

**Laid before the Legislative Assembly on 26 August 2005**

**Votes and Proceedings No. 70 (28 September 2005)**

## **Civil Liability (Dust Diseases) and Other Legislation Amendment Bill 2005**

### **Erratum to Explanatory Notes**

#### **Reason for the Erratum**

An error has been identified in the explanatory notes. The example to clause 9 commencing at the bottom of page 5 and continuing on page 6 is incorrect where it refers to the value of average weekly earnings.

It is important for the explanatory notes to be consistent with the Bill and therefore, it is important that the error be corrected.

Accordingly the paragraph on pages 5 and 6 is to be corrected by inserting the words “three times” in the sentence commencing in line 3 on page 6 after the word “If” and before “the” in order that the sentence reads as follows:

*“If three times the average weekly earnings per week at the time of judgment total \$120,000 per year, then the Court may award \$120,000 per year only, and not the \$161,500.”*
