## **Mines and Energy Legislation Amendment Bill (No. 2) 2010**

### **Title of the Bill**

Mines and Energy Legislation Amendment Bill (No. 2) 2010

### **Reasons for Erratum**

The erratum is necessary to correct typographical errors.

## **Notes on Provisions**

### **Clause 81 Amendment of s59 (Mine record)**

Remove all occurrences of ‘coal’ as the *Mining and Quarrying Safety and Health Act 1999* regulates metalliferous mines and quarries rather than coal mines.

### **Clause 83 Amendment of s151 (Power to require production of documents)**

Replace the reference to ‘amends section 151 (6B)’ with “amends section 151 by inserting new subsection (8)”. Clause 83 is inserting a new subsection (8) rather than amending a current subsection (6B).

**Clause 88 Amendment of s198 (Action to be taken in relation to site of accident or incident)**

Remove the word 'coal' in the second paragraph. The *Mining and Quarrying Safety and Health Act 1999* regulates metalliferous mines and quarries rather than coal mines.
