- incorporates all necessary consequential amendments, whether of punctuation, numbering or another kind (Reprints Act 1992 s 5(d)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

- **editorial changes made in earlier reprints.**

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

(2) However, “**manufacture**” of a controlled or restricted drug or a poison does not include an act mentioned in subsection (1)(d), (e) or (f) done by a dispenser in relation to or for dispensing the drug or poison.

(3) In addition, “**manufacture**”, of a poison, does not include an act mentioned in subsection (1)(e) done—

- (a) by a primary producer for use only by the person on the person’s property, other than the act of self-administering the poison or administering the poison to another person; or
- (b) by a pest management technician under a licence under the *Pest Management Act 2001*.

5 Meaning of “S2” to “S9”

(1) The expression “S2”, “S3”, “S4”, “S5”, “S6”, “S7”, “S8” or “S9”, if followed by a controlled drug, restricted drug or a poison, means the drug or poison in the schedule to the standard with the number given in the expression.

(2) The expression “S2”, “S3”, “S4”, “S5”, “S6”, “S7”, “S8” or “S9”, if followed by ‘poison’ or ‘substance’ without naming a poison or substance, means any poison in the schedule to the standard with the number given in the expression.

7 Application of interpretation provisions in standard to regulation

(1) A word used in this regulation that is defined in the standard has the same meaning in this regulation as it does in the standard.

(2) An interpretation provision in the standard applies in the interpretation of this regulation.

(3) However, subsection (1) does not apply to the definition “poison” in the standard because, as defined in the standard, “poison” includes all substances to which this regulation applies, whether the substance is a controlled drug, restricted drug or poison under this regulation.

(4) Despite the fact that the definition “poison” in this regulation does not have the same meaning as it has in the standard, the interpretation provisions in the standard that apply to the definition “poison” apply to controlled drugs, restricted drugs and poisons as defined in this regulation.

Example of subsection (4)—

Paragraph 1(2) of the standard states that, unless a contrary intention appears, a reference to a poison in a schedule includes a number of other things, including, for example, every salt, active principle or derivative of the poison and every salt of such an active principle or derivative.

Also, paragraph 1(2)(g), (h) and (i) provides that a reference in a schedule to a poison does not include certain poisons, including, for example, a poison in a product in appendix A of the standard.

8 References to entering details, signing or dating entries etc.

- (b) the chief executive reasonably believes it will be listed in schedule 4 or schedule 8 of the standard.

(2) The new drug or poison is taken to be a restricted drug until—

- (a) the new drug or poison is included in a schedule to the standard;
or

¹ Decisions about whether a drug is included in a schedule to the standard are made by the National Drugs and Poisons Schedule Committee.

- (b) the National Drugs and Poisons Schedule Committee decides the new drug or poison is not to be included in a schedule.

(1) This section applies to a poison if—

- (a) any of the following about the poison is varied—

PART 4—PACKING AND LABELLING

10 Packaging of controlled or restricted drugs or poisons

(1) A person must not sell a controlled drug, restricted drug or a poison, unless the way it is packed complies with part 2 of the standard.²

Maximum penalty—20 penalty units.

(2) However, subsection (1) does not apply to a person if the controlled or restricted drug or poison is packed under a certification under this section.

(3) The chief executive may certify a container for packing a controlled or restricted drug or a poison only if—

- (a) it does not comply with the standard because—

2 Part 2 (Labels and Containers) of the standard

- (i) it is uncoloured; or
 - (ii) its shape or dimensions differ from a shape or dimension permitted under the standard; or
 - (iii) it is designed for a particular purpose; and
- (b) the chief executive is reasonably satisfied using the container as a package for a controlled or restricted drug or a poison is as safe as using a container permitted under the standard.

11 Labelling of controlled or restricted drugs or poisons—Act, s 131I

A package containing a controlled drug, restricted drug or a poison must bear a label that complies with part 2 of the standard.

12 Certain containers not to be used

Maximum penalty—60 penalty units.

PART 5—ENDORSEMENTS

Division 1—Preliminary

15 Suitability of person to hold endorsement

(1) In deciding whether a person is a suitable person to hold, or to continue to hold, an endorsement the chief executive may have regard to, and may make inquiries about, the following—

- (a) the person's knowledge and understanding of the person's obligations under this regulation;
- (b) the person's qualifications and experience;
- (c) the person's character and standing;
- (d) any previous convictions the person has under the Act or this regulation.

4 Part 1 of the standard—

“Immediate container” includes all forms of containers in which a poison is directly packed but does not include any such container intended for consumption or any immediate wrapper.

Example of paragraph (c)—

The chief executive's inquiries about an applicant's suitability may include asking the commissioner of the police service for a written report about the applicant's criminal history.

(2) Subsection (1) does not limit the matter to which the chief executive may have regard in considering the suitability of the person to hold an endorsement.

(3) In this section—

“**this regulation**” includes the *Poisons Regulation 1973*.

16 Inquiries about person's criminal history

(1) If asked by the chief executive, the commissioner of the police service must give the chief executive a written report about the criminal history of a person who has applied for, or holds, an endorsement.

(2) Subsection (1) applies to the criminal history in the commissioner's possession or to which the commissioner has access.

Division 2—Applications for endorsements

17 Applications—form and fee

An application for an endorsement, or the renewal of a drug licence, poison licence, treatment approval or wholesale representative licence, must—

- (a) be in the approved form⁵ (if any); and
- (b) be accompanied by the appropriate fee (if any) in appendix 2 of this regulation.

18 How chief executive may deal with applications

(1) The chief executive must consider an application for an endorsement and either—

- (a) grant the endorsement, with or without conditions; or

⁵ See section 15A (Approval of forms) of the Act.

(b) refuse to grant the endorsement.

(2) Also, the chief executive must consider an application for the renewal of a drug licence, poison licence, treatment approval or wholesale representative licence and either—

- (a) renew the licence or approval, with or without conditions; or
- (b) refuse to renew the licence or approval.

(3) If the chief executive decides to grant the endorsement or renew the drug licence, poison licence, treatment approval or wholesale representative licence, the chief executive must promptly give the applicant—

- (a) the relevant endorsement, licence or approval; and
- (b) if a condition is stated on the endorsement, licence or approval, a written notice that states—
 - (i) the reasons for the condition; and
 - (ii) the applicant may appeal against the imposition of the condition within 28 days after the applicant receives notice of the decision to a Magistrates Court.

(4) However, if the endorsement is a treatment approval that is subject to a condition, the chief executive need only give the applicant—

- (a) the approval; and
- (b) notice that the applicant may, within 28 days of the approval, make a written request for the reasons for the condition and appeal against the imposition of the condition to a Magistrates Court within 28 days after the day the applicant is given the reasons.

(5) If the applicant makes a written request for the reasons for the condition, the chief executive must, within 14 days after receiving the request, give a statement of the reasons to the applicant.

(6) However, if the treatment approval is subject to a condition relating to the treatment of a drug dependent person to ensure the treatment under the approval continues to be for the welfare of the person, including, for example, 1 or more of the following conditions, the applicant may not appeal against the imposition of the condition—

- (a) the way in which the controlled or restricted drug is to be dispensed or prescribed for, or administered or supplied to or for, the drug dependent person;

- (b) the applicant must, at stated times, examine the drug dependent person or conduct tests in relation to the drug dependent person—
 - (i) to ensure the controlled or restricted drug is being used in the way the applicant has directed; or
 - (ii) for the use or presence of other drugs or poisons.

(7) If the chief executive decides not to grant the endorsement or renew the drug licence, poison licence, treatment approval or wholesale representative licence, the chief executive must promptly give the applicant a written notice that states—

- (a) the decision; and
- (b) the reasons for the decision; and
- (c) the applicant may appeal against the decision to a Magistrates Court within 28 days after the applicant receives notice of the decision.

19 Renewal of drug licence, poison licence, treatment approval or wholesale representative licence before expiry

(1) The chief executive may renew a drug licence, poison licence, treatment approval or wholesale representative licence on application made to the chief executive before the licence or approval expires (the “**expiry day**”).

(2) However, the chief executive must not renew a general poison licence if, on the expiry day, there is a pharmacy within 25 km by road of the licensee’s business premises.⁶

(3) Despite subsection (2), if, during the term of a general poison licence, a pharmacy opens within 25 km by road of the licensee’s business premises, the chief executive may renew the licence for up to 6 months to allow the licensee to sell stock on hand.

(4) No fee is payable for a renewal under subsection (3).

6 For general poison licences, see chapter 4 (Poisons).

20 Renewal of drug licence, poison licence, treatment approval or wholesale representative licence after expiry

(1) This section applies if—

- (a) not less than 14 days before the expiry day, the holder of a drug licence, poison licence, treatment approval or wholesale representative licence applies for a renewal of the licence or approval; and
- (b) the chief executive has not, before the expiry day, made a decision whether to renew the licence or approval.

(2) The licence or approval continues until the day the applicant receives notice of the decision.

(3) If the chief executive decides to renew the licence or approval, the renewed licence or approval is taken to have been renewed on the expiry day.

Division 2A—Applications for operating approvals**20A Purpose of division**

This division states the requirements, in addition to the requirements in division 2, that apply to an application for an operating approval.

20B Who may apply for an operating approval

A person may apply for an operating approval only if the person is a pharmacist who is authorised, under section 64(1)(f),⁷ to administer or supply a controlled drug, under a drug therapy protocol, on the instruction of a doctor.

20C Additional requirements for applications for operating approvals

(1) A person who applies for an operating approval must publish a notice about the application in a newspaper circulating generally in the area in which it is proposed to operate a controlled drugs administration facility.

(2) The notice must—

⁷ Section 64 (Pharmacists)

- (a) invite members of the local community to make written submissions to the applicant about the establishment and operation of the facility; and
 - (b) state a period of at least 28 days after the notice is published in which submissions under paragraph (a) must be made.
- (3) An application for an operating approval must include—
- (a) a copy of the notice published under subsection (1); and
 - (b) copies of any submissions made to the applicant by members of the local community, in response to the notice; and
 - (c) a statement made by the applicant about the views of members of the local community in relation to the likely impact of the facility on the amenity of the community.

20D Chief executive may require further information or documents

(1) If the chief executive considers further information or a document is required for deciding an application for an operating approval, the chief executive may—

- (a) by written notice given to the applicant, require the applicant to give the information or document to the chief executive within a reasonable period, of at least 21 days, stated in the notice; or
- (b) ask another person to give the information or document to the chief executive.

(2) Despite subsection (1)(a), the chief executive and the applicant may, within the period stated in the notice, agree to extend the period for complying with a requirement in the notice to a day (the “**agreed compliance day**”) after the end of the period stated in the notice.

(3) If the applicant is given a notice under subsection (1)(a) and does not comply with a requirement under the notice within the period stated in the notice, or if applicable by the agreed compliance day, the applicant is taken to have withdrawn the application.

20E Deciding applications for operating approvals

(1) The chief executive must not grant an operating approval for a controlled drugs administration facility proposed for an area unless the chief executive is satisfied it is appropriate for the facility to be in the area.

(2) In deciding whether it is appropriate, the chief executive may only consider—

- (a) the need for the facility in the area, taking into account the type and availability of health services in and near the area; and
- (b) the likely impact of the facility on the amenity of the local community, taking into account the views of members of the community.

20F Time for deciding applications for operating approvals

(1) The chief executive must decide an application for an operating approval within 30 days after the application is made (the **“decision period”**).

(2) However, if the chief executive has given the applicant a notice under section 20D(1)(a), the chief executive may extend the time for deciding the application—

- (a) for up to 30 days after the chief executive receives the information or document required under the notice (the **“extended decision period”**); or
- (b) if the chief executive and the applicant agree—for a reasonable period after the period mentioned in paragraph (a) (the **“agreed extended decision period”**).

(3) Also, if the chief executive has asked a person for information or a document under section 20D(1)(b), the chief executive may extend the time for deciding the application—

- (a) for up to 60 days after the chief executive receives the application (also the **“extended decision period”**); or
- (b) if the chief executive and the applicant agree—for a reasonable period after the period mentioned in paragraph (a) (also the **“agreed extended decision period”**).

(4) The chief executive must give the applicant a written notice about the extended decision period, or the agreed extended period, for a decision.

(5) If the chief executive fails to decide the application within the decision period, or if applicable, the latest extended decision period or agreed extended decision period, the failure is taken to be a decision by the chief executive to refuse to grant the operating approval.

Division 3—Other provisions about endorsements**21 Holder of endorsement must comply with conditions**

The holder of an endorsement must not contravene a condition of the endorsement.

Maximum penalty—80 penalty units.

22 Term of drug licence, poison licence or wholesale representative licence

A drug licence, poison licence or wholesale representative licence has effect for 1 year from the day stated in the licence.

24 Procedure for suspension or cancellation of endorsement

(1) If the chief executive considers there is a ground to suspend or cancel an endorsement (the “**proposed action**”), the chief executive may give the holder of the endorsement (the “**endorsement holder**”) a written notice that—

- (a) states the proposed action; and
- (b) states the grounds for the proposed action; and
- (c) outlines the facts and circumstances forming the basis for the grounds; and

(2) The notice must state whether the proposed action relates to—

- (a) all controlled drugs, restricted drugs, poisons or activities permitted under the endorsement; or
- (b) a stated controlled drug, restricted drug or poison or a stated activity permitted under the endorsement.

(3) If, after considering all written representations made within the stated time, the chief executive still considers there is a ground to take the proposed action, the chief executive may—

- (a) if the proposed action was to suspend the endorsement for all controlled drugs, restricted drugs, poisons or activities permitted under the endorsement for a stated period—suspend the endorsement, for not longer than the proposed suspension period, for—
 - (i) all controlled drugs, restricted drugs, poisons or activities permitted under the endorsement; or
 - (ii) a stated controlled drug, restricted drug or poison or a stated activity; or

(6) The decision takes effect on the later of—

- (a) the day the notice is given to the endorsement holder; or
- (b) the day of effect stated in the notice.

(7) However, if the endorsement is suspended or cancelled because of a conviction—

- (a) the suspension or cancellation does not take effect until—
 - (i) the end of the time to appeal against the conviction; or
 - (ii) if an appeal is made against the conviction—the appeal is finally decided; and
- (b) the suspension or cancellation has no effect if the conviction is quashed.

Maximum penalty—20 penalty units.

(2) If a suspended endorsement is returned to the chief executive, the chief executive must return it to the endorsement holder at the end of the suspension period.

26A Application for amendment or repeal of decision to suspend or cancel endorsement

(1) The holder of an endorsement that is suspended or cancelled may apply to the chief executive in writing for an amendment or repeal of the decision to suspend or cancel the endorsement.

6 Type 1 mounting

(1) For type 1 mounting, a cabinet must be mounted to a concrete, brick or timber wall by 4 bolts made from heavy duty galvanised steel or equivalent quality bolts, of at least 12 mm diameter, that are passed through the wall and fastened inside the rear of the cabinet by steel ‘cyclone’ type washers and suitable nuts.

(2) However, for a timber wall, the bolts must pass through studs or noggings in the wall.

APPENDIX 6 (continued)

7 Type 2 mounting

(1) If type 1 mounting is not appropriate, a cabinet must be fixed to a concrete or brick wall by 4 dynabolts or other similar expanding type bolts.

(2) The bolts must—
