(b)	who is not registered, and is not required to be registered, under the <i>Energy Efficiency Opportunities Act 2006</i> (Cwlth), part 4.	7 8 9
(2)	If the person is a participating business for 2 or more sites, a provision of this Act that applies to a participating business applies to the person separately in relation to each site for which the person is a participating business.	10 11 12 13
(3)	A government entity within the meaning of the <i>Government Owned Corporations Act 1993</i> , section 5, other than a GOC issued with a generation authority under the <i>Electricity Act 1994</i> , is not a <i>participating business</i> .	14 15 16 17
7	Meaning of <i>energy use threshold</i>	18
(1)	An <i>energy use threshold</i> , for a financial year, is the total amount of energy used by a person’s business or other activity at a site in the financial year, if the amount used is 10 terajoules or more, but less than 500 terajoules.	19 20 21 22
(2)	An energy use threshold for a financial year is a <i>level 1 threshold</i> if the total amount of energy used in the financial year is 100 terajoules or more, but less than 500 terajoules.	23 24 25
