Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

Part 1 Preliminary

1 Short title

This Act may be cited as the *Vegetation Management Act 1999*.

3 Purpose of Act

- (1) The purpose of this Act is to regulate the clearing of vegetation in a way that—
 - (a) conserves the following—
 - (i) remnant endangered regional ecosystems;
 - (ii) remnant of concern regional ecosystems;
 - (iii) remnant not of concern regional ecosystems; and
 - (b) conserves vegetation in declared areas;¹ and
 - (c) ensures the clearing does not cause land degradation; and
 - (d) prevents the loss of biodiversity; and
 - (e) maintains ecological processes; and

¹ For declared areas, see sections 17 and 18.

Vegetation Management Act 1999

- (f) manages the environmental effects of the clearing to achieve the matters mentioned in paragraphs (a) to (e); and
 - (g) reduces greenhouse gas emissions.
- (2) The purpose is achieved mainly by providing for—
- (a) codes for the Planning Act relating to the clearing of vegetation that are applicable codes for the assessment of vegetation clearing applications under IDAS; and
 - (b) the enforcement of vegetation clearing provisions; and
 - (c) declared areas; and
 - (d) a framework for decision making that, in achieving this Act's purpose in relation to subsection (1)(a) to (e), applies the precautionary principle that lack of full scientific certainty should not be used as a reason for postponing a measure to prevent degradation of the environment if there are threats of serious or irreversible environmental damage; and
 - (e) the phasing out of broadscale clearing of remnant vegetation by 31 December 2006.
- (3) In this section—
- environment*** includes—
- (a) ecosystems and their constituent parts including people and communities; and
 - (b) all natural and physical resources; and
 - (c) those qualities and characteristics of locations, places and areas, however large or small, that contribute to their biological diversity and integrity, intrinsic or attributed scientific value or interest, amenity, harmony and sense of community; and

 - (b) to reflect a change to an endangered, of concern or not of concern regional ecosystem in an area mentioned in subsection (2);³ or
 - (c) for a matter other than a matter mentioned in paragraphs (a) and (b) if an owner of the land included in the map agrees to the replacement.

20E When maps may be revoked

- (1) The chief executive may revoke a property map of assessable vegetation for an area if—
 - (a) for a map made under section 20B(1)(a)—the area is shown on a regional ecosystem map or remnant map as remnant vegetation and the approval for clearing the area has expired; or

To remove any doubt, it is declared that for the Planning Act, section 1.3.4, a use of premises does not include clearing vegetation that is assessable development.

22A Particular vegetation clearing applications may be assessed

- (1) Despite the Planning Act, section 3.2.1,⁴ if a vegetation clearing application is not for a relevant purpose under this section—
- (a) the application is taken, for the Planning Act, not to be a properly made application; and
 - (b) the assessment manager must refuse to receive the application.

4 Planning Act, section 3.2.1 (Applying for development approval)

- (e) a natural and ordinary consequence of other assessable development for which a development approval as defined under the Planning Act was given, or a development application as defined under the Planning Act was made, before 16 May 2003; or
 - (f) for fodder harvesting; or
 - (g) for thinning; or
 - (h) for clearing of encroachment; or
 - (i) for an extractive industry; or

 - (b) extracting rock, sand, clay, gravel, loam or other material, from a pit or quarry;
 - (c) screening, washing, grinding, milling, sizing or separating material extracted from a pit or quarry.

22B Modifying Planning Act effect for delegations and appointment of referees

- (1) For a vegetation clearing application for which the chief executive is the assessment manager, the Planning Act, sections 4.2.36(1) and 5.8.1A apply as if a reference to the Minister in those sections were a reference to the Minister for this Act.
- (2) For a vegetation clearing application for which the chief executive is the assessment manager, the Planning Act, chapter 4, part 2 applies as if a reference to the chief executive in that part were a reference to the chief executive for this Act.

22C Modifying Planning Act effect of appeal rights on ongoing applications (assessment manager)

- (1) This section applies for an ongoing application if the chief executive is the assessment manager for the application.

- (2) An appeal about an application for which this section applies may only be made to a tribunal under the Planning Act, section 4.2.9.
- (3) However, an appeal, other than for a deemed refusal, may not be made unless the applicant has made representations about the matter.⁵
- (4) The representations may also be about a refusal.
- (5) The Planning Act, section 3.5.17, applies for the representations, including representations about a refusal.

22D Modifying Planning Act effect of appeal rights on ongoing applications (concurrency agency)

- (1) This section applies for an ongoing application if the chief executive is a concurrence agency for the application.

22E Application of div 7

This division applies for a broadscale application.

22F Exception to s 22A(1)

- (2) The chief executive must, for each region of the State for which a ballot must be conducted, conduct a ballot for all

⁵ See the Planning Act, section 3.5.17 (Changing conditions and other matters during the applicant's appeal period).

broadscale applications for that region that comply with subsection (1).

- (3) If, during the ballot application period, another broadscale application mentioned in subsection (1) is made for clearing land already included in a ballot, section 22A(1) applies to the other application to the extent the other application includes land already included in a ballot.

22G Regions and ballots

- (1) A regulation may prescribe—
 - (a) the regions of the State for which a ballot must be conducted; and
 - (b) the way, and the time at which, each ballot must be conducted; and
 - (c) the clearing allocation for each region; and
 - (d) the matters a broadscale application must contain.
- (2) The purpose of conducting the ballot for a region is to decide the priority in which applications included in the ballot will be assessed under subsection (3) for receiving part of the clearing allocation for the region until the allocation is exhausted.
- (3) After the ballot for a region is conducted—
 - (a) the applications for the ballot must be assessed in their priority against the regional vegetation management codes; and
 - (b) subject to the finalisation of any appeals, development approvals may be given only until the clearing allocation for the region is exhausted.
- (4) When the clearing allocation for a region has been exhausted, any applications not assessed from the ballot for the region must be refused and need not be assessed, despite the Planning Act, section 3.5.13.

22H Modifying Planning Act effect on changing broadscale application

Despite the Planning Act, a broadscale application included in the ballot for a region—

- (a) may only be changed under the Planning Act, section 3.2.9(1) until 20 business days after an information request has been made for the application; and
- (b) can not be changed after the ballot application period has ended in a way that increases the area proposed to be cleared.

22I Modifying Planning Act time frames

For a broadscale application included in the ballot for a region, each of the following sections of the Planning Act applies as if—

- (a) in section 3.3.6(4), there were no time limit within which the assessment manager must make the request; and
- (b) in section 3.3.8, if the applicant did not respond within 20 business days, the assessment manager may assess the application as if the applicant had sent a notice under the Planning Act, section 3.3.8(1)(c); and
- (c) in section 3.5.7(1), there were no time limit within which the assessment manager must decide the application; and
- (d) in section 3.5.18(3) and (4), the period were 10 business days; and
- (e) in section 4.2.9(2), the period were 10 business days.

22J Modifying Planning Act effect on changing development approval

Despite the Planning Act, a development approval for the application can not be changed to extend the currency period.

22K Modifying Planning Act effect of appeal rights on broadscale applications

- (1) Subject to section 22L(c), an appeal may only be made to a tribunal under the Planning Act, section 4.2.9.
- (2) However, an appeal, other than for a deemed refusal, may not be made unless the applicant has made representations about the matter.⁶
- (3) The representations may also be about a refusal.
- (4) The Planning Act, section 3.5.17, applies for the representations, including representations about a refusal.

22L Appeals

A person can not appeal under any Act against—

- (a) the ballot process or result; or
- (b) a refusal under section 22G(4); or
- (c) the length of the currency period; or
- (d) the decision of a tribunal.⁷

Division 8 Miscellaneous**22M Refusing vegetation clearing application after conviction for vegetation clearing offence**

- (1) The assessment manager may refuse a vegetation clearing application if—

 - (a) an issue arises in a proceeding before the court whether the occupier of the place consented to the entry under section 30(1)(a); and
 - (b) an acknowledgment mentioned in subsection (4) is not produced in evidence for the entry; and
 - (c) it is not proved by the person relying on the lawfulness of the entry that the occupier consented to the entry.

32 Application for warrant

- (1) An authorised officer may apply to a magistrate for a warrant for a place.
- (2) The application must be sworn and state the grounds on which the warrant is sought.
- (3) The magistrate may refuse to consider the application until the authorised officer gives the magistrate all the information the magistrate requires about the application in the way the magistrate requires.

Example—

The magistrate may require additional information supporting the application to be given by statutory declaration.

33 Issue of warrant

- (1) The magistrate may issue a warrant only if the magistrate is satisfied there are reasonable grounds for suspecting—
 - (a) there is a particular thing or activity (the *evidence*) that may provide evidence of a vegetation clearing offence; and
 - (b) the evidence is at the place, or, within the next 7 days, may be at the place.
- (2) The warrant must state—
 - (a) that any authorised officer or stated authorised officer may, with necessary and reasonable help and force—

 - (b) the offence for which the warrant is sought; and
 - (c) the evidence that may be seized under the warrant; and
 - (d) the hours of the day or night when the place may be entered; and
 - (e) the date, within 14 days after the warrant's issue, the warrant ends.

- (3) The warrant may, as well as authorising entry of the place, authorise re-entry by stating it on the warrant.
- (4) A provision of this part applying to entry authorised under a warrant is taken also to apply to any re-entry authorised under the warrant.

34 Special warrants

- (1) An authorised officer may apply for a warrant (a *special warrant*) by phone, fax, radio or another form of communication if the authorised officer considers it necessary because of—
 - (a) urgent circumstances; or

 - (ii) the date and time the special warrant is issued; and
 - (b) the authorised officer must complete a form of warrant (a *warrant form*) and write on it—

- (7) The authorised officer must, at the first reasonable opportunity, send to the magistrate—
 - (a) the sworn application; and
 - (b) if the authorised officer completed a warrant form—the completed warrant form.
- (8) On receiving the documents, the magistrate must attach them to the special warrant.
- (9) A court must find the exercise of the power by an authorised officer was not authorised by a special warrant if—

 - (b) the special warrant is not produced in evidence; and
 - (c) it is not proved by the person relying on the lawfulness of the entry that the authorised officer obtained the special warrant.

35 Warrants—procedure before entry

- (1) This section applies if an authorised officer is intending to enter a place under a warrant issued under this division.
- (2) Before entering the place, the authorised officer must do or make a reasonable attempt to do the following things—

 - (b) give the person a copy of the warrant or, if the entry is authorised by a facsimile warrant or warrant form mentioned in section 34(6), a copy of the facsimile warrant or warrant form;

- (c) tell the person the authorised officer is permitted by the warrant to enter the place;
 - (d) give the person an opportunity to allow the authorised officer immediate entry to the place without using force.
- (3) However, the authorised officer need not comply with subsection (2) if the authorised officer reasonably believes that immediate entry to the place is required to ensure the effective execution of the warrant is not frustrated.
- (4) If there is no person present at the place who is an occupier of the place, or it is vacant land, it is sufficient compliance with subsection (2) for the officer, before entering the place, to do or make a reasonable attempt to do the following things—
- (a) contact an owner or occupier of the place;
 - (b) tell the owner or occupier the authorised officer is permitted by the warrant to enter the place;
 - (c) give the owner or occupier an opportunity to allow the authorised officer immediate entry to the place without using force.

Subdivision 4 Powers after entering a place

36 General powers after entering places

- (1) This section applies to an authorised officer who enters a place.
- (2) However, if an authorised officer enters a place to get the occupier's consent to enter the place, this section applies to the authorised officer only if the consent is given or the entry is otherwise authorised.
- (3) For monitoring or enforcing compliance with this Act or a vegetation clearing provision, the authorised officer may, subject to subsection (5)—

 - (g) require an occupier of a place, or a person at the place, to give the authorised officer information to help the authorised officer ascertain whether the Act or a vegetation clearing provision is being complied with.
- (4) When making a requirement mentioned in subsection (3)(f) or (g), the authorised officer must warn the person it is an offence to fail to comply with the requirement, unless the person has a reasonable excuse.
- (5) If the authorised officer enters the place under section 30(1)(d) for the purpose of giving an occupier a compliance notice, the authorised officer may only—
- (a) give the occupier the compliance notice; and
 - (b) take into or onto the place any person the authorised officer reasonably requires for giving the notice.

37 Failure to help authorised officer

- (1) A person required to give reasonable help under section 36(3)(f) must comply with the requirement, unless the person has a reasonable excuse.

- (2) If the requirement is to be complied with by an individual giving information, or producing a document, it is a reasonable excuse for the individual not to comply with the requirement that complying with the requirement may tend to incriminate the individual.

38 Failure to give information

- (1) A person of whom a requirement is made under section 36(3)(g) must comply with the requirement, unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (2) It is a reasonable excuse for an individual not to comply with the requirement that complying with the requirement may tend to incriminate the individual.

Subdivision 5 Power to seize evidence**39 Seizing evidence**

- (1) This section applies if, under this division, an authorised officer enters a place after obtaining the consent of an occupier or under a warrant.
- (2) If the authorised officer enters the place with the occupier's consent, the authorised officer may seize a thing at the place if—
 - (a) the authorised officer reasonably believes the thing is evidence of a vegetation clearing offence; and
 - (b) seizure of the thing is consistent with the purpose of entry as told to the occupier when asking for the occupier's consent.
- (3) If the authorised officer enters the place with a warrant, the authorised officer may seize the evidence for which the warrant was issued.
- (4) The authorised officer may seize anything else at the place if the authorised officer reasonably believes—
 - (a) the thing is evidence of a vegetation clearing offence; and
 - (b) the seizure is necessary to prevent the thing being—
 - (i) hidden, lost or destroyed; or
 - (ii) used to continue, or repeat, the offence.

- (5) Also, the authorised officer may seize a thing at the place if the authorised officer reasonably believes it has just been used in committing a vegetation clearing offence.

40 Securing seized things

Having seized a thing, an authorised officer may—

- (a) move the thing from the place where it was seized (the *place of seizure*); or
- (b) leave the thing at the place of seizure but take reasonable action to restrict access to it; or

Examples of restricting access to a thing—

- 1 Sealing a thing and marking it to show access to it is restricted.
- 2 Sealing the entrance to a place where the thing is situated and marking it to show access to it is restricted.

- (c) if the thing is equipment—make it inoperable.

Example of making equipment inoperable—

Dismantling equipment or removing a component of equipment without which the equipment is not capable of being used.

41 Tampering with seized things

- (1) If an authorised officer restricts access to a seized thing, a person must not tamper, or attempt to tamper, with the thing, or something restricting access to the thing, without an authorised officer's approval.

Maximum penalty—100 penalty units.

- (2) If an authorised officer makes seized equipment inoperable, a person must not tamper, or attempt to tamper, with the equipment, without an authorised officer's approval.

Maximum penalty—100 penalty units.

42 Powers to support seizure

- (1) To enable a thing to be seized, an authorised officer may require the person in control of it—

- (a) to take it to a stated reasonable place by a stated reasonable time; and
 - (b) if necessary, to remain in control of it at the stated place for a stated reasonable period.
- (2) The requirement—
- (a) must be made by notice in the approved form; or
 - (b) if for any reason it is not practicable to give the notice, may be made orally and confirmed by a notice in the approved form as soon as practicable.
- (3) A further requirement may be made under this section about the thing if it is necessary and reasonable to make the further requirement.
- (4) A person of whom a requirement is made under subsection (1) or (3) must comply with the requirement, unless the person has a reasonable excuse.

Maximum penalty for subsection (4)—50 penalty units.

43 Receipts for seized things

- (1) As soon as practicable after an authorised officer seizes a thing, the authorised officer must give a receipt for it to the person from whom it was seized.
- (2) However, if for any reason it is not practicable to comply with subsection (1), the authorised officer must leave the receipt at the place of seizure in a conspicuous position and in a reasonably secure way.
- (3) The receipt must describe generally each thing seized and its condition.
- (4) This section does not apply to a thing if it is impracticable, or would be unreasonable, to give the receipt, having regard to the thing's nature, condition and value.

44 Forfeiture by authorised officer

- (1) A thing that has been seized under this subdivision is forfeited to the State if the authorised officer who seized the thing—

- (a) can not find its owner, after making reasonable inquiries; or
 - (b) can not return it to its owner, after making reasonable efforts.
- (2) In applying subsection (1)—
- (a) subsection (1)(a) does not require the authorised officer to make inquiries if it would be unreasonable to make inquiries to find the owner; and
 - (b) subsection (1)(b) does not require the authorised officer to make efforts if it would be unreasonable to make efforts to return the thing to its owner.

Example for paragraph (b)—

The owner of the thing has migrated to another country.

- (3) Regard must be had to a thing's nature, condition and value in deciding—
- (a) whether it is reasonable to make inquiries or efforts; and
 - (b) if making inquiries or efforts—what inquiries or efforts, including the period over which they are made, are reasonable.

45 Forfeiture on conviction

- (1) On conviction of a person for a vegetation clearing offence, the court may order the forfeiture to the State of anything owned by the person and seized under this subdivision.
- (2) The court may make any order to enforce the forfeiture it considers appropriate.
- (3) This section does not limit the court's powers under the *Penalties and Sentences Act 1992* or another law.

46 Dealing with forfeited things

- (1) On forfeiture of a thing to the State, the thing becomes the State's property and may be dealt with by the chief executive as the chief executive considers appropriate.
- (2) Without limiting subsection (1), the chief executive may destroy or dispose of the thing.

47 Return of seized things

- (1) If a seized thing is not forfeited, the authorised officer must return it to its owner—
 - (a) at the end of 6 months; or
 - (b) if a proceeding for a vegetation clearing offence involving the thing is started within 6 months—at the end of the proceeding and any appeal from the proceeding.
- (2) Despite subsection (1), unless the thing is forfeited, the authorised officer must immediately return a thing seized to its owner if the authorised officer stops being satisfied—
 - (a) its continued retention as evidence is necessary; or
 - (b) its continued retention is necessary to prevent the thing being used to continue, or repeat, the offence.

48 Access to seized things

- (1) Until a seized thing is forfeited or returned, an authorised officer must allow its owner to inspect it and, if it is a document, to copy it.
- (2) Subsection (1) does not apply if it is impracticable, or would be unreasonable, to allow the inspection or copying.

Subdivision 6 Power to obtain information**49 Power to require name and address**

- (1) This section applies if—
 - (a) an authorised officer finds a person committing a vegetation clearing offence; or
 - (b) an authorised officer finds a person in circumstances that lead, or has information that leads, the authorised officer to reasonably suspect the person has just committed a vegetation clearing offence.
- (2) The authorised officer may require the person to state the person's name and residential address.

- (3) When making the requirement, the authorised officer must warn the person it is an offence to fail to state the person's name or residential address, unless the person has a reasonable excuse.
- (4) The authorised officer may require the person to give evidence of the correctness of the stated name or residential address if the authorised officer reasonably suspects the stated name or address to be false.

50 Failure to give name or address

- (1) A person of whom a requirement is made under section 49 must comply with the requirement, unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (2) A person does not commit an offence against subsection (1) if—
 - (a) the person was required to state the person's name and residential address by an authorised officer who suspected the person had committed a vegetation clearing offence; and
 - (b) the person is not proved to have committed the offence.

51 Power to require information

- (1) This section applies if an authorised officer reasonably believes—
 - (a) a vegetation clearing offence has been committed; and
 - (b) a person may be able to give information about the offence.
- (2) The authorised officer may, by notice given to the person, require the person to give information about the offence to the authorised officer at a stated reasonable place and at a stated reasonable time.
- (3) The person must comply with a requirement under subsection (2), unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (4) It is not a reasonable excuse for a person to fail to give the information because giving the information might tend to incriminate the person.
- (5) However, if the person is an individual, evidence of, or evidence directly or indirectly derived from, the information that might tend to incriminate the person is not admissible in evidence against the person in a civil or criminal proceeding, other than a proceeding for an offence about the falsity of the information.
- (6) If a person is convicted of an offence against subsection (3), the court may, as well as imposing a penalty for the offence, order the person to comply with the requirement.

52 Power to require production of documents

- (1) An authorised officer may require a person to make available for inspection by an authorised officer, or produce to the authorised officer for inspection, at a reasonable time and place nominated by the authorised officer, a document relating to the clearing of vegetation.
- (2) The authorised officer may keep the document to copy it.
- (3) If the authorised officer copies a document mentioned in subsection (1), or an entry in the document, the authorised officer may require the person responsible for keeping the document to certify the copy as a true copy of the document or entry.
- (4) The authorised officer must return the document to the person as soon as practicable after copying it.
- (5) However, if a requirement (a *document certification requirement*) is made of a person under subsection (3), the authorised officer may keep the document until the person complies with the requirement.
- (6) A requirement under subsection (1) is a *document production requirement*.

53 Failure to certify copy of document

A person of whom a document certification requirement is made must comply with the requirement, unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

54 Failure to produce document

- (1) A person of whom a document production requirement is made must comply with the requirement, unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (2) It is not a reasonable excuse for a person not to comply with a document production requirement that complying with the requirement might tend to incriminate the person.
- (3) However, if the person is an individual, evidence of, or evidence directly or indirectly derived from, the document that might tend to incriminate the person is not admissible in evidence against the person in a civil or criminal proceeding, other than a proceeding for an offence about the falsity of the document.
- (4) If a person is convicted of an offence against subsection (1), the court may, as well as imposing a penalty for the offence, order the person to comply with the requirement.

Subdivision 7 Power to require compliance**55 Compliance notice**
