Consultation

- Consultation with community groups, industry associations and authorities is an important part of the decision making process

Administration

PART 3—APPLICATION OF ACT

Land to which Act applies

5.(1) This Act applies to all land, including land below high-water mark.²

² Although this Act generally applies to non-freehold land, most freehold land contains a reservation to the State for minerals. To that extent, this Act applies to all land.

(2) Layers and strata above and below the surface of land may be dealt with under this Act.³

Act binds all persons

6. This Act binds all persons, including the State and, as far as the legislative power of the Parliament permits, the Commonwealth and the other States.

Relationship with Native Title Act

7. This Act does not affect the operation of the *Native Title (Queensland) Act 1993*.

PART 4—LAND NEAR HIGH-WATER MARK

Definitions

8. In this part—

“**navigable river**” includes as far up a river, creek or stream, connecting to the sea, whether in the natural state or otherwise, as—

- (a) the spring tides ordinarily flow and reflow; and
- (b) a ship ordinarily used to transport goods can be navigated.

“**ship**” has the same meaning as in the *Transport Operations (Marine Safety) Act 1994*.

“**tidal navigable river**” means a river navigable as far up as the spring tide ordinarily flows and reflows.

“**tidal water**” means any part of the sea or of a port (including any tidal navigable river) ordinarily within the ebb and flow of the tide at spring tides.

³ But, the Governor in Council cannot grant, in fee simple, layers and strata above and below the surface of land—see section 14(3).

Land below high-water mark owned by the State

9.(1) All land below high-water mark, including the beds and banks of tidal navigable rivers—

- (a) is the property of the State, unless the land is inundated land or a registered interest in the land is held by someone else; and
- (b) may be dealt with as unallocated State land.

(2) To remove any doubt, it is declared that if a tidal navigable river forms the boundary of a parcel of land or a person owns land on both sides of a tidal navigable river—

- (a) the land below high-water mark is and always has been the property of the State; and
- (b) if the line of the high-water mark shifts over time by gradual and imperceptible degrees—the boundaries of the parcel shift with the high-water mark.

(3) No act to occupy, use, build works or remove material or product, with or without lawful authority, divests the State of its ownership of land below high-water mark.

Accretions owned by the State

10. Land that becomes raised above high-water mark, whether gradually and imperceptibly or otherwise, because of the carrying out of works, belongs to the State and may be dealt with as unallocated State land.⁴

Local government for new land

11.(1) Land that becomes raised above high-water mark is land within the local government area of land adjoining the raised land.

(2) If the raised land adjoins land in more than 1 local government area, the Minister must decide the local government for the land.

⁴ Reclaimed land is dealt with under section 127.

Inundated land

12.(1) If inundated land adjoins the limits of a port, the land forms part of the port for an Act applying to tidal water in the port.

(2) If inundated land is outside the limits of a port, the land forms part of the tidal water for an Act applying to tidal water.

(3) The registered owner of inundated land may suitably indicate where the boundaries of the land are across the surface of the water.

(4) If the registered owner of inundated land has suitably indicated where the boundaries of the land are, the registered owner may regulate or prohibit the use or movement of ships in or over the water above the inundated land.

(5) To remove any doubt, it is declared that an interest in freehold land immediately before the land becomes inundated land is not affected by the inundation and neither the State nor a port authority is authorised to deal with or give an interest in the land unless the State or port authority is the registered owner of the land.

(6) In this section—

“**registered owner**” of inundated land includes a lessee of the land.

Power to deal with land below high-water mark

13. Land below high-water mark, other than inundated land, may be leased, granted, occupied, sold or transferred only under the authority of an Act.

CHAPTER 2—LAND ALLOCATION**PART 1—ALLOCATION POWERS****Governor in Council may grant land**

14.(1) The Governor in Council may grant, in fee simple, unallocated State land.

(2) The Governor in Council may also grant, in fee simple in trust, unallocated State land for use for a community purpose.

(3) A grant under subsection (1) or (2) may not be made for land below high-water mark.

Governor in Council may lease land

15.(1) The Governor in Council may—

- (a) lease unallocated State land for either a term of years or in perpetuity; and
- (b) lease land in a reserve for a term of years only.

(2) A lease below high-water mark may be granted only if—

- (a) it will not unduly affect safe navigation and sound development of the State's waterways and ports; and
- (b) the impact on marine infrastructure has been considered; and
- (c) it would not have a detrimental effect on coastal management; and
- (d) it is consistent with the intent of any relevant State management plan.

(3) A lease for land below high-water mark is not an approval to reclaim the land.

(4) A lease may state the purpose for which the land must be used.

Deciding appropriate tenure

16.(1) Before land is allocated under this Act, the chief executive must evaluate the land to assess the most appropriate tenure and use for the land.

(2) The evaluation must take account of State, regional and local planning strategies and policies and the object of this Act.

Granting land to the State

17. The Governor in Council may—

- (a) grant unallocated State land in fee simple to the State; and
- (b) lease unallocated State land to the State.

Governor in Council may exchange land

18.(1) The Governor in Council, by agreement with a registered owner, a lessee or the holder of a native title interest in land, may grant or lease unallocated State land in exchange for freehold land, a lease or a native title interest in land.⁵

(2) A power under subsection (1) may be exercised only if the State's equity in land would not be reduced.

Minister may buy land

19. The Minister, for the State, may buy land leased under this Act or freehold land.

Dealing with mining interests

20.(1) Even if there is a mining interest over unallocated State land, the land is still unallocated State land for dealing with it under this Act.

(2) However, the dealing cannot affect—

- (a) the rights of the holder of the mining interest or the successors of the holder; or
- (b) an agreement made, or anything else done, under the *Mineral Resources Act 1989* or *Petroleum Act 1923*.

(3) In this section—

“mining interest” means a permit, claim, licence, lease or other authority

⁵ A deed of grant amended because of an exchange of land is issued under section 358. A lease amended because of an exchange of land is amended under section 360.

held under the *Mineral Resources Act 1989* or the *Petroleum Act 1923*.

PART 2—RESERVATIONS

Reservation of minerals, petroleum etc.

21. Each deed of grant, deed of grant in trust or lease issued under this Act is subject to the reservations and conditions authorised or required under this or another Act.⁶

Reservation of quarry materials

22.(1) A deed of grant or deed of grant in trust issued for land containing quarry material owned by the State must contain a reservation of the quarry material, other than topsoil, to the State.

(2) Subsection (1) applies to a deed of grant or deed of grant in trust issued under section 358⁷ only if the land being surrendered is already subject to the reservation mentioned in subsection (1).

Reservation for public purposes

23.(1) A deed of grant, deed of grant in trust or lease issued under this Act may be issued containing a reservation for a public purpose.

(2) Each reservation must be for a stated area, in size, but the grant or lease need not identify the particular land reserved.

⁶ The *Mineral Resources Act 1989*, section 8 and the *Petroleum Act 1923*, section 10 provide that each grant and lease issued under this Act is subject to the reservation of the minerals and petroleum mentioned in the sections.

⁷ Section 358 is about getting a new deed of grant because of a surrender.

Disposal of reservations no longer needed

24.(1) If a reservation for a public purpose in a deed of grant is no longer needed for the purpose, the Governor in Council may sell all or part of the land in the reservation to the registered owner of the deed of grant.⁸

(2) Alternatively, if the reservation is adequate in size to be used by a person other than the registered owner and the registered owner does not buy the land—

- (a) possession of all or part of the land reserved may be resumed; and
- (b) the land resumed may be dealt with as unallocated State land.

Disposal of reservations by sale

25.(1) If land is sold under section 24(1), the sale price for the land is the unimproved value of the land decided by the Minister.

(2) The registered owner may appeal against the unimproved value.

(3) The unimproved value is the value—

- (a) if the registered owner applied to buy the land—on the day the application was received by the Minister; or
- (b) if the Minister made an offer to sell the land before the registered owner applied to buy the land—on the day the offer was made.

Minister may decide boundaries of reservations

26.(1) If the Governor in Council resumes possession of all or part of a reservation and the boundaries of the reservation are not stated in the deed of grant or deed of grant in trust, the Minister may decide the boundaries of the reservation.⁹

(2) In deciding the boundaries of the land being resumed, the Minister must consider the following matters unless the registered owner or trustee

⁸ A deed of grant issued because of the disposal of a reservation is issued under section 358.

⁹ Resumptions are dealt with in chapter 5, part 3, division 3.

of the land otherwise agrees with the Minister—

- (a) 1 of the boundaries should adjoin, or be, an existing road;
- (b) the registered owner or trustee should not be deprived of access to the land;
- (c) the land to be resumed should be, as near as practicable, of the average qualities and capabilities of all the land in the deed of grant or deed of grant in trust.

(3) Written notice of the Minister's decision on the boundaries and the reasons for the decision must be given to the registered owner or trustee.

(4) The registered owner or trustee may appeal against the Minister's decision on the boundaries.

PART 3—NATIVE TITLE

Object

27. The object of this part is to emphasise that land administered under this Act must be dealt with in a way not inconsistent with the *Native Title Act 1993* (Cwlth) and the *Native Title (Queensland) Act 1993*.

Interaction with native title legislation

28.(1) Any action taken under this Act must be taken in a way not inconsistent with the *Native Title Act 1993* (Cwlth) and the *Native Title (Queensland) Act 1993*.

(2) To remove any doubt, it is declared that if native title exists over land, the land may still be dealt with under this Act.

(3) However, subsection (2) is subject to subsection (1).

Example—

The issue of a permit under this Act, with appropriate conditions, could be a low impact future act under the *Native Title Act 1993* (Cwlth).

(4) In subsection (1)—

“**action**” includes any of the following—

- (a) reserving land;
- (b) dedicating land as a road;
- (c) granting land;
- (d) issuing a lease, permit or licence over unallocated State land, reserve, road, national park, conservation park, State forest or timber reserve;
- (e) including a reservation in a deed of grant, deed of grant in trust or lease;
- (f) disposing of a reservation no longer needed;
- (g) renewing a lease;
- (h) converting a lease to another form of tenure;
- (i) including land in a lease or deed;
- (j) approving a trustee lease or trustee permit;
- (k) changing the purpose of a lease, licence, permit or reserve;
- (l) issuing a tree clearing permit;
- (m) actions above and below high-water mark and in layers or strata;
- (n) offering or agreeing to carry out an action.

Taking into consideration Aboriginal tradition and Islander custom

29.(1) If land is entered under chapter 7, part 1, division 3,¹⁰ and the land is registered in a native title register or has been transferred or granted under the *Aboriginal Land Act 1991* or the *Torres Strait Islander Land Act 1991*, the entry must, to the extent possible, take Aboriginal traditions and Islander customs into consideration.

(2) In this section—

“**native title register**” means—

¹⁰ Chapter 7, part 1, division 3 deals with the power of an authorised person to enter and inspect land.

- (a) the National Native Title Register under the *Native Title Act 1993* (Cwlth); and
- (b) the part of the Queensland Native Title Register under the *Native Title (Queensland) Act 1993* about approved native title decisions.

CHAPTER 3—RESERVES, DEEDS OF GRANT IN TRUST AND ROADS

PART 1—RESERVES AND DEEDS OF GRANT IN TRUST

Division 1—General

Object

30. The object of this part is to—

- (a) enable unallocated State land to be dedicated as a reserve or granted in fee simple in trust for community purposes; and
- (b) ensure that reserves and land granted in trust are properly and effectively managed—
 - (i) by persons (the “**trustees**”) who have some particular association or expertise with the reserve or land and its purpose or with the local community; and
 - (ii) in a way that is consistent with the purpose for which the reserve was dedicated or the land was granted in trust; and
- (c) ensure that the community purpose for which the reserve was dedicated or the land was granted in trust is not diminished by granting inappropriate interests over the reserve or land granted in trust.

Division 2—Reserves**Dedication and adjustment of reserves**

31.(1) The Minister, by gazette notice, may dedicate unallocated State land to be a reserve for community purposes.

(2) The Minister, by gazette notice, may change the—

- (a) boundaries of, or the area contained in, a reserve; and
- (b) purpose for which a reserve was dedicated.

State leases over reserves

32.(1) The Governor in Council must not grant a lease over a reserve for more than 30 years.

(2) A lease over a reserve must not contain a covenant, agreement or condition—

- (a) to renew the lease; or
- (b) to convert to another form of tenure (including freehold); or
- (c) to buy the land.

(3) A lease over a reserve may be granted only if the lease—

- (a) would be consistent with the purpose for which the land was reserved; or
- (b) would facilitate or enhance the purpose for which the land was reserved.

(4) Despite subsection (3), a lease may be granted over a reserve for a purpose inconsistent with the purpose for which the reserve was dedicated if—

- (a) the lease would not diminish the purpose; and
- (b) no more improvements, other than improvements approved by the Minister, are built or placed by the lessee on the leased part of the reserve.

(5) If there is a trustee of the reserve, the trustee must be consulted before the lease is granted.

Revocation of reserves

33.(1) The Minister, by gazette notice, may revoke all or part of a reserve if—

- (a) it is no longer needed for a community purpose; or
- (b) it is needed, in the public interest, for a different use.

(2) If the Governor in Council has issued a lease over a reserve, the lease must be surrendered or resumed before the reserve is revoked.

(3) If a reserve is revoked, the land becomes unallocated State land.

(4) If a reserve for cemetery purposes has been used for the purpose, it may be revoked only by regulation.

Revocation of reserve cancels appointments, leases and permits

34.(1) If a reserve is revoked, all appointments of trustees, trustee leases, permits and trustee permits over the reserve are cancelled from the day the revocation is notified in the gazette.

(2) If there is a cancellation under subsection (1), the trustees and each person who has a registered interest over the reserve must be—

- (a) given a copy of the gazette notice; and
- (b) if the Minister has allowed improvements to be removed—advised of the time by which the trustee or person must remove the improvements.

(3) If the improvements are not removed within the stated time, they become the property of the State.

(4) Every cancellation of a trustee lease, permit or trustee permit over a reserve must be registered in the appropriate register.

(5) No person has a right to claim compensation, for a cancellation under subsection (1).

Division 3—Deeds of grant in trust

Granting land in trust to be used for community purpose

35. Land granted in trust by the Governor in Council must be used in a way consistent with the community purpose for which it was granted.

Amalgamating land with common purposes

36.(1) If land to be granted in trust adjoins land contained in a deed of grant in trust for the same purpose, both areas of land may be included in a single deed of grant in trust.¹¹

(2) In this section—

“**adjoining land**” includes land separated by a road or watercourse.

Removing area from deed of grant in trust

37.(1) If the Minister is satisfied the area of a deed of grant in trust is more than the area reasonably needed for the trust, the Minister may refer the matter to the Court for a decision on whether the land is more than the area reasonably needed, and if so, the part not needed.

(2) If the Court decides part of the land is surplus to the needs of the trust, the Governor in Council may resume the surplus land under the *Acquisition of Land Act 1967*.

(3) If land is resumed, compensation is payable only for improvements and development work lawfully carried out by the trustee, or with the trustees approval, on the resumed land.

Cancelling a deed of grant in trust

38.(1) The Governor in Council, by gazette notice, may cancel a deed of grant in trust if—

(a) the trust stops operating; or

103.(1) The Minister may issue a road licence over a temporarily closed road only to an adjoining owner.

(2) However, the Minister need not issue the road licence only to the adjoining owner who applied for the road closure.

Conditions of issuing road licence

104. A road licence is subject to the following conditions—

- (a) it must not contain a covenant, agreement or condition to renew the road licence, or to convert it to another form of tenure, or to buy the land;
- (b) no more structural improvements, other than boundary fences, are permitted on the road temporarily closed;
- (c) if the person holding the licence transfers or sells the land adjoining the road licence—the person must—
 - (i) also transfer the road licence to the new registered owner or lessee of the adjoining land; or
 - (ii) surrender the road licence at the time the sale is settled;
- (d) any other conditions the Minister considers appropriate.

Temporarily closed road still dedicated land

105. If a road is temporarily closed, the land comprising the road is still land that is dedicated as a road for public use even though the public cannot use the road as a road until it is reopened.

Cancellation or surrender of road licence

106.(1) The Minister may cancel a road licence, after giving reasonable notice to the licensee, if—

- (a) the Minister is satisfied the road is again needed for public use as an open road; or
- (b) the licensee breaches the conditions of the licence; or
- (c) the licensee contravenes this Act.²¹

(2) No compensation is payable for the cancellation of a road licence.

(3) A licensee, with the Minister's written approval, may surrender a road licence.

(4) If a road licence is surrendered or cancelled, the road remains temporarily closed.

Reopening a temporarily closed road

107. The Minister, by gazette notice, may reopen a temporarily closed road.

Division 4—Permanently closed roads**Dealing with permanently closed road**

108.(1) If the Minister is satisfied land in a permanently closed road is of adequate area, having regard to the location of the land and the use made of adjoining land, to be used as a separate parcel of land, the land may be dealt with as unallocated State land.

(2) If the Minister is not satisfied land in a permanently closed road is of adequate area, having regard to the location of the land and the use made of adjoining land, to be used as a separate parcel of land, the land may be—

- (a) sold to 1 or more adjoining registered owners or lessees who have a freeholding lease; and

²¹ A road licence may also be cancelled for non-payment of rent. See chapter 5, part 1, division 4.

(b) with or without the payment of a cash premium as the Minister considers appropriate—leased to 1 or more adjoining lessees.

(3) If the land is sold or leased under subsection (2), it is a condition of the sale or lease that the land be amalgamated with the existing title of the buyer or lessee.²²

(4) The buyer or lessee may also apply for the land in the closed road to be amalgamated into a single title with land owned or leased by the buyer or lessee.

(5) The Minister must decide the purchase price or the cash premium.

Division 5—Road repositioning

Simultaneous opening and closing of road

109.(1) This section applies if—

- (a) a road is being opened in a deed of grant; and
- (b) in an adjoining deed of grant a road closure is happening at the same time in or adjoining the deed of grant; and
- (c) the road to be opened is in substitution for the road being closed; and
- (d) both the land in which the road is being opened, and the land in or adjoining the road to be closed, are owned by the same registered owner.

(2) If asked by the registered owner, the Minister may include, in the deed of grant containing the road to be closed—

- (a) any severance of land created by the road opening; and
- (b) the land in the road being closed.²³

²² A deed of grant issued because of including permanently closed road is issued under section 358. A lease amended because of including permanently closed road is amended under section 360.

²³ A deed of grant issued because of simultaneously opening and closing a road is issued under section 358.

(3) The Minister's approval may be subject to conditions.

(4) The *Land Title Act 1994*, section 50 and the *Local Government (Planning and Environment) Act 1990*, part 5 do not apply to the repositioning of a road under this section.²⁴

(5) In this section—

“**adjoining**” includes deeds of grant separated only by a road.

Division 6—Building of roads in State developments

Minister may build roads

110.(1) The Minister may authorise the building and maintenance of a road serving land made or to be made available under this or another Act.

(2) The Minister, and a person acting under the Minister's authority, has the same liability, and the same duties, as a local government for a matter under this division.

(3) If the Minister authorises a road to be built, it must be built to at least the standard applying to similar roads in the local government area.

When road comes under local government control

111.(1) After a road, authorised by the Minister, has been built, the Minister may fix a day from which the *Local Government Act 1993* applies to the road.

(2) From the day fixed—

- (a) a regulation made for a purpose relating to the building of the road stops applying to the road; and
- (b) the *Local Government Act 1993* applies to the road as if it had been built by the relevant local government.

²⁴ The *Land Title Act 1994*, section 50 and the *Local Government (Planning and Environment) Act 1990*, part 5 are about requirements for the registration of plans of subdivision.

CHAPTER 4—LAND HOLDINGS

PART 1—MAKING LAND AVAILABLE

Division 1—Interests in land available by competition

Interests in land available by auction, tender or ballot

112. The following interests in land may be made available by public auction, tender or ballot—

- (a) an estate in fee simple, a lease or a permit of, or over, unallocated State land;
- (b) a term lease of a reserve.

Public notice of availability to be given

113.(1) The Minister must advertise the intention to make an interest in land available by auction, tender or ballot.

(2) The advertisement must be—

- (a) before the auction, tender or ballot takes place; and
- (b) in the gazette (the “**sale notice**”) and in a newspaper the Minister considers appropriate.

Information to be included in sale notice

114.(1) The sale notice must include the following information—

- (b) the conditions attaching to the interest being made available;
- (c) any restrictions on eligibility to bid, tender or take part in the ballot;
- (d) the time and place where the auction will be held;
- (e) other appropriate information about the auction, tender, ballot or

interest.

(2) If the sale notice is for a ballot or a sale by tender, it must also include the following information—

- (a) the closing day for applications;
- (b) the time and place for lodging applications.

Conditions of sale

115.(1) The following conditions apply to a sale by public auction—

- (a) the highest bid at auction that is at least the reserve price or the reserve cash premium is the sale price;
- (b) the deposit and other fees or payments, for survey or improvements, must be paid within the time stated in the sale notice;
- (c) the buyer must be eligible to hold the interest under this Act and meet all other restrictions stated in the sale notice;
- (d) the appropriate forms must be completed and lodged within the time stated in the sale notice.

(2) If the interest sold is a lease or permit—

- (a) the amount bid at auction does not include the rent stated in the sale notice; and
- (b) the rent stated is payable in the usual way.

Interests in land may be sold after auction

116.(1) If an interest in land is not sold at public auction, the interest may be sold—

- (a) by accepting the best offer made after the auction that is at least the reserve price or reserve cash premium; or
- (b) by reducing the reserve, advertising the reduced reserve in the newspaper in which the auction was advertised and accepting the best offer that is at least the new reserve price or new reserve cash

premium.

(2) The conditions of sale stated in the sale notice also apply to the sale.

Interest may be withdrawn from auction, tender or ballot

117. Even if an interest in land has been advertised for ballot or sale by public auction or tender, the interest may be withdrawn from sale by the Minister—

- (a) before it is auctioned, before the closing day of tenders or before a ballot is conducted; or
- (b) if not sold—after the auction.

Appeal against exclusion from ballot or tender

118.(1) Before a ballot is conducted or a tender concluded, the Minister must give each applicant a notice advising whether or not they are to be included in the ballot or tender.

(2) If the Minister decides to exclude a person from a ballot or tender, the person must be given written notice of the decision and the reasons for the decision.

(3) An applicant who has been advised he or she is excluded from a ballot or tender may appeal against the decision to exclude the applicant.

(4) The ballot or tender may proceed—

- (a) if no appeal has been lodged—after the last day for lodging an appeal; or
- (b) if an appeal has been lodged—after the appeal has been decided.

Conduct of ballot

119. A ballot must be conducted in the way prescribed under the regulations.

Offer to winner of ballot or tender

120.(1) The winner of a ballot or tender must be made an offer on the terms stated in the sale notice.

(2) If the offer is refused—

- (a) the applicant's deposit is forfeited to the State; and
- (b) the Minister may—
 - (i) otherwise deal with the land under this Act; or
 - (ii) if the offer was made because of a ballot—re-ballot the land.

(3) Only the applicants included in the earlier ballot, other than the applicant who refused the offer, are to be included in the re-ballot.

(4) An applicant who is eligible to be included in the re-ballot, by written notice to the Minister, may withdraw from the re-ballot.

Division 2—Interests in land available without competition**Leases of unallocated State land**

121.(1) A lease of unallocated State land may be granted without competition if—

- (a) the land is needed for a public purpose; or
- (b) the Minister decides—
 - (i) the land is not needed for a public purpose; and
 - (ii) the intended use is the most appropriate use of the land; and
 - (iii) exposure to public competition is inappropriate or 1 or more of the priority criteria apply.²⁵

(2) To remove any doubt, it is declared that a lease may be granted to the State, without competition.

²⁵ The priority criteria is set out in section 123.

Deeds of grant of unallocated State land

122.(1) A deed of grant of unallocated State land may be granted without competition if the Minister decides—

- (a) the land is not needed for a public purpose; and
- (b) the intended use is the most appropriate use of the land; and
- (c) 1 or more of the priority criteria apply.

(2) The Minister must decide the purchase price for the land.

(3) To remove any doubt, it is declared that a deed of grant may be granted to the State, without competition.

Priority criteria

123. For sections 121 and 122—

“priority criteria” are—

- (a) the applicant is an adjoining registered owner or lessee, and selling or leasing to anyone else would be considered inequitable;
or
- (b) no other persons are likely to be interested in obtaining the land;
or
- (c) there is no dedicated access and the only practical access is through the applicant’s land.

Leases of State forests and national parks

124. If land has been surrendered by a person and has been reserved as State forest or dedicated as national park, the person may be granted, without competition, a lease over all or part of the forest or park.

Deeds of grant in trust and leases over reserves

125.(1) A deed of grant in trust may be granted without competition.

(2) A lease of a reserve may be granted without competition.

Strategic port land

126.(1) If land above high-water mark is needed as strategic port land for a port authority, the port authority may be given, without competition, either a lease or deed of grant.

(2) However, if land below high-water mark is needed as strategic port land for a port authority, the port authority may be given, without competition, only a lease.

Reclaimed land

127.(1) If a person has reclaimed land under the authority of an Act, the Governor in Council may issue to the person, without competition, a deed of grant or a lease over all or part of the land.

(2) When granting the reclaimed land, the Governor in Council may amalgamate the land granted with an adjoining tenure held by the person.

(3) If the reclaimed land is already held under lease, the lease must be surrendered before a new lease or deed of grant is issued.

(4) If a deed of grant or lease is issued over only part of the reclaimed land, the rest of the land must be dedicated as a reserve or a road.

(5) If the reclaimed land is dedicated as a reserve and the person who reclaimed the land wishes to be the trustee of the reserve, the Minister must appoint the person as the trustee.

(6) If a deed of grant is issued, the purchase price is—

- (a)** the purchase price stated in the permission to reclaim the land or in the lease; or
- (b)** if no purchase price is stated—the amount of the unimproved value of the land, on the day the permission to reclaim the land was given, decided by the Minister.

(7) The person may appeal against the Minister's decision on the amount of the unimproved value.

Meaning of “significant development”

128. A “significant development” is a development that will—

- (a) have a significant impact on the environment or the economic and social development of a locality, a region or the State; and
- (b) involve a high level of investment, a substantial development period and lease conditions requiring extensive development.

Lease for significant development

129.(1) If an application for a lease under this division is for a significant development, the Minister must obtain an independent assessment of the applicant's financial and managerial capabilities.

(2) The applicant must pay the cost of the assessment.

(3) The cost is not refundable.

(4) The Minister may include in the lease a purchase price, or formula for calculating the purchase price, if the land is converted to freehold land.

Transfer of lease for significant development

130.(1) If a lease issued for a significant development is to be transferred, the Minister may obtain an independent assessment of the transferee's financial and managerial capabilities before considering whether or not the transfer should be approved.

(2) The transferee must pay the cost of the assessment.

(3) The cost is not refundable.

Amalgamation may be a condition

131. A condition of an offer under this division may be that the land being offered must be amalgamated with or tied to other land already owned by the person to whom the land is offered.²⁶

²⁶ A deed of grant amended because of an allocation without competition is issued under section 358. A lease amended because of an allocation without competition is amended under section 360.

Division 3—Availability of additional areas**Granting additional areas**

132.(1) A registered owner or lessee may be granted, without competition, a perpetual or term lease (an “**additional area**”) of unallocated State land for agriculture or grazing if the registered owner or lessee’s land is being used for agriculture or grazing.

(2) Unallocated State land must not be made available as an additional area if the land is more than a living area.

Who is eligible for additional areas

133. A person is eligible for an additional area only if the person—

- (a) has demonstrated a duty of care in the management of their land; and
- (b) is financially capable of fulfilling the conditions of the lease of the additional area; and
- (c) is otherwise qualified under this Act to hold the additional area; and
- (d) needs the additional area for property build-up.

Issues the Minister must consider

134. The Minister must consider the following issues before making an offer of an additional area—

- (a) who is eligible for the additional area;
- (b) the appropriate size of the additional area;
- (c) any special conditions appropriate to the additional area;
- (d) if more than 1 person meets the criteria—the need for a ballot to decide who should be offered the additional area;
- (e) any related issues.

Committee of review to help Minister

135. The Minister may appoint a committee of review to help in making a decision to offer an additional area.

Conditions of offer and lease

136.(1) A condition of an offer of an additional area may be that the additional area must be amalgamated or tied with other land already owned by the person to whom the offer is made.

(2) If a condition of the offer is that the additional area must be tied to freehold land, a condition of the lease for the additional area is that the freehold land must continue to be used for agriculture or grazing.

(3) If there are improvements on the additional area, the Minister may require, as a condition of the offer, that the person must buy the improvements.

(4) If the person accepts the offer, the person must pay the value of the improvements under section 139.

Division 4—Miscellaneous**Right to occupy**

137.(1) If there are improvements the property of the State, or a previous lessee, on land leased or sold under this Act, the incoming lessee or buyer is not entitled to occupy or enter into possession of the land until—

- (a) the lessee or buyer has paid the amount of the value of the improvements; or
- (b) the Minister permits the lessee or buyer to do so.

(2) If there are no improvements, a lessee or buyer from the State is entitled to occupation and possession of the land from—

- (a) if a lease—the day the lease starts, or an earlier day allowed by the Minister; or
- (b) the day the sale is completed.

Default

138.(1) If land has been made available to a person, the person defaults if—

- (a) the appropriate forms are not completed and lodged within the required time; or
- (b) the amount to be paid for the interest in the land and the improvements is not paid within the time stated in the offer and in any written agreement under section 140.

(2) If a person defaults, the deed, lease, licence or permit must not be issued and any amount paid is forfeited.

(3) However, if the Minister is satisfied there was a reasonable excuse for the default, the Minister may refund the amount paid.

Improvements to be bought by incoming lessee or buyer

139.(1) If there are improvements, the property of the State or a previous lessee, on land to be leased or bought under this Act, the value of the improvements must be stated in the offer or in the sale notice.

(2) The value of the improvements is the value on the day the offer was made or the sale notice was published.

(3) The value of the improvements may be—

- (a) not negotiable; or
- (b) negotiable (the “**provisional value**”).

(4) The incoming buyer or lessee must pay the State the value of improvements within the time stated in the offer or the sale notice, whether or not a provisional value is to be negotiated.

Provisional value may be negotiated

140.(1) If a provisional value has been stated in an offer or sale notice, the value may be negotiated (the “**negotiated value**”) between the buyer and previous lessee.

(2) With the written agreement of the buyer and previous lessee, the negotiated value becomes the amount to be paid for the improvements.

(3) Any difference between the provisional value and the negotiated value must be paid or refunded within the time stated in the written agreement.

(4) If the buyer and previous lessee cannot agree on a negotiated value, either party may make application to the Court to decide the value.

(5) In deciding the value, the Court must assess the value of the improvements as their market value in a sale of a lease of the same term and tenure as the lease of the previous lessee.

(6) The value decided by the Court becomes the negotiated value.

Payment of survey fee

141. If a survey of land has been carried out by the State or will be carried out by the State to make or in making the land available, the State may require the buyer to pay the survey fee stated in the offer or sale notice or to pay the actual cost of survey.

PART 2—ELIGIBILITY TO HOLD LAND

Division 1—General eligibility restrictions

Minors not to hold land

142. A person is eligible to apply for, buy or hold land under this Act only if the person is an adult.

Departmental officers not to hold land without approval

143. An officer of the department is not eligible to acquire land under part 1 without the Minister's written approval.

144. This division applies only to—

- (a) perpetual leases issued for grazing or agriculture purposes; and
- (b) grazing homestead perpetual leases; and
- (c) grazing homestead freeholding leases; and
- (d) subleases of leases mentioned in paragraphs (a), (b) and (c).

Only individuals may hold leases

145.(1) Only individuals are eligible to hold a lease to which this division applies.

(2) An individual who is eligible to hold a lease to which this division applies may hold it as joint tenant or tenant in common if all the other joint tenants or tenants in common are also eligible to hold the lease.

Maximum individual holding

146.(1) An individual is not eligible to hold 2 or more leases to which this division applies at the same time if the aggregation would be substantially more than 2 living areas.

(2) However, land given to an individual as a beneficiary under the estate of a deceased lessee is not included in calculating an aggregation under subsection (1).

Calculating holdings

147.(1) The amount of living area held by an individual in a single lease to which this division applies is the total living area of the lease multiplied by the proportion of the interest in the lease held by the individual.

(2) If an individual holds an interest in 2 or more leases to which this division applies, the total number of living areas held by the individual is the aggregate of all amounts of living areas calculated under subsection (1).

- (3) In calculating the total number of living areas held by an individual—
- (a) the trustee of a family arrangement is taken to be the lessee; and
 - (b) each beneficiary of a family arrangement is also taken to be the lessee of a living area in proportion to their interest in the arrangement.

Excess holdings

148. If an individual acquires more land than an individual is permitted to hold under this Act,²⁷ the lease acquired in excess of the eligible holding may be forfeited under this Act.²⁸

Leases may not be held on trust

149.(1) A person must not hold a lease to which this division applies as trustee for another person.

- (2) Subsection (1) does not apply to—
- (a) a family arrangement; and
 - (b) a partnership or corporation consisting of persons who are lessees of the lease and who rank equally to share in the profits of the trust, partnership or corporation in the same proportions as they hold the lease.

Meaning of “family arrangement”

150.(1) An arrangement is a “**family arrangement**” if—

- (a) a person holds land as trustee for another person, partnership or corporation; and
- (b) the other person, partners, shareholders, beneficiaries or potential beneficiaries are only the person, the person’s spouse, their children, their children’s spouses, their grandchildren and like descendants of the person or any of them.

²⁷ See section 146.

²⁸ See chapter 5, part 4.

(2) If under an arrangement a person is the trustee for the children, grandchildren or like descendants of the trustee, the arrangement is a family arrangement only if all the children, grandchildren or like descendants are under 18 when the trust is created.

(3) In addition, an arrangement is a family arrangement only if—

- (a) the Minister has approved a transfer giving effect to the arrangement; and
- (b) the transfer has been lodged for registration in the land registry.

Eligibility not affected by devolution by law

151. A person or trustee (including a corporation) is not ineligible to hold land under this Act if the person or trustee is—

- (a) the trustee or personal representative of a deceased lessee; or
- (b) the trustee of a bankrupt lessee; or
- (c) holding the land for a mentally ill lessee; or
- (d) the Public Trustee under the authority of an Act.

Division does not apply to State

152. This division does not apply to the State or a State instrumentality.

PART 3—LEASES

Division 1—Preliminary

Leases must be used for purpose issued

153.(1) A lease must be used only for the purpose for which it was issued.

(2) A term lease for pastoral purposes must be used only for agricultural

or grazing purposes, or both.

(3) Subsections (1) and (2) are subject to section 154.

Minister may approve additional purposes

154.(1) The Minister may approve an application by a lessee that a lease be used for additional or fewer purposes.

(2) If the application is approved, the lessee must be given written notice of—

- (a) the approval; and
- (b) any change of rental category; and
- (c) whether or not there will be an increase or decrease in the rental for the remainder of the current rental period; and
- (d) if additional rent is payable—the time by which the additional rent must be paid.

(3) An additional purpose must be complementary to, and not interfere with, the purpose for which the lease was originally issued.

Length of term leases

155.(1) A term lease must not be issued for more than 50 years.

(2) However, a term lease may be issued for up to 100 years if it is for—

- (a) a significant development; or
- (b) a timber plantation; or
- (c) a development that involves existing improvements that in the opinion of the Minister have required a high level of investment.

Application of Dividing Fences Act

156.(1) The *Dividing Fences Act 1953* applies to all leases and licences issued under this Act or the repealed Act as if the lessees or licensees were the owners within the meaning of that Act.

(2) To remove any doubt, it is declared that the *Dividing Fences Act 1953*, section 4(3) still applies.

Division 2—Expiry and renewal

Expiry of lease

157.(1) Unless a lease is renewed before it expires, the right of the lessee to possession of the land ends on the day the lease expires.

(2) Subject to chapter 5, part 5 and the conditions of a lease, the improvements on the lease become the property of the State when the lease expires.²⁹

Application to renew lease

158.(1) The lessee of a term lease may apply to renew the lease (a “**renewal application**”) unless a condition of the lease or this Act prohibits its renewal.

(2) A renewal application may be made only after 80% of the existing term of the lease has expired unless, in the Minister’s opinion, special circumstances exist.

(3) A renewal application may be rejected without being considered under section 159 if—

- (a) the applicant has made an earlier renewal application and the application was refused; and
- (b) there is no relevant change in circumstances from the earlier application.

Issues the Minister must consider

159. The Minister must consider the following issues before making a decision to offer to renew a lease—

²⁹ Chapter 5, part 5 is about payments that may be made to outgoing lessees for improvements on a lease.

- (a) the interest of the lessee;
- (b) whether part of the lease should be set apart and declared as State forest under the *Forestry Act 1959*;
- (c) whether the public interest could be adversely affected, other than for an issue mentioned in paragraph (b), if the lease were renewed;
- (d) whether part of the lease is needed for environmental or nature conservation purposes;
- (e) whether a substantial part of the lease is at serious risk from land degradation;
- (f) whether a substantial part of the lease suffers from serious land degradation;
- (g) whether the lessee has complied with, or to what extent the lessee has complied with, the conditions of the lease;
- (h) whether part of the lease has a more appropriate use from a land planning perspective;
- (i) whether part of the lease is on an island or its location, topography, geology, accessibility, heritage importance, aesthetic appeal or like issues make it special;
- (j) whether part of the lease is needed for a public purpose;
- (k) whether part of the lease is needed for property build-up purposes of other properties without reducing the remaining land to less than a living area;
- (l) whether the lease could be subdivided without reducing the remaining land to less than a living area.

Written notice of Minister's decision

160.(1) After considering the renewal application, the Minister must give the applicant written notice offering a new lease or refusing the application.

(2) If the Minister offers a new lease, the notice must state the conditions on which the offer is made and to which the lease will be subject.

(3) If the Minister decides to refuse the renewal application, the Minister

must give the applicant written notice of the reasons for the decision.

(4) The applicant may appeal against the Minister's decision to refuse the renewal application if the only reason for the refusal was that the applicant had not fulfilled the conditions of the lease.

When offer has been accepted

161. An offer has not been accepted until the lessee fulfils the conditions of the offer.

Acceptance of offer

162.(1) If the lessee accepts the offer—

- (a) the lessee must surrender the existing lease before the new lease is issued; and
- (b) the Governor in Council may issue, in priority, to the existing lessee, the offered lease.

(2) The lease must be issued for the same purpose as the existing lease but may be subject to other terms the Governor in Council considers appropriate.

(3) Additional unallocated State land may be included in the new lease, if chapter 4, part 1, division 2 is complied with.³⁰

(4) The new lease is issued subject to all the relevant encumbrances to which the old lease was subject and in the same priorities.

Land not included in the offer

163. If the offer is for only a part of the lease, the land not included in the offer, on surrender of the lease, becomes unallocated State land.

³⁰ Chapter 4, part 1, division 2 is about interests available in land without competition.

Short term extension

164. If it appears a lease would expire before a renewal application is finalised, the Minister may extend the term of the lease for periods of no longer than 1 year, until the application is finalised.

Division 3—Conversion of tenure**Application of division**

165. This division does not apply—

- (a) to a lease over a reserve; and
- (b) to a licence or permit; and
- (c) if the conditions of a lease or the conditions of a class of lease or this Act do not allow an application for conversion to be made or a particular type of conversion to be made.

Application to convert lease

166.(1) A lessee may apply to convert (the “**conversion application**”)—

- (a) a perpetual lease to freehold land; and
- (b) a term lease to a perpetual lease or to freehold land.

(2) The lessee of a term lease issued for pastoral purposes may only apply to convert the lease—

- (a) to a perpetual lease; and
- (b) after 80% of the existing term on the lease has expired, unless in the Minister’s opinion, special circumstances exist.

(3) A conversion application may be rejected without consideration under section 167 if—

- (a) the applicant has made an earlier conversion application and the application was refused; and
- (b) there is no relevant change in circumstances from the earlier application.

Issues the Minister must consider

167.(1) The Minister must consider the following issues before making a decision to offer to convert a lease—

- (a) whether part of the lease needs to be set apart and declared as State forest under the *Forestry Act 1959*;
- (b) whether part of the lease is better suited for long-term forest management for the production of indigenous timbers of commercial value than for all other forms of primary production;
- (c) whether the public interest could be adversely affected, other than about an issue mentioned in paragraph (a) or (b), if the lease were converted;
- (d) whether part of the lease is needed for environmental or nature conservation purposes;
- (e) whether a substantial part of the lease is at serious risk from land degradation;
- (f) whether a substantial part of the lease suffers from serious land degradation;
- (g) whether the lessee has complied with, or to what extent the lessee has complied with, the conditions of the lease;
- (h) whether part of the lease has a more appropriate use from a land planning perspective;
- (i) whether part of the lease is on an island or its location, topography, geology, accessibility, heritage importance, aesthetic appeal or like issues make it special;
- (j) whether part of the lease is needed for a public purpose;
- (k) whether part of the lease is needed for property build-up purposes of other properties without reducing the remaining land to less than a living area;
- (l) whether part of the lease could be subdivided without reducing the remaining land to less than a living area;
- (m) if the lease is used for residential or industrial purposes—the most appropriate tenure for the land.

(2) Subsection (1) does not apply if the conversion application relates to a lease for development purposes and the lease states that conversion of the lease will be considered on fulfilment of the conditions stated in the lease.

Written notice of Minister's decision

168.(1) After considering the conversion application, the Minister must give the applicant written notice—

- (a) offering a new lease or deed of grant; or
- (b) refusing the application.

(2) If the Minister offers a new lease or a deed of grant, the notice must state the conditions on which the offer is made.

(3) If the offer is for a lease, the offer must state the conditions to which the lease will be subject.

(4) The offer may be for a smaller size area of land or a different tenure to that applied for.

(5) If the Minister decides to refuse the conversion application, the Minister must give the applicant written notice of the reasons for the decision.

(6) The applicant may appeal against the Minister's decision to refuse the conversion application if the only reason for the refusal was that the applicant had not fulfilled the conditions of the lease.

Conditions of freehold offer

169. If an offer is for a deed of grant, including a freeholding lease, the offer may include 1 or both of the following conditions—

- (a) that the lessee enter into a conservation agreement under the *Nature Conservation Act 1992*;
- (b) that either—
 - (i) the lessee enter into an agreement with the Minister administering the *Forestry Act 1959* regarding commercial timber on the land; or

- (ii) the deed of grant or freeholding lease includes a forest entitlement area.

Purchase price if deed of grant offered

170.(1) Unless a price or formula has already been stated in the lease to be converted, the Minister decides the purchase price for the conversion of a lease to a deed of grant.

(2) The lessee may appeal against the Minister's decision on the purchase price.

(3) The purchase price is an amount equal to the total of—

- (a) the unimproved value of the land being offered, as if it were fee simple; and
- (b) the market value of any commercial timber that is the property of the State on the land.

(4) The unimproved value of the land is calculated at the day the Minister receives the conversion application.

(5) The market value of the commercial timber is calculated at—

- (a) if the value is not appealed—the day the conversion application was received; or
- (b) if the value is appealed—the day the appeal is decided.

When offer has been accepted

171. An offer has not been accepted until the lessee fulfils the conditions of the offer.

Acceptance of offer

172.(1) If the lessee accepts the offer—

- (a) the lessee must surrender the existing lease before the new tenure is issued; and
- (b) the Governor in Council may issue, in priority, to the existing lessee, the offered tenure.

(2) If the new tenure is a lease, the lease must be issued for the same purpose as the existing lease and is subject to the terms the Governor in Council considers appropriate.

(3) Additional unallocated State land may be included in the new tenure, if chapter 4, part 1, division 2 is complied with.³¹

(4) The new tenure is issued subject to all the relevant encumbrances to which the old lease was subject and in the same priorities.

Land not included in the offer

173. If the offer is for only a part of the lease, the land not included in the offer, on surrender of the lease, becomes unallocated State land.

Freeholded lease may not be transferred without approval

174.(1) If a perpetual lease for agricultural or grazing purposes is converted to a deed of grant, the deed of grant is issued subject to a covenant prohibiting the transfer of the land to a corporation, without the Governor in Council's approval.

(2) Subsection (1) applies only if the area of the deed is more than 2 500 ha.

(3) The registrar of titles may register the transfer of the land to a corporation only if the Governor in Council has approved the transfer.

(4) The registered owner of a deed of grant mentioned in subsection (1) may apply for the removal of the covenant from the land.

(5) The chief executive must give the applicant written notice of the Governor in Council's decision about the removal of the covenant.

Forest entitlement areas

175.(1) Subject to the terms of the reservation for a forest entitlement area, the lessee or registered owner may use and occupy the forest

³¹ Chapter 4, part 1, division 2 is about interests available in land without competition.

entitlement area.³²

(2) If the forest entitlement area is no longer needed by the State the lessee or registered owner may buy the forest entitlement area under sections 24 and 25.³³

(3) If the lessee or registered owner buys the forest entitlement area, the lessee or registered owner must also pay the value of the commercial timber on the forest entitlement area.

(4) When a payment, as a first instalment or in full, is made for the forest entitlement area and the value of the commercial timber—

- (a) the reservation is discharged and the area ceases to be a forest entitlement area; and
- (b) the commercial timber become the property of the person for whose benefit the reservation is discharged.

(5) If the lessee or registered owner does not want to buy the forest entitlement area, possession of the forest entitlement area may be resumed, subject to section 176, under section 24.³⁴

Effect of resumption of forest entitlement area

176. If a forest entitlement area is resumed under section 24, the reservation is discharged and compensation is payable only for³⁵—

- (a) improvements existing on the forest entitlement area before the reservation was made; and
- (b) if building of improvements on the forest entitlement area were authorised by the Minister and the authorisation has not specifically excluded the payment of compensation—the improvements authorised.

³² Forest entitlement areas are managed by the Primary Industries Corporation under the *Forestry Act 1959* (see sections 39A, 39B and 39C).

³³ Section 24 is about the disposal of reservations no longer needed and section 25 is about the disposal of reservations by sale.

³⁴ Section 176 is about the effect of resumptions on forest entitlement areas and section 24 is about resuming reservations no longer needed.

³⁵ Section 24 is about resuming reservations no longer needed.

PART 4—PERMITS

Chief executive may issue permit

177.(1) The chief executive may issue a permit to occupy unallocated State land, a reserve or a road.

(2) The permit may be issued for the purpose, and on the terms, the chief executive decides are appropriate to the land and the purpose of the permit.

(3) If there is a trustee of the reserve, the chief executive must consult the trustee before the permit is issued.

(4) If the purpose of the permit is inconsistent with the purpose of the reserve, no improvements, other than boundary fences, are to be built by the permittee.

(5) A permit may not be transferred, sublet or mortgaged.

Permits below high-water mark

178. A permit below high-water mark may be issued only if—

- (a) it would not unduly affect safe navigation and sound development of the State's waterways and ports; and
- (b) its impact on marine infrastructure has been considered; and
- (c) it would not have a detrimental effect on coastal management; and
- (d) it would not be inconsistent with the intent of any relevant State management plan.

Fencing

179.(1) If an existing fence of a property not owned by an applicant for a permit is to be used as a boundary fence for the permit, a written agreement on conditions about the maintenance of the fence must be given to the chief executive before the permit is issued.

(2) The agreement must be signed by the owner of the fence and the applicant for the permit.

Cancellation or surrender of permit

180.(1) The chief executive may cancel a permit after giving the permittee reasonable written notice.

(2) No compensation is payable for the cancellation of a permit.

(3) A permittee may surrender a permit with the chief executive's written approval.

(4) If a permit is surrendered or cancelled, the ownership of any improvements become the property of the State and no compensation is payable.

(5) However, the chief executive may allow the permittee to remove any improvements within a time stated in the cancellation notice.

CHAPTER 5—MATTERS AFFECTING LAND HOLDINGS

PART 1—RENTS

Division 1—Rents

Rent periods

181.(1) The rental periods for leases, licences and permits are annual.

(2) Each rental period starts on 1 July.

(3) However—

(a) if a lease, licence or permit starts in a rental period—the first rental period for the lease, licence or permit is from the start of the lease, licence or permit until the next 30 June; and

(b) if a lease, licence or permit ends in a rental period—the last rental period for the lease, licence or permit is from 1 July before the

lease, licence or permit ends until the lease, licence or permit ends.

Rent categories

182.(1) The categories into which a lease, licence or permit may be allocated for rent assessment are the categories prescribed under the regulations.

(2) A lessee, licensee or permittee must be given written notice of the reason for the inclusion of the lease, licence or permit in a particular category.

(3) A lessee, licensee or permittee may appeal against the inclusion of the lease, licence or permit in a particular category.

Rent payable generally

183.(1) The rent for a lease, licence or permit is the amount calculated by multiplying the amount of the most recently made valuation for rental purposes by the rate prescribed under the regulations.

(2) Subsection (1) does not apply to—

- (a) a freeholding lease; or
- (b) a lease, licence or permit for which the rent is set under section 183A.

(3) The rate may be a single rate applying to all leases, licences or permits, or a series of rates applying to different categories of leases, licences or permits prescribed under the regulations.

(4) The rent for a lease, licence or permit—

- (a) must not be less than the minimum prescribed under the regulations; and
- (b) must be calculated in whole dollars.

Rent payable in special cases

183A.(1) If the Minister considers the rent for a lease, licence or permit calculated using the most recently made valuation for rental purposes would

result in an undue increase in the rent for a rental period, the Minister may set the rent at an amount equal to the rent for the previous rental period.

(2) The Minister may set the rent under subsection (1) based on—

- (a) the category of the lease, licence or permit; or
- (b) the local government area in which the land covered by the lease, licence or permit is situated; or
- (c) the class of land use of the land covered by the lease, licence or permit; or
- (d) a combination of all or any of the matters mentioned in paragraphs (a) to (c).

(3) The Minister may also set the rent (a “**set rent**”) for the following—

- (a) a term lease for a significant development;
- (b) a licence or permit for which a valuation for rental purposes has not been made;
- (c) a lease, licence or permit given or issued to the State or a government owned corporation.

Rent adjustments

184.(1) If an application to change the purpose for which a lease, licence or permit is used is approved and the approval results in a change of rental category, the change in rental takes place from the first quarter day after the change is approved.

(2) If a new valuation for rental purposes is made in a rental period because of an action under this Act, the change in rental takes place from the first quarter day after the action was taken.

(3) If a valuation for rental purposes for a rental period is amended on appeal or objection under the *Valuation of Land Act 1944*, the rent payable for the rental period must be amended.

(4) Interest, at the rate prescribed under the regulations, on rent overpaid for the rental period because of an amendment under subsection (3) must be paid from the day the rent was paid to the day the overpayment is refunded.

(5) If on appeal, a lease, licence or permit is allocated to a new category,

the overpaid rent must be credited to the lessee, licensee or permittee, together with interest at the rate prescribed under the regulations, on the amount credited from the time of payment until the appeal is decided.

(6) If a lease, licence or permit has a set rent, and the area of land in the lease, licence or permit is changed, the rent must be adjusted—

- (a) in accordance with the offer or the conditions of approval; or
- (b) if a rent adjustment was not stated in the offer or approval—proportionally.

(7) If the rent for a lease, license or permit is adjusted and the adjustment is—

- (a) greater than the amount prescribed under the regulations—it must be paid to the department or credited to the lessee, licensee or permittee; or
- (b) less than the amount prescribed under the regulations—it must be credited or debited to the account of the lessee, licensee or permittee.

Division 2—Concessional rents

Development concessions

185.(1) If the Minister considers a lease needs investigation and development work by a lessee, the Minister may fix an annual rent, instead of the rent normally applying to a lease, while the lease is being investigated and developed.

(2) Subsection (1) may only apply for the first 5 years of a lease.

(3) This section does not apply to a lease if the lease has a set rent.

Charitable, recreational and sporting concessions

186.(1) The Minister may set a rent less than the rent normally applying to a lease, if the lessee is a charitable, sporting or recreational organisation.

(2) The Minister must not set a rent less than the minimum rent prescribed under the regulations.

Residential hardship concessions

187.(1) The Minister may reduce a rent to less than the rent normally applying to a lease, if—

- (a) the lease is used exclusively for the lessee's own residential use; and
- (b) the lessee is suffering hardship and meets the criteria prescribed under the regulations.

(2) If the Minister considers the financial circumstances of the lessee have changed to the extent that a concession should be amended or cancelled, the Minister may, for future rental periods, amend or cancel the amount of the concession.

(3) If a lease is transferred, a concession applying to the lease does not apply from the day of the transfer.

Property build-up concession

188. The Minister must set a rate for a lease that is at least the lowest rate prescribed under the regulations for the category of the lease if the lessee—

- (a) takes part in a property build-up scheme approved by the chief executive; and
- (b) would be disadvantaged by increased rent by taking part; and
- (c) applies for the concession.

Levelling concessions

189.(1) The Minister may calculate the rent using an average valuation, if the Minister considers the rent calculated using the most recently made valuation for rental purposes would result in an undue increase in the rent for a rental period—

- (a) on a category of lease or on a licence; or
- (b) on a class of land use within a category of a lease, licence or permit.

(2) In subsection (1)—

“**average valuation**” means the amount calculated by averaging the most recently made valuation for rental purposes with the valuation for rental purposes for the previous 2 years.

Division 3—Rent and instalment payments

When rent is owing

190.(1) All rent and instalments must be paid by the times and at the places prescribed under the regulations.

(2) Subsection (1) applies even if a lessee, licensee or permittee has objected to or appealed against a—

- (a) valuation for rental purposes of the lease, licence or permit; or
- (b) categorisation of the lease, licence or permit.

(3) Even if a lessee, licensee or permittee has made an application for a matter under this Act, the lessee, licensee or permittee must still pay rent and instalments when they are owing.

Overpayment of rent

191.(1) If a lessee, licensee or permittee overpays rent or instalments, and the excess rent or instalments is—

- (a) greater than the amount prescribed under the regulations—it must be refunded to the lessee, licensee or permittee; or
- (b) less than the amount prescribed under the regulations—it must be credited to the account of the lessee, licensee or permittee.

(2) To remove any doubt, it is declared that interest is payable on overpaid rent or instalments only if the overpayment is because of—

- (a) a change in valuation on objection or appeal under the *Valuation of Land Act 1944*; or
- (b) a change of category of a lease, licence or permit because of an appeal.

Deferral of rent and instalment payments for hardship

192.(1) The Minister may defer the payment of rent or instalments for a lease or licence if—

- (a) the Minister considers the lessee or licensee is suffering hardship because of—
 - (i) the effects of drought, flood, fire, disaster; or
 - (ii) economic recession; or
 - (iii) a severe downturn in the level of markets related to the purpose of the lease; and
- (b) the lessee or licensee applies for a deferral.

(2) The Minister may defer payment only if the lessee or licensee gives the Minister the returns and financial statements the Minister asks for to help in assessing the application.

(3) If the Minister approves an application, the Minister must state—

- (a) the time (or extended time) for which the deferral applies; and
- (b) the terms of repayment of the deferred rent or instalments.

(4) Interest (the “**deferred interest**”) is payable on deferred rent and instalments, other than deferred rent forgiven by the Governor in Council, at the rate prescribed under the regulations.³⁶

(5) However, if rent is or instalments are deferred, interest for late payment (the “**penalty interest**”) does not apply for the period of the deferral.

Forgiveness of deferred rent payments

193. The Governor in Council may forgive all or part of the deferred rent and any deferred interest payable on the deferred rent.

Change of circumstances

194.(1) If the Minister considers the financial circumstances of a lessee

³⁶ Section 193 deals with the forgiveness of deferred rent payments.

who has been granted a deferral of rent or instalment payments for hardship have changed to the extent that the deferral of payment of rent or instalments should no longer apply, the Minister may revoke the deferral for future rental periods or instalment payments.

(2) If a lease or licence is transferred, a deferral of rent or instalments applying to the lease or licence ceases to apply from the day of the settlement of the transfer.

(3) It is a condition of the approval to a transfer mentioned in subsection (2) that the deferred rent or instalments and deferred interest owing on the deferred rent or instalments must be paid to the State at settlement.

Division 4—Action for non-payment of rent and instalments

Penalty interest on outstanding rent and instalments

195.(1) If a lessee, licensee or permittee does not pay the rent or instalment within the time prescribed under the regulations, the lessee, licensee or permittee must pay, as well as the rent or instalment, penalty interest on the rent or instalment outstanding at the rate prescribed under the regulations until the day the rent or instalment is paid.

(2) The Minister may extend the time for the payment of rent or instalment.

(3) However, penalty interest still runs from the time payment was owing under the regulations.

(4) Penalty interest is not payable on the rent or instalment outstanding if the lessee, licensee or permittee had a reasonable excuse for not paying the rent or instalment.

Minister may take action for non-payment

196. If a lessee, licensee or permittee does not pay the rent, instalments, penalty interest or deferred interest within the time prescribed under the regulations, or the extended time allowed by the Minister, the Minister may—

- (a) take action in a court of competent jurisdiction to recover the rent or instalments and penalty interest owing; or
- (b) forfeit the lease under chapter 5, part 4; or³⁷
- (c) cancel the licence or permit.

Notice of intention to cancel

197.(1) The Minister must give notice to the lessee, licensee or permittee of the Minister's intention to take action to recover the rent, instalments, penalty interest or deferred interest or to cancel the licence or permit.³⁸

(2) The notice must state a reasonable time in which the Minister will not take action if the rent, instalments, penalty interest or deferred interest are paid.

(3) The notice must state the amount of rent, instalments and deferred interest payable by the lessee, licensee or permittee and the amount of penalty interest accruing each day.

(4) The time must not be less than 28 days from the day of the notice.

Minister may reinstate if payment made

198. If a licence or permit has been cancelled because the rent, penalty interest or deferred interest was not paid, the Minister may reinstate the licence or permit if—

- (a) the licensee or permittee makes payment of all amounts outstanding; and
- (b) the Minister is satisfied the licensee or permittee had a reasonable excuse for not complying with the payment requirements.

³⁷ Chapter 5, part 4 is about forfeiture.

³⁸ Notice of intention to forfeit a lease is dealt with in chapter 5, part 4.

PART 2—CONDITIONS

Division 1—General conditions

Duty of care condition

199. All leases, licences and permits are subject to the condition that the lessee has the responsibility for a duty of care for the land.

Noxious plants condition

200.(1) All leases, licences and permits are subject to the condition that the lessee, licensee or permittee must keep noxious plants on the land under control.

(2) If a person does not comply with subsection (1), the Minister may bring the noxious plants under control.

(3) The Minister's cost of bringing the noxious plants under control is a debt owing to the State and may be recovered from the person in a court of competent jurisdiction.

(3) If the person is able to demonstrate a good reason for not fulfilling a survey condition within the time stated, the Minister may extend the time.

Another person may complete personal residence condition

Performance security condition

209.(1) A lease, licence and permit may include a condition that the lessee, licensee or permittee give performance security for failure to comply with conditions under the lease, licence or permit.

(4) This section applies only to leases issued on or after the commencement.

(2) The lessee must be given written notice of the decision and the reasons for the decision.

(3) The lessee may appeal against the decision if the lessee considers the change is not necessary to protect or help the sustainability of the land.

Land protection

214.(1) The Minister may give a lessee or licensee a written notice (a “**remedial action notice**”) to take remedial action, within a reasonable time, to protect a lease or licence if the Minister is of the opinion the lessee or licensee is using the lease or licence—

(3) The lessee or licensee must return the tenure document to the land registry for details of the remedial action notice to be recorded on the lease or licence and in the appropriate register.

(4) The lessee or licensee may appeal against the action to be taken under a remedial action notice if the lessee or licensee considers the action is not necessary to protect the land.

(6) No fee is payable for recording or removing a remedial action notice from a register.

³⁹ See division 2.

- (b) the resumption of possession of part of a lease subject to a reservation.⁴⁰

Resumption of lease

216.(1) A lease or part of a lease may be resumed by order in council.

(2) If an easement over a lease is adequate for a purpose, an order in council may take an easement over the lease instead of resuming the lease.

(3) The taking of an easement is a resumption under this division.

(4) An order in council under this part is not subordinate legislation.

Resumption of an easement

217.(1) An easement over unallocated State land or a reserve may be cancelled by order in council.

(2) The cancellation of an easement is a resumption under this division.

(2) If a miners homestead is transferred while it is the subject of a current miners homestead application, the application continues and is taken to have been made by the transferee.

(3) A current miners homestead application ceases to be a current miners homestead application on the day it is rejected, or on the day the offer lapses.

Refusal or lapsing of current miners homestead application

497.(1) If a current miners homestead application is refused on or after 1 January 1995, it is taken that no current miners homestead application was made and section 499 applies from the day of the refusal.

- (f) trees and quarry materials continue to belong to the lessee;
- (g) arrears of rent on a miners homestead become arrears of rent on the lease.

Application of pre-paid rent

(2) However, if a mining titles freeholding lease would have issued under the repealed miners homestead Acts a pre-Wolfe freeholding lease is to be issued instead.

Lapse of offer

503F.(1) An offer to convert the lease to freehold is valid for 3 months.

(2) An offer must be accepted in writing.

(3) If an offer is not accepted or rejected in writing within the stated time, the offer lapses.

excess of the amount that would have been payable if the lease had remained a miners homestead; and

(2) The port authority and the State must take all necessary action to fulfil the changes approved in the order in council.

(3) All interests over the land at the time of the surrender continue until the interest ends and are not affected by the change of tenure, even though the interests may not be interests that would be granted or issued under this Act.
