

# **INDIGENOUS COMMUNITIES LIQUOR LICENCES BILL 2002**

## **EXPLANATORY NOTE FOR AMENDMENT IN COMMITTEE**

### **Clause 51**

This late amendment corrects a typographical error in the new section 103M to clarify that the chief executive may only issue restricted area permits in certain circumstances. These permits are not meant to circumvent restrictions on carriage limits. The permits will allow the carriage of reasonable amounts of liquor for specific purposes, for example bulk provisioning by station owners.
