Information about this reprint

This Act is reprinted as at 1 December 2004. The reprint shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

Minor editorial changes allowed under the provisions of the Reprints Act 1992 have also been made to use aspects of format and printing style consistent with current drafting practice (s 35).

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

Example of good reason to allow a deferment—

The commission might consider the fact that licensed premises are under construction and the construction work is substantially complete or has been delayed for reasons outside the licensee's control are good reasons for deferment of the relevant date.

- (4) However, the commission may fix a date under subsection (3) only if the date is not more than 2 years after the day the gaming machine licence was granted.

²⁶ Section 84 sets out matters to which the chief executive must, or may, have regard in making a recommendation about an increase application.

- (4) Also, if the licensee's gaming machine licence relates to 2 or more premises, the increase number must be a number that, when added to the current, total approved number of gaming machines for both or all the premises, does not result in a total number of gaming machines that is greater than the maximum number prescribed under a regulation for category 2 licensed premises.

- (3) If the licensee has installed some, but not all, of the additional gaming machines under the approval for the licensed premises by the relevant date, the number of additional gaming machines approved under the approval is taken to be the number installed by that date.
