Information about this reprint

This Act is reprinted as at 1 July 2010. The reprint—

- shows the law as amended by all amendments that commenced on or before that day (Reprints Act 1992 s 5(c))
- incorporates all necessary consequential amendments, whether of punctuation, numbering or another kind (Reprints Act 1992 s 5(d)).

The reprint includes a reference to the law by which each amendment was made—see list of legislation and list of annotations in endnotes. Also see list of legislation for any uncommenced amendments.

This page is specific to this reprint. See previous reprints for information about earlier changes made under the Reprints Act 1992. A table of reprints is included in the endnotes.

Also see endnotes for information about—

- **when provisions commenced**
- **editorial changes made in earlier reprints.**

Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’). Variations of spelling will be updated in the next authorised reprint.

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

Revised edition indicates further material has affected existing material. For example—

- a correction
- a retrospective provision
- other relevant information.

Transport Operations (Road Use Management) Act 1995

[as amended by all amendments that commenced on or before 1 July 2010]

An Act about road management and other purposes related to transport

Chapter 1 Preliminary

1 Short title

This Act may be cited as the *Transport Operations (Road Use Management) Act 1995*.

3 Objectives

- (1) The overall objectives of this Act are, consistent with the objectives of the *Transport Planning and Coordination Act 1994*, to—
- (a) provide for the effective and efficient management of road use in the State; and
 - (b) provide a scheme for managing the use of the State's roads that will—
 - (i) promote the effective and efficient movement of people, goods and services; and
 - (ii) contribute to the strategic management of road infrastructure in ways consistent with the *Transport Infrastructure Act 1994*; and

[s 4]

- (iii) improve road safety and the environmental impact of road use in ways that contribute to overall transport effectiveness and efficiency; and
 - (iv) support a reasonable level of community access and mobility in support of government social justice objectives; and
 - (c) provide for the effective and efficient management of vehicle use in a public place.
- (2) This Act establishes a scheme to allow—
 - (a) identification of vehicles, drivers and road users; and
 - (b) establishment of performance standards for vehicles, drivers and road users; and
 - (c) establishment of rules for on-road behaviour; and
 - (d) monitoring of compliance with this Act, including by using alternative compliance schemes; and
 - (e) management of non-performing vehicles, drivers and road users; and
 - (f) control of access to the road network, or parts of the road network, for vehicles, drivers and road users; and
 - (g) management of traffic to enhance safety and transport efficiency.

4 Achieving an appropriate balance between safety and cost

- (1) Although it may be possible to regulate to achieve the highest level of safety, doing so would ignore the impact of the regulation on the effectiveness and efficiency of road use.
- (2) Therefore, this Act acknowledges the need to achieve an appropriate balance between safety, and the costs that regulation imposes on road users and the community.

5 Definitions—the dictionary

- (1) A dictionary in schedule 4 defines particular words used in this Act.
- (2) Definitions found elsewhere in the Act are signposted in the dictionary.

6 Act binds everyone, including government entities

- (1) In this section—
government entity includes—
 - (a) the State, the Commonwealth or another State; or
 - (b) an instrumentality or agent of the State, the Commonwealth or another State.
- (2) This Act binds everyone, including every government entity.
- (3) However, a regulation may exempt a government entity from this Act or a provision of this Act.

Chapter 2 Responsibilities for road use management strategies and programs

Part 1 Road use management strategies

7 Development of strategies

- (1) The chief executive must, from time to time, develop for the Minister's approval a road use management strategy designed to give effect to the transport coordination plan in accordance with this Act's objectives.

[s 8]

- (2) In developing a road use management strategy, the chief executive must take reasonable steps to engage in public consultation.
- (3) The Minister may, at any time, direct the chief executive—
 - (a) to prepare a new road use management strategy for the Minister's approval; or
 - (b) to amend a road use management strategy.
- (4) The Minister may—
 - (a) approve a road use management strategy submitted for approval; or
 - (b) require the chief executive to amend a road use management strategy submitted for approval.

8 Contents of strategies

- (1) A road use management strategy must include—
 - (a) a statement of the specific objectives to be achieved; and
 - (b) road use management initiatives; and
 - (c) criteria for deciding priorities for government spending on road use management initiatives; and
 - (d) appropriate performance indicators for deciding whether, and to what extent, the strategy's objectives have been achieved.
- (2) A road use management strategy must aim to provide an adequate framework for coordinating and integrating road use management policies as between the different transport modes and levels of government.
- (3) A road use management strategy may also take into account agreements about transport between the State and the Commonwealth, a local government or another State.
- (4) A road use management strategy for the TransLink area under the *Transport Operations (TransLink Transit Authority) Act*

2008 must not be inconsistent with, and must give effect to any integrated regional transport plan in force for the area.

9 Tabling of strategies

The Minister must table a copy of each road use management strategy, and each amendment of a road use management strategy, approved by the Minister in the Legislative Assembly within 5 sitting days after it is approved.

Part 2 Road use implementation programs

10 Development of programs

- (1) Before the start of each financial year, the chief executive must develop, for the Minister's approval, a road use implementation program for the year and for 1 or more later years.
- (2) A road use implementation program must include—
 - (a) a statement of the policies, projects and financial provisions for implementing the road use management strategy; and
 - (b) a statement of the performance targets to be achieved.
- (3) A road use implementation program may include a proposal to spend an amount not directly related to road use, if the proposal would contribute to the effectiveness and efficiency of road use management.
- (4) In developing a road use implementation program, the chief executive must take reasonable steps to engage in public consultation.

[s 11]

- (5) A road use implementation program must be made available to the public in the way decided by the Minister.
- (6) The Minister may, at any time, direct the chief executive to amend a road use implementation program.
- (7) The Minister may—
 - (a) approve a road use implementation program submitted for approval; or
 - (b) require the chief executive to amend a road use implementation program submitted for approval.

11 Consistency with strategies

- (1) Subject to the Minister's directions, a road use implementation program must be consistent with a road use management strategy.
- (2) If the Minister's directions result in a road use implementation program being inconsistent with a road use management strategy, the Minister must table a copy of the directions in the Legislative Assembly within 5 sitting days after they are given.

12 Report on operation of programs

Each annual report of the department must include a report on the implementation of the road use implementation program during the year of the report.

Part 3 Guidelines

13 Guidelines

- (1) This section applies to the Minister and chief executive in developing and implementing policies about road use management, and in exercising powers under this Act.
- (2) The Minister and chief executive must endeavour to—
 - (a) achieve an appropriate balance between safety, and the costs that regulation imposes on road users and the community; and
 - (b) establish the benefits and costs of policy alternatives; and
 - (c) take account of national and international benchmarks and best practice; and
 - (d) promote efficiency, affordable quality and cost-effectiveness; and
 - (e) ensure competition is not unjustifiably restricted; and
 - (f) ensure accountability for, and transparency of, decisions affecting road use.
- (3) Each annual report of the department must include a report on how effect has been given to this section during the year of the report.

Part 4 Objectives

14 Objectives

- (1) The following objectives are, as far as practicable, to be applied by anyone wanting to encourage a high level of road user performance and compliance with this Act—

[s 15]

- (a) information about their obligations under this Act should be made available to road users;
 - (b) voluntary compliance should be sought in preference to enforcement;
 - (c) enforcement should be aimed primarily at deterring noncompliance by road users;
 - (d) enforcement strategies should, accordingly, try to increase road users' perceptions of the risk of being detected if they offend;
 - (e) measures aimed at encouraging compliance should—
 - (i) target the road users who are least likely to comply with this Act; and
 - (ii) try to avoid imposing costs on the road users who are likely to comply voluntarily;
 - (f) appropriate alternative compliance schemes should be used as a way of demonstrating compliance.
- (2) Preventing the continued commission of offences and imposing appropriate penalties should be seen as objectives that support the other objectives in subsection (1).

Chapter 3 Road user performance and compliance

Part 1 Alternative compliance

15 Alternative ways of complying with Act

- (1) A person who operates a vehicle (an *operator*) may apply to the chief executive for approval of a scheme (an *alternative*

- (2) The regulation must prescribe the purpose of the prescribed provision.
- (3) An application for approval of an alternative compliance scheme must be in writing.
- (4) The chief executive may approve an alternative compliance scheme only if satisfied it provides an effective way of demonstrating the operator's vehicles, or drivers operating under it in Queensland, achieve the prescribed purpose.
- (5) The chief executive may approve the scheme by written notice to the operator.
- (6) The approval may be given on conditions stated in it and operates for the period stated in it.

 - (ii) for an interstate scheme—the approval under a corresponding law to this chapter is amended, suspended or cancelled;
- (f) for a permit under section 111(1)(a)—the holder’s ability to walk is no longer impaired;
- (g) for an approval that exempts a person from complying with a provision of this Act—
 - (i) public safety has been endangered, or is likely to be endangered because of the approval; or
 - (ii) transport infrastructure within the meaning of the *Transport Infrastructure Act 1994* has been damaged, or is likely to be damaged because of the approval;

 - (i) for an approval that is an accreditation or exemption granted under a fatigue management regulation or a dangerous goods driver licence—the person to whom the accreditation, exemption or licence is granted or applies no longer satisfies the criteria, however described, under the regulation for the approval;
 - (j) for an approval that is an exemption granted under a fatigue management regulation—
 - (i) a change in circumstances has happened after the exemption was granted; and
 - (ii) had the changed circumstances existed when the exemption was granted, the exemption would not have been granted under the regulation because of the requirements under the regulation applying to the grant;
 - (k) for an approval prescribed under a dangerous goods regulation as an approval for this paragraph—
 - (i) a change in circumstances has happened after the approval was granted; and
 - (ii) had the changed circumstances existed when the approval was granted, the approval would not have been granted under the regulation because of the requirements under the regulation applying to the grant;
 - (l) for an approval prescribed under a dangerous goods regulation as an approval for this paragraph—the holder has contravened this Act or a corresponding law and the contravention makes the holder unsuitable to continue to hold the approval;
 - (m) for an approval that is a dangerous goods driver licence—the holder is suffering from a medical condition or has a physical or mental incapacity, that

[s 19]

makes the holder unsuitable to continue to hold the licence;

dangerous goods vehicle licence means a licence, as prescribed under a dangerous goods regulation, of a dangerous goods vehicle.

operator see section 15(1).

19 Procedure for amending, suspending or cancelling approvals

- (1) If the chief executive considers a ground exists to amend, suspend or cancel an approval, (the *proposed action*), the chief executive must give the holder written notice—
 - (a) stating the proposed action; and
 - (b) stating the ground for the proposed action; and
 - (c) outlining the facts and circumstances forming the basis for the ground; and
 - (d) if the proposed action is to amend the approval (including a condition of the approval)—stating the proposed amendment; and
 - (e) if the proposed action is to suspend the approval—stating the proposed suspension period; and
 - (f) inviting the holder to show (within a stated time of at least 28 days) why the proposed action should not be taken.

-
- (2) If, after considering all written representations made within the stated time, the chief executive still considers a ground exists to take the proposed action, the chief executive may—
- (a) if the proposed action was to amend the approval—amend the approval; or
 - (b) if the proposed action was to suspend the approval—suspend the approval for no longer than the period stated in the notice; or
 - (c) if the proposed action was to cancel the approval—
 - (i) amend the approval; or
 - (ii) suspend the approval for a period, including on the condition that—
 - (A) if the grounds for taking action under this section are capable of being remedied by the holder, the holder remedy the grounds to the chief executive’s reasonable satisfaction within a reasonable time before the suspension period ends; and
 - (B) if the holder fails to remedy the grounds in accordance with subparagraph (A), the chief executive may cancel the approval under section 19A; or
 - (iii) cancel the approval.
- (3) The chief executive must give the holder a written notice about the decision (***subsection (3) notice***).
- (4) The decision takes effect on the later of the following—
- (a) the day the subsection (3) notice is given to the holder;
 - (b) the day stated in the subsection (3) notice.
- (5) However, despite subsection (1), if the chief executive considers it necessary in the public interest, the chief executive may, by written notice (***immediate suspension notice***) given to the holder, immediately suspend the approval until the earliest of the following—

[s 19A]

- (a) the chief executive, after complying with subsections (1) and (2), gives the holder a subsection (3) notice;
 - (b) the end of 56 days after the day the immediate suspension notice is given to the holder.
- (6) A subsection (3) notice, or an immediate suspension notice, must state—
- (a) the reasons for the decision for which the notice is given; and
 - (b) the prescribed review information for the decision.
- (7) If a subsection (3) notice is given about a decision to suspend an approval on the condition mentioned in subsection (2)(c)(ii), the subsection (3) notice must also state that the approval may be cancelled under section 19A if the holder fails to comply with the condition.
- (8) Subsections (1) to (7) do not apply—
- (a) if the chief executive proposes to amend the approval only—
 - (i) for a formal or clerical reason; or
 - (ii) in another way that does not adversely affect the holder's interests; or
 - (b) if the holder asks the chief executive to amend or cancel the approval and the chief executive proposes to give effect to the request.
- (9) The chief executive may amend or cancel an approval under subsection (8) by written notice given to the holder.

19A Cancelling suspended approval for failing to take remedial action

- (1) This section applies if the chief executive—
- (a) suspends an approval on the condition mentioned in section 19(2)(c)(ii); and

-
- (b) reasonably believes the holder has failed to comply with the condition.
 - (2) The chief executive may by written notice given to the holder cancel the approval.
 - (3) The notice must state—
 - (a) the reasons for the decision to cancel the approval; and
 - (b) the prescribed review information for the decision.
 - (4) The cancellation takes effect on the later of the following—
 - (a) the day the notice is given to the holder;
 - (b) the day stated in the notice.

19B Application of ss 18–19A to corresponding approvals

- (1) Sections 18 to 19A apply to a corresponding approval as if—
 - (a) each reference in the sections to an approval included a reference to a corresponding approval; and
 - (b) each reference in the sections to an approval of a particular type included a reference to a corresponding approval of the same type.

Example for paragraph (b)—

The reference in section 18(1)(i) to an approval that is an accreditation or exemption granted under a fatigue management regulation includes a reference to a corresponding approval that is an accreditation or exemption of the same type as the accreditation or exemption granted under the fatigue management regulation.

- (2) However, if the chief executive amends, suspends or cancels a corresponding approval under section 19 or 19A, the amendment, suspension or cancellation applies only to the extent to which the corresponding approval has effect in Queensland under section 168A or 168AA.

Example for subsection (2)—

If the chief executive suspends a corresponding approval granted in Victoria under a corresponding law to the fatigue management

[s 19C]

regulation, the suspension only applies to the extent to which the corresponding approval has effect in Queensland under section 168A. The suspension does not apply to the effect of the corresponding approval in Victoria or any other State.

(3) In this section—

corresponding approval means an approval of a type to which this part applies that—

- (a) is given or granted by a corresponding authority under or in connection with a corresponding law to a transport Act; and
- (b) has effect in Queensland under section 168A or 168AA.

19C Automatic suspension of particular licences under dangerous goods regulation

- (1) If the driver licence of the holder of a dangerous goods driver licence is no longer in force under this Act or a corresponding law, the dangerous goods driver licence is suspended.
- (2) If a dangerous goods vehicle is no longer registered under this Act or a corresponding law, the dangerous goods vehicle licence is suspended.
- (3) Section 19 does not apply to a suspension under this section.
- (4) In this section—

dangerous goods driver licence means a licence, as prescribed under a dangerous goods regulation, to drive a dangerous goods vehicle.

dangerous goods vehicle licence means a licence, as prescribed under a dangerous goods regulation, of a dangerous goods vehicle.

driver licence does not include a dangerous goods driver licence.

- (2) The chief executive may appoint any of the following persons to be an authorised officer—
 - (a) officers and employees of the public service;
 - (b) other persons prescribed under a regulation.
- (3) The chief executive may appoint a person as an authorised officer only if satisfied the person has the necessary expertise to be an authorised officer.
- (4) A provision of part 3 that corresponds to a provision of the *Police Powers and Responsibilities Act 2000* does not apply to an authorised officer who is a police officer.

21 **Appointment of accredited persons**

- (1) The chief executive may appoint a person to be an accredited person to perform functions prescribed under a regulation only if satisfied the person has the necessary expertise to be an accredited person to perform the functions.
- (2) A regulation may provide for accreditation documents for accredited persons.

22 **Powers**

- (3) In making a decision about the application, the chief executive must—
 - (a) have regard to the section 79E order; and

Examples—

- 1 D is charged with a drink driving offence. Before the court hears that charge D is charged again with a drink driving offence. The court convicts D of both offences and disqualifies D for a period of 2 months for 1 offence and a period of 4 months for the other offence. The total period of disqualification is 6 months.
- 2 D commits a drink driving offence on 25 December 2008 and commits another drink driving offence on 1 January 2009. A court convicts D of the 1 January offence on 2 January 2009 and disqualifies D for a period of 2 months. - (2) Subsection (3) applies if, when the person does the act that results in the person being charged with the designated offence, the person does not hold a driver licence authorising the person to drive the motor vehicle on the road but is not disqualified—

 - (c) the order in which the periods of disqualification are imposed or ordered.
- (2) Also, for sections 90B and 90C, periods of disqualification mentioned in the sections take effect cumulatively with other periods of disqualification mentioned in the sections in the order in which they are imposed or ordered.

- (5) Such notice shall, if practicable, be served upon the owner personally, but if it is not so served within 14 days from the date of such removal it may be given by public advertisement in a newspaper circulating in the locality in which the vehicle, tram or animal was found.
- (6) If within 1 month from the date of service or advertisement of such notice the owner of the vehicle, tram or animal or a person acting on the owner's behalf or a person claiming a right to the possession of the vehicle, tram or animal, has not obtained possession of the vehicle, tram or animal in

accordance with the provisions of subsection (10), the chief executive officer of the local government may—

Example of subsection (4)(b)—

- (5) Subsection (4)(a) does not limit the matters that may be indicated on an official traffic sign mentioned in subsection (4)(b).
- (6) A person parking anywhere within a traffic area is taken to have notice of the contents of the official traffic sign installed at the road entries to the traffic area.

[s 103]

- (7) If an official traffic sign is installed at or near a place so that a person parking at the place is likely to see the sign, the person is taken to have notice of the contents of the sign.
- (9) This section does not limit a local government's power to install an official traffic sign under a provision other than this part or under another law.

[s 105]

- (2) Land controlled by the chief executive or a local government includes land over which the chief executive or local government may exercise control for the purposes of this part under an arrangement with a person who owns, or has an interest in, the land.

Example—

The chief executive may, under an arrangement with the owner of a shopping centre, regulate the use of the shopping centre's public parking area that has been specified to be an off-street regulated parking area under a regulation.

 - (b) for a time longer than the maximum time indicated on the official traffic sign installed for the space; or
 - (c) if another vehicle is parked in the space; or
 - (d) so that the vehicle is not wholly within the space, unless the vehicle—

 - (b) it is otherwise necessary in the public interest.
- (2) Without limiting the chief executive's powers under subsection (1), it is enough to immediately suspend a crossing supervisor's authority if—
- (a) a person complains to a police officer about the crossing supervisor's conduct and the chief executive reasonably believes—
 - (i) the complaint is not trivial, vexatious or otherwise lacking in substance; and
 - (ii) the alleged conduct complained of justifies taking action under subsection (1); or

 - (a) takes effect on the day the notice is given to the crossing supervisor; and
 - (b) has effect until—

122P Other amendments of authorities

- (1) This section applies only if the chief executive proposes to amend a crossing supervisor's authority—
 - (a) for a formal or clerical reason; or
 - (b) in another way that does not adversely affect the crossing supervisor's interests; or

- (4) Suspension under this Act of any licence—
- (a) shall, whilst such licence is so suspended, have the same effect as the cancellation of the licence; and
 - (b) shall, whilst such licence is so suspended, disqualify the person who held that licence from holding or obtaining a licence of the same kind, class, or description; and

-
- (c) (if the period of such suspension is less than the period during which that licence ordinarily would have remained in force) shall not, upon the termination of that suspension, extend the period during which that licence thereafter remains in force beyond the period during which that licence would have remained in force if it had not been so suspended.
- (5) Any cancellation or suspension of a Queensland driver licence shall apply and extend to such licence and to every other Queensland driver licence authorising the person in question to drive any vehicle.

128 Effect of disqualification on subsequent issue of Queensland driver licence

Where the Queensland driver licence of a person is cancelled or deemed to be cancelled in accordance with the provisions of section 127 and that person subsequently makes application for a Queensland driver licence (other than a learner licence or a restricted licence applied for pursuant to an order made under section 87), the superintendent may cause the person to be tested as prescribed and issue a probationary licence to the person.

[s 129A]

during which the licence would, apart from the suspension, have remained in force.

 - (a) the stated period is extended by the length of the period for which the licence is suspended under the *State Penalties Enforcement Act 1999*; and
 - (b) the period of the suspension does not break the continuous period for which the person must hold the licence.
- (4) If the period of the licence expires before the period of the suspension ends, the person must not apply for or obtain a Queensland driver licence until—
 - (a) the person pays the amount stated in the enforcement order under the *State Penalties Enforcement Act 1999* as the amount owing for the offence for which the licence was suspended; or
 - (b) the amount is otherwise discharged under that Act.

Maximum penalty—20 penalty units or 18 months imprisonment.

- (5) A suspension of a driver licence under the *State Penalties Enforcement Act 1999* also suspends any other driver licence authorising the person in question to drive a vehicle.
- (6) A person must not apply for or obtain a Queensland driver licence while the person's licence is suspended under the *State Penalties Enforcement Act 1999* or a corresponding law of another State.

Maximum penalty for subsection (6)—20 penalty units or 18 months imprisonment.

 - (b) where any person has not been so appointed by the regulations and—
 - (i) where such licence is cancelled consequent on a conviction on indictment, or by or consequent on an order made by a judge of the Supreme Court or District Court—to the registrar of the Supreme Court, Circuit Court, or District Court which recorded the conviction or made the order; or

[s 130]

- (ii) where such licence is cancelled consequent on a conviction, or by or consequent on an order, by justices—to the clerk of the court which recorded the conviction or made the order; or

- (5) Where any person (whether the person is at the time the holder of a licence or not) has been disqualified—
 - (a) by this Act; or

- (b) by an order made under this or any other Act;
from holding or obtaining any licence (other than a Queensland driver licence), every licence of that kind, class, or description which the person may then hold or may subsequently obtain shall be endorsed with such particulars relating to the person's disqualification as may be prescribed.
- (6) On the issue of a new licence (other than a Queensland driver licence) to any person, the prescribed particulars endorsed or required to be endorsed on any previous licence of that kind, class, or description held by the person shall be copied or made on to the new licence unless the person has previously become entitled under the provisions of this Act to have that new licence issued to the person free from such endorsements.
- (7) Any person who, having failed to deliver in accordance with this Act for endorsement the person's licence required hereby to be delivered for the purpose of making an endorsement thereon hereunder and not previously becoming entitled under the provisions of this Act to have a licence issued to the person free from such endorsement, applies for or obtains a new licence of the same kind, class, or description as that which was required to be endorsed without giving sufficient particulars to enable any and every required endorsement to be made on the new licence shall be guilty of an offence.

- (1BB) If the reason, or 1 of the reasons, for the suspension or cancellation of the licence is the licence holder's mental or physical incapacity, QCAT can not make an order staying the operation of the suspension or cancellation.
- (1C) Subsections (1AA) to (1BB) must be read and construed so that a review does not lie under subsection (1AA)—

- (b) requires anyone who schedules the activities of a heavy vehicle, or its driver, to take reasonable steps to ensure the schedule of the vehicle and the driver does not cause the driver to exceed speed limits; and
 - (c) requires heavy vehicle loading managers to take reasonable steps to ensure the loading or unloading arrangements for a heavy vehicle do not cause the driver to exceed speed limits; and
 - (d) requires particular persons who consign goods for transport by a heavy vehicle, or who receive the goods, to take reasonable steps to ensure the terms of consignment of the goods do not cause drivers to exceed speed limits; and
 - (e) prohibits anyone from asking a driver to exceed speed limits and from entering into an agreement that causes a driver to exceed speed limits.

163AC Definitions for ch 5D
