Information about this reprint

This regulation is reprinted as at 9 September 2005. The reprint—

- shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c))
- incorporates all necessary consequential amendments, whether of punctuation, numbering or another kind (Reprints Act 1992 s 5(d)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, hard copy and electronic, are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If a hard copy reprint is dated earlier than an electronic version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of a hard copy reprint is the same as the date shown for an electronic version previously published, it merely means that the electronic version was published before the hard copy version. Also, any revised edition of the previously published electronic version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

This division states the requirements, in addition to the requirements in division 2, that apply to an application for an operating approval.

20B Who may apply for an operating approval

A person may apply for an operating approval only if the person is a pharmacist who is authorised, under section 64(1)(f),⁷ to administer or supply a controlled drug, under a drug therapy protocol, on the instruction of a doctor.

6 Type 1 mounting

- (1) For type 1 mounting, a cabinet must be mounted to a concrete, brick or timber wall by 4 bolts made from heavy duty galvanised steel or equivalent quality bolts, of at least 12mm diameter, that are passed through the wall and fastened inside the rear of the cabinet by steel ‘cyclone’ type washers and suitable nuts.
- (2) However, for a timber wall, the bolts must pass through studs or noggings in the wall.

7 Type 2 mounting

- (1) If type 1 mounting is not appropriate, a cabinet must be fixed to a concrete or brick wall by 4 dynabolts or other similar expanding type bolts.

Appendix 6 (continued)

- (2) The bolts must—
 - (a) be heavy duty galvanised steel bolts, or an equivalent quality bolt, of at least 12mm diameter; and
