	Part 1 Preliminary	21
	74 Purpose of chapter	22
	The purpose of this chapter is to provide for measures to improve the quality of the water entering the Great Barrier Reef to—	23 24 25

(a)	support the outstanding universal value of the Great Barrier Reef for which the reef was inscribed on the World Heritage List; and	1 2 3 4
(b)	protect and enhance the biological integrity and diversity of the aquatic ecosystems of the Great Barrier Reef, including—	5 6 7
(i)	the coral reef, mangrove and seagrass ecosystems of the reef; and	8 9
(ii)	the aquatic ecosystems of the river basins from which water enters the Great Barrier Reef; and	10 11 12

(2)	The Minister must ensure an environmental protection policy sets an objective to reduce the load of each of the contaminants entering the waters from each river basin in the catchment.	11 12 13 14
(3)	The objective must be to reduce each of the loads to a stated limit, over a stated period, that is consistent with achieving the improvement in the quality of the water entering the Great Barrier Reef stated in the purpose of this chapter.	15 16 17 18 19
(4)	This section does not limit the matters relating to the quality of the water entering the Great Barrier Reef that may be dealt with in an environmental protection policy.	20 21 22 23
(5)	In this section— <i>load</i> , of a contaminant that enters water, means the total volume of the contaminant that enters the water in a year.	24 25 26 27
78	Objectives set in policy must be reviewed every 5 years	28 29
(1)	The Minister must review an environmental protection policy, to the extent the policy sets an objective mentioned in section 77(2), at least	30 31 32

once—	1

| activity. | 21 |
| (3) A <i>Great Barrier Reef water quality offset</i> | 22 |
| <i>condition</i> for a relevant activity is a condition | 23 |
| that— | 24 |

| offset to be undertaken; or | 26 |
| <i>Examples—</i> | 27 |
| action to rehabilitate a degraded riverbank, | 28 |

prescribed as a restricted contaminant for this
section.

applies to the agricultural ERA; and 8
- (ii) if the owner amends the program so it 9
is consistent with an agricultural ERA 10
standard—give the chief executive a 11

- (iii) ensure each person mentioned in 13
section 770 is carrying out the 14
agricultural ERA in a way that does not 15
contravene an agricultural ERA 16
standard that applies to the agricultural 17
ERA; 18
- (b) another condition imposed by the chief 19
executive within 3 months after the 20
regulation commences. 21
