Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

Revised edition indicates further material has affected existing material. For example—

116 Power to make subordinate by-laws

An Aboriginal council may make a law (a *subordinate by-law*) about a matter that a by-law expressly states that the council may make about the matter.

Division 3 Process for making by-laws

117 By-law process

- (1) Subject to subsection (2), the process stated in this division must be used to make a by-law.
- (2) Steps 3 to 7 apply to the making of a model by-law only if the steps apply to the making of the model by-law under a notice published under section 115(2).

- (1) Before making a model by-law, an Aboriginal council must, by resolution, propose to adopt the model by-law (the *proposed by-law*).
- (2) Before making another by-law, an Aboriginal council must, by resolution, propose to make the by-law (also the *proposed by-law*).

119 Step 2—ensure proposed by-law satisfactorily deals with any State interest

 - (a) may impose conditions on the council that the Minister considers appropriate; and
 - (b) must advise the council that it may proceed further in making the law if it—
 - (i) satisfies any conditions about the content of the proposed by-law; and
 - (ii) agrees to satisfy any other conditions.
- (5) If the Minister considers the proposed by-law only makes a minor amendment of an existing law (including, for example, the correction of a minor error), the advice of the Minister also may state that the council may proceed to step 8 without satisfying steps 3 to 7.
- (6) Steps 3 to 7 do not apply if the Minister's advice to the council includes the statement mentioned in subsection (5).

- (7) The advice of the Minister also may state that the council may proceed without satisfying step 7 if the council agrees to satisfy particular conditions.

- (3) Also, a submission is properly made to the council if it is made at a meeting held under section 120(8) and recorded in the minutes of the meeting.

- (3) If the Minister considers that State interests are satisfactorily dealt with by the proposed by-law, the Minister must advise the council it may proceed to step 8.

- (4) Alternatively, if the Minister considers State interests would be satisfactorily dealt with by the proposed by-law if the council satisfied particular conditions, the Minister—
 - (a) may impose conditions on the council that the Minister considers appropriate; and
 - (b) must advise the council that it may proceed to step 8 if it—

 - (c) agree to satisfy any other conditions.

125 Step 8—make proposed by-law

- (1) If the proposed by-law is a model by-law about a matter, the Aboriginal council makes the model by-law if, by resolution, it—
 - (a) adopts the model by-law; and
 - (b) if there is an existing by-law about the matter that is inconsistent with what is adopted—amends or repeals the existing by-law so that there is no inconsistency.
- (2) If the proposed by-law is not a model by-law, the council must, by resolution, make—
 - (a) the advertised proposed by-law; or
 - (b) the amended proposed by-law; or
 - (c) the proposed by-law for which the council received advice from the Minister that it could proceed to this step without satisfying steps 3 to 7.

- (4) If notice of the making of the by-law is not gazetted within 1 year after the date of the council's resolution making the by-law or the longer period decided by the Minister, the process stated in this division must be used again before the by-law is notified in the gazette.
- (5) On the day notice of the making of the by-law is gazetted or as soon as practicable after the day, the council must give the Minister—

- (x) the establishment, maintenance, management and control of funds to indemnify Aborigines against loss of or damages to vessels, equipment or machinery, and to compensate Aborigines and their dependants for death or personal injury sustained by a person in the course of the person's employment if compensation is not payable under the *Workers' Compensation and Rehabilitation Act 2003*; and

184 Use of churches etc. for provision of assistance

- (1) Subject to subsection (2), the authority conferred by section 183 on the Minister and the chief executive includes authority—
 - (a) to make arrangements with any church or religious organisation that works for the welfare of Aborigines with respect to the provision of assistance under that section; and
 - (b) to provide assistance under that section to the church or organisation with whom the arrangements are made for application in accordance with the arrangements.
- (2) Where the provision of assistance referred to in subsection (1) is for a particular council area, the authority specified by that subsection shall not be exercised except with the approval of the Aboriginal council established for that area first had and obtained.

Part 14 Transitional provisions**Division 1 Transitional provision for
Community Services Legislation
Amendment Act 1999****185 Transitional provision for council areas**

- (1) On the commencement, each Aboriginal council's existing area continues as its council area, under the same name, as if—
 - (a) the existing area had been declared to be a council area under a regulation under section 39; and
 - (b) the council had been established for the area.
- (2) To remove any doubt, it is declared that the continuance of an existing area as a council area under this section does not

affect anything done in relation to the existing area before the commencement.

- (3) For example, on the commencement—
- (a) Aboriginal police and authorised officers appointed for an existing area immediately before the commencement continue to be appointed for the area; and
 - (b) an Aboriginal Court constituted for an existing area immediately before the commencement continues to be constituted for the area.
- (4) A regulation under section 39 may declare a part of the State (the *declared area*) to be a council area even though all or part of the declared area is a council area because of subsection (1).
- (5) In this section—

commencement means the commencement of the *Community Services Legislation Amendment Act 1999*, section 17.¹⁸

existing area, for an Aboriginal council, means the area that, immediately before the commencement, was the trust area for which the council was established.

Division 2 Transitional provision for Community Services Legislation Amendment Act 2002

186 Transitional provision for process for making by-laws

- (1) This section applies if—
- (a) before the commencement of this section, an Aboriginal council had, under section 26, started the process of making a by-law under the section; and
 - (b) immediately before the commencement, the process for making the by-law had not finished.

¹⁸ *Community Services Legislation Amendment Act 1999*, section 17 commenced 21 January 2000 (see 2000 SL No. 6).

- (2) Despite their repeal, sections 26 and 27¹⁹ continue to apply to the making of the by-law as if they had not been repealed.

Part 15 Validating provisions

187 Validation of particular rates

- (1) This section applies to a rate that, before the commencement of this section, an Aboriginal council purported to make and levy on residents on the basis of a by-law made under section 52(1) or under a resolution made under section 47(9) or 52(2) as in force immediately before the commencement.
- (2) On the commencement, the rate is taken to be, and to always have been, validly made and levied.

188 Validation of declaration of council areas

- (1) It is declared that the *Community Services (Aborigines) Regulation 1998*, section 64A and schedule 1A²⁰ as in force from time to time before the commencement of this section are, and always were, under their terms effective as a valid declaration of the parts of the State mentioned in column 1 of that schedule to be the council areas mentioned in column 2 of that schedule.
- (2) Without limiting subsection (1), it is immaterial that a part of the State concerned was or is included in a local government area under the *Local Government Act 1993*.
- (3) A reference in that schedule to a deed of grant is, and always was, a reference to the deed as originally issued.
- (4) This section applies for all purposes.

19 Repealed sections 26 (Provisions concerning making of by-laws) and 27 (Subsequent action as to by-laws)

20 *Community Services (Aborigines) Regulation 1998*, section 64A (Declaration of council areas—Act, s 39) and schedule 1A (Declaration of council areas)
