- (b) must be accompanied by the appropriate application fee fixed by regulation.

(2) An applicant for a licence must at the request of the authority provide any further information or evidence that the authority may require to decide the application.

(3) In deciding whether to give a licence, the authority may make inquiries and investigations that are reasonable and appropriate in the circumstances, including for example by—

- (a) seeking confirmation about the experience of applicants through site inspections and referee checks; and
- (b) carrying out checks with the Australian Securities and Investment Commission, bankruptcy registers and credit bureaus.

34 Grant of licence

(1) If the authority is satisfied, on an application under this division, that the applicant is entitled to a licence, the authority must issue a licence of the appropriate class.

(2) A contractor's licence is to be in the form of a card stating—

Division 4—Conditions of licence

35 Imposition of conditions etc. on grant of licence

(1) A licence may be granted subject to such conditions as the authority considers appropriate.

36 Subsequent imposition of conditions etc.

(1) If the authority has reason to believe—

- (a) that a licensee may have insufficient financial resources to meet possible liabilities in relation to building work; or
- (b) that there is some other proper ground for imposing a condition on the licence;

the authority may notify the licensee of the proposed condition and invite the licensee, within a period specified in the notice, to make written representations on the proposal.

(2) After considering the written representations (if any) made by the licensee, the authority, if satisfied that the condition is appropriate, may, by notice to the licensee, impose the condition.

(3) A condition may be imposed preventing the licensee from continuing to carry on business until the licensee has lodged with the authority appropriate security against possible liabilities in relation to building work.

38A Receipt of fee does not revive licence

(1) This section applies if, despite the cancellation or suspension of a licence under this Act, other than a suspension under section 38(1), the authority accepts the payment of an amount purporting to be the licence fee for the licence.

(2) The licence does not stop being cancelled or suspended merely because of the authority's acceptance of the payment.

(3) Subsection (2) applies whether or not the authority gives a receipt for the payment.

(2) If the land is owned jointly or in common by 2 or more persons, the application must be made jointly by all of them.

(3) The regulations may require that an applicant for a permit to carry out building work of a particular class, or if there are 2 or more joint applicants, at least 1 of them, must have completed a specified course of instruction.

3 Now see schedule 2 (Dictionary).

46 Notification on certificate of title

(1) If a permit is issued under this division, the authority must notify the registrar of titles of the granting of the permit.

(2) If the authority becomes aware that building work has been carried out, and that a permit should have been, but was not, obtained under section 44 for carrying out the building work, the authority must notify the registrar of titles of the carrying out of the building work without a permit.

(3) On receiving a notification under this section, the registrar of titles must enter the notification in the file attached to the register and it may not be removed except under this section.

the vendor must, before the contract of sale is signed by the purchaser, give the prospective purchaser a notice containing details of the building work and a warning in the form required by regulation.

(2) If a notice is not given as required by this section, the vendor will be taken to have given the purchaser a contractual warranty (which operates to the exclusion of any inconsistent provision of the contract of sale) that the building work was properly carried out.

Division 9—Cancellation, suspension or surrender of licence**48 Cancellation or suspension of licence**

The authority may suspend or cancel a licence if—

- (a) the licence was obtained on the basis of incorrect information supplied to the authority, whether or not fraud was intended; or

- (i) the licensee owes an amount to the authority and fails to comply with a demand by the authority to discharge the debt; or
- (j) the authority becomes aware of the existence of facts that, having regard to section 31(1)(a)—
 - (i) would allow the authority to refuse to issue the licence if it were now being applied for by the licensee; or
 - (ii) would have allowed the authority to refuse to issue the licence originally.

49 Procedure for cancellation or suspension

(1) The authority must, before cancelling or suspending a licence, give the licensee notice of its reasons for the proposed cancellation or suspension and allow the licensee 21 days from service of the notice to make written representations on the matter.

(2) The authority must consider any written representations made within the time allowed under subsection (1) before imposing the cancellation or suspension.

(3) A cancellation or suspension is imposed by written notice to the licensee.

49A Immediate suspension of licence

- (a) other licensees;
- (b) the employees of other licensees;
- (c) consumers;
- (d) suppliers of building materials or services.

(2) The suspension under subsection (1) is imposed by written notice given to the licensee that also—

 - (ii) that the licensee may make written representations for a lifting of the suspension; and
 - (iii) that the licensee may apply to the tribunal for a review of the authority's decision to immediately suspend the licence; and
- (b) briefly explains how the suspension could lapse under subsection (3).

(3) The suspension under subsection (1) lapses if—

- (a) the authority does not, within 10 days after the licensee is given notice of the suspension, give the licensee notice under section 49(1) of the authority's reasons for a proposed

cancellation or suspension of the licence under section 48 (a **“section 49 notice”**); or

(b) the authority, within 10 days after the licensee is given notice of the suspension, gives the licensee a section 49 notice, but the licence is not suspended or cancelled under section 48 within 3 months, or a longer period decided under subsections (4) and (5), after the section 49 notice is given; or

(c) the authority suspends or cancels the licence under section 48.

(4) The authority may extend the period of 3 months mentioned in subsection (3)(b), but only if it appears to the authority that, in the circumstances, it is in the interests of the licensee to do so.

(5) The period may be extended more than once, but whenever it is extended, it must not be extended for more than 1 month.

56AB Operation of pt 3A

This part has effect despite anything in part 3.

56AC Excluded individuals and excluded companies

(1) This section applies to an individual if—

Queensland Building Services Authority Act 1991

- (a) after the commencement of this section, the individual takes advantage of the laws of bankruptcy or becomes bankrupt (“**relevant bankruptcy event**”); and
- (b) 5 years have not elapsed since the relevant bankruptcy event happened.

(2) This section also applies to an individual if—

- (a) after the commencement of this section, a company, for the benefit of a creditor—
 - (i) has a provisional liquidator, liquidator, administrator or controller appointed; or
 - (ii) is wound up, or is ordered to be wound up; and
- (b) 5 years have not elapsed since the event mentioned in paragraph (a)(i) or (ii) (“**relevant company event**”) happened; and
- (c) the individual—
 - (i) was, when the relevant company event happened, a director or secretary of, or an influential person for, the company; or
 - (ii) was, at any time after the commencement of this section and within the period of 1 year immediately before the relevant company event happened, a director or secretary of, or an influential person for, the company.

(3) If this section applies to an individual because of subsection (1), the individual is an “**excluded individual**” for the relevant bankruptcy event.

(4) If this section applies to an individual because of subsection (2), the individual is an “**excluded individual**” for the relevant company event.

(5) An excluded individual for a relevant bankruptcy event (the “**first event**”) does not also become an excluded individual for another relevant bankruptcy event (the “**other event**”) if the first event and the other event are both consequences flowing from what is, in substance, the one set of circumstances applying to the individual.

(6) An excluded individual for a relevant company event (the “**first event**”) does not also become an excluded individual for another relevant company event (the “**other event**”) if the first event and the other event are both consequences flowing from what is, in substance, the one set of circumstances applying to the company.

(7) A company is an “**excluded company**” if an individual who is a director or secretary of, or an influential person for, the company is an excluded individual for a relevant event.

Division 2—Categorisation as permitted individual

56AD Becoming a permitted individual

(1) An individual may apply to the authority to be categorised as a permitted individual for a relevant event if the individual has been advised by the authority, or has otherwise been made aware, that the authority considers the individual to be an excluded individual for the relevant event.

(2) However, if as a result of the application the individual is not categorised as a permitted individual for the relevant event, the individual may not, while the individual is an excluded individual for the relevant event, again apply to be categorised as a permitted individual for the relevant event.

(3) If the individual applies, the application must include the reasons why the authority should categorise the individual as a permitted individual for the relevant event.

(4) If the individual is a director or secretary of, or influential person for, a company that is a licensee, the company is taken to be a party to the application, and may make submissions to the authority about the application.

(5) The authority must give its decision on the categorisation within 28 days, or a longer period agreed between the individual and the authority.

(6) If the authority does not give its decision within the time required under subsection (5), the authority is taken, for section 98,⁴ to have refused to categorise the individual as a permitted individual for the relevant event.

(7) Nothing in subsection (6) stops the authority, after the time required under subsection (5) has elapsed, from confirming the authority’s refusal to categorise the individual as a permitted individual for the relevant event.

(8) The authority may categorise the individual as a permitted individual for the relevant event only if the authority is satisfied, on the basis of the application, that the individual took all reasonable steps to avoid the

4 Section 98 (Reviewable decisions)

coming into existence of the circumstances that resulted in the happening of the relevant event.

(9) If an individual is categorised as a permitted individual for a relevant event, the individual is taken not to be an excluded individual for the relevant event.

Division 3—Licence exclusion and cancellation

56AE Exclusion from contractor's licence

The authority must not grant a person a contractor's licence if the person is—

- (a) an excluded individual for a relevant event; or
- (b) an excluded company.

56AF Procedure if licensee is excluded individual

(1) This section applies if the authority considers that an individual who is a licensee is an excluded individual for a relevant event.

(2) The authority must give the individual a written notice identifying the relevant event and stating the following—

- (a) why the authority considers the individual is an excluded individual for the relevant event;
- (b) the individual may apply to the authority to be categorised as a permitted individual for the relevant event if the individual has not already done so;
- (c) the authority must cancel the licence if—
 - (i) the individual has not already applied to be categorised as a permitted individual for the relevant event, and the individual does not apply for the categorisation within 28 days after the authority gives the individual the written notice; or
 - (ii) both of the following apply—
 - (A) the individual has already applied to be categorised as a permitted individual for the relevant event, or the

Queensland Building Services Authority Act 1991

individual applies for the categorisation within the 28 days mentioned in the subparagraph (i);

(B) the authority refuses the application.

(3) The authority must cancel the individual's licence by written notice given to the individual if—

- (a) the individual has not already applied to be categorised as a permitted individual for the relevant event, and the individual does not apply for the categorisation within 28 days after the authority gives the individual the written notice under subsection (2); or
- (b) the individual has already applied to be categorised as a permitted individual for the relevant event, or the individual applies for the categorisation within the 28 days mentioned in paragraph (a), but—
 - (i) the authority refuses the application; and
 - (ii) either of the following applies—
 - (A) the period for applying for a review of the decision to refuse has ended and no application for review has been made;
 - (B) an application for review has been made and the authority's decision is confirmed, or the application is not proceeded with.

(4) Section 49 does not apply to a cancellation under subsection (3).

56AG Procedure if licensee is excluded company

(1) This section applies if the authority considers that a company that is a licensee is an excluded company.

(2) The authority must give the company a written notice stating the following—

- (a) particulars identifying the individual (the “**relevant individual**”) who is a director or secretary of, or an influential person for, the company and who is an excluded individual for a relevant event;
- (b) particulars identifying the relevant event;
- (c) within 28 days after the authority gives the company the written notice, the relevant individual must—

Queensland Building Services Authority Act 1991

- (i) stop being a director, secretary or influential person; or
 - (ii) if the individual is eligible to do so but has not already done so, apply to the authority to be categorised as a permitted individual for the relevant event;
- (d) the authority must cancel the licence if—
- (i) within the 28 days mentioned in paragraph (c), the relevant individual—
 - (A) does not stop being a director, secretary or influential person; or
 - (B) if the relevant individual is eligible to do so but has not already done so, does not apply to be categorised as a permitted individual for the relevant event; or
 - (ii) the relevant individual has already applied to be categorised as a permitted individual for the relevant event, or the relevant individual applies for the categorisation within the 28 days mentioned in paragraph (c), but the authority refuses the application and the relevant individual does not stop being a director, secretary or influential person; or
 - (iii) the relevant individual is not eligible to apply to the authority to be categorised as a permitted individual for the relevant event and the relevant individual does not, within the 28 days mentioned in paragraph (c), stop being a director, secretary or influential person.
- (3)** The authority must cancel the company's licence by written notice given to the company if, within the 28 days mentioned in subsection (2)(c), the relevant individual—
- (a) does not stop being a director or secretary of, or an influential person for, the company; and
 - (b) if the relevant individual is eligible to do so but has not already done so, does not apply to be categorised as a permitted individual for the relevant event.
- (4)** The authority must also cancel the company's licence by written notice given to the company if all of the following apply—
- (a) the relevant individual has already applied to be categorised as a permitted individual for the relevant event, or the relevant individual applies for the categorisation within the 28 days mentioned in subsection (2)(c);

- (b) the authority refuses the application and the relevant individual does not stop being a director, secretary or influential person;
- (c) either—
 - (i) the period for applying for a review of the decision to refuse has ended and no application for review has been made; or
 - (ii) an application for review has been made and the authority's decision is confirmed, or the application is not proceeded with.

(5) The authority must also cancel the company's licence by written notice given to the company if the relevant individual is not eligible to apply to the authority to be categorised as a permitted individual for the relevant event and the relevant individual does not, within the 28 days mentioned in subsection (2)(c), stop being a director, secretary or influential person.

(6) Section 49 does not apply to a cancellation under subsection (3).

56AH Review by tribunal of authority's opinion

(1) This section applies if the authority considers under section 56AF or 56AG (the "**relevant section**") that a person is an excluded individual or excluded company, or that an individual is still a director or secretary of, or an influential person for, a company.

(2) If a person applies for a review of the authority's decision, the application for review does not affect anything already done or in force under the relevant section, but periods of time mentioned in the relevant section are taken to stop running until the review is finished.

67B Meaning of “construction management trade contract” in pt 4A

(1) For this part, a building contract is a **“construction management trade contract”** if—

- (a) the contracting party for the building contract is a principal; and

- (b) the contracted party for the building contract is the holder of a licence, other than a licence identified under a regulation as a general building licence; and
- (c) the building work the subject of the building contract is part of a wider project of building work (the “**project**”) involving the principal in entering into 1 or more other building contracts, also as a principal, for the carrying out of other building work that is also part of the project.

(2) For deciding whether a principal has entered into a building contract, it does not matter if the building contract was entered into on behalf of the principal, including, for example, by a person described in the contract as a construction manager.

67C Meaning of “retention amount” in pt 4A

For this part, an amount is a “**retention amount**” for a building contract if—

- (a) the amount is payable as part of the contract price under the building contract, but, under the contract, may be withheld from payment to the contracted party for the building contract—
 - (i) during the progress of the building work the subject of the contract; or
 - (ii) for a period (a “**maintenance period**”) after the completion of the building work; or
 - (iii) both during the progress of the building work and for a maintenance period; and
- (b) the purpose of withholding the amount is to give financial protection to the contracting party in relation to the need to correct defects in the building work, or otherwise to secure, wholly or partly, the performance of the contract.

67D Meaning of “subcontract” in pt 4A

For this part, a building contract is a “**subcontract**” if—

- (a) both the contracting party and the contracted party for the contract are building contractors; and

- (b) for the contract, the contracted party is a subcontractor for the contracting party; and
- (c) the building work the subject of the contract is the whole or a part of building work the subject of—
 - (i) another building contract, under which the contracting party mentioned in paragraphs (a) and (b) is the contracted party; or
 - (ii) a domestic building contract between the contracting party mentioned in paragraphs (a) and (b) and a consumer.

67E Operation of pt 4A

(1) Subject to any provision of this part that expressly provides that a building contract, or a provision of a building contract, is void, this part does not have effect to make void or voidable a building contract, or a provision of a building contract, even if—

- (a) in entering into the building contract, or the building contract containing the provision, a party to the building contract commits an offence against this part; or
- (b) the building contract or the provision of the building contract is inconsistent with a condition to which the building contract is subject under this part.

(2) However, if a building contract, or a provision of a building contract, is inconsistent with a provision (the “**Act provision**”) of this part applying to the building contract, the building contract, or the provision of the building contract, has effect only to the extent it is not inconsistent with the Act provision.

(3) Without limiting subsection (2), a building contract is unenforceable against the contracted party for the contract to the extent that the contract provides for retention amounts or security in a way that is inconsistent with a condition to which the contract is subject under division 2.

(4) This part—

- (a) has effect in relation to a building contract despite anything in the building contract; and
- (b) applies to a building contract even if—
 - (i) the contract was entered into outside Queensland; or

- (ii) the parties to the contract have agreed that the law of Queensland does not apply to the contract or to a provision of the contract.

Division 2—All building contracts

67F Suggested forms of contract

The authority may prepare and publish suggested forms for building contracts.

67G Building contracts to be in writing

- (1) A building contractor commits an offence if—
 - (a) the building contractor enters into a building contract, whether as the contracting party or the contracted party for the contract; and
 - (b) the building contract is not put into written form—
 - (i) if the reasonable cost of the building work the subject of the contract is more than \$10 000—before carrying out the building work is started; or
 - (ii) if the reasonable cost of the building work the subject of the contract is \$10 000 or less—before carrying out the building work is finished.

Maximum penalty—

- (a) for a first offence—40 penalty units; and
 - (b) for a second offence—60 penalty units; and
 - (c) for a third or subsequent offence—80 penalty units.
- (2) A building contractor commits an offence if—
 - (a) the building contractor enters into a building contract, whether as the contracting party or the contracted party for the contract; and
 - (b) the reasonable cost of the building work the subject of the building contract is \$10 000 or less; and
 - (c) after the building contract is entered into but before the building contract has been put into written form, the reasonable cost of the building work the subject of the building contract becomes more

than \$10 000 because of a variation of the building contract, whether or not the variation is the first variation of the building contract; and

- (d) the building contract, incorporating all variations, is not put into written form—
- (i) if no building work has been carried out under the contract—before carrying out building work under the contract is started; or
 - (ii) otherwise—before there is further carrying out of building work under the contract.

Maximum penalty—

- (a) for a first offence—40 penalty units; and
- (b) for a second offence—60 penalty units; and
- (c) for a third or subsequent offence—80 penalty units.

(3) A building contractor commits an offence if—

- (a) the building contractor enters into a building contract, whether as the contracting party or the contracted party for the contract; and
- (b) the building contract is put into written form; and
- (c) the building contract, in written form, does not comply with the formal requirements for a building contract stated in subsection (4).

Maximum penalty—

- (a) for a first offence—40 penalty units; and
- (b) for a second offence—60 penalty units; and
- (c) for a third or subsequent offence—80 penalty units.

(4) A building contract in written form complies with the formal requirements for a building contract if the contract states the following—

- (a) the scope of the building work the subject of the contract;
- (b) when the building work is to be completed;
- (c) the amount to be paid for carrying out the building work or, if appropriate, how the amount to be paid for carrying out the building work is to be worked out;

- (d) the parties' agreement about retention amounts and securities to be held;
- (e) the name of the building contractor who is the contracted party for the building contract;
- (f) the licence number of the building contractor mentioned in paragraph (e), as it appears on the building contractor's licence card;
- (g) the address of the land where the building work is to be carried out.

(5) This section does not apply to a building contractor who enters into a building contract as a principal.

(6) If, in contravention of subsection (1) or (2), a building contract is not put into written form, a building contractor who is a party to the contract is taken not to commit an offence against the provision if—

- (a) building work the subject of the contract must be carried out urgently; and
- (b) it is not reasonably practicable to enter into a written contract in the particular circumstances.

Example—

A cyclone has caused considerable damage at a remote community, repairs are urgently needed, the parties to the building contract are not both present at the community and communications failure prevents transmission of written material between the parties.

67H Agreed contract variations

(1) A building contractor commits an offence if—

- (a) the building contractor is the contracting party or contracted party for a building contract; and
- (b) the building contractor agrees to a variation of the building contract; and
- (c) the variation is not put into written form and signed by the parties to it—
 - (i) if the building contract has been put into written form, and the variation provides only for the omission of some of the building work from the building contract—within the shortest practicable time; or

- (ii) if the building contract has been put into written form but subparagraph (i) does not apply—before building work the subject of the variation is carried out; or
- (iii) if the building contract has not yet been put into written form—when the building contract is put into written form and signed by the parties to the building contract.

Maximum penalty—

- (a) for a first offence—40 penalty units; and
- (b) for a second offence—60 penalty units; and
- (c) for a third or subsequent offence—80 penalty units.

(2) A building contractor commits an offence if—

- (a) the building contractor agrees to a variation of a building contract; and
- (b) the variation is put into written form; and
- (c) the variation, in written form, does not comply with the formal requirements for a variation stated in subsection (3).

Maximum penalty—

- (a) for a first offence—40 penalty units; and
- (b) for a second offence—60 penalty units; and
- (c) for a third or subsequent offence—80 penalty units.

(3) A variation in written form of a building contract complies with the formal requirements for a variation if the variation—

- (a) states the scope of the building work the subject of the variation; and
- (b) states the change of the contract price for the building contract because of the variation, or the way the parties to the building contract are to work out the change of the contract price; and
- (c) is to the effect that any addition of building work must be allowed for in an increase in the first progress payment to be made after any part or the whole of the addition is carried out.

(4) This section does not apply to a building contractor who enters into a variation of a building contract if the building contractor is a party to the building contract as a principal.

(5) Despite subsection (3)(b), it is not necessary for the variation to state the change of the contract price because of the variation or the way the parties are to work out the change of the contract price if a provision of the building contract provides for how the change is to be worked out.

(6) If, in contravention of subsection (1) or (2), a variation of a building contract is not put into written form, a building contractor who is a party to the contract is taken not to commit an offence against the provision if—

- (a) building work the subject of the variation must be carried out urgently; and
- (b) it is not reasonably practicable to enter into a written variation in the particular circumstances.

Example—

Building work is in progress at a remote community, a cyclone causes considerable damage at the community, repairs are urgently needed, the parties to the building contract are not both present at the community and communications failure prevents transmission of written material between the parties.

67I Directions given under building contracts

(1) This section applies if under a building contract the contracting party for the contract, or another person authorised under the contract, may, without the agreement of the contracted party for the contract, give a direction to the contracted party.

(2) Unless the building contract otherwise provides, a direction may initially be given other than in writing.

(3) However, if a direction is given other than in writing, the contracted party—

- (a) may ask for the direction to be given in writing; and
- (b) is not required to comply with the direction until it is given in writing.

(4) If a direction is given other than in writing, the contracting party commits an offence if the direction is not given to the contracted party in writing within 3 business days after it was given other than in writing.

Maximum penalty—

- (a) for a first offence—40 penalty units; and
- (b) for a second offence—60 penalty units; and

(c) for a third or subsequent offence—80 penalty units.

(5) In this section—

“**direction**” includes a direction for a variation of a building contract.

67J Set-offs under building contracts

(1) The contracting party for a building contract may reduce an amount payable under the contract by an amount owed under the contract, or use a security for the building contract, wholly or partly, to obtain an amount owed under the contract, only if—

- (a) the reduction of the amount payable or the use of the security is permitted under the contract; and
- (b) the contracting party has given—
 - (i) written notice (the “**first notice**”) to the contracted party for the contract advising of the proposed reduction or use and, if the amount owed can be quantified when the first notice is given, of the amount owed; and
 - (ii) if the amount owed can not be quantified when the first notice is given, a further written notice (the “**second notice**”) to the contracted party advising of the amount owed.

(2) The first notice must be given within 28 days after the contracting party becomes aware, or ought reasonably to have become aware, of the contracting party’s right to obtain the amount owed.

(3) If the second notice is required to be given, it must be given within 3 business days after the contracting party becomes able to quantify the amount owed.

(4) If, because of subsections (1) and (2) or (1), (2) and (3), the contracting party is stopped from reducing an amount payable under a building contract by an amount owed under the contract, or from using a security for a building contract to obtain an amount owed under the contract, the contracting party for the contract is not stopped from recovering the amount owed in another way.

(5) In this section—

“**amount owed**”, under a building contract, means an amount that, under the contract, and subject to its being quantified, is owed by the contracted party for the contract to the contracting party for the

contract because of circumstances associated with the contracted party's performance of the contract.

“amount payable”, under a building contract, means an amount that, under the building contract, is payable by the contracting party for the contract to the contracted party for the contract, including any amount payable to the contracted party from a retention amount for the contract.

67K Limits for retention amounts and securities for building contracts other than subcontracts

(1) This section applies to a building contract if the contracting party under the contract is a principal.

(2) The building contract is subject to a condition that at any time before, under the contract, practical completion of building work is reached, the total value of the following is to be not more than 5% of the contract price for the contract—

- (a) all retention amounts for the contract that are being withheld;
- (b) all securities for the contract given and still held.

(3) Subsection (2) does not apply to retention amounts or securities to the extent that the retention amounts or securities are for the financial protection of the contracting party, having regard to amounts paid by the contracting party that relate to something that has not yet been installed in accordance with the requirements of the contract.

(4) The building contract is not subject to the condition mentioned in subsection (2) if—

- (a) the contract—
 - (i) is in written form; and
 - (ii) explains the condition; and
 - (iii) expressly provides that the contract is not subject to the condition; and
- (b) the provision of the contract that expressly provides in the way mentioned in paragraph (a)(iii) is initialled by the parties to the contract.

67L Limits for retention amounts and securities for subcontracts

(1) A subcontract is subject to a condition that, at any time before, under the contract, practical completion of building work is reached, the total value of the following is to be not more than 5% of the contract price for the subcontract—

- (a) all retention amounts for the subcontract that are being withheld;
- (b) all securities for the subcontract given and still held.

(2) Subsection (1) does not apply to retention amounts or securities to the extent that the retention amounts or securities are for the financial protection of the contracting party, having regard to amounts paid by the contracting party that relate to something that has not yet been installed in accordance with the requirements of the contract.

67M Limits on deductions for retention amounts

(1) This section applies if—

- (a) an amount (the “**relevant amount**”) is payable by the contracting party for a building contract to the contracted party for the building contract; and
- (b) the relevant amount relates to carrying out building work under the contract; and
- (c) the relevant amount, except for a retention amount for the building contract that is withheld, is paid to the contracted party.

(2) The building contract is subject to a condition that the retention amount withheld is to be not more than 10% of the relevant amount.

67N Limits for retention amounts and securities for building contracts after practical completion

(1) A building contract is subject to a condition that, at any time after, under the contract, practical completion of building work is reached, the total value of the following is to be not more than 2.5% of the contract price for the contract—

- (a) all retention amounts for the contract that are being withheld;
- (b) all securities for the contract given and still held.

(2) Subsection (1) does not apply to retention amounts or securities to the extent that the retention amounts or securities do not relate to the need to correct defects, identified in the defects liability period under the contract, in the building work under the contract.

67O Suspension of works

(1) This section applies if—

- (a) the contracting party for a building contract has not complied with an order of a court or of the tribunal given in favour of the contracted party for the contract in relation to an issue arising under the contract; or
- (b) all of the following apply—
 - (i) an amount is required to be paid to the contracted party for a building contract by a particular time;
 - (ii) the full amount is not paid, other than solely because of the retention of an amount lawfully permitted to be retained;
 - (iii) the requirement to pay the amount is not in dispute between the contracting party and the contracted party.

(2) The contracted party may give the contracting party a written notice stating—

- (a) details of the circumstance mentioned in subsection (1)(a), or of the circumstances mentioned in subsection (1)(b)(i) to (iii); and
- (b) that the contracted party intends to suspend building work the subject of the building contract if the order mentioned in subsection (1)(a) is not complied with, or if the amount mentioned in subsection (1)(b) is not paid, within the time stated in the written notice.

(3) The time stated in the written notice must be not less than 7 days after the written notice is given.

(4) If the order is not complied with, or the amount is not paid, within the time stated in the written notice, the contracted party may—

- (a) give the contracting party a further written notice that the contracted party is suspending the building work immediately; and

- (b) suspend the building work immediately the further written notice is given.

(5) If the contracted party suspends building work under subsection (4), the contracted party—

- (a) is not in breach of the building contract; and
- (b) keeps the contracted party's rights under the contract, including any right to terminate the contract; and

(1) A building contractor must, before commencing residential construction work pay to the authority the appropriate insurance premium for the work in accordance with the regulations.

Maximum penalty—40 penalty units.

- (a) the assessment manager has written information from the authority showing that the appropriate insurance premium has been paid; or

(b) the applicant produces satisfactory evidence that no insurance premium is payable.

(3) A certificate of insurance issued by the authority in relation to residential construction work is conclusive evidence that the work is covered by a policy of insurance under the statutory insurance scheme.

(4) A private certifier who is acting as an assessment manager must not contravene subsection (2).

Maximum penalty—20 penalty units.

69 Insurance of building work

(1) When the authority accepts the appropriate insurance premium in respect of residential construction work, the authority must issue a certificate of insurance in respect of the residential construction work.

(2) A policy of insurance comes into force in the terms prescribed by regulation if a consumer enters into a contract for the performance of residential construction work, and—

- (a) the contract bears the licence number of a licensed contractor and, under the licensed contractor's licence, the licensed contractor may enter into contracts with consumers to carry out residential construction work covered by the statutory insurance scheme; or

(3) Subsection (2) applies whether or not an insurance premium has been paid or a certificate of insurance has been issued.

(4) The certificate of insurance given to a consumer need not state the terms of the policy of insurance, but a copy of the policy must be given to the consumer when the certificate of insurance is given to the consumer and the certificate of insurance must include a clear reference to the policy.

(5) To remove doubt, it is declared that a policy of insurance under this section has effect according to its terms and a consumer can not avoid the consequences of a breach of a provision of the policy of insurance only because the policy of insurance forms part of a statutory insurance scheme.

70 Insurance claims

(1) A person claiming to be entitled to indemnity under the insurance scheme must give notice of the claim to the authority in accordance with the regulations.

(2) If a claimant is dissatisfied with the authority's decision on the claim, the claimant may apply to the tribunal for a review of the authority's decision.

(3) The authority is subrogated, to the extent of any payment that the authority has made, or has undertaken to make, to the rights of a person to whom, or for whose benefit, the payment has been, or is to be, made in respect of the matter out of which the insurance claim arose.

(4) In a proceeding brought by the authority under subsection (1) against a licensed contractor mentioned in subsection (2)(a)(i), it is a defence for the licensed contractor to prove that—

- (a) the licensed contractor's licence card was imprinted on the contract for carrying out the work without the licensed contractor's authority; and
- (b) the licensed contractor took all reasonable steps to ensure that the licence card was imprinted on contracts only with the licensed contractor's authority.

(5) In a proceeding brought by the authority under subsection (1) against a licensed contractor mentioned in subsection (2)(a)(ii), it is a defence for the licensed contractor to prove that—

- (a) the licensed contractor's name, licence number and address were stated on the contract for carrying out the work without the licensed contractor's authority; and

PART 6—RECTIFICATION OF BUILDING WORK

72 Power to require rectification of building work

(1) If the authority is of the opinion that building work is defective or incomplete, the authority may direct the person who carried out the building work to rectify the building work within the period stated in the direction.

(2) In deciding whether to give a direction under subsection (1), the authority may take into consideration all the circumstances it considers are reasonably relevant, and in particular, is not limited to a consideration of the terms of, including the terms of any warranties included in, the contract for carrying out the building work.

(3) The period stated in the direction must be at least 28 days unless the authority is satisfied that, if the direction is not required to be complied with within a shorter period—

- (a) a substantial loss will be incurred by, or a significant hazard will be caused to the health or safety of, a person because of the defective building work; or
- (b) the defective building work will cause a significant hazard to public safety or the environment generally.

(4) Subject to subsection (3), the period stated in the direction must be a period the authority considers to be appropriate in the circumstances.

(5) For subsection (1), the person who carried out the building work is taken to include—

- (a) a licensed contractor whose licence card is imprinted on the contract for carrying out the building work; and
- (b) a licensed contractor whose name, licence number and address are stated on the contract; and

- (e) a person who, under the *Domestic Building Contracts Act 2000*, is a building contractor under a domestic building contract who managed the carrying out of the building work.

(5A) In subsection (2), a reference to a contract for carrying out building work includes a reference to a domestic building contract for managing the carrying out of building work.

(6) If in order to rectify building work it is necessary to do so, the direction may require that a building or part of a building be demolished and building work be recommenced.

(7) If a direction is given under this section to a person who is not currently licensed to carry out the required work, the person must have the work carried out by a licensed contractor.

(8) A direction cannot be given under this section more than 6 years and 3 months after the building work to which the direction relates was completed or left in an incomplete state unless the tribunal is satisfied, on application by the authority, that there is in the circumstances of a particular case sufficient reason for extending the time for giving a direction and extends the time accordingly.

(9) The fact that a direction is given under this section does not prevent disciplinary action in respect of the defective or incomplete building work.

(10) A person who fails to rectify building work as required by a direction under this section is guilty of an offence.

Maximum penalty—80 penalty units.

(11) For the purposes of subsection (5)(c) and (d)—

- (a) a person carries out building work whether the person—
- (i) carries it out personally; or
 - (ii) directly or indirectly causes it to be carried out; and
- (b) a person is taken to carry out building work if the person provides advisory services, administration services, management services or supervisory services for the work.

(12) In a prosecution for an offence against subsection (10), or in a proceeding for taking disciplinary action on the ground that a licensee has failed to comply with a direction to rectify building work, it is a defence for a licensed contractor mentioned in subsection (5)(a) to prove that—

- (a) the licensed contractor's licence card was imprinted on the contract for carrying out the building work without the contractor's authority; and
- (b) the licensed contractor took all reasonable steps to ensure that the licence card was imprinted on contracts only with the licensed contractor's authority.

(13) In a prosecution for an offence against subsection (10), or in a proceeding for taking disciplinary action on the ground that a licensee has failed to comply with a direction to rectify building work, it is a defence for a licensed contractor mentioned in subsection (5)(b) to prove that—

- (a) the licensed contractor's name, licence number and address were stated on the contract for carrying out the building work without the licensed contractor's authority; and
- (b) the licensed contractor took all reasonable steps to ensure that the licensed contractor's name, licence number and address were stated in contracts only with the licensed contractor's authority.

(13A) In a prosecution for an offence against subsection (10), or in a proceeding for taking disciplinary action on the ground that a licensee has failed to comply with a direction to rectify building work—

- (a) it is a defence for a licensed contractor mentioned in subsection (5)(ba) to prove that the licensed contractor's name was stated on the contract for carrying out the building work without the licensed contractor's authority; and
- (b) it is a defence for a licensed contractor mentioned in subsection (5)(bb) to prove that the licensed contractor's name was stated on the insurance notification form for the building work without the licensed contractor's authority; and
- (c) it is a defence for a licensed contractor mentioned in subsection (5)(bc) to prove that the licensed contractor's licence number was stated on the contract for carrying out the building work without the licensed contractor's authority; and
- (d) it is a defence for a licensed contractor mentioned in subsection (5)(bd) to prove that the licensed contractor's licence number was stated on the insurance notification form for the building work without the licensed contractor's authority; and
- (e) it is a defence for a licensed contractor mentioned in subsection (5)(be) to prove that—

- (i) the licensed contractor's PIN was used for putting in place, for the building work, insurance under the statutory insurance scheme without the licensed contractor's authority; and
- (ii) the licensed contractor took all reasonable steps to ensure the licensed contractor's PIN was kept and used in accordance with the authority's requirements for the keeping and use of the PIN.

(14) The authority is not required to give a direction under this section to a person who carried out building work for the rectification of the building work if the authority is satisfied that, in the circumstances, it would be unfair to the person to give the direction.

Example for subsection (14)—

The authority might decide not to give a direction for the rectification of building work because of the amount payable but unpaid under the contract for carrying out the building work.

- (15)** A direction given under this section need not be complied with if—
- (a) a proceeding for a review of the authority's decision is started in the tribunal; and
 - (b) the tribunal orders a stay of the decision.

73 Panels of licensed contractors for rectification work

(1) The authority may establish panels of licensed contractors who express interest in tendering for rectification work.

(2) The panels will be established in relation to—

- (a) the areas of the State in which the work is to be carried out; and
- (b) the nature of the work involved.

(3) The authority may advertise, from time to time, inviting expressions of interest from licensed contractors who wish to be included on the appropriate panel for the area or areas in which they carry on business.

(4) A licensed contractor who by notice in writing to the authority expresses interest in being included on a panel for a particular area may, if entitled to carry out building work of the relevant class, be included on the panel.

(5) The authority may remove the name of a contractor from a panel for any good reason.

74 Tenders for rectification work

(1) If rectification work in respect of residential construction work is required under this Act and the person required to carry out the work does not carry it out, or have it carried out, within the time allowed by the direction, the authority must seek tenders for carrying out the work.

(2) The authority must also seek tenders for carrying out building work if the authority—

- (a) is of the opinion that the building work is defective or incomplete; but
- (b) has decided not to give a direction under section 72 for the rectification of the building work.

(3) The authority may accept any tender that it considers appropriate, irrespective whether the tender was for the lowest cost.

(4) Tenders for carrying out the building work must be sought from the number of licensed contractors considered by the authority to be reasonable in the circumstances.

(5) A licensed contractor from whom a tender may be sought must be—

- (a) a licensed contractor whose name is included on an appropriate panel; or
- (b) a licensed contractor whose name is not included on an appropriate panel, if the authority is satisfied it would be in the best interests of the efficient rectification of the building work if the licensed contractor were to provide a tender.

(6) The authority may authorise the person for whom the building work requiring rectification was, or was to be, carried out to act for the authority in seeking the necessary tenders.

(7) The authority may only have work carried out under this section to the extent that the cost of the work is covered by a payment to be made under the statutory insurance scheme in relation to the defective or incomplete work.

(4) Subject to subsection (5), the member may issue the warrant if the member is satisfied, by information on oath, that there is a proper reason for entering and inspecting the building site.

(5) If the member requires further information concerning the grounds on which the warrant is sought, the member must not issue the warrant unless the inspector or some other person has given the information to the member in the form (either orally or by affidavit) that the member requires.

(6) The warrant must—

- (a) authorise the inspector, with such assistance and by such force as is necessary and reasonable, to enter and inspect the place; and
- (b) state whether the entry may be made at any time of the day or night or during specified hours of the day or night; and

- (c) specify the day (not more than 6 months after the issue of the warrant) on which the warrant ceases to have effect; and
- (d) state the purposes for which the warrant is issued.

- (a) a proceeding for an offence against this Act; and
- (b) an inquiry conducted by the tribunal under part 5, division 3 of the Tribunal Act to decide whether proper grounds exist for taking disciplinary action under the division.

(2) If it is relevant to prove a person's state of mind about a particular act or omission, it is enough to show—

- (a) the act was done or omitted to be done by a representative of the person within the scope of the representative's actual or apparent authority; and
- (b) the representative had the state of mind.

(3) An act done or omitted to be done for a person by a representative of the person within the scope of the representative's actual or apparent authority is taken to have been done or omitted to be done also by the person, unless the person proves the person could not, by the exercise of reasonable diligence, have prevented the act or omission.

31 Insertion of new pt 3B

After part 3A—

insert—

**‘PART 3B—PERMANENTLY EXCLUDED
INDIVIDUALS*****‘Division 1—Preliminary*****‘57 Operation of pt 3B**

‘This part has effect despite anything in part 3.

‘58 Meaning of “permanently excluded individual”

‘(1) A “permanently excluded individual” is an individual—

- (a) who has twice been an excluded individual for a relevant event; and
- (b) who for each relevant event has been given written notice by the authority stating—
 - (i) particulars identifying the relevant event; and
 - (ii) why the authority considers the individual is an excluded individual for the relevant event; and
 - (iii) that the individual has the right to apply to be categorised as a permitted individual for the relevant event within 28 days of being given notice; and
- (c) who for each occasion the individual has been given notice, either—
 - (i) did not apply to be categorised as a permitted individual within the time stated in the notice; or
 - (ii) applied to be categorised as a permitted individual within the time stated but had the application refused.

‘(2) Notice under subsection (1)(b)—

- (a) must be given while the individual is an excluded individual for the relevant event to which the notice relates; and

(b) if the notice is the second or a subsequent notice the individual has been given about being an excluded individual for a relevant event—

(i) must state the effect of the individual becoming a permanently excluded individual; and

(ii) may be given at any time after an earlier notice was given.

‘(3) An excluded individual who is a licensee is taken to have been given notice under subsection (1)(b) if—

(a) the individual has been given notice under section 56AF(2); and

(b) for a second or subsequent notice, the notice also includes the information required under subsection (2)(b)(i).

‘(4) A second or subsequent notice may be given for a relevant event whether the event happened before or after another event for which the authority has already given notice under subsection (1)(b).

‘(5) However, subsection (1) applies only if an individual became an excluded individual for at least 1 of the relevant events after the commencement of this section, irrespective of when the circumstances resulting in the relevant event arose.

‘(6) If a second or subsequent notice does not include the information required under subsection (2)(b)(i) another notice containing the information may be given.

‘(7) It is declared that in deciding whether 2 relevant events as mentioned in subsection (1) have happened, a relevant event must be counted—

(a) whether the relevant event happened before or after the other relevant event; and

(b) whether or not the notices under subsection (1)(b) for the relevant events were given in the order the relevant events happened; and

(c) regardless of the length of time between the giving of the notices under subsection (1)(b) for the relevant events; and

(d) whether the relevant event happened before or after the commencement of this section, subject to subsection (5).

Example for subsection (2)(a)—

The authority gives a licensee a notice under this section for a relevant event for which the licensee is currently an excluded individual. The authority later discovers that the

licensee was, before the grant of the licensee's licence, an excluded individual for a previous relevant event. However, the licensee is not currently an excluded individual for this relevant event because 5 years have elapsed since the event happened. It may not give the licensee a notice for this event.

Example for subsection (7)(a), (b) and (d)—

The authority gives a licensee a notice under this section for a relevant event that happened after the commencement of this section. It later discovers that the licensee is an excluded individual for another relevant event that happened before the grant of the licensee's licence and before the commencement of this section. It may give the licensee a notice for this relevant event. Also, it is the later notice, about the earlier relevant event, that must state the effect of the individual becoming a permanently excluded individual.

Examples for subsection (7)(c)—

1. The authority becomes aware that a person who is an applicant for a contractor's licence is currently an excluded individual for 2 relevant events 1 of which happened after the commencement of this section. The authority may give the person a notice for 1 of the relevant events and immediately give a notice for the other relevant event. Also, it is the later notice that must state the effect of the individual becoming a permanently excluded individual.
2. A licensee becomes an excluded individual for a relevant event. The individual's licence is cancelled under section 56AF and the individual is given notice complying with this section for the relevant event. More than 5 years later the licensee applies for and is granted a contractor's licence. Ten years after this, the licensee becomes an excluded individual for another relevant event. The authority gives a notice complying with this section for the latest relevant event. This notice includes the information required for a second or subsequent notice under subsection (2)(b)(i) and the individual becomes a permanently excluded individual.

Division 2—Licence exclusion

‘59 Exclusion from licence

‘The authority must not grant a person a licence if the person is—

- (a) a permanently excluded individual; or
- (b) a company for which a permanently excluded individual is a director, secretary, influential person or nominee.

‘60 Permanently excluded individual not fit and proper

‘A permanently excluded individual is taken not to be a fit and proper person for part 3, division 2.

‘61 When individual no longer permanently excluded individual

‘In deciding whether an individual is, or continues to be, a permanently excluded individual, a relevant event for which the individual has been given notice under section 58(1)(b) must not be counted if the individual—

- (a) applies to the tribunal under the Tribunal Act, section 104(1)(j) for a review of the authority’s decision not to categorise the individual as a permitted individual for the relevant event, and the tribunal reverses or annuls the authority’s decision; or
- (b) applies to the tribunal under the Tribunal Act, section 104(1)(k) for a review of the authority’s decision under section 56AF that a person is an excluded individual, and the tribunal reverses or annuls the authority’s decision.’.

‘(2) Only tier 1 defective work carried out after the commencement of this section may be taken into account in calculating the term of ban.

‘(3) The term of ban for an individual given a notice for tier 1 defective work for the first time is 3 years.

‘(4) The term of ban for an individual given a notice for tier 1 defective work a second time or subsequent time is the life of the individual.

‘(5) A notice may be given to an individual a second time or subsequent time under section 67AH, 67AI, 67AL or 67AM if—

Example for subsections (5) and (6)—

An individual who is a licensee is given a notice under section 67AH for tier 1 defective work carried out by the individual. The notice informs the individual that the individual is taken not to be a fit and proper person for part 3, division 2 for 3 years. After the notice under section 67AH is given, the individual carries out other tier 1 defective work. The authority may give the individual a second notice under section 67AH for the other tier 1 defective work whether or not the 3 years have passed. Also, it is the second notice under section 67AH that informs the individual that the individual is taken not to be a fit and proper person for part 3, division 2 for the life of the individual.

‘(7) However, in deciding whether a notice for tier 1 defective work is given to an individual a second time or subsequent time, an earlier notice

given to an individual under section 67AH, 67AI, 67AL or 67AM must not be counted if—

- (a) the earlier notice was given more than 10 years before the second or subsequent notice; or
- (b) the authority's decision under the earlier notice was reversed or annulled on review by the tribunal.

'(8) In this section a reference to tier 1 defective work carried out is—

‘67AZM Terms of disqualifications

‘(1) This section states the term for which an individual given a notice under section 67AZF, 67AZG, 67AZJ or 67AZK is taken not to be a fit and proper person for part 3, division 2 (the “**term of disqualification**”).

‘(2) Only demerit points accumulated after the commencement of this section may be taken into account in calculating the term of disqualification.

‘(3) The term of disqualification for an individual given a notice for accumulating 30 demerit points in a period of 3 years for the first time is 3 years.

31 A company may have the authority’s decision reviewed by the tribunal under the Tribunal Act, section 104(1)(q).

‘(4) The term of disqualification for an individual given a notice for accumulating 30 demerit points in a period of 3 years a second time or subsequent time is the life of the individual.

‘(5) A notice may be given to an individual a second time or subsequent time under section 67AZF, 67AZG, 67AZJ or 67AZK if—

- (a) a notice for accumulating 30 demerit points in a period of 3 years has been given under 1 of the sections stating a disqualification of 3 years; and
- (b) the second or subsequent notice relates to 30 demerit points accumulated in a period of 3 years after the notice stating a disqualification of 3 years is given.

‘(6) It is declared that, in deciding whether a notice for accumulating 30 demerit points in a period of 3 years has been given to an individual a second time or subsequent time, a notice given to an individual for the first time under section 67AZF, 67AZG, 67AZJ or 67AZK stating a disqualification of 3 years must be counted whether or not the individual has served the term of the disqualification.

Example for subsections (5) and (6)—

An individual who is a licensee is given a notice under section 67AZF for accumulating 30 demerit points in a period of 3 years. The notice informs the individual that the individual is taken not to be a fit and proper person for part 3, division 2 for 3 years. After the notice under section 67AZF is given, the individual accumulates a further 30 demerit points in a period of 3 years that may include part of the term of disqualification. The authority may give the individual a second notice under section 67AZF for the further 30 demerit points whether or not the term of disqualification has ended. Also, it is the second notice under section 67AZF that informs the individual that the individual is taken not to be a fit and proper person for part 3, division 2 for the life of the individual.

‘(7) However, in deciding whether a notice for accumulating 30 demerit points in a period of 3 years is given to an individual a second time or subsequent time, an earlier notice given to an individual under section 67AZF, 67AZG, 67AZJ or 67AZK must not be counted if—

- (a) the earlier notice was given more than 10 years before the second or subsequent notice; or
- (b) the authority’s decision under the earlier notice was reversed or annulled on review by the tribunal.

‘(8) In this section a reference to accumulating 30 demerit points in a period of 3 years is—

- (a) for an individual given notice under section 67AZF(3) or 67AZG(3)—a reference to the individual accumulating 30 demerit points in a period of 3 years; or
- (b) for an individual given notice under section 67AZJ(3) or 67AZK(3)—a reference to the company for which the individual was a director, secretary, influential person or nominee accumulating 30 demerit points in a period of 3 years.’.
