Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

PART 2—ADMINISTRATION

Division 1—General

6 Registrar of titles

- (1) There is to continue to be a registrar of titles.
- (2) The registrar has a seal of office.
- (3) The registrar is to be employed under the *Public Service Act 1996*.
- (4) Judicial notice must be taken of the signature, or the imprint of the seal, of the registrar appearing on a document and the document must be presumed to have been properly signed or sealed until the contrary is proved.
- (5) In acting under this Act or another Act, the registrar is subject to the chief executive, but is not subject to any other officer or employee of the department.

7 Land registry

- (1) The chief executive must keep a land registry.
- (2) The land registry includes—
 - (a) the freehold land register; and
 - (b) registers about land required or permitted by an Act to be kept by the registrar; and
 - (c) registers about land prescribed by regulation; and
 - (d) other registers about land required or permitted by an Act to be included in the land registry.
- (3) A regulation may prescribe—
 - (a) the locations of offices of the land registry or other places where documents may be lodged; and
 - (b) the particular documents that may, or may not, be lodged at a particular office of the land registry or other place for registration or recording in the appropriate register.

8 Form of registers

- (1) A register kept by the registrar may be kept in the form (whether or not in a documentary form) the registrar considers appropriate.
- (2) Without limiting subsection (1), the registrar may change the form in which a register or a part of a register is kept.

9 Delegation

The registrar may delegate the registrar's powers under this Act or another Act to an officer or employee of the department.

Division 2—General requirements for instruments in the freehold land register

10 Form of instruments

- (1) An instrument lodged by a person or issued by the registrar must be in the appropriate form.

(2) An instrument required or permitted to be executed must be in the appropriate form when it is executed.

(3) However, the registrar may register an instrument that is not in the appropriate form if the registrar is satisfied it is not reasonable to require the instrument to have been executed in the appropriate form.

11 Execution of certain instruments

(1) An instrument to transfer or create an interest in a lot must be executed by—

- (a) the transferor or the person creating the interest; and
- (b) the transferee or the person in whose favour the interest is to be created or a solicitor authorised by the transferee or the person.

(2) A total or partial discharge or release of mortgage need only be signed by the mortgagee.

12 Consent to be written on instrument etc.

(1) If the consent of a person is necessary for the sale or other dealing with a lot, the consent must be—

- (a) written on the relevant instrument; or
- (b) if the registrar considers it appropriate—deposited with the relevant instrument.

(2) Subsection (3) applies if, under the *Electronic Transactions (Queensland) Act 2001*, an electronic form of the relevant instrument is lodged or deposited by electronic communication.

(3) The person is taken to have complied with subsection (1) if—

- (a) a method is used to identify the person and to indicate the person's consent; and
- (b) having regard to all the relevant circumstances when the method was used, the method was as reliable as was appropriate for the purposes for which the consent was communicated; and
- (c) the registrar consents to the requirement being met by using the method mentioned in paragraph (a).

13 Required number of executed copies to be lodged

The registrar may refuse to register an instrument if the number of executed copies of the instrument prescribed by regulation are not lodged.

14 Offence not to use appropriate form

If there is an appropriate form for an instrument, a person must not knowingly use a form for the instrument that is not the appropriate form.

Maximum penalty—20 penalty units.

Division 3—Powers of the registrar**15 Registrar may correct registers**

(1) The registrar may correct any register kept by the registrar if the registrar is satisfied that—

- (a) the register is incorrect; and
- (b) the correction will not prejudice the rights of the holder of an interest recorded in the register.

(2) The registrar's power to correct a register includes power to correct a particular in the register or an instrument forming part of the register.

(3) If a register is corrected, the registrar must record in the register—

- (a) the state of the register before the correction; and
- (b) the time, date and circumstances of the correction.

(4) A register corrected by the registrar under this section has the same effect as if the relevant error had not been made.

(5) For subsection (1)(b), the rights of the holder of an interest recorded in the register are not prejudiced if the holder acquired or has dealt with the interest with actual or constructive knowledge that the register was incorrect and how it was incorrect.

Examples for subsection (5)—

1. A person becomes the registered owner of a lot that is the subject of a registered easement. A new indefeasible title is created, but it does not show the easement as an encumbrance. It is likely in these circumstances that the registrar could be satisfied that the rights of the person will not be prejudiced if the registrar corrects the register by restoring the easement as an encumbrance.

2. A new indefeasible title is issued for a lot and the registrar neglects to record on it a registered lease to which the lot is subject. A person subsequently becomes the registered owner of the lot, unaware of the incorrect state of the register in relation to the lease. It is unlikely in these circumstances that the registrar could be satisfied that the rights of the person will not be prejudiced if the registrar corrects the register by restoring the lease as an encumbrance.

16 Lot-on-plan description

The registrar may simplify the description of a lot registered in the freehold land register by amending the existing description to a lot-on-plan description.

17 Registrar may prepare and register caveat

(1) The registrar may prepare and register a caveat over a lot in favour of a registered proprietor of the lot or someone else who has an interest in the lot.

(2) The registrar may act under subsection (1) to prevent a dealing with the lot that may prejudice—

- (a) the Commonwealth, the State or a local government; or
- (b) a minor; or
- (c) a person who is intellectually or mentally impaired or is incapable of managing the person's own affairs; or
- (d) a person who is absent from the State; or
- (e) a person because of—
 - (i) misdescription of the lot or its boundaries; or
 - (ii) fraud or forgery; or
- (f) a person (other than a person mentioned in paragraphs (a) to (d)) who has an interest in the lot.

(3) Also, the registrar may act under subsection (1) to prevent a dealing with a lot to give effect to an order of a court of competent jurisdiction directed to the registrar.

(4) Subsection (2)(f) applies only if the registrar is satisfied, because of the nature or urgency of particular circumstances, there is no practicable alternative to registering the caveat.

18 Registrar may require public notice to be given of certain proposed action

(1) This section applies if a person (the “**applicant**”) asks the registrar to do any of the following things—

- (a) register the person as an adverse possessor;
- (b) register a transmission of a registered interest;
- (c) issue a substitute registered instrument;
- (d) dispense with production of an instrument.

(2) The registrar may, by written notice, require the applicant to give public notice of the request.

(3) However, if the applicant has asked the registrar to register the person as an adverse possessor, the registrar must require the applicant to give public notice of the request.

(4) The registrar may specify in the notice to the applicant—

- (a) what is to be included in the public notice; and
- (b) how many times the public notice is to be published; and
- (c) how and when the public notice is to be published.

(5) The applicant must satisfy the registrar that the public notice has been given as required by the registrar.

18A Pre-examination of plans

(1) Nothing in this Act prevents the registrar from examining a plan of survey and related instruments deposited before the plan—

- (a) is sealed by a local government; or
- (b) is lodged for registration.

(2) Section 156 applies to a plan and related instruments deposited under subsection (1).

*Division 4—Inquiries***19 Registrar may decide to hold inquiry**

The registrar may decide to hold an inquiry under this division—

- (a) to decide whether a register should be corrected; or
- (b) to consider whether a person has fraudulently or wrongfully—
 - (i) obtained, kept or procured an instrument affecting land in a register; or
 - (ii) procured a particular in a register or an endorsement on an instrument affecting land; or
- (c) in circumstances prescribed by regulation.

20 Registrar's duties on inquiry

When conducting the inquiry, the registrar—

- (a) must observe natural justice; and
- (b) must act as quickly, and with as little formality and technicality, as is consistent with a fair and proper consideration of the issues.

21 Registrar may decide procedures

(1) The registrar—

- (a) is not bound by the rules of evidence; and
- (b) may inform himself or herself in any way the registrar considers appropriate; and
- (c) may decide the procedures to be followed at the inquiry.

(2) However, the registrar must comply with this division and the procedural rules that may be prescribed by regulation.

22 Registrar's powers on inquiry

(1) In conducting the inquiry, the registrar may—

- (a) act in the absence of a person who has been given reasonable notice; and
- (b) receive evidence on oath or affirmation or by statutory declaration; and
- (c) adjourn the inquiry; and
- (d) disregard a defect, error or insufficiency in a document; and

- (e) permit or refuse to permit a person (including a legal practitioner enrolled in Queensland or elsewhere) to represent someone at the inquiry.

(2) The registrar may administer an oath or affirmation to a person appearing as a witness before the inquiry.

23 Notice to witness

(1) The registrar may, by written notice given to a person, require the person to attend the inquiry at a specified time and place as a witness to give evidence or produce specified documents or things.

(2) A person required to appear as a witness before the inquiry is entitled to the witness fees prescribed by regulation or, if no witness fees are prescribed, the reasonable witness fees decided by the registrar.

24 Offences by witnesses

(1) A person who is given a notice under section 23 must not—

- (a) fail, without reasonable excuse, to attend as required by the notice; or
- (b) fail, without reasonable excuse, to continue to attend at the inquiry as required by the registrar until excused from further attendance.

Maximum penalty—35 penalty units.

(2) A person appearing as a witness at the inquiry must not—

- (a) fail to take an oath or make an affirmation when required by the registrar; or
- (b) fail, without reasonable excuse, to answer a question the person is required to answer by the registrar; or
- (c) fail, without reasonable excuse, to produce a document or thing the person is required to produce by a notice under section 23.

Maximum penalty—35 penalty units.

(3) It is a reasonable excuse for a person to fail to answer a question or produce a document or thing if answering the question or producing the document or thing might tend to incriminate the person.

Division 5—Registrar may refer matter to the Supreme Court**25 Referral to Supreme Court from inquiry**

(1) If, in an inquiry under division 4, a person—

- (a) fails to attend as required by a notice given under section 23; or
- (b) fails to continue to attend as required by the registrar; or
- (c) fails to take an oath or make an affirmation when required by the registrar; or
- (d) fails to answer a question the person is required to answer by the registrar; or
- (e) fails to produce a document or thing the person is required to produce by a notice under section 23;

the registrar may apply to the Supreme Court for an order to compel the person to comply with the notice or requirement.

(2) The Supreme Court may make any order to assist the registrar in the registrar's conduct of the inquiry that the Supreme Court considers appropriate.

26 Other referrals by the registrar to the Supreme Court

In any matter under this Act, the registrar may—

- (a) apply to the Supreme Court for directions; or
- (b) state a case for decision by the Supreme Court.

PART 3—FREEHOLD LAND REGISTER***Division 1—General*****27 Registrar must keep register**

The registrar must keep a register of freehold land (the “**freehold land register**”).

28 Particulars the registrar must record

(1) The registrar must record in the freehold land register the particulars necessary to identify—

- (a) every lot brought under this Act; and
- (b) every interest registered in the register; and
- (c) the name of the person who holds, and the name of each person who has held, a registered interest; and
- (d) if the person who holds a registered interest is a minor—the minor's date of birth; and
- (e) all instruments registered in the register and when they were lodged and registered.

(2) The registrar must also record in the freehold land register anything else required to be recorded by this or another Act.

29 Particulars the registrar may record

(1) The registrar may record in the freehold land register anything that the registrar is permitted to record by this or another Act.

(2) The registrar may also record in the freehold land register anything that the registrar considers should be recorded to ensure that the register is an accurate, comprehensive and useable record of freehold land in the State.

30 Registrar must register instruments

(1) On lodgment of an instrument, the registrar must register the instrument if—

- (a) the person who lodged it complies with the requirements of this Act for its registration; and
- (b) the instrument is not inconsistent with another Act or law.

(2) However, subsection (1) does not prevent the person from withdrawing the instrument.

31 Instruments form part of the freehold land register

On registration of an instrument in the freehold land register, the instrument forms part of the register.

32 Registrar must give distinguishing reference to each instrument

In registering an instrument affecting a lot, the registrar must give the instrument a distinguishing reference and record the reference in the particulars in the freehold land register about the lot.

33 Separate part of the freehold land register for powers of attorney

The registrar must keep a separate part of the freehold land register for registered powers of attorney.

34 Other information not part of the freehold land register

The registrar may keep separately from the freehold land register information that the registrar considers necessary or desirable for the effective or efficient operation of the register.

35 Entitlement to search register

(1) At any time when an office of the land registry is open for business and on payment of the fee prescribed by regulation, a person may—

- (a) search and obtain a copy of—
 - (i) the indefeasible title of a lot; or
 - (ii) a registered instrument; or
 - (iii) an instrument that has been lodged but is not registered (whether or not it has been cancelled); or
 - (iv) information kept under this Act; and
- (b) obtain a copy of the indefeasible title of a lot, or a registered instrument, certified by the registrar to be an accurate copy.

(2) Subsection (1)(a)(iii) does not apply to an instrument that has been destroyed by the registrar.

36 Evidentiary effect of certified copies of documents

(1) A document purporting to be a certified copy of the indefeasible title of a lot obtained under section 35(1)(b) is evidence of the indefeasible title.

(2) A document purporting to be a certified copy of a registered instrument obtained under section 35(1)(b) is evidence of the registered instrument.

*Division 2—Indefeasible title***37 Creation of indefeasible title**

An indefeasible title for a lot is created on the recording of the particulars of the lot in the freehold land register.

38 Meaning of “indefeasible title”

The indefeasible title for a lot is the current particulars in the freehold land register about the lot.

39 Single indefeasible title for 2 or more lots

(1) The registrar may create a single indefeasible title for 2 or more lots that have the same registered owner by including a single set of particulars for the lots in the freehold land register.

(2) The registrar may act under this section if the registrar considers that, in the special circumstances of the case, it is appropriate for the lots to have a single indefeasible title.

(3) Without limiting subsection (2), the registrar may act under this section if the lots—

- (a) share a common boundary; or
- (b) have a boundary that adjoins the same part of a road or watercourse.

40 Separation of single indefeasible title for 2 or more lots

(1) If the registrar has created a single indefeasible title for 2 or more lots, the registrar may create separate indefeasible titles for any of the lots

by cancelling the single set of particulars for the lots in the freehold land register and including separate particulars for the lots.

(2) This section does not prevent the registrar from also acting under section 39 for 2 or more of the lots.

41 Transfer of land forming part of indefeasible title

If the registrar registers an instrument of transfer for only part of the land in the indefeasible title of a lot, the registrar must create separate indefeasible titles for the part of the land that is transferred, and the part that is not transferred, by cancelling the particulars for the lot in the freehold land register and including separate particulars for each of the parts in the register.

Division 2A—Indefeasible title for common property

41A Creation of indefeasible title for common property

When a community titles scheme is established, the registrar must create an indefeasible title for the common property for the scheme.

41B Meaning of “indefeasible title” for common property

The “**indefeasible title**” for common property is the current particulars in the freehold land register about the common property.

41BA Ownership of common property

(1) Common property for a community titles scheme is owned by the owners of the lots included in the scheme, as tenants in common, in shares proportionate to the interest schedule lot entitlements of their respective lots.

(2) Subsection (1) applies even though, under section 41A, the registrar creates an indefeasible title for the common property.

(3) An owner’s interest in a lot is inseparable from the owner’s interest in the common property.

Examples for subsection (3)—

1. A dealing affecting the lot affects, without express mention, the interest in the common property.
2. An owner can not separately deal with or dispose of the owner's interest in the common property.

41C Application of provisions of Act to common property

(1) In this Act, a reference to a lot is taken to include a reference to common property.

(2) However, subsection (1) has effect only to the extent necessary to allow for the registration, and appropriate recognition under this Act, of dealings that—

- (a) affect common property (including dealings affecting interests in common property); and
- (b) are consistent with the BCCM Act.

(3) In particular, subsection (1) has effect subject to the following principles—

- there can be no certificate of title issued for common property
- there can be no registered owner for common property (although the body corporate for the community titles scheme that includes the common property is taken to be the registered owner for dealings affecting the fee simple interest in the common property)
- the fee simple interest in the common property for a community titles scheme can not be the subject of sale or transfer (although a part of the common property might be the subject of transfer after the registration of an appropriate plan of subdivision and the recording of a new community management statement)
- the fee simple interest in common property can not be the subject of a mortgage (although a lesser interest able to be created over common property, for example, a lease, might be the subject of a mortgage).

(4) Without limiting subsections (2) and (3), subsection (1) has no application for the purpose of the following provisions—

- this Act's definition of "lot"
- division 2.

Division 3—Certificates of title

42 Issuing of certificates of title

(1) The registrar must issue a certificate containing the indefeasible title for a lot (the “**certificate of title**”) if asked in writing by the registered owner.

(2) However, if the lot is subject to a registered mortgage, the registrar may issue the certificate of title only if the mortgagee consents to the issue of the certificate.

(3) Also, if an instrument has been lodged to register an interest in the lot, the registrar may refuse to issue the certificate of title until the instrument has been registered.

(4) The registrar must give the certificate of title to the person stated in the owner’s request.

43 Certification to be included in certificate of title

The certificate must be certified by the registrar as an accurate statement of the current particulars in the freehold land register about the lot.

44 Note about issue of certificate of title etc.

If the registrar issues a certificate of title for a lot, the registrar—

- (a) must make a note in the particulars for the lot in the freehold land register that the certificate has been issued; and
- (b) may issue a second certificate only if the first certificate is cancelled.

45 Cancellation of certificate of title on deposit

Unless the registrar otherwise directs, a certificate of title that is deposited in the land registry is cancelled, whether or not a note of the cancellation is made on it.

46 Evidentiary effect of certificate of title

A certificate of title of a lot is conclusive evidence of the indefeasible title for the lot when it is issued—

- (a) other than in the circumstances described in sections 184(3)(b) and 185(1)(c) to (g); or
- (b) except as far as the particulars specified in the certificate in fact differ from the indefeasible title.

PART 4—REGISTRATION OF LAND*Division 1—Alienation of State land***47 Alienated State land to be registered**

(1) If land is alienated from the State, the deed of grant for the land must be lodged in the land registry.

(2) The registrar must register the deed of grant by recording the particulars of the grant in the freehold land register.

(3) On the registration of the deed of grant, an indefeasible title is created for the relevant lot.

*Division 2—Land held by State***48 Land held by the State**

The State may, under this Act, acquire, hold and deal with lots.

*Division 2A—Format of plans of survey***48A Available formats for plans**

(1) A plan of survey may be in a standard, building or volumetric format.

(2) The format to be used in the plan depends on how the plan is to define the land to which it relates.

48B Standard format plan

A “**standard format**” plan of survey defines land using a horizontal plane and references to marks on the ground.

Example of marks—

Posts in the ground.

48C Building format plan

(1) A “**building format**” plan of survey defines land using the structural elements of a building, including, for example, floors, walls and ceilings.

(2) For subsection (1)—

“**structural elements**”, of a building, includes projections of, and references to, structural elements of the building.

Example for subsection (2)—

Projections might be used to define a lot that includes a balcony, courtyard, roof garden or other area not bounded, or completely bounded, by a floor, walls and a ceiling.

48D Volumetric format plan

A “**volumetric format**” plan of survey defines land using 3 dimensionally located points to identify the position, shape and dimensions of each bounding surface.

Division 2B—Explanatory format plans

48E Explanatory format plan

(1) The registrar may approve the lodging of a plan relating to an interest in land other than a plan of survey in standard, building or volumetric format (an “**explanatory format plan**”) if the registrar is satisfied the land to which the interest relates may be accurately defined using—

(a) information already held in the land registry; or

(b) other information giving a high level of accuracy about the extent of the interest.

(2) The registrar may give directions about the form of an explanatory format plan.

(3) An explanatory format plan must be in the form directed by the registrar.

(4) Lodging an explanatory format plan, approved under this section, is sufficient compliance with a requirement under this Act to lodge a plan of survey in standard, building or volumetric format.

Division 3—Plans of subdivision

49 Meaning of “plan of subdivision”

A “**plan of subdivision**” is a plan of survey providing for 1 or more of the following—

- (a) division of 1 or more lots;
- (b) amalgamation of 2 or more lots to create a smaller number of lots;
- (c) dedication of land to public use;
- (d) redefinition of a lot on a resurvey.

49A Plan of subdivision may be registered

(1) A plan of subdivision may be registered.

(2) A lot defined in the plan is created as a lot when the plan is registered.

49B Standard format plan of subdivision

(1) This section applies to a standard format plan of subdivision.

(2) Common property for a community titles scheme may be created under the plan, but only if—

- (a) the plan also creates 2 or more lots; or

- (b) the common property created is additional to common property already existing under the community titles scheme.

(3) The plan may create a lot from common property, other than common property created under—

- (a) a building format plan of subdivision, and within structural elements of a building; or
- (b) a volumetric format plan of subdivision.

49C Building format plan of subdivision

(1) This section applies to a building format plan of subdivision.

(2) Common property for a community titles scheme must be created under the plan unless the plan divides a lot, or amalgamates 2 or more lots, on an existing registered building format plan of subdivision.

(3) Two or more lots must be created under the plan unless—

- (a) the plan amalgamates 2 or more lots on an existing registered building format plan of subdivision; or
- (b) common property for a community titles scheme is created under the plan, and the common property created is additional to common property already existing under the community titles scheme.

(4) Except to the extent permitted under directions of the registrar about the required format for a building format plan of subdivision, the boundary of a lot created under the plan, and separated from another lot or common property by a floor, wall or ceiling, must be located at the centre of the floor, wall or ceiling.

49D Volumetric format plan of subdivision

(1) This section applies to a volumetric format plan of subdivision.

(2) Common property for a community titles scheme may be created under the plan, but only if—

- (a) the plan also creates 2 or more lots; or
- (b) the common property created is additional to common property already existing under the community titles scheme.

(3) The plan may divide a lot on a standard, building or volumetric format plan of subdivision.

49DA Creation of common property

If scheme land for a community titles scheme is to be subdivided by a plan of subdivision under sections 49B to 49D to create common property, the registration of the plan and recording of the new community management statement for the scheme operate, without anything further, to create the common property.

49E Division of lot on standard format plan of subdivision

(1) This section applies if a building or volumetric format plan of subdivision divides a standard format lot, creating 2 or more lots.

(2) If, after the division, a created lot continues to be defined using a horizontal plane and references to marks on the ground, the created lot is a standard lot.

50 Requirements for registration of plan of subdivision

A plan of subdivision must—

- (a) distinctly show all roads, parks, reserves and other proposed lots that are to be public use land; and
- (b) include a statement agreeing to the plan and dedicating the public use land by—
 - (i) the registered owner; or
 - (ii) if the mortgagee of the registered owner is in possession—the mortgagee in possession; and
- (c) show all proposed lots marked with separate and distinct numbers; and
- (ca) distinctly show all proposed common property; and
- (d) show all proposed easements marked with separate and distinct letters; and
- (e) comply with the *Surveyors Act 1977*; and
- (f) be certified as accurate by a licensed surveyor; and

- (g) have been approved by the local government concerned, unless the plan of subdivision provides only for—
 - (i) the amalgamation of 2 or more lots to create a smaller number of lots; or
 - (ii) the redefinition of a lot on a resurvey; or
 - (iii) under the BCCM Act, chapter 2, part 4, division 2,¹ the incorporation of a lot with common property or conversion of lessee common property within the meaning of that Act; and
- (h) if the plan of subdivision provides for the division of 1 or more lots, or the dedication of land to public use—have been approved by the local government concerned; and
- (i) comply with directions of the registrar about the required format for a plan of subdivision; and
- (j) be consented to by all registered mortgagees of each lot the subject of the plan and all other registered proprietors whose interests are affected by the plan.

51 Dedication of public use land in plan

(1) The dedication of a lot to public use in a plan of subdivision must be of the registered proprietor's whole interest in the lot other than for any part of the lot reserved to the registered proprietor.

(2) If the dedication is for a road, the registration of the plan operates, without anything further, to open the road for the *Land Act 1994*.

(3) If the dedication is for a public use other than a road, on registration of the plan, without anything further, the lot becomes unallocated State land under the *Land Act 1994*.

52 Particulars to be recorded on registration of plan

In registering a plan of subdivision, the registrar must record in the freehold land register particulars of—

¹ BCCM Act, chapter 2 (Basic operation of community titles schemes), part 4 (Common property), division 2 (Body corporate acquisition of, and dealing with, lot included in its own scheme)

- (a) each proposed lot that is not public use land; and
- (b) to the extent that it is practicable—common property created under the plan.

53 Lodged plan that is withdrawn and re-lodged

If a plan of subdivision is lodged within the time specified in the *Integrated Planning Act 1997*, section 3.7.6 and is withdrawn and re-lodged under section 159, it must be treated for the purposes of sections 175 and 178 to have been lodged when it was first lodged.

54 Division excluding road or watercourse

(1) A lot may be divided by a plan of subdivision, even though there is a road or watercourse within the boundaries of the lot that is not part of the lot.

(2) However, the road or watercourse is not included in any lot created by the plan of subdivision, even though it may be within the boundaries of the lot.

Division 4—Building management statements

54A Building management statement may be registered

- (1) A building management statement may be registered.
- (2) A “**building management statement**” is an instrument that—
 - (a) identifies lots to which it applies; and
 - (b) contains provisions benefiting and burdening the lots to which it applies; and
 - (c) otherwise complies with the requirements of this division for a building management statement.
- (3) The lots to which a building management statement applies must be lots wholly or partly contained in, or wholly or partly containing, a building.

54B Circumstances under which building management statement may be registered

(1) A building management statement may be registered if—

- (a) the statement is signed by the registered owners of all lots to which the statement applies; and
- (b) the statement complies with directions of the registrar about the required format for a building management statement.

(2) The lots to which a building management statement applies must comprise—

- (a) 2 or more volumetric format lots; or
- (b) 1 or more volumetric format lots, and 1 or more standard format lots.

54C Content of building management statement

(1) A building management statement must contain provisions about the following—

- (a) the supply of services to lots;
- (b) rights of access to lots;
- (c) rights of support and shelter;
- (d) insurance arrangements.

(2) A building management statement may contain provisions about the following—

- (a) establishment and operation of a management group;
- (b) imposition and recovery of levies, how levy amounts are to be kept and how levy amounts are to be spent;
- (c) property maintenance;
- (d) architectural and landscaping standards;
- (e) dispute resolution;
- (f) rules for common services and facilities;
- (g) administrative arrangements;
- (h) arrangements for accomplishing the extinguishment of the statement.

(3) To avoid doubt, it is declared that a right of access, support or shelter, or other right in the nature of an easement, under a building management statement may operate according to its terms, and may be effective, despite the absence of a formal registered easement establishing the right.

(4) A dispute resolution provision under a building management statement may operate to require the referral of a dispute arising under the building management statement other than to a court, but the provision is ineffective to the extent that it purports to operate to stop final determination of the dispute in a court of competent jurisdiction.

54D Registration of building management statement

(1) When registering a building management statement, the registrar must record a reference to the statement on the indefeasible title for each lot to which the statement relates.

(2) However the registrar is not obliged to examine, but may examine, a building management statement for its validity, including, in particular, its consistency with any plan of subdivision, or its compliance with the requirements for a building management statement.

54E Amending a building management statement

(1) A building management statement may be amended by registering an instrument of amendment of the building management statement.

(2) The instrument of amendment must be signed by the registered owner of all lots to which the building management statement applies.

(3) The instrument of amendment must not change the lots to which it applies.

54F Building management statement if lots owned by 1 registered owner

A building management statement may be registered even if all the lots to which it applies have the one registered owner.

54G One person becoming registered owner of all lots

If the one person becomes the registered owner of all lots to which a building management statement applies, the building management statement is extinguished only if the registered owner asks the registrar to extinguish it.

54H Extinguishing a building management statement

(1) A building management statement may be extinguished by registering an instrument of extinguishment of the building management statement.

(2) The instrument of extinguishment must be signed by the registered owners of all lots to which the building management statement applies.

(3) However, a building management statement may be extinguished only if all registered mortgagees of lots to which the building management statement applies consent to the extinguishment.

54I Lots constituted by community titles schemes

For the operation of this division—

- (a) a lot could be constituted by the scheme land for a community titles scheme (other than a subsidiary scheme); and
- (b) for the signing of a building management statement, or an instrument of amendment or extinguishment of a building management statement, by the registered owner of a lot—signing by the body corporate for the community titles scheme whose scheme land constitutes the lot is sufficient.

PART 5—JOINT HOLDERS IN A LOT**55 Registering life interests and remainders**

The registrar may record in the freehold land register an interest in a lot for life and an interest in remainder in the way the registrar considers appropriate.

56 Registering co-owners

(1) In registering an instrument transferring an interest to co-owners, the registrar must also register the co-owners as holding their interests as tenants in common or as joint tenants.

(2) If the instrument does not show whether co-owners are to hold as tenants in common or as joint tenants, the registrar must register the co-owners as tenants in common.

57 Separate indefeasible titles for tenants in common

(1) If a lot is, or is to be held, by 2 or more registered owners as tenants in common, the registrar may create a separate indefeasible title for the interest of each owner by including a separate set of particulars in the freehold land register for the interest of each owner.

(2) The registrar may act under this section at the request of an owner.

58 Time share schemes

If a registered owner of a lot subject to a time share scheme proposes to transfer to each participant in the scheme an interest as tenant in common with other participants, the registrar may create in the name of the registered owner—

- (a) separate indefeasible titles for each interest by including a separate set of particulars in the freehold land register for each interest; or
- (b) a single indefeasible title for several interests by including a single set of particulars in the freehold land register for the interests.

59 Severing joint tenancy

(1) A registered owner of a lot subject to a joint tenancy may unilaterally sever the joint tenancy by registration of a transfer executed by the registered owner.

(2) However, the registrar may register the instrument of transfer only if a registered owner satisfies the registrar that a copy of the instrument has been given to all other joint tenants.

(3) On registration of the instrument of transfer, the registered owner becomes entitled as a tenant in common with the other registered owners.

(4) If there are more than 2 joint tenants of the lot, the joint tenancy of the other registered owners is not affected.

PART 6—DEALINGS DIRECTLY AFFECTING LOTS

Division 1—Transfers

60 Registering a transfer

(1) A lot or an interest in a lot may be transferred by registering an instrument of transfer for the lot or interest.

(2) To remove any doubt, part of a lot may not be transferred.

61 Requirements of instrument of transfer

(1) An instrument of transfer for a lot or an interest in a lot must—

- (a) be validly executed; and
- (b) include particulars sufficient to identify—
 - (i) the lot to be transferred; or
 - (ii) the lot to which the interest applies; and
- (c) include an acknowledgment of the amount paid or details of other consideration; and
- (d) for an interest in a lot—include a description sufficient to identify the interest to be transferred.

(2) Subsection (1) does not limit the matters that the appropriate form for an instrument of transfer may require to be included in the instrument.

62 Effect of registration of transfer

(1) On registration of an instrument of transfer for a lot or an interest in a lot, all the rights, powers, privileges and liabilities of the transferor in relation to the lot vest in the transferee.

(2) Without limiting subsection (1), the registered transferee of a registered mortgage is bound by and liable under the mortgage to the same extent as the original mortgagee.

(3) Without limiting subsection (1), the registered transferee of a registered lease is bound by and liable under the lease to the same extent as the original lessee.

(4) In this section—

“rights”, in relation to a mortgage or lease, includes the right to sue on the terms of the mortgage or lease and to recover a debt or enforce a liability under the mortgage or lease.

63 Transfer of mortgaged lot

(1) If a lot, or an interest in a lot, subject to a registered mortgage is transferred, the transferee is liable—

- (a) to comply with the terms of the mortgage and the terms implied by an Act; and
- (b) to indemnify the transferor against liability under the mortgage and under this or another Act.

(2) If a lot is transferred to a mortgagee of the lot, the registrar must register the mortgagee as registered owner released from the mortgage.

(3) The registrar must act under subsection (2) unless the mortgagee asks the registrar not to act under the subsection.

*Division 2—Leases***64 Registering a lease**

A lot or part of a lot may be leased by registering an instrument of lease for the lot or part.

65 Requirements of instrument of lease

(1) An instrument of lease for a lot or part of a lot must—

- (a) be validly executed; and
- (b) include a description sufficient to identify the lot or part of the lot to be leased; and
- (c) include an acknowledgment of the amount paid or details of other consideration.

(2) If the instrument of lease is for part of the lot, the instrument must also include—

- (a) a sketch plan identifying the part of the lot drawn to a standard to the registrar's satisfaction; or
- (b) if required by the registrar—a plan of survey identifying the part of the lot.

(3) However, the registrar may allow the part of the lot to be identified by a description alone if the registrar is satisfied the part of a lot is sufficiently identified by the description in the instrument.

(3A) If the instrument of lease (other than a lease of all or part of a building) is for the reconfiguration of a lot within the meaning of the *Integrated Planning Act 1997*, the instrument must have been approved by the local government.

- (3) Land can not be common property for more than 1 community titles scheme.
- (4) For each community titles scheme, there must be—
 - (a) at least 2 lots; and
 - (b) common property; and
 - (c) a single body corporate; and
 - (d) a single community management statement.
- (5) A community titles scheme is a “**basic scheme**” if all the lots mentioned in subsection (2)(a) are lots under this Act.

(6) However, under this part, a lot may be, for its inclusion in a community titles scheme other than a basic scheme, another community titles scheme.³

115C Meaning of “layered arrangement of community titles schemes”

(1) A “**layered arrangement of community titles schemes**” is a grouping of community titles schemes—

(a) in which there is 1 community titles scheme (the “**principal scheme**”)⁴ that—

(i) is not a lot included in another community titles scheme; and

(ii) is made up of—

(A) the scheme land for all other community titles schemes in the grouping; and

(B) its own common property; and

(C) each lot, if any, that is not a community titles scheme, but that is included in the scheme; and

(b) in which there is at least 1 basic scheme; and

(c) in which there may or may not be 1 or more community titles schemes located between the principal scheme and each basic scheme.

(2) Each community titles scheme, other than the principal scheme, in a layered arrangement of community titles schemes—

(a) is a subsidiary scheme for the principal scheme; and

(b) unless it is a lot included in the principal scheme, may also be a subsidiary scheme for another community titles scheme forming part of the layered arrangement.

(3) A “**subsidiary scheme**”, for a community titles scheme (“**scheme A**”), is a community titles scheme the scheme land for which forms part of the scheme land for scheme A.

3 BCCM Act, schedule 1 (Illustrations) contains examples of possible structures of community titles schemes.

4 See BCCM Act, schedule 1, parts 2 and 3 for examples of layered arrangements of community titles schemes.

(4) In this Act, the expression “**included in**”, if used in the context of the inclusion of a lot in a community titles scheme—

- (a) establishes the relationship the lot has to the scheme; and
- (b) in general terms, is used to establish that the lot is directly a part of the scheme, rather than only indirectly a part of the scheme.

(5) The diagram and notes in the BCCM Act, schedule 1, part 3⁵ illustrate more comprehensively how the expression ‘included in’ is used.

115D Provisions about lots that are community titles schemes

If a community titles scheme (“**scheme A**”) includes a lot that is another community titles scheme (“**scheme B**”)—

- (a) a reference in this Act to the owner of the lot is a reference to the body corporate for scheme B; but
- (b) a reference in this Act to a lot included in scheme A does not include a reference to scheme B if the provision is about—
 - (i) the subdivision of a lot; or
 - (ii) the indefeasible title for a lot; or
 - (iii) a lease or mortgage of a lot; or
 - (iv) the occupier or registered proprietor of a lot.

Division 2—Names of community titles schemes

115E Names of community titles schemes

(1) The registrar may refuse to record a community management statement for a community titles scheme if the scheme’s identifying name shown in the statement is—

- (a) the identifying name in the community management statement for another community titles scheme; or

5 BCCM Act, schedule 1 (Illustrations), part 3 (Example of more complex layered arrangement of schemes)

- (b) a name reserved under this division, other than a name reserved by the person seeking to record the community management statement; or
- (c) a name reserved under the *Building Units and Group Titles Act 1980*, section 120;⁶ or
- (d) a name reserved under the *South Bank Corporation Act 1989*;⁷ or
- (e) in the registrar's opinion formed on reasonable grounds, undesirable.

(2) The registrar must allocate a unique identifying number for a scheme when the first community management statement is recorded for the scheme.

115F Reservation of name

(1) The registrar may, on application, reserve a name stated in the application as the identifying name to be shown in the community management statement for a proposed community titles scheme.

(2) The reservation must identify the proposed scheme land for the proposed scheme.

(3) The registrar must reserve the name unless satisfied he or she would refuse to record a community management statement showing the name.

115G Period of reservation

(1) The reservation of an identifying name for a proposed community titles scheme is for an initial period of 2 years and may be extended by the registrar, but only once, for an additional period of 1 year.

(2) The extension may be given only on an application made, within the initial period, by the person for whom the name is reserved.

(3) However, the reservation ends if—

- (a) the person withdraws the reservation; or

⁶ *Building Units and Group Titles Act 1980*, section 120 (Reservation of name)

⁷ See *South Bank Corporation Act 1989*, schedule 7, section 9(3A).

- (b) a community titles scheme is established and the reserved name is the identifying name shown in the community management statement for the scheme.

Division 3—Scheme land

115H Single area for scheme land

(1) Scheme land for a community titles scheme must be made up of a single, continuous area of land.

(2) Scheme land is taken to be made up of a single, continuous area of land even if—

- (a) a lot is subdivided under section 54;⁸ or
- (b) if paragraph (a) does not apply—there is nevertheless a road or watercourse within the external boundaries of the scheme land.

(3) However, a community titles scheme may be established with scheme land not made up of a single, continuous area of land if all lots that become the scheme land are—

- (a) created under a single plan of subdivision; or
- (b) in the opinion of the registrar formed on reasonable grounds, located within an area that is sufficiently limited to ensure the scheme can be administered under the BCCM Act efficiently and effectively as a single scheme.

(4) Nevertheless, if subsection (3) applies, and the scheme is later changed to include additional lots or common property, each of the additional lots or common property must form a single, continuous area of land with a part of the scheme land in existence for the scheme immediately before the inclusion of the additional lots or common property.

115I Enlarging the number of lots through progressive subdivision

(1) This section applies to a basic scheme for which an application for development approval is made under the *Integrated Planning Act 1997* on or after the commencement of this section.

8 Section 54 (Division excluding road or watercourse)

(2) The number of lots included in the scheme may be increased through the progressive subdivision of lots to create further lots included in the scheme.⁹

(3) Subject to subsection (4), the lots may be subdivided by plans of subdivision of a different format from the plan of subdivision that created the original lots if the subdivision is to create a layered arrangement of community titles schemes.

(4) The lots may be subdivided by plans of subdivision of a different format from the plan of subdivision that created the original lots, without creating a layered arrangement of community titles schemes, if each of the following apply to the scheme—

- (a) the community management statement states that the lots included in the scheme are to be subdivided by different format plans of subdivision;
- (b) the lots are subdivided by different format plans of subdivision;
- (c) the contribution schedule lot entitlements equitably reflect the difference in the maintenance requirements of the standard format lots, building format lots and volumetric format lots.

Division 4—Community management statements

115J Lodging request to record a new statement

(1) A request to record a new community management statement for a community titles scheme must be lodged when a new plan of subdivision affecting the scheme (including affecting a lot in, or the common property for, the scheme) is lodged.

(2) A request to record a new community management statement for a community titles scheme may be lodged, and the new statement may be recorded for the scheme, even though a plan of subdivision is not lodged, if all plans of subdivision relating to the scheme, and the new statement, will still be consistent after the new statement is recorded.

⁹ BCCM, schedule 1 (Illustrations), part 4 (Example of progressive subdivision for creating more lots in a scheme) gives an example of the operation of this section.

115K Recording community management statements

- (1) The registrar may record a community management statement if—
- (a) a request to record the statement is lodged; and
 - (b) the statement is deposited with the request; and
 - (c) the statement complies with the directions of the registrar about the required format for a community management statement; and
 - (d) the statement otherwise complies with—
 - (i) section 115H; and
 - (ii) the requirements of the BCCM Act for a community management statement; and
 - (e) for a new community management statement—the body corporate’s consent to the recording of the new statement is endorsed on the statement.

(2) A community management statement is not an instrument under this Act.

(3) However, a request to record a community management statement is an instrument, and is lodged, under this Act.

(4) An interest created under a community management statement recorded under subsection (1) does not have effect as a registered interest.

115L When registrar records community management statement

(1) When the registrar records a community management statement for a community titles scheme, the registrar must—

- (a) give the statement a unique identifying number; and
- (b) record a reference to the community management statement, including its unique identifying number, on—
 - (i) the indefeasible title for each lot that is scheme land; and
 - (ii) the indefeasible title for any common property that is scheme land.

(2) However—

- (a) the registrar is not obliged to examine, but may examine, a community management statement for its validity, including, in particular, its—

- (i) consistency with any plan of subdivision; or
 - (ii) compliance with the requirements for a community management statement; and
- (b) it must not be presumed that a community management statement is valid or enforceable, including, for example, that the by-laws for the scheme included in the statement are valid and enforceable, because the registrar records it; and
- (c) neither the validity nor the enforceability of a community management statement, as recorded by the registrar, is guaranteed by the State.

(3) The community management statement takes effect when it is recorded by the registrar as the community management statement for the scheme.

Division 5—Statutory easements

115M Application of div 5

(1) This division provides for easements for lots included in, and common property for, a community titles scheme.

(2) However, subject to subsection (3), this division applies to the scheme only if the lots included in the scheme are lots on—

- (a) a building format plan of subdivision; or
- (b) a volumetric format plan of subdivision; or
- (c) a standard format plan of subdivision registered under this Act on or after 13 July 1997.

(3) If a lot is a standard format lot in a community titles scheme intended to be developed progressively and there are no buildings on the lot, this division applies for the lot.

(4) This division has effect for the scheme subject to the provisions of an easement established under another part of this Act.

115N Easements for support

- (1) An easement of lateral or subjacent support exists—

- (a) in favour of a lot against another lot capable of supplying lateral or subjacent support; and
- (b) in favour of a lot against common property capable of supplying lateral or subjacent support; and
- (c) in favour of common property against a lot capable of supplying lateral or subjacent support; and
- (d) in favour of common property against other common property capable of supplying lateral or subjacent support.

(2) An easement for support under subsection (1)—

- (a) entitles the owner of a lot (“**lot X**”) to enter a lot or common property supplying support to lot X under the easement to maintain or replace any support; and
- (b) entitles the body corporate to enter a lot or common property supplying support to common property under the easement to maintain or replace any support.

(3) An easement for support under subsection (1) subsists until the scheme no longer exists.

115O Easements in favour of lots for utility services and utility infrastructure

(1) An easement exists in favour of a lot and against other lots and common property for supplying utility services to the lot and establishing and maintaining utility infrastructure reasonably necessary for supplying the utility services.

(2) However, the exercise of rights under the easement must not interfere unreasonably with the use or enjoyment of the lot or part of common property against which the easement lies.

115P Easements for utility services and utility infrastructure

(1) An easement exists in favour of common property and against the lots for supplying utility services to the common property and establishing and maintaining utility infrastructure reasonably necessary for supplying utility services to the common property.

(2) However, the exercise of rights under the easement must not interfere unreasonably with the use or enjoyment of the lots against which the easement lies.

115Q Easements for shelter

(1) An easement entitling the owner of a lot to have the lot sheltered by parts of a building within scheme land necessary to supply shelter exists against the lots or parts of common property where the relevant parts of the building are situated.

(2) The easement for shelter under subsection (1) entitles the owner of the lot to enter a lot or common property supplying shelter under the easement to maintain or replace the shelter.

115R Easements for projections

(1) If eaves, guttering, drainpipes, awnings, window sills, or other minor parts of a building within a lot (“**lot A**”) project over the boundaries of another lot (“**lot B**”) or common property, an easement exists in favour of lot A and against the part of lot B or common property over which the projection lies, permitting the projection.

(2) The easement entitles the owner of lot A to enter lot B or the common property to maintain or replace the building parts.

115S Easement for maintenance of building close to boundary

(1) If a building is on the boundary of a lot (“**lot A**”) or so close to the boundary of lot A that maintenance or replacement of the building is not able to be carried out without entering another lot (“**lot B**”) or common property, an easement exists in favour of lot A and against lot B or the common property.

(2) The easement entitles the owner of lot A to enter lot B or common property to carry out the maintenance or replacement.

***Division 6—Changes to community titles schemes
under reinstatement process***

115T Registration for changes to scheme under approved reinstatement process

(1) If an approved reinstatement process provides for a change to a community titles scheme, the body corporate must lodge—

- (a) if appropriate, having regard to the approved reinstatement process, or a community management statement mentioned in paragraph (b)—a plan of subdivision reflecting the approved reinstatement process; and
- (b) if appropriate, having regard to the approved reinstatement process, or a plan of subdivision mentioned in paragraph (a)—a request to record a new community management statement; and
- (c) a true copy of the approved reinstatement process.

(2) If an approved reinstatement process provides for a change to subdivisional arrangements (not including a change to a community titles scheme), the owners of lots the subject of the approved reinstatement process must lodge—

- (a) if appropriate, having regard to the approved reinstatement process—a plan of subdivision reflecting the approved reinstatement process; and
- (b) a true copy of the approved reinstatement process.

(3) In this section—

“**approved reinstatement process**” means a process, approved under the BCCM Act, section 69 or 70,¹⁰ for reinstating a building.

Division 7—Terminating community titles schemes

115U Instruments required for terminating scheme

(1) If a community titles scheme is to be terminated, a plan cancelling the lots in the scheme must be lodged.

¹⁰ BCCM Act, section 69 (Reinstatement process under court approval) or 70 (Reinstatement process under resolution without dissent)

(2) The plan must be lodged by or for—

- (a) the body corporate; or
- (b) if the District Court made an order under the BCCM Act, section 75(2), for terminating the scheme—a person on whose application the court made the order.

(3) The plan must be accompanied by, as well as any other instrument required under this Act, a copy of—

- (a) if the scheme is terminated under a resolution of the body corporate—the resolution to terminate the scheme, and any agreement entered into about termination issues; or
- (b) if the scheme is terminated under an order of the District Court—the order.

(4) In this section—

“**termination issues**” see the BCCM Act, schedule 4.¹¹

115V Recording termination of scheme

(1) If section 115U is complied with, the registrar must record the cancellation of the community management statement, and must also—

- (a) register the termination in the freehold land register; and
- (b) cancel the particulars (other than particulars of easements, covenants and other dealings capable of being maintained against scheme land after termination of the scheme) recorded in the freehold land register about scheme land.

(2) The termination takes effect when the registrar completes the action mentioned in subsection (1).

¹¹ BCCM Act, schedule 4—

“**termination issues**” means—

- (a) the disposal, and disposition of proceeds from the disposal, of the land that, immediately before the termination of a community titles scheme, is scheme land; and
- (b) custody, management and distribution (including the disposal, and disposition of proceeds from the disposal) of items of property that, immediately before the termination of a community titles scheme are body corporate assets; and
- (c) the sharing of liabilities that, immediately before the termination of a community titles scheme, are liabilities of the body corporate.

(3) On the termination of the scheme, the registrar must create 1 or more indefeasible titles for all land that, immediately before the termination, was scheme land.

(4) The registered owners for a title mentioned in subsection (3)—

- (a) are the persons (“**former owners**”) who, immediately before the scheme’s termination, were the owners of the scheme land; and
- (b) must be recorded as tenants in common in the shares proportionate to their respective interest schedule lot entitlements immediately before the termination.

(5) If a lot included in the scheme was subject to a mortgage immediately before the scheme was terminated, the former owner’s interest in the land as tenant in common is subject to the mortgage.

Division 8—Amalgamating community titles schemes

115W Request to record amalgamation of schemes

(1) A request to record the amalgamation of 2 or more community titles schemes (“**scheme A**” and “**scheme B**”) must be lodged.

(2) The request must be—

- (a) signed by or for the body corporate for scheme A or scheme B; and
- (b) lodged by or for—
 - (i) the bodies corporate for schemes A and B; or
 - (ii) if the District Court made an order under the BCCM Act, section 82(3), for amalgamating the schemes—a person on whose application the court made the order.

(3) The request must be accompanied by each of the following—

- (a) a copy of each resolution, or the order, for the amalgamation of schemes A and B;
- (b) the community management statement intended to be recorded for the single, newly established, community titles scheme formed, or to be formed from the amalgamation (“**scheme C**”), showing the appropriate consents and notifications;

- (c) if schemes A and B are lots included in another community titles scheme and the existing statement for the other scheme is not consistent with the amalgamation of schemes A and B—a new community management statement for the other scheme;
- (d) any other instrument required under this Act.

115X Recording amalgamation of schemes

(1) If the request to record the amalgamation of schemes A and B complies with the BCCM Act (including with an order of the District Court made under that Act about the amalgamation), the registrar must—

- (a) record the cancellation of the community management statements for schemes A and B; and
- (b) record the community management statement for scheme C and any other community management statement accompanying the request; and
- (c) register the amalgamation in the freehold land register.

(2) The amalgamation takes effect when the registrar completes the action mentioned in subsection (1).

Division 9—Creating a layered arrangement of community titles schemes from basic schemes

115Y Request to record creation of layered arrangement

(1) A request to record the creation of a layered arrangement of community titles schemes from 2 or more basic schemes (“**scheme A**” and “**scheme B**”) must be lodged.

(2) The request must be—

- (a) signed by or for the body corporate for scheme A or scheme B; and
- (b) lodged by or for—
 - (i) the bodies corporate for schemes A and B; or
 - (ii) if the District Court made an order under the BCCM Act, section 86C(2), for creating the layered arrangement—a person on whose application the court made the order.

- (3) The request must be accompanied by each of the following—
- (a) a copy of each resolution, or the order, for the creation of the layered arrangement;
 - (b) the community management statements intended to be recorded for schemes A and B and the principal scheme in the layered arrangement, showing the body corporate consents required under the BCCM Act, section 55¹² and the community management statement notations required under that Act, section 54;¹³
 - (c) new community management statements for schemes A and B if the statements will no longer be accurate after the layered arrangement is created;
 - (d) any other instrument required under this Act.

115Z Recording creation of layered arrangement

(1) If the request to record the creation of the layered arrangement complies with the BCCM Act (including with an order of the District Court made under that Act about the layered arrangement), the registrar must—

- (a) record the community management statement for the principal scheme in the layered arrangement and any other community management statement accompanying the request; and
- (b) register any instrument required, under this Act, to be registered for the layered arrangement.

(2) The creation of the layered arrangement takes effect when the registrar completes the action mentioned in subsection (1).

12 Section 55 (Body corporate to consent to recording of new statement)

13 BCCM Act, section 54 (Local government community management statement notation)

PART 7—OTHER DEALINGS

Division 1—Writs of execution

116 Registering a writ of execution

The registrar may register a writ of execution only if a request to register it, and an office copy of it, is lodged.

117 Effect of registering a writ of execution

For purchasers, lessees, mortgagees and creditors, a writ of execution—

- (a) can not, until registered, bind or affect registered lots, whether or not there is actual or constructive notice of the writ; and
- (b) binds or affects registered lots only if the writ is executed and put in force within—
 - (i) 6 months of its lodgment; or
 - (ii) the extended time allowed by the court where the writ is filed and notified to the registrar.

118 Cancellation of registration

Registration of a writ of execution may be cancelled if—

- (a) a request to cancel it is lodged; and
- (b) the registrar is satisfied that the time, or extended time, for executing and putting the writ into force has ended.

119 Discharging or satisfying writ of execution

Discharge or satisfaction of a writ of execution may be registered if a request to register it is lodged.

120 Transfer of lots sold in execution

(1) If a lot is sold under a registered writ of execution, the sheriff, registrar or clerk of the court of the relevant court may execute an instrument of transfer to the purchaser.

(2) On registration of the transfer, the transferee becomes the registered owner of the lot subject to—

- (a) registered interests; and
- (b) equitable mortgages notified by caveat lodged before registration of the writ of execution.

120A Effect on writ of execution of transfer after sale by mortgagee

(1) Subsection (2) applies if—

- (a) a mortgage is registered over a lot; and
- (b) a writ of execution is later registered in relation to the lot.

(2) If the mortgagee of the lot signs a transfer of the lot after exercising power of sale under the mortgage—

- (a) registration of the writ of execution does not prevent registration of the transfer; and
- (b) on registration of the transfer, the registrar must cancel registration of the writ of execution.

Division 2—Caveats

121 Requirements of caveats

(1) A caveat must be signed by or for the caveator.

(2) The caveat must state—

- (a) the name of the caveator; and
- (b) an address where documents can be served on the caveator; and
- (c) unless the registrar dispenses with it, the name and address of—
 - (i) the registered owner of the lot affected by the caveat; and
 - (ii) anyone else having the right to deal with the lot affected by the caveat; and
- (d) the registered interest affected by the caveat; and
- (e) if the caveat relates to only a part of a lot—a description of the affected part; and

- (f) the interest claimed by the caveator; and
 - (g) the grounds on which the interest is claimed.
- (3) This section applies to all caveats under this Act.

122 Lodging a caveat

- (1) A caveat may be lodged by any of the following—
- (a) a person claiming an interest in a lot;
 - (b) the registrar under section 17;
 - (c) the registered owner of the lot;
 - (d) a person to whom an Australian court has ordered that an interest in a lot be transferred;
 - (e) a person who has the benefit of a subsisting order of an Australian court in restraining a registered proprietor from dealing with a lot.

(2) However a caveat may only be lodged by an equitable mortgagee if it is a caveat to which section 126 applies.

(3) To remove any doubt, it is declared that an interest in a lot does not include an interest in a proposed allotment under the *Land Sales Act 1984* that a person obtains when the person agrees to purchase the allotment under that Act.

123 Notifying caveat

The registrar must give written notice of lodgment of a caveat to each person whose interest or whose right to registration of an instrument is affected by the caveat.

124 Effect of lodging caveat

(1) A caveat prevents registration of an instrument affecting the lot over which the caveat is lodged from the date and time endorsed by the registrar on the caveat as the caveat's date and time of lodgment.

(1A) Subsection (1) has effect for a caveat until the caveat lapses or is cancelled, rejected, removed or withdrawn.

(2) However, lodgment of a caveat does not prevent registration of the following—

- (a) an instrument specified in the caveat as an instrument to which the caveat does not apply;
- (b) an instrument if the caveator consents to its registration;
- (c) an instrument executed by a mortgagee whose interest was registered before lodgment of the caveat if—
 - (i) the mortgagee has power under the mortgage to execute the instrument; and
 - (ii) the caveator claims an interest in the lot as security for the payment of money or money's worth;
- (d) an instrument of transfer of mortgage executed by a mortgagee whose interest was registered before lodgment of the caveat;
- (e) another interest that, if registered, will not affect the interest claimed by the caveator.

(3) The exceptions mentioned in subsection (2)(c) and (d) do not apply to a caveat lodged by the registrar.

(4) The exception in subsection (2)(d) does not apply to a caveat lodged by the registered owner.

(5) Lodgment of a caveat does not create in the caveator a registrable interest in the lot affected by the caveat.

125 Withdrawing a caveat

A caveator may withdraw a caveat by lodging a request to withdraw it.

126 Lapsing of caveat

(1) This section does not apply to a caveat if—

- (a) it is lodged by the registered owner; or
- (b) the consent of the registered owner is deposited when the caveat is lodged; or
- (c) an office copy of a court order mentioned in section 122(d) or (e) is deposited when the caveat is lodged; or
- (d) it is lodged by the registrar under section 17; or

(e) it is lodged other than under this division.

(2) A caveatee of a caveat to which this section applies may serve on the caveator a notice requiring the caveator to start a proceeding in a court of competent jurisdiction to establish the interest claimed under the caveat.

(3) The caveatee must notify the registrar within 14 days of service of the notice on the caveator.

(4) If a caveator does not want a caveat to which this section applies to lapse, the caveator must—

(a) start a proceeding in a court of competent jurisdiction to establish the interest claimed under the caveat—

(i) if a notice under subsection (2) is served on the caveator—within 14 days after the notice is served on the caveator; or

(ii) if a notice under subsection (2) is not served on the caveator—within 3 months after the lodgment of the caveat; and

(b) notify the registrar within the 14 days or the 3 months that a proceeding has been started and identify the proceeding.

(5) If the caveator does not comply with subsection (4), the caveat lapses.

(6) The caveator is taken to have complied with subsection (4)(a) if a proceeding has been started in a court of competent jurisdiction to establish the interest claimed under the caveat before the caveat was lodged.

(7) The registrar may remove a caveat that has lapsed from the freehold land register.

127 Removing a caveat

(1) A caveatee may at any time apply to the Supreme Court for an order that a caveat be removed.

(2) The Supreme Court may make the order whether or not the caveator has been served with the application, and may make the order on the terms it considers appropriate.

128 Cancelling a caveat

(1) The registrar may cancel a caveat if a request to cancel the caveat is lodged and the registrar is satisfied that—

- (a) the interest claimed by the caveator has ceased or the claim to it has been abandoned or withdrawn; or
- (b) the claim of the caveator has been settled by agreement or otherwise satisfied; or
- (c) the nature of the interest claimed does not entitle the caveator to prevent registration of an instrument that has been lodged.

(2) The registrar must notify the caveator of the registrar's intention to cancel the caveat at least 7 days before cancelling it.

(3) If an instrument that has been lodged will, on registration, give full effect to an interest claimed in a caveat, the registrar may remove the caveat immediately before registering the instrument.

129 Further caveat

If a caveat lapses or is withdrawn, cancelled or removed for a lot, or is rejected by the registrar under section 157,¹⁴ the person who was the caveator may lodge another caveat for the lot on the same, or substantially the same, grounds only with the leave of a court of competent jurisdiction.

130 Compensation for improper caveat

(1) A person who lodges or continues a caveat without reasonable cause must compensate anyone else who suffers loss or damage as a result.

(2) In a proceeding for compensation under subsection (1), a court of competent jurisdiction may include in a judgment for compensation a component for exemplary damages.

(3) In a proceeding for compensation under subsection (1), it must be presumed that the caveat was lodged or continued without reasonable cause unless the person who lodged or continued it proves that it was lodged or continued with reasonable cause.

14 Section 157 (Rejecting instrument for failure to comply with requisition)

131 Notices to the caveator

(1) A notice to a caveator under this division is sufficiently served if left at or sent to the address mentioned in section 121(2)(b).

(2) If the registrar is satisfied that a notice under this division will not reach the caveator if served in the way mentioned in subsection (1), the notice may be served in a way specified in a written direction by the registrar.

(3) If the registrar is informed in writing, and is satisfied, that the name or address of the caveator has changed, the registrar must note on the caveat details of the new name or address.

(4) A new name or address noted under subsection (3) becomes the name or address for service of a notice on the caveator.

Division 3—Powers of attorney and disabilities**132 Instrument not registered until power of attorney registered**

An instrument executed under the authority of a power of attorney may be registered only if the power of attorney is registered under this division.

133 Registering power of attorney

(1) The registrar must keep a register of powers of attorney (the “**power of attorney register**”).

(2) The registrar may register a power of attorney by recording particulars of it in the power of attorney register if a request to register it is lodged and the power of attorney is deposited with the request.

(3) The registrar must keep a certified copy of the registered power of attorney and return the original to the person who deposited it.

134 Effect of registering a power of attorney

(1) An act done by the donee under and in accordance with the terms of a registered power of attorney has the same effect as if the act were done by the donor.

(2) A registered power of attorney is evidence that the donee is authorised to do anything within the terms of the power of attorney.

(3) The registrar may register an instrument executed under a registered power of attorney without being satisfied that the power of attorney has not been revoked.

(4) The registrar must not register an instrument executed under a registered power of attorney if the instrument became effective after—

- (a) registration of an instrument of revocation or disclaimer of the power of attorney; or
- (b) someone else is registered as owner of the relevant lot after the death or bankruptcy of the donor.

135 Revoking or disclaiming a power of attorney

(1) A registered power of attorney may be revoked by registering an instrument of revocation or disclaimer.

(2) This section also applies to enduring powers of attorney.

PART 7A—SETTLEMENT NOTICE

138 Definitions for part

In this part—

“affected person”, for a particular lot, means—

- (a) a registered proprietor of the lot or an interest in the lot; or
- (b) a person (other than the transferee) who has an interest in the lot.

“transferee” means—

- (a) a purchaser for valuable consideration of an interest in a lot that is capable of registration by an instrument of transfer; or
- (b) a person who is entitled to an interest in a lot under an instrument of transfer or an instrument of mortgage.

139 Requirements of settlement notice

(1) A settlement notice must be in the approved form and must be signed by or for the transferee.

(2) The settlement notice must specify—

- (a) the type of transaction to which the settlement notice relates and the parties to the transaction; and
- (b) the name of the transferee; and
- (c) the description of the lot the subject of the transaction; and
- (d) all instruments directly related to the transaction; and
- (e) an address where documents can be served on the transferee; and
- (f) the registered interest affected by the settlement notice.

140 Depositing settlement notice

(1) A settlement notice, in the approved form, may be deposited by or for a transferee in relation to a transaction.

(2) The registrar must record the information in the settlement notice under section 34.¹⁵

¹⁵ Under section 34 the registrar may keep information separately from the freehold land register.

141 Effect of settlement notice

(1) The deposit of a settlement notice prevents registration of an instrument affecting the lot or an interest in the lot until the notice lapses or is withdrawn, removed or cancelled.

(2) However, a settlement notice does not prevent registration of—

- (a) an instrument specified in the settlement notice as an instrument to which the notice does not apply; or
- (b) an instrument if the transferee consents to its registration; or
- (c) an instrument of transfer of mortgage executed by a mortgagee whose interest was registered before lodgment of the notice; or
- (d) another interest that, if registered, will not affect the interest the subject of the notice; or
- (e) an instrument lodged before the notice.

142 Withdrawing settlement notice

A transferee may withdraw a settlement notice by depositing a request to withdraw it.

143 Lapsing of settlement notice

A settlement notice lapses—

- (a) 2 months after it is deposited; or
- (b) when all instruments directly related to the transaction, and specified in the settlement notice, have been lodged;

whichever happens first.

144 Removing settlement notice

(1) An affected person may at any time apply to the Supreme Court for an order that a settlement notice be removed.

(2) The Supreme Court may make the order whether or not the transferee has been served with the application, and may make the order on the terms it considers appropriate.

145 Cancelling settlement notice

(1) The registrar may cancel a settlement notice if a request to cancel the notice is deposited and the registrar is satisfied that—

- (a) the transferee's interest in the transaction specified in the notice has ceased, or has been abandoned or withdrawn; or
- (b) the transferee's interest has been settled by agreement or otherwise satisfied; or
- (c) the nature of the transferee's interest does not entitle the transferee to prevent registration of an instrument that has been lodged.

(2) The registrar must notify the transferee of the registrar's intention to cancel the settlement notice at least 7 days before cancelling it.

146 No further settlement notice for same transaction

If a settlement notice for a lot lapses or is withdrawn, removed or cancelled, another settlement notice can not be deposited for the lot for the same transaction.

147 Compensation for improper settlement notice

(1) A person who deposits or continues a settlement notice without reasonable cause must compensate anyone else who suffers loss or damage as a result.

(2) In a proceeding for compensation under subsection (1)—

- (a) the Supreme Court may include in a judgment for compensation a component for exemplary damages; and
- (b) proof that a settlement notice was not deposited or was not continued without reasonable cause rests on the person who lodged or continued the notice.

148 Notices to the transferee

A notice under this part to a transferee is sufficiently served if left at or sent to the address specified in the settlement notice.

149 Registrar may withdraw instrument

(1) The registrar may withdraw an instrument that has been lodged but prevented from being registered by a settlement notice.

(2) However, the registrar must notify the person who lodged the instrument of the registrar's intention to withdraw the instrument at least 14 days before withdrawing it.

(3) An instrument withdrawn by the registrar under subsection (1) is taken to have been withdrawn under section 159(1)(a).¹⁶

150 Priority of instruments

Instruments lodged, but prevented from being registered by a settlement notice, are taken to have been lodged (in the order in which they were lodged) immediately after lodgment of the directly related instruments specified in the notice.

151 Effect of transferee's notice on caveat

A person's right to lodge a caveat is not affected by a settlement notice.

152 Minor correction of settlement notice

On receiving a written request from the transferee specified in a settlement notice, the registrar may make a correction in the notice if the registrar is satisfied that it is minor.

¹⁶ Under section 159(1)(a) the registrar may withdraw an instrument. An instrument that is withdrawn loses its priority.

- (a) drawing a line through the error without making the original words illegible; and
- (b) writing in the correct information; and
- (c) dating and initialling the correction.

(2) The registrar may correct an obvious error in a lodged instrument (other than a plan of survey) by noting the correction on the instrument.

(3) The registrar may correct an obvious error in a lodged instrument only if the registrar is satisfied that the instrument is incorrect and the correction will not prejudice the rights of a person.

(4) An instrument corrected by the registrar under this section has the same effect as if the relevant error had not been made.

156 Requisitions

(1) The registrar may, by written notice (the “**requisition**”) given to a person who has lodged or deposited an instrument or other document, require the person—

- (a) to re-execute, complete or correct the instrument or document if it appears to the registrar to be wrong, incomplete or defective; or
- (b) to produce to the registrar specified information, or deposit a specified instrument or document, in support of the person’s application to register the instrument.

(2) The registrar may require the instrument, document or information to be verified by statutory declaration or affidavit.

- (a) having regard to all the relevant circumstances when the communication was sent, the method of generating the electronic form of the verifying document provided a reliable way of maintaining the integrity of the information it contained; and

- (b) when the communication was sent, it was reasonable to expect the information contained in the electronic form of the verifying document would be readily accessible so as to be useable for subsequent reference; and
- (c) the registrar consents to the electronic form of the verifying document being given by electronic communication.

(2) The person is taken to have signed the electronic form of the verifying document if—

- (a) a method is used to identify the person and to indicate the person's approval of the information communicated; and
- (b) having regard to all the relevant circumstances when the method was used, the method was as reliable as was appropriate for the purposes for which the information was communicated; and
- (c) the registrar consents to the electronic form of the verifying document being signed by using the method mentioned in paragraph (a).

157 Rejecting instrument for failure to comply with requisition

(1) If a requisition under section 156 is not complied with by a person within the time specified or extended by the registrar, the registrar may reject the instrument or document to which the requisition relates and any instrument that depends on it for registration.

(2) An instrument rejected under subsection (1) loses its priority under section 178 and must be returned by the registrar to the person who lodged it.

(3) A memorandum recording the rejection of an instrument under subsection (1) may be endorsed on the rejected instrument or in a separate record kept in the land registry.

(4) This section does not prevent re-lodgment of a rejected instrument after the requisition has been complied with.

Maximum penalty for subsection (4)—50 penalty units.

159 Withdrawing lodged instrument before registration

(1) If the registrar is satisfied that the order in which an instrument has been lodged in relation to other instruments is such that the instrument will not give effect to the intention expressed in it or a related instrument, or is an instrument that should not have been lodged, the registrar may—

- (a) withdraw the instrument; or
- (b) permit the instrument to be withdrawn.

(2) An instrument that is withdrawn by the registrar under subsection (1) remains in the land registry, unless the instrument is an instrument that should not have been lodged.

(3) The registrar may re-lodge an instrument that has been withdrawn by the registrar.

(4) On receiving a written application, the registrar may re-lodge an instrument that the registrar has permitted to be withdrawn.

(5) An instrument withdrawn under subsection (1) loses its priority and is taken to have been lodged on the date and at the time endorsed on it by the registrar at the time of its re-lodgment.

(6) Subsection (5) does not apply to a plan of subdivision mentioned in section 53.

(3A) If an instrument is executed by a solicitor authorised by a transferee or a person in whose favour an interest is created, the execution need not be witnessed.

(4) The witnessing of an instrument may be proved in any way permitted by law.

(5) This section does not apply to a plan of survey.

- (b) have the individual execute the document in the presence of the person; and
- (c) not be a party to the instrument.

163 Substitute instrument

(1) If the registrar is satisfied that a registered instrument has been lost or destroyed, the registrar may issue a substitute instrument.

(2) The registrar may endorse on the substitute instrument—

- (a) that the instrument is a substitute replacing a lost or destroyed instrument; and

- (b) the date that the substitute instrument was issued; and
- (c) that the substitute is to be used in place of the original instrument; and

Division 2—Standard terms documents forming part of instruments**168 Meaning of “standard terms document” in div 2**

In this division—

“standard terms document” means a document containing provisions that are treated as terms of an instrument to which the document is to apply or applies.

169 Standard terms document to which instrument refers may be registered

(1) The registrar or another person may lodge a standard terms document and may amend the standard terms document by lodging a further standard terms document.

(2) The lodged standard terms document must be given a distinguishing reference and must be registered.

All or part of a registered standard terms document, or an amended registered standard terms document, forms part of an instrument if the instrument—

177 Order of registration of instruments

(1) Instruments affecting a lot, including instruments affecting or creating an interest in the lot, must be registered in the order in which they are lodged.

(2) Subsection (1) is subject to section 159.¹⁷

(3) Despite subsection (1), if an instrument (“**instrument 2**”) affecting a lot is lodged after another instrument (“**instrument 1**”) affecting the lot, instrument 2 may be registered before instrument 1 if the registration of instrument 2 can not affect any interest that a person might claim under instrument 1.

Example for subsection (3)—

An instrument of easement over a lot (“**instrument 1**”) is lodged for registration. Subsequently, an instrument releasing a mortgage of the lot (“**instrument 2**”) is lodged for registration. However, the registrar has given the person who lodged instrument 1 a requisition relating to instrument 1, and instrument 1 can not yet be registered. The registrar could register instrument 2 even though instrument 1 has not been registered.

178 Priority of registered instruments

(1) Registered instruments have priority according to when each of them was lodged and not according to when each of them was executed.

(2) An instrument is taken to be lodged on the date and at the time endorsed on the instrument by the registrar as the date and time of the lodgment unless the contrary is proved.

(3) Subsection (1) is not affected by actual, implied or constructive notice.

In all proceedings, the particulars of a registered instrument recorded in the freehold land register are conclusive evidence of—

- (a) the registration of the instrument; and
- (b) the contents of the instrument; and

17 Section 159 (Withdrawing lodged instrument before registration)

An instrument does not transfer or create an interest in a lot at law until it is registered.

(2) In particular, the registered proprietor—

- (b) is liable to a proceeding for possession of the lot or an interest in the lot only if the proceeding is brought by the registered proprietor of an interest affecting the lot.

(3) However, subsections (1) and (2) do not apply—

- (c) the interest of a person entitled to the benefit of an easement if its particulars have been omitted from, or misdescribed in, the freehold land register;

- (e) the interest of another registered proprietor making a valid claim under an earlier existing indefeasible title for all or part of the lot;
- (f) the interest of another registered owner if there are 2 indefeasible titles for the same interest in the lot and the inconsistency has arisen through failure on transfer to cancel, wholly or partly, the indefeasible title of the first registered owner;

- (g) the interest of another registered proprietor if the lot described in the indefeasible title wrongly includes land in which the other registered proprietor has an interest.
- (2) The interest of the lessee under subsection (1)(b) does not include—
- (a) a right to acquire the fee simple or other reversionary interest on or after ending of the short lease; or
 - (b) a right to renew or extend the term of the short lease beyond 3 years from the beginning of the original term.
- (3) For the purposes of subsection (1)(c), an easement is taken to have been omitted if—

(2) A person affected by the correction may apply to the Supreme Court for an order that the correction be amended or set aside.

(3) The application must be made within 1 month after the person receives written notice of the correction.

187 Orders by Supreme Court about fraud and competing interests

(1) If there has been fraud by the registered proprietor or section 185(1)(c) to (g) applies, the Supreme Court may make the order it considers just.

(2) Without limiting subsection (1), the Supreme Court may, by order, direct the registrar—

- (a) to cancel or correct the indefeasible title or other particulars in the freehold land register; or
- (b) to cancel, correct, execute or register an instrument; or
- (c) to create a new indefeasible title; or

- (d) to issue a new instrument; or
- (e) to do anything else.

- (g) the exercise by the registrar of a power in relation to an application or dealing of which the person had no connection.

(2) The claimant is entitled to compensation from the State for the loss or damage.

(3) Despite anything in subsection (1) or (2), the claimant is not entitled to compensation under this section for loss or damage caused by the incorrectness of a register kept by the registrar if the registrar may correct the register under section 15.¹⁸

(4) Subsection (3) does not limit the claimant's rights to compensation otherwise than under subsections (1) and (2).

188B Order by Supreme Court about deprivation, loss or damage

(1) For section 188 or 188A, a claimant may apply to the Supreme Court for an order—

- (c) because of unlawful conduct mentioned in the *Queensland Law Society Act 1952*, section 24A; or
- (d) suffered by a corporation through the improper use of its seal or by an act of an authorised signatory of the corporation who exceeds the signatory's authority; or
- (e) caused when the registrar corrected an indefeasible title that mistakenly included the person's land, unless the person suffered loss or damage under section 188A(1)(d);¹⁹ or
- (f) because of an error in the location of a lot's boundaries or in a lot's area; or
- (g) because of an error or shortage in area of a lot according to a plan lodged in the land registry; or
- (h) if the loss, damage or deprivation arises out of a matter about which the registrar is by an Act or law, either expressly or by necessary implication, excused from inquiring; or
- (i) because of the registrar's lodgment of a caveat under section 17.

(1A) A failure to obtain a certificate of title for a lot may not be taken into account in considering whether, under subsection (1)(b), a person, or a person acting as agent for the person, or an indemnified solicitor acting or purporting to act as solicitor for the person, caused or substantially contributed to the deprivation of the lot or an interest in the lot.

¹⁹ Section 188A (Compensation for loss or damage)

PART 10—LIENS

191 Vendor does not have equitable lien

A vendor of a lot does not have an equitable lien on the lot because of the purchaser’s failure to pay all or part of the purchase price for the lot.
