- (2) Section 108(2) does not apply to a registration to which this Subdivision applies.

112B Application for renewal of registration

- (1) The person's registration as a registered health practitioner is reinstated on the day the suspension period ends.
- (2) If the registered health practitioner intends to renew the practitioner's registration in the profession, the practitioner must apply to the National Board established for the practitioner's health profession within one month after the suspension period ends.
- (3) If the practitioner's registration has been endorsed by the National Board, the application for renewal of the practitioner's registration is taken to also be an application for a renewal of the endorsement.
- (4) The application for renewal of registration must be—
 - (a) in the form approved by the National Board;
and

- (b) accompanied by the relevant fee; and

[s 81]

under Subdivision 1.

 - (b) section 112(2)(c) applies as if a reference in that paragraph to the applicant's previous period of registration were a reference to both the applicant's period of registration preceding the suspension period and the suspension period; and

 - (i) because of the registered health practitioner’s health, conduct or performance, the practitioner poses a serious risk to persons; and

 - (b) the Board has been given practice information under section 132 or becomes aware of practice information the Board has the power to request under that section.

[s 110]

 - (b) it would place a notifier at risk of harassment, harm or intimidation; or
 - (c) the public interest is outweighed by the registered health practitioner's right to privacy.
- (6) Subsection (3) does not apply if the National Board has already notified the named entity about the practitioner, in relation to the same risk, under section 206 or another provision of this Law.
