Information about this reprint

This reprint shows the legislation current as at the date on the cover and is authorised by the Parliamentary Counsel.

A new reprint of the legislation will be prepared by the Office of the Queensland Parliamentary Counsel when any change to the legislation takes effect. This change may be because a provision of the original legislation, or an amendment to it, commences or because a particular provision of the legislation expires or is repealed.

When a new reprint is prepared, this reprint will become a historical reprint. Also, if it is necessary to replace this reprint before a new reprint is prepared, for example, to include amendments with a retrospective commencement, an appropriate note would be included on the cover of the replacement reprint and on the copy of this reprint at www.legislation.qld.gov.au.

The endnotes to this reprint contain detailed information about the legislation and reprint. For example—

- The table of reprints endnote lists any previous reprints and, for this reprint, gives details of any discretionary editorial powers under the *Reprints Act 1992* used by the Office of the Queensland Parliamentary Counsel in preparing it.
- The list of legislation endnote gives historical information about the original legislation and the legislation which amended it. It also gives details of uncommenced amendments to this legislation. For information about possible amendments to the legislation by Bills introduced in Parliament, see the Queensland Legislation Current Annotations at www.legislation.qld.gov.au/Leg_Info/information.htm.
- The list of annotations endnote gives historical information at section level.

All Queensland reprints are dated and authorised by the Parliamentary Counsel. The previous numbering system and distinctions between printed and electronic reprints are not continued.

Transport Operations (Marine Safety) Act 1994

[as amended by all amendments that commenced on or before 2 November 2013]

An Act about marine safety and other matters

Part 1 Preliminary

Division 1 Introduction

1 Short title

This Act may be cited as the *Transport Operations (Marine Safety) Act 1994*.

Division 2 Objectives of Act

3 Objectives of this Act

- (1) The overall primary objective of this Act is, consistent with the objectives of the *Transport Planning and Coordination Act 1994*, to provide a system that achieves an appropriate balance between—
 - (a) regulating the maritime industry to ensure marine safety; and
 - (b) enabling the effectiveness and efficiency of the Queensland maritime industry to be further developed.
- (2) In particular, the objectives of this Act are—
 - (a) to allow the Government to have a strategic overview of marine safety and related marine operational issues; and

[s 4]

- (b) to establish a system under which—
 - (i) marine safety and related marine operational issues can be effectively planned and efficiently managed; and
 - (ii) influence can be exercised over marine safety and related marine operational issues in a way that contributes to overall transport efficiency; and
 - (iii) account is taken of the need to provide adequate levels of safety with an appropriate balance between safety and cost.
- (3) These objectives are to be achieved mainly by imposing general safety obligations to ensure seaworthiness and other aspects of marine safety, and allowing a general safety obligation to be discharged by complying with relevant standards or in other appropriate ways chosen by the person on whom the obligation is imposed.
- (4) In particular, a ship may be taken to sufficiently comply with the general safety obligation even though a certificate of survey has not been issued for the ship.
- (5) A further objective of this Act is to manage the operation and activities of ships.
- (6) The objectives of the Act, and how they are achieved, are further explained in part 3 (How to understand this Act).

Division 3 Interpretation and basic concepts

4 Dictionary

The dictionary in the schedule defines particular words used in this Act.

5 Meaning of *certificate of compliance*

- (1) A *certificate of compliance* for a ship is a certificate issued for the ship, or a part of the ship, under a regulation by an accredited ship designer, ship builder or marine surveyor.
- (2) A certificate of compliance issued for a ship, or a part of a ship, by an accredited ship designer, ship builder or marine surveyor must include a declaration to the effect of the appropriate declaration prescribed by regulation about the ship's seaworthiness.
- (3) A regulation may require or permit a certificate of compliance issued for a ship, or a part of a ship, to deal with other issues about the ship's condition that affects marine safety, including, for example, a declaration about compliance with specified standards and specified provisions of specified standards.

6 Meaning of ship *connected with Queensland*

A ship is *connected with Queensland* if—

- (a) it is registered under the *Shipping Registration Act 1981* (Cwlth) with a home port in Queensland; or
- (b) it is, or is required to be, registered or licensed under this or another Act; or
- (c) it is owned or chartered by—
 - (i) an individual whose place of residence, or principal place of residence, is in Queensland; or
 - (ii) a person whose place of business, or principal place of business, is in Queensland; or
 - (iii) a person whose principal place of business for managing the ship's operations is in Queensland; or
- (d) it is a ship declared by regulation to be a ship connected with Queensland.

[s 7]

7 Meaning of *master*

- (1) The master of a ship is the person having command or charge of the ship.
- (2) A pilot having the conduct of a ship, but not belonging to the ship, is not the master of the ship.

8 Meaning of *operates a ship*

- (2) The *owner* of a ship includes a person who—
 - (a) exercises, or purports to exercise, powers of the owner; and
 - (b) operates the ship or causes or allows it to be operated by someone else.

Example 1—

If a ship's owner lives outside Queensland, and the owner appoints an agent in Queensland to exercise the owner's powers and operate the ship, the agent is an owner of the ship.

Example 2—

If, under a charter, a person has exclusive possession of a ship and may operate the ship, the person is an owner of the ship.

Example 3—

If a bank becomes the mortgagee in possession of a ship and operates it, the bank is an owner of the ship.

 - (b) a hovercraft or other surface effect craft.
 - (4) A **ship** does not include a vessel declared by regulation not to be a ship.
 - (5) A regulation may provide that a ship includes an aircraft when it is on water or is taking off, or landing on, water.
 - (6) Except as provided by a regulation under subsection (5), a ship does not include an aircraft.
 - (7) A reference to a ship includes the ship's equipment.

10A Meaning of *commercial ship*, *fishing ship* and *recreational ship*, and related provision

- (1) A **commercial ship** is—
 - (a) a ship other than a fishing ship or recreational ship; or
 - (b) a tender to a ship other than a fishing ship or recreational ship.
- (2) A **fishing ship** is—
 - (a) a ship authorised, under an authority under the *Fisheries Act 1994*, for fishing purposes; or
 - (b) a ship authorised, under a development permit under the *Sustainable Planning Act 2009*, for aquaculture purposes; or
 - (c) a ship that is a boat for which a licence has been granted under the *Fisheries Management Act 1991* (Cwlth) or the *Torres Strait Fisheries Act 1984* (Cwlth); or

[s 11]

- (d) a tender to a ship mentioned in paragraph (a), (b) or (c).
- (3) A *recreational ship* is—
 - (a) a ship used only for private recreation; or
 - (b) a tender to a ship used only for private recreation.
- (4) For subsection (3), a regulation may provide for deciding if a ship is used only for private recreation.

Division 4 Application of Act

11 General application of Act to ships

- (1) This Act applies to the following ships—
 - (a) all ships connected with Queensland, wherever they may be, including while they are outside Queensland waters;
 - (b) all ships in a pilotage area or port;
 - (c) all ships on Queensland intrastate voyages, including while they are outside Queensland waters;
 - (d) all ships on interstate voyages while they are in Queensland waters;
 - (e) all ships on overseas voyages while they are in Queensland waters.
- (2) Subsection (1) is subject to this division.
- (3) For the purposes of this section, a ship is taken to be on a voyage from when it gets under way for the voyage until it gets under way for another voyage.

12 Relationship with Commonwealth Navigation Act generally

- (1) This Act does not apply to a ship to the extent that the Commonwealth Navigation Act applies to the ship.

-
- (2) However, if the Commonwealth Navigation Act provides that it does not apply to a matter if a State Act deals with the matter and this Act makes provision for the matter, this Act applies to the ship to the extent of the provision made for the matter.

13 Aids to navigation—relationship with Commonwealth Acts

This Act does not apply to an aid to navigation to the extent to which the Commonwealth Navigation Act or another Commonwealth Act applies to the aid to navigation.

15 Section 11 subject to certain provisions

- (1) The provisions of this Act to which section 11 (General application of Act to ships) is subject include the following provisions—
- section 55 (Application) (that deals with the application of part 5 (Registration, licensing, permits and accreditation))
 - section 98 (Application of part) (that deals with the application of part 8 (Pilots))
 - section 187 (Application of division) (that deals with the application of part 14 (Orderly control over ships), division 2 (Passenger carrying ships)).
- (2) Section 11 is also subject to a regulation that expressly excludes the application of this section, in whole or in part.

16 Defence ships

- (1) This Act does not apply to a ship belonging to—
- (a) the Australian Defence Force; or
 - (b) the naval, military or air forces of a foreign country.

[s 17]

- (2) However, if the master of a ship mentioned in subsection (1) voluntarily uses the services of a pilot, the master and owner of the ship are liable for pilotage fees under this Act.

Division 5 Operation of Act

17 Act binds all persons

This Act binds all persons, including the State and, so far as the legislative power of the Parliament permits, the Commonwealth, the other States and the Territories.

18 Exemption of person or ship from Act

- (1) A regulation may exempt a person or ship from this Act or any of its provisions.
- (2) The exemption may be given on specified conditions.
- (3) If an exemption is given on conditions, the exemption operates only if the conditions are complied with.

18A Exempting of person or ship from regulatory provision

- (1) The general manager may exempt a person or ship from a provision of a regulation or a speed limit fixed under section 206A or 206AA (a *regulatory provision*).
- (2) The general manager must consider all relevant matters in deciding whether or not to give an exemption, including, for example, the following—
 - (a) whether the regulatory provision has been substantially complied with;
 - (b) whether compliance with the regulatory provision is unnecessary in the particular circumstances;
 - (c) whether the action taken or proposed to be taken for the matter that is the subject of the exemption is as effective

as, or more effective than, compliance with the regulatory provision.

- (3) However, the general manager may give an exemption only if the general manager is satisfied giving it will not adversely affect marine safety or the effectiveness and efficiency of the Queensland maritime industry.
- (4) If an exemption is given on conditions, the exemption operates only if the conditions are complied with.
- (5) The general manager must, as soon as is practicable after giving an exemption, give notice of it in the gazette.
- (6) The notice must state the following—
 - (a) the person or ship the exemption is given for;
 - (b) the regulatory provision from which the exemption is given;
 - (c) any conditions on which the exemption is given;
 - (d) any other details the general manager considers relevant.
- (7) The *Statutory Instruments Act 1992*, sections 24 to 26 apply to an exemption as if it were a regulation.
- (8) A regulation may regulate the giving of an exemption.

Part 2 Marine safety strategies

Division 1 Development and approval of strategies

19 Development of marine safety strategies

- (1) The chief executive must, from time to time, develop for the Minister's approval strategies for marine safety that are designed to give effect to the coordination plan in relation to marine safety in accordance with the objectives of this Act.

[s 20]

- (2) In developing marine safety strategies, the chief executive must take reasonable steps to engage in public consultation.
- (3) The Minister may, at any time, direct the chief executive to prepare new marine safety strategies for the Minister's approval or to amend marine safety strategies in the way the Minister directs.
- (4) The Minister may approve marine safety strategies that are submitted for approval or require the chief executive to amend the strategies in the way the Minister directs.
- (5) In this section—

coordination plan means the Transport Coordination Plan developed under the *Transport Planning and Coordination Act 1994*.

20 Contents of marine safety strategies

- (1) Marine safety strategies must include—
 - (a) a statement of the specific objectives sought to be achieved; and
 - (b) proposals for the provision of marine safety and related marine operational initiatives; and
 - (c) investment criteria for deciding priorities for government supported marine safety and related marine operational initiatives and options for financing the priorities; and
 - (d) appropriate performance indicators for deciding whether, and to what extent, the objectives of the strategies have been achieved.
- (2) Marine safety strategies must aim to provide an adequate framework for coordinating and integrating the provision of transport services between the different transport modes.
- (3) Marine safety strategies must take account of agreements or arrangements between the State and other States and Territories and the Commonwealth, and Australia's international obligations, about marine safety.

21 Tabling of marine safety strategies

The Minister must cause marine safety strategies, and each amendment of marine safety strategies, approved by the Minister to be tabled in the Legislative Assembly.

Division 2 Obligations of marine safety strategies

22 Objective of division

In giving effect to the overall objective of this Act, this division is intended to ensure value for money for resources applied to achieving marine safety.

23 Obligations about marine safety

The chief executive must ensure that—

- (a) marine safety strategies are developed in a way that—
 - (i) takes into account national and international benchmarks and international best practice; and
 - (ii) promotes, within overall transport objectives, the safe transport of persons and goods; and
 - (iii) encourages efficient and competitive behaviour in the Queensland marine industry; and
- (b) the provision and operation of all marine safety infrastructure and services for which the State is responsible is designed to achieve—
 - (i) efficiency; and
 - (ii) affordable quality; and
 - (iii) cost effectiveness.

[s 24]

24 Report on giving effect to s 23 (Obligations about marine safety)

Each annual report of the department must include a report on the way in which effect has been given to section 23 (Obligations about marine safety) during the financial year to which the report relates.

Division 3 Implementation of safety strategies

25 Development of marine safety implementation programs

- (1) The chief executive must, each year, develop for the Minister's approval marine safety implementation programs for the year and for 1 or more later years.
- (2) Marine safety implementation programs must include—
 - (a) a program of projects, and policies and financial provisions, for implementing marine safety strategies; and
 - (b) performance targets for marine safety.
- (3) Marine safety implementation programs may include proposals to spend amounts on programs other than marine safety if the spending would contribute to the effectiveness and efficiency of the Queensland marine industry.
- (4) In developing marine safety implementation programs, the chief executive must take reasonable steps to consult with port authorities or a port operator, local governments and sectors of the maritime industry that, in the chief executive's opinion, would be affected by the programs.
- (5) Marine safety implementation programs are to be made publicly available in the way decided by the Minister.
- (6) The Minister may at any time direct the chief executive to amend marine safety implementation programs.
- (7) The Minister may approve marine safety implementation programs that are submitted for approval or require the chief

executive to amend the programs in the way the Minister directs.

26 Consistency with marine safety strategies

- (1) Subject to directions of the Minister, marine safety implementation programs must be consistent with marine safety strategies.
- (2) If the Minister gives a direction under this section that results in marine safety implementation programs being inconsistent with marine safety implementation strategies, the Minister must cause a copy of the direction to be tabled in the Legislative Assembly within 5 sitting days after it is given.

27 Report on operation of marine safety implementation programs

Each annual report of the department must include a report on the operation of the marine safety implementation programs during the financial year to which the annual report relates.

Part 3 How to understand this Act

28 To which ships does this Act apply

- (1) The power to legislate for ships is shared between the Commonwealth and the States and Territories.
- (2) As a general rule, this Act does not apply to a ship to the extent to which the Commonwealth Navigation Act applies to the ship.

Editor's note—

See section 12(1) (Relationship with Commonwealth Navigation Act generally).

[s 29]

- (3) The application of the Commonwealth Navigation Act to ships varies throughout the Act depending on the subject matter of the provisions concerned.
- (4) Section 11(1) (General application of Act to ships) provides a general statement of the ships to which this Act applies.

Editor's note—

In general terms, these are ships with a sufficient ownership, operational or registration connection with Queensland, ships in Queensland pilotage areas, ports and waters and ships on Queensland intrastate voyages.

- (5) This general statement is, however, subject to the application of the Commonwealth Navigation Act and certain provisions of the Act and regulations.
- (6) Section 15 (Section 11 subject to certain provisions) specifies the main exceptions to the general statement.

Editor's note—

See also section 16 (Defence ships).

29 Achieving an appropriate balance between safety and cost

- (1) This Act is primarily about marine safety.
- (2) Even though it is possible to regulate to achieve the highest level of safety, this would ignore the impact of the regulation on the effectiveness and efficiency on the Queensland maritime industry.
- (3) Therefore, this Act establishes a system to achieve an appropriate balance between safety and cost.

30 What is the system that is established

- (1) The Act imposes general obligations for safety on the following people in the maritime industry—
 - ship designers
 - ship builders

- marine surveyors
 - ship owners (including operators)
 - ship masters and crew
 - managing pilotage entities for compulsory pilotage areas
 - pilots.
- (2) These general safety obligations are generally intended to be performance based rather than prescriptive and to allow people to find more cost efficient ways of achieving safety.
 - (3) Thus, for example, to establish compliance with a general safety obligation about the way a ship is built and enable a ship to be registered, some people may choose to rely on a certificate of compliance issued for the ship by an appropriately accredited person.
 - (4) Other people may, however, prefer to have a ship surveyed and to obtain a certificate of survey for a definite time.
 - (5) To allow a choice to be made between the 2 approaches, the Act provides, under the regulations, for the issue of both certificates of compliance and certificates of survey.

31 What is a standard

- (1) Standards will help people to understand the general safety obligations.
- (2) Standards may deal with most matters about marine safety and issues affecting marine safety that may be dealt with by regulation, including, for example, the building, crewing and operation of ships and cargo handling.
- (3) However, a standard may not prescribe offences, fees or charges.
- (4) Standards are made by the general manager and approved by the Governor in Council.
- (5) The general manager must go through a consultation process before a standard can be approved.

[s 32]

- (6) This consultation process allows people in the maritime industry to comment on a standard and make suggestions for changes, including changes that may result in a more effective and efficient maritime industry.

32 What happens if a person does not comply with a relevant standard

- (1) If a person does not comply with a relevant standard, this may establish noncompliance with a general safety obligation.
- (2) However, the court may be satisfied that the ship was safe even though the standard was not complied with.

Example—

If a ship designer designs a ship that does not comply with a standard for the design of a ship of the type being designed, the noncompliance with the standard may establish that the seaworthiness declaration made by the ship designer was not correct. However, the ship designer may satisfy the court that the ship was seaworthy, despite the standard.

Editor's note—

See section 42 (Relationship between regulatory provisions and general safety obligations about the condition of ships) for a fuller statement.

33 What happens if a ship has a certificate of compliance or survey

A certificate of compliance or certificate of survey for a ship issued under this Act or by another recognised authority may be used to establish that a general safety obligation has been complied with in whole or part.

Editor's note—

See section 42(3)(a).

34 What mechanisms ensure safety

There are various mechanisms in the Act to ensure safety, including, for example, the following—

-
- (a) certain key groups of people need to be licensed or accredited under the Act and will be regulated under the licensing or accreditation system;
 - (b) accredited ship designers, ship builders and marine surveyors are responsible for ensuring the correctness of important safety aspects of certificates of compliance that they issue;
 - (c) owners and masters of ships are responsible for ensuring that ships are safe;
 - (d) owners, masters, pilots, crew members and other persons involved with the operation of ships are responsible for ensuring that ships are operated safely;
 - (e) ships must have the required safety equipment;
 - (f) certain ships need to be registered;
 - (g) shipping inspectors are to be appointed and have the power to monitor ships to see if they are safe and are operated safely;
 - (h) whenever a significant marine incident happens, it must be investigated by a shipping inspector and may be the subject of a reference by the Minister to a board of inquiry established for the incident;
 - (i) the chief executive or general manager may suspend or cancel an approval;
 - (j) the maximum penalties are substantial if a person is found guilty of contravening the Act.

Editor's note—

If a provision of this Act provides that the maximum penalty for an offence may be a fine or imprisonment, the court may impose both (*Penalties and Sentences Act 1992*, section 180A). If a body corporate is convicted of an offence against this Act, the court may impose a fine of 5 times the maximum fine that could be imposed on an individual (*Penalties and Sentences Act 1992*, section 181B). Thus, for example, the maximum fine that could be imposed on summary conviction on a body corporate ship owner for an offence against section 41 (General safety obligation of ship owners and masters about condition of ships) is 2500 penalty units. If the contravention causes death or

[s 35]

grievous bodily harm, the maximum fine on conviction on indictment is 25000 penalty units.

35 How is safety in Queensland waters achieved

- (1) Some Queensland waters need to be controlled to ensure safety.
- (2) The Act, therefore, allows areas of Queensland waters to be declared as pilotage areas.
- (2A) The Act also allows a pilotage area, or part of a pilotage area, to be declared as a compulsory pilotage area.
- (3) Control in pilotage areas is achieved by requiring certain ships to use a pilot when the ship is entering, leaving or navigating within a compulsory pilotage area.
- (4) Control is also achieved by appointing harbour masters and authorising them to give directions about ships and their navigation.
- (5) Part 7 (Harbour masters) sets out the powers of harbour masters.

36 How are harbour masters and shipping inspectors accountable

- (1) In exercising a power, harbour masters are accountable to the general manager under the *Public Service Act 2008* and must comply with part 7 (Harbour masters).
- (2) In exercising a power, shipping inspectors are accountable to the general manager under the *Public Service Act 2008* and must comply with part 13 (Shipping inspectors).
- (3) Harbour masters and shipping inspectors are also subject to controls under other laws, including, for example, the *Judicial Review Act 1991*.

37 How is the chief executive accountable

The chief executive must report annually to Parliament through the Minister on the Act's operation.

38 Does the Act mention everything that will appear in the regulations and standards

The Act allows for matters to be provided by regulation or standard even though express reference may not be made to the matters in the Act.

Example—

Reference is made in the Act to the registration of a ship, the amendment, renewal, or transfer of the registration of the ship or the exemption of the ship from registration. However, details about these matters are to be found in regulations or standards and not the Act.

39 Operation of part

This part does not limit, but may extend, the meaning of—

- (a) a provision of another part of this Act; or
- (b) a provision of a regulation or standard.

Example—

If a regulation provides for a matter and this part mentions the matter, this part cannot be used to limit, but may extend, the regulation making power or the regulation.

Part 4 General safety obligations and standards

Division 1 General safety obligations

40 General safety obligation of ship designers, ship builders and marine surveyors about condition of ships

- (1) An accredited ship designer, ship builder or marine surveyor who issues a certificate of compliance for a ship must ensure that each declaration made in the certificate is correct in every particular.

Maximum penalty—500 penalty units or imprisonment for 1 year.

- (2) However, if—
- (a) a particular that was incorrectly declared in the certificate causes a marine incident; and
 - (b) the marine incident involves the death of, or grievous bodily harm to, a person;

the accredited ship designer, ship builder or marine surveyor commits an indictable offence and is liable to a maximum penalty of 5000 penalty units or imprisonment for 2 years.

41 General safety obligation of ship owners and masters about condition of ships

- (1) The owner and master of a ship must not operate the ship unless the ship is safe.

Maximum penalty—500 penalty units or imprisonment for 1 year.

- (2) However, if the contravention of subsection (1) causes a marine incident involving the death of, or grievous bodily harm to, a person, the owner and master commit an indictable offence and are liable to a maximum penalty of 5000 penalty units or imprisonment for 2 years.

-
- (3) For the purposes of this section, a ship is safe if it is seaworthy, and is appropriately equipped and crewed, to meet the ordinary perils of the voyage on which the ship is proceeding or about to proceed.

42 Relationship between regulatory provisions and general safety obligations about the condition of ships

- (1) In this section—

certificate of compliance includes an equivalent certificate issued under a law of the Commonwealth or another State.

general safety provision means section 40 or 41.

regulatory provision means a provision of a regulation or standard about the condition, equipping or crewing of ships.

- (2) This section applies if—

- (a) it is claimed in a proceeding that a person contravened a general safety provision because of the condition of a ship or its equipping or crewing (the *safety issue*); and
- (b) a regulatory provision provided a way of dealing with the safety issue to achieve safety.

- (3) If it is proved that the safety issue was not dealt with in the way provided by the regulatory provision, the general safety provision is taken to have been contravened unless the court is satisfied that—

- (a) it was reasonable for the person to rely on either of the following to satisfy compliance with the general safety provision—
 - (i) a certificate of survey or a certificate of compliance issued by someone other than the person that was in force for the ship and covered the safety issue (completely or partly);
 - (ii) an approval of the design of the ship or part given by the general manager under part 5, division 5; or
- (b) the general safety provision was complied with, despite noncompliance with the regulatory provision.

[s 43]

- (4) In deciding whether the general safety provision had been complied with despite noncompliance with the regulatory provision, the court must have regard to the objectives of this Act.

43 General obligation on persons involved with operation of ship to operate it safely

- (1) A person involved with a ship's operation (including the owner, master, pilot and crew members) must not cause the ship to be operated unsafely.

Maximum penalty—500 penalty units or imprisonment for 1 year.

- (2) Without limiting subsection (1), a person causes a ship to be operated unsafely if the person causes the ship to be operated in a way that—

- (a) causes a marine incident; or
- (b) contravenes—
 - (i) conditions of the ship's registration about safety; or
 - (ii) a provision of a regulation that is declared by a regulation to be a provision to which this section applies.

- (3) However, if the contravention of subsection (1) causes the death of, or grievous bodily harm to, a person, the owner, master, pilot, crew member or other person commits an indictable offence and is liable to a maximum penalty of 5000 penalty units or imprisonment for 2 years.

- (4) A person does not contravene this section because of subsection (2)(a) if the only basis for holding that a marine incident has been caused is lawful damage to, or danger of lawful damage to, property of which the person is the sole owner.

- (5) In this section—

lawful damage means damage that is not unlawful under the Criminal Code, section 469.

43A General obligation on managing pilotage entity to provide piloted movement of ships safely

- (1) A managing pilotage entity for a compulsory pilotage area must not provide for the piloted movement of ships in the pilotage area in an unsafe way.

Maximum penalty—500 penalty units or imprisonment for 1 year.

- (2) Without limiting subsection (1), a managing pilotage entity causes the piloted movement of ships to be provided in an unsafe way if—
- (a) the managing pilotage entity employs an individual as a pilot; and
 - (b) the individual is not appropriately licensed.
- (3) However, if the contravention of subsection (1) causes the death of, or grievous bodily harm to, a person, the managing pilotage entity commits an indictable offence and is liable to a maximum penalty of 5000 penalty units or imprisonment for 2 years.

44 Safety equipment obligation

- (1) The owner or master of a ship must not operate a ship if—
- (a) the ship is required by a regulation to be equipped with safety equipment; and
 - (b) the ship is not equipped with the safety equipment.

Maximum penalty—500 penalty units or imprisonment for 1 year.

- (2) However, if the contravention of subsection (1) causes the death of, or grievous bodily harm to, a person, the owner or master commits an indictable offence and is liable to a maximum penalty of 5000 penalty units or imprisonment for 2 years.
- (3) In this section—

[s 45]

safety equipment means equipment that is declared by a regulation to be safety equipment to which this section applies.

Division 2 Standards

45 Standards

- (1) The general manager may make standards under this Act.
- (2) A standard or an amendment of a standard is subordinate legislation.
- (4) A standard is not effective until it is approved by the Governor in Council.

46 Contents of standard

- (1) A standard may provide for any matter about which a regulation may be made.

Editor's note—

See section 208 (Marine safety regulations—generally).

- (2) However, a standard may not prescribe for offences, fees or charges.

47 Notice of proposal to prepare draft standard

- (1) Before making a standard about a matter, the general manager must give public notice of a proposal to prepare a draft standard about the matter.
- (2) The notice must be published—
 - (a) once a week for 2 consecutive weeks in a newspaper circulating generally throughout the State; and
 - (b) if the standard applies only to a particular area of the State—in a newspaper circulating generally in the area.

-
- (3) If the proposal relates only to an aspect or part of the maritime industry, the notice must also specify the aspect or part.
 - (4) The notice must—
 - (a) invite submissions on the proposal from public authorities, industry, interested groups and persons, and the public; and
 - (b) specify a day, not earlier than 30 days from the first publication of the notice in the newspaper mentioned in subsection (2)(a), by which submissions may be made to the general manager.

48 Preparation of draft standard

- (1) In preparing the draft standard mentioned in a proposal published under section 47 (Notice of proposal to prepare draft standard), the general manager must consider all submissions properly made to the general manager on the proposal.
- (2) The general manager must also ensure that the draft standard—
 - (a) sets out its purposes; and
 - (b) takes into account national and international benchmarks and best practices.

49 Notice of draft standard

- (1) When a draft standard has been prepared, the general manager must give public notice of the draft standard.
- (2) The notice must be published—
 - (a) once a week for 2 consecutive weeks in a newspaper circulating generally throughout the State; and
 - (b) if the standard applies only to a particular area of the State—in a newspaper circulating generally in the area.

[s 50]

- (3) The notice must—
- (a) specify the addresses where copies of the draft standard may be inspected and, on payment of the fee prescribed by regulation, purchased; and
 - (b) invite submissions on the draft standard from public authorities, industry, interested groups and persons, and the public; and
 - (c) specify a day, not earlier than 30 days from the first publication of the notice in the newspaper mentioned in subsection (2)(a), by which submissions may be made to the general manager.

50 Making of standard

- (1) The general manager—
- (a) must consider all submissions properly made to the general manager on the draft standard; and
 - (b) must have regard to the submissions in making the standard for submission to the Governor in Council for approval.
- (2) No further notice under section 49 is required even if the general manager changes the draft standard after considering the submissions.

51 Interim standards

- (1) If the general manager is satisfied that, for reasons of urgency, it is necessary or desirable to make a standard on an interim basis, the general manager may make the standard even though the following sections have not been complied with—
- section 47 (Notice of proposal to prepare draft standard)
 - section 48 (Preparation of draft standard)
 - section 49 (Notice of draft standard)
 - section 50 (Making of standard).

- (2) The interim standard must include a sunset provision stating the interim standard expires 6 months after its commencement.

53 Regulations prevail over standards

- (1) If there is any inconsistency between a regulation and a standard, the regulation prevails to the extent of the inconsistency.
- (2) Subsection (1) applies whether the standard was made before or after the regulation.

54 Amendment of standards

- (1) This division applies to the amendment of a standard in the same way as it applies to the making of a standard with any necessary changes.
- (2) However, sections 47 to 50 do not apply to the amendment of a standard if the general manager considers the proposed amendment—
 - (a) is not likely to impose appreciable costs on the community or a part of the community; or
 - (b) only provides for, or to the extent it only provides for, any matter mentioned in the *Statutory Instruments Act 1992*, section 46(1)(a), (b), (c), (e), (f), (g), (h) or (i).

54A Application of Acts Interpretation Act 1954

The *Acts Interpretation Act 1954*, section 24AA does not apply to the amendment or repeal of a standard under this division.

[s 55]

Part 5 **Registration, licensing, permits and accreditation**

Division 1 **Application of part**

55 **Application**

A provision of this part applies only to ships declared by regulation to be ships to which the provision applies.

Division 2 **Registration of ships**

56 **Regulation may require registration of ship**

A regulation may require the owner of a ship to register the ship as a commercial ship, fishing ship or recreational ship.

57 **Contravention of registration obligations**

- (1) The owner or master of a ship must not operate the ship if the ship is required to be registered, but is not registered.
- (2) If a ship is registered as a recreational ship, the ship's owner or master must not operate the ship except as a recreational ship or as otherwise provided for under a regulation.
- (3) If a ship is registered as a commercial ship, the ship's owner or master must not operate the ship except as a commercial ship or as otherwise provided for under a regulation.
- (4) If a ship is registered as a fishing ship, the ship's owner or master must not operate the ship except as a fishing ship or as otherwise provided for under a regulation.
- (5) If a ship is registered on conditions, the owner or master must not operate it in contravention of the conditions.

Maximum penalty—200 penalty units.

58 Registration, amendment, renewal and transfer etc.

Registration, amendment of registration, renewal of registration, transfer of registration or exemption from registration may be applied for, and granted or refused, as prescribed by regulation.

59 Cancellation, suspension and amendment of registration

The chief executive or general manager may cancel or suspend the registration of a ship, or amend the registration of a ship without application by the owner, only by fair procedures prescribed by regulation.

Division 3 Licensing of masters, crew members and pilots

60 Regulation may require licences

- (1) A regulation may require a person to hold a licence—
 - (a) to operate a ship as its master; or
 - (b) to act as a crew member of a ship; or
 - (c) to have the conduct of a ship as its pilot.

- (2) In this section—

licence includes a certificate of competency, service or recognition and a permit.

61 Operation of ship as master etc. without required licence

- (1) A person must not operate a ship as its master if the person is required to be licensed, but is not appropriately licensed.
- (2) A person must not act as a crew member of a ship if the person is required to be licensed, but is not appropriately licensed.

[s 62]

- (3) A person must not have the conduct of a ship as its pilot if the person is required to be licensed, but is not appropriately licensed.

Maximum penalty—40 penalty units.

62 Grant, amendment and renewal of licences
