

# Appropriation Bill 2023

## Explanatory Notes

### Short title

The short title of the Bill is the Appropriation Bill 2023.

### Policy objectives and the reasons for them

Section 27(a) of the *Financial Accountability Act 2009* provides that, for each financial year, the Treasurer must present to the Legislative Assembly a Bill for an ordinary Annual Appropriation Act.

The policy objectives of the Bill, the reasons for those objectives and the ways in which the policy objectives will be achieved by the Bill are detailed in the Budget Speech and the accompanying Budget Papers.

In accordance with section 35 of the *Financial Accountability Act 2009*, the Governor in Council authorised, on the recommendation of the Treasurer, unforeseen expenditure that occurred in the 2022-23 financial year.

### Achievement of policy objectives

The Bill provides for:

- Appropriation for 2023-24 to fund the cost of delivering departmental services, administered items and equity adjustment in that year;
- Supply for 2024-25 to allow normal operations of government to continue until the 2024-25 Appropriation Bill receives assent; and
- Appropriation for amounts of unforeseen expenditure approved by the Governor in Council during the 2022-23 financial year including how these amounts are to be reported and lapsed (if required).

Any further supplementary appropriation for 2022-23, identified following the completion of annual financial statements, will be included in a separate appropriation Bill.

### Alternative ways of achieving policy objectives

The policy objectives can only be achieved by legislation.

## **Estimated cost for government implementation**

The Bill will provide appropriation for departments, other than the Legislative Assembly and parliamentary service, for the 2023-24 financial year, interim supply for 2024-25 until the 2024-25 Appropriation Bill receives assent, and appropriation relating to unforeseen expenditure for 2022-23.

The administrative cost to government to implement the Bill will be met by each department from existing budget allocations as implementation of the Bill is considered a fundamental role of departments to provide government services.

## **Consistency with fundamental legislative principles**

The Bill is consistent with fundamental legislative principles.

## **Consultation**

Consultation has been undertaken with departments in establishing the appropriations payable to them pursuant to this Bill.

## **Consistency with legislation of other jurisdictions**

The Bill is specific to the State of Queensland, and is not complementary to legislation of the Commonwealth or another state.
