Information about this reprint

This reprint shows the legislation current as at the date on the cover and is authorised by the Parliamentary Counsel.

A new reprint of the legislation will be prepared by the Office of the Queensland Parliamentary Counsel when any change to the legislation takes effect. This change may be because a provision of the original legislation, or an amendment to it, commences or because a particular provision of the legislation expires or is repealed.

When a new reprint is prepared, this reprint will become a historical reprint. Also, if it is necessary to replace this reprint before a new reprint is prepared, for example, to include amendments with a retrospective commencement, an appropriate note would be included on the cover of the replacement reprint and on the copy of this reprint at www.legislation.qld.gov.au.

The endnotes to this reprint contain detailed information about the legislation and reprint. For example—

- The table of reprints endnote lists any previous reprints and, for this reprint, gives details of any discretionary editorial powers under the *Reprints Act 1992* used by the Office of the Queensland Parliamentary Counsel in preparing it.
- The list of legislation endnote gives historical information about the original legislation and the legislation which amended it. It also gives details of uncommenced amendments to this legislation. For information about possible amendments to the legislation by Bills introduced in Parliament, see the Queensland Legislation Current Annotations at www.legislation.qld.gov.au/Leg_Info/information.htm.
- The list of annotations endnote gives historical information at section level.

All Queensland reprints are dated and authorised by the Parliamentary Counsel. The previous numbering system and distinctions between printed and electronic reprints are not continued.

 - (iii) the operation or safety of community infrastructure that is not a building; and
 - (b) the person gives notice of the development or use that would otherwise be a PDA development offence to MEDQ as soon as practicable after starting the development or use.
- (2) However, subsection (1) does not apply if the person is required by an enforcement order to stop carrying out the development or use.

Division 3 PDA development applications

Subdivision 1 Making application

82 How to make application

- (1) Each PDA development application must—
 - (a) be made to MEDQ in the approved form; and
 - (b) contain, or be accompanied by, the consent of the owner of the relevant land, other than to the extent the application is for operational work; and
 - (c) be accompanied by the application fee decided by MEDQ.

Note—

A single application may be made for both a PDA preliminary approval and a PDA development permit.

- (2) The application is a properly made application only if—
 - (a) it complies with subsection (1); or
 - (b) MEDQ receives and, after considering any noncompliance with subsection (1), accepts the application.
- (3) A provision of this division applies to a PDA development application only if it is a properly made application.

Subdivision 2 Processing application

83 Information requests to applicant

- (1) MEDQ may, by notice (an *information request*), ask the applicant to, within a stated period of at least 20 business days, give further stated information relevant to the application that MEDQ needs to decide the application.

[s 84]

- (2) However, an information request can not be made more than 20 business days after the making of the application.
- (3) If the applicant does not comply with the request within the stated period or a longer period agreed between the applicant and MEDQ, MEDQ may refuse the application.
- (4) However, MEDQ may refuse the application only if it has given the applicant at least 10 business days notice of its intention to do so.

84 Notice of application

- (1) This section applies only if—
 - (a) the relevant development instrument for the relevant priority development area requires public notice of PDA development applications for the relevant development; or
 - (b) MEDQ, within 20 business days after the making of the application, gives the applicant notice that the applicant must comply with this section.
- (2) The applicant must—
 - (a) publish a notice about the application in a newspaper circulating in the area of the relevant local government; and
 - (b) place the notice on the relevant land in the way prescribed under a regulation; and
 - (c) give a copy of the notice to—
 - (i) MEDQ; and
 - (ii) the owners of all land that adjoins the relevant land; and
 - (iii) each entity MEDQ requires the applicant to give a copy to.

-
- (3) However, if an information request has been given for the application, the steps under subsection (2) must not start until the applicant has complied with the request.
 - (4) The notice must—
 - (a) state that—
 - (i) the applicant has made a PDA development application; and
 - (ii) the application may be inspected on the department’s website; and
 - (b) describe the relevant land; and
 - (c) generally describe the relevant development; and
 - (d) invite anyone to make submissions to MEDQ about the application within a stated period (the *submission period*); and
 - (e) state that the making of a submission does not give rise to a right of appeal against a decision about the application.
 - (5) The submission period—
 - (a) must not start before subsection (2) is complied with; and
 - (b) must be at least 20 business days; and
 - (c) must not include any business day from 20 December in a particular year to 5 January in the following year, both days inclusive.
 - (6) A requirement under subsection (2)(c)(iii) may be made only if MEDQ considers the entity has an interest in the outcome of the application.

85 Deciding application generally

- (1) MEDQ can not decide the application unless MEDQ is satisfied—

[s 86]

- (a) if an information request has been made for the application—the request has been complied with; and
 - (b) if section 84 applies for the application—the applicant has complied with the section; and
 - (c) the submission period for the application has ended.
- (2) Subject to section 83(3), MEDQ must decide the application within 40 business days after it is satisfied as mentioned in subsection (1).
- (3) However, a failure to comply with subsection (2) does not prevent MEDQ from deciding the application.
- (4) MEDQ must decide to—
- (a) grant all or part of the PDA development approval applied for; or
 - (b) grant all or part of the PDA development approval applied for subject to conditions decided by MEDQ (each a *PDA development condition*); or
 - (c) refuse to grant a PDA development approval.
- (5) To remove any doubt, it is declared that—
- (a) MEDQ may give a PDA preliminary approval even though the applicant sought a PDA development permit; and
 - (b) if MEDQ approves only part of an application, the balance of the application is taken to have been refused.

86 Restrictions on granting approval

- (1) MEDQ can not grant the PDA development approval applied for if the relevant development would be inconsistent with the relevant development instrument for the relevant priority development area unless—
- (a) an SPA preliminary approval is in force for the relevant land and the relevant development would be consistent with the preliminary approval; or

-
- (b) a PDA preliminary approval is in force for the relevant land and the relevant development would be consistent with the preliminary approval; or
 - (c) for a priority development area other than a provisional priority development area—there is a proposed development scheme and the relevant development would be consistent with the proposed development scheme.
- (2) To remove any doubt, it is declared that subsection (1) does not require MEDQ to grant the PDA development approval only because subsection (1)(a), (b) or (c) applies.
- (3) In this section—
- proposed development scheme*, for the relevant priority development area, means a proposed development scheme, or a proposed amendment of a development scheme, for the area published under section 59, or section 59 as applied under section 67, that has not taken effect.

87 Matters to be considered in making decision

- (1) In deciding the application, MEDQ must consider—
- (a) the main purpose of this Act; and
 - (b) any relevant State interest; and
 - (c) any submissions made to it about the application, during the submission period; and
 - (d) the following, as in force or as prepared when the application is decided—
 - (i) for a provisional priority development area—the provisional land use plan for the area;
 - (ii) for another priority development area—
 - (A) if there is a development scheme for the area—the development scheme; or

[s 87]

- (B) if there is no development scheme for the area but there is a proposed development scheme for the area—the interim land use plan for the area and the proposed development scheme; or
 - (C) if there is no development scheme for the area and no proposed development scheme for the area—the interim land use plan for the area; and
- (e) any PDA preliminary approval in force for the relevant land; and
 - (f) any SPA preliminary approval in force for the relevant land.
- (2) Also, in deciding an application for a priority development area other than a provisional priority development area, if—
- (a) there is—
 - (i) a development scheme or interim land use plan for the area; and
 - (ii) a proposed development scheme for the area; and
 - (b) the proposed development scheme was prepared after the development scheme or interim land use plan took effect;

MEDQ may, subject to section 86, give the weight it considers appropriate to the proposed scheme.

- (3) Subsection (1)(c) does not prevent MEDQ from considering a submission about the application made to it after the submission period has ended.
- (4) In this section—

proposed development scheme, for a priority development area, means a proposed development scheme, or a proposed amendment of a development scheme, for the area published under section 59, or section 59 as applied under section 67, that has not taken effect.

State interest includes—

- (a) an interest relating to the main purpose of this Act; and
- (b) an interest that, in MEDQ's opinion, affects an economic, community or environmental interest of the State or a region.

88 PDA development conditions

Without limiting section 85(4), a PDA development condition may—

- (a) nominate a stated entity to be the nominated assessing authority for the condition; or
- (b) relate to infrastructure, and the payment of contributions or the surrender of land for infrastructure, for any priority development area; or
- (c) require the making of stated improvements to the relevant land; or
- (d) impose a condition or restriction on a disposal of the relevant land.

89 Decision notice

- (1) MEDQ must, within 5 business days after deciding the application, give notice of the decision (the *decision notice*) to—
 - (a) the applicant; and
 - (b) the relevant local government; and
 - (c) if the decision was to grant a PDA development approval—any nominated assessing authority.
- (2) The decision notice must—
 - (a) be in the approved form; and
 - (b) state the decision; and
 - (c) state any PDA development conditions decided.

[s 90]

- (3) If the decision was to refuse to grant an approval, the decision notice must state the reasons for the refusal.
- (4) If the decision was to grant a PDA development approval, MEDQ must, when giving the decision notice to an entity mentioned in subsection (1), also give the entity a copy of any plans and specifications approved by MEDQ concerning the approval.

Subdivision 3 Appeals

90 Right of appeal against particular conditions

- (1) This section applies if a PDA development condition includes a nominated assessing authority (the *entity*).
- (2) The person who made the relevant PDA development application may appeal to the Planning and Environment Court against MEDQ's decision to impose the condition.
- (3) An appeal under subsection (2) must be started within 20 business days after the day the applicant is given notice of the decision.
- (4) The Sustainable Planning Act, chapter 7, part 1, divisions 11 to 13, apply to the appeal as if—
 - (a) it were an appeal mentioned in the divisions; and
 - (b) the entity were the only other party to the appeal.
- (5) However—
 - (a) the appellant must, as soon as practicable after giving the entity the notice of the appeal required under the Sustainable Planning Act, chapter 7, part 1, division 11, give MEDQ a copy of the notice; and
 - (b) MEDQ may, by lodging a notice of election with the registrar of the court, elect to become a party to the appeal.

- (6) MEDQ must give the other parties a copy of the notice of election as soon as practicable after it is lodged.

Subdivision 4 Miscellaneous provisions

91 Approved material change of use required for particular developments

- (1) This section applies if, when a PDA development application is made—
- (a) a structure or works, the subject of the application, may not be used unless a PDA development permit exists for the material change of use of premises for which the structure is, or works are, proposed; and
 - (b) there is no PDA development permit for the change of use; and
 - (c) approval for the material change of use has not been applied for in the application or a separate application.
- (2) The application is taken also to be for the change of use.

92 Changing application

- (1) A PDA development application may be changed by the applicant only if—
- (a) the applicant has given MEDQ a notice stating details of the proposed change; and
 - (b) MEDQ has agreed in writing to the making of the change.
- (2) The agreement under subsection (1)(b) may be given only if MEDQ is satisfied the change would not result in the relevant development being substantially different.

[s 93]

93 **Withdrawing application**

- (1) A PDA development application may be withdrawn by the applicant by notice given to MEDQ at any time before the application is decided.
- (2) MEDQ may refund all or part of any fee paid for the application.

Division 4 **PDA development approvals**

94 **Types of PDA development approvals**

- (1) A *PDA preliminary approval* is a PDA development approval that—
 - (a) approves development, but does not authorise PDA assessable development to take place; and
 - (b) approves development—
 - (i) to the extent stated in the approval; and
 - (ii) subject to the conditions of the approval.
- (2) A *PDA development permit* is a PDA development approval that authorises the carrying out of PDA assessable development—
 - (a) to the extent provided for under the permit; and
 - (b) subject to—
 - (i) the conditions of the permit; and
 - (ii) any PDA preliminary approval relating to the development the permit authorises, including any conditions of the PDA preliminary approval.
- (3) There is no requirement to get a PDA preliminary approval for development.

Note—

PDA preliminary approvals assist in the staging of approvals.

95 Duration of approval

- (1) A PDA development approval has effect from when the decision notice for the relevant PDA development application is given.
- (2) The relevant development may, subject to any relevant PDA development conditions, start when the approval takes effect.
- (3) However, the approval ceases to have effect if it—
 - (a) is cancelled under section 98; or
 - (b) lapses under section 100 or 102.

96 Approval attaches to the relevant land

- (1) A PDA development approval attaches to the relevant land, and binds its owner, the owner's successors in title and any occupier of the land.
- (2) To remove any doubt, it is declared that subsection (1) applies even if later development, including reconfiguring a lot, is approved for the land, or the land as reconfigured under the PDA development approval.

97 Provision for enforcement of PDA development conditions

- (1) If there is a nominated assessing authority for a PDA development condition, the Sustainable Planning Act, chapter 7, part 3, divisions 2 and 3, and any other Act that refers to an SPA development approval applies to the condition as if—
 - (a) the relevant PDA development approval were an SPA development approval; and
 - (b) the nominated assessing authority were an assessing authority under the Sustainable Planning Act for development under the PDA development approval; and
 - (c) the reference to a development offence under the Sustainable Planning Act were a reference to a PDA development offence.

[s 98]

- (2) To remove any doubt, it is declared that this section does not limit or otherwise affect MEDQ's ability to apply for an enforcement order or to start a proceeding under this Act relating to the condition.

98 Cancellation

- (1) MEDQ may cancel a PDA development approval only if the owner of the relevant land consents in writing to the cancellation.
- (2) However, MEDQ can not cancel the PDA development approval if the relevant development has substantially commenced.
- (3) MEDQ may refund all or part of any fee paid for the relevant PDA development application.

99 Application to change PDA development approval

- (1) A person may apply (the *amendment application*) to MEDQ to change a PDA development approval.
- (2) However, the amendment application may be made only if MEDQ is satisfied the change would not result in the relevant development being substantially different.
- (3) Division 3 applies for the amendment application as if—
 - (a) a reference in the division to a PDA development application were a reference to the amendment application; and
 - (b) a reference in the division to a PDA development approval were a reference to a changed PDA development approval; and
 - (c) a reference in the division to the granting of a PDA development approval were a reference to the making of the change.
- (4) However, section 84(1)(a) does not apply for the amendment application.

-
- (5) If the person is not the owner of the relevant land for the PDA development approval, the amendment application must be accompanied by the owner's consent.

100 When approval lapses generally

- (1) This section applies subject to section 102(5) and any extension granted under section 102.
- (2) A PDA development approval lapses at the end of its currency period unless—
- (a) for development that is a material change of use—the change of use happens before the currency period ends; or
 - (b) for development that is reconfiguring a lot—the plan for the reconfiguration of the lot is given to MEDQ for its approval before the currency period ends; or
 - (c) for development not mentioned in paragraph (a) or (b)—development under the approval substantially starts before the currency period ends.
- (3) To the extent the PDA development approval is for development other than a material change of use or reconfiguring a lot, its *currency period* is—
- (a) generally—2 years from the day the approval takes effect (the *day of effect*); or
 - (b) if the approval states a different period—the stated period.
- (4) To the extent the PDA development approval is for development that is a material change of use, its *currency period* is—
- (a) 4 years from the day of effect; or
 - (b) if the approval states a different period—the stated period.

[s 100]

- (5) To the extent the PDA development approval is for development that is reconfiguring a lot, its *currency period* is—
- (a) if the reconfiguring does not require operational work—2 years from the day of effect; or
 - (b) if the reconfiguring requires operational work—4 years from the day of effect; or
 - (c) if the approval states a different period—the stated period.
- (6) Also, despite subsections (4) and (5), if there are 1 or more related approvals for a PDA development approval mentioned in subsection (4) or (5), the currency period is taken to have started on the day the latest related approval takes effect.
- (7) The lapsing of a PDA development approval for a material change of use of premises or reconfiguring a lot does not cause an approval mentioned in subsection (3) to lapse.
- (8) In this section—

private certifier means a building certifier whose licence under the *Building Act 1975* has private certification endorsement under that Act.

related approval means—

- (a) for a PDA development approval for development that is a material change of use of premises (the *earlier approval*)—
 - (i) the first PDA development approval for a PDA development application made to MEDQ, or the first SPA development approval made to a local government or private certifier, within 2 years after the start of the currency period, that is—
 - (A) to the extent the earlier approval is a PDA preliminary approval—a PDA development permit for the material change of use; or

- (B) to the extent the earlier approval is a PDA development permit—a PDA development permit for building work or operational work, or an SPA development permit for building work, necessary for the material change of use to take place; or
- (ii) each further PDA development permit for a PDA development application made to MEDQ, or the first SPA development permit for an SPA development application made to a local government or private certifier, within 2 years after the day the last related approval takes effect, that is for building work or operational work necessary for the material change of use to take place; or
- (b) for a PDA development approval for reconfiguring a lot (also the *earlier approval*)—
 - (i) the first PDA development permit for a PDA development application made to MEDQ, within 2 years after the start of the currency period, that is—
 - (A) to the extent the earlier approval is a PDA preliminary approval—for the reconfiguration; or
 - (B) to the extent the earlier approval is a PDA development permit for reconfiguring a lot—for operational work related to the reconfiguration; or
 - (ii) each further PDA development permit, for a PDA development application made to MEDQ within 2 years after the day the last related approval takes effect, that is for operational work related to the reconfiguration.

[s 101]

101 Application to extend currency period

- (1) Before a PDA development approval lapses under section 100(2), a person having an interest in the relevant land may apply to MEDQ to extend the approval's currency period applying under section 100.
- (2) However, an application under subsection (1) can not be made for a PDA development approval for a provisional priority development area.
- (3) The application must be—
 - (a) in the approved form; and
 - (b) made before the currency period ends; and
 - (c) accompanied by the application fee decided by MEDQ.

102 Deciding extension application

- (1) This section applies if an application for an extension is made under section 101.
- (2) Before granting or refusing the extension, MEDQ must consult with each nominated assessing authority under the PDA development approval.
- (3) MEDQ must grant or refuse the extension within—
 - (a) generally—20 business days after the making of the application; or
 - (b) if, during the 20 business days, MEDQ and the applicant agree on a longer period—the longer period.
- (4) MEDQ must, within 5 business days after making the decision, give notice of the decision to the applicant and each nominated assessing authority under the PDA development approval.
- (5) Despite section 100, the PDA development approval does not lapse until MEDQ has given the applicant the notice under subsection (4).

- (6) If the decision was to refuse the extension, the notice must state the reasons for the refusal.

Division 5 Miscellaneous provisions

103 Restriction on particular land covenants

A covenant under the *Land Title Act 1994* or the *Land Act 1994* for land in a priority development area is of no effect to the extent the covenant is inconsistent with the relevant development instrument for the area.

104 Plans of subdivision

- (1) This section applies to a plan of subdivision if—
- (a) under another Act, the plan requires MEDQ's approval, in whatever form, before it can be registered or otherwise recorded under that Act; and
 - (b) the plan would, other than for the requirement mentioned in paragraph (a), be required to undergo compliance assessment under the Sustainable Planning Act (*SPA compliance assessment*).
- (2) The plan must undergo SPA compliance assessment as if compliance assessment under the Sustainable Planning Act were required for it.
- (3) For the SPA compliance assessment, the SPA compliance provisions apply—
- (a) as if a reference in the provisions to a subdivision plan were a reference to the plan; and
 - (b) as if a reference in the provisions to the compliance assessor or the local government were a reference to MEDQ; and

[s 104]

- (c) as if a reference in the provisions to a development permit were a reference to a PDA development permit; and
 - (d) as if a reference in the provisions to a condition of a development permit were a reference to a PDA development condition of the PDA development permit; and
 - (e) as if a reference in the provisions to a preliminary approval were a reference to a PDA preliminary approval; and
 - (f) as if a reference in the provisions to a condition of a preliminary approval were a reference to a PDA development condition of the PDA preliminary approval; and
 - (g) as if a reference in the provisions to rates and charges levied for land included a reference to a special rate or charge; and
 - (h) as if a reference in the provisions to assessable development were a reference to PDA assessable development.
- (4) In this section—

plan of subdivision means a plan or agreement, however called, for reconfiguring a lot.

SPA compliance provisions means any provisions of a regulation made under the Sustainable Planning Act about compliance assessment under that Act of a plan of subdivision.

[s 108]

- (b) will be committed unless the enforcement order is made.
- (2) If the court is satisfied the offence is being or has been committed, it may make the order whether or not there has been a prosecution for the offence.

108 Effect of enforcement order

- (1) An enforcement order may direct a party to the proceeding for the order—
 - (a) to stop an activity that constitutes, or will constitute, a PDA development offence; or
 - (b) not to start an activity that will constitute a PDA development offence; or
 - (c) to do anything required to stop committing a PDA development offence; or
 - (d) to return anything to a condition as close as practicable to the condition it was in immediately before a PDA development offence was committed; or
 - (e) to do anything about a development or use to comply with this Act.
- (2) Without limiting the Planning and Environment Court's powers, it may make an enforcement order requiring—
 - (a) the repairing, demolition or removal of a building; or
 - (b) for a PDA development offence relating to the clearing of vegetation on freehold land—
 - (i) rehabilitation or restoration of the area cleared; or
 - (ii) if the area cleared is not capable of being rehabilitated or restored—the planting and nurturing of stated vegetation on a stated area of equivalent size.
- (3) An enforcement order must state the time by which it must be complied with.
- (4) An enforcement order may—

- (a) be in terms the court considers appropriate to secure compliance with this Act; and
 - (b) state that contravention of the order is a public nuisance.
- (5) In this section—
- clearing*, of vegetation—
- (a) means removing, cutting down, ringbarking, pushing over, poisoning or destroying it in any way, including by burning, flooding or draining; but
 - (b) does not include lopping a tree or the destruction of standing vegetation by stock.

109 Powers about enforcement orders

- (1) The Planning and Environment Court's power to make an enforcement order to stop, or not to start, an activity may be exercised—
- (a) whether or not it appears to the court that the person against whom the order is made (the *relevant person*) intends to engage again, or to continue to engage again, in the activity; and
 - (b) whether or not the relevant person has previously engaged in an activity of the same type; and
 - (c) whether or not there is danger of substantial damage to property or the environment or injury to another person if the relevant person engages, or continues to engage, in the activity.
- (2) The court's power to make an enforcement order to do anything may be exercised—
- (a) whether or not it appears to the court that the person against whom the order is made (also the *relevant person*) intends to fail, or to continue to fail, to do the thing; and
 - (b) whether or not the relevant person has previously failed to do a thing of the same type; and

[s 110]

- (c) whether or not there is danger of substantial damage to property or the environment or injury to another person if the relevant person fails, or continues to fail, to do the thing.
- (3) The court may cancel or change an enforcement order on the application of MEDQ or the person against whom the order is made.
- (4) The court's powers under this section are in addition to, and do not limit, its other powers.

- (2) The order may be made in addition to, or in substitution for, any penalty the court may otherwise impose.
- (3) The order may require the defendant—
 - (a) to stop development or carrying on a use; or

Division 3 Other provisions relating to court orders or proceedings

113 MEDQ's power to remedy stated public nuisance

- (1) This section applies if an enforcement order or an order under section 111 states that contravention of the order is a public nuisance.
- (2) If the order is not complied with, MEDQ may undertake any work necessary to remove the nuisance.
- (3) If MEDQ carries out works under subsection (2), it may recover from the person against whom the order was made the reasonable cost of the works, as a debt.

114 Planning and Environment Court may make declarations

- (1) MEDQ may bring a proceeding in the Planning and Environment Court for a declaration about—
 - (a) a matter done, to be done or that should have been done for this chapter or the repealed ULDA Act; or
 - (b) the construction of this chapter or the repealed ULDA Act; or
 - (c) the lawfulness of land use or development relating to a priority development area.
- (2) The court may make an order about a declaration made under subsection (1).

Part 6 Special rates and charges

115 Levying special rates or charges

- (1) MEDQ may make and levy on owners or occupiers of rateable land in a priority development area a special rate or charge on the land if—
 - (a) the rate or charge is for a service, facility or activity provided by MEDQ, or by a local government or someone else at MEDQ's request; and
 - (b) in MEDQ's opinion—
 - (i) the land, or the owner or occupier of the land, has or will specially benefit from, or has or will have special access to, the service, facility or activity; or
 - (ii) the owner or occupier of the land, or the use made or to be made of the land, has, or will, specially contribute to the need for the service, facility or activity.
- (2) The special rate or charge may be made and levied on the bases MEDQ considers appropriate.

Note—

See also section 117 in relation to the recovery of a special rate or charge.

- (3) MEDQ may fix a minimum amount of the special rate or charge.
- (4) Without limiting subsection (2), the amount of the special rate or charge may vary according to the extent to which, in MEDQ's opinion—
 - (a) the land, or the owner or occupier of the land, has or will specially benefit from, or has or will have special access to, the service, facility or activity; or
 - (b) the owner or occupier of the land, or the use made or to be made of the land, has, or will, specially contribute to the need for the service, facility or activity.

[s 115]

- (5) MEDQ's instrument making the special rate or charge must identify—
 - (a) the rateable land to which the rate or charge applies; and
 - (b) the overall plan for the supply of the service, facility or activity.
- (6) The overall plan must—
 - (a) be adopted by MEDQ either before, or at the same time as, MEDQ first makes the special rate or charge; and
 - (b) identify the rateable land to which the rate or charge applies; and
 - (c) describe the service, facility or activity; and
 - (d) state the estimated cost of implementing the overall plan; and
 - (e) state the estimated time for implementing the overall plan.
- (7) MEDQ may identify parcels of rateable land to which the rate or charge applies in any way MEDQ considers appropriate.
- (8) Subsection (1) is taken to have been complied with if the special rate or charge is made and levied on—
 - (a) all rateable land that, at the time of making and levying the rate or charge, could reasonably be identified as land on which the rate or charge may be made and levied; or
 - (b) all rateable land on which the rate or charge may be made and levied, other than land accidentally omitted.
