Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

 - (ii) land in the area of another 1923 Act petroleum tenure.
- (4) For subsection (3)(a), if the instrument—
 - (a) states that the authority's area includes land within a block; but

- (b) does not include or exclude any particular sub-block within that block;

the reference to the block is a reference to all sub-blocks within the block, other than any sub-block that is completely within the area of another 1923 Act petroleum tenure or a 2004 Act petroleum tenure.

- (5) Excluded land may be described in a way the Minister considers appropriate, including, for example, by area or by reference to a stated type of land.
- (6) Land ceases to be excluded land for an authority to prospect if—
 - (a) the block in which the land is located is relinquished or, for any other reason, ceases to be in the area of the authority; or
 - (b) a lease under this Act or a 2004 Act lease is granted over any of the area of the authority and the land is excluded land for the lease.

19 Variation of authority to prospect

- (1) The Minister may pursuant to agreement with the holder of an authority to prospect, from time to time vary any condition, provision or stipulation as specified in the authority whereupon, until a further variation is duly made, the condition, provision or stipulation as so varied is taken to be the condition, provision or stipulation specified in the authority.
- (2) A copy of every variation is to be given to the holder of the authority.

20 Area of authority to prospect reduced on grant of lease

- (1) Land ceases to be included in the area of an authority to prospect if a lease is granted over the land.
- (2) If a lease is granted over all of the area of an authority to prospect, the authority ends.

21 Surrender of authority to prospect

- (1) The holder of an authority to prospect may, with the Minister's approval, at any time surrender the holder's interest in an authority to prospect or any part of the land comprising the authority to prospect but a surrender in respect of part of the land comprising an authority to prospect may only be surrendered if that part can be identified from the land comprising the balance of the authority to prospect by the same or similar means whereby the land comprising the authority to prospect is described and identified by the authority to prospect.
- (1A) However, the Minister's approval is not required if the surrender is the surrender of a part of the area of the authority that overlaps with the area of a lease under this Act or a 2004 Act lease.
- (2) Where an authority to prospect is surrendered in respect of part only of the land comprising the authority to prospect, the authority to prospect is to be amended by excising that part and otherwise as may be required to conform with this Act and the authority to prospect continues in respect of the balance of the area.
- (3) In the case of a surrender of an authority to prospect (in whole or in part) all adjustments between the Crown and the holder in respect of the payment of rental, fees or other moneys are at the discretion of the Minister who, for this purpose, may demand of the holder such sums as the Minister specifies and recover the same by action as a debt due to the Crown.
- (4) The holder may obtain the approval only by an application—
 - (a) made in the approved form; and
 - (b) lodged at—
 - (i) the office of the department for lodging authority to prospect surrender applications, as stated in a gazette notice by the chief executive; or
 - (ii) if no office is gazetted under subparagraph (i)—the office stated in the approved form; or
 - (iii) if the approved form does not state an office—the office of the chief executive; and

- (c) accompanied by—
 - (i) the fee prescribed under a regulation; and
 - (ii) a report by the applicant about authorised activities for the authority carried out on the area the subject of the application, and the results of the activities.

24 Miscellaneous rights

The holder of an authority to prospect shall have the right—

- (b) to cut and use any timber on such land for building or construction works or firewood or other necessary purposes; and
- (c) to depasture on such land all stock used in connection with the holder's prospecting and mining operation;

subject, however, to any conditions prescribed with respect to payment for water, timber, or agistment in cases where the making of such payment is deemed necessary.

- (3) The renewed lease must be for a term no longer than the period nominated (with reasons for the nomination) by the lessee as an appropriate term for producing in an economically viable way the petroleum from the fields within the land the subject of the lease.
 - (4) The law relating to the amount and payment of royalties and of rent in force at the time of renewal applies to the renewed lease.

46 Annual rent

- (3) In this section—

occupier means the person in actual occupation of any private land or improved land, or, if there is no person in actual occupation, the person entitled to possession thereof.

52 Surrender and determination of lease

- (1) The lessee may, with the consent of the Minister in writing, surrender and terminate the lease upon the payment of all rents royalties and other obligations due and payable to the Crown and upon payment of all wages and moneys due and payable to the workers employed by the lessee and upon proof satisfactory to the Minister that the public interest will not be impaired, but in no case shall such surrender be effective until the lessee has made full provision for conservation and protection of the property.
- (1A) The consent may be given only on the application of the lessee.
- (1B) The application must be—
 - (a) in the approved form; and
 - (b) lodged at—

52A Application of 2004 Act provisions about coextensive natural underground reservoirs

The 2004 Act, chapter 2, part 2, division 1, subdivision 2⁴⁶ applies to a lease as if a reference in the subdivision to a petroleum lease were a reference to a lease under this Act.⁴⁷

45 For provisions about applying to convert the surrendered authority, or part of the surrendered authority, to a 2004 Act ATP, see the 2004 Act chapter 15, part 3, division 7 (Later grant of petroleum tenure to replace equivalent 1923 Act petroleum tenure).

46 2004 Act, chapter 2, part 2, division 1, subdivision 2 (Provisions for coextensive natural underground reservoirs)

47 See however section 168 (Deferral of s 52A for existing leases).

 - (b) if approval of the proposed plan is refused—when the refusal takes effect.⁵⁰

⁴⁹ See section 74Q (Obligation to lodge proposed later development plan)

⁵⁰ For when the decision takes effect, see section 53G (Steps after, and taking effect of, decision).

- (2) Despite the ending of the plan period for the current development plan for the lease—
 - (a) the lease is taken to have a development plan; and
 - (b) the holder may carry out any authorised activity for the lease.

53E Deciding whether to approve proposed plan

- (1) The Minister may approve or refuse to approve the proposed plan.
- (2) The matters that must be considered in deciding whether to approve the proposed plan include each of the following—

53F Power to require relinquishment

- (1) This section applies if the proposed plan provides for a significant change that is a cessation or reduction of petroleum production.
- (2) The Minister may approve the proposed plan, but—

- (a) decide (a *deferral decision*)—
 - (i) to defer the taking of effect of the approval until the lessee relinquishes, by a notice lodged at the following office (the *relevant office*), a stated part or percentage of the area of the lease on or before a stated day—
 - (A) the office of the department for lodging relinquishment notices, as stated in a gazette notice by the chief executive;
 - (B) if no office is gazetted under subsubparagraph (A)—the office of the chief executive; and
 - (ii) that the decision to approve the proposed plan is replaced by a decision not to approve it if the notice is not lodged on or before the stated day; or
 - (b) impose a condition on the lease requiring its holder to relinquish, by a notice lodged at the relevant office, a stated part or percentage of the area of the lease at stated times or intervals.

- (2) Every application for a permit or lease by a company or corporation must be made by a duly authorised attorney, under power of attorney in that behalf.

57 Ascertainment of value

For the purposes of this Act, the value at the wellhead of any petroleum is such amount as is agreed between the Minister and the person who produces the petroleum or, failing such agreement within a period allowed by the Minister (either generally or in a particular case) as is determined by the Minister as being that value.

61 Obstruction of 1923 Act petroleum tenure holder

- (1) A person must not, without reasonable excuse, obstruct a 1923 Act petroleum tenure holder from—
- (a) entering or crossing land to carry out an authorised activity for the tenure if part 6H or 6I, to the extent it is relevant,⁵² has been complied with in relation to the entry; or
- (b) carrying out an authorised activity for the tenure on the land.

Maximum penalty—100 penalty units.

51 See sections 105 (Period to appeal) and 107 (Stay of operation of decision).

52 Part 6H (Private land) or 6I (Public land)

- (2) If a person has obstructed a 1923 Act petroleum tenure holder from carrying out an activity mentioned in subsection (1) and the holder decides to proceed with the carrying out of the activity, the holder must warn the person that—

73 Recovery of amounts payable to the State

- (1) An amount payable to the State under this Act may be recovered as a debt in a court having jurisdiction up to the amount of the debt.
- (2) The starting of a proceeding to recover an amount owing to the State does not limit the right of the State to recover another amount that may become payable under this Act because the failure continues.

- (3) If the State starts a proceeding to recover part only of an amount payable at a particular time, the State is taken to have abandoned the remainder of the amount payable at the time.

Part 6A Key mandatory conditions and related provisions

Division 1 Preliminary

74 Operation of div 1

This division provides for the key mandatory conditions for 1923 Act petroleum tenures.

Note—

1. Parts 4, 6, 6B to 6K and 10 also impose mandatory conditions on 1923 Act petroleum tenures.
2. For what is a ‘mandatory condition’, see the definition of that term in section 2.

Division 2 Specific mandatory conditions for authorities to prospect and related provisions

Subdivision 1 Standard relinquishment condition and related provisions

Note—

For an authority to prospect in force immediately before the 2004 Act start day, see part 10, division 2.⁵³

74A Standard relinquishment condition

- (1) It is a condition (the *relinquishment condition*) of each authority to prospect that its holder must relinquish part of its area, as provided for under this subdivision—
 - (a) on or before each of its relinquishment days; and
 - (b) if section 74E(3)⁵⁴ applies—on the day provided for under that subsection; and
 - (c) if, under part 4, division 2, subdivision 3,⁵⁵ the period of the work program for the authority has been extended—the day on which the extended period ends.
- (2) However, if, under section 25J(4),⁵⁶ a relinquishment day for the authority (the *original day*) is deferred for a stated period, for the relinquishment condition—
 - (a) the relinquishment that was required on or before the original day is taken to have been deferred until the end of the stated period; but
 - (b) the relinquishments required under the relinquishment condition on any later relinquishment days for the

53 Part 10, division 2 (Relinquishment condition until first renewal after 2004 Act start day, and related provisions)

54 Section 74E (Adjustments for sub-blocks that can not be counted)

55 Part 4, division 2, subdivision 3 (Amending work programs)

56 Section 25J (Deciding application)

authority must be made as if the deferral has not been granted.

- (3) A relinquishment required under the relinquishment condition—
 - (a) must be made by notice (the *relinquishment notice*) lodged at—
 - (i) the office of the department for lodging relinquishment notices, as stated in a gazette notice by the chief executive; or
 - (ii) if no office is gazetted under subparagraph (i)—the office of the chief executive; and
 - (b) takes effect on the day after lodgment under paragraph (a).
- (4) This section does not prevent the holder from relinquishing, by relinquishment notice, more than the part provided for under this subdivision.

74B Consequence of failure to comply with relinquishment condition

- (1) If the holder does not comply with the relinquishment condition the holder must be given a notice requiring the holder to comply with the condition within 20 business days after the giving of the notice.
- (2) If the holder does comply with the requirement, the authority to prospect is cancelled.
- (3) However, the cancellation does not take effect until the holder is given a notice stating that the authority to prospect is cancelled because of the operation of subsection (2).

74C Part usually required to be relinquished

- (1) This section is subject to section 74E.⁵⁷
- (2) The relinquishment for each relinquishment day, and any other day mentioned in section 74A(1)(b) or (c) that applies to

57 Section 74E (Adjustments for sub-blocks that can not be counted)

the authority, must be such that by that day at least 8.33% of the original notional sub-blocks of the authority to prospect have been relinquished for each year that has passed since the authority originally took effect.

- (3) The sub-blocks required to be relinquished under this section is the *usual relinquishment*.

74D Sub-blocks that can not be counted towards relinquishment

- (1) The following can not be counted as sub-blocks relinquished for the relinquishment condition—
- (a) sub-blocks relinquished under a condition imposed under section 25J(6);⁵⁸
 - (b) sub-blocks in an area that, under section 20,⁵⁹ has ceased to be included in the area of an authority to prospect;
 - (c) sub-blocks the subject of a lease application or an application for a 2004 Act lease;
 - (d) sub-blocks relinquished under a penalty relinquishment.
- (2) In this section—

penalty relinquishment means a relinquishment that is—

- (a) made under section 74J or under a requirement under section 80T(1)(b);⁶⁰ and
- (b) more than the sub-blocks required to be relinquished under the relinquishment condition.

74E Adjustments for sub-blocks that can not be counted

- (1) This section applies for a relinquishment day if, after taking away all sub-blocks that, under section 74D, can not be counted for the relinquishment condition, the balance of the sub-blocks of the authority to prospect are less than the

58 Section 25J (Deciding application).

59 Section 20 (Area of authority to prospect reduced on grant of lease)

60 Sections 74J (Penalty relinquishment if work program not completed within extended period) and 80T (Types of noncompliance action that may be taken)

sub-blocks required to be relinquished under the usual relinquishment.

- (2) The relinquishment condition is taken to have been complied with if the authority holder gives a relinquishment notice for all of the balance.
- (3) However, if—
 - (a) a sub-block not counted for the relinquishment condition was the subject of a lease application; and
 - (b) the result of the application is that it is refused;

the authority holder must, within 20 business days after the appeal period for the decision to refuse, give a relinquishment notice for that sub-block.

74F Relinquishment must be by blocks

- (1) A relinquishment under the relinquishment condition can only be by blocks.
- (2) However, if a block contains an area that, under section 74D, can not be counted as a relinquishment, subsection (1) is complied with if all of the rest of the land within the block is relinquished.

74G Ending of authority to prospect if all of area relinquished

If all of the area of an authority to prospect is relinquished, the authority ends.

Subdivision 2 Work programs

74H Requirement to have work program

The holder of an authority to prospect must have a work program for the authority.

Note—

- 1 The only ‘work program’ for an authority to prospect is its current initial work program provided for under section 151 or 155 or its

later work program, as approved under part 4, division 2. See the definition of that term in section 2.

- 2 For the requirements to lodge a proposed later work program see sections 25M, 74K and 80T.
- 3 For approval of proposed later development plans see part 4, division 2, subdivision 2.⁶¹

74I Compliance with exploration activities in work program

An authority to prospect holder must carry out the exploration activities proposed in the work program.

74J Penalty relinquishment if work program not completed within extended period

If—

- (a) under part 4, division 2, subdivision 3,⁶² the period of the work program for an authority to prospect has been extended; and
- (b) the work program is not completed on or before the day on which the extended period ends;

its holder must relinquish a part of the original notional sub-blocks of the authority that corresponds to the amount of the work under the work program that was not completed.

74K Obligation to lodge proposed later work program

- (1) This section imposes an obligation on an authority to prospect holder to lodge a proposed later work program for the authority.

61 Sections 2 (Definitions), 151 (Unfinished authority to prospect applications for which a Commonwealth Native Title Act s 29 notice has been given) and 155 (Conditions of an authority to prospect about expenditure or work becomes its work program)

Part 4, division 2, subdivision 2 (Approval of proposed later work programs)

62 Part 4, division 2, subdivision 3 (Amending work programs)

Note—

- 1 For approval of the proposed program, see part 4, division 2, subdivision 2.
 - 2 If the holder wishes to renew the authority, a proposed later work program must be included in the renewal application. See section 25M(1).⁶³
- (2) The obligation is complied with only if the proposed later work program—
 - (a) is lodged at—
 - (i) the office of the department for lodging proposed later work programs, as stated in a gazette notice by the chief executive;
 - (ii) if no office is gazetted under subparagraph (i)—the office of the chief executive; and
 - (b) complies with the later work program requirements;⁶⁴ and
 - (c) is accompanied by the relevant fee.
 - (3) A proposed later work program must be lodged at least 20, but no more than 60, business days before the end of the program period for the current work program for the authority (the ***current work program period***).
 - (4) However, if before the end of the current work program period, a decision is made not to approve a proposed later work program lodged under subsection (3), the holder may, within the period, lodge another proposed later work program.
 - (5) If the holder does not lodge any proposed later work program before the end of the current plan period or if subsection (4) applies and the holder does not lodge another proposed later work program within the current work program period—
 - (a) the holder must be given a notice requiring the holder to lodge a proposed later work program for the authority within 20 business days after the giving of the notice; and

⁶³ Section 25M (Requirements for making application)

⁶⁴ See part 4, division 2, subdivision 1 (Requirements for proposed later work programs).

- (b) the holder must comply with the requirement.
- (6) In this section—
- relevant fee*, for the lodgment of the proposed program, means—
- (a) if the proposed program is lodged within the time required under subsection (3)—the fee prescribed under a regulation; or
- (b) if the proposed program is lodged after the time required under subsection (3)—
- (i) if it is lodged under subsection (4)—nil; or
- (ii) if it is not lodged under subsection (4) and it is lodged before the end of the current work program period—an amount that is 10 times the prescribed fee; or
- (iii) if it is not lodged under subsection (4) and it is lodged after the end of the current work program period—an amount that is 20 times the prescribed fee.

74L Consequence of failure to comply with notice to lodge proposed later work program

- (1) If an authority to prospect holder does not comply with a requirement under section 74K(5)(a), the authority is cancelled.
- (2) However, the cancellation does not take effect until the holder is given a notice stating that the authority has been cancelled because of the operation of subsection (1).

Subdivision 3 Miscellaneous conditions

74M Restriction on flaring or venting

- (1) An authority to prospect holder must not flare or vent petroleum in a gaseous state produced under the authority unless the flaring or venting is authorised under this section.

- (2) Flaring the gas is authorised if it is not commercially or technically feasible to use it—
 - (a) commercially under the authority; or
 - (b) for an authorised activity for the authority.
- (3) Venting the gas is authorised if—

Required information, for a 1923 Act petroleum tenure, is information (in any form) about authorised activities carried out under the tenure that the tenure holder has lodged under this Act, including, for example—

- (a) a sample; and
- (b) data and other matters mentioned in section 76G(2).

76D Public release of required information

- (1) The mere fact of the existence of a 1923 Act petroleum tenure is taken to be an authorisation from its holder to the chief executive to do the following, after the end of any confidentiality period prescribed under a regulation—

Example—

The required information is a well completion report about a well drilled on particular land in the area of an authority to prospect. Subsection (1) ceases to apply if all of that land is relinquished under a relinquishment condition.

- (3) The authorisation is not affected by the ending of the tenure.

76E Chief executive may use required information

- (1) The mere fact of the existence of a 1923 Act petroleum tenure is taken to be an authorisation from its holder to the chief executive to use required information for—
 - (a) purposes reasonably related to this Act that are required for the tenure; or
 - (b) the services of the State.
- (2) The authorisation is not affected by the ending of the tenure.

76F Obligation to lodge annual reports

- (1) Each 1923 Act petroleum tenure holder must, within 2 months after each of the tenure's anniversary days, lodge a report (an *annual report*) for the 12 months that ended on the last anniversary day that includes the information about the authority prescribed under a regulation.

Maximum penalty—150 penalty units.

- (2) If a 1923 Act petroleum tenure ends, its former holder must, within 2 months, lodge a report that includes the information prescribed under subsection (1) for the period from the authority's last anniversary day to when it ended.

Maximum penalty—150 penalty units.

- (3) A report under this section must be lodged at—
 - (a) the office of the department for lodging annual reports, as stated in a gazette notice by the chief executive; or
 - (b) if no office is gazetted under paragraph (a)—the office of the chief executive.

- (4) In this section—

anniversary day, for a 1923 Act petroleum tenure, means each day that is the anniversary of the day the authority took effect.

76G Power to require information or reports about authorised activities to be kept or given

Part 6F Provisions for coal seam gas

Division 1 Preliminary

Subdivision 1 Introduction

76H Main purposes of pt 6F

The main purposes of this part are, in conjunction with the 2004 Act, chapter 3 and the Mineral Resources Act, part 7AA,⁹³ to—

- (a) clarify rights to explore for and produce coal seam gas; and
- (b) address issues arising for coal seam gas exploration and production, and, in particular, issues arising when a 1923 Act petroleum tenure and a coal or oil shale mining tenement are granted over the same area; and
- (c) ensure petroleum exploration and production is—
 - (i) carried out safely; and
 - (ii) does not compromise the safe and efficient mining of coal seams or oil shale; and
- (d) provide security of tenure to protect existing operations and investments relating to coal, oil shale and petroleum;⁹⁴ and

93 2004 Act, chapter 3 and the Mineral Resources Act, part 7AA (Provisions for coal seam gas)

94 For existing operations, see also the Mineral Resources Act, part 19, division 6 (Transitional provisions for *Petroleum and Gas (Production and Safety) Act 2004*).

- (e) provide certainty of tenure for future investments relating to coal, oil shale and petroleum; and
- (f) optimise the development and use of the State's coal, oil shale and petroleum resources to maximise the benefit for all Queenslanders; and
- (g) ensure petroleum exploration and production does not compromise the ability to mine coal seams economically in the future; and
- (h) ensure, if it is commercially and technically feasible, the grant of leases that may affect coal or oil shale mining, or proposed coal or oil shale mining, optimises the commercial use of coal, oil shale and petroleum resources in a safe and efficient way.

76I How main purposes are achieved

- (1) The main purposes of this part are achieved, in this part, the 2004 Act, chapter 3 or the Mineral Resources Act, part 7AA, by—
 - (a) providing for processes to decide the priority of overlapping lease applications and coal or oil shale mining tenement applications and potential applications; and
 - (b) facilitating the obtaining of a lease over land in the area of a coal mining lease or oil shale mining lease; and
 - (c) imposing additional requirements for deciding the overlapping applications; and
 - (d) imposing restrictions on the authorised activities for particular 1923 Act petroleum tenures; and
 - (e) imposing additional—
 - (i) requirements relating to development plans for petroleum exploration or production under a lease; and
 - (ii) conditions on authorities to prospect and leases; and
 - (f) granting the following the right to apply for a lease—

- (i) particular coal or oil shale mining tenement holders;
 - (ii) others who apply jointly with the holders.
- (2) The following are also relevant to the achievement of the purposes—
 - (a) the definition of *petroleum* in section 2—
 - (b) the 2004 Act, sections 800(2) and 802(1)(c);
 - (c) the 2004 Act, chapter 2, part 8;
 - (d) the 2004 Act, chapter 9;
 - (e) the Mineral Resources Act, sections 3A, and 6, part 7AA and part 19, division 6.⁹⁵

76J Relationship with other provisions of Act

- (1) Requirements and restrictions under this part apply as well as any relevant requirements under another provision of this Act.
- (2) If this part imposes a requirement for, or a restriction on, the renewal of a 1923 Act petroleum tenure, the tenure can not be renewed if the restriction applies or if the requirement has not been complied with.
- (3) If this part imposes a requirement for, or a restriction on, the carrying out of an authorised activity for a 1923 Act petroleum tenure, despite the other provision, the activity is not an authorised activity for the tenure while the restriction applies or if the requirement has not been complied with.
- (4) If a provision of this part conflicts with the other provision, the provision of this part prevails to the extent of the inconsistency.

⁹⁵ 2004 Act, sections 800 (Restriction on petroleum tenure activities), 802 (Restriction on pipeline construction or operation), chapter 2, part 8 (Petroleum activities coordination) and chapter 9 (Safety)

78V Notice to owners and occupiers

- (1) This section applies if private land has been entered to carry out authorised activities for a 1923 Act petroleum tenure.
- (2) The tenure holder must, within 3 months after the end of the period under subsection (3), (4) or (5), give each owner and occupier of the land a notice stating—
 - (a) what activities were carried out on the land during that period, and where they were carried out; or
 - (b) if no activities were carried out on the land during the period—that no activities were carried out on the land during that period.
- (3) If an entry notice was given for the entry to all owners or occupier of the land, the period for subsection (2) is the period stated in the entry notice.

138 Section 78M (Requirement for entry notice to carry out authorised activities)

- (4) If all owners or occupiers of the land gave a waiver of entry notice for the entry, the period for subsection (2) is the longer of following periods after the giving of the waiver of entry notice—
- (a) either—
 - (i) for an authority to prospect—6 months; or
 - (ii) for a lease—1 year;
 - (b) if, within the period under paragraph (a), each owner or occupier of the land consented to a longer period—the longer period.
- (5) If an entry notice for the entry was given to some of the owners or occupiers and the rest of the owners or occupiers gave a waiver of entry notice for the entry, the period for subsection (2) is the longer of the periods under subsections (3) or (4).

Division 6 Access to carry out rehabilitation or environmental management

78W Right of access for authorised activities includes access for rehabilitation and environmental management

If, under this part, a 1923 Act petroleum tenure holder has the right to enter private land to carry out authorised activities for the tenure, the right includes the right to enter the land to carry out rehabilitation or environmental management required of the holder under any relevant environmental requirement under the Environmental Protection Act.

Part 6I Public land¹³⁹

Division 1 Public roads

Subdivision 1 Preliminary

78X Significant projects excluded from div 1

- (1) This division does not apply for a 1923 Act petroleum tenure that is, or is included in, a project declared under the *State Development and Public Works Organisation Act 1971*, section 26, to be a significant project.
- (2) Subsection (1) does not limit or otherwise affect conditions the Coordinator-General may, under the *State Development and Public Works Organisation Act 1971*, part 4, division 7,¹⁴⁰ recommend for the tenure.

78Y What is a *notifiable road use*

- (1) A *notifiable road use*, for a 1923 Act petroleum tenure, is—
 - (a) the use of a public road in the area of the tenure for transport relating to a seismic survey or drilling activity; or
 - (b) the use of a public road at more than the threshold rate if the haulage relates to—
 - (i) the transportation of petroleum produced or processed in the area of the tenure; or
 - (ii) the construction of a pipeline.
- (2) Subsection (1)(b) applies even if the road is not on land in the area of the tenure.
- (3) In this section—

139 See however section 165 (Exclusion of pt 6I, div 1 for continuance of particular existing road uses).

140 *State Development and Public Works Organisation Act 1971*, part 4, division 7 (Relationship with other legislation)

threshold rate means—

- (a) for a State-controlled road—50 000 t a year; or
- (b) for another public road—10 000 t a year.

Subdivision 2 Notifiable road uses

78Z Notice of notifiable road use

- (1) It is a condition of each 1923 Act petroleum tenure that its holder must not use a public road for a notifiable road use unless the holder has given the public road authority for the road notice that the holder proposes to carry out the use.¹⁴¹
- (2) The notice must—
 - (a) be given—
 - (i) at least 10 business days before the use starts; or
 - (ii) within a shorter period agreed to by the public road authority in writing; and
 - (b) state each of the following—
 - (i) the public road proposed to be used;
 - (ii) the type of haulage under the use;
Examples of type of haulage—
 - vehicle type
 - material hauled
 - (iii) the total weight of material proposed to be hauled;
 - (iv) when the use is proposed to start and end;
 - (v) the frequency of vehicle movements;
 - (vi) contact details for the holder or someone else the holder has authorised to discuss the matters stated in the notice.

¹⁴¹ See also section 79G (Compensation to be addressed before carrying out notifiable road use).

79 Directions about notifiable road use

- (1) The public road authority for a public road may, by notice, give a 1923 Act petroleum tenure holder a direction (a ***road use direction***) about the way the holder may use the road for notifiable road uses being carried out, or proposed to be carried out, by the holder.
- (2) The direction must—
 - (a) be reasonable; and
 - (b) only be about—
 - (i) preserving the condition of the road; or
 - (ii) the safety of road-users or the public; and
 - (c) be accompanied by, or include, an information notice about the decision to give the direction.

Examples of what a direction may be about—

- when the road may be used
 - the route for the movement of heavy vehicles
 - safety precautions the holder must take
- (3) The direction may also require the holder to—
 - (a) carry out an assessment of the impacts likely to arise from the notifiable road use the subject of the notice; and
 - (b) consult with the public road authority in carrying out the assessment.
 - (4) However—
 - (a) an assessment can not be required if the notifiable road use is transportation relating to a seismic survey or drilling activity; and
 - (b) the public road authority can not require an assessment of an impact to the extent it has already been assessed under an EIS under the Environmental Protection Act, or a similar document under another Act.

79A Obligation to comply with road use directions

It is a condition of each 1923 Act petroleum tenure that its holder must comply with any road use direction given to its holder relating to the tenure, unless the holder has a reasonable excuse.

Subdivision 3 Compensation for notifiable road uses**79B Liability to compensate public road authority**

- (1) The holder of each 1923 Act petroleum tenure is liable to compensate the public road authority for a public road for any cost, damage or loss it incurs, or will incur, that is or will be caused by notifiable road uses carried out by the holder that relate to the road.

Examples of a possible cost for subsection (1)—

- repair costs to rectify damage to the road caused, or that will be caused, by any of the uses
 - capital costs for unplanned upgrades of the road incurred, or that will be incurred, because of any of the uses
 - bring-forward costs, including interest charges, for a planned upgrade of the road that, because of any of the uses, is or will be required earlier than planned
- (2) The holder's liability under subsection (1) is the holder's **compensation liability** to the public road authority.
- (3) The compensation liability—
- (a) applies whether or not the holder has, under section 78Z, given notice of the use; and
 - (b) is subject to section 79H;¹⁴² and
 - (c) is in addition to, and does not limit or otherwise affect, the holder's liability under another provision of this Act about compensating the public road authority or anyone else.

142 Section 79H (Compensation not affected by change in administration or holder)

79C Compensation agreement

- (1) A 1923 Act petroleum tenure holder and the public road authority for a public road may enter into an agreement (a ***compensation agreement***) about the holder's compensation liability to the public road authority relating to the road.
- (2) A compensation agreement may relate to all or part of the liability.
- (3) A compensation agreement must—
 - (a) be signed by, or for, the holder and the public road authority; and
 - (b) state whether it is for all or part of the liability; and
 - (c) if it is for only part of the liability, state—
 - (i) each part of the notifiable road use to which the agreement relates; and
 - (ii) the period for which the agreement has effect; and
 - (d) provide for how and when the liability will be met.
- (4) A compensation agreement may—
 - (a) extend the holder's compensation liability to the public road authority relating to the road to any renewal of the tenure; and
 - (b) provide for—
 - (i) monetary or non-monetary compensation; or
 - (ii) a process by which it may be amended or enforced.

Example for paragraph (b)—

A compensation agreement may provide for compensation under it to be reviewed on the happening of a material change in circumstances for the 1923 Act petroleum tenure, including a significant decrease or increase in the extent of the relevant notifiable road use.

- (5) Subsections (2) to (4) do not limit the matters that may be provided for in a compensation agreement.

79D Deciding compensation through tribunal

- (1) The public road authority for a public road or a 1923 Act petroleum tenure holder may apply (a ***compensation application***) to the tribunal for the tribunal to decide the holder's compensation liability to the public road authority relating to the road.
- (2) The tribunal may decide the compensation liability only to the extent it is not subject to a compensation agreement.
- (3) In making the decision, the tribunal may have regard to whether the applicant has attempted to mediate or negotiate the compensation liability.

79E Criteria for decision

- (1) The criteria the tribunal must consider, in deciding a compensation application, include—
 - (a) the reasonableness of the cost, damage or loss claimed; and
 - (b) if the public road authority is a local government—the extent to which the cost, damage or loss claimed has been, will be or ought reasonably to be or to have been, paid from—
 - (i) amounts the 1923 Act petroleum tenure holder has paid, or agreed to pay, the public road authority for notifiable road uses; or
 - (ii) rates and charges under the *Local Government Act 1993* paid or payable by the holder to the public road authority; and
 - (c) any other relevant matter.
- (2) In considering the reasonableness of any cost, damage or loss claimed, the tribunal must have regard to—
 - (a) any action taken, or proposed, by the holder to, or to attempt to, avoid, minimise or remedy the cost, damage or loss; and
 - (b) any relevant act or omission of the public road authority.

- (3) Subsection (1)(b)(ii) applies whether or not the rates and charges relate to notifiable road uses.

79F Tribunal review of compensation

- (1) This section applies if—
- (a) the compensation liability, or future compensation liability, of a 1923 Act petroleum tenure holder to a public road authority has been agreed to under a compensation agreement or decided by the tribunal (the *original compensation*); and
 - (b) there has, since the agreement or decision, been a material change in circumstances.

Example of a material change in circumstances—

a significant decrease or increase in the extent of the relevant notifiable road use

- (2) The public road authority or the holder may apply to the tribunal for it to review the original compensation.
- (3) Sections 79D and 79E apply for the review as if the application were a compensation application.
- (4) The tribunal may, after carrying out the review, decide to confirm the original compensation or amend it in a way the tribunal considers appropriate.
- (5) However, before making the decision, the tribunal must have regard to—
 - (a) the original compensation; and
 - (b) whether the applicant has attempted to mediate or negotiate an amendment of the original compensation; and
 - (c) any change in the matters mentioned in section 79E(1) since the original compensation was agreed or decided.
- (6) If the decision is to amend the original compensation, the original compensation as amended under the decision, is for this Act, taken to be the original compensation.

79G Compensation to be addressed before carrying out notifiable road use

- (1) It is a condition of each 1923 Act petroleum tenure that its holder must not carry out a notifiable road use on a public road unless—
 - (a) the holder and the relevant public road authority have signed a compensation agreement for the use; or
 - (b) the public road authority has given written consent to the carrying out of the use; or
 - (c) a compensation application has been made to decide the holder's compensation liability to the public road authority relating to the road.¹⁴³
- (2) A consent under subsection (1)(b) may be given for any renewal of the tenure.

79H Compensation not affected by change in administration or holder

- (1) An agreement or decision under this part about compensation liability is binding on—
 - (a) the relevant public road authority; and
 - (b) the relevant 1923 Act petroleum tenure holder; and
 - (c) each of their personal representatives, successors and assigns.
- (2) Subsection (1) is subject to section 79F.¹⁴⁴

Division 2 Other public land**79I Requirement for entry notice to carry out authorised activities**

- (1) This section does not apply for a notifiable road use.¹⁴⁵

143 See section 79D(1) (Deciding compensation through tribunal).

144 Section 79F (Tribunal review of compensation)

145 For notifiable road uses see sections 78Z (Notice of notifiable road use) and 79 (Directions about notifiable road use).

- (2) A 1923 Act petroleum tenure holder must not enter public land to carry out an authorised activity for the tenure on public land¹⁴⁶ unless—
- (a) the activity is an activity that may be carried out by a member of the public without requiring the specific approval of the public land authority for the land; or
- Example—*
- travelling on a public road in the area of the 1923 Act petroleum tenure
- (b) the holder has, at least 30 business days before the entry, given the public land authority notice under this part (an ***entry notice***) of the proposed entry; or
 - (c) the entry is needed to preserve life or property because of a dangerous situation or emergency that exists, or may exist; or
 - (d) the public land authority has agreed that an entry notice is not required.
- Maximum penalty for subsection (2)—100 penalty units.
- (3) An agreement under subsection (2)(d) is a ***waiver of entry notice***.

79J Waiver of entry notice

- (1) A waiver of entry notice—
- (a) may be given only by signed writing; and
 - (b) must state each of the following—
 - (i) that the public land authority has been told it is not required to agree to the waiver of entry notice;
 - (ii) the authorised activities proposed to be carried out on the land;
 - (iii) the period during which the land will be entered;

146 For private land, see part 6H (Private land).

See also section 78Z (Notice of notifiable road use).

- (iv) when and where the activities are proposed to be carried out.
- (2) The public land authority can not withdraw the waiver of entry notice during the period.
- (3) The waiver of entry notice ceases to have effect at the end of the period.

79K Required contents of entry notice

- (1) An entry notice must state each of the following—
 - (a) the land proposed to be entered;
 - (b) the period during which the land will be entered (the *entry period*);
 - (c) the activities proposed to be carried out on the land;
 - (d) when and where the activities are proposed to be carried out;
 - (e) contact details for—
 - (i) the relevant 1923 Act petroleum tenure holder; or
 - (ii) another person the holder has authorised to discuss the matters stated in the notice.
- (2) The entry period must not be longer than—
 - (a) for an authority to prospect—6 months; or
 - (b) for a petroleum lease—1 year.
- (3) However, the entry period may be longer if the public land authority agrees in writing.
- (4) Subject to subsections (2) and (3), an entry notice given to 1 public land authority in relation to the public land may state a different entry period from an entry notice given to another public land authority in relation to the public land.
- (5) If a proposed activity is not likely to significantly disrupt activities the public land authority ordinarily carries out on the land, the entry notice may comply with subsection (1)(c) and (d) by generally describing the nature and extent of the activity.

79L Conditions public land authority may impose

- (1) A public land authority may impose relevant and reasonable conditions on a 1923 Act petroleum tenure holder including, for example, about giving the public land authority—
 - (a) notice of proposed entry—
 - (i) generally—at least 2 business days before the proposed entry; or
 - (ii) if the holder and the public land authority have agreed to a longer or shorter period for giving the notice—within the longer or shorter period; or
 - (b) notice at stated intervals of activities carried out by, or for, the holder on the land.
- (2) However, the public land authority can not impose a condition that is the same, or substantially the same as, or inconsistent with, a condition of the tenure or a relevant environmental authority.
- (3) Despite subsection (2), if the public land authority is the chief executive of the department in which the *Nature Conservation Act 1992* is administered, that chief executive may impose a condition more stringent than the conditions of the environmental authority.
- (4) If the authority decides to impose a condition, other than a condition agreed to or requested by the holder, it must give the holder an information notice about the decision.
- (5) In carrying out the activity, the holder must comply with the conditions.

Maximum penalty for subsection (5)—100 penalty units.

Part 6J**Access to land in area of another 1923 Act petroleum tenure or a mining tenement****79M Application of pt 6J**

- (1) This part applies for a 1923 Act petroleum tenure (the *first tenure*) in relation to land that is outside its area and in the area of another 1923 Act petroleum tenure or a mining tenement (the *second tenure*).
- (2) However, if the land is also private or public land, this part does not limit part 6H or 6I.¹⁴⁷

79N Access to land in area of lease under this Act or a mining lease

If the second tenure is a lease under this Act or a mining lease, the first tenure holder may enter the land only if—

- (a) the second tenure holder has consented in writing to the entry; and
- (b) the first tenure holder has lodged at the following office a notice stating that the consent has been given—
 - (i) the office of the department for lodging the notice, as stated in a gazette notice by the chief executive;
 - (ii) if no office is gazetted under subparagraph (i)—the office of the chief executive.

79O Access to land in area of another type of mining tenement or 1923 Act petroleum tenure

- (1) If the second tenure is an authority to prospect or a mining tenement other than a mining lease, the first tenure holder may do the following without the second tenure holder's consent—

¹⁴⁷ See also section 3 (Relationship with Mineral Resources Act) and the Mineral Resources Act, section 403 (Offences regarding land subject to mining claim or mining lease).

- (a) cross the land if it is reasonably necessary to allow the first tenure holder to enter the area of the first tenure; and
 - (b) carry out activities on the land that are reasonably necessary to allow the crossing of the land.
- (2) However, a right under subsection (1) may be exercised only if its exercise does not adversely affect the carrying out of an authorised activity for the second tenure.
- (3) Subsection (2) applies whether or not the authorised activity has already started.¹⁴⁸

Part 6K General compensation provisions¹⁴⁹

79P General liability to compensate

- (1) This section does not apply for a public land authority in relation to a notifiable road use.¹⁵⁰

 - (c) each eligible claimant for the land is—
 - (i) a party to a compensation agreement about the holder's compensation liability to the eligible claimant of at least to the extent the liability relates to the activity proposed to be carried out by the holder, and its effects; or
 - (ii) a party to an agreement (a *deferral agreement*) that a compensation agreement can be entered into after the entry; or
 - (iii) an applicant or respondent to an application under section 79R relating to the land; or

79W Application of div 1

This division applies for a pipeline constructed or operated under a 1923 Act petroleum tenure.

79X General provision about ownership while tenure is in force for pipeline

- (1) This section applies while the land on which the pipeline is constructed is, and continues to be, on land in the area of the tenure.
- (2) The pipeline is taken to be the personal property of the tenure holder.
- (3) The pipeline remains the holder's personal property despite—
 - (a) it having become part of the land; or
 - (b) the sale or other disposal of the land; or

- (2) However, the section is subject to—
 - (a) section 80L;¹⁵⁴ and
 - (b) any condition of the former tenure.
- (3) Also, if the pipeline is decommissioned under section 75A¹⁵⁵ the 1923 Act petroleum tenure holder, or former 1923 Act petroleum tenure holder, may dispose of it to anyone else.

Part 6M Petroleum register

80A Petroleum register

- (1) The chief executive must keep a register of details about—
 - (a) 1923 Act petroleum tenures; and
 - (b) mortgages and subleases of 1923 Act petroleum tenures mentioned in section 80E.¹⁶⁰
- (2) The chief executive may also keep in the register information that the chief executive considers appropriate about matters relating to this Act or another Act.
- (3) The register may be kept with the petroleum register under the 2004 Act.

80B Keeping of register

- (1) The chief executive must include in the petroleum register the information prescribed under a regulation.
- (2) If, under this Act, there is a change relating to information required to be kept in the register or to information that, under section 80C(2) the chief executive keeps in the register, the chief executive must—
 - (a) amend the register to reflect the change; and
 - (b) record in the register—
 - (i) when the information was amended; and
 - (ii) for a permitted dealing—when it took effect or is to take effect.
- (3) For subsection (2), if the change requires approval under this Act, the change happens when the approval takes effect.

80C Access to register

The chief executive must—

¹⁶⁰ Section 80E (What is a permitted dealing)

- (a) keep the petroleum register open for inspection by the public during office hours on business days at the places the chief executive considers appropriate; and
- (b) allow a person to take extracts, free of charge, from the register; and
- (c) give a person who asks for a copy of all or part of a notice, a document or information held in the register the copy on payment of the fee prescribed under a regulation.

80D Chief executive may correct register

- (1) The chief executive may correct the petroleum register if satisfied—
 - (a) the register is incorrect; and
 - (b) the correction will not prejudice the rights, recorded in the register, of a 1923 Act petroleum tenure holder, a person who holds an interest in a 1923 Act petroleum tenure or a person who is a party to a coordination arrangement.
- (2) The power to correct includes power to correct information in the register or a document forming part of the register.
- (3) If the register is corrected, the chief executive must record in it—
 - (a) the state of the register before the correction; and
 - (b) the time, date and circumstances of the correction.
- (4) A correction under this section has the same effect as if the relevant error had not been made.
- (5) For subsection (1)(b), a right is not prejudiced if the relevant person acquired or has dealt with the right with actual or constructive knowledge that the register was incorrect and how it was incorrect.

Part 6N Dealings

Division 1 Permitted dealings

80E What is a permitted dealing

- (1) Each of the following is a *permitted dealing*—
 - (a) a transfer of a 1923 Act petroleum tenure, or of a share in a 1923 Act petroleum tenure;
 - (b) a mortgage of a 1923 Act petroleum tenure, or a share in a mortgage of a 1923 Act petroleum tenure;
 - (c) a release, transfer or surrender of a mortgage, or a share in a mortgage, mentioned in paragraph (b);
 - (d) a sublease, or a share in a sublease, of a lease, as provided for under a coordination arrangement;
 - (e) a transfer of a sublease mentioned in paragraph (d), as provided for under the coordination arrangement.
- (2) However, a dealing that has the effect of transferring part of the area of a 1923 Act petroleum tenure is not a permitted dealing.
- (3) In this section—

transfer includes—

- (a) a transmission by death; and
- (b) a transfer by operation of law; and

Example—

A 1923 Act petroleum tenure is held by individuals as joint tenants and one of them dies. A transfer in relation to the tenure includes a record of the death, to record the passing by survivorship of the deceased holder's share of the tenure to the other holders.

- (c) a record of the change of name of a 1923 Act petroleum tenure holder.

80F Dealings other than permitted dealings of no effect

A dealing with a 1923 Act petroleum tenure that is not a permitted dealing is of no effect.

80G Conditions for permitted dealings

- (1) A permitted dealing has no effect until it has been approved under division 2.
- (2) A permitted dealing, once approved, takes effect on—
 - (a) the day the dealing is concluded; or
 - (b) if, under section 80J(5), the approval provides for a later day for the dealing to take effect—that later day.
- (3) The approval of a permitted dealing does not of itself give it any more effect or validity than it would have had, had subsection (1) not been enacted.

Division 2 Obtaining approval for permitted dealing**80H Minister may give indication for proposed permitted dealing**

- (1) A party to a proposed permitted dealing may ask the Minister, before concluding the dealing, to indicate—
 - (a) whether the Minister is likely to approve of it; and
 - (b) if conditions are likely to be imposed on the dealing—what the conditions are likely to be.
- (2) The request may be made in any way the Minister considers appropriate.
- (3) However, the Minister must not consider the request unless the fee prescribed under a regulation has been paid.
- (4) The party must give the Minister the information the Minister requires to give the indication.
- (5) In considering the request the Minister must consider the matters mentioned in section 80K as if the request were an application for approval of a permitted dealing.

80I Applying for approval

- (1) A holder of a relevant 1923 Act petroleum tenure interest who is party to a permitted dealing may apply for approval of the dealing.
- (2) The application must be—
 - (a) in the approved form; and
 - (b) lodged at—
 - (i) the office of the department for lodging applications to approve permitted dealings, as stated in a gazette notice by the chief executive; or
 - (ii) if no office is gazetted under subparagraph (i)—the office stated in the approved form; or
 - (iii) otherwise—the office of the chief executive; and
 - (c) accompanied by each of the following—
 - (i) the instrument for the dealing, signed by the parties to the dealing, and a copy of it certified to be a true copy of the original;
 - (ii) for a transfer of a share in a 1923 Act petroleum tenure, a written consent to the transfer by—
 - (A) each person who holds that interest; and
 - (B) if the interest is subject to a mortgage—the mortgagee;
 - (iii) the fee prescribed under a regulation.

80J Deciding application

- (1) The Minister may decide to grant or refuse the approval.
- (2) However, for a transfer of a 1923 Act petroleum tenure, other than an exempt transfer, the approval may be granted only if the proposed transferee—
 - (a) is a holder of the relevant environmental authority for the tenure; and
 - (b) either—

Petroleum Act 1923

- (i) any financial assurance required under the Environmental Protection Act for the environmental authority has been given; or
 - (ii) the administering authority under that Act has given the Minister notice that the administering authority has not required financial assurance under that Act from the proposed transferee for the environmental authority.
- (3) Also, the approval must be granted if—
 - (a) the proposed permitted dealing is any of the following—
 - (i) a mortgage of a 1923 Act petroleum tenure or of a share in a mortgage of a 1923 Act petroleum tenure;
 - (ii) a release, transfer or surrender of a mortgage, or a share in mortgage, mentioned in subparagraph (i);

 - (b) subject to subsection (2)—under section 80H, an indication of the approval has been given for the proposed permitted dealing and any conditions imposed under that section have been complied with.
- (4) Despite subsection (3)(b), the approval may be refused if—
 - (a) the request for the indication contained incorrect material information or omitted material information; and
 - (b) had the Minister been aware of the discrepancy, the Minister would not have given the indication.
- (5) The approval may provide that it has effect from when the dealing was concluded or a later stated day.
- (6) The Minister may, as a condition of deciding to grant the approval, require the proposed transferee to give, under

section 78E,¹⁶¹ security for the petroleum authority as if the proposed transferee were an applicant for the tenure.

- (7) On refusal of the approval, the applicant must be given an information notice about the decision to refuse.
- (8) In this section—

exempt transfer means a transfer under which—

- (a) the proposed transferee is someone who holds the same Australian Business Number to any proposed transferor; or
- (b) all of one holder's share in the 1923 Act petroleum tenure will be transferred to another holder of the tenure.

80K Criteria for decision

- (1) This section does not apply if, under section 80J(3), the approval must be granted.
- (2) The matters that must be considered in deciding whether to approve the permitted dealing include each of the following—
 - (a) the application and any additional information given for the application;
 - (b) hardship the applicant would suffer if the dealing is not approved;
 - (c) for a transfer—
 - (i) the capability criteria; and
 - (ii) whether or not the transfer will disadvantage activities under the tenure; and
 - (iii) the role the proposed transferee would have in authorised activities for the tenure;
 - (d) whether, in relation to the 1923 Act petroleum tenure—
 - (i) any petroleum royalty is payable and unpaid by its holder; or

161 Section 78E (Power to require security for 1923 Act petroleum tenure)

- (ii) the holder has failed to comply with the 2004 Act, section 594, 595, 599 or 602.¹⁶²
- (e) the public interest.

Part 60 Enforcement of end of tenure and area reduction obligations

80L Power of authorised person to ensure compliance

- (1) This section applies if the holder, or former holder, of a 1923 Act petroleum tenure has not complied with section 75A, 75B or 75U in relation to land (the *primary land*).¹⁶³
- (2) A person authorised by the chief executive (the *authorised person*) may, by complying with section 80M, exercise the following powers (*remedial powers*)—
 - (a) enter the primary land and do all things necessary to ensure the requirement is complied with; and
 - (b) enter any other land (the *secondary land*) necessary or desirable to cross for access to the primary land.
- (3) The authorisation—
 - (a) must be written; and
 - (b) may be given on conditions the Minister considers appropriate.
- (4) The remedial powers do not include power to enter a structure, or a part of a structure, used for residential purposes without the consent of the occupier of the structure or part of the structure.

162 2004 Act, section 594 (Obligation to lodge royalty return), 595 (Fee for late lodgment of royalty return), 599 (Annual royalty returns) or 602 (Interest on unpaid petroleum royalty or additional petroleum royalty)

163 Sections 75A (Obligation to decommission pipelines), 75B (Obligation to remove equipment and improvements) or 75U (Obligation to decommission)

80M Requirements for entry to ensure compliance

- (1) Remedial powers may be exercised in relation to the primary or secondary land under section 80L only if a following person is given notice of the proposed entry at least 10 business days before the proposed entry—
 - (a) if the land has an occupier—any occupier of the land;
 - (b) if the land does not have an occupier—its owner.
- (2) The notice must—
 - (a) identify the authorised person; and
 - (b) describe the land; and
 - (c) state—
 - (i) that the authorised person has, under this section, been authorised to enter the land; and
 - (ii) the purpose of the entry; and
 - (iii) the period of the entry.
- (3) The chief executive may approve the giving of the notice by publishing it in a stated way.
- (4) The chief executive may give the approval only if satisfied the publication is reasonably likely to adequately inform the person to whom the notice is required to be given of the proposed entry.
- (5) If the authorised person intends to enter the land and any occupier of the land is present at the land, the person also must show, or make a reasonable attempt to show, the occupier the person's authorisation under this section.

80N Duty to avoid damage in exercising remedial powers

In exercising remedial powers, a person must take all reasonable steps to ensure the person causes as little inconvenience, and does as little damage, as is practicable.

80O Notice of damage because of exercise of remedial powers

- (1) If a person exercising remedial powers damages land or something on it, the person must give the owner and any occupier of the land notice of the damage.
- (2) If for any reason it is not practicable to comply with subsection (1), the person must—
 - (a) leave the notice at the place where the damage happened; and
 - (b) ensure it is left in a conspicuous place and in a reasonably secure way.

 - (ii) an agent of, or contractor for, the holder.
- (2) On the removal, the thing becomes the property of the State.
- (3) The State may deal with the thing as it considers appropriate, including, for example, by destroying it or giving it away.

Part 6P Noncompliance procedure

Division 1 Introduction

80S Operation of pt 6P

- (1) This part provides a process for noncompliance action against the holder of any 1923 Act petroleum tenure.
- (2) The power to take noncompliance action under this division does not limit a power as follows (the *other power*)—
 - (a) the power under part 6G to require new or additional security;
 - (b) a power under another provision of this Act to amend the tenure.
- (3) The other power does not limit the power to take noncompliance action.
- (4) Noncompliance action may be taken at the same time as the other power is exercised.

Division 2 Noncompliance action

80T Types of noncompliance action that may be taken

- (1) The noncompliance action the Minister may take under this division is all or any of the following—
 - (a) amending the 1923 Act petroleum tenure by doing all or any of the following—
 - (i) reducing the term of the tenure;
 - (ii) reducing its area;

Example of a possible reduction—

An authority to prospect holder has not, in contravention of section 74I,¹⁶⁶ carried out work required under the work program for the authority. Noncompliance action may

166 Section 74I (Compliance with exploration activities in work program)

Petroleum Act 1923

include amending the authority to reduce its area to reflect the work not carried out.

- (iii) amending a condition of the tenure;
 - (iv) imposing a new condition;
 - (b) requiring the tenure holder to relinquish a stated part of the area of the tenure on or before a stated time;
 - (c) cancelling the tenure, immediately or on a stated day;
 - (d) cancelling, from a stated day,¹⁶⁷ any work program or development plan and directing its holder to, on or before that day, lodge the following program or plan at the relevant office so that the Minister may decide whether to approve the program or plan—
 - (i) for an authority to prospect—a proposed later work program that complies with the work program requirements;
 - (ii) for a lease—a proposed later development plan that complies with the later development plan requirements;
 - (e) requiring the tenure holder to pay the State a penalty of an amount no more than the monetary value of 1 000 penalty units.
- (2) However, a requirement under subsection (1)(e) may be made only if the holder has agreed to the requirement being made instead of the taking other noncompliance action under subsection (1).
- (3) A condition or amendment under subsection (1) may restrict the authorised activities for the tenure.
- (4) If, under subsection (1)(c), the tenure is cancelled on a stated day, a condition may be imposed under subsection (1)(a) restricting the authorised activities for the tenure until the cancellation.
- (5) Noncompliance action may be taken despite the mandatory conditions for the tenure.
- (6) In this section—

¹⁶⁷ See section 80W (Notice of proposed noncompliance action).

relevant office means—

- (a) the office of the department for lodging proposed later work programs or proposed later development plans, as stated in a gazette notice by the chief executive; or
- (b) if no office is gazetted under paragraph (a)—the office of the chief executive.

80U When noncompliance action may be taken

- (1) Noncompliance action may be taken if—
 - (a) an event mentioned in subsection (2) has happened; and
 - (b) the procedure under division 3 for taking the action has been followed; and
 - (c) the 1923 Act petroleum tenure for which the noncompliance action is taken relates to the event for which the action is taken.
- (2) For subsection (1), the event is that the holder—
 - (a) is not, or has ceased to be, qualified under section 7AA,¹⁶⁸ to hold a 1923 Act petroleum tenure; or
 - (b) obtained the tenure because of a materially false or misleading representation or declaration, made orally or in writing; or
 - (c) has failed to comply with this Act, a direction given under this Act or the tenure; or
 - (d) did not pay an amount under this Act by the day it became owing; or
 - (e) has used any land in the area of the tenure for an activity that—
 - (i) is not an authorised activity for the tenure or that, under the *Geothermal Exploration Act 2004*, section 7¹⁶⁹ or the *Mineral Resources Act*,

168 Section 7AA (Qualification of 1923 Act petroleum tenure holders)

169 *Geothermal Exploration Act 2004*, section 7 (Relationship with Petroleum Act 1923)

- section 3A,¹⁷⁰ can not be carried out on the land; and
- (ii) the holder can not otherwise lawfully carry out; or
 - (f) has used the tenure for a purpose other than for a purpose for which it was granted; or
 - (g) has carried out, or purported to carry out, work under the tenure for which the tenure was not granted.

Division 3 Procedure for noncompliance action

80V Application of div 3

This section applies if the Minister proposes to take noncompliance action in relation to a 1923 Act petroleum tenure.

 - (ii) if no office is gazetted under subparagraph (i)—the office of the Minister.
- (2) The notice may state—
 - (a) if the noncompliance action is likely to include amending the tenure—the likely amendment; and
 - (b) the amount of any likely reduction of the area of the tenure.
- (3) The stated period must be at least 20 business days after the holder is given the notice.

80X Considering submissions

- (1) The Minister must consider any submissions lodged by the holder, during the period stated in the notice given under section 80W.
- (2) If the Minister decides not to take noncompliance action the Minister must promptly give the holder a notice of the decision.

80Y Decision on proposed noncompliance action

- (1) If, after complying with section 80X, the Minister still believes a ground exists to take noncompliance action, the Minister may decide to take noncompliance action in relation to the tenure, that relates to a ground stated in the notice given under section 80W.
- (2) The Minister must, in deciding whether to take the action, have regard to whether the holder is a suitable person to hold, or continue to hold, the tenure.
- (3) In considering whether the holder is a suitable person to hold, or to continue to hold, the tenure the Minister must consider the capability criteria.

80Z Notice and taking effect of decision

- (1) If the Minister makes a decision under section 80Y, the Minister must after making the decision give an information notice about the decision to—
 - (a) the tenure holder; and
 - (b) any other person who holds an interest in the tenure, as recorded in the petroleum register.
- (2) Generally, the decision takes effect on the later of the following—
 - (a) the day the holder is given the information notice;
 - (b) a later day of effect stated in the notice.
- (3) However, if the decision was to cancel the tenure, the decision does not take effect until the end of the appeal period for the decision.¹⁷¹

81 Consequence of failure to comply with relinquishment requirement

- (1) This section applies if—
 - (a) noncompliance action taken is a requirement, under section 80T(1)(b),¹⁷² of a 1923 Act petroleum tenure holder; and
 - (b) the requirement is not complied with.
- (2) The holder must be given a notice requiring the holder to comply with the requirement under section 80T(1)(b) within 20 business days after the giving of the notice.
- (3) If the holder does not comply with the requirement under the notice, the tenure is cancelled.
- (4) However, the cancellation does not take effect until the holder is given a notice stating that the tenure has been cancelled because of the operation of subsection (3).

171 See sections 105 (Period to appeal) and 107 (Stay of operation of decision).

172 Section 80T (Types of noncompliance action that may be taken)

- (2) On the 2004 Act start day, the security may continue to be used for any purpose for which it was given.
- (3) However, subsection (2) does not—
 - (a) prevent the security being used after the 2004 Act start day in relation to an act done or omission made before the 2004 Act start day if it could have been used in relation to the act or omission immediately before the 2004 Act start day; or

- (2) On the 2004 Act start day—
 - (a) the notice of entry is taken to be an entry notice; and

¹⁸⁷ See part 6G (Security).

¹⁸⁸ For 2004 Act petroleum tenures and converted petroleum tenures under that Act, see section 925 of that Act (Entry notices under Petroleum Regulation 1966, s 17).

- (b) the entry notice is taken to have been given under part 6H;¹⁸⁹ and
- (c) the entry period for the entry notice is the shorter of the following periods to end—
 - (i) the balance of the period of the notice of entry;
 - (ii) the period that ends 6 months after the commencement.

Subdivision 7 Compensation

162 Accrued compensation rights relating to 1923 Act petroleum tenure

- (1) This section applies if—
 - (a) a right, under the former compensation provisions, to compensation existed immediately before the 2004 Act start day; and
 - (b) the right—
 - (i) relates to a 1923 Act petroleum tenure; and
 - (ii) is about an act done or omission made before the 2004 Act start day.¹⁹⁰
- (2) The right continues after the 2004 Act start day.
- (3) The compensation must be decided under the former compensation provisions as if the provisions had not been repealed.
- (4) A matter relating to the compensation that, before the 2004 Act start day, had been referred to the tribunal but not decided must be decided under the former compensation provisions.
- (5) In this section—

189 Part 6H (Private land)

190 For 'converted petroleum tenures' under the 2004 Act, see section 922 (Accrued compensation rights relating to converted petroleum authority) of that Act.

former compensation provisions means sections 18(5) and 97 to 99 of this Act, as they were in force immediately before the 2004 Act start day.

163 Existing compensation agreements relating to 1923 Act petroleum tenure

- (1) This section applies to an agreement as mentioned in section 98(1)¹⁹¹ of this Act, as it was in force immediately before the 2004 Act start day, for compensation relating to a 1923 Act petroleum tenure.¹⁹²
- (2) On the 2004 Act start day, the agreement is taken to be a compensation agreement made under part 6K.¹⁹³
- (3) The agreement may be enforced, and may be the subject of an application under section 79S,¹⁹⁴ as if it were a compensation agreement under part 6K.¹⁹⁵
- (4) Subsection (3) applies even if the agreement was not valid because section 98(2), as it was in force immediately before the 2004 Act start day, had not been complied with.

Subdivision 8 Continuation of former cancellation provision in particular circumstances

164 Continued application of former s 22 for previous acts or omissions

Despite its repeal, former section 22¹⁹⁶ of this Act, as it was in force immediately before the 2004 Act start day, continues to

Subdivision 9 Existing road uses

165 Exclusion of pt 6I, div 1 for continuance of particular existing road uses

- (1) If, immediately before the commencement, a 1923 Act petroleum tenure holder was using a public road in the area of the tenure for transport relating to a seismic survey or drilling activity, part 6I, division 1¹⁹⁷ does not apply for the use while it continues.
- (2) Subsection (3) applies for the use (the *haulage use*) by a 1923 Act petroleum tenure holder of a public road for haulage that relates to—
 - (a) the transportation of petroleum produced or processed in the area of the tenure; or
 - (b) the construction of a pipeline.
- (3) Part 6I, division 1, does not apply for the haulage use if—
 - (a) at any time within 12 months before the commencement, the holder was carrying out the haulage use; and
 - (b) the type of haulage under the haulage use is the same, or substantially the same, as the type of haulage carried out within the 12 months.
- (4) Subsection (3) applies even if the haulage use stops and later starts again.
- (5) In this section—

commencement means the day section 78Z¹⁹⁸ commences.

167 Application of s 3 to particular existing mining tenements

- (1) This section applies to a mining tenement in force immediately before the commencement, other than a coal or oil shale mining tenement.
- (2) Section 3²⁰⁰ applies to the mining tenement as if it had been granted after the commencement.
- (3) However, for a mining tenement other than a mining lease, section 3(3) and (6) does not apply for the carrying out of an authorised activity for a petroleum authority in the area of the tenement until 3 months after the commencement.
- (4) The Mineral Resources Act, section 403, does not apply for the carrying out of the authorised activity until 3 months after the commencement.
- (5) In this section—
commencement means the day section 3 commences.

168 Deferral of s 52A for existing leases

Section 52A²⁰¹ does not apply to the holder of a lease in force at the commencement of this section until 12 months after the 2004 Act start day.

199 Condition 10 of the lease numbered 191 provides—‘These conditions will have application until they are terminated by legislation implementing a new coal seam gas regime in Queensland.’

169 Deferral of s 79I for particular 1923 Act petroleum tenure holders

If, immediately before the 2004 Act start day, a 1923 Act petroleum tenure holder is lawfully carrying out an authorised activity for the tenure on public land, section 79I²⁰² does not apply to the holder until 6 months after the 2004 Act start day.

Division 2 Relinquishment condition until first renewal after 2004 Act start day, and related provisions**170 Application of div 2**

- (1) This division applies for an authority to prospect in force immediately before the 2004 Act start day that, after that day, continues in force as an authority to prospect under this Act.²⁰³
- (2) However, this division only applies for the period of the authority's current term.

Note—

From the end of the current term, the relinquishment conditions and related provisions under part 6A, division 2, subdivision 1, apply.²⁰⁴

171 What is the *current term* of an authority to prospect

- (1) The *current term* of an authority to prospect is the period that starts on the later of the following days and ends when it is first renewed after the 2004 Act start day—
 - (a) the day the authority was granted;
 - (b) the day the last renewal of the authority before the 2004 Act start day became effective.

202 Section 79I (Requirement for entry notice to carry out authorised activities)

203 See the 2004 Act, chapter 15, part 3, division 2 (Conversion of particular 1923 Act ATPs to an authority to prospect under this Act).

204 Part 6A, division 2, subdivision 1 (Standard relinquishment condition and related provisions)

- (2) However, an authority granted between 1 January 1994 and 23 December 1996 ends on a day decided by the Minister.
- (3) For subsection (1)(b), a renewal of the authority is taken to have become effective on the day immediately after the end of its last term before the renewal.

172 What are the *transitional notional sub-blocks* of an authority to prospect

- (1) The *transitional notional sub-blocks*, of an authority to prospect, are the sub-blocks stated in the instrument for the authority at the start of its current term.
- (2) However, the *transitional notional sub-blocks* do not include any sub-block stated in the instrument that is completely within the area of a lease under this Act or a 2004 Act lease.
- (3) For subsection (1), if the instrument—
 - (a) states that the authority’s area includes land within a block; but
 - (b) does not include or exclude any particular sub-block within that block;

the reference to the block is a reference to all sub-blocks within the block, other than any sub-block that is completely within the area of another 1923 Act petroleum tenure or a 2004 Act petroleum tenure.

173 Relinquishment condition if authority includes a reduction requirement

- (1) If the authority requires its area to be reduced to a stated number of blocks on or before stated days—
 - (a) the *relinquishment condition* for the authority is the relinquishment condition under section 74A,²⁰⁵ subject to the change that the required percentage is the required reduction instead of 8.33%; and
 - (b) part 6A, division 2, subdivision 1, applies to the authority, subject to the change under paragraph (a).

205 Section 74A (Standard relinquishment condition)

- (2) However, the relinquishment condition is taken to include a requirement that, before the first renewal of the authority after the 2004 Act start day, at least 5% of the transitional notional sub-blocks for the authority must have been relinquished for each 12 month period of its current term.
- (3) Also, a relinquishment of a part of the area of the authority that overlaps with the area of a lease under this Act or a 2004 Act lease can not be counted as a relinquishment for the relinquishment condition.²⁰⁶

174 Relinquishment condition if authority does not include a reduction requirement

- (1) If the authority does not include a requirement mentioned in section 173(1), the *relinquishment condition* for the authority is the relinquishment condition under section 74A,²⁰⁷ with the following changes—
 - (a) the required percentage is 5% instead of 8.33%;
 - (b) the reference in sections 74C(2) to the authority originally taking effect is a reference to the start of its current term.
- (2) Part 6A, division 2, subdivision 1, applies to the authority, subject to the changes under subsection (1).

Division 3 Leases overlapping with an existing or proposed mineral development licence

Subdivision 1 Preliminary

175 Definitions for div 3

In this division—

information-giver see section 180(1).

²⁰⁶ See also section 25L (Conditions for renewal application).

²⁰⁷ Section 74A (Standard relinquishment condition)

MDL means mineral development licence under the Mineral Resources Act.

MDL applicant see section 176(2)(c).

MDL application see section 176(1)(b).

overlapping land see section 176(1).

recipient see section 180(1).

176 Application of div 3

- (1) This division applies if, before the 2004 Act start day, a lease was granted and when it was granted its area included any of the following land (**overlapping land**)—
 - (a) land in the area of an MDL that is a coal or oil shale exploration tenement;
 - (b) land the subject of an application (the **MDL application**) under the Mineral Resources Act for an MDL made but not decided before the 2004 Act start day if the MDL applied for would, if granted, be a coal or oil shale exploration tenement.
- (2) However, this division does not apply, or ceases to apply, if—
 - (a) the same person holds the lease and the MDL; or
 - (b) the overlapping land ceases to be in the area of the lease or the MDL or to be subject to the MDL application; or
 - (c) the person who made the MDL application (the **MDL applicant**) is also the lessee; or
 - (d) the MDL application is rejected; or
 - (e) the MDL holder or the MDL applicant has agreed in writing with the lessee that this division does not apply.

Subdivision 2 Additional provisions

177 Obligation of lessee to give access to MDL holder

- (1) This section applies for the MDL or any MDL granted because of the MDL application.

- (2) It is a condition of the lease that the lessee must allow the MDL holder access to the overlapping land to carry out any authorised activity for the MDL if—
 - (a) the required notice has been given; and
 - (b) the carrying out of the activity—
 - (i) does not interfere with the carrying out of an authorised activity for the lease; and
 - (ii) is consistent with the safety management plan under the 2004 Act for any operating plant on the overlapping land the operation of which is an authorised activity for the lease.
- (3) Subsection (2)(b) applies whether or not the operating plant has started to operate.
- (4) The condition under subsection (2) is subject to any agreement about coordinating the development of coal and petroleum in the land (a ***coordinated development agreement***) made between the lessee and the MDL holder or the MDL applicant.
- (5) In this section—

required notice means a notice from the MDL holder to the lessee, given a reasonable period before the start of the authorised activity for the MDL, that states when and where the activity is proposed to be carried out.

178 Additional requirements for later development plans for lease

- (1) This section imposes additional requirements for the approval of any proposed later development plan for the lease made after the 2004 Act start day.
- (2) However, the additional requirements do not apply if the MDL holder or the MDL applicant has made a coordinated development agreement with the lessee or has agreed in writing in relation to the proposed plan and a copy of either agreement has been lodged at—

- (a) the office of the department for lodging proposed later development plans, as stated in a gazette notice by the chief executive; or
 - (b) if no office is gazetted under paragraph (a)—the office of the chief executive.
- (3) The lessee must, before lodging the proposed plan under section 74Q,²⁰⁸ give the MDL holder or the MDL applicant a copy and use reasonable attempts to—
- (a) consult with the MDL holder or the MDL applicant about the proposed plan; and
 - (b) change the proposed plan to include reasonable provisions proposed by the MDL holder or the MDL applicant that will optimise the safe and efficient production of—
 - (i) petroleum under the lease; and
 - (ii) coal or oil shale under any future mining lease over the overlapping land that may be granted to the MDL holder or the MDL applicant; and
 - (c) provide for the following in the proposed plan—
 - (i) the location and timing of the development of coal and petroleum in the overlapping land;
 - (ii) the mining or production of the petroleum in a way that is consistent with the proposed mining of the coal;
 - (iii) a way for the coal to be developed in a timely way, including, for example, by appropriate periodic surrenders of parts of the lease.
- (4) However, the obligations under subsection (3)(b) and (c) apply only to the extent the provisions are commercially and technically feasible for the lessee.
- (5) Also, when the lessee lodges the proposed plan, it must be accompanied by a written notice stating each of the following—
- (a) details of the consultation;

208 Section 74Q (Obligation to lodge proposed later development plan)

- (b) the results of the consultation;
- (c) any changes made to the proposed plan because of the consultation;
- (d) the lessee's assessment of the potential for the lessee and the MDL holder or the MDL applicant to make a coordinated development agreement.

179 Minister may require further negotiation

- (1) The Minister may, after receiving the notice under section 178(5), require the lessee to conduct negotiations with the MDL holder or the MDL applicant with a view to agreeing about changes of a type mentioned in section 178(3)(b).
- (2) The lessee must use all reasonable attempts to comply with the requirement.
- (3) If the lessee does not comply with subsection (2), the Minister may refuse to approve the lessee's proposed later development plan.

Subdivision 3 Confidentiality of information

180 Application of sdiv 3

- (1) This section applies if a tenure holder or a person who has applied for a tenure (the *information-giver*) gives another tenure holder or a person who has applied for a tenure (the *recipient*) information—
 - (a) that this division requires the information-giver to give the recipient, including, for example, information given to comply with section 178(3); or
 - (b) for the purposes of this division.
- (2) However, this section applies subject to any agreement between the information-giver and the recipient about the information or its use.

 - (ii) expressly permitted or required under this or another Act; or
 - (iii) to the Minister.
- (2) The recipient may use the information only for the purpose for which it is given.

182 Civil remedies
