Information about this reprint

This Act is reprinted as at 1 January 2009. The reprint—

- shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c))
- incorporates all necessary consequential amendments, whether of punctuation, numbering or another kind (Reprints Act 1992 s 5(d)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of a hard copy reprint is the same as the date shown on another hard copy reprint it means that one is the replacement of the other.

Revised edition indicates further material has affected existing material. For example—

- a correction
- a retrospective provision
- other relevant information.

Part 8 Fire emergency

Division 1 Local fire bans

86A Imposing local fire ban

- (1) If the commissioner considers a fire emergency exists in a local government's area, the commissioner may impose a fire ban (a *local fire ban*) in the area.
- (2) A local fire ban may—
 - (a) be imposed for an entire local government area or part of a local government area; and
 - (b) prohibit the lighting of all, or only certain, types of fires.
- (3) The area to which a local fire ban applies is called the *fire ban area*.

86B Publicising local fire ban

- (1) A local fire ban may be imposed—
 - (a) by notice (a *newspaper notice*) published in a newspaper circulating in the fire ban area; or
 - (b) by notice (a *broadcast notice*) transmitted by a broadcasting service generally able to be received by persons in the fire ban area.
- (2) However, a local fire ban may be imposed by a broadcast notice only if the commissioner considers—
 - (a) it is necessary because of urgent circumstances relating to the fire emergency; and
 - (b) imposing the ban by a newspaper notice would result in a delay that was undesirable, having regard to the urgent circumstances.
- (3) The newspaper or broadcast notice must—
 - (a) state the local government area to which the ban applies and, if appropriate, describe the part of the local government area to which it applies; and

- (b) state the fires the lighting of which is prohibited; and
 - (c) state the period of the ban (not longer than 14 days).
- (4) As well as using a newspaper or broadcast notice to impose a local fire ban, the commissioner may cause the ban to be publicised in any other way the commissioner considers appropriate.

86C Cancellling local fire ban

- (1) If, while a local fire ban is in force, the commissioner considers the fire emergency for which the ban was imposed has ceased to exist, the commissioner must cancel the ban.
- (2) The cancellation may be made—
- (a) by notice (a *newspaper notice*) published in a newspaper circulating in the fire ban area; or
 - (b) by notice (a *broadcast notice*) transmitted by a broadcasting service generally able to be received by persons in the fire ban area.
- (3) However, a local fire ban may be cancelled by a broadcast notice only if the commissioner considers a newspaper notice would unnecessarily delay the cancellation of the ban.
- (4) As well as using a newspaper or broadcast notice to cancel a local fire ban, the commissioner may cause the cancellation of the ban to be publicised in any other way the commissioner considers appropriate.

86D Period of local fire ban

- (1) A local fire ban imposed by a notice published in a newspaper takes effect from the day the notice is published.
- (2) A local fire ban imposed by a notice transmitted by a broadcasting service takes effect from the day and time stated in the notice.

86F Contravening local fire ban

While a local fire ban is in force, a person must not light a fire in the fire ban area if the lighting of the fire is prohibited under the ban.

Maximum penalty—50 penalty units or 6 months imprisonment.

86G Evidentiary aid about local fire ban

- (b) if the contravention causes death or grievous bodily harm—1000 penalty units or 2 years imprisonment; or
- (c) if the contravention causes bodily harm—750 penalty units or 1 year's imprisonment; or
- (d) otherwise—100 penalty units.

104D Occupier of building to maintain prescribed fire safety installations

- (1) The occupier of a building must maintain at all times every prescribed fire safety installation to a standard of safety and reliability in the event of fire.

- (a) more than 4; and
 - (b) more than the average number for the last financial year published under subsection (4).
- (3) However, the commissioner may decide that, despite subsection (2), the number of unwanted alarms signalled from a monitored system is acceptable, having regard to—
- (a) the size and other characteristics of the building; and
 - (b) how the building is used; and
 - (c) the number of detector heads in the building; and
 - (d) whether the system also relates to other buildings.
- (4) As soon as practicable after 30 June each year, the commissioner must calculate, and notify in the gazette, the average number of unwanted alarms for monitored systems for the last financial year.
- (5) The number must be calculated by dividing the total number of unwanted alarms signalled from all monitored systems during the last financial year by the total number of monitored systems in operation during the last financial year.

Examples of implementing measures for paragraph (d)—

- establishing requirements for persons working near the system to isolate the system while using tools that may cause an unwanted alarm
