Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

Revised edition indicates further material has affected existing material. For example—

- (a) immediately before an approved development scheme started applying to the land there was an authorised use, alternative lawful use or approved use for the land; and
- (b) after the approved development scheme started applying to the land, using the land for the authorised use, alternative lawful use or approved use would be an offence under section 84; and
- (c) the application of the approved development scheme to the land reduces the value of the interest; and

- (b) any benefit accruing to the land from the approved development scheme coming into effect, including but not limited to the likelihood of improved amenity in the locality of the land;

(2) Despite subsection (1), if land for which compensation is claimed has, since the day the approved development scheme came into effect, become or ceased to be separate from other land, the amount of reasonable compensation must not be increased because the land has become, or ceased to be, separate from other land.

(3) In this section—

“difference between the market values” means the difference between the market value of the interest in land immediately before the approved development scheme came into effect and the market value of the interest immediately after the approved development scheme came into effect.

*State Development and Public Works Organisation

- (e) a purpose of rural or urban development recommended by the Coordinator-General and approved by the Governor in Council;
- (f) an infrastructure facility that is—
 - (i) of significance, particularly economically or socially, to Australia, Queensland or the region in which the facility is to be constructed; and
 - (ii) approved by the Governor in Council, by gazette notice, as having that significance.

(2) In considering whether the infrastructure facility mentioned in subsection (1)(f) would be of economic or social significance, the potential for the facility to contribute to community wellbeing and economic growth or employment levels must be taken into account.

(3) In assessing the potential mentioned in subsection (2), the contribution the infrastructure facility makes to agricultural, industrial, resource or technological development in Australia, Queensland or the region is a relevant consideration.

(4) Subsection (1)(f) applies even if the taking of land by the Coordinator-General is for conferring rights or interests in the land taken on a person other than the State.

(5) If the proposed taking of land by the Coordinator-General is for conferring rights or interests in the land to be taken on a person other than the State—

- (a) the Coordinator-General must—
 - (i) prepare a statement giving reasons why the infrastructure facility was approved under subsection (1)(f); and
 - (ii) publish a copy of the statement in the gazette; and

(8) The power to take land under this section for a purpose (the “**primary purpose**”) includes power to take at any time land either for the primary purpose or for any purpose incidental to the carrying out of the primary purpose.

(9) As well as land granted in fee simple, the Coordinator-General may take land that is held from the Crown for an estate or interest less than fee simple for any of the purposes stated in subsection (1).

(10) Land referred to in subsection (9) shall, if vested in the Coordinator-General, an instrumentality representing the Crown, a local body, or other person by the proclamation whereby it is taken, be vested in him, her or it for an estate in fee simple.

(11) The Governor in Council is hereby authorised to grant in fee simple and so vest the land subject to such reservations and conditions as are authorised or required by the *Land Act 1994*.

(12) The process stated in the *Acquisition of Land Act 1967* for the taking of land granted in fee simple and the payment of compensation for the land taken applies to all land taken under subsection (9) as if the taking were a taking of land held in fee simple under that Act by a constructing authority.

(13) The *Acquisition of Land Act 1967* shall be read with and subject to all such modifications and adaptations as are necessary to give operation and effect to subsections (7) to (12) including by reading a reference therein to the registrar of titles as a reference to the person or authority charged with registering instruments evidencing the title to the estate or interest in the land in question held from the Crown.

(14) To remove any doubt, it is declared that the taking of land under this section is not a taking of land under the *Acquisition of Land Act 1967*, even though the process to be used for the taking of the land and for the payment of compensation for the land taken is the process stated in that Act.

- (b) the guidelines made for section 174 have been followed; and
- (c) if the land being taken contains native title—reasonable steps have been taken to enter into an indigenous land use agreement that provides for the non-extinguishment principle to apply to the taking of the land.

127 Relationship with native title legislation

(1) For the taking of land under section 125(9) and the payment of compensation for the land taken—

- (b) if the *Native Title (Queensland) Act 1993* or the *Native Title Act 1993* (Cwlth) states a process in relation to the taking or payment that is in addition to the process stated in the *Acquisition of Land Act 1967*, the additional process also applies to the taking or payment; and
- (c) the Land and Resources Tribunal is the independent body for the *Native Title Act 1993* (Cwlth), section 24MD(6B).

(2) An amount payable on account of such costs or compensation that is not paid to the Coordinator-General within 3 months after it becomes payable or after the amount of such costs or compensation is established (whichever last occurs) may be recovered by the Coordinator-General in a court of competent jurisdiction as a debt due and payable to the Coordinator-General by the person, instrumentality or local body by whom it is payable.

131 Power of Governor in Council to alienate land to Coordinator-General

The power conferred on the Governor in Council by the *Land Act 1994* to grant in fee simple, or demise for a term of years or in perpetuity any Crown land within Queensland includes power to make such a grant or demise to the Coordinator-General of such land pursuant to agreement between the Coordinator-General and the Governor in Council who is hereby there unto authorised.
