supply or sewerage services; or
- (c) is declared to be an emergency or disaster by—
  - (i) the Commonwealth or a State or Territory; or
  - (ii) a Commonwealth or State or Territory authority responsible for managing responses to emergencies or disasters.

*Examples of an emergency—*

fire, explosion or natural disaster

**emergency service** means an entity that has a statutory responsibility to respond to an emergency and includes the following—

- (a) an ambulance service;
- (b) a fire brigade, including a volunteer fire brigade;
- (c) a police force or police service;
- (d) a disaster or emergency organisation of the Commonwealth or a State or Territory.

## **Subdivision 2 Exemptions by Commonwealth Gazette notice**

### **236 Regulator’s power to exempt class of drivers from particular maximum work requirements and minimum rest requirements**

- (1) The Regulator may, by Commonwealth Gazette notice complying with section 240, grant an exemption to allow, for a period of not more than 3 years, a class of drivers of fatigue-regulated heavy vehicles to operate under the maximum work times and minimum rest times stated in the exemption.
- (2) An exemption under subsection (1) is a *work and rest hours exemption (notice)*.

### **237 Restriction on grant of work and rest hours exemption (notice)**

- (1) The Regulator may grant a work and rest hours exemption (notice) only if the Regulator is satisfied—
  - (a) requiring the class of drivers to whom the exemption is to apply to comply with the standard hours would be an unreasonable restriction on operations conducted by—
    - (i) the class of drivers; or
    - (ii) relevant parties for the class of drivers; and
  - (b) if the maximum work times and minimum rest times to apply under the exemption could be accommodated within BFM hours or AFM hours—the requirements applying to BFM accreditation or AFM accreditation under this Law would, having regard to the nature of the operations, be unreasonable for the operations conducted by—
    - (i) the class of drivers; or
    - (ii) relevant parties for the class of drivers; and

- 
- (c) the driver fatigue management practices that are to apply to drivers operating under the exemption would, if followed, safely manage fatigue risks; and
  - (d) the class of drivers to whom the exemption is to apply is likely to follow the practices consistently and effectively.
- (2) In deciding whether or not to grant a work and rest hours exemption (notice), the Regulator must have regard to the approved guidelines for granting work and rest hours exemptions.
- (3) In this section—
- relevant parties***, for a class of drivers of fatigue-regulated heavy vehicles, means—
- (a) employers of the class of drivers if they are employed drivers; or
  - (b) prime contractors for the class of drivers if they are self-employed drivers; or
  - (c) operators of fatigue-regulated heavy vehicles if the drivers of the class are to make journeys for the operators using the vehicles.

### **238 Conditions of work and rest hours exemption (notice)**

A work and rest hours exemption (notice) may be subject to any conditions the Regulator considers appropriate, including, for example, conditions about—

- (a) driver fatigue management practices that are to apply to drivers operating under the exemption; and
- (b) keeping records relating to the driver fatigue management practices; and
- (c) a condition that the driver of a fatigue-regulated heavy vehicle who is operating under the exemption must keep in the driver's possession a copy of—

[s 239]

---

- (i) the Commonwealth Gazette notice for the exemption; or
- (ii) an information sheet about the exemption published by the Regulator on the Regulator's website.

**239 Period for which work and rest hours exemption (notice) applies**

A work and rest hours exemption (notice)—

- (a) takes effect—
  - (i) when the Commonwealth Gazette notice for the exemption is published; or
  - (ii) if a later time is stated in the Commonwealth Gazette notice, at the later time; and
- (b) applies for the period stated in the Commonwealth Gazette notice.

**240 Requirements about Commonwealth Gazette notice**

- (1) A Commonwealth Gazette notice for a work and rest hours exemption (notice) must state the following—
  - (a) the class of drivers of fatigue-regulated heavy vehicles to which the exemption applies;
  - (b) the maximum work times and minimum rest times that are to apply to drivers operating under the exemption;
  - (c) the other conditions of the exemption;
  - (d) the period for which the exemption applies.
- (2) The Regulator must publish a copy of the Commonwealth Gazette notice on the Regulator's website.

---

**241 Amendment or cancellation of work and rest hours exemption (notice)**

- (1) Each of the following is a ground for amending or cancelling a work and rest hours exemption (notice)—
  - (a) the circumstances in which the Regulator may grant the exemption are no longer satisfied;
  - (b) the use of fatigue-regulated heavy vehicles under the exemption has caused, or is likely to cause, a significant risk to public safety.
- (2) If the Regulator considers a ground exists to amend or cancel a work and rest hours exemption (notice), the Regulator may, by Commonwealth Gazette notice, amend or cancel the exemption.
- (3) The Regulator must publish a copy of the Commonwealth Gazette notice on the Regulator’s website.

**Subdivision 3 Exemptions by permit**

**242 Regulator’s power to exempt drivers from particular maximum work requirements and minimum rest requirements**

- (1) The Regulator may, by giving a permit to a person as mentioned in section 247, grant an exemption to allow, for a period of not more than 3 years, a driver of a fatigue-regulated heavy vehicle, or a class of drivers of fatigue-regulated heavy vehicles, to operate under the maximum work times and minimum rest times stated in the exemption.
- (2) An exemption under subsection (1) is a *work and rest hours exemption (permit)*.
- (3) The Regulator may grant a work and rest hours exemption (permit) to the operator of a fatigue-regulated heavy vehicle in combination with the operator’s BFM accreditation or AFM accreditation.

[s 243]

---

- (4) The Regulator may grant a work and rest hours exemption (permit)—
  - (a) in a way that does not cover all the drivers sought by the applicant; or
  - (b) setting maximum work times and minimum rest times different to the maximum work times and minimum rest times sought by the applicant.

### **243 Application for work and rest hours exemption (permit)**

- (1) Any of the following persons may apply to the Regulator for a work and rest hours exemption (permit)—
  - (a) an employer of a driver of a fatigue-regulated heavy vehicle;
  - (b) a prime contractor for a driver of a fatigue-regulated heavy vehicle;
  - (c) an operator of a fatigue-regulated heavy vehicle;
  - (d) a self-employed driver of a fatigue-regulated heavy vehicle.
- (2) The application must—
  - (a) be in the approved form; and
  - (b) state the following—
    - (i) the period for which the exemption is sought;
    - (ii) any conditions to which the exemption is sought to be subject;
    - (iii) the name of the driver of a fatigue-regulated heavy vehicle to whom the exemption is sought to apply, or details of the class of drivers of fatigue-regulated heavy vehicles to whom the exemption is sought to apply;

- (1) The driver of a fatigue-regulated heavy vehicle is engaged in *100km work* if the driver is driving in an area with a radius of 100km or less from the driver's base.
- (2) The driver of a fatigue-regulated heavy vehicle is engaged in *100+km work* if the driver is driving in an area with a radius of more than 100km from the driver's base.
- (3) To remove any doubt, it is declared that the driver of a fatigue-regulated heavy vehicle to whom subsection (2) applies is taken to be engaged in 100+km work even while the driver was driving in an area within a radius of 100km or less from the driver's base.

#### 259 What is a driver's *base* in particular circumstances

- (1) The *base* of the driver of a fatigue-regulated heavy vehicle, in relation to particular work, is the place from which the driver normally does the work or receives instructions for the work.

- 
- (2) Despite subsection (1), if the driver has not recorded a base in the driver's work diary in relation to particular work, for the purposes of this Law the driver's base in relation to that work is—
- (a) the vehicle's relevant garage address; or
  - (b) if the vehicle does not have a garage address—the place where the vehicle is normally kept when not in use.
- (3) If the driver is an employed driver and a self-employed driver at different times—
- (a) the driver has a base as an employed driver and another base as a self-employed driver; and
  - (b) the bases may be at the same or different places.
- (4) If the driver has 2 or more employers—
- (a) the driver has a different base in relation to each employer; and
  - (b) the bases may be at the same or different places.

## **260 What is a driver's *record location***

The *record location* of the driver of a fatigue-regulated heavy vehicle is—

- (a) if the driver's record keeper has advised the driver of the place that is the driver's record location—the place advised; or

  - (a) if the driver has used only 1 or more written work diaries in the last 28 days—
    - (i) the written work diary the driver is currently using; and
    - (ii) any filled-up written work diary the driver has used during the last 28 days;
  - (b) if the driver has used only 1 or more electronic work diaries in the last 28 days—
    - (i) the electronic work diary the driver is currently using; and

- (c) if the driver has used a combination of written work diaries and electronic work diaries in the last 28 days—
- (i) the written work diary, or electronic work diary, the driver is currently using; and
  - (ii) each written work diary the driver has used during the last 28 days; and
  - (iii) if the driver is currently using an electronic work diary, printouts of the information no longer stored in the diary and relating to any period during the last 28 days; and
  - (iv) printouts of the information in any electronic work diary the driver has used in the last 28 days, relating to any period during the last 28 days and not recorded in the written work diary or electronic work diary the driver is currently using.

*Notes—*

- 1 For the requirement to record particular information in a supplementary record if the work diary of the driver of a fatigue-regulated heavy vehicle is filled up, destroyed, lost, stolen or, for an electronic diary, is malfunctioning, see section 275.
  - 2 Under section 512, an authorised officer may require the driver of a fatigue-regulated heavy vehicle to produce for inspection the driver's work diary.
- (2) Subsection (1) applies irrespective of the number of days in the previous 28 days the driver spent working in relation to a fatigue-regulated heavy vehicle.
  - (3) In a proceeding for an offence against subsection (1) relating to the driver failing to keep a work diary containing particular information, it is a defence for the driver to prove that—

    - (b) the information was—
      - (i) recorded in an electronic work diary; and

- (b) works under BFM hours, AFM hours or exemption hours.

### **265 How information requirements apply to a day**

- (1) In this Subdivision, the requirement to record information for a day continues to apply for each period of work time and rest time the driver has on that day.
- (2) However, if the driver stops working on a day and starts a major rest break that will continue until the end of the day, the driver may stop recording information for the day when the driver stops working and starts the major rest break.

  - (a) the driver was unaware that the driver would be engaging in 100+km work under standard hours on the day; and

- 
- (b) the driver recorded the information in the driver's work diary as soon as practicable after becoming aware that the driver would be engaging in 100+km work under standard hours on the day.
- (3) In this section—

  - (a) engaging in 100+km work under standards hours; or

- (b) operating under BFM hours, AFM hours or exemption hours.

**269 Information to be recorded immediately before finishing work**

Immediately before finishing work on a day, the driver must ensure all periods of work time and rest time the driver had that day are recorded.

Maximum penalty—\$6000.

**Subdivision 3 How information must be recorded in work diary**

**270 Purpose of Sdiv 3**

This Subdivision states how the driver of a fatigue-regulated heavy vehicle who is required to record information in the driver's work diary under Subdivision 2 must record the information.

**271 Recording information in written work diary**

If the driver's work diary is a written work diary, the driver must record information in the work diary in the following way—

- (a) the information for each day must be written on a separate daily sheet in the work diary that has not been cancelled by the Regulator;
- (b) if, on a day, the driver changes the work and rest hours option under which the driver is working, the information for the part of the day after the change must be written on a separate daily sheet in the work diary that has not been cancelled by the Regulator;

- (b) the manufacturer's instructions for recording information in the electronic work diary, to the extent the instructions are consistent with the conditions mentioned in paragraph (a).

Maximum penalty—\$2000.

---

*Note—*

The Regulator may impose conditions on the use of an electronic recording system under section 313.

### **273 Time zone of driver's base must be used**

The driver must record time in the driver's work diary according to the time zone in the place where the driver's base is, rather than the time zone in the place where the driver is.

### **310 Application for written work diary**

- (1) The driver of a fatigue-regulated heavy vehicle may apply to the Regulator for a written work diary.
- (2) The application must be in the approved form.
- (3) If the application is for a written work diary to replace a written work diary previously issued to the driver (the *existing written work diary*), the driver must give the existing written work diary to the Regulator with the application, unless the existing written work diary has been destroyed, lost or stolen.
- (4) If the driver gives the existing written work diary to the Regulator, the Regulator must—

(2) The application must be in the approved form.

### **313 Deciding application for approval**

- (1) The Regulator must, as soon as practicable after receiving an application for an electronic recording system approval—
- (a) grant the approval, with or without conditions about the use or maintenance of the electronic recording system to which the approval relates; or
  - (b) refuse the application.
- (2) The Regulator may approve an electronic recording system only if the Regulator is satisfied the system—
- (a) is suitable or has a part that is suitable for fitting to, or for use in, a fatigue-regulated heavy vehicle; and
  - (b) has a mechanism that readily indicates to the driver of the fatigue-regulated heavy vehicle to which it or a part of it is fitted, or in which it or a part of it is used, that the system is or is not properly functioning; and
  - (c) is capable of—
    - (i) accurately monitoring and recording the work times and rest times of the driver of the fatigue-regulated heavy vehicle to which it or a part of it is fitted, or in which it or a part of it is used; and
    - (ii) accurately recording any other information the driver is required by this Law to record in a work diary; and

  - (iv) 1 of the drivers can not record any information, that the driver is required by this Law to record in a work diary, in the system for any of the other drivers; and
- (e) has a mechanism to ensure the driver of the fatigue-regulated heavy vehicle to which it or a part of it is fitted, or in which it or a part of it is used, can not alter any information the driver records in the system once the driver has had an opportunity to confirm the accuracy of the information; and
- (f) if the system is designed to enable the driver of the fatigue-regulated heavy vehicle to which it or a part of it is fitted, or in which it or a part of it is used, to send information to the driver's record keeper—has a mechanism that readily indicates to the driver that the information has, or has not, been sent to the record keeper; and
- (g) is capable of readily reproducing, on being accessed by the record keeper for the driver of the fatigue-regulated heavy vehicle to which it or a part of it is fitted, or in which it or a part of it is used, the information that the system contains; and
- (h) is capable of readily reproducing, on being accessed by an authorised officer while the vehicle to which it or a

[s 314]

---

part of it is fitted, or in which it or a part of it is used, is on a road, the information the system contains in a form that—

- (i) is readily accessible by the officer; and
  - (ii) is reasonably capable of being understood by the officer; and
  - (iii) can be used as evidence.
- (3) In deciding whether or not to grant the approval, the Regulator must have regard to the approved guidelines for granting electronic recording system approvals.
  - (4) An approved electronic recording system may be, or be a part of, an approved intelligent transport system.

#### **314 Steps after decision to grant approval**

- (1) If the Regulator grants an approval under section 313, the Regulator must give the applicant—

  - (b) an electronic work diary label the holder can use to create a copy for attaching to a device that is or is part of the electronic recording system the subject of the approval.
- (2) If the Regulator imposes conditions on the approval, the certificate of approval given to the applicant must state the conditions.
- (3) If the Regulator imposes conditions on the approval not sought by the applicant, the Regulator must give the applicant an information notice for the decision to impose the conditions.

---

**315 Steps after decision to refuse application**

If the Regulator decides not to grant an application for an electronic recording system approval, the Regulator must give the applicant an information notice for the decision.

**316 Effect of approval**

- (1) An electronic recording system approval granted under this Subdivision applies to any system identical to the system given to the Regulator for approval.
- (2) The conditions imposed on the approval under section 313, or Subdivision 3, apply to each identical system to which the approval applies.

**Subdivision 2 Provisions about electronic work diary labels**

**317 Placing electronic work diary label on device**

- (1) A person may place on any device that is, or is part of, an approved electronic recording system an electronic work diary label relating to the approval.

*Note—*

Under the definition of *electronic work diary* in section 191, placing an electronic work diary label on a device that is, or is part of, an approved electronic recording system and is fitted to or used in a fatigue-regulated heavy vehicle makes the device an electronic work diary for this Law.

See also section 319.

- (2) A person must not place an electronic work diary label on a device unless the device is, or is part of, an approved electronic recording system to which the label relates.

Maximum penalty—\$6000.

- (3) A person must not place any other label on a device indicating the device is, or is part of, an approved electronic recording

[s 318]

---

system, unless the device is, or is part of, an approved electronic recording system.

Maximum penalty for subsection (3)—\$6000.

### **318 Particular label indicates device is an approved electronic recording system**

- (1) This section applies if a device has attached to it an electronic work diary label.
- (2) The existence of the electronic work diary label on the device is evidence the device is, or is part of, an approved electronic recording system.

### **319 Effect of electronic work diary label on device**

- (1) This section applies if a device has attached to it a label that is, or appears to be, an electronic work diary label.
- (2) For this Law, a person is entitled to rely on the label as indicating the device is, or is part of, an approved electronic recording system unless the person knows, or ought reasonably to know, the device is neither an approved electronic recording system nor a part of an approved electronic recording system.

*Example for subsection (2)—*

The record keeper for the driver of a fatigue-regulated heavy vehicle gives the driver a device to which an electronic work diary label is attached for recording information required to be included in the driver's work diary under this Law. The driver may rely on the label as indicating the device is, or is part of, an approved electronic recording system meaning the driver may record the required information in the device on the basis it is an electronic work diary. However, the driver may not rely on the label if the driver knows, or ought reasonably to know the device is not, or is not part of, an approved electronic recording system.

*Note—*

See section 572 for the matters a court must consider when deciding whether a person ought reasonably to have known something.

---

**320 Prohibition on using device as electronic work diary if it is not, and is not a part of, an approved electronic recording system**

- (1) A person must not use as an electronic work diary for the purposes of this Law a device that has attached to it an electronic work diary label if the person knows, or ought reasonably to know, the device is neither an approved electronic recording system, nor a part of an approved electronic recording system, to which the label relates.

Maximum penalty—\$6000.

- (2) A person must not use as an electronic work diary for the purposes of this Law a device that has attached to it any other label indicating the device is, or is part of, an approved electronic recording system, if the person knows, or ought reasonably to know, the device is neither an approved electronic recording system, nor a part of an approved electronic recording system.

Maximum penalty—\$6000.

---

- (b) if the application is for an amendment of the approval, state clearly the amendment sought and outline the reasons for the application; and
  - (c) be accompanied by the certificate of approval for the approval.
- (3) The Regulator may, by notice given to the applicant, require the applicant to give the Regulator any additional information the Regulator reasonably requires to decide the application.
- (4) The Regulator must decide the application as soon as practicable after receiving it.
- (5) If the Regulator decides to grant the application—
  - (a) the Regulator must give the applicant notice of the decision; and

### **323 Minor amendment of approval**

The Regulator may, by notice given to the holder of an electronic recording system approval, amend the approval—

- (a) for a formal or clerical reason; or
- (b) in another way that does not adversely affect the holder's interests.

- (1) This section applies if, under this Subdivision—
  - (a) the Regulator amends an electronic recording system approval to change the conditions about the use or maintenance of the electronic recording system the subject of the approval; and
  - (b) in the Regulator's opinion, the amendment will, or is likely to, significantly affect the way the electronic recording system the subject of the approval is to be used.

- (2) The Regulator may, by notice, direct the holder of the approval to give each person to whom the holder has supplied an electronic recording system the subject of the approval, or a device forming part of the system, a notice stating the amended conditions of the approval.
- (3) If the Regulator gives the holder of the approval a direction under subsection (2), the holder must comply with the direction.

*Example for subsection (5)—*

The holder of an approval is a manufacturer and the manufacturer has supplied an electronic recording system the subject of the approval to an operator of a fatigue-regulated heavy vehicle who has supplied the system to the vehicle's driver. If, under subsection (3), the manufacturer gives the operator a notice stating the amended conditions of the approval, the operator must, under subsection (5), give the driver a copy of the notice.

Maximum penalty—\$6000.

[s 325]

The Regulator may publish the amended conditions in the Commonwealth Gazette or on a website.

- (7) In this section—

*amended conditions*, of an electronic recording system approval that has been amended under this Division, means the conditions of the approval as they apply after the amendment.

### **325 Requirements if approval cancelled**

- (1) This section applies if, under this Subdivision, the Regulator notifies the holder of an electronic recording system approval that the approval has been cancelled.
- (2) The holder of the approval must remove from any device that is, or is part of, an electronic recording system in the holder's possession any electronic work diary label relating to the approval.

- (2) An exemption under subsection (1) is a *work diary exemption (notice)*.

### **328 Restriction on grant of work diary exemption (notice)**

- (1) The Regulator may grant a work diary exemption (notice) only if the Regulator is satisfied—
- (a) requiring the drivers to whom the exemption is to apply to comply with Subdivisions 1 to 5 of Division 2 would be an unreasonable restriction on operations conducted by the drivers; and
  - (b) the class of work to which the exemption is to apply will not pose—
    - (i) a significant risk to public safety; or
    - (ii) a significant risk of the drivers to whom the exemption is to apply driving on a road while impaired by fatigue.
- (2) In deciding whether or not to grant a work diary exemption (notice), the Regulator must have regard to the approved guidelines for granting work diary exemptions.

### **329 Conditions of work diary exemption (notice)**

A work diary exemption (notice) may be subject to any conditions the Regulator considers appropriate, including, for example—

- (a) conditions about recording information about the work to which the exemption applies; and

[s 491]

---

- (b) the delay is necessary to allow the person time to attend to, or to secure, the load on the relevant fatigue-regulated heavy vehicle before resting.

- (3) The period stated in the improvement notice within which the person is required to comply with the notice must be at least 7 days after the notice is given unless the authorised officer is satisfied it is reasonable to require the person to comply with the notice in a shorter period because—
  - (a) it is reasonably practicable for the person to comply with the notice within the shorter period; and
  - (b) requiring the person to comply with the notice within the shorter period is not likely to involve—
    - (i) a higher cost to the person to comply with the notice; or
    - (ii) a more adverse effect on the person’s business operations.
- (4) The improvement notice must be in the approved form and state the following—

- (3) A person who is given an improvement notice in relation to a contravention of a provision of this Law can not be proceeded against for an offence constituted by the contravention unless—

- (4) If an authorised officer decides to amend an improvement notice given to a person, the officer must give the person notice of the amendment stating the following—
  - (a) the amendment;

give the officer reasonable help to exercise a power under this Chapter.

- (2) An authorised officer who is exercising a power under this Chapter in relation to a heavy vehicle on a road may require the vehicle's driver to give the officer reasonable help to exercise the power.
- (3) Without limiting subsection (1) or (2), a requirement under the subsection may be that the occupier, person or driver—
  - (a) produce a document or give information to the authorised officer; or

*Example—*

The authorised officer may require the occupier to give reasonable help to produce a reproduction of the information from the computer.

- (b) help the authorised officer to find and gain access to a document or information, including electronically stored information; or

*Examples of documents or information—*

  - (a) would require the individual to take action that is outside the scope of the business or other activities of the individual; or
  - (b) might tend to incriminate the individual or make the individual liable to a penalty.
- (7) However, subsection (6)(b) does not apply if a document or information the subject of the requirement is required to be held or kept by the individual under this Law.

*Note—*

See, however, section 531 for the limitation on the use of particular documents or information in civil or criminal proceedings.

- (8) If a requirement made under subsection (1) or (2) is that the occupier of, or person at, a place start or stop the engine of a heavy vehicle—
  - (a) it is immaterial that the occupier or person is not—
    - (i) the operator of the vehicle; or
    - (ii) authorised by the operator to drive the vehicle or start or stop its engine; or
    - (iii) qualified to drive the vehicle or start or stop its engine; and

- (6) If the authorised officer believes the damage was caused by a latent defect in the thing or circumstances beyond the control of the officer or the assistant the officer may state the belief in the notice.
- (7) The authorised officer may delay complying with subsection (3) or (4) if the officer reasonably suspects complying with the subsection may frustrate or otherwise hinder an investigation by the officer under this Law.

- (5) In considering whether it is just to order compensation, the court must have regard to any relevant offence committed by the claimant.

  - (b) does not expressly prescribe a maximum fine for a body corporate different to the maximum fine for an individual.
- (2) The maximum fine is taken only to be the maximum fine for an individual.
- (3) If a body corporate is found guilty of the offence, the court may impose a maximum fine of an amount equal to 5 times the maximum fine for an individual.

**538 Deciding whether offence is a first, second or subsequent offence**

- (1) This section applies in relation to an offence against a provision of this Law that provides different penalties for a first, second or subsequent offence against the provision.

- 
- (2) A person convicted of an offence against the provision is convicted of a second or subsequent offence against the provision if the act or omission leading to the conviction is different to the act or omission that led to a previous conviction of the person for an offence against the provision or a previous corresponding law.
  - (3) For subsection (2), the following are immaterial—
    - (a) the order in which the act or omission that led to the later conviction and the act or omission that led to the previous conviction were done or made;
    - (b) for an offence relating to a contravention of a mass, dimension or loading requirement, whether the contravention leading to the later conviction and the contravention leading to the previous conviction were of the same risk category or different risk categories.
  - (4) If the court convicts a person of an offence against the provision but is unable to decide whether the offence is a first offence, or a second or subsequent offence, against the provision for which the person has been convicted, the court may only impose a penalty for the offence as if it were the first offence.

## **Division 3                      Commercial benefits penalty orders**

### **539      Commercial benefits penalty order**

- (1) If a court convicts a person of an offence against this Law, the court may, on application by the prosecutor, make an order (a *commercial benefits penalty order*) requiring the person to pay, as a fine, an amount not exceeding 3 times the amount estimated by the court to be the gross commercial benefit—
  - (a) received or receivable, by the person or by an associate of the person, from the commission of the offence; and
  - (b) for a journey that was interrupted or not commenced because of action taken by an authorised officer in

[s 540]

---

connection with the commission of the offence—that would have been received or receivable, by the person or by an associate of the person, from the commission of the offence had the journey been completed.

- (2) In estimating the gross commercial benefit, the court may take into account—
- (a) benefits of any kind, whether or not monetary; and
  - (b) any other matters it considers relevant, including, for example—
    - (i) the value of any goods involved in the offence; and
    - (ii) the distance over which the goods were, or were to be, carried.
- (3) However, in estimating the gross commercial benefit, the court must disregard any costs, expenses or liabilities incurred by the person or by an associate of the person.
- (4) Nothing in this section prevents the court from ordering payment of an amount that is less than the estimated gross commercial benefit.

## **Division 4                      Cancelling or suspending     registration**

### **540    Power to cancel or suspend vehicle registration**

- (1) This section applies if a court convicts a person of—
- (a) an offence against this Law relating to a contravention of a mass, dimension or loading requirement constituting a severe risk breach; or
  - (b) an offence against this Law other than an offence relating to a contravention of a mass, dimension or loading requirement.

- 
- (2) The court may make an order that the registration of a heavy vehicle in relation to which the offence was committed and of which the person is a registered operator is—
    - (a) cancelled; or
    - (b) suspended for a stated period.
  - (3) If the court makes an order under subsection (2) against a person, the court may also make an order that the person, or an associate of the person, is disqualified from applying for the registration of the heavy vehicle for a stated period.
  - (4) If the court considers that another person who is not present in court may be substantially affected by an order under subsection (2) or (3), the court may issue a summons to that person to show cause why the order should not be made.

## **Division 5                      Supervisory intervention orders**

### **541      Application of Div 5**

This Division applies if a court—

- (a) convicts a person (the *convicted person*) of an offence against this Law; and
- (b) considers the person to be, or likely to become, a systematic or persistent offender of this Law having regard to the circumstances of offences against this Law and previous corresponding laws for which the person has previously been convicted.

### **542      Court may make supervisory intervention order**

- (1) The court may, on application by the prosecutor or the Regulator, make an order (a *supervisory intervention order*) requiring the convicted person, at the person's own expense and for a stated period of not more than 1 year, to do 1 or more of the following—

[s 542]

---

- (a) stated things the court considers will improve the person's compliance with this Law, or stated aspects of this Law, including, for example—
  - (i) appointing staff to, or removing staff from, particular positions; or
  - (ii) training and supervising staff; or
  - (iii) obtaining expert advice about maintaining compliance with this Law, or stated aspects of this Law; or
  - (iv) installing equipment for monitoring or managing compliance with this Law, or stated aspects of this Law, including, for example, intelligent transport system equipment; or
  - (v) implementing practices, systems or procedures for monitoring or ensuring compliance with this Law, or stated aspects of this Law;
- (b) implement stated practices, systems or procedures for monitoring or ensuring compliance with this Law, or stated aspects of this Law, subject to the direction of the Regulator or a person nominated by the Regulator;
- (c) give compliance reports about the convicted person to the Regulator or the court (or both), in a stated way and for stated periods;
- (d) appoint a person to have the following responsibilities—
  - (i) helping the convicted person to improve the convicted person's compliance with this Law or stated aspects of this Law;
  - (ii) monitoring the convicted person's compliance with this Law or stated aspects of this Law and with the order;
  - (iii) giving compliance reports about the convicted person to the Regulator or the court (or both), in a stated way and for stated periods.

(2) In this section—

*compliance report*, about a person in relation to whom a supervisory intervention order is made, means a report about the person's compliance with this Law, stated aspects of this Law, or the order, including, for example, a report containing stated information about—

- (a) things done by the person to ensure compliance with this Law or stated aspects of this Law; and
- (b) the effect of the things mentioned in paragraph (a).

#### **543 Limitation on making supervisory intervention order**

The court may make a supervisory intervention order only if the court is satisfied the order is capable of improving the convicted person's ability or willingness to comply with this Law having regard to—

- (a) the offences against this Law or a previous corresponding law for which the person has previously been convicted; and
- (b) any other offences for which the person has previously been convicted that the court considers relevant to the person's conduct in connection with road transport.

#### **544 Supervisory intervention order may suspend other sanctions**

- (1) A supervisory intervention order may direct that any other penalty or sanction imposed for the offence to which it relates is suspended until the order ends unless the court decides there has been a substantial failure to comply with the order.
- (2) For subsection (1), a court may decide that a failure to comply with a supervisory intervention order is a substantial failure if the failure causes, or creates a risk of, serious harm to public safety, the environment or road infrastructure.

[s 545]

---

**545 Amendment or revocation of supervisory intervention order**

A court that makes a supervisory intervention order may, on application by the Regulator or the person to whom the order applies, amend or revoke the order if the court is satisfied there has been a change in circumstances warranting the amendment or revocation.

**546 Contravention of supervisory intervention order**

A person to whom a supervisory intervention order applies must comply with the order, unless the person has a reasonable excuse.

Maximum penalty—\$10000.

**547 Effect of supervisory intervention order if prohibition order applies to same person**

- (1) This section applies if both a supervisory intervention order and a prohibition order is in force at the same time against the same person.
- (2) The supervisory intervention order has no effect while the prohibition order has effect.

**Division 6 Prohibition orders**

**548 Application of Div 6**

This Division applies if a court—

- (a) convicts a person (the *convicted person*) of an offence against this Law; and
- (b) considers the person to be, or likely to become, a systematic or persistent offender of this Law having regard to the circumstances of offences against this Law

---

and previous corresponding laws for which the person has previously been convicted.

#### **549 Court may make prohibition order**

- (1) The court may, on application by the prosecutor or the Regulator, make an order (a *prohibition order*) prohibiting the convicted person, for a stated period of not more than 1 year, from having a stated role or responsibility associated with road transport.
- (2) However, the court can not make a prohibition order prohibiting the convicted person from driving a vehicle or having a vehicle registered or licensed under an Australian road law in the convicted person's name.

#### **550 Limitation on making prohibition order**

The court may make a prohibition order only if the court is satisfied the convicted person should not continue to have the role or responsibilities prohibited by the order, and that a supervisory intervention order is not appropriate, having regard to—

- (a) the offences against this Law or a previous corresponding law for which the person has previously been convicted; and
- (b) any other offences for which the person has previously been convicted that the court considers relevant to the person's conduct in connection with road transport.

#### **551 Amendment or revocation of prohibition order**

A court that makes a prohibition order may, on application by the Regulator or the person to whom the order applies, amend or revoke the order if the court is satisfied there has been a change in circumstances warranting the amendment or revocation.

[s 552]

---

## **552 Contravention of prohibition order**

A person to whom a prohibition order applies must comply with the order, unless the person has a reasonable excuse.

Maximum penalty—\$10000.

## **Division 7 Compensation orders**

### **553 Court may make compensation order**

- (1) A court that convicts a person (the *convicted person*) of an offence against this Law may make an order (a *compensation order*) requiring the convicted person to pay the road manager for a road, by way of compensation, an amount the court considers appropriate for loss incurred, or likely to be incurred, by the road manager for damage caused to road infrastructure as a result of the offence.
- (2) A compensation order may be made on the application of the prosecutor, the Regulator or the road manager.
- (3) The court may make a compensation order in relation to damage the court considers, on the balance of probabilities, was caused or partly caused by the commission of the offence.
- (4) The court may make a compensation order—
  - (a) when the court gives its sentence for the offence; or
  - (b) at a later time, but not after the end of the period within which a proceeding for the offence must start under this Law.

*Note—*

See section 647 for the period within which a proceeding for an offence against this Law must start.

### **554 Assessment of compensation**

- (1) In making a compensation order, the court may assess the amount of compensation required to be paid by the order in

---

the way it considers appropriate, including, for example, by reference to the estimated cost of remedying the damage.

- (2) In assessing the amount of compensation, the court may have regard to—
- (a) evidence adduced in connection with the prosecution of the offence; and
  - (b) any evidence not adduced in connection with the prosecution of the offence but adduced in connection with the making of the order; and
  - (c) if the road manager is a public authority—
    - (i) any certificate of the public authority stating that the authority is responsible for maintaining the road infrastructure in relation to which the order is sought; and
    - (ii) any other certificate of the public authority, including, for example, a certificate—
      - (A) estimating the monetary value of all or part of the road infrastructure in relation to which the order is sought; or
      - (B) estimating the monetary value of, or the cost of remedying, the damage to the road infrastructure in relation to which the order is sought; or
      - (C) estimating the extent to which the commission of the offence contributed to the damage to the road infrastructure in relation to which the order is sought; and
  - (d) any other matters the court considers relevant.
- (3) A person who purportedly signs a certificate of a type mentioned in subsection (2)(c) on behalf of a public authority is presumed, unless the contrary is proved, to have been authorised by the public authority to sign the certificate on the public authority's behalf.

[s 555]

---

### **555 Use of certificates in assessing compensation**

- (1) If a public authority proposes to submit a certificate mentioned in section 554(2)(c) in a proceeding for the making of a compensation order, the public authority must give a copy of the certificate to the defendant at least 28 days before the day fixed for the hearing of the proceeding.
- (2) A certificate of the public authority can not be used in a proceeding for the making of a compensation order unless the public authority has complied with subsection (1).
- (3) A defendant who intends to challenge a matter stated in a certificate mentioned in section 554(2)(c) in a proceeding for the making of a compensation order must give the public authority notice of the intention to challenge the matter.
- (4) The notice must be—
  - (a) signed by the defendant; and
  - (b) given at least 14 days before the day fixed for the hearing of the proceeding.
- (5) A defendant can not challenge a matter stated in a certificate mentioned in section 554(2)(c) in a proceeding for the making of a compensation order unless—
  - (a) the defendant has complied with subsections (3) and (4);  
or
  - (b) the court gives leave to the defendant to challenge the matter, in the interests of justice.

### **556 Limits on amount of compensation**

- (1) If, in making a compensation order, the court is satisfied that the commission of the offence concerned contributed to damage to road infrastructure but that other factors not connected with the commission of the offence also contributed to the damage, the court must limit the amount of compensation payable under the order to the amount it assesses as being attributable to the defendant's conduct.

- (2) The amount of compensation payable under a compensation order can not exceed the monetary jurisdictional limit of the court in civil proceedings.
- (3) The court may not include in a compensation order any amount for—
  - (a) personal injury or death; or
  - (b) loss of income (whether suffered by the road manager or another entity); or
  - (c) damage to property that is not part of the road infrastructure concerned.

#### **557 Costs**

The court has the same power to award costs in relation to proceedings for the making of a compensation order as it has in relation to civil proceedings, and the relevant laws applying to costs in relation to civil proceedings before the court apply with any necessary changes to costs in relation to proceedings for the making of a compensation order.

#### **558 Enforcement of compensation order and costs**

A compensation order, and any award of costs in relation to a proceeding for the making of a compensation order, are taken to be, and are enforceable as, a judgment of the court sitting in civil proceedings.

#### **559 Relationship with orders or awards of other courts and tribunals**

- (1) A compensation order may not be made in favour of a road manager for a road in relation to damage to road infrastructure if another court or tribunal has awarded compensatory damages or compensation in civil proceedings to the road manager in relation to the damage based on the same or similar facts.

[s 560]

---

- (2) If a court purports to make a compensation order contrary to subsection (1)—
  - (a) the order is void to the extent it covers the same matters as the matters covered by the other award; and
  - (b) any payments made under the order to the extent to which it is void must be repaid by the road manager.
- (3) The making of a compensation order in relation to damage to road infrastructure does not prevent another court or tribunal from later awarding damages or compensation in civil proceedings in relation to the damage based on the same or similar facts, but the court or tribunal must take the compensation order into account when making its award.
- (4) Nothing in this Division affects or limits any liability to pay compensation under another law, other than as provided by this section.

## **Part 10.4 Provisions about liability**

### **Division 1 Reasonable steps defence**

#### **560 Reasonable steps defence**

If, in relation to a provision of this Law, a person has the benefit of the reasonable steps defence, it is a defence to a charge for an offence against the provision for the person charged to prove that—

- (a) the person did not know, and could not reasonably be expected to have known, of the contravention concerned; and
- (b) either—

- (i) the person took all reasonable steps to prevent the contravention; or
- (ii) there were no steps the person could reasonably be expected to have taken to prevent the contravention.

*Note—*

Generally speaking, under various provisions of this Law, a person charged with an offence does not have the benefit of the mistake of fact defence if the person has the benefit of the reasonable steps defence for the offence.

## **Division 2                    Matters relating to reasonable steps**

### **561    Application of Div 2**

This Division applies in relation to the following—

- (a) a proceeding for an offence against a provision of this Law that may be committed by a person failing to take all reasonable steps;

### **562    Matters court may consider for deciding whether person took all reasonable steps—mass, dimension or loading offences**

- (1) In deciding whether things done or omitted to be done by a person charged with a mass, dimension or loading offence constitute reasonable steps, the court may have regard to the following—
  - (a) the circumstances of the alleged offence, including any risk category for the contravention constituting the offence;

[s 562]

---

- (b) without limiting paragraph (a), the measures available and measures taken for any or all of the following—
  - (i) to accurately and safely weigh or measure the heavy vehicle or its load, or to safely restrain the load in the heavy vehicle;
  - (ii) to provide and obtain sufficient and reliable evidence from which the weight or measurement of the heavy vehicle or its load might be calculated;
  - (iii) to manage, reduce or eliminate a potential contravention arising from the location of the heavy vehicle, or from the location of the load in the heavy vehicle, or from the location of goods in the load;
  - (iv) to manage, reduce or eliminate a potential contravention arising from weather and climatic conditions, or from potential weather and climatic conditions, affecting or potentially affecting the weight or measurement of the load;

**563 Reliance on container weight declaration—offences about mass**

- (1) This section applies if the operator or driver of a heavy vehicle is charged with an offence involving a contravention of a mass requirement for the vehicle and is seeking to prove the reasonable steps defence in relation to the offence.
- (2) To the extent the weight of a freight container together with its contents is relevant to the offence, the person charged can not rely on the weight stated in the relevant container weight declaration if the person knew or ought reasonably to have known that—
  - (a) the weight stated in the relevant container weight declaration was less than the actual weight; or
  - (b) the distributed weight of the container and its contents, together with either of the following would cause a contravention of a mass requirement applying to the heavy vehicle—
    - (i) the mass or location of any other load;

- (ii) the mass of the vehicle or a component of it.

**564 Matters court may consider for deciding whether person took all reasonable steps—speeding or fatigue management offences**

- (1) In deciding whether things done or omitted to be done by a person charged with a speeding offence or fatigue management offence constitute reasonable steps, the court may have regard to the following—
  - (a) the nature of the activity to which the contravention constituting the offence relates;
  - (b) the risks to public safety associated with the activity mentioned in paragraph (a);
  - (c) the likelihood of the risks mentioned in paragraph (b) arising;
  - (d) the degree of harm likely to result from the risks mentioned in paragraph (b) arising;
  - (e) the circumstances of the alleged offence, including, for a fatigue management offence, any risk category for the contravention constituting the offence;

    - (iii) to maintain equipment and work systems to enable compliance with this Law;
    - (iv) to address and remedy similar compliance problems that may have happened in the past.
- (2) In addition, in deciding whether things done or omitted to be done by a person charged with a fatigue management offence constitute reasonable steps, the court may have regard to any relevant body of fatigue knowledge.
- (3) This section does not limit the matters the court must or may consider when deciding whether things done or omitted to be done by a person charged with a speeding offence or fatigue management offence constitute reasonable steps.
- (4) In this section—

[s 565]

---

**565 When particular persons regarded to have taken all reasonable steps—speeding or fatigue management offences**

- (1) A party in the chain of responsibility for a heavy vehicle charged with a speeding offence or fatigue management offence is to be regarded as having taken all reasonable steps if the party did all of the following to prevent the act or omission that led to the contravention to which the offence relates—
  - (a) identified and assessed the aspects of the activities of the party, and relevant drivers for the party, that may lead to a relevant contravention by a relevant driver for the party;
  - (b) for each aspect identified and assessed under paragraph (a), identified and assessed—
    - (i) the risk of the aspect leading to a relevant contravention; and
    - (ii) if there is a substantial risk of the aspect leading to a relevant contravention—the measures the party may take to eliminate the risk or, if it is not reasonably possible to eliminate the risk, to minimise the risk;
  - (c) carried out the identification and assessment mentioned in paragraphs (a) and (b)—
    - (i) at least annually; and

[s 567]

---

relevant contravention by a relevant driver for the person; and

- (b) the measures, or examples of measures, a person may take to eliminate or minimise the risks of aspects of activities of the person, or relevant drivers for the person, leading to a relevant contravention by the person or a relevant driver for the person.

- (2) Proof, as established by the person, that the person complied with all relevant standards and procedures, including, for example, a registered industry code of practice, in relation to matters to which the offence relates is evidence that the person took all reasonable steps to prevent the contravention.
- (3) Subsection (2) does not apply unless the person has given the complainant notice of the intention to prove the matters mentioned in the subsection.
- (4) The notice must be—
- (a) signed by the person; and
- (b) given at least 28 days before the day fixed for the hearing of the charge.

---

**568 Inclusion of reasonable diligence**

For any provision of this Law that provides that a person may avoid liability, or is not liable, for an offence by proving the person took all reasonable steps in relation to a matter, the taking of all reasonable steps includes the exercise of reasonable diligence.

**Division 3 Other defences**

**569 Definition for Div 3**

In this Division—

  - (b) did not know and could not reasonably be expected to have known of the deficiency; and

- (c) could not reasonably be expected to have sought to ascertain whether there was or was likely to be a deficiency of the kind to which the offence relates.

- (3) The power to make an appointment under subsection (1)(b) may be exercised from time to time as occasion requires.
- (4) An appointment under subsection (1)(b) may be expressed to have effect only in the circumstances specified in the instrument of appointment.

## **29 Delegation of functions**

- (1) If this Law authorises a person or body to delegate a function, the person or body may, in accordance with this Law and any other applicable law, delegate the function to—
- (a) a person or body by name; or
  - (b) a specified officer, or the holder of a specified office, by reference to the title of the office concerned.
- (2) The delegation may be—
- (a) general or limited; and
  - (b) made from time to time; and

- (c) revoked, wholly or partly, by the delegator.
- (3) The delegation, or a revocation of the delegation, must be in, or evidenced by, writing signed by the delegator or, if the delegator is a body, by a person authorised by the body for the purpose.
- (4) A delegated function may be exercised only in accordance with any conditions to which the delegation is subject.
- (5) The delegate may, in the exercise of a delegated function, do anything that is incidental to the delegated function.
- (6) A delegated function that purports to have been exercised by the delegate is taken to have been properly exercised by the delegate unless the contrary is proved.
- (7) A delegated function that is properly exercised by the delegate is taken to have been exercised by the delegator.
- (8) If, when exercised by the delegator, a function is dependent on the delegator's opinion, belief or state of mind, then, when exercised by the delegate, the function is dependent on the delegate's opinion, belief or state of mind.

  - (b) there is a change in the membership of the body;
- then—

  - (d) the body as constituted for the time being is taken to be the delegator for the purposes of this section.
- (11) If a function is delegated to a specified officer or the holder of a specified office—
- (a) the delegation does not cease to have effect merely because the person who was the specified officer or the holder of the specified office when the function was delegated ceases to be the officer or the holder of the office; and
  - (b) the function may be exercised by the person for the time being occupying or acting in the office concerned.
- (12) A function that has been delegated may, despite the delegation, be exercised by the delegator.
- (13) The delegation of a function does not relieve the delegator of the delegator's obligation to ensure that the function is properly exercised.
- (14) Subject to subsection (15), this section applies to a subdelegation of a function in the same way as it applies to a delegation of a function.
- (15) If this Law authorises the delegation of a function, the function may be subdelegated only if the Law expressly authorises the function to be subdelegated.

### **30 Exercise of powers between enactment and commencement**

- before the empowering provision commences.
- (2) If a provision of a Queensland Act (the *empowering provision*) that does not commence on its enactment would, had it commenced, amend a provision of this Law so that it would confer a power—
- (a) to make an appointment; or
  - (b) to make a statutory instrument of a legislative or administrative character; or
  - (c) to do another thing;
- then—
- (d) the power may be exercised; and

  - (b) a provision of a Queensland Act that does not commence on its enactment would, had it commenced, amend this Law so as to confer additional power to make a statutory instrument (the *additional instrument-making power*);
- then—
- (c) the basic instrument-making power and the additional instrument-making power may be exercised by making a single instrument; and

- (d) any provision of the instrument that required an exercise of the additional instrument-making power is to be treated as made under subsection (2).
- (4) If an instrument, or a provision of an instrument, is made under subsection (1) or (2) that is necessary for the purpose of—
  - (a) enabling the exercise of a power mentioned in the subsection; or
  - (b) bringing an appointment, instrument or other thing made or done under such a power into effect;the instrument or provision takes effect—
  - (c) on the making of the instrument; or

- (5) If—

  - (d) on such later day (if any) on which, or at such later time (if any) at which, the appointment, instrument or provision is expressed to take effect.
- (6) Anything done under subsection (1) or (2) does not confer a right, or impose a liability, on a person before the relevant empowering provision commences.
- (7) After the enactment of a provision mentioned in subsection (2) but before the provision's commencement, this section applies as if the references in subsections (2) and (5) to the commencement of the empowering provision were references

to the commencement of the provision mentioned in subsection (2) as amended by the empowering provision.

- (8) In the application of this section to a statutory instrument, a reference to the enactment of the instrument is a reference to the making of the instrument.

## **Part 5**                      **Distance, time and age**

### **31**        **Matters relating to distance, time and age**

- (1) In the measurement of distance for the purposes of this Law, the distance is to be measured along the shortest road ordinarily used for travelling.
- (2) If a period beginning on a given day, act or event is provided or allowed for a purpose by this Law, the period is to be calculated by excluding the day, or the day of the act or event, and—
  - (a) if the period is expressed to be a specified number of clear days or at least a specified number of days—by excluding the day on which the purpose is to be fulfilled; and
  - (b) in any other case—by including the day on which the purpose is to be fulfilled.
- (3) If the last day of a period provided or allowed by this Law for doing anything is not a business day in the place in which the thing is to be or may be done, the thing may be done on the next business day in the place.
- (4) If the last day of a period provided or allowed by this Law for the filing or registration of a document is a day on which the office is closed where the filing or registration is to be or may be done, the document may be filed or registered at the office on the next day that the office is open.

- (5) If no time is provided or allowed for doing anything, the thing is to be done as soon as possible, and as often as the prescribed occasion happens.

If a provision of this Law is expressed—

- (a) to expire on a specified day; or
- (b) to remain or continue in force, or otherwise have effect, until a specified day;

the provision has effect until the last moment of the specified day.

### **33**      **Repealed Law provisions not revived**

If a provision of this Law is repealed or amended by a Queensland Act, or a provision of a Queensland Act, the provision is not revived merely because the Queensland Act or the provision of the Queensland Act—

- (a) is later repealed or amended; or
- (b) later expires.

### **34**      **Saving of operation of repealed Law provisions**

- (1) The repeal, amendment or expiry of a provision of this Law does not—
