

# **Electoral and Other Legislation (Accountability, Integrity and Other Matters) Amendment Bill 2019**

## **Explanatory Notes**

### **FOR**

## **Amendments To Be Moved During Consideration In Detail By The Honourable Yvette D'Ath MP**

### **Title of the Bill**

Electoral and Other Legislation (Accountability, Integrity and Other Matters) Amendment Bill 2019

### **Objectives of the Amendments**

#### **Amendments to Chapter 1 (Preliminary)**

The objective of the amendments to Chapter 1 (Preliminary) of the *Electoral and Other Legislation (Accountability, Integrity and Other Matters) Amendment Bill 2019* (the Bill) is to provide for Chapters 2 (Amendments relating to funding and expenditure for State elections) and 3 (Amendments relating to signage at State elections) of the Bill to commence on 1 August 2020. However, amendments related to election funding and caps on political donations will apply from 1 July 2022, and amendments relating to policy development payments will apply from 1 January 2022 (allowing the first payment to occur under new arrangements in July 2022).

Additional objectives of the amendments to Chapter 1 of the Bill are to provide for Chapter 5 to commence on 12 October 2020, other than particular sections which commence on assent.

#### **Amendments to Chapter 2 (Amendments relating to funding and expenditure for State elections)**

The objectives of the amendments to Chapter 2 of the Bill are to:

- address the concerns of small, not-for-profit third party organisations, regarding the regulatory burden of the political donation and electoral expenditure cap schemes, in response to recommendation 2 of the Economics and Governance Committee's Report No. 37 on the Bill of 7 February 2020; and

- clarify and strengthen the reforms to be implemented by the Bill.

### **Amendments to Chapter 3 (Amendments relating to signage for State elections)**

The objectives of the amendments to Chapter 3 of the Bill are to:

- improve the fairness and equality of opportunities for communication with voters in proximity to polling booths through signage; and
- provide flexibility, if required, to facilitate the holding of the 2020 State general election in a way that helps minimise serious risks to the health and safety of persons caused by the COVID-19 public health emergency.

The 2020 State general election is due to be held on 31 October 2020. Many existing arrangements under the *Electoral Act 1992* (the Electoral Act) are incongruent with the social distancing measures implemented, or which may need to be implemented in the future, due to the COVID-19 public health emergency. The amendments will ensure that any disruptions caused by the disease and social distancing measures can be appropriately managed.

### **Amendments to Chapter 5 (Amendments relating to dishonest conduct of councillors and other local government matters)**

The objectives of the amendments to Chapter 5 of the Bill are to:

- implement the Government's response to recommendation 1 of the Crime and Corruption Commission's (CCC) report *Operation Yabber: An investigation into allegations relating to the Gold Coast City Council* (Yabber Report);
- clarify and strengthen the reforms to be implemented by the Bill about councillor conflicts of interest, councillor advisors and filling vacancies in the office of a councillor;
- expand the statutory protection and immunity provided to members of the Councillor Conduct Tribunal (CCT) when performing their functions in hearing and deciding an application made by the Independent Assessor about alleged misconduct by a councillor; and
- make a minor change to the *Local Government Act 2009* (Local Government Act) to remove the current requirement for a local government's corporate plan to cover a 5-year period.

## **Achievement of the Objectives**

### **Amendments to Chapter 1 (Preliminary)**

The objectives of the amendments to Chapter 1 of the Bill will be achieved by providing for Chapters 2 and 3 of the Bill to commence on 1 August 2020, other than amendments related to caps on political donations which commence on 1 July 2022 and amendments related to policy development payments which commence on 1 January 2022.

The objectives of the amendments to Chapter 1 of the Bill will be achieved by providing for Chapter 5 to commence on 12 October 2020, other than particular sections which commence on assent.

**Amendments to Chapter 2 (Amendments relating to funding and expenditure for State elections)**

The objective of the amendments to Chapter 2 of the Bill related to reducing the regulatory burden of the political donation and electoral expenditure cap schemes on third parties will be achieved by:

- removing the donation caps for donations to third parties engaged in electoral campaigning;
- increasing the registration threshold for third parties from \$1,000 to \$6,000 of electoral expenditure incurred during the capped expenditure period for an election;
- shortening the capped expenditure period so that, following the 2020 general election, it applies from the day after the last Saturday in March of that year for an ordinary general election (or for an extraordinary general election held after the last Saturday in March where an ordinary general election was to be held in that year);
- clarifying the definition of the electoral expenditure including with regard to advocacy as part of third parties' everyday activities;
- providing that disclosure of political donations received by third parties to enable expenditure for political purposes will only be required where both the amount or value of the gift and the amount that is applied to expenditure for political purposes are both \$1,000 or more;
- allowing for regulations to be made reducing the record keeping requirements applied to third parties;
- removing the need for third party expenditure returns to be audited; and
- reducing the obligations on agents to support compliance.

The objective of the amendments to Chapter 2 of the Bill related to clarifying and strengthening the reforms will be achieved by:

- clarifying the definition of 'electoral expenditure' and to address the potential for stockpiling electoral material outside the capped expenditure period;
- clarifying the reach of offences and ensuring that they apply fairly, and increasing the penalty for exceeding the expenditure cap;
- in relation to the transfer of a candidate's own funds into a State campaign account, clarifying the treatment of transfers from joint bank accounts held with a spouse;
- modifying the definition of 'associated entity' so that it includes entities that are controlled by, or operate to a significant extent for the dominant purpose of promoting one or more candidates or a registered political party, and clarifying the application of part 11 to associated entities;
- changing auditing requirements so that only registered political parties and associated entities will be required to provide audited six-monthly returns and electoral expenditure returns, with the Electoral Commission of Queensland (ECQ) being empowered to conduct compliance audits, including of candidates and third parties;

- clarifying the record keeping requirements for election participants;
- allowing for regulations to be made clarifying the record keeping requirements for election participants;
- allowing regulations to be made requiring real time disclosure of loans received by associated entities;
- prohibiting the ECQ from making party membership lists available for public inspection, including, for example, by publishing them on its website; and
- making further minor amendments and drafting improvements.

**Amendments to Chapter 3 (Amendments relating to signage for State elections)**

The objective of the amendments to Chapter 3 of the Bill in relation to signage will be achieved by:

- increasing the number of signs able to be displayed by parties and candidates at ordinary polling booths under the restrictions, with adjusted size limitations;
- providing for associated entities to be considered to be part of the party or candidate it is associated with for the purposes of the signage restrictions;
- allowing third parties to display signage, subject to relevant number and size limitations;
- removing requirements for permitted signs to be accompanied by a person and not attached to a building, fence or other permanent structure; and
- ensuring that the offence relating to setting up to display election signs applies prior to 5am on polling day and does not apply to residences and other lawfully occupied premises, or to a pre-poll voting office that is also to be used as an ordinary polling booth before close of voting hours at that office.

The objective of the amendments in relation to the 2020 State general election will be achieved by amending the Electoral Act to allow:

- the cut-off day for the electoral rolls and the nomination of candidates stated in the writ to be earlier than the day stated in section 84 of the Electoral Act;
- a regulation-making power that may require electors or certain electors to vote by postal vote;
- the time and day by which an elector may request a postal vote to be fixed to an earlier or later time and day by the ECQ, rather than by 12 days before the polling day;
- requests for elector visitor voting to be refused and met by the making of alternative arrangements, to the extent practicable, for voting;
- the ECQ to declare additional classes of electors who may make an electronically assisted vote;
- the ECQ to make procedures about how an elector may make an electronically assisted vote, without the need for the procedures to be approved by a regulation and tabled in the Legislative Assembly;
- the ECQ to give a direction about the distribution or display of how-to-vote cards or other election material at a polling booth and canvassing for votes in or near a polling booth, with an offence applying to persons who contravene such a direction;

- the ECQ to give a direction about the number of scrutineers each candidate may have at a polling booth or other place at which a scrutineer is entitled to be present under the Electoral Act, or prohibiting a scrutineer from being present at a polling booth or other place at which a scrutineer is otherwise entitled to be present under the Electoral Act, with an offence applying to a contravention;
- a returning officer or member of the ECQ's staff in charge of a polling booth to give a direction about the movement of candidates or scrutineers at the polling booth for the election, and areas where they may be, with an offence applying to a contravention;
- a returning officer to direct a member of the ECQ's staff to carry out the counting of votes at a stated place or to arrange for the counting of votes to be filmed by a member of the ECQ's staff; and
- a further broad regulation making power to allow regulations to be made which make provision for any matter that will allow or facilitate the election to be held in a way that helps minimise serious risks to the health and safety of persons caused by the COVID-19 public health emergency (including modifying or varying any provision in part 7 of the Electoral Act).

The measures in relation to the 2020 State general election are temporary and will not apply to future elections.

#### **Amendments to Chapter 5 (Amendments relating to dishonest conduct of councillors and other local government matters)**

##### **Yabber Report**

The CCC commenced Operation Yabber in August 2018 to investigate allegations of corrupt conduct relating to senior employees and councillors at the Gold Coast City Council. On 10 December 2019, the CCC finalised its investigation and determined to issue a public report on aspects of the investigation in light of the public interest in these matters.

On 24 January 2020, the Yabber Report was tabled in State Parliament. The report makes two recommendations to ensure stricter governance and accountability in local government.

The objective of the amendments related to implementing the Government's response to recommendation 1 of the Yabber Report will be achieved by amending the Local Government Act and the *City of Brisbane Act 2010* (City of Brisbane Act) to provide that a mayor may not give a direction:

- to the chief executive officer (CEO) that relates to the CEO's functions in relation to appointment of a local government employee under section 196(3) of the Local Government Act or a council employee, other than a senior executive employee, under section 193(3) of the City of Brisbane Act; disciplinary action against a local government employee under section 197 of the Local Government Act or a council employee under section 194 of the City of Brisbane Act; or discipline of a councillor advisor; and
- to the CEO or a Brisbane City Council senior executive employee that would result in the CEO or senior executive employee contravening a provision of an Act.

### Councillor conflicts of interest

The amendments to clarify and strengthen the reforms to be implemented by the Bill about councillor conflicts of interest will achieve the objective by making amendments to the Local Government Act and the City of Brisbane Act to:

- clarify that a councillor or other person participates in a decision by considering and discussing a matter before making a decision about the matter;
- exempt the following additional matters from the conflict of interest provisions:
  - a matter that is solely, or relates solely to, amending a planning scheme which applies to the whole of a local government area;
  - a matter that is solely, or relates solely to, amending a local government's budget;
  - a matter that is solely, or relates solely to, insurance for councillors; and
  - matters in which a councillor or a close associate or related party of the councillor or a donor stands to gain a benefit or suffer a loss that is no greater than the benefit or loss that a significant proportion of persons in the local government area stand to gain or lose;
- clarify that a councillor has a prescribed conflict of interest in a matter if the total of all gifts, loans and sponsored travel or accommodation benefits given in the relevant circumstances by a donor with an interest in the matter is \$2,000 or more;
- clarify that gifts and loans given to groups of candidates or political parties are to be divided between the number of members of the group on the record of membership of the group given to the ECQ or the number of candidates endorsed by the party for determining whether a councillor has a prescribed conflict of interest or declarable conflict of interest;
- clarify that a prescribed conflict of interest includes matters relating to the appointment of the CEO if a close associate of a councillor is being considered for appointment;
- clarify that a councillor does not commit particular offences if the councillor participates in, or is present for, a decision to not decide a matter and take no further action in relation to the matter; and
- make other minor drafting amendments to clarify the operation of the provisions.

### Engagement of advisors to assist councillors

The amendments to clarify and strengthen the reforms to be implemented by the Bill about councillor advisors will achieve the objective by making amendments to the Local Government Act and the City of Brisbane Act to:

- expand the functions of the Local Government Remuneration Commission to include considering and making recommendations to the Minister about whether or not to prescribe a local government under the Local Government Act for the purpose of allowing the appointment of councillor advisors and the number of councillor advisors each councillor under the Local Government Act and the City of Brisbane Act may appoint;
- remove the existing disqualification to be a commissioner of the Local Government Remuneration Commission if a person is a member of a political party;
- require the Minister to ask for a recommendation from the Local Government Remuneration Commission and for the Minister to have regard to that recommendation before proposing the making of a regulation prescribing particular matters about councillor advisors, other than for the regulation first made after commencement;

- clarify that a councillor advisor may carry out or assist in an activity relating to a councillor's campaign for re-election outside of their role as a councillor advisor;
- provide for the appointment of part-time councillor advisors;
- remove the requirement for a council resolution under the City of Brisbane Act and provide that Brisbane City Council councillors may appoint up to the maximum number of councillor advisors prescribed by regulation; and
- provide that a local government resolution under the Local Government Act must state the number of councillor advisors, up to the maximum prescribed by regulation, that each councillor may appoint.

#### Filling vacancies in the office of a councillor

The amendments to clarify and strengthen the reforms to be implemented by the Bill about filling a vacancy in the office of a councillor will achieve the objective by making amendments to the Local Government Act to provide that:

- a vacancy arising during the first 12 months after a quadrennial election is to be filled by appointment of a runner-up or, if there is no runner-up who is eligible and consents to the appointment, by by-election;
- a vacancy arising during the period starting on the first anniversary and ending on the day before the third anniversary of the quadrennial election is to be filled by a by-election;
- a vacancy arising in the period starting on the third anniversary of the last quadrennial election to the day before the next quadrennial election is to be filled by appointment; and
- the current processes under Chapter 6, part 2, division 3 of the Local Government Act in relation to filling a vacancy are to apply to any vacancy that occurs before the commencement if the vacancy has not been filled on the commencement.

This process is to apply to all vacancies, both mayoral and councillor, in divided and undivided local governments.

#### Councillor Conduct Tribunal members' immunity

The Local Government Act establishes the CCT. The CCT's primary function is to hear and determine an application made to it by the Independent Assessor about alleged misconduct by a councillor.

The Local Government Act section 235 provides protection from liability for State administrators, including CCT members, for acts done, or omissions made, honestly and without negligence under the Local Government Act, City of Brisbane Act or the *Local Government Electoral Act 2011* (Local Government Electoral Act).

The amendments to expand the statutory protection and immunity provided to CCT members when performing their functions in hearing and deciding an application made by the Independent Assessor about alleged misconduct by a councillor will achieve the objective by:

- providing that a CCT member, in performing their functions to hear and decide an application made by the Independent Assessor about alleged misconduct by a councillor, has the same protection and immunity as a Supreme Court judge has in performing the judge's judicial functions; and
- clarify that the current civil liability protection for CCT members under section 235 of the Local Government Act applies in addition to the new statutory protection and immunity.

### Local government corporate plans

Chapter 4, part 3 of the Local Government Act provides for financial planning and accountability of local governments. Section 104(5) provides that the system of financial management established by a local government must include a number of financial management planning documents prepared for the local government, including a 5-year corporate plan that incorporates community engagement. The amendment will remove the requirement that the corporate plan must cover a 5-year period to provide flexibility to make a regulation under section 270(2)(j) of the Local Government Act in relation to the length of time the corporate plan should cover.

## **Alternative Ways of Achieving Policy Objectives**

There are no alternative ways to achieve the policy objectives.

## **Estimated Cost for Government Implementation**

### **Amendments to Chapter 1 (Preliminary)**

The Bill will increase the policy development payments funding pool from \$3 million to \$6 million per annum from January 2021, with \$4.5 million being available in the 2020-2021 financial year. The amendments will delay the increase in the funding pool from \$3 million to \$6 million per annum from July 2022, with \$6 million being available in the 2022-23 financial year.

The Bill will also increase election funding entitlements from \$3.14 to \$6.00 per formal first preference vote for registered political parties and from \$1.57 to \$3.00 per formal first preference votes for candidates. In addition, the eligibility threshold for both registered political parties and candidates will decrease from 6 per cent to 4 per cent of formal first preference votes. The amendments will delay this increase so that it applies to elections held after 1 July 2022, rather than being effective for the 2020 general election and later elections.

### **Amendments to Chapter 2 (Amendments relating to funding and expenditure for State elections)**

The amendments to Chapter 2 removing the application of the donation caps from third parties, the increase in the registration threshold for third parties, and the shortening of the capped expenditure period applying to general elections may reduce the scope of compliance, monitoring and enforcement activities to be undertaken by the ECQ as compared with the Bill as introduced.

There may be a cost to the ECQ in ensuring their internal systems can provide appropriate functionality in accordance with new requirements created by the funding and disclosure amendments.

### **Amendments to Chapter 3 (Amendments relating to signage for State elections)**

The amendments to Chapter 3 in relation to signage restrictions will result in additional staffing costs for the ECQ during an election period to monitor compliance. Any costs will be considered through normal budgetary processes.

The amendments to Chapter 3 in relation to the 2020 State general election, may result in additional costs for the ECQ, particularly in relation to administering any expanded use of postal voting. The costs involved will depend on any specific measures that are implemented by the relevant decision makers in relation to each of the amendments included in the Bill, and will also depend on other variables, including take-up of any

measures by voters, which are difficult to predict in the context of the public health emergency involving COVID19. Any costs will be considered through the normal budgetary processes.

**Amendments to Chapter 5 (Amendments relating to dishonest conduct of councillors and other local government matters)**

There are no significant costs for implementation of the amendments to Chapter 5. Any costs will be met within normal budgetary processes.

## **Consistency with Fundamental Legislative Principles**

**Rights and liberties of individuals**

The fundamental legislative principles include requiring that legislation has sufficient regard to the rights and liberties of individuals (section 4(2)(a) of the *Legislative Standards Act 1992* (LSA)).

**Amendments to Chapter 2 (Amendments relating to funding and expenditure for State elections)**

**Human rights and political communication**

The amendments impact on political communication and human rights including the rights to freedom of expression, peaceful assembly and freedom of association, taking part in public life and privacy and reputation. These impacts are addressed in the Statement of Compatibility with Human Rights.

**Imposition of presumed responsibility**

Whether legislation has sufficient regard to the rights and liberties of individuals includes whether, for example, legislation makes a person responsible for actions or omissions over which the person may have no control.

An ‘associated entity’ is currently defined in the Electoral Act to be an entity that:

- is controlled by one or more registered political parties; or
- operates wholly, or to a significant extent, for the benefit of one or more registered political parties.

The amendments:

- expand the definition of ‘associated entity’ so that it includes:
  - entities that are controlled by, or operate wholly, or to a significant extent, for the benefit of a candidate, or two or more candidates endorsed by the same registered political party; or
  - operate for the dominant purpose of promoting a registered political party, a candidate or two or more candidates endorsed by the same registered political party.
- clarify the application of part 11 to associated entities and electoral committees, and requiring the agent of the registered political party or candidate to take steps to ensure that the associated entity or electoral committee, and persons authorised by the associated entity or electoral committee, are aware of and comply with their obligations.

The amendments provide that the electoral expenditure incurred by an associated entity or electoral committee will be taken to be incurred by a party or candidate. Similarly, the amendments provide that gifts or loans made to or for the benefit of, or received by, the associated entity or electoral committee will be taken to be made to or for the benefit of, or received by, the party or candidate. This could be seen to have the effect of a registered political party or a candidate being responsible for the actions of an associated entity or electoral committee over which they may not have control.

The treatment of expenditure and gifts and loans in this way is necessary to ensure that the expenditure caps and donations caps cannot be avoided by candidates and registered political parties using associated entities or electoral committees to incur electoral expenditure or receive gifts or loans for their benefit, and ensures that such expenditure is appropriately attributed for the purposes of the electoral expenditure and donation caps.

In circumstances where an expenditure cap or donation cap is exceeded a person will not commit an offence if they did not know, or could not reasonably have known, that the caps would be exceeded. This limits the potential adverse impact on individuals due to the actions of others over which they may have had no control.

#### Proportionality of penalties and orders

Whether legislation has sufficient regard to rights and liberties of individuals depends on whether, for example, consequences are proportionate and relevant to the actions to which the consequences are applied by the legislation. Legislation must impose penalties which are proportionate to the offence.

The amendments include new offence and penalty provisions, namely:

- requiring a record-keeping entity to make a record about each prescribed matter – 20 penalty units;
- requiring the agent of a participant in an election to make a record about steps taken to ensure compliance – 20 penalty units;
- requiring a person who makes a record or is authorised to receive transferred records to keep records for five years – 20 penalty units;
- requiring a register-keeping entity to keep a register of non-monetary gifts – 20 penalty units;
- requiring a registered political party to keep a register of members and affiliates – 20 penalty units; and
- requiring a participant to assist an appointed auditor in relation to an audit – 200 penalty units.

The penalties for these offences are proportionate and relevant to the actions to which they apply, taking into account comparable existing offences, including those already in the Electoral Act and those proposed to be introduced by the Bill. The penalties for offences related to audits are required to be sufficiently high to deter election participants from not providing the required assistance to appointed auditors thereby enabling auditors to effectively detect instances of non-compliance and support the effectiveness of the new electoral funding and disclosure arrangements.

The maximum penalty for the offence in section 281G (Cap on electoral expenditure during capped expenditure period) is increased to 1,500 penalty units or 10 years imprisonment by the amendments. This reflects the serious nature of this offending and is necessary to adequately deter a situation where electoral expenditure is unlawfully incurred, potentially influencing voting in an election and therefore providing an unfair advantage to an election participant.

#### Reversal of onus of proof

The amendments allow for a ‘reasonable excuse’ in relation to a record keeping offence. This acknowledges that there are likely to be a range of matters that are peculiarly within the knowledge of the defendant and that the defendant would be better-positioned than the prosecution to meet the evidential burden. The ‘reasonable excuse’ ensures liability would not be unjustly imposed, given the unpredictability of the situations likely to arise.

#### Retrospective effect

Whether legislation has sufficient regard to rights and liberties of individuals depends on whether, for example, legislation adversely affects those rights and liberties or imposes obligations retrospectively.

The amendments provide that electoral expenditure is incurred when the goods or services for which the expenditure is incurred are provided or supplied, regardless of when the amount of the expenditure is invoiced or paid. Therefore, expenditure incurred during the capped expenditure period, commencing on 1 August 2020 for the 2020 general election, may be counted towards the expenditure caps where goods and services are provided or supplied after 1 August 2020, including in circumstances where it is invoiced or paid for before this date. Records are also required to be kept in relation to the electoral expenditure.

The amendments could be seen to have a potential retrospective effect in relation to the relevant expenditure by potentially extending obligations and impacting on expenditure caps due to activities undertaken before commencement.

It is necessary for legislation to be applied in this way to ensure that the electoral expenditure caps cannot be avoided by entering into arrangements prior to the capped expenditure period, and providing an unfair advantage to an election participant.

Electoral expenditure incurred to obtain goods that are first used for a campaign purpose during the capped expenditure period for the 2020 general election will not be included in the expenditure caps unless a contract for the supply of the goods was entered into on or after 17 June 2020. This limits the retrospective effect in relation to this type of electoral expenditure.

### **Amendments to Chapter 3 (Amendments relating to signage at State elections)**

#### **Amendments relating to signage at State elections**

##### Human rights and political communication

The amendments impact on political communication and human rights including the rights to freedom of expression and taking part in public life. The Statement of Compatibility for the amendments addresses the compatibility with human rights of the proposed amendments.

## **Amendments related to the 2020 general election**

### Human rights and political communication

The following amendments in relation to the 2020 general election impact on political communication and human rights including the rights to freedom of expression, taking part in public life, freedom of movement and privacy and reputation:

- changing the cut-off day for the electoral rolls and the nomination of candidates stated in the writ;
- enabling a regulation to be made providing that all electors, electors in a stated electoral district, electors of a stated class or electors in a stated electoral district of a stated class must vote by postal vote;
- modifying timeframes for making a postal vote request;
- allowing issuing officers to be directed not to visit the elector, or electors of the class, or any electors;
- allowing the ECQ to issue directions in relation to the display or distribution of how-to-vote cards and other election material and canvassing for votes in or near polling booths;
- allowing the ECQ to give a direction about the number of scrutineers each candidate may have at a polling booth or other place that scrutineers are otherwise entitled to be present. It also allows the returning officer or member of the ECQ's staff in charge of a polling booth to give a direction about the movement of candidates or scrutineers at the polling booth; and
- allowing ECQ to make procedures which potentially impact on how particular individuals vote.

These impacts, which are addressed in the Statement of Compatibility with Human Rights, are justified on the basis that public health considerations may necessitate changes to the way the election is conducted to reduce the spread of contagion. The amendments which will only apply in relation to the 2020 general election, are confined to the circumstances of the public health emergency involving COVID-19.

### Proportionality of penalties and orders

Whether legislation has sufficient regard to the rights and liberties of individuals (section 4(2)(a) of the LSA) includes whether, for example, consequences imposed by legislation are proportionate and relevant to the actions to which the consequences are applied by the legislation. Legislation must impose penalties which are proportionate to the offence.

The amendments contain new offences for contravening a direction given by the ECQ, a returning officer or member of the ECQ's staff in charge of a polling booth, without reasonable excuse, with maximum penalty of 20 penalty units. It also provides for a new offence for the display of an election sign or setting up other items to be used for a purpose related to an election with a maximum penalty of 10 penalty units. The penalties for these offences are commensurate with the penalties applying for similar offences in the Electoral Act.

## **Chapter 5 (Amendments relating to dishonest conduct of councillors and other local government matters)**

### Human rights and political communication

The amendments impact on political communication and human rights including the rights to take part in public life, privacy and reputation and liberty and security of the person. These impacts are addressed in the Statement of Compatibility with Human Rights.

### **Councillor Conduct Tribunal members' immunity**

#### Immunity from proceeding or prosecution

Whether legislation has sufficient regard to rights and liberties of individuals depends on whether, for example, legislation confers immunity from proceeding or prosecution without adequate justification (section 4(3)(h) of the LSA).

The proposal provides the same protections and immunity to CCT members as those applying to Supreme Court judges or members of the Queensland Civil and Administrative Tribunal (QCAT). It is appropriate that CCT members should also be free from personal liability when performing their functions in hearing and deciding an application made by the Independent Assessor about whether or not a councillor has engaged in misconduct and, if so, what disciplinary action should be taken.

The immunity will ensure that they are at liberty to hear and decide an application made by the Independent Assessor independently without fear or favour. It would be difficult for CCT members to act with the appropriate confidence in determining an application in the public interest if they were subject to allegations and litigation taken against them personally for performing their functions.

Although the proposal will give CCT members immunity from civil and criminal liability, particular persons may apply to QCAT to review a decision of the CCT under the circumstances provided under section 150AT of the Local Government Act.

### ***Sufficient regard to the institution of Parliament***

The fundamental legislative principles include requiring that legislation has sufficient regard to the institution of Parliament (section 4(2)(b) of the LSA). Whether subordinate legislation has sufficient regard to the institution of Parliament depends on whether, for example, the subordinate legislation allows the sub-delegation of a power delegated by an Act only, in appropriate cases and to appropriate persons, and if authorised by an Act.

## **Amendments to Chapter 3**

### **Amendments related to the 2020 general election**

The following amendments in relation to the 2020 general election raise whether the amendments have sufficient regard to the institution of Parliament:

- allowing the ECQ to change the time and day by which an individual must apply for a postal vote;
- allowing the ECQ to declare an additional class of electors to be able to make an electronically assisted vote at an election;

- allowing the ECQ to issue directions in relation to various matters including the display or distribution of how-to-vote cards and other election material and canvassing for votes in or near polling booths, scrutineers and the movement of candidates;
- allowing procedures to be made without the need for the procedures to be approved by a regulation and tabled in the Legislative Assembly; and
- allowing a regulation to be made about a matter for which it is necessary to make provision to facilitate the holding of the election in a way that helps minimise serious risks to the health and safety of persons caused by the COVID-19 public health emergency.

Any potential breach of fundamental legislative principles is justified on the basis that flexibility and expediency is required to deal with any interruptions or disruptions due to the public health emergency involving COVID-19. A number of the amendments provide opportunities for voter enfranchisement to be maximised in the event that public health considerations make it difficult for them to otherwise exercise their right to vote. The ECQ is the appropriate body for managing these temporary arrangements, which will only apply during the 2020 general election.

With regard to the regulation making power which confers the power to make a regulation about a matter for which it is necessary to make provision to facilitate the holding of the election in a way that helps minimise serious risks to the health and safety of persons caused by the COVID-19 public health emergency, this power is justified on the basis that the scope of the power is limited to the purpose of facilitating an election in a public health emergency. Further, the provision, and any regulation made under it, will expire after one year and the Minister may recommend the making of a regulation under this section only if they are satisfied the regulation is necessary to achieve the purpose of this part. It is in the public interest to include this regulation-making power to ensure that there are no legislative impediments or gaps that would prevent an election proceeding in an appropriate way in the circumstances of the public health emergency.

## **Consultation**

### **Amendments to Chapter 2 (Amendments relating to funding and expenditure for State elections) and Chapter 3 (Amendments relating to signage for State elections)**

The amendments to Chapter 2 relating to third parties were developed in response to the Economics and Governance Committee's recommendation that consideration be given to amending the Bill to address the concerns of small, not-for-profit third party organisations regarding the regulatory burden of the political donation and electoral expenditure cap schemes in its report on the Bill. Consultation was also undertaken with the ECQ in relation to the amendments to Chapter 2 and amendments to Chapter 3 in relation to signage.

In relation to amendments related to the 2020 State general election, the ECQ was also consulted. Due to the urgent nature of these amendments, further consultation, including community consultation, was not possible.

**Chapter 5 (Amendments relating to dishonest conduct of councillors and other local government matters)**

Consultation was undertaken with the Local Government Association of Queensland and Local Government Managers Australia on the proposed amendments contained in Chapter 5 of the Bill itself. ### **Amendments 2 to 12 – Clause 4 (Amendment of s 2 (Definitions))**

*Amendments 2 to 12* amend section 2 (as amended by the Bill) to:

- provide definitions of ‘associated entity’, ‘bank statement’, ‘campaign purpose’, ‘election material’, ‘participant’ and ‘prescribed matter’;
- make the definitions of ‘donation cap’ and ‘donation cap period’ relate to a registered political party or candidate in an election;
- change the definition of ‘candidate’ to refer to an individual rather than a person to ensure consistency and reflect that a candidate must be a natural person; and
- make the definition of ‘third party’ apply for the Electoral Act generally rather than for part 11.

### **Amendments 13 to 19 – Clause 7 (Amendment of s 197 (Definitions))**

*Amendments 13 to 19* amend section 197 (as amended by the Bill) to:

- omit and replace the definition of ‘associated entity’ so that it refers to the definition in section 204(2) and (3) for an associated entity of a registered political party, and section 204A(2), (3) and (4) in relation to an associated entity of a candidate in an election;
- provide definitions of ‘bank statement’, ‘campaign purpose’, ‘election material’, ‘participant’ and ‘prescribed matter’; and
- make the definitions of ‘donation cap’ and ‘donation cap period’ relate to a registered political party or candidate in an election.

**Amendment 20 – Clause 8 (Insertion of new s 197A)**

*Amendment 20* amends section 197A (as inserted by the Bill) to refer to goods or services being supplied or provided, rather than delivered or provided.

- define electoral expenditure to be of a kind mentioned in section 199(2) incurred for a ‘campaign purpose’ (as defined in new section 199A);
- remove the word ‘direct’ related to the costs of distributing material from section 199(2)(b) to make it clearer that distribution of material for an election is captured as a kind of expenditure;
- insert section 199(2)(d) to make it clearer that expenditure for contracted services related to an activity in section 199(2)(a), (b) or (c), including, for example, fees for consultants or the provision of data, is captured as a kind of expenditure;
- provide that, for section 199(2)(a) and (b), it does not matter whether section 181 applies to the material;
- insert section 199(4)(c) which excludes expenditure incurred in employing staff for a campaign purpose as a kind of expenditure;
- replace section 199(5) so it provides that expenditure incurred by a third party is electoral expenditure if the dominant purpose for which the expenditure is incurred is a campaign purpose.
- insert new section 199(6) which provides that expenditure incurred by a third party is not electoral expenditure if the dominant purpose for which the expenditure is incurred is another purpose, even if the expenditure was also incurred for, or achieved, a campaign purpose. A note is also inserted indicating that to educate or raise awareness about an issue of public policy is an example of other purposes for incurring expenditure;
- renumber sections 199(6) and (7) (as inserted by the Bill); and
- remove gifts in kind from being included as expenditure.

**Amendment 28 – Clause 9 (Insertion of new s 199))**

*Amendment 28* inserts new section 199A which provides a definition of ‘campaign purpose’. This differs from section 199(1) of the Bill as it removes references to ‘directly or indirectly’ from the purposes. New section 199A(2) also specifically provides that, without limiting section 199A(1), if material produced as a result of the expenditure does any of the following in relation to an election, it will be incurred for a purpose mentioned in new section 199A(1)(a), (b) or (c):

- expressly promotes or opposes political parties or candidates who: advocate, or do not advocate, a particular policy or issue, or have or do not have a particular position on a policy or issue; or candidates who express a particular opinion;
- expressly or impliedly comments about a political party, elected member or candidate in the election, or in relation to an electoral district;

- expresses a particular position on a policy, issue or opinion if the position is publicly associated with a political party or candidate, and whether or not, in expressing the position, the party or candidate is mentioned.

**Amendments 29 and 30 – Clause 11 (Insertion of new ss200A and 200B)**

*Amendments 29 and 30* amend section 200B (as inserted by the Bill) which provides that a gift of electoral expenditure is made when the circumstances in subsection 200B(1) apply to the expenditure, regardless of when the expenditure is incurred. Notes are inserted under section 200B alerting readers to section 280A and 281A.

**Amendment 31 – Clause 12 (Replacement of s 201 (Meaning of gift))**

*Amendment 31* amends section 201 (as inserted by the Bill) to insert a new provision providing that an amount transferred to an individual from funds the individual holds jointly with the individual's spouse is not a gift, and renumber the following paragraphs.

**Amendment 32 – Clause 12 (Replacement of s 201 (Meaning of gift))**

*Amendment 32* amends section 201 (as inserted by the Bill) so that the definition of 'uncharged interest' on a loan more clearly identifies those circumstances where amounts that would have been payable on the loan are captured.

**Amendments 33 and 34 – Clause 13 (Insertion of new ss 201B and 201C)**

*Amendments 33 and 34* amend section 201B (as inserted by the Bill) to improve clarity, without otherwise changing its meaning.

**Amendments 35 and 36 – Clause 15 (Insertion of new s 204)**

*Amendments 35 and 36* omit section 204 (as inserted by the Bill) and insert new sections 204 and 204A.

New section 204(1) specifies how divisions 3 (Managing political donations and electoral expenditure), 4 (Election funding), 6 (Political donations and caps on political donations) and 9 (Caps on electoral expenditure) apply if a registered political party has an associated entity.

New section 204(2) specifies the circumstances in which an entity is an associated entity of a registered political party. An entity is an associated entity if it is controlled by, or operates wholly, or to a significant extent for the benefit of, the party or a group of endorsed candidates of the party, or operates for the dominant purpose of promoting the party in elections, or promoting a group of endorsed candidates of the party in an election. The provision will capture circumstances in which a political party or group of candidates seek to artificially amplify their capacity for electoral expenditure. The purpose of the amendment is not to impinge upon the right of legitimate third parties, such as registered industrial organisations (both employer and employee representatives) or industry peak bodies, incurring electoral expenditure to support or oppose particular political parties or candidates.

New section 204(3) provides that an associated entity of a registered political party does not include a candidate endorsed by the party for an election, another political party that is a related political party, or a federal or interstate branch or division of the entity that the registered political party is part of.

New section 204(4) provides a definition of 'group of endorsed candidates' for the purposes of the section.

New section 204A(1) specifies how divisions 3 (Managing political donations and electoral expenditure), 4 (Election funding), 6 (Political donations and caps on political donations) and 9 (Caps on electoral expenditure) apply if a candidate in an election has an associated entity.

New section 204A(2) specifies the circumstances in which an entity is an associated entity of a candidate in an election. An entity is an associated entity of a candidate if it is an electoral committee established for the candidate, is controlled by the candidate, operates wholly, or to a significant extent for the benefit of, the candidate, or operates for the dominant purpose of promoting the candidate in the election. The provision will capture circumstances in which a candidate seeks to artificially amplify their capacity for electoral expenditure. The purpose of the amendment is not to impinge upon the right of legitimate third parties, such as registered industrial organisations (both employer and employee representatives) or industry peak bodies, incurring electoral expenditure to support or oppose particular candidates.

New section 204A(3) specifies those circumstances in which an associated entity of a registered political party is not an associated entity of a candidate.

New section 204A(4) provides that an associated entity of a candidate in an election does not include an electoral committee mentioned in section 203(1).

New section 204A(5) provides a definition of ‘group of endorsed candidates’ for the purposes of the section.

*Amendments 192, 193 and 194* provide that chapter 5B does not apply in relation to a conflict of interest in a matter that is solely or relates solely to amending a planning scheme that applies to the whole of the local government area, a resolution required for amending a budget for the local government and the provision of insurance for councillors.

*Amendment 195* provides that chapter 5B also does not apply in relation to a councillor's conflict of interest in a matter if the councillor, close associate or related party of the councillor or the donor mentioned in section 150EG(1)(a) or 150EH(1)(a) stands to gain a benefit or suffer a loss that is no greater than the benefit or loss that a significant proportion of persons in the local government area stand to gain or lose.

*Amendments 196 to 198* amend new section 150EG of the Local Government Act (as inserted by the Bill).

*Amendment 196* clarifies that a councillor has a prescribed conflict of interest in a matter if all gifts and loans given to a councillor and all sponsored travel or accommodation benefits given to the councillor or close associate of the councillor by an entity that has an interest in the matter (the donor), during the councillor's relevant term totals \$2,000 or more.

*Amendment 197* clarifies that in relation to gifts or loans to groups of candidates or political parties, for subsection (1)(a), the circumstances include that a donor gives a gift or loan to a group of candidates when the councillor is a member of the group, or to a political party that endorses the councillor for an election, rather than a political party of which the councillor is a member.

*Amendment 198* clarifies the method for working out the total amount of gifts or loans given by a donor to a group of candidates when the councillor is a member or to a political party that endorses the councillor. The amount of each gift or loan given to the group or political party must first be divided by the total number of candidates in the group stated in the record of membership of the group under section 41 of the Local Government Electoral Act or the total number of candidates endorsed by the political party in Queensland on nomination day for the election under the Local Government Electoral Act.

**Amendment 201 – Clause 104 (Insertion of new ch 5B)**

*Amendment 201* amends new section 150EI of the Local Government Act (as inserted by the Bill) to provide that a councillor has a prescribed conflict of interest in a matter that is or relates to the councillor's close associate being considered for appointment as CEO of the local government.

**Amendments 202 to 204 – Clause 104 (Insertion of new ch 5B)**

*Amendments 202 to 204* amend new section 150EO of the Local Government Act (as inserted by the Bill).

*Amendment 202* omits section 150EO(1)(d) as amendment 195 provides that chapter 5B will not apply in the circumstance in section 150EO(1)(d).

*Amendment 203* clarifies that a councillor does not have a declarable conflict of interest in a matter if the conflict of interest arises solely because the councillor, or a related party of the councillor, receives a gift, loan or sponsored travel or accommodation benefit from an entity given in circumstances that would constitute a prescribed conflict of interest under section 150EG or 150EH if the total gifts, loans and benefits given by the entity totalled \$2,000 or more but the gifts, loans and benefits total less than \$500 during the councillor's relevant term.

*Amendment 204* clarifies that section 150EG(2A) and (3), as inserted by amendment 198, applies to work out, under section 150EO(1)(e)(ii), the total gifts, loans and sponsored travel or accommodation benefits given by the entity as if a reference in that section to a donor were a reference to the entity.

**Amendment 205 – Clause 104 (Insertion of new ch 5B)**

*Amendment 205* amends new section 150EU of the Local Government Act (as inserted by the Bill) to clarify that a councillor does not contravene section 150EK(1), 150EM(2), 150EQ(2)(a) or (3)(a) or 150ES(5) by participating in a decision, or being present while the matter is discussed and voted on, for the purpose of deciding, by resolution, not to decide the matter and take no further action in relation to the matter.

**Amendment 206 – Clause 106 (Replacement of s 161 (What this division is about))**

*Amendment 206* omits the replacement of section 161 of the Local Government Act and instead inserts amendments to section 161. The amendment provides that the way in which a councillor vacancy is to be filled depends on when the office becomes vacant, that is, during the beginning, middle or end of the local government's term. Whether the vacancy is in the office of the mayor or of another councillor will no longer be a factor.

The amendment also inserts new definitions for the 'middle' and 'final part' of a local government's term. The middle of a local government's term will be the 24 month period that starts on the first anniversary of the last quadrennial elections (rather than an 18 month period) and the final part of a local government's term will be the period that starts on the third anniversary of the last quadrennial elections and ends on the day before the next quadrennial elections (a period of 12 months rather than 18 months).

**Amendment 207 – Clause 109 (Replacement of s 166 (Filling a vacancy in the office of another councillor))**

*Amendment 207* replaces section 166 of the Local Government Act (as replaced by the Bill) to provide the way in which a vacancy in the office of a mayor or other councillor must be filled, depending on when during the local government's term the vacancy is to be filled. The provision is no longer specific to a mayoral vacancy or a councillor vacancy in a single-member division of a divided local government, during the first 36 months of a local government's term.

A vacancy in the beginning of a local government's term must be filled by appointing a runner-up from the last quadrennial elections or, if no runners-up are eligible and consent to the appointment, by a by-election. A vacancy in the middle of a local government's term must be filled by a by-election and a vacancy in the final part of a local government's term must be filled by appointment by the local government.

**Amendments 208 to 212 – Clause 109 (Replacement of s 166 (Filling a vacancy in the office of another councillor))**

*Amendments 208 to 212* amend new section 166A of the Local Government Act (as inserted by the Bill).

*Amendments 208 and 209* amend the section heading and subsection (1) to provide that the prescribed processes under section 166A are to apply to the filling of vacancies during the beginning of a local government's term, both for the vacant office of a mayor or other councillor.

*Amendments 210 to 212* amend the definitions 'runner-up' and 'vacancy notice' to provide that the definitions also apply to a vacancy in the office of a mayor.

**Amendments 213 and 214 – Clause 109 (Replacement of s 166 (Filling a vacancy in the office of another councillor))**

*Amendments 213 and 214* amend new section 166B of the Local Government Act (as inserted by the Bill) to condense the section heading and to omit the definition 'final part', of a local government's term. The definition has been re-inserted into section 161 of the Local Government Act under amendment 206.

**Amendment 215 – Clause 110 (Amendment of s 170 (Giving directions to local government staff))**

*Amendment 215* inserts amendments to section 170(2) of the Local Government Act to implement the Government's response to recommendation 1 of the CCC's Yabber Report. The amendment provides that the mayor must not give a direction to the CEO if it relates to the appointment of local government employees under section 196(3) of the Local Government Act; disciplinary action by the CEO in relation to a local government employee under section 197 of the Local Government Act or a councillor advisor; or it would result in the CEO contravening a provision of an Act.

**Amendment 216 – Clause 110 (Amendment of s 170 (Giving directions to local government staff))**

*Amendment 216* makes a drafting change to facilitate amendment 215.

**Amendment 217 – After clause 113**

*Amendment 217* inserts clauses 113A and 113B. New clause 113A makes amendments to section 177 of the Local Government Act to provide that the functions of the Local Government Remuneration Commission are to include considering and making recommendations to the Minister about particular matters relating to councillor advisors. The amendment facilitates amendments 185 and 222.

New clause 113B amends section 181(2) of the Local Government Act to remove the existing disqualification to be a commissioner of the Local Government Remuneration Commission if a person is a member of a political party.

**Amendments 218 to 221 – Clause 115 (Insertion of new ch 6, pt 5, div 2A)**

*Amendment 218* amends subsection (1) to make specific reference to new section 197D of the Local Government Act which is inserted by amendment 222.

*Amendment 219* inserts a new requirement for the resolution under subsection (1) to state the number of councillor advisors, up to the maximum prescribed by regulation, that councillors may appoint.

*Amendment 220* clarifies that a person who is appointed as a councillor advisor may carry out or assist in an activity relating to a councillor's campaign for re-election other than in their capacity as a councillor advisor.

*Amendment 221* omits subsection (7) relating to what a regulation may provide for with respect to the appointment and functions of councillor advisors. The provision has been relocated to new section 197D of the Local Government Act which is inserted by amendment 222.

**Amendment 222 – Clause 115 (Insertion of new ch 6, pt 5, div 2A)**

*Amendment 222* inserts new section 197D (Regulation may prescribe particular matters relating to councillor advisors) into the Local Government Act. New section 197D provides that a regulation may prescribe a local government that may, by resolution, allow the appointment of councillor advisors; prescribe the maximum number of councillor advisors each councillor may appoint; and limit the functions and key responsibilities of councillor advisors. The amendment also provides for the appointment of part-time councillor advisors.

In addition, the amendment provides that before recommending the making of a regulation prescribing the local governments that may allow the appointment of councillor advisors and the maximum number of councillor advisors each councillor may appoint, the Minister must ask the Local Government Remuneration Commission for its recommendation about the proposed regulation and must have regard to the recommendation of the Local Government Remuneration Commission in recommending the making of the regulation. These requirements will not apply to the first regulation made after the commencement (amendment 226, new section 335 refers).

**Amendment 223 - After clause 121**

*Amendment 223* inserts new clause 121A which amends section 235 of the Local Government Act (Administrators who act honestly and without negligence are protected from liability). The amendment clarifies that the protection from civil liability under the section is in addition to the new statutory protection and immunity for Councillor Conduct Tribunal members, as inserted by amendment 189.

**Amendment 224 – After clause 122**

*Amendment 224* inserts new clause 122A which amends section 247 of the Local Government Act (Local government references in this Act) to provide that a reference to a councillor advisor is a reference to a councillor advisor appointed by the mayor or another councillor of the local government.

**Amendment 225 – Clause 123 (Insertion of new ch 9, pt 15)**

*Amendment 225* inserts new section 332A into the Local Government Act. Section 332A provides for vacancies in the office of a mayor or other councillor that have arisen before commencement but have not been filled on commencement. Chapter 6, part 2, division 3 of the Local Government Act applies to filling the vacancy as if the *Electoral and Other Legislation (Accountability, Integrity and Other Matters) Amendment Act 2019* had not commenced.

**Amendment 226 – Clause 123 (Insertion of new ch 9, pt 15)**

*Amendment 226* inserts two transitional provisions into the Local Government Act (new sections 335 and 336).

New section 335 provides that the new requirements under section 197D(2) and (3) of the Local Government Act, as inserted by amendment 222, will not apply to the first regulation made after the commencement under section 197D(1)(a) or (b). Section 197D(2) and (3) require the Minister to ask the Local Government Remuneration Commission for its recommendation about a proposed regulation prescribing the local governments that may allow the appointment of councillor advisors and the maximum number of councillor advisors each councillor may appoint and for the Minister to have regard to the recommendation of the Local Government Remuneration Commission in recommending the making of the regulation.

New section 336 provides that if, on the commencement, a councillor has an interest mentioned in section 201A(1), the councillor must inform the CEO of particulars of interests within 30 days after the commencement, despite section 201A(2) of the Local Government Act (as inserted by the Bill). Section 201A(1) requires a councillor to inform the CEO of particulars of interests within 30 days after the day the councillor's term starts.

The amendments are required as a consequence of amendment 206 about filling councillor vacancies.

**Amendment 229 – Long title**

*Amendment 229* amends the long title of the Bill to include *Electoral and Other Legislation Amendment Act 2019*.
