Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

relevant performance costs, for a scheme member for a period, are the costs incurred by the energy ombudsman during the period to perform the ombudsman's functions relating to the member, as worked out under the budget guidelines prepared under section 75 of the Act, in relation to dispute referrals made to the ombudsman for the member.

7 When invoiced supplementary fee is payable

- (1) The energy ombudsman must, before 31 March 2009—
 - (a) work out under section 8 the supplementary fee (the *invoiced supplementary fee*) payable by each energy entity who is a scheme member on 1 March 2009; and
 - (b) if any fee is payable, give the scheme member an invoice for the fee.
- (2) The invoiced supplementary fee is payable to the energy ombudsman office within 14 days after the scheme member receives the invoice.

8 Working out invoiced supplementary fee

- (1) This section provides for the working out of a scheme member's invoiced supplementary fee.
- (2) A scheme member's invoiced supplementary fee is worked out by applying the following formula—

$$\frac{C \times \$600000}{T}$$

where—

C means the scheme member's relevant performance costs for the relevant period.

T means the sum of the relevant performance costs relating to the relevant period for all scheme members who are scheme members on 1 March 2009.

 - (i) if the invoiced supplementary fee is greater than the actual supplementary fee—pay the scheme member the difference (the *positive figure*); or
 - (ii) if the invoiced supplementary fee is less than the actual supplementary fee—give the scheme member an invoice for the difference.
- (2) If subsection (1)(b)(ii) applies, the difference is payable to the energy ombudsman office within 14 days after the scheme member receives the invoice.
- (3) The scheme member is not entitled to, or to be credited for, interest on the positive figure.
- (4) For applying subsection (1)(b) for a scheme member who is not given an invoice to pay an invoiced supplementary fee before 31 March 2009, the invoiced supplementary fee is taken to be \$0.

Example of a scheme member who is not given an invoice to pay an invoiced supplementary fee—

an energy entity who becomes a scheme member during the assessed period

10 Working out actual supplementary fee

- (1) This section provides for the working out of a scheme member's actual supplementary fee.

- (2) A scheme member's actual supplementary fee is worked out by applying the following formula—

where—
