Information about this reprint

This Act is reprinted as at 7 February 2009. The reprint—

- shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c))
- incorporates all necessary consequential amendments, whether of punctuation, numbering or another kind (Reprints Act 1992 s 5(d)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

Minor editorial changes allowed under the provisions of the Reprints Act 1992 have also been made to use standard punctuation consistent with current drafting practice (s 27).

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’).

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

Chapter 1 Preliminary

1 Short title

This Act may be cited as the *Transport Infrastructure Act 1994*.

2 Objectives of this Act

- (1) The overall objective of this Act is, consistent with the objectives of the *Transport Planning and Coordination Act 1994*, to provide a regime that allows for and encourages effective integrated planning and efficient management of a system of transport infrastructure.
- (2) In particular, the objectives of this Act are—
 - (a) to allow the Government to have a strategic overview of the provision and operation of all transport infrastructure; and
 - (b) for roads—to establish a regime under which—
 - (i) a system of roads of national and State significance can be effectively planned and efficiently managed; and
 - (ii) influence can be exercised over the total road network in a way that contributes to overall transport efficiency; and

[s 2]

- (iii) account is taken of the need to provide adequate levels of safety, and community access to the road network; and
- (c) for miscellaneous transport infrastructure—to establish a regime for the effective planning and efficient management of the infrastructure; and
- (d) for rail—to establish a regime that—
 - (i) contributes to overall transport effectiveness and efficiency; and
 - (ii) provides for adequate levels of safety; and
 - (iii) contributes to lower transport costs by allowing the maximum flexibility in rail transport operations consistent with achieving safety objectives; and
 - (v) allows railway managers and operators to make decisions on a commercial basis; and
 - (vi) provides a framework under which Queensland Rail may operate as required by the *Government Owned Corporations Act 1993*; and

Editor's note—

Queensland Rail is a GOC under the *Government Owned Corporations Act 1993*.

- (e) for ports—to establish a regime under which a ports system is provided and can be managed within an overall strategic framework; and
- (f) for air—to promote basic access to air services, and regional development, by making provision about air transport infrastructure; and
- (g) for public marine transport—to establish a regime under which—
 - (i) public marine facilities are effectively and efficiently managed; and
 - (ii) the use of waterways for transport purposes is effectively and efficiently managed; and

- (h) for busways—to establish a regime that provides for—
 - (i) flexibility in the choice between private and public construction and management; and
 - (ii) land tenure arrangements allowing private management to be established on a sound financial basis; and
- (i) for busways and light rail—to establish a regime for each that—
 - (i) contributes to overall transport effectiveness and efficiency; and
 - (ii) provides for safely constructed, managed and operated infrastructure; and
 - (iii) is responsive to community needs; and
 - (iv) offers an appealing alternative to private transport in a way that takes into account overall environmental, economic and social influences of transport; and
 - (v) addresses the challenges of future growth; and
 - (vi) provides busway and light rail transport infrastructure and passenger services at a reasonable cost to the community and government; and
 - (vii) results in minimal interference with access to and from the road network, but provides for reasonable compensation for interference; and
 - (viii) encourages the facilitation and use of public transport; and
 - (ix) gives priority to public transport over private vehicles; and
- (j) for light rail—to establish a regime that provides for—
 - (i) flexibility in the choice between private and public construction and management; and

 - (a) the function of influencing the total road network; and
 - (b) control over roads of State significance in the total road network, including roads of national significance that are managed in accordance with agreements or arrangements between the State and the Commonwealth about the funding of road transport infrastructure.

[s 24]

- (2) This chapter establishes a framework under which the construction, maintenance or operation of a State-controlled road can be done by the chief executive, or by a local government or someone else under agreements or arrangements with the chief executive.

Part 2 State-controlled roads

Subdivision 2 Special arrangements about access

53 Definitions

In this subdivision—

declaration has the meaning given by section 54(1).

land, adjacent to a State-controlled road, includes land that is not adjacent to the road but is benefited by an easement, registered under the *Land Title Act 1994*—

- (a) that is over land that is adjacent to the road; and
- (b) that starts at the boundary between the land mentioned in paragraph (a) and the road.

owner includes a lessee under the *Land Act 1994*.

permitted road access location means a permitted road access location under a decision in force under section 62(1).

road access location means a location on a property boundary between land and a road for the entry or exit of traffic.

State-controlled road includes a road or land that the chief executive has notified the relevant local government in writing is intended to become a State-controlled road.

54 Limited access roads

- (1) The chief executive, by gazette notice complying with sections 56 and 57, may declare part or all of a

[s 55]

State-controlled road to be a limited access road (a *declaration*).

- (2) For each limited access road proposed to be declared, the chief executive must make a policy about the application of section 62 to access between the limited access road and adjacent land.
- (3) For a State-controlled road that is a limited access road under section 516(1), the chief executive may—
 - (a) develop a policy about the application of section 62 to access between the road and adjacent land; and
 - (b) publish a gazette notice complying with section 57 about the policy.
- (4) If a gazette notice mentioned in subsection (1) or (3) is published for a limited access road, the chief executive—
 - (a) must ensure there is always a policy for the road while it is a limited access road; and
 - (b) by gazette notice complying with section 57, may replace the policy as it exists at any time for the road; and
 - (c) without a gazette notice, may amend the policy under section 58; and
 - (d) must apply the policy as made, amended or replaced.

55 Local government to be consulted on proposed declaration or policy

The chief executive must, before giving effect to a proposal to publish a gazette notice to make, amend or revoke a declaration or to make, amend or replace a policy for a limited access road—

- (a) notify each local government, that the chief executive considers is affected by the proposal, of the proposal; and

- (b) give each notified local government a reasonable opportunity to make a submission to the chief executive on the proposal.

56 Information in s 54 gazette notice about a declaration

A gazette notice under section 54(1) must state—

- (a) the reasons for the declaration; and
- (b) that any person whose interests are affected by the declaration may—
 - (i) under section 485—ask for the decision to be reviewed and appeal against the reviewed decision; and
 - (ii) under the *Transport Planning and Coordination Act 1994*, part 5—ask for the decision or the reviewed decision to be stayed.

57 Information in s 54 gazette notice about new or replacement policy

- (1) A gazette notice under section 54(1), (3)(b) or (4)(b) for a limited access road must state the following—
 - (a) that there is a policy, that will be applied, about the application of section 62 to access between the road and adjacent land;
 - (b) if the policy is replacing another policy, that a policy identified in the notice is being replaced;
 - (c) the text of section 61;
 - (d) either—
 - (i) the text of the policy; or
 - (ii) a notice that the policy is available for inspection, free of charge, during business hours at stated places;

[s 58]

- (e) that the policy may be amended at any time without a gazette notice if—
 - (i) the amendment merely changes or repeals specific provision for 1 or more particular properties; and
 - (ii) the owner or occupier of each property has been given written notice of the amendment;
 - (f) that any person whose interests are affected by a policy, or, if the policy is a replacement policy, any change of the policy being replaced, may—
 - (i) under section 485—ask for the decision to be reviewed and appeal against the reviewed decision; and
 - (ii) under the *Transport Planning and Coordination Act 1994*, part 5—ask for the decision or the reviewed decision to be stayed.
- (2) If the policy for the limited access road is replacing another policy, the rights mentioned in subsection (1)(f) of a person mentioned in subsection (1)(f) are limited to any change the policy makes to the replaced policy.

58 Amendment of policy for a limited access road in limited circumstances

- (1) The chief executive may amend a policy for a limited access, as opposed to replacing the policy, if—
- (a) the amendment is a mere change or repeal of a specific provision for 1 or more particular properties; and
 - (b) the chief executive has given the owner or occupier of each property written notice of the amendment.
- (2) The written notice mentioned in subsection (1)(b) must state—
- (a) the notice is given under this section; and

 - (ii) under the *Transport Planning and Coordination Act 1994*, part 5—ask for the decision or the reviewed decision to be stayed.

59 Gazette notices must show location of limited access road

A gazette notice under section 54 must contain enough information to allow the location of the limited access road to be identified, for example by including the following information—

- (a) the points at which the limited access road starts or ends;
- (b) its alignment;
- (c) the boundaries of the State-controlled road to which limitation of access is to be applied.

60 Advertisement of gazette notice

The publishing of a gazette notice under section 54 must be advertised in a newspaper circulating in the area of the limited access road, or if there is no newspaper circulating in the area, in a newspaper circulating throughout the State.

61 Offence for limited access roads

A person must not construct or change a physical means of entry or exit for traffic between land and a limited access road without first obtaining a decision under section 62(1) that authorises the construction or change.

Maximum penalty—200 penalty units.

62 Management of access between individual properties and State-controlled roads

- (1) The chief executive may, for 1 or more State-controlled roads and particular adjacent land, on application by a person with an interest in the land or the chief executive's own initiative, make a written decision stating any of the following—
- (a) the location or locations at which access between the land and the road is permitted (a *permitted road access location*);
 - (b) restrictions on the use of a permitted road access location;
 - (c) conditions on the use of a permitted road access location;
 - (d) where particular road access works, or a stated type of road access works, must be situated;
 - (e) conditions or restrictions on the use of road access works;
 - (f) that access at a location or locations is no longer permitted;
 - (g) that road access works for construction at a place must be of a stated type, standard or extent or be constructed in a stated way;
 - (h) that either the type, construction or extent of existing road access works must be changed in a way stated by the chief executive or the use of the works must be discontinued;
 - (i) that all access between the road and the land is prohibited or no longer prohibited;
 - (j) that stated existing road access works must be removed by the owner within a stated reasonable time;
 - (k) without limiting paragraphs (f) to (j), that anything mentioned in paragraphs (a) to (e) is changed or must be changed as stated in the decision.

-
- (2) A condition or restriction under subsection (1) may, for example, be any of the following—
- (a) a prohibition on the use of the permitted road access location or road access works by pedestrians;
 - (b) a prohibition on turns by vehicles going in or out of the land;
 - (c) a restriction on the type and number of vehicles the owner, occupier or person who applied for the decision may allow to use the permitted road access location;
 - (d) a requirement that the owner, occupier or person who applied for the decision take reasonable, or stated reasonable, steps to ensure the permitted road access location is used by others in accordance with the conditions;
 - (e) a restriction on when the permitted road access location may be used.
- (3) All or part of a decision may be limited to a stated period by reference to time or circumstance.
- (4) A decision must be consistent with any policy under section 54 that is applicable to the decision.

63 Chief executive may require additional information from applicant

The chief executive may—

- (a) require an applicant for a decision under section 62(1) to give the chief executive any additional information the chief executive reasonably needs to decide the application; and
- (b) refuse to consider the application until the applicant gives the required information.

[s 64]

64 Decision under s 62(1) may impose construction or financial obligation

A decision under subsection 62(1) made on application by a person with an interest in the land, other than on an application in compliance with a direction given under section 69, may include either or both of the following conditions—

- (a) that the applicant construct, pay for, or contribute to the cost of, stated road access works to be constructed to a stated standard;
- (b) that the applicant maintain, pay for, or contribute to the cost of, maintaining stated road access works to a stated standard.

65 Limitation on new decisions under s 62(1)

If there is a permitted road access location for land, the chief executive may make a new decision under section 62(1) for the land on the chief executive's own initiative only if the chief executive considers the permitted road access location, road access works associated with it, or the use of either of them—

- (a) by themselves, or with other factors—
 - (i) are creating or may in the future create a traffic hazard; or
 - (ii) are reducing or may in the future reduce safety; or
 - (iii) are having or may in the future have an adverse effect on traffic operations; or
- (b) require emergency action; or
- (c) has become or may in the future become an obstacle to—
 - (i) the carrying out of road works on a State-controlled road; or
 - (ii) the construction, augmentation, alteration or maintenance of ancillary works and

encroachments, or public utility plant, on a State-controlled road.

66 Road access works within State-controlled road

- (1) To remove doubt, it is declared that—
 - (a) a decision under section 62(1) does not give rise to any rights whether beneficial or otherwise in any property that is on, or part of, a State-controlled road; and
 - (b) section 62 does not limit the chief executive's powers to change, remove, construct or deal with road access works to the extent they are on, or part of, a State-controlled road.
- (2) Also, it is declared that the chief executive is not obliged to consider making or obliged to make a decision for a person under section 62(1) in relation to road access works to the extent they are on, or part of, a State-controlled road if none of the following circumstances relevant to the decision exist—
 - (a) action by the chief executive in substance changing the effect of a previous decision, binding on the person, in force under section 62(1) about anything mentioned in section 62(1)(a) to (c);
 - (b) action by the chief executive affecting a written agreement under this Act between the chief executive and the person bound by a decision under 62(1).
- (3) Subsection (2) does not limit the discretion of the chief executive under section 62(1).

67 Notice of decision under s 62(1)

- (1) If the chief executive makes a decision under section 62(1), the chief executive must give written notice of the decision to each of the following persons—
 - (a) the owner of the land;
 - (b) the occupier of the land;

[s 68]

- (c) any person who may have applied for the decision.
- (2) The notice must state the following—
 - (a) the notice is given under this section;
 - (b) the reasons for the decision;
 - (c) the person is bound by the decision because of section 70;
 - (d) the text of section 70;
 - (e) that any person whose interests are affected by the decision may—
 - (i) under section 485—ask for the decision to be reviewed and appeal against the reviewed decision; and
 - (ii) under the *Transport Planning and Coordination Act 1994*, part 5—ask for the decision or the reviewed decision to be stayed;
 - (f) that there is no guarantee of the continuation of road access arrangements, as this depends on future traffic safety and efficiency circumstances.
- (3) A person who has an interest in particular land may ask the chief executive, in writing, to give the person a copy of any decision in force under section 62(1) for the land.
- (4) The chief executive must give the person the copy.

68 Other persons may, by notice, also become bound by a decision under s 62(1)

- (1) If a particular person is not already bound by a decision under section 62(1), the chief executive may—
 - (a) give the person a copy of the decision and of section 70; and
 - (b) notify the person, in writing, that the person is bound, under this section, by the decision.

- (2) A person notified under subsection (1) is bound by the decision.

69 Direction to owner or occupier to apply for permitted road access location

- (1) This section applies to land adjacent to a State-controlled road, if there is no decision in force under section 62(1) for the land.
- (2) The chief executive may give a person who is the owner or occupier of the land a written direction that the person must do either or both of the following—
- (a) within 28 days of the direction, apply under section 62(1) to have the chief executive make a decision about access between the land and the State-controlled road;
 - (b) not use, or permit anyone else to use, any road access location on any boundary between the land and the State-controlled road until the person has applied to the chief executive for a decision under section 62(1).
- (3) The direction must state the penalty for not complying with the direction.
- (4) A person given a direction under subsection (2) must comply with the direction.

Maximum penalty for subsection (4)—200 penalty units.

70 Offences about road access locations and road access works, relating to decisions under s 62(1)

- (1) This section applies to—
- (a) a person who has been given notice under section 67 or 68 of a decision under section 62(1) about access between a State-controlled road and adjacent land; and

[s 70]

- (b) all present owners of that adjacent land if the decision was made in conjunction with a development approval issued under the *Integrated Planning Act 1997*; and

Editor's note—

For access to approval details, see the *Integrated Planning Act 1997*, section 5.7.4 (Documents assessment manager must keep available for inspection and purchase).

- (c) all future owners of that adjacent land if—
 - (i) the decision was made in conjunction with a development approval issued under the *Integrated Planning Act 1997*; and
 - (ii) the approval does not indicate that the decision does not apply to future owners.
- (2) A person to whom this section applies must not—
- (a) obtain access between the land and the State-controlled road other than at a location at which access is permitted under the decision; or
 - (b) obtain access using road access works to which the decision applies, if the works do not comply with the decision and the noncompliance was within the person's control; or
 - (c) obtain any other access between the land and the road contrary to the decision; or
 - (d) use a road access location or road access works contrary to the decision; or
 - (e) contravene a condition stated in the decision; or
 - (f) permit another person to do a thing mentioned in paragraphs (a) to (e); or
 - (g) fail to remove road access works in accordance with the decision.

Maximum penalty—200 penalty units.

- (3) However, subsection (2)(g) does not apply to a person who is bound by the decision because of section 68.

71 Chief executive may take steps to prevent or deal with contravention

- (1) The chief executive may take reasonable and necessary steps to prevent, or protect the public from the consequences of, a person's contravention of section 70.
- (2) If the chief executive takes steps under subsection (1), because a person contravenes or attempts to contravene section 70, the chief executive may recover from the person as a debt the reasonable costs of taking the steps.

72 Chief executive may supply or contribute to new access arrangements

- (1) This section applies if a decision under section 62(1) has an effect mentioned in section 73(1) or (2), and section 74 does not prevent the payment of compensation or remove the chief executive's liability to pay compensation.
- (2) The chief executive may enter into an agreement with the owner, or the owner and the occupier, of the land for—
 - (a) the supply by the chief executive of, or a contribution towards the supply by the chief executive of, alternative road access works between the State-controlled road and the adjacent land or between the adjacent land and another road; or
 - (b) the carrying out, or a contribution towards the carrying out, of other works in relation to the land.

73 Compensation

- (1) This section applies if a decision under section 62(1) has the effect that all access between a State-controlled road and particular adjacent land is prohibited and—
 - (a) there is—
 - (i) no practical alternative road access location for the land, that is, the land becomes effectively landlocked; and

[s 73]

- (ii) no previous decision in force under section 62(1) under which the land was effectively landlocked;
or
 - (b) there is a permitted road access location between the land and the road, and paragraph (a) does not apply.
- (2) This section also applies if a decision under section 62(1) has the effect of changing in substance the effect of a previous decision in force under section 62(1) about anything mentioned in 62(1)(a) to (c) other than in a way that has the effect mentioned in subsection (1).
- (3) However, this section only applies if the owner or occupier claiming compensation is adversely affected by the decision and—
 - (a) an agreement can not be reached with the chief executive under section 72; or
 - (b) the chief executive decides it is not practicable to take action under section 72.
- (4) The owner or occupier may recover as a debt from the chief executive compensation for the diminution in value because of the prohibition or change.
- (5) To remove doubt, it is declared that—
 - (a) in deciding compensation, access to and from the land that could be made available at other locations must be taken into account; and
 - (b) compensation is not payable to the extent that the diminution in value is attributable to a prohibition or change that affects—
 - (i) the supply of access to and from a traffic stream; or
 - (ii) road works mentioned in paragraph (b) of the definition *road access works*.

74 Cases where compensation not payable

- (1) Compensation is payable under section 73 to a person only if a claim is given to the chief executive within 1 year after—
 - (a) the day when the relevant decision took effect; or
 - (b) the day when the person was first notified by the chief executive of the decision;whichever is the later.
- (2) However, the chief executive may allow a claim to be made at a later time.
- (3) The chief executive is not liable to pay compensation for action under this subdivision in relation to land if action is taken to acquire the land.
- (4) Also, the chief executive is not liable to pay compensation for the effect of a decision under section 62(1) made on an application by a person with an interest in the land in any of the following circumstances—
 - (a) if—
 - (i) there is a proposed, ongoing or completed development of the land that involves a material change of use of premises or reconfiguring a lot; and
 - (ii) the development was taken into account in making the decision, and the decision has the effect mentioned in section 73(1)(a);
 - (b) if—
 - (i) there is a proposed, ongoing or completed development of the land that—
 - (A) involves a material change of use of premises or reconfiguring a lot; or
 - (B) has had or is likely to have a significant impact on traffic safety or efficiency on the

[s 75]

State-controlled road to which the decision relates; and

- (ii) the development was taken into account in making the decision, and the decision has the effect mentioned in section 73(1)(b);
- (c) if the decision has the effect mentioned in section 73(2).
- (5) Subsection (4) applies whether or not the application results from action taken under section 69.
- (6) For subsection (4)(a) and (b), *development, material change of use, premises* and *reconfiguring a lot* have the meaning given by the *Integrated Planning Act 1997*, schedule 10.

75 Conditions in development approval under Integrated Planning Act 1997

For sections 72 to 74, if—

[s 94]

- (2) The amount of any unpaid toll or user administration charge may be recovered by the toll road operator as a debt from the driver, subject to any applicable agreement made by the toll road operator.
- (3) However, the driver is not liable to pay the amount of the user administration charge for the toll if the toll is unpaid because—
 - (a) the driver's transponder or other electronic device is faulty through no fault of the driver and the driver is unaware it is faulty; or

 - (b) the evidence is at the place or, within the next 7 days, may be at the place.
- (2) The warrant must state—
 - (a) that a stated rail safety officer may, with necessary and reasonable help and force—
 - (i) enter the place and any other place necessary for entry; and
 - (ii) exercise powers under a railway provision; and
 - (b) the railway offence for which the warrant is sought; and

- (5) If it is not reasonably practicable to fax or electronically communicate a copy to the officer—
 - (a) the magistrate must tell the officer—

- (9) If—
 - (a) an issue arises in a proceeding about whether an exercise of a power was authorised by a special warrant; and

Editor's note—

See section 199(1) (Forfeiture by rail safety officer) for what happens if a sample or thing can not be returned to its owner or the owner can not be found.

- (1) If rolling stock or a vehicle that a rail safety officer may enter or open under a railway provision is moving or about to move, the officer may—
 - (a) require the accredited person for the rolling stock or vehicle to stop the rolling stock or vehicle at, not move the rolling stock or vehicle from, or move the rolling stock or vehicle to, a stated place; or

 - (i) endanger the person or someone else; or
 - (ii) cause damage to rail transport infrastructure, rolling stock or a vehicle; and
 - (b) the person complies with the request or signal as soon as is practicable to comply with it.

189 Other powers about rolling stock or vehicles that may be entered

- (1) If a rail safety officer enters or opens rolling stock or a vehicle under a railway provision, the officer may require the person in control of the rolling stock or vehicle—
- (a) to give the officer reasonable help to enter or open the rolling stock or vehicle; or

[s 190]

- (b) to bring the rolling stock or vehicle to a stated reasonable place and remain in control of the rolling stock or vehicle for a reasonable period to allow the officer to exercise a power under a railway provision.

- (3) If the officer enters the place with a warrant, the officer may seize a thing that is the evidence for which the warrant was issued.
- (4) The officer may seize anything else at the place if the officer reasonably believes—

 - (b) the seizure is necessary to prevent the thing being—
 - (i) destroyed, hidden or lost; or
 - (ii) used to commit, continue or repeat a railway offence.

192 Securing seized things

Having seized a thing, a rail safety officer may—

[s 193]

(b) if necessary, to remain in control of it at the stated place for a stated reasonable period.

- (2) The requirement—

 - (a) the thing has some intrinsic value; and
 - (b) the thing has not been forfeited under division 6.

198 Access to seized thing

- (1) Until a seized thing is forfeited or returned, a rail safety officer must allow its owner to inspect it and, if it is a document, to copy it.

 - (ii) the *Land Act 1994*.
 - (5) A person whose interest is affected by the chief executive's decision under subsection (4)(a) is entitled to be paid compensation by the State for the loss for the unexpired portion of the unregistered right, but only if—
 - (a) the person had paid the railway manager for the unregistered right; or
 - (b) the person is the owner of land adjacent to the section of rail corridor land the subject of the sublease that has expired or been surrendered or terminated and, as part of the acquisition agreement or settlement of that section of the rail corridor land from the person or a previous owner of the land, the unregistered right mentioned in subsection (3) was granted.
 - (6) The person is entitled to be paid, because of the revocation of the right, the reasonable compensation that is agreed between

[s 240C]

the person and the chief executive, or failing agreement, that is decided by a court.

- (7) Compensation may be claimed and ordered to be paid in a proceeding brought in a court with jurisdiction for the recovery of a debt equal to the amount of compensation claimed.
- (8) Subsection (5) does not prevent an *ex gratia* payment from being made to a person under the *Financial Administration and Audit Act 1977*.

240C Lease of non-rail corridor land to railway manager

- (1) This section applies if the chief executive subleases a section of non-rail corridor land to a railway manager.
- (2) When the registrar of titles registers the sublease in the leasehold land register—
 - (a) the sublease is taken to be the next vested right to, or be next in priority to, the perpetual lease of the section of the land to the State; and
 - (b) the railway manager as sublessee is substituted for the State as a party to any lesser registered interest.
- (3) Also, when the registrar of titles registers the sublease in the leasehold land register—
 - (a) the State's rights and obligations in an unregistered right in the section of the land are taken to be vested in the railway manager as sublessee; and
 - (b) the railway manager is substituted for the State as a party to the unregistered right.
- (4) Subsection (2) applies despite the *Property Law Act 1974*, section 115 and the *Land Act 1994*, section 298.

240D Lease of non-rail corridor land to local government or government entity

- (1) This section applies if the chief executive subleases a section of non-rail corridor land to a local government or government entity that is not a railway manager.
- (2) When the registrar of titles registers the sublease in the leasehold land register—
 - (a) the sublease is taken to be the next vested right to, or be next in priority to, the perpetual lease of the section of the land to the State; and
 - (b) the local government or government entity as sublessee is substituted for the State as a party to any lesser registered interest.
- (3) However, subsection (2) does not apply to a registered interest that was registered before the sublease is registered if, when the sublease is registered, a provision in the sublease states that subsection (2) does not apply to the registered interest.
- (4) Also, when the registrar of titles registers the sublease in the leasehold land register—
 - (a) the State's rights and obligations in an unregistered right in the section of the land are taken to be vested in the local government or government entity as sublessee; and
 - (b) the local government or government entity is substituted for the State as a party to the unregistered right.
- (5) Subsections (2) and (3) apply despite the *Property Law Act 1974*, section 115 and the *Land Act 1994*, section 298.

240E Access arrangements across proposed railway

- (1) This section applies if—
 - (a) the chief executive enters into an agreement with a person about land (*relevant land*)—
 - (i) that the State proposes to acquire as mentioned in section 240(1)(a); or

[s 240E]

- (ii) that is non-rail corridor land mentioned in section 240(1)(b); and
 - (b) the relevant land is, or is proposed to be, future railway land; and
 - (c) the person is the railway manager for a proposed railway to be constructed on the relevant land; and
 - (d) the owner of land adjacent to the relevant land (the *land-owner*)—
 - (i) owns the relevant land; or
 - (ii) has a right of access over the relevant land; and
 - (e) the land-owner requires access across the proposed railway.
- (2) The land-owner may ask the railway manager for a right of access across the proposed railway.
- (3) The railway manager must—
- (a) negotiate with the land-owner about a right of access across the proposed railway; and
 - (b) have regard to the relevant matters for the proposed railway; and
 - (c) either—
 - (i) provide a right of access across the proposed railway; or
 - (ii) refuse to provide a right of access across the proposed railway.
- (4) Subsection (5) applies if—
- (a) the railway manager and the land-owner do not agree on a right of access across the proposed railway, including about any conditions to which the right of access is subject; or
 - (b) the railway manager refuses to provide a right of access across the proposed railway.

-
- (5) The railway manager or the land-owner may ask the chief executive to decide whether a right of access across the proposed railway should be granted.
 - (6) In deciding whether or not to grant a right of access across the proposed railway, the chief executive—
 - (a) must have regard to the relevant matters for the proposed railway; and
 - (b) must consult with the railway manager about what, if any, conditions should be imposed on the right of access; and
 - (c) may ask the railway manager or the land-owner for any other information the chief executive needs to make a decision.
 - (7) The railway manager or the land-owner must give the chief executive the information the chief executive asks for.
 - (8) The chief executive must decide—
 - (a) to grant a right of access across the proposed railway; or
 - (b) not to grant a right of access across the proposed railway; or
 - (c) not to grant a right of access across the proposed railway and refer the matter of a right of access back to the railway manager for further negotiation with the land-owner.
 - (9) If the chief executive decides to grant a right of access under subsection (8)(a), or not to grant a right of access under subsection (8)(b), the chief executive must notify, in writing, the railway manager and the land-owner about the decision.
 - (10) The railway manager must meet the full cost of any works required for the purpose of a right of access granted by the chief executive across the proposed railway.
 - (11) A right of access across a proposed railway given or granted under this section may be given or granted with or without conditions.

[s 240F]

- (12) Without limiting the conditions the chief executive may impose on a right of access across a proposed railway, the chief executive may impose a condition that the right of access may be used only for a stated approved use.
- (13) In this section—
- railway manager* includes a proposed railway manager.
- relevant matters*, for a proposed railway, means—
- (a) the safety and operational integrity of the proposed railway; and
 - (b) the need to limit the number of level crossings across the proposed railway; and
 - (c) the cost of providing a right of access across the proposed railway.

240F Cancellation of right of access

- (1) This section applies if relevant land under section 240E becomes rail corridor land.
- (2) Subject to subsection (3), a right of access granted by the chief executive under section 240E(8)(a) remains in force—
 - (a) while the relevant land is rail corridor land; or
 - (b) if the relevant land becomes non-rail corridor land—while the relevant land is non-rail corridor land.
- (3) A right of access granted by the chief executive under section 240E(8)(a) may be cancelled—
 - (a) by written agreement between the relevant entity for the relevant land and the holder of the right of access; or
 - (b) by the chief executive if—
 - (i) the holder of the right of access does not comply with any conditions imposed by the chief executive under section 240E(8)(a) on the right of access; or

-
- (ii) the chief executive considers that the use of the right of access would affect the safety or operational integrity of the railway on the relevant land or would adversely affect another transport purpose.
- (4) If the chief executive cancels a right of access under subsection (3)(b)(ii), the owner of land affected by the decision is entitled to be paid reasonable compensation for the loss of the use of the right of access—
- (a) as agreed between the owner and the relevant entity for the relevant land; or
 - (b) failing agreement under paragraph (a), as decided by the Land Court.
- (5) For subsection (4), if the right of access was granted subject to a condition that it be used only for a stated approved use, the owner is entitled to be paid compensation only for the loss of the approved use of the right of access.
- (6) Compensation may be claimed and ordered to be paid in a proceeding brought in the Land Court.
- (7) In this section—
- relevant entity* means—
- (a) for relevant land that is rail corridor land—both the chief executive and the railway manager for the land; or

241 Railway tunnel easements

- (1) This section applies to an easement described in schedule 4, despite the terms of the easement.
- (2) The State may grant a licence in relation to the easement to a railway manager.
- (3) If the State grants a licence as mentioned in subsection (2), the railway manager may grant a sublicense to a railway operator.

[s 242]

- (4) No compensation is payable to the grantor of the easement because of any vesting, transfer, licence or sublicence under this section.
- (5) In this section—
railway tunnel corridor means a corridor of land within which a tunnel containing rail transport infrastructure is situated.

242 What is *future railway land*

- (1) Land becomes *future railway land* when the chief executive, by written notice to the relevant local government and in the gazette, indicates that the land is intended to be used for a railway.
- (2) Future railway land ceases to be future railway land when it is subleased to a railway manager under section 240(4).
- (3) If the chief executive decides that future railway land is no longer to be used for a railway, the chief executive must give written notice of that fact to the relevant local government and in the gazette.

243 Status of railway land

- (1) The railway manager for corridor land is, for any rail transport infrastructure on the land or proposed to be constructed on the land, subject to the same controls and exemptions under State and local laws that an agency of the State would be if it had the manager's interest in the land.
- (2) In this section—
corridor land means—
 - (a) commercial corridor land that is not leased by the railway manager on a commercial basis; or

- (b) existing rail corridor land, or new rail corridor land, that is not subleased by the railway manager on a commercial basis; or
- (c) future railway land.

railway manager, for corridor land, means the person who is accredited under part 3 as the railway manager for the railway or proposed railway on, or proposed to be on, the corridor land.

244 Existing rail transport infrastructure on land

- (1) This section applies if at the commencement—
 - (a) rail transport infrastructure was on land that is not owned or leased by Queensland Rail; and
 - (b) the previous rail corporation had managed a railway using the rail transport infrastructure.
- (2) After the commencement—
 - (a) the rail transport infrastructure may stay on the land; and
 - (b) the railway manager may—
 - (i) alter the rail transport infrastructure; and
 - (ii) manage the railway using the rail transport infrastructure, whether or not altered; and
 - (iii) operate, or authorise a railway operator to operate, rolling stock on the railway.
- (3) A person has no interest in, or right to, the rail transport infrastructure (whether or not altered) on land only because the person has an interest in the land.

245 Existing buildings on land

- (1) If, immediately before the commencement, a building of the previous rail corporation was lawfully on land—

[s 246]

- (a) it may stay on the land; and
 - (b) its construction is not subject to any approval that did not affect it immediately before the commencement.
- (2) If, immediately before the commencement, the previous rail corporation's activities were lawfully being carried out on the land, they may still be carried out on the land despite any change to the zoning of the land.
- (3) In this section—
building includes a structure or works.

246 Railway works on corridor land

- (1) The chief executive, for works carried out on corridor land that relate to rail transport infrastructure, must perform a function or exercise a power that, under the *Building Act 1975* or the *Integrated Planning Act 1997*, would be performed or exercised by a local government if this section had not been passed.
- (2) In this section—
corridor land means commercial corridor land, existing rail corridor land, new rail corridor land, future railway land or non-rail corridor land.

247 Chief executive taken to be owner of rail corridor land and non-rail corridor land for particular circumstances under Integrated Planning Act

- (1) This section applies if, under the *Integrated Planning Act 1997*—
- (a) land that is rail corridor land or non-rail corridor land is to be designated for community infrastructure; or
 - (b) an application requires notice to be given to an owner of adjoining land and the land is rail corridor land or non-rail corridor land; or

-
- (c) the consent of an owner of land that is rail corridor land or non-rail corridor land is otherwise required.
 - (2) For the purposes of the *Integrated Planning Act 1997*, the chief executive is taken to be the owner of the land that is rail corridor land or non-rail corridor land.

Part 8 General

248 **QR Limited and wholly owned subsidiaries not common carriers**

- (1) QR Limited is not a common carrier.
- (2) A wholly owned subsidiary of QR Limited is not a common carrier.

249 **Railways on particular roads**

- (1) This section applies if—
 - (a) a railway manager—
 - (i) holds a sublease of rail corridor land; or
 - (ii) has access to future railway land; and
 - (b) the route of the rail corridor land or future railway land—
 - (i) is interrupted by a relevant road; and
 - (ii) continues on the other side of the relevant road.
- (2) The Minister may, by gazette notice, declare the part of the relevant road where it interrupts the route to be a common area (*common area*) for the relevant road and the route of the rail corridor land or future railway land.
- (3) If the Minister declares a common area—

[s 249]

- (a) the railway manager for the rail corridor land or future railway land may construct, maintain and operate a railway on the common area in a way not inconsistent with its use as a relevant road; and
- (b) the relevant person for the relevant road may construct, maintain and operate the relevant road on the common area in a way not inconsistent with its use as a railway; and
- (c) the relevant person for the relevant road and the relevant person's agents or employees do not have any liability for the railway or its use or operation on the common area.

Examples for paragraph (a)—

- a level crossing
 - a bridge or other structure over the road
 - a bridge or other structure that allows the railway to pass under the road
- (4) After a common area is declared—
 - (a) the chief executive must give a copy of the gazette notice to the registrar of titles—
 - (i) promptly after the gazette notice is published, if the land is rail corridor land; or
 - (ii) promptly after the land is subleased to the railway manager under section 240(4), if the land is future railway land; and
 - (b) the registrar of titles must record the declaration on the relevant lease of the rail corridor land to the State and the sublease in the leasehold land register.
 - (5) If a railway on a common area stops being used, the railway manager for the railway is responsible for the cost of removing rail transport infrastructure from the common area and restoring the road, unless the relevant person and the railway manager otherwise agree.

(6) In this section—

- (b) a franchised road; or
- (c) State toll road corridor land; or
- (d) local government tollway corridor land.

250 Altering road levels

- (1) In constructing or managing a railway, the railway manager for the railway may alter the level of a road or require the authority responsible for the road to alter its level.
- (2) Unless the railway manager and the authority responsible for the road agree, the railway manager must pay all reasonable expenses incurred by the authority in altering the road level.

[s 251]

- (3) A person whose land is directly affected by the alteration is entitled to be paid compensation by the railway manager.
- (4) The amount of compensation is—
 - (a) the amount agreed between the parties; or
 - (b) if the parties can not agree within a reasonable time—the amount decided by a court with jurisdiction for the recovery of the amount of compensation claimed.
- (5) However, the amount of compensation can not be more than the amount that would have been awarded if the land had been acquired.

251 Maintaining roads crossing railways

- (1) A railway manager for a railway must maintain—
 - (a) the part of the railway on a road; and
 - (b) the surface of a road, in a character in keeping with the road—
 - (i) between the rails; and
 - (ii) outside the outermost rails to a distance of 0.6m.
- (2) If a railway is built by way of a bridge or other structure over or under a road, the authority that maintained the road before the railway was built must continue to maintain the road under or over the bridge or structure.

252 No presumption of dedication of roads

If the public uses railway land as a road or otherwise for access purposes, the land is not taken to have been dedicated for use as a road even though the use is authorised or allowed by the railway manager.

253 Extending roads through or over rail corridor land or non-rail corridor land

- (1) The chief executive may allow a local government to construct, maintain and operate a road on rail corridor land or non-rail corridor land by way of—
- (a) a bridge or other structure over relevant infrastructure on the land; or
 - (b) a bridge or other structure that allows the road to pass under relevant infrastructure on the land; or
 - (c) a crossing at the same level as relevant infrastructure on the land.

Example for paragraph (c)—

a level crossing

- (1A) Without limiting subsection (1), a permission may be granted under the subsection in relation to relevant infrastructure that is proposed to be on the land—
- (a) under a transport infrastructure strategy; or
 - (b) for non-rail corridor land that is subleased, under the relevant sublease.
- (2) The permission may be subject to conditions.
- (2A) Without limiting subsection (2), a condition of a permission for rail corridor land may provide for the future expansion of the railway on the land.

Example—

A condition may provide that the length of a bridge over a railway be long enough to allow for an additional track to be laid in the future.

- (3) Before deciding a request for the permission, the chief executive must consult with the relevant person for the land.
- (3A) After the permission is granted—
- (a) the chief executive must immediately give a copy of the permission to the registrar of titles; and

[s 253]

- (b) the registrar of titles must record the permission on the relevant lease of the rail corridor land or non-rail corridor land to the State and any affected sublease in the leasehold land register.
- (4) The relevant person may continue to use the land, and the airspace above the land, other than any land and airspace excluded by a condition of the permission.
- (5) The chief executive and the relevant person and their agents or employees, do not have any duty or liability for the road or its use or operation.
- (6) Once the road is used, it is taken to be—
 - (a) a road under the relevant local government’s control; and
 - (b) a road under any Act about the use of vehicles on a road.
- (7) Unless the chief executive and the local government otherwise agree—
 - (a) the local government is responsible for maintaining the road and the bridge, structure or crossing; and
 - (b) if the road stops being used—the local government is responsible for the cost of taking the bridge, structure or crossing away and restoring the relevant infrastructure on the land.
- (8) The State is taken not to be in breach of any of its obligations in a sublease of rail corridor land or non-rail corridor land between the State and a relevant person for the land by—
 - (a) giving the permission; or
 - (b) anything done by the local government under the permission.
- (9) In this section—

or
- (b) for non-rail corridor land—any entity to whom the land is subleased.

254 Level crossings

- (1) Pedestrians and drivers of vehicles must give way to—
 - (a) a railway operator’s rolling stock on railway tracks at a level crossing; and
 - (b) a railway manager’s rail vehicle on railway tracks at a level crossing.
- (2) If an accident happens at a level crossing because a person does not comply with subsection (1)—
 - (a) the railway manager or operator is not liable for any injury or damage caused in the accident; and
 - (b) the person must pay the railway manager or operator the cost of any damage caused to property of the manager or operator.
- (3) However, subsection (2) does not apply if the manager or operator, or its agents or employees, were negligent in relation to the accident.

255 Interfering with railway

- (1) A person must not interfere with a railway unless—
 - (a) the person has the railway’s manager written approval;
or

[s 256]

- (b) the interference is permitted or authorised under a right of access under section 240E, section 253 or a railway provision.

Maximum penalty—160 penalty units.

- (2) An approval may be subject to a reasonable condition.
- (3) The person must comply with the condition.

Maximum penalty—40 penalty units.

- (5) This section binds all persons, including the State, the Commonwealth and the other States.

256 Rectifying unauthorised interference

- (1) If a person contravenes section 255(1) by interfering with a railway, the railway manager for the railway may, by written notice, require the person to rectify the interference within a stated reasonable time.
- (2) The person must comply with the requirement, unless the person has a reasonable excuse.

Maximum penalty—40 penalty units.

- (1) This section applies if the chief executive is an assessment manager or a referral agency under the *Integrated Planning Act 1997* for a development application under that Act.
- (2) Also, this section has as its purpose ensuring the safety and operational integrity of railways and future railways.
- (3) For performing the chief executive's functions as assessment manager or referral agency, the chief executive must consider the impact of the proposed development on the safety and operational integrity of railways and future railways.
- (4) Subsection (3) is in addition to, and does not limit, the *Integrated Planning Act 1997*, section 3.3.15 and chapter 3, part 5, division 2.

258A Impact of change of management of local government road on railways

- (1) A local government must apply to the chief executive to obtain the chief executive's written approval to make a change to the management of a local government road that, if made—
 - (a) would require works to be carried out on a railway; or
 - (b) would have a significant adverse impact on the safety and operational integrity of a railway or a future railway.
- (2) The chief executive—
 - (a) must consider the application within—
 - (i) 30 days after receiving it; or
 - (ii) the longer time notified to the local government by the chief executive, in writing, before the end of the 30 days; and

[s 258B]

- (b) may—
 - (i) approve the proposed change, with or without conditions; or
 - (ii) refuse to approve the proposed change.
- (3) The chief executive must give the local government written notice of the chief executive's decision on the application.
- (4) If the chief executive does not do any of the following within the 30 days, the chief executive is taken to have approved the proposed change—
 - (a) approve the proposed change;
 - (b) refuse to approve the proposed change;
 - (c) give the local government a notice under subsection (2).
- (5) This section does not apply if the chief executive has considered the change to the management of the local government road as part of the chief executive's consideration of a development application under IDAS.
- (6) In this section—

IDAS see the *Integrated Planning Act 1997*, section 3.1.1.

258B Guidelines for ss 258–258A

- (1) For the purposes of sections 258 and 258A, the chief executive may make guidelines to which a person must have regard when—
 - (a) carrying out development under the *Integrated Planning Act 1997*; or
 - (b) making changes to the management of a local government road.
- (2) The chief executive must give a copy of the guidelines to each local government affected by the guidelines.

259 Fencing new railways

- (1) A railway manager need not contribute to the fencing of any part of the boundary of land that is—
 - (a) a future railway; or
 - (b) acquired for a widening or deviation of a railway.
- (2) Subsection (1) does not apply if—
 - (a) the land acquired was substantially fenced; and
 - (b) the railway's presence may make the fencing ineffective.

260 Works for existing railways

- (1) This section applies—
 - (a) while a railway existing at the commencement (the *existing railway*) continues to be operated as a railway; and
 - (b) to the owners and occupiers of land next to the existing railway (the *neighbouring land*).
- (2) QR Limited must, within a reasonable time, construct and maintain—
 - (a) works that are necessary to make good any interruptions caused by the existing railway to the use of the neighbouring land; and
 - (b) works that are necessary to—
 - (i) separate the existing railway from the neighbouring land; and
 - (ii) protect the stock straying from the neighbouring land onto the railway; and
 - (c) sufficient works to ensure the neighbouring land's drainage is as good, or nearly as good, as it was before the existing railway was constructed.
- (3) QR Limited may satisfy its obligation under subsection (2)(b) by constructing and maintaining a fence of substantially

[s 260]

similar quality to any fence around the neighbouring land when the railway was constructed.

- (4) This section does not require QR Limited to—
 - (a) construct or maintain works in a way that would prevent or obstruct the use of the existing railway; or
 - (b) construct or maintain works for owners or occupiers who agreed to receive, and have been paid, compensation in place of the works.
- (5) The Land Court must decide any dispute about the adequacy of works or maintenance under this section.
- (6) If the owner or occupier of neighbouring land considers that works carried out under this section are insufficient for the convenient use of the land, the owner or occupier may, with QR Limited's agreement, carry out further works at the owner's or occupier's expense.
- (7) QR Limited may, by written notice given to the owner or occupier, require the further works to be carried out—

- (10) The crossing must be made directly, and in a way that is safe and does not damage or obstruct the railway.
- (11) However, subsection (9) does not apply to an owner or occupier who agreed to receive, and has been paid, compensation in place of the works.

-
- (12) A person must shut and lock a gate set up under this section at either side of an existing railway as soon as the person, and any vehicles or livestock in the person's care, have passed through the gate.

Maximum penalty for subsection (12)—10 penalty units.

260A Transfer of obligations for existing railway to new railway manager

- (1) This section applies if—
- (a) QR Limited has obligations under section 260 in relation to a railway that it subleases; and
 - (b) either of the following happens (the *relevant event*)—
 - (i) the railway is subleased to another railway manager following QR Limited surrendering its sublease of the railway;
 - (ii) QR Limited transfers the sublease to another railway manager; and
 - (c) the other railway manager operates the railway as a railway.
- (2) After the relevant event, section 260 applies to the other railway manager as if a reference in section 260 to QR Limited were a reference to the other railway manager.

261 Non-accredited railways

- (1) A non-accredited railway may be connected, either directly or through another non-accredited railway, to the railway of an accredited railway manager with the manager's written agreement.
- (2) Unless the parties otherwise agree, the manager is not liable for any injury, loss or damage arising from an act done, or omission made, honestly and without negligence, on the non-accredited railway.

[s 261]

- (3) Subject to any agreement between the manager and the non-accredited railway manager, the manager may—
 - (a) disconnect the non-accredited railway from the railway;
or
 - (b) close the connection between the non-accredited railway and the railway.
- (4) Before taking action under subsection (3), the manager must—
 - (a) give at least 3 months notice of the proposed action; or
 - (b) get the written agreement of the non-accredited railway manager to the proposed action.
- (5) For the disconnection, the manager may, by written notice, require the non-accredited railway manager to take away any part of the railway on land managed by the manager.

- the person is taken to be aware of the information.

Chapter 9 Busways and busway transport infrastructure

Part 1 Preliminary

296 Ways of achieving busway objectives

The objectives of this Act for busways are intended to be achieved by—

- (a) developing and putting into effect busway transport infrastructure strategies; and
- (b) establishing a legal framework to allow the construction, maintenance, management and operation of busway transport infrastructure in an effective and efficient way.

Part 2 Chief executive's functions and powers

297 Functions

The chief executive has the following functions in relation to busways, including proposed busways, and busway transport infrastructure, including proposed busway transport infrastructure—

- (a) investigating, planning, establishing, maintaining, managing or operating, or arranging for someone else to investigate, plan, establish, maintain, manage or operate;
- (b) providing or arranging for associated services or works necessary or convenient for effective and efficient construction, management and operation;
- (c) efficiently integrating with any transport infrastructure, including light rail transport infrastructure;
- (d) providing for appropriate levels of safety in construction, management and operation;
- (e) doing other things that directly or indirectly—
 - (i) are likely to enhance the provision of busway transport infrastructure and passenger services on busways; or
 - (ii) are incidental or complementary to the performance of another function.

298 Authority to enter or temporarily occupy or use land

- (1) For the performance of a function under this chapter, the chief executive, or someone authorised in writing by the chief executive, may—
 - (a) do 1 or more of the following in relation to land—
 - (i) enter the land, whether or not for temporarily occupying or using the land;

- (ii) temporarily occupy the land;
 - (iii) temporarily use the land; and
 - (b) do anything on the land necessary or convenient for the function, including, for example, for busway transport infrastructure works.
- (2) However, the chief executive must not authorise a person to enter land under this section if the entry is a type of entry able to be authorised under an investigator's authority under chapter 11.

299 When land may be entered, occupied or used

- (1) This section applies if a person proposes to enter, occupy or use land under this part.
- (2) The person may enter, occupy or use the land without the permission of, or notice to, the owner or occupier of the land to perform urgent remedial work to facilitate or maintain the operation of busway transport infrastructure.
- (3) However, the person must, if practicable, notify the occupier orally or in writing before entering the land.
- (4) If the entry, occupation or use is other than for the performance of urgent remedial work, the person may enter, occupy or use the land if the person—
 - (a) obtains the written permission of—
 - (i) each person who is an owner of the land; and
 - (ii) each person who is an occupier of the land; or
 - (b) gives at least 7 days written notice to the occupier before the entry, occupation or use.
- (5) The notice under subsection (4)(b) must state—
 - (a) all works proposed to be performed; and
 - (b) all uses proposed to be made of the land; and

[s 300]

- (c) details of anything else proposed to be done on the land; and
 - (d) the approximate period when occupation or use is expected to continue; and
 - (e) an owner or occupier of the land may claim compensation from the chief executive for loss or damage caused by the entry, occupation or use.
- (6) A notice may be given under this section even though it is proposed to resume the land for busway transport infrastructure.
- (7) Power to enter, occupy or use land under this part does not authorise entry, occupation or use of a structure on the land used solely for residential purposes without the permission of the occupier of the land.

300 Compensation

- (1) This section applies if land is entered, occupied or used under this part.
- (2) An owner or occupier of the land may claim compensation from the chief executive for loss or damage caused by the entry, occupation or use, including by the taking or consumption of materials.
- (3) However, compensation is payable only if written notice of the claim or proposed claim is given to the chief executive—
 - (a) after the loss or damage happens, but within 1 year after the entry, occupation or use ends; or
 - (b) at a later time allowed by the chief executive.
- (4) In the absence of agreement between the owner or occupier and the chief executive about the payment of compensation, payment of compensation may be claimed and ordered in a proceeding brought in the Land Court.

-
- (5) The Land Court may order compensation to be paid only if it is satisfied it is just to make the order in the circumstances of the particular case.
 - (6) Compensation paid under this section for loss or damage caused to land must not be more than the compensation that would have been awarded if the land had been acquired.

Part 3 Establishment of busways

301 Definition for pt 3

In this part—

road means a road under the *Land Act 1994*, but does not include a State-controlled road.

302 Declaration of land as busway land

- (1) The Minister may, by gazette notice, declare land to be busway land.
- (2) Land declared to be busway land—
 - (a) must be—
 - (i) identified specifically in the gazette notice; or
 - (ii) identified generally in the gazette notice, and identified specifically in documents described in the gazette notice and available for perusal at an office of the department mentioned in the gazette notice; and
 - (b) must consist only of land for a busway and busway transport infrastructure.
- (3) The identification of land declared to be busway land may, but need not, be by reference to strata occupied by the land.

[s 303]

- (4) Land may be declared to be busway land only if it is—
 - (a) land acquired by the State or the chief executive for busway purposes or for a purpose, or combination of purposes, that includes busway purposes; or
 - (b) a road; or
 - (c) land acquired by the State or the chief executive, other than land mentioned in paragraph (a) or (b), on which busway transport infrastructure is located.
- (5) In this section—

busway purposes includes busway transport infrastructure.

303 Effect on land of busway declaration

- (1) If a road or a part of a road is declared under this part to be busway land, the road or part—
 - (a) stops being a road; and
 - (b) becomes unallocated State land.
- (2) If a lot or a part of a lot under the *Land Title Act 1994* is declared under this part to be busway land, the lot or part becomes unallocated State land.
- (2A) If land, other than land mentioned in subsection (1) or (2) or unallocated State land, is declared under this part to be busway land, the land becomes unallocated State land.
- (3) Busway land can not be declared under section 24 to be a State-controlled road.
- (4) The Governor in Council must lease busway land that is unallocated State land to the State under the *Land Act 1994*, section 17.
- (5) The lease is in perpetuity and, if demanded, for a rent of \$1 a year.
- (6) The *Land Act 1994*, sections 157, 183, 204, 211 and 336(2)(a) and (c) do not apply to a lease or sublease of busway land.

303AA Sublease of lease of busway land

- (1) The State may sublease its lease of busway land to another person for a busway established or proposed to be established on the busway land on terms negotiated and agreed between the parties.
- (2) For the *Land Act 1994*, section 332(1)(b), the other person is eligible to hold a sublease of the lease.
- (3) The first sublease under subsection (1) (the *original sublease*) may include an option to renew the sublease, and any subsequent sublease may in turn include an option to renew.
- (4) The terms of any option and any subsequent sublease are to be those negotiated and agreed between the parties.
- (5) The *Land Act 1994*, section 336(2)(a) does not apply to a document of amendment of the original sublease or any subsequent sublease.
- (6) If a sublessee attaches busway transport infrastructure to the land the subject of the original sublease or a subsequent sublease, the infrastructure immediately becomes the property of the chief executive unless the parties to the sublease agree it is to become the property of the chief executive at a later time.
- (7) Despite any agreement under subsection (6), the infrastructure, if it has not already become the property of the chief executive, becomes the property of the chief executive—
 - (a) if there is no subsequent sublease—at the end of the original sublease; or
 - (b) if there is only 1 subsequent sublease—at the end of the subsequent sublease; or
 - (c) if there are 2 or more subsequent subleases—at the end of the last of the subsequent subleases.
- (8) Neither the original sublease nor any subsequent sublease stops being a sublease only because persons are expressly or impliedly permitted by the chief executive under this chapter to be on the subleased land.

[s 303A]

- (9) This section does not stop the granting of a lease or sublease to another person for a busway, other than under this section, of land that is not busway land but on which there is, or is proposed to be, busway transport infrastructure.
- (10) In this section—
busway land means busway land that is leased to the State under the *Land Act 1994*, section 17.

303A Declaration of common areas for busways and roads

- (1) This section applies if—
- (a) a busway is interrupted by a road and continues on the other side of the road; or
 - (b) an intersection is formed where a road meets a busway, whether or not at right angles, at the start or end of the busway.
- (2) The chief executive may, by gazette notice, declare a part of the road where it interrupts, or intersects with, the busway to be a common area (a *busway common area*) for the road and the busway.
- (3) A gazette notice under subsection (2)—
- (a) must include a description of, or a way of identifying, the busway common area; and
 - (b) may include conditions on the operation and use of the busway common area to ensure the safety and operational integrity of the road or busway.
- (4) In this section—
road includes a State-controlled road.

303B Effect of declaration of busway common area

If the chief executive declares a busway common area—

- (a) a busway may be constructed, maintained and operated on the busway common area in a way not inconsistent with its use as a road; and
- (b) a busway safety officer may exercise powers under this Act on the busway common area as if the busway common area were part of the busway; and
- (c) if the road is a State-controlled road—the chief executive may construct, maintain and operate the road on the busway common area in a way not inconsistent with its use as a busway; and
- (d) if the road is not a State-controlled road—
 - (i) the local government for the area in which the road is located may construct, maintain and operate the road on the busway common area in a way not inconsistent with its use as a busway; and
 - (ii) the local government does not have any liability for the busway or its use or operation on the busway common area; and
 - (iii) the State does not have any liability for the road or its use or operation on the busway common area.

303C Relationship with Local Government Act 1993, s 901

(1) This section applies if there is any inconsistency between—

- (a) a local government's control under the *Local Government Act 1993*, section 901, of a busway common area including, for example, the regulation of the use of the busway common area or movement of traffic on the busway common area; and
- (b) a condition imposed by the chief executive on the operation or use of the busway common area as mentioned in section 303A(3).

[s 304]

- (2) To the extent of the inconsistency the condition imposed by the chief executive prevails.

304 Development of busway and busway transport infrastructure

- (1) This section applies to the establishment of a busway, including any investigating, planning, maintaining, managing, operating, and arranging for the busway or for busway transport infrastructure for the busway.
- (2) Nothing in this chapter is intended to affect the operation of the *Integrated Planning Act 1997* to the extent that the establishment of the busway is development under that Act.

Part 4 Management of busway land and busway transport infrastructure

Division 1 Transport infrastructure interaction

305 Altering road levels by a local government

- (1) The chief executive may require a local government having control of a road to alter the level of the road for—
 - (a) busway transport infrastructure works; or
 - (b) the management or operation of a busway.
- (2) However, the chief executive—
 - (a) must consult with the local government about the nature and extent of the alteration of the level of the road before the alteration is started; and

- (b) subject to an agreement between the chief executive and the local government arising out of the consultation, pay all reasonable costs incurred by the local government in altering the road level.
- (3) The local government must comply with the chief executive's requirement.

306 Watercourses and busway transport infrastructure works

- (1) To carry out busway transport infrastructure works, the chief executive may—
 - (a) divert a watercourse; or
 - (b) construct a watercourse, whether temporary or permanent.
- (2) In taking action under subsection (1)(a), the chief executive must consider the effect that the action will have on the physical integrity and flow characteristics of the watercourse.
- (3) Subsection (1) does not authorise the chief executive, in a wild river area, to—
 - (a) divert or construct a watercourse; or
 - (b) extract quarry material from a watercourse.

307 Permitted construction by local government of roads over or under busway land

- (1) Despite section 303(1), the chief executive may permit a local government to construct, maintain and operate a road located on busway land, consisting of—
 - (a) a bridge or other structure allowing traffic to pass over the level at which buses use the busway land; or
 - (b) a structure allowing traffic to pass under the level at which buses use the busway land.
- (2) The permission may be given on reasonable conditions.

[s 308]

- (3) In deciding whether to give the permission, the chief executive must consider the limiting effect the use of the road is likely to have on the use of the busway land for busway passenger services.
- (4) While the bridge or other structure is being used for the road—
 - (a) neither the chief executive nor any person the chief executive has permitted to operate a bus using the busway land has any duty or liability for the road or its use or operation; and
 - (b) the road is taken to be a road of which the local government has control under the *Local Government Act 1993*, section 901(1); and
 - (c) the road is taken to be a road under any Act about the use of vehicles on a road.
- (5) Unless the chief executive and the local government otherwise agree—
 - (a) the local government is responsible for maintaining the road and the bridge or other structure; and
 - (b) if the bridge or other structure stops being used for the road, the local government is responsible for the cost of taking the bridge or other structure away and of restoring the busway land.

308 Powers of chief executive for busway transport infrastructure works contracts etc.

- (1) The chief executive may, for the State, carry out or enter into contracts with other persons for the carrying out of—
 - (a) busway transport infrastructure works on a busway or on land that is intended to become a busway; or
 - (b) other works that contribute to the effectiveness and efficiency of the busway network; or
 - (c) the operation of a busway.

- (2) The chief executive, for the State, may enter into contracts with other persons for busway transport infrastructure works to be carried out outside the State under an agreement between the State and the other State concerned.
- (3) A contract with a local government under this section may include arrangements about which powers of the local government are to be exercised by the chief executive, and which are to be exercised by the local government, for the busway.
- (4) A local government may enter into a contract mentioned in subsection (1) even though the contract relates to works or operation outside the local government's area.
- (5) The chief executive, for the State, may carry out or enter into contracts for works on or adjacent to a busway at the request of the owner of adjacent land on the basis that the owner provides consideration, whether monetary or otherwise, as agreed between the chief executive and the owner.
- (6) This section does not prevent the chief executive carrying out, or entering into contracts for the carrying out, of busway transport infrastructure works of a minor or emergency nature.
- (7) In carrying out works or the operation of a busway, the chief executive must ensure that the carrying out is done on a price competitive basis.
- (8) In entering into contracts under this section, the chief executive must ensure that open competition is encouraged.
- (9) Subsection (8) does not apply to a contract with a person if the person is the sole invitee and enters into a price performance contract with the chief executive.
- (10) The chief executive may arrange with another person for the sharing by the chief executive with the other person of the cost of—
 - (a) acquisition of land for busway transport infrastructure; or
 - (b) busway transport infrastructure works on a busway; or

[s 309]

- (c) other works that contribute to the effectiveness and efficiency of the busway network; or
- (d) the operation of a busway;
including all necessary preliminary costs associated with the acquisition, works or operation.

309 Distraction of traffic on busway

- (1) A local government must obtain the chief executive's written approval if it intends to approve the erection, alteration or operation of an advertising sign or other advertising device that would be—
 - (a) visible from a busway; and
 - (b) reasonably likely to create a traffic hazard for the busway.
- (2) For subsection (1), the chief executive may make guidelines to which local governments must have regard in deciding whether the chief executive's approval is required for a particular busway.
- (3) An approval may be subject to conditions.
- (4) Subsection (1) does not apply if the conditions applied by the local government to the erection, alteration or operation of the sign or device comply with permission criteria fixed by the chief executive.
- (5) The permission criteria may include conditions.
- (6) A local government must comply with conditions that apply to it under this section.
- (7) An approval must be given—
 - (a) within 21 days after receiving the application for approval; or
 - (b) within a longer period notified to the local government by the chief executive within the 21 day period.

- (9) The chief executive must publish a copy of each notice mentioned in subsection (10) in the gazette.
- (10) In this section—
busway includes land that the chief executive has notified the local government in writing is intended to become a busway.

310 No presumption of dedication of road

- (1) This section applies if the public uses busway land as a road, or for access purposes other than as a road.
- (2) The busway land does not at law, either because the use is authorised or permitted by the chief executive or for another reason, become dedicated to public use as a road.

Division 2 Interfering with busway transport infrastructure

311 Interfering with busway transport infrastructure

- (1) A person must not interfere with or carry out works on busway transport infrastructure unless—
 - (a) the person has the written approval of the chief executive; or
 - (b) the interference or works are for the construction, maintenance or operation of a road permitted under this part to be constructed, maintained and operated across, over or under the busway transport infrastructure; or
 - (c) the interference or works are otherwise authorised under this Act or another Act.

Maximum penalty—160 penalty units.

[s 312]

- (2) An approval under subsection (1)(a) may be given on reasonable conditions.
- (3) The person given the approval must comply with the conditions of the approval.
Maximum penalty—40 penalty units.
- (4) Subsection (1) does not apply to the carrying out of urgent maintenance of a busway or busway transport infrastructure.

312 Rectifying unauthorised interference or works

- (1) This section applies if a person (the *identified person*) interferes with or carries out works on busway transport infrastructure in contravention of section 311(1).
- (2) The chief executive may, by written notice given to the identified person, require the person to rectify the interference, or the effect of the carrying out of the works, within a stated reasonable time.
- (3) The identified person must comply with the notice unless the person has a reasonable excuse.

313 Ancillary works and encroachments

- (1) The chief executive may construct, maintain, operate or conduct ancillary works and encroachments on a busway.
- (2) The chief executive may, by gazette notice, decide that stated ancillary works and encroachments must not be constructed, maintained, operated or conducted on busways, without the chief executive's written approval.
- (3) A person must not construct, maintain, operate or conduct ancillary works and encroachments on a busway contrary to a notice under subsection (2).

Maximum penalty—200 penalty units.

- (4) Subsection (3) does not apply to the construction, maintenance, operation or conduct of ancillary works and encroachments on a busway if the construction, maintenance, operation or conduct—

- (3) The chief executive must not unreasonably withhold agreement.
- (4) Despite subsection (2), a public utility provider may, if acting in the interests of public safety, carry out urgent maintenance of its public utility plant on busway land without the written agreement of the chief executive, but only if the provider—
 - (a) makes all reasonable attempts to obtain the chief executive's oral agreement to the carrying out of the maintenance; and
 - (b) whether or not the chief executive's oral agreement is obtained, acts as quickly as possible to advise the chief executive of the details of the maintenance being carried out.
- (5) Building or altering public utility plant under subsection (1)(a) does not affect the ownership of the plant.

319 Chief executive must give provider information

If asked in writing by a public utility provider, the chief executive must give the provider information about lines and levels for planned busway transport infrastructure on busway land necessary to enable the provider to minimise possible adverse affects of the establishment of the infrastructure on the provider's works.

320 Public utility provider to consult with chief executive before replacing public utility plant

In this division—

access, for land, means—

- (a) access to the land from the road network, whether or not through other land; or
- (b) access from the land to the road network, whether or not through other land.

busway land means busway land that, when declared under this chapter to be busway land, was a road or part of a road.

 - (b) construction for changing or adding to busway transport infrastructure previously constructed on the busway land;
 - (c) putting in place the arrangements under which persons are permitted or not permitted to be on the busway land.

interference, with access, includes loss or reduction of access.

331 No entitlement to compensation for particular matters

- (1) A person having an interest in land (the *relevant land*) has no entitlement at law, except to the extent this division provides, to compensation for a matter listed in subsection (2), to the extent the matter is caused by—
 - (a) the establishment of a busway; or
 - (b) the establishment or proposed establishment of busway transport infrastructure on busway land; or
 - (c) the operation of a busway on busway land.
- (2) The matters are—
 - (a) the adverse affect on the amenity or likely amenity of the neighbourhood of the relevant land; and
 - (b) interference with an activity of a business, commercial, industrial or residential nature carried out on the relevant land; and
 - (c) loss or damage arising directly or indirectly from interference with access for the relevant land; and
 - (d) the reduction or loss of a right of access for the relevant land and loss or damage caused by the reduction or loss of the right of access.

332 Compensation for reduced market value of interest in land

- (1) A person who has an interest in land (the *relevant land*) is entitled to compensation if the establishment of busway transport infrastructure on busway land (the *infrastructure*), when completed, is a cause of interference (the *interference*) with access for the relevant land.
- (2) Subsection (1) applies only if—
 - (a) either of the following applies—
 - (i) the busway land joins directly with the relevant land or with land (*access land*) giving access for the relevant land because of an easement or other right or interest;
 - (ii) the busway land does not join directly with the relevant land or with access land, but it is possible to travel from the relevant land or access land to the busway land by travelling only over road; and
 - (b) the practical effect of the interference is substantially greater in nature and extent than the practical effect of interference with access for the relevant land that might reasonably be expected to be experienced from time to time in changes to the operation of the road network; and
 - (c) the practical effect of the interference is that there is a direct and substantial interference with practicable access for the relevant land compared with the practicable access existing for the relevant land before the establishment of the infrastructure.
- (3) The amount of the compensation is the amount by which the market value of the interest may fairly be said to have been reduced because of the interference now affecting the relevant land.
- (4) However, the compensation must not be more than the compensation that would have been awarded if the interest had been acquired.

333 Compensation of person in actual occupation for interference with enjoyment of land

- (1) A person is entitled to compensation if—
- (a) the person is in actual occupation of land (the *relevant land*) when the establishment of busway transport infrastructure on busway land (the *infrastructure*) is happening or when it is completed; and
 - (b) the establishment of the infrastructure is a cause of interference with access (the *access interference*) for the relevant land; and
 - (c) the access interference is a cause of interference (the *enjoyment interference*) with the person's enjoyment of the relevant land.
- (2) Subsection (1) applies only if—
- (a) either of the following applies—
 - (i) the busway land joins directly with the relevant land or with land (*access land*) giving access for the relevant land because of an easement or other right or interest;
 - (ii) the busway land does not join directly with the relevant land or with access land, but it is possible to travel from the relevant land or access land to the busway land by travelling only over road; and
 - (b) the practical effect of the access interference is substantially greater in nature and extent than the practical effects of interference with access for the relevant land that might reasonably be expected to be experienced from time to time in changes to the operation of the road network; and
 - (c) the practical effect of the access interference is that there is a direct and substantial interference with practicable access for the relevant land compared with the practicable access existing for the relevant land before the establishment of the infrastructure.

[s 334]

- (3) The amount of compensation is an amount fairly representing, in the particular circumstances—
 - (a) if the person is in occupation of the relevant land at any time during the establishment of the infrastructure—the reasonable cost to the person of the enjoyment interference during the establishment; and
 - (b) if the person is in occupation of the relevant land when the establishment of the infrastructure is completed—the reasonable cost to the person of the enjoyment interference, starting from when the establishment of the infrastructure is completed.
- (4) In calculating the compensation, no regard is to be had to the reduction in the market value of an interest the person may have in the relevant land.

334 Chief executive may supply or contribute to new access arrangements

- (1) The chief executive may, having regard to the establishment, or proposed establishment, of busway transport infrastructure on busway land, enter into an agreement with a person who is the owner or occupier of land (the *relevant land*) for—
 - (a) the supply by the chief executive, or a contribution by the chief executive towards the supply, of works for alternative access for the relevant land; or
 - (b) the carrying out, or a contribution towards the carrying out, of other works in relation to the relevant land for the purpose of access for the land.

- (2) The application must be made—
 - (a) within 12 months after the establishment of busway transport infrastructure on busway land giving rise to the claim for compensation; or
 - (b) within a longer time agreed by the chief executive.
- (3) If, within 60 days after the person applies under subsection (1), or a longer time agreed between the person and the chief executive, no agreement has been reached between the person and the chief executive on the application—
 - (a) the person may apply to the Land Court for the compensation; or
 - (b) the chief executive may apply to the Land Court to have the compensation decided by the court.
- (4) The Land Court has jurisdiction to deal with an application made to it under subsection (3), including jurisdiction to require the chief executive to pay the person compensation decided by the court.

Chapter 10 Light rail and light rail transport infrastructure

Part 1 Preliminary

347 Ways of achieving light rail objectives

The objectives of this Act for light rail are intended to be achieved by—

- (a) developing and putting into effect light rail transport infrastructure strategies; and

- (b) establishing a legal framework to allow the construction, maintenance, management and operation of light rail transport infrastructure in an effective and efficient way.

Part 2 Chief executive's functions and powers

348 Functions

The chief executive has the following functions in relation to light rail, including a proposed light rail, and light rail transport infrastructure, including proposed light rail transport infrastructure—

- (a) investigating, planning, establishing, maintaining, managing or operating, or arranging for someone else to investigate, plan, establish, maintain, manage or operate;
- (b) providing or arranging for associated services or works necessary or convenient for effective and efficient construction, management and operation;
- (c) efficiently integrating with any transport infrastructure, including busway transport infrastructure;
- (d) providing for appropriate levels of safety in construction, management and operation;
- (e) doing other things that directly or indirectly—
 - (i) are likely to enhance the provision of light rail transport infrastructure and passenger services on light rail; or
 - (ii) are incidental or complementary to the performance of another function.

349 Authority to enter or temporarily occupy or use land

- (1) For the performance of a function under this chapter, the chief executive, or someone authorised in writing by the chief executive, may—
 - (a) do 1 or more of the following in relation to land—
 - (i) enter the land, whether or not for temporarily occupying or using the land;
 - (ii) temporarily occupy the land;
 - (iii) temporarily use the land; and
 - (b) do anything on the land necessary or convenient for the function, including, for example, for light rail transport infrastructure works.
- (2) However, the chief executive must not authorise a person to enter land under this section if the entry is a type of entry able to be authorised under an investigator's authority under chapter 11.

350 When land may be entered, occupied or used

- (1) This section applies if a person proposes to enter, occupy or use land under this part.
- (2) The person may enter, occupy or use the land without the permission of, or notice to, the owner or occupier of the land to perform urgent remedial work to facilitate or maintain the operation of light rail transport infrastructure.
- (3) However, the person must, if practicable, notify the occupier orally or in writing before entering the land.
- (4) If the entry, occupation or use is other than for the performance of urgent remedial work, the person may enter, occupy or use the land if the person—
 - (a) obtains the written permission of—
 - (i) each person who is an owner of the land; and
 - (ii) each person who is an occupier of the land; or

- (b) gives at least 7 days written notice to the occupier before the entry, occupation or use.
- (5) The notice under subsection (4)(b) must state—
 - (a) all works proposed to be performed; and
 - (b) all uses proposed to be made of the land; and
 - (c) details of anything else proposed to be done on the land; and
 - (d) the approximate period when occupation or use is expected to continue; and
 - (e) that an owner or occupier of the land may claim compensation from the chief executive for loss or damage caused by the entry, occupation or use.
- (6) A notice may be given under this section even though it is proposed to resume the land for light rail transport infrastructure.
- (7) Power to enter, occupy or use land under this part does not authorise entry, occupation or use of a structure on the land used solely for residential purposes without the permission of the occupier of the land.

351 Compensation

- (1) This section applies if land is entered, occupied or used under this part.
- (2) An owner or occupier of the land may claim compensation from the chief executive for loss or damage caused by the entry, occupation or use, including by the taking or consumption of materials.
- (3) However, compensation is payable only if written notice of the claim or proposed claim is given to the chief executive—
 - (a) after the loss or damage happens, but within 1 year after the entry, occupation or use ends; or
 - (b) at a later time allowed by the chief executive.

[s 352]

- (4) In the absence of agreement between the owner or occupier and the chief executive about the payment of compensation, payment of compensation may be claimed and ordered in a proceeding brought in the Land Court.
- (5) The Land Court may order compensation to be paid only if it is satisfied it is just to make the order in the circumstances of the particular case.
- (6) Compensation paid under this section for loss or damage caused to land must not be more than the compensation that would have been awarded if the land had been acquired.

Part 3 Establishment of light rail

352 Definition for pt 3

In this part—

road means a road under the *Land Act 1994*, but does not include a State-controlled road.

353 Declaration of land as light rail land

- (1) The Minister may, by gazette notice, declare land to be light rail land.
- (2) Land declared to be light rail land—
 - (a) must be—
 - (i) identified specifically in the gazette notice; or
 - (ii) identified generally in the gazette notice, and identified specifically in documents described in the gazette notice and available for perusal at an office of the department mentioned in the gazette notice; and

-
- (b) must consist only of land for a light rail and light rail transport infrastructure.
 - (3) The identification of land declared to be light rail land may, but need not, be by reference to strata occupied by the land.
 - (4) Land may be declared to be light rail land only if it is—
 - (a) land acquired by the State or the chief executive for light rail purposes or for a purpose, or combination of purposes, that includes light rail purposes; or
 - (b) land acquired by the State or the chief executive, other than land mentioned in paragraph (a), on which light rail transport infrastructure is located; or
 - (c) busway land, but only if it is the subject of a lease to the State under the *Land Act 1994*, section 17; or
 - (d) a road.
 - (5) In this section—
light rail purposes includes light rail transport infrastructure.

354 Effect on land of light rail declaration

- (1) If a road or a part of a road is declared under this part to be light rail land, the road or part—
 - (a) stops being a road; and
 - (b) becomes unallocated State land.
- (2) If a lot or a part of a lot under the *Land Title Act 1994* is declared under this part to be light rail land, the lot or part becomes unallocated State land.
- (3) If busway land is declared under this part to be light rail land—
 - (a) any lease of the land under the *Land Act 1994*, section 17 provided for under chapter 9 ends; and
 - (b) the land stops being busway land and becomes unallocated State land.

[s 355]

- (3A) If land, other than land mentioned in subsection (1), (2) or (3) or unallocated State land, is declared under this part to be light rail land, the land becomes unallocated State land.
- (4) Light rail land can not be declared under section 24 to be a State-controlled road.
- (5) The Governor in Council must lease light rail land that is unallocated State land to the State under the *Land Act 1994*, section 17.
- (6) The lease is in perpetuity and, if demanded, for a rent of \$1 a year.
- (7) The *Land Act 1994*, sections 157, 183, 204, 211 and 336(2)(a) and (c) do not apply to a lease or sublease of light rail land.

355 Sublease of lease of light rail land

- (1) The State may sublease its lease of light rail land to a light rail manager for a light rail established or proposed to be established on the light rail land on terms negotiated and agreed between the parties.
- (2) For the *Land Act 1994*, section 332(1)(b), the light rail manager is eligible to hold a sublease of the lease.
- (3) The first sublease under subsection (1) (the *original sublease*) may include an option to renew the sublease, and any subsequent sublease may in turn include an option to renew.
- (4) The terms of any option and any subsequent sublease are to be those negotiated and agreed between the parties.
- (5) The *Land Act 1994*, section 336(2)(a) does not apply to a document of amendment of the original sublease or any subsequent sublease.
- (6) If the light rail manager attaches light rail transport infrastructure to the land the subject of the original sublease or a subsequent sublease, the infrastructure immediately becomes the property of the chief executive unless the parties to the sublease agree it is to become the property of the chief executive at a later time.

-
- (7) Despite any agreement under subsection (6), the infrastructure, if it has not already become the property of the chief executive, becomes the property of the chief executive—
- (a) if there is no subsequent sublease—at the end of the original sublease; or
 - (b) if there is only 1 subsequent sublease—at the end of the subsequent sublease; or
 - (c) if there are 2 or more subsequent subleases—at the end of the last of the subsequent subleases.
- (8) Neither the original sublease nor any subsequent sublease stops being a sublease only because—
- (a) under part 4, land the subject of the sublease is taken to be a State-controlled road or a road under the control of a local government; or
 - (b) persons are expressly or impliedly permitted by the chief executive under this chapter to be on the subleased land.
- (9) This section does not stop the granting of a lease or sublease to a light rail manager for a light rail, other than under this section, of land that is not light rail land but on which there is, or is proposed to be, light rail transport infrastructure.
- (10) In this section—

light rail land means light rail land that is leased to the State under the *Land Act 1994*, section 17.

356 Development of light rail and light rail transport infrastructure

- (1) This section applies to the establishment of a light rail, including all investigating, planning, maintaining, managing, operating, and arranging for the light rail or for light rail transport infrastructure for the light rail.

[s 357]

- (2) Nothing in this chapter is intended to affect the operation of the *Integrated Planning Act 1997* to the extent that the establishment of the light rail is development under that Act.

Part 4 Management of light rail land and light rail transport infrastructure

Division 1 Transport infrastructure interaction

357 Altering road levels by a local government

- (1) The chief executive may require a local government having control of a road to alter the level of the road for—
- (a) light rail transport infrastructure works; or
 - (b) the management or operation of a light rail.
- (2) However, the chief executive—
- (a) must consult with the local government about the nature and extent of the alteration of the level of the road before the alteration is started; and
 - (b) subject to an agreement between the chief executive and the local government arising out of the consultation, pay all reasonable costs incurred by the local government in altering the road level.
- (3) The local government must comply with the chief executive's requirements.

358 Permitted construction by local government of roads over or under light rail land

- (1) Despite section 354(1), the chief executive may permit a local government to construct, maintain and operate a road located on light rail land, consisting of—
 - (a) a bridge or other structure allowing traffic to pass over the level at which light rail vehicles use the light rail land; or
 - (b) a structure allowing traffic to pass under the level at which light rail vehicles use the light rail land.
- (2) However, if there is a light rail manager for a light rail established on the light rail land, the chief executive must consult with the light rail manager before deciding whether to give the permission.
- (3) The permission may be given on reasonable conditions.
- (4) In deciding whether to give the permission, the chief executive must consider the limiting effect the use of the road is likely to have on the use of the light rail land for light rail passenger services.
- (5) While the bridge or other structure is being used for the road—
 - (a) none of the following has any duty or liability for the road or its use or operation—
 - (i) the chief executive;
 - (ii) if there is a light rail manager for a light rail established on the light rail land, the manager;
 - (iii) if there is a light rail operator for a light rail established on the light rail land, the operator; and
 - (b) the road is taken to be a road of which the local government has control under the *Local Government Act 1993*, section 901(1); and
 - (c) the road is taken to be a road under any Act about the use of vehicles on a road.

[s 359]

- (6) Unless the chief executive and the local government otherwise agree—
 - (a) the local government is responsible for maintaining the road and the bridge or other structure; and
 - (b) if the bridge or other structure stops being used for the road, the local government is responsible for the cost of taking the bridge or other structure away and of restoring the light rail land.

359 Designation of light rail land for use as road under local government control

- (1) Despite section 354(1), the chief executive may, by gazette notice, designate light rail land described in the notice as light rail land that is to be used as a road under a local government's control.
- (2) The chief executive must also—
 - (a) give a copy of the notice to the local government; and
 - (b) publish a copy of the notice in a newspaper circulating generally in the area of the light rail land.
- (3) If there is a light rail manager for a light rail established on the light rail land, the chief executive must consult with the light rail manager before designating the light rail land under the notice.
- (4) The land described in the notice must be land generally suitable for both of the following—
 - (a) use as a road;
 - (b) the operation of a light rail.
- (5) The notice may include directions with which the local government must comply, including directions about the local government's exercise of powers under the *Local Government Act 1993* for roads it controls.
- (6) However, the chief executive must consult with the local government before including any directions in the notice.

-
- (7) While the notice is in force, the land described in the notice is taken to be—
 - (a) a road of which the local government has control under the *Local Government Act 1993*, section 901(1); and
 - (b) a road under any Act about the use of vehicles on a road.
 - (8) However, in taking the necessary steps mentioned in the *Local Government Act 1993*, section 901(2), the local government must comply with all directions included in the notice, including the notice as amended from time to time.

360 Designation of light rail land for use as State-controlled road

- (1) Despite section 354(1), the Minister may, by gazette notice, designate light rail land described in the notice as light rail land to be used as a State-controlled road.
- (2) The Minister must also publish a copy of the notice in a newspaper circulating generally in the area of the light rail land.

interference, with access, includes loss or reduction of access.

light rail land means light rail land that, when declared under this chapter to be light rail land, was—

- (a) a road or part of a road; or
- (b) busway land.

379 No entitlement to compensation for particular matters

- (1) A person having an interest in land (the *relevant land*) has no entitlement at law, except to the extent this division provides, to compensation for a matter listed in subsection (2), to the extent the matter is caused by—
 - (a) the establishment of a light rail; or
 - (b) the establishment or proposed establishment of light rail transport infrastructure on light rail land; or
 - (c) the operation of a light rail on light rail land.
- (2) The matters are—

- (2) Subsection (1) applies only if—
 - (a) either of the following applies—
 - (i) the light rail land joins directly with the relevant land or with land (*access land*) giving access for the relevant land because of an easement or other right or interest;
 - (ii) the light rail land does not join directly with the relevant land or with access land, but it is possible to travel from the relevant land or access land to the light rail land by travelling only over road; and
 - (b) the practical effect of the interference is substantially greater in nature and extent than the practical effect of interference with access for the relevant land that might reasonably be expected to be experienced from time to time in changes to the operation of the road network; and
 - (c) the practical effect of the access interference is that there is a direct and substantial interference with practicable access for the relevant land compared with the practicable access existing for the relevant land before the establishment of the infrastructure.
- (3) The amount of the compensation is the amount by which the market value of the interest may fairly be said to have been reduced because of the interference now affecting the relevant land.
- (4) However, the compensation must not be more than the compensation that would have been awarded if the interest had been acquired.

381 Compensation of person in actual occupation for interference with enjoyment of land

- (1) A person is entitled to compensation if—
- (a) the person is in actual occupation of land (the *relevant land*) when the establishment of light rail transport infrastructure on light rail land (the *infrastructure*) is happening or when it is completed; and

 - (i) the light rail land joins directly with the relevant land or with land (*access land*) giving access for the relevant land because of an easement or other right or interest;
 - (ii) the light rail land does not join directly with the relevant land or with access land, but it is possible to travel from the relevant land or access land to the light rail land by travelling only over road; and
 - (b) the practical effect of the access interference is substantially greater in nature and extent than the practical effects of interference with access for the relevant land that might reasonably be expected to be experienced from time to time in changes to the operation of the road network; and
 - (c) the practical effect of the access interference is that there is a direct and substantial interference with practicable access for the relevant land compared with the practicable access existing for the relevant land before the infrastructure.

[s 382]

- (3) The amount of compensation is an amount fairly representing, in the particular circumstances—
 - (a) if the person is in occupation of the relevant land at any time during the establishment of the infrastructure—the reasonable cost to the person of the enjoyment interference during the establishment; and
 - (b) if the person is in occupation of the relevant land when the establishment of the infrastructure is completed—the reasonable cost to the person of the enjoyment interference, starting from when the establishment of the infrastructure is completed.
- (4) In calculating the compensation, no regard is to be had to the reduction in the market value of an interest the person may have in the relevant land.

382 Chief executive may supply or contribute to new access arrangements

- (1) The chief executive may, having regard to the establishment, or proposed establishment, of light rail transport infrastructure on light rail land, enter into an agreement with a person who is the owner or occupier of land (the *relevant land*) for—
 - (a) the supply by the chief executive, or a contribution by the chief executive towards the supply, of works for alternative access for the relevant land; or
 - (b) the carrying out, or a contribution towards the carrying out, of other works in relation to the relevant land for the purpose of access for the land.

 - (a) the person may apply to the Land Court for the compensation; or
 - (b) the chief executive may apply to the Land Court to have the compensation decided by the court.
- (4) The Land Court has jurisdiction to deal with an application made to it under subsection (3), including jurisdiction to require the chief executive to pay the person compensation decided by the court.

Chapter 14 Transporting dangerous goods by rail

Part 1 Introductory

439 Purposes of ch 14

The purposes of this chapter are—

- (a) to reduce risk arising from transporting dangerous goods by rail; and
- (b) to help create a substantially uniform national rail transport law about dangerous goods; and
- (c) to promote consistency between the regulation of the transport of dangerous goods by rail and by other modes of transport.

440 Application of ch 14

(1) This chapter—

- (a) applies only to the transportation of dangerous goods by rail; and
- (b) applies in addition to, and does not limit, any other provision of this Act or any other Act.

(2) However, this chapter does not apply to any of the following—

- (a) the transport of the following except if transported with other dangerous goods—
 - (i) radioactive substances under the *Radiation Safety Act 1999*;
 - (ii) explosives under the *Explosives Act 1999*;
- (b) the transport of dangerous goods if the total quantity of dangerous goods in a load on a rail vehicle is less than

-
- the quantity for which an inner package, as prescribed under a regulation, is required to be marked under the regulation;
- (c) the transport by a person of a load of dangerous goods by rail if—
- (i) the load does not contain dangerous goods—
 - (A) in a receptacle with a capacity that is more than a capacity prescribed under a regulation; or
 - (B) in a receptacle if the quantity of dangerous goods in the receptacle is more than the quantity prescribed under a regulation for the receptacle; and
 - (ii) the goods are not, and do not include, dangerous goods prescribed under a regulation as designated dangerous goods; and
 - (iii) the aggregate quantity of the dangerous goods in the load, as worked out under a regulation, is less than 25% of a load of dangerous goods that, under a regulation, is required to be placarded; and
 - (iv) the goods are not being transported by the person in the course of a business of transporting goods by rail.
- (3) Also, even if particular goods are prescribed under a regulation as dangerous goods, this chapter does not apply to the transport of the particular dangerous goods in a rail vehicle if—
- (a) the dangerous goods are in packaging that is—
 - (i) designed for, and forming part of, the fuel or electrical system of the rail vehicle propulsion engine or auxiliary engine; or
 - (ii) part of, and necessary for, the operation of an appliance, plant or refrigeration system forming part of or attached to the rail vehicle; or

[s 441]

- (b) the dangerous goods are in equipment carried in, fitted to or installed in the rail vehicle and designed for the safety or protection of an occupant of the rail vehicle, the rail vehicle or its load, including, for example, a fire extinguisher or self-contained breathing apparatus.
- (4) A requirement of this Act imposed because of this chapter does not apply to the transport by rail of dangerous goods to the extent the goods are transported by, or under the direction of, an authorised person or relevant emergency service officer to prevent a dangerous situation.

441 Ch 14 binds all persons

- (1D) A regulation may make provision in relation to an action taken or decision made by the competent authorities panel or a dangerous goods authority in relation to a matter considered by the competent authorities panel, including that the action or decision has effect in this jurisdiction as if it were an action or decision of the chief executive.

443 Exemptions

- (1) A person, or a representative of a class of person, may apply to the chief executive for an exemption from complying with a provision of a regulation about transporting dangerous goods by rail.
- (2) The chief executive may, on an application under subsection (1) or on the chief executive's own initiative, exempt a person

or a class of person from complying with the provision if satisfied—

- (a) it is not reasonably practicable for the person or class of person to comply with the provision; and
 - (b) granting the exemption—
 - (i) would not be likely to create a risk of a dangerous situation, greater than would be the case if the person or class of person did comply; and
 - (ii) would not cause unnecessary administrative or enforcement difficulties, particularly about maintaining national substantially uniform rail transport laws about dangerous goods.
- (3) If an exemption is given on conditions, the exemption operates only if the conditions are complied with.
- (4) A person operating under an exemption must comply with any conditions on which the exemption was granted.

Maximum penalty—100 penalty units or 6 months imprisonment.

- (5) If an application is made for an exemption and the chief executive grants the exemption, the chief executive must send to each applicant a notice stating—

Note—

A notice is not required when an exemption is granted on conditions.

- (8) A regulation may make provision in relation to applying for, and the giving of, exemptions under this Act.

- (3) It is also a ground for amending, suspending or cancelling an exemption if—
 - (a) public safety has been endangered, or is likely to be endangered because of the exemption; or
 - (b) the chief executive considers that if he or she were dealing with an application for the exemption again (a *notional application*), the chief executive would not be satisfied, as mentioned in section 443(2), in relation to the granting of the notional application; or
 - (c) the chief executive considers it necessary in the public interest.
- (4) It is also a ground for amending, suspending or cancelling an approval if—

[s 445]
