Division 3 Reclamation of tidal land, and revocation 5
6

13 Simplified outline of div 3 7

Generally, this division provides for the procedure for revoking, in particular circumstances, the declaration of a reclaimed part of a marine park without the need for a resolution of the Legislative Assembly mentioned in section 9(2). 8
9
10
11
12

14 Notice of proposed revocation of reclaimed part of park 13

(1) The Governor in Council may, by gazette notice, state an intention to make a regulation revoking the declaration of a reclaimed part of a stated marine park if the chief executive— 14
15
16

(a) issues a permission for the reclamation under section 15; and 17
18

(b) gives the permission holder a certificate of satisfactory completion for the reclamation. 19
20

(2) The notice must state— 21

(a) the name, or other identification particulars, of the park the subject of the proposed revocation; and 22
23

(b) a description, by map or otherwise, of the proposed boundaries of the reclaimed part of the park; and 24
25

(c) the notice’s expiry date. 26

(b) if a regulation revokes the declaration of the reclaimed part of the park before the expiry date—the commencement of the regulation. 29
30
31

(4)	The notice is not subordinate legislation.	1
(5)	However, the <i>Statutory Instruments Act 1992</i> , sections 49 to 51 apply to the notice as if it were subordinate legislation.	2 3
	<i>Note—</i>	4
	These provisions deal with the tabling in, and disallowance by, the Legislative Assembly of subordinate legislation.	5 6
15	Permission for carrying out proposed reclamation	7
(1)	This section applies if—	8
	(a) either—	9
	(i) a zoning plan allows the chief executive to issue a permission for reclaiming particular tidal land in a marine park; or	10 11 12
	(ii) tidal land not included in a zone is proposed to be reclaimed; and	13 14
	(b) the land is not in a highly protected area; and	15
	(c) the declaration of the reclaimed part of the park is intended to be revoked on completion of the reclamation.	16 17 18
(2)	The chief executive may issue a permission for the reclamation if—	19 20
	(a) a notice under section 14 for the reclamation is in force; and	21 22
	(b) if section 16 applies to the proposed reclamation—the applicant for the permission has complied with the section and any requirement for additional information made by the chief executive under the section; and	23 24 25 26
	(c) the chief executive is satisfied the permission should be issued having considered—	27 28
	(i) each EIS and any additional information given to the chief executive under section 16; and	29 30
	(ii) any written submissions made about the EIS and information; and	31 32

Marine Parks Bill 2004

(iv)	any other matter the chief executive considers relevant.	4 5
(3)	To remove any doubt, it is declared that the chief executive may impose conditions on the permission, or amend, suspend or cancel the permission, as allowed under a regulation or zoning plan.	6 7 8 9
(4)	Despite subsection (1), this section does not apply if the reclamation is necessary—	10 11
(a)	to deal with an emergency involving a serious threat to a marine park’s environment or use and non-use values; or	12 13
(b)	to protect property from erosion; or	14
(c)	to restore property after erosion; or	15
(d)	to carry out small-scale works by or for a public authority, for a public purpose, and the works—	16 17
(i)	are not prohibited under a regulation or zoning plan; and	18 19
(ii)	involve only minimal disturbance to the park’s natural resources, or minor alienation of parts of the park from enjoyment by the public.	20 21 22
	<i>Example of small-scale works—</i>	23
	the construction of a boat ramp	24
16	EIS required	25

(a)	the proposed use of the reclaimed part of the marine park; and	29 30
(b)	the potential impacts of the proposed reclamation on—	31
(i)	the park’s environment and use and non-use values; and	32 33

Marine Parks Bill 2004

-
- (ii) the environment of areas of waters or land
contiguous with or adjacent to the park. 1
2
- (2) The EIS must also include the information that would, but for
section 19(5), be required under the *Statutory Instruments*
Act 1992, section 44² for a regulatory impact statement about
the proposed regulation revoking the declaration of the
reclaimed part of the park. 3
4
5
6
7
- (3) Unless the EIS was made under another Act or a law of the
Commonwealth or another State, it must have been prepared
under the guidelines, and address the terms of reference,
approved by the chief executive. 8
9
10
11
- (4) The chief executive may require the applicant to give the chief
executive additional information about a matter— 12
13
- (a) mentioned in subsection (1); or 14
- (b) for which information is required, under subsection (2),
to be included in an EIS. 15
16
- (5) The EIS and any additional information given under
subsection (4) must be or have been made available for public
consultation as required under section 17. 17
18
19
- (6) The applicant must pay the costs of preparing the EIS and
additional information and making it available for public
consultation. 20
21
22
- (7) This section does not apply if the proposed reclamation is for,
or expected to result from, carrying out small-scale works. 23
24
- Example of small-scale works—* 25
- the construction of a boat ramp 26
- (8) In this section— 27
